HIST 4883	History of Modern Southeast Asia (HI)

Select 12 hours upper-division courses from the following related prefixes, or others with consent of advisor. 12

AFAM, AMST, AMIS, ANTH, ART, ECON, ENGL, FLL (and any foreign language), GEOG, GWST, PHIL, POLS, PSYC, REL, SOC.

For students interested in teaching, EDTC 3123, EPSY 3213, and SCFD 3223 may be used.

<b>Hours Subtotal</b>	<b>48</b>
<b>Electives</b>	
Select 10 hours	10
May need to include 6 hours upper-division general education outside major department (see note 2.c.)	
<b>Hours Subtotal</b>	<b>10</b>
<b>Total Hours</b>	<b>120</b>

1

These courses have geographic flexibility and may be used in any of the three areas (American History, European History, or World History) with consent of advisor.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school

was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

ECON 2003	Microeconomic Principles for Business	
EEE 2023	Introduction to Entrepreneurship	
LSB 3213	Legal and Regulatory Environment of Business	

MSIS 2103	Business Data Science Technologies
<b>Hours Subtotal</b>	<b>48</b>
<b>Electives</b>	<b>10</b>
May need to include 6 hours from upper-division general education outside major department (see note 2.c.).	
<b>Hours Subtotal</b>	<b>10</b>
<b>Total Hours</b>	<b>120</b>

1

Students with prior credit in HIST 1103 may not earn credit in HIST 1483 or HIST 1493.

## Other Requirements

- See the College of Arts and Sciences Requirements
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.).

Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

HIST 3953	Earthly Powers: Politics and Religion in Modern Europe
HIST 3963	Modern Empires and Revolutions (H)
HIST 4403	Sorcerers, Saints and Heretics: Religion in the Medieval World (H)
HIST 4413	Sex and Gender in the Medieval World (H)
HIST 4433	From Assassin's Creed to Witcher: Medievalism in the 21st Century World (HI)
<i>World History</i>	
HIST 2513	Plantation to Plate: Sugar, Bananas, and Coffee in America (H)
HIST 3013	Ancient Egypt and Israel (H)
HIST 3043	Ancient Mesopotamia: Iraq, Iran & Syria from 4000-333 B.C. (H)
HIST 3053	Introduction to Central Asia Studies (IS)
HIST 3123	The History of Modern Africa (HI)
HIST 3203	The Medieval World, 500-1500 (H)
HIST 3303	Nations on the Move: Latin American Migration and Latinx Communities in the US (DH)
HIST 3403	East Asia to 1800 (H)
HIST 3413	East Asia Since 1800 (HI)
HIST 3423	Modern Japan (HI)
HIST 3433	Modern China (HI)
HIST 3443	Gender Relations in Chinese History (H)
HIST 3453	Colonial Latin America (H)
HIST 3463	Modern Latin America (HI)
HIST 3503	Medieval Islamic History (H)
HIST 3513	Modern Middle East (HI)
HIST 3523	History of Modern India and South Asia (HI)
HIST 3543	Israel & Palestine in Modern Times (HI)
HIST 3573	The Mongol Empire (H)
HIST 3583	Minorities and Diversity in the Middle East (H)
HIST 4723	Jerusalem: City and Symbol Across Millennia (H)
HIST 4753	Muslim-Christian Relations (H)
HIST 4883	History of Modern Southeast Asia (HI)
Select 12 hours of the following upper-division law-related courses:	12
AGEC 3713	Agricultural Law
AMST 3333	Crime, Law and American Culture (S)
ECON 3713	Introduction to Industrial Organization
PHIL 3003	Symbolic Logic (A)

POLS 3033	International Law	
POLS 3963	State Courts and the Bar	
POLS 3983	Courts and Judicial Process (S)	
POLS 3993	Legal Research And Analysis	
POLS 4363	Environmental Law And Policy	
PSYC 4143	Psychology and Law	
SOC 3523	Juvenile Delinquency (DS)	
SOC 4313	Sociology of Law	
others with consent of advisor		
<b>Hours Subtotal</b>		<b>48</b>
<b>Electives</b>		
Select 10 hours		10
May need to include 6 hours upper-division general education outside major department (see note 2.c.)		
Recommended courses:		
ECON 2103	Introduction to Microeconomics (S)	
or POLS 2023	The Individual And The Law	
<b>Hours Subtotal</b>		<b>10</b>
<b>Total Hours</b>		<b>120</b>

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).

- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule

plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours
<b>Freshman</b>		
<b>Fall</b>		
ENGL 1113	Composition I	3

<b>Total Hours</b>		<b>120</b>

## Integrative Biology

The Department of Integrative Biology offers BS degree programs in biology, physiology, and zoology.

The undergraduate degree in biology is appropriate for students wanting to obtain a broad background in the life sciences. Students complete coursework in animal, plant and microbial biology, genetics, ecology, physiology, and evolution. This degree meets the requirements for admission to graduate and professional schools and also prepares students for a broad range of biology-related employment opportunities. Students can also select an option in allied health, environmental biology, pre-medical sciences, or secondary teacher certification.

The undergraduate degree in physiology offers specialized coursework as preparation for graduate school or a medically-related professional school. The bachelor's degree in physiology requires courses in biology, genetics, microbiology, comparative anatomy, biochemistry, physics, and chemistry. The mammalian physiology lecture and lab sequence provides a unique capstone experience. Students can also select an option in pre-medical sciences.

The undergraduate degree in zoology provides a thorough background in the biology of animals and prepares students for graduate school and many applied and professional careers. The zoology degree requires courses in ecology, evolution, genetics, and vertebrate and invertebrate zoology. Students participate in unique research experiences and/or internships and develop a broad foundation in the related fields of chemistry, physics, and mathematics. Students can also select an option in ecology and conservation biology, pre-medical sciences, pre-veterinary science, or secondary teacher certification.

## Courses

### BIOL 1111 Introductory Biology Laboratory (LN)

**Prerequisites:** BIOL 1113 or concurrent.

**Description:** Provides students with authentic research experiences in which they design, conduct, and report on the results of extended investigations over topics introduced in BIOL 1113. Recommended for science and non-science majors.

**Credit hours:** 1

**Contact hours:** Lab: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lab

**Department/School:** Integrative Biology

**General Education and other Course Attributes:** Scientific Investigation, Natural Sciences

### BIOL 1113 Introductory Biology (N)

**Description:** Introduction to the integration between structure and function among all levels of biological organization. Application of principles of evolution, genetics, physiology and ecology to understanding the integrated and interdependent nature of living systems through discussions emphasizing the process of science. Discussions include current issues, local research, observations, and investigations. Recommended for science and non-science majors. Concurrent enrollment in BIOL 1111 Introductory Biology Laboratory is highly recommended. May not be used for degree credit with BIOL 1114.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**General Education and other Course Attributes:** Natural Sciences

### BIOL 1114 Introductory Biology (LN)

**Description:** Introduction to the integration between structure and function among all levels of biological organization. Application of principles of evolution, genetics, physiology and ecology to understanding the integrated and interdependent nature of living systems through discussions emphasizing the process of science. Current issues and local research and observation and investigation in both lecture and lab. Recommended for non-science and science majors. Course previously offered as BISC 1114.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**General Education and other Course Attributes:** Scientific Investigation, Natural Sciences

### BIOL 1604 Animal Biology

**Prerequisites:** BIOL 1114 or (BIOL 1113 and BIOL 1111).

**Description:** Morphology, physiology, ecology, life histories and importance of representatives of major groups to humans. Evolution of systems and mechanisms which have allowed animals to survive and adapt to diverse habitats. Previously offered as ZOO 1604.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 2 Contact: 5

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

### BIOL 2003 Biology for the Informed Citizen (N)

**Description:** This course teaches students how to find reliable answers to biological questions and arrive at informed decisions in their everyday lives. The course will use current issues (e.g., cancer, pollution) to convey fundamental biological concepts. Performance will be assessed via exams, and students will complete a small independent research project on a topic of their choice for a hands-on experience of the scientific process (study design to presentation). Brief lectures interspersed with short discussions or documentaries encompass a typical class meeting. Not an alternative to Introductory Biology.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**General Education and other Course Attributes:** Natural Sciences

**BIOL 2890 Honors Experience in Integrative Biology**

**Prerequisites:** Honors Program participation and concurrent enrollment in a designated BIOL course.

**Description:** A supplemental Honors experience in Integrative Biology to partner concurrently with designated BIOL course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**General Education and other Course Attributes:** Honors Credit

**BIOL 3023 General Genetics**

**Prerequisites:** "C" or better in CHEM 3013 or CHEM 3053 or MICR 2123 or MICR 3033 or P BIO 2403.

**Description:** Inheritance in plants, animals, and microorganisms; molecular and classical aspects. Previously offered as BIOL 3024 and BISC 3024.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 3034 General Ecology**

**Prerequisites:** BIOL 1114 or (BIOL 1113 and BIOL 1111) or equivalent and (P BIO 1404 or BIOL 1604 or equivalent) and (MATH 1513, MATH 1613, MATH 1715, MATH 1813 or MATH 2144).

**Description:** An overview of the study of organisms interacting with each other and their environment at individual, population, community, and ecosystem levels of organization. Includes human interaction with ecological systems.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 3053 Freshwater: Concepts, Threats and Management (N)**

**Description:** Freshwater is a critical, non-substitutable resource. Do we have enough? How are we going to manage it? This course will introduce non-biology majors to the concepts, threats, and policy relevant to freshwaters using information published in the popular science press. Issues directly relevant to Oklahoma, and the U.S. will be discussed. Debates modeled using the legal system of policy formulation will promote critical thought and communication skills in an exciting real-world milieu. ZOO and PHSL majors may count as elective hours only. Previously offered as ZOO 3023.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**General Education and other Course Attributes:** Natural Sciences

**BIOL 3104 Invertebrate Zoology**

**Prerequisites:** BIOL 1604.

**Description:** Morphology, physiology, reproduction and ecology of major invertebrate groups. Previously offered as ZOO 3104.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 3113 Human Evolution (N)**

**Prerequisites:** BIOL 1114 or (BIOL 1113 and BIOL 1111) strongly recommended.

**Description:** Overview of how evolution shapes human biology. Topics include evolutionary mechanisms, human genetic variation and health, primate diversity, the fossil record, and the origins, dispersal, and behavior of anatomically modern humans. ZOO and PHSL majors may count as elective hours only. Previously offered as ZOO 3113.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**General Education and other Course Attributes:** Natural Sciences

**BIOL 3114 Vertebrate Zoology**

**Prerequisites:** BIOL 1604.

**Description:** Comparative morphology of representative vertebrates with emphasis on phylogeny and ontogeny and consideration of histology and function. Previously offered as ZOO 3114.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 3123 Human Heredity (N)**

**Description:** The impact of genetics on human endeavor. Not recommended for students with prior credit in BIOL 3023. BIO, PHSL and ZOO majors may count as elective hours only. Previously offered as ZOO 3123.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**General Education and other Course Attributes:** Natural Sciences

**BIOL 3153 Animal Behavior**

**Prerequisites:** Junior standing.

**Description:** Survey of theory and application in basic and applied animal behavior. Interdisciplinary analysis of animal behavior in the field, captive settings and laboratories. Previously offered as ZOO 3153.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 3163 Environmental Biology**

**Prerequisites:** BIOL 1114 or (BIOL 1113 and BIOL 1111) and (CHEM 1215 or CHEM 1314).

**Description:** Overview of how organisms are influenced by the environment in which they live and how anthropogenic activities impact their environment. Topics include impacts of disturbing energy and material cycles, toxicological disease, and infectious disease. Previously offered as ZOO 3163.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 3204 Physiology**

**Prerequisites:** "C" or better in both BIOL 1114 or (BIOL 1113 and BIOL 1111) and (CHEM 1215 or CHEM 1314 or CHEM 1414).

**Description:** Anatomy and function of the human body. Human and domestic animal physiology considered in laboratories. Previously offered as ZOO 3204.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 2 Contact: 5

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 3214 Human Anatomy**

**Prerequisites:** "C" or better in either BIOL 1604 or BIOL 3204.

**Description:** Gross anatomy of the human body and its systems with a minor emphasis on histology. Laboratory based on human models and comparisons with dissections of nonhuman mammals. Previously offered as ZOO 3214.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 3233 Human Reproduction**

**Prerequisites:** BIOL 1114 or (BIOL 1113 and BIOL 1111) or consent of instructor.

**Description:** Overview of human reproduction, including conception, pregnancy, childbirth, sexual maturation, and parental investment in offspring. Draws from multiple fields such as genetics, anatomy and physiology, developmental biology and evolutionary theory. Previously offered as ZOO 3233.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 3513 Principles of Conservation Biology**

**Prerequisites:** Sophomore standing and BIOL 1604 or PBIO 1404.

**Description:** A scientific foundation of conservation biology through the study of the importance of conservation in society, the role of conservation policy, protected areas, and planning, and the future of conservation biology. Topics covered include Ecology, Evolution, and Genetics. Previously offered as ZOO 3513.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 3604 Biological Principles for Teachers**

**Prerequisites:** BIOL 1114 or (BIOL 1113 and BIOL 1111) and BIOL 3204 and CHEM 1314.

**Description:** Capstone course in biology for potential science teachers. Review of biological phenomena and principles as related to the curriculum. Course previously offered as BISC 3604.

**Credit hours:** 4

**Contact hours:** Lecture: 4 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 3700 Readings and Special Studies in Integrative Biology**

**Prerequisites:** BIOL 1604 and consent of instructor.

**Description:** Discussion of selected readings. Previously offered as ZOO 3700. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Discussion

**Department/School:** Integrative Biology

**BIOL 3890 Advanced Honors Experience in Integrative Biology**

**Prerequisites:** Honors Program participation and concurrent enrollment in a designated BIOL course.

**Description:** A supplemental Honors experience in Integrative Biology to partner concurrently with designated upper-division BIOL course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**General Education and other Course Attributes:** Honors Credit

**BIOL 3933 Research Methods**

**Prerequisites:** BIOL 1114 or (BIOL 1113 and BIOL 1111) and (MATH 1613 or higher) and (STAT 2013 or STAT 4013).

**Description:** Students perform independent inquiries and learn to use skills from science to solve research problems. Students will design experiments, collect and analyze data, formulate hypotheses, justify conclusions, create models, read and evaluate the research literature, and write and present research reports.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 4024 Histology**

**Prerequisites:** BIOL 3114, BIOL 3204, or BIOL 3214.

**Description:** The study of cellular composition and functional components of tissues. With an emphasis in vertebrates, the course is a survey of the microanatomy and function of tissues such as epithelial, connective, muscular, and nervous. May not be used for degree credit with BIOL 5024.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 2 Contact: 5

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 4073 Principles of Neuroscience**

**Prerequisites:** BIOL 1114 or (BIOL 1113 and BIOL 1111) and either (CHEM 1215, CHEM 1314, or CHEM 1414).

**Description:** Neuroscience is an interdisciplinary field focused on understanding the structure and function of the brain, spinal cord, and peripheral nervous system. This course examines foundational theories and principles related to the neural mechanisms controlling physiological processes and behavior. Topics covered include cellular neurobiology, neuronal signaling, neural development and plasticity, comparative neuroanatomy, and neurobiology of complex brain functions such as sensory processing, arousal, emotions, learning, and memory. Previous coursework in physiology recommended. Same course as PSYC 4073. May not be used for degree credit with BIOL 5073 or PSYC 5073.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 4104 General Parasitology**

**Prerequisites:** BIOL 1604.

**Description:** Fundamentals of parasitism with emphasis on: life cycles, disease conditions, epidemiology, diagnosis, treatment, historical significance, terminology, taxonomy, and parasitological techniques. Previously offered as ZOO 4104. May not be used for degree credit with BIOL 5104.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 4113 Conservation Genetics**

**Prerequisites:** (BIOL 3023 or equivalent) and MATH 1513.

**Description:** Principles of population genetics as they pertain to issues in conservation biology. Evolutionary relationships, hybridization, natural selection, factors affecting small populations, gene flow, captive populations, and metapopulations. No credit for students with credit in BIOL 5113. Previously offered as ZOO 4113.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 4133 Evolution**

**Prerequisites:** BIOL 3023.

**Description:** Development of the evolutionary concept; speciation evolutionary mechanisms and phylogenetic concepts. May not be used for degree credit with BIOL 5033. Previously offered as ZOO 4133.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 4134 Embryology**

**Prerequisites:** BIOL 1604 and CHEM 1515.

**Description:** Biochemical basis of development with emphasis on gene regulation. Comparative development of sea urchin, frog, chick and pig. Experiments using frog and mouse, including the molecular level. Previously offered as ZOO 4134. May not be used for degree credit with BIOL 5134.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 2 Contact: 5

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 4174 Mammalogy**

**Prerequisites:** "C" or better in BIOL 1604 and (BIOL 3034 or NREM 3013).

**Description:** Taxonomy, identification, evolution, zoogeography, life history traits, and techniques of study of wild mammals. Weekend field trips required. May not be used for degree credit with BIOL 5174. Previously offered as ZOO 4174.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 4184 Herpetology**

**Prerequisites:** BIOL 1604.

**Description:** The biology of amphibians and reptiles with an emphasis on evolutionary relationships and comparative morphology, physiology, ecology, and natural history; laboratory emphasis on Oklahoma species. Offered spring semester of even-numbered years. Weekend field trips required. May not be used for degree credit with BIOL 5184.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 2 Contact: 5

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 4215 Mammalian Physiology**

**Prerequisites:** "C" or better in both BIOL 3204 and (CHEM 3013 or CHEM 3053).

**Description:** Descriptive and functional analysis of the mammalian nervous, cardiovascular, musculoskeletal, respiratory, renal, endocrine, and digestive organ systems. For majors in human and animal sciences, particularly pre-medical, pre-dental, and pre-veterinary tracks. May not be used for degree credit with BIOL 5215. Previously offered as ZOO 4215.

**Credit hours:** 5

**Contact hours:** Lecture: 5 Contact: 5

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 4223 Mammalian Physiology Capstone Laboratory**

**Prerequisites:** "C" or better in BIOL 4215 or ZOO 4215.

**Description:** Laboratory experiments that illustrate functions of organs, organ systems or mechanisms of whole body physiological control. A unique Capstone Experience for Physiology majors. Restricted to declared Physiology majors in the Department of Integrative Biology. Previously offered as ZOO 4223.

**Credit hours:** 3

**Contact hours:** Lecture: 1 Lab: 4 Contact: 5

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 4253 Pharmacology**

**Prerequisites:** "C" or better in either BIOL 3204 or BIOL 4215; Biochemistry strongly suggested.

**Description:** Major drug classes based on their predominant use or principal activity in the body; basis for drug action; and modification of drugs and their action by physiological processes. May not be used for degree credit with BIOL 5253. Previously offered as ZOO 4243 and BIOL 4243.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 4273 Environmental Physiology**

**Prerequisites:** BIOL 3204 or BIOL 4215.

**Description:** The study of animal adaptation and responses to natural environments. Topics include marine, shoreline, freshwater, and terrestrial habitats as well as anthropogenic problems specific to these habitats. No credit for students with credit in BIOL 5273. Previously offered as ZOO 4273.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 4283 Endocrinology**

**Prerequisites:** "C" or better in (BIOL 3204 or BIOL 4215) and credit in (CHEM 3013 or CHEM 3053 or consent of instructor).

**Description:** Examination of the hormonal control and regulation of physiological processes in vertebrates. Function of the hypothalamus, pituitary, adrenal, thyroid, pancreas, ovary and testes. May not be used for degree credit with BIOL 5283. Previously offered as ZOO 4283.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 4293 Behavioral Neuroendocrinology**

**Prerequisites:** BIOL 3204 or BIOL 4215.

**Description:** Examination of the influences of nervous and endocrine systems on behavior, and vice-versa, in vertebrates, including humans. Historical roots and current techniques relating to topics, including male and female reproductive behavior patterns, sex differences in behavior and neuroendocrine causation. No credit for students with credit in BIOL 5293. Previously offered as ZOO 4293.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 4303 Organismal Ecotoxicology**

**Prerequisites:** Junior standing and BIOL 1114 or (BIOL 1113 and BIOL 1111) or equivalent and (CHEM 1215 or CHEM 1314).

**Description:** Comparative study of the major groups of environmental contaminants (e.g. heavy metals, PCB's, insecticides) and an introduction to the basic theories, principles and techniques associated with the study of contaminant fate and effects on organisms. No credit for students with credit in BIOL 5303. Same course as BIOL 5303 and ITOX 5303. Previously offered as ZOO 4303.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 4313 Animal Communication**

**Prerequisites:** Junior standing.

**Description:** Mechanisms, function and evolution of animal communication systems. Emphasis on the function of sensory systems, signal production mechanisms, theories of signal design and optimal signaling strategies, and current research on signaling behavior and its evolution in wild animals. A course in animal behavior or evolution recommended. May not be used for degree credit with BIOL 5313.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 4333 Disease Ecology**

**Prerequisites:** BIOL 1113 or BIOL 1114 and junior standing.

**Description:** Understanding the ecology and evolution of pathogens and host-parasite relationships. This course will cover topics from the evolution of virulence and antibiotic resistance to globalization, emerging infectious diseases, and the factors driving increased pandemic risk. May not be used for degree credit with BIOL 5333.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 4363 Principles of Toxicology**

**Prerequisites:** BIOL 3204 and (CHEM 1215 or CHEM 1314).

**Description:** Basic concepts in toxicology such as chemical partitioning, dose response, toxicokinetics, toxicodynamics, and bioavailability. It will focus on the molecular and cellular mechanisms of toxicity of a few representative natural and man-made compounds. Case studies used to understand real-life scenarios. No credit for students with credit in BIOL 5363.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 4413 Biology of Fishes**

**Prerequisites:** BIOL 1604.

**Description:** Ecology and evolution of fishes with particular emphasis on physiology, morphology, behavior, and taxonomy; laboratory emphasis on Oklahoma species. Weekend field trips required. May not be used for degree credit with BIOL 4413.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 4434 Limnology**

**Prerequisites:** BIOL 3034 or (NREM 3012 and NREM 3013).

**Description:** This course provides an overview of the physical, chemical, and biological characteristics of inland habitats including lakes, reservoirs, streams, and wetlands. Field trips required. May not be used for degree credit with BIOL 5434. Previously offered as ZOO 4434.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 4464 Ornithology**

**Prerequisites:** BIOL 1604.

**Description:** Classification, evolution, distribution, identification, life histories, and morphological, ecological, and behavioral adaptations of birds. Two weekend field trips required. Same course as NREM 4464. May not be used for degree credit with BIOL 5464 or NREM 5464. Previously offered as ZOO 4464.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 4484 Animal Locomotion**

**Prerequisites:** BIOL 1604.

**Description:** How do animals move? How does this motion change based on environment? How has such motion evolved across groups? This course will explore the relationship of body form to locomotion. We will focus on all types of animals, which represent a broad diversity of types of locomotion (e.g. flying, swimming, jumping), environments (e.g. air, land, water), and scales of body size (i.e. from single cells to whales). A laboratory will serve to introduce students to the methods and technology used in studying locomotion. May not be used for degree credit with BIOL 5484.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 4524 Biological Laboratory Instrumentation**

**Prerequisites:** CHEM 1515 and P BIO 1404 or MICR 2123 or BIOL 1604 or equivalents or consent of instructor.

**Description:** Lecture and laboratory course in biological instrumentation use, theory, experimental design, maintenance, and troubleshooting. Topics include liquid handling systems, pH/ISE meters, electrophoresis, spectrophotometers, centrifuges, chromatography, thermocylers, and DNA sequencers. No credit for students with credit in BIOL 5524, MICR 5524, P BIO 5524. Same course as P BIO 4524 and MICR 4524.

**Credit hours:** 4

**Contact hours:** Lecture: 2 Lab: 4 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 4700 Undergraduate Research Problems**

**Prerequisites:** Consent of instructor.

**Description:** Participation in faculty research or execution of a problem formulated by the student. Project will include the communication of research results in written and/or oral form. Previously offered as ZOO 4700. Offered for variable credit, 1-4 credit hours, maximum of 4 credit hours.

**Credit hours:** 1-4

**Contact hours:** Contact: 1-4 Other: 1-4

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Integrative Biology

**BIOL 4710 Internships in Integrative Biology**

**Prerequisites:** Consent of instructor.

**Description:** Student participation in a research project during an internship in a Life Sciences related professional work setting. Graded on a pass-fail basis. Previously offered as ZOO 4710. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Integrative Biology

**BIOL 4730 Collaborative Research in Integrative Biology**

**Prerequisites:** BIOL 1604.

**Description:** Small teams of students work closely with faculty to design, develop, implement, and present authentic research projects. Topics of research will vary each semester based on the research interests of faculty leading the course.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Integrative Biology

**BIOL 4750 Honors Study in Integrative Biology****Prerequisites:** Honors Program participation.**Description:** Individual study in the development of biological concepts. Extensive reading, literature search and special experimentation. An individual problems course for the gifted student. Previously offered as ZOO 4750. Offered for variable credit, 1-5 credit hours, maximum of 5 credit hours.**Credit hours:** 1-5**Contact hours:** Contact: 1-5 Other: 1-5**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Integrative Biology**General Education and other Course Attributes:** Honors Credit**BIOL 5000 Research for Master's Thesis****Description:** Independent research for the MS Thesis under the supervision of graduate faculty member. Previously offered as ZOO 5000. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.**Credit hours:** 1-6**Contact hours:** Contact: 1-6 Other: 1-6**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Integrative Biology**BIOL 5003 Graduate Orientation and Academic Development****Prerequisites:** Admission to Integrative Biology graduate program or instructor approval.**Description:** Prepare first year Integrative Biology graduate students for success. We address departmental expectations and standards by providing: an introduction to departmental expertise and capabilities, exposure to available tools and resources, a forum for research conceptualization and formulation, instruction on finding and securing funding, guidance on how to convert questions into grant proposals, and a milieu for preparation, submission and peer review of external grant/fellowships. Previously offered as ZOO 5003.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Integrative Biology**BIOL 5010 Graduate Seminar****Description:** Discussion of selected topics. Previously offered as ZOO 5010. Offered for variable credit, 1-3 credit hours, maximum of 10 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Integrative Biology**BIOL 5011 Current, Historical, and Integrative Principles in Integrative Biology****Prerequisites:** Admission to Integrative Biology graduate program or instructor approval.**Description:** This course will furnish fundamental concepts in ecology, evolution, and environmental stress for first-year graduate students in Integrative Biology (and related departments). More importantly, this course is organized as modules that bring together various elements from the three broadly defined, and fundamentally related disciplines (i.e., ecology, evolution, and environmental stress), that our department views as our core strengths. Previously offered as ZOO 5011.**Credit hours:** 1**Contact hours:** Lecture: 1 Contact: 1**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Integrative Biology**BIOL 5020 Special Problems****Prerequisites:** Graduate standing and consent of instructor.**Description:** Discussions of selected readings and topics. Previously offered as ZOO 5020. Offered for variable credit, 1-4 credit hours, maximum of 10 credit hours.**Credit hours:** 1-4**Contact hours:** Contact: 1-4 Other: 1-4**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Integrative Biology**BIOL 5024 Histology****Prerequisites:** Consent of Instructor.**Description:** The study of cellular composition and functional components of tissues. With an emphasis in vertebrates, the course is a survey of the microanatomy and function of tissues such as epithelial, connective, muscular, and nervous. May not be used for degree credit with BIOL 4024.**Credit hours:** 4**Contact hours:** Lecture: 3 Lab: 2 Contact: 5**Levels:** Graduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Integrative Biology**BIOL 5030 Teaching Integrative Biology****Prerequisites:** Consent of instructor.**Description:** Supervised teaching in the department. Attendance at seminar on problems involved in teaching Integrative Biology in college. Previously offered as ZOO 5030. Offered for variable credit, 1-3 credit hours, maximum of 4 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate, Undergraduate**Schedule types:** Independent Study**Department/School:** Integrative Biology**BIOL 5033 Evolution****Description:** Development of the evolutionary concept; speciation evolutionary mechanisms and phylogenetic concepts. May not be used for degree credit with BIOL 4133.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Integrative Biology

**BIOL 5073 Principles of Neuroscience**

**Description:** This course examines foundational theories and principles related to the neural mechanisms controlling physiological processes and behavior. Topics covered include cellular neurobiology, neuronal signaling, neural development and plasticity, comparative neuroanatomy, and neurobiology of complex brain functions such as sensory processing, arousal, emotions, learning, and memory. Previous coursework in physiology recommended. Same course as PSYC 5073 and BIOM 5983. May not be used for degree credit with BIOL 4073 or PSYC 4073.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5100 Current Topics in Biology for Teachers**

**Prerequisites:** Approval of instructor.

**Description:** Acquaints the primary or secondary teacher with recent advances in biology. May include lecture, laboratory or field work. Offered for variable credit, 1-4 credit hours, maximum of 4 credit hours.

**Credit hours:** 1-4

**Contact hours:** Lecture: 1-4 Contact: 1-4

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5104 General Parasitology**

**Prerequisites:** BIOL 1604.

**Description:** Fundamentals of parasitism with emphasis on: life cycles, disease conditions, epidemiology, diagnosis, treatment, historical significance, terminology, taxonomy, and parasitological techniques. May not be used for degree credit with BIOL 4104.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 5113 Conservation Genetics**

**Prerequisites:** Course in genetics strongly recommended.

**Description:** Principles of population genetics as they pertain to issues in conservation biology. Evolutionary relationships, hybridization, natural selection, factors affecting small populations, gene flow, captive populations, and META populations. No credit for students with credit in BIOL 4113. Previously offered as ZOO 5113.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5123 Behavioral Ecology**

**Prerequisites:** Course in ecology strongly recommended.

**Description:** Analysis and description of the behavior of animals in their natural environment, especially in terms of natural selection and adaptation. A synthesis of ethology, population genetics, sociobiology, and evolutionary theory. Largely descriptive and generalized with limited emphasis on mathematical theory. Previously offered as ZOO 5123.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5133 Evolutionary Ecology**

**Description:** This course is intended to inform students about the traditional breadth of evolutionary ecology, and its impacts on contemporary ecological and evolutionary theories. Study will include both broad historical precedent and the far-reaching importance of current research in evolutionary ecology. This course will develop skills in written and oral communication and critical/synthetic thought. Previously offered as ZOO 5133.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5134 Embryology**

**Prerequisites:** BIOL 1604 and CHEM 1515.

**Description:** Biochemical basis of development with emphasis on gene regulation. Comparative development of sea urchin, frog, chick and pig. Experiments using frog and mouse, including the molecular level. May not be used for degree credit with BIOL 4134.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 2 Contact: 5

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 5174 Mammalogy**

**Prerequisites:** College level ecology or Natural History course.

**Description:** Taxonomy, identification, evolution, zoogeography, life history traits, and techniques of study of wild mammals. Weekend field trips required. May not be used for degree credit with BIOL 4174.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 5184 Advanced Herpetology**

**Description:** The biology of amphibians and reptiles with an emphasis on evolutionary relationships and comparative morphology, physiology, ecology, and natural history; laboratory emphasis on Oklahoma species. Offered spring semester of even-numbered years. Weekend field trips required. May not be used for degree credit with BIOL 4184.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 2 Contact: 5

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 5215 Mammalian Physiology**

**Description:** Descriptive and functional analysis of the mammalian nervous, cardiovascular, musculoskeletal, respiratory, renal, endocrine and digestive organ systems. For majors in human and animal sciences, particular pre-medical, pre-dental, and pre-veterinary tracks. Upper-division physiology course required. May not be used for degree credit with BIOL 4215. Previously offered as ZOO 4215.

**Credit hours:** 5

**Contact hours:** Lecture: 5 Contact: 5

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5243 Ecological Immunology**

**Description:** The causes and consequences of variation in immunity studied within the context of evolution and ecology. A combination of lectures and student-led presentations intended for graduate students and advanced undergraduates. Previously offered as ZOO 5243.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5253 Pharmacology**

**Description:** Major drug classes based on their predominant use or principal activity in the body; basis for drug action; and modification of drugs and their action by physiological processes. Upper-division Physiology and Organic Chemistry required. May not be used for degree credit with BIOL 4243 or BIOL 4253.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5273 Environmental Physiology**

**Prerequisites:** BIOL 3204 or BIOL 4215 or equivalent.

**Description:** The study of animal adaptation and responses to natural freshwater, and terrestrial habitats as well as anthropogenic problems specific to these habitats. No credit for students with credit in BIOL 4273. Previously offered as ZOO 5273.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5283 Endocrinology**

**Prerequisites:** A course in physiology and chemistry or consent of instructor.

**Description:** Examination of the hormonal control and regulation of physiological processes in vertebrates. Function of the hypothalamus, pituitary, adrenal, thyroid, pancreas, ovary and testes. No credit for students with credit in BIOL 4283. Previously offered as ZOO 5283.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5293 Behavioral Neuroendocrinology**

**Prerequisites:** BIOL 3204 or BIOL 4215.

**Description:** Examination of the influences of nervous and endocrine systems on behavior and vice-versa, in vertebrates including humans. Historical roots and current techniques relating to topics, including male and female reproductive behavior patterns, sex differences in behavior and neuroendocrine causation. No credit for students with credit in BIOL 4293. Previously offered as ZOO 5293.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5303 Organismal Ecotoxicology**

**Description:** Comparative study of the major groups of environmental contaminants (e.g. heavy metals, PCB's, insecticides) and an introduction to the basic theories, principles and techniques associated with the study of contaminant fate and effects on organisms. No credit for students with credit in BIOL 4303. Same course as ITOX 5303. Previously offered as ZOO 5303.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5313 Animal Communication**

**Prerequisites:** Graduate standing.

**Description:** Mechanisms, function and evolution of animal communication systems. Emphasis on the function of sensory systems, signal production mechanisms, theories of signal design and optimal signaling strategies, and current research on signaling behavior and its evolution in wild animals. A course in animal behavior or evolution recommended. May not be used for degree credit with BIOL 4313.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5333 Disease Ecology**

**Description:** Understanding the ecology and evolution of pathogens and host-parasite relationships. This course will cover topics from the evolution of virulence and antibiotic resistance to globalization, emerging infectious diseases, and the factors driving increased pandemic risk. A class in Introductory Biology recommended. May not be used for degree credit with BIOL 4333.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5343 Population and Community Ecotoxicology**

**Prerequisites:** Course in ecology strongly recommended.

**Description:** Examines the exposure of animals to environmental contaminants and resulting effects at the individual through community level. The dynamic nature of exposure to contaminants will be of particular interest in this course. For example, how do the natural history traits of a species either protect it from exposure, or enhance its potential for exposure to contaminants? Topics will range from the historical perspectives to ecotoxicology to study design and risk assessment. Same course as ITOX 5343. Previously offered as ZOO 5343.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5363 Principles of Toxicology**

**Prerequisites:** Course in chemistry and physiology strongly recommended.

**Description:** Basic concepts in toxicology such as chemical partitioning, dose response, toxicokinetics, toxicodynamics, and bioavailability. It will focus on the molecular and cellular mechanisms of toxicity of a few representative natural and man-made compounds. Case studies used to understand real-life scenarios. No credit for students with credit in BIOL 4363.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5403 Advanced Wetland Ecology**

**Prerequisites:** A course in aquatic ecology or wetland management recommended.

**Description:** Principles and theory of wetland ecology with a focus on wetland processes, function, and services. Topics include wetland geomorphology, biogeochemistry and hydrology of wetlands, wetland functions and services, wetland development, wetland restoration, water issues, wetland policy, philosophy of wetland management, and educating society about wetlands. Same course as NREM 5403. Previously offered as ZOOL 5403.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5413 Biology of Fishes**

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 5423 Techniques in Environmental Toxicology**

**Prerequisites:** Organic chemistry or instructor consent.

**Description:** Practical understanding of modern techniques used to quantify exposure and effects of environmental toxicants. Laboratory topics include gas chromatography, HPLC, atomic absorption spectroscopy, immunoassay, and toxicity testing. Same course as ITOX 5423. Previously offered as ZOOL 5423.

**Credit hours:** 3

**Contact hours:** Lecture: 1 Lab: 4 Contact: 5

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 5434 Limnology**

**Description:** This course provides an overview of the physical, chemical, and biological characteristics of inland habitats including lakes, reservoirs, streams, and wetlands. Field trips required. May not be used for degree credit with BIOL 4434.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 5464 Ornithology**

**Description:** Classification, evolution, distribution, identification, life histories, and morphological, ecological, and behavioral adaptations of birds. Two weekend field trips required. May not be used for degree credit with BIOL 4464, NREM 4464. Previously offered as NREM 5564.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 5484 Animal Locomotion**

**Description:** How do animals move? How does this motion change based on environment? How has such motion evolved across groups? This course will explore the relationship of body form to locomotion. We will focus on all types of animals, which represent a broad diversity of types of locomotion (e.g. flying, swimming, jumping), environments (e.g. air, land, water), and scales of body size (i.e. from single cells to whales). A laboratory will serve to introduce students to the methods and technology used in studying locomotion. May not be used for degree credit with BIOL 4484.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**BIOL 5503 Spatial Ecology and Analysis**

**Prerequisites:** Course in ecology strongly recommended.

**Description:** Theory, methods, and models for identifying and quantifying spatial patterns and processes, with a focus on implications for ecological relationships. Previously offered as ZOOL 5503.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5523 Population Ecology**

**Prerequisites:** BIOL 3034 and MATH 1513.

**Description:** Theory and principles of predicting and analyzing population abundance and dynamics. Life history theory, foraging theory, habitat selection, population genetics, and species interactions. Previously offered as ZOOL 5523.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5524 Biological Laboratory Instrumentation**

**Prerequisites:** CHEM 1515 and PBIO 1404 or MICR 2123 or BIOL 1604 or equivalents or consent of instructor.

**Description:** Lecture and laboratory course in biological instrumentation use, theory, experimental design, maintenance, and troubleshooting. Topics include liquid handling systems, pH/ISE meters, electrophoresis, spectrophotometers, centrifuges, chromatography, thermocyclers, and DNA sequencers. May not be used for degree credit in BIOL 4524, MICR 4524, PBIO 4524. Same course as PBIO 5524 and MICR 5524.

**Credit hours:** 4

**Contact hours:** Lecture: 2 Lab: 4 Contact: 6

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Integrative Biology

**Additional Fees:** Biology Consummable Material fee of \$50 applies.

**BIOL 5623 Ecological Data and Alternative Hypothesis**

**Prerequisites:** Course in statistics strongly recommended.

**Description:** Emphasizes statistical analyses that start with a set of plausible alternative hypotheses and use likelihoods to quantify the relative support the hypotheses receive from empirical data. Instruction will be done with lectures, computer lab exercises, and in-class presentations. Previously offered as ZOOL 5623.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5633 Ecological and Behavioral Modeling**

**Prerequisites:** Course in ecology strongly recommended.

**Description:** This course will provide a general overview of modeling approaches for studying a variety of ecological and environmental problems. It will provide students with a toolbox of techniques, and discuss how they can be used to address questions and generate testable predictions. The course will emphasize modeling individual behavior and population dynamics. Previously offered as ZOOL 5633.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 5643 Ecological Niche Modeling and Species Distributions**

**Prerequisites:** Course in ecology strongly recommended.

**Description:** Ecological niche modeling theory and practice. Generation of niche models and distribution predictions to address questions on species' ecology, conservation, biogeography, and phylogeography. Familiarization with ESRI ArcGIS software, as well as environmental GIS data sources. Previously offered as ZOOL 5643.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Integrative Biology

**BIOL 6000 Research for PhD Dissertation**

**Description:** Independent research for the PhD dissertation under the supervision of a graduate faculty member. Previously offered as ZOOL 6000. Offered for variable credit, 1-15 credit hours, maximum of 60 credit hours.

**Credit hours:** 1-15

**Contact hours:** Contact: 1-15 Other: 1-15

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Integrative Biology

## Undergraduate Programs

- Biology, BS (p. 1343)
- Biology: Allied Health, BS (p. 1346)
- Biology: Environmental Biology, BS (p. 1349)
- Biology: Pre-Medical Sciences, BS (p. 1352)
- Biology: Secondary Teacher Certification, BS (p. 1355)
- Physiology, BS (p. 1358)
- Physiology: Pre-Medical Sciences, BS (p. 1361)
- Zoology, BS (p. 1365)
- Zoology: Ecology and Conservation Biology, BS (p. 1368)
- Zoology: Pre-Medical Sciences, BS (p. 1371)
- Zoology: Pre-Veterinary Sciences, BS (p. 1374)
- Zoology: Secondary Teacher Certification, BS (p. 1377)

## Graduate Programs Programs of Study

Programs of study leading to MS and PhD degrees are offered in Integrative Biology. The department emphasizes Ecology and Evolutionary Biology and Environmental Stress. Among faculty research interests are behavioral and evolutionary ecology, conservation biology, ecotoxicology, ecosystem services, ecological immunology, behavioral endocrinology and neuroendocrinology, neurobiology, theoretical ecology, invertebrate ecology, herpetology, ornithology, parasitology, physiology, macroevolution, phylogenetics, animal communication, bioacoustics, evolutionary medicine, disease ecology, nutritional ecology, landscape ecology, population ecology, aquatic and wetland ecology, and science education. The department includes the Ecotoxicology and Water Quality Research Laboratory and the Oklahoma State University Collection of Vertebrates.

## Prerequisites

Applicants must have completed a baccalaureate degree including 40 semester hours in biology and related areas.

## The Master of Science Degree

Students must prepare a research proposal and complete either a thesis or a report. For the thesis option, 30 credit hours are required; for the report option, 32 credit hours.

## The Doctor of Philosophy Degree

Students must prepare a research proposal, pass written and oral comprehensive examinations, and complete a dissertation based on original research worthy of publication.

## Financial Aid

The department employs more than 60 graduate teaching assistants (TA). Faculty members also award research assistantships (RA) based on ongoing grants and contracts. In-state and out-of-state students on RA or TA support receive full tuition waivers.

## Research Facilities

The Department of Integrative Biology occupies a six-floor building with offices, classrooms, laboratories and animal rooms. A broad range of instrumentation is available for both teaching and research. Specialized equipment is available for environmental analysis, cell culture, microscopy, and genetics research. A Field Station is also available near Lake Carl Blackwell. The Department of Integrative Biology also houses the OSU Collection of Vertebrates which includes over 25,000 lots of fish, 14,000 reptiles and amphibians, 3,000 birds, and 13,000 mammals. For more information visit our website: [integrativebiology.okstate.edu](http://integrativebiology.okstate.edu) (<http://integrativebiology.okstate.edu>).

## Minors

- Biology (BIO), Minor (p. 1342)
- Zoology (ZOOL), Minor (p. 1364)

## Faculty

Jason Belden, PhD—Professor and Department Head

**Regents Professors:** Stanley Fox, PhD (emeritus); Scott McMurry, PhD; Loren Smith, PhD (emeritus); Ron Van DenBussche, PhD

**Professors:** Kristen Baum, PhD; Andrew Dzialowski, PhD; Donald French, PhD; Punidan Jeyasingh, PhD; Barney Luttbeg, PhD; Bruce Waldman, PhD

**Associate Professors:** Matthew Bolek, PhD; Jennifer Grindstaff, PhD; Meredith Hamilton, PhD (emeritus); Matthew Lovern, PhD; Matteo Minghetti, PhD; Mary Towner, PhD; Shawn Wilder, PhD

**Assistant Professors:** Desiré Buckley, PhD; Elisa Casadei, PhD; Zachary Emberts, PhD; Fabio de Andrade Machado, PhD; Elizabeth McCullagh, PhD; Michael Reichert, PhD; Ciaràn Shaughnessy, PhD; Patrick Stephens, PhD; Guin Wogan, PhD; Bo Zhang, PhD

**Teaching Assistant Professors:** Uriel Buitrago-Suarez, PhD; Jodie Wiggins, PhD; Will Wiggins, PhD

## Biology (BIO), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

For more information on a Biology minor, contact the **Office of Integrative Biology**: 405-744-5555 or 501 Life Sciences West

**Total Hours:** 27

<b>Total Hours</b>		<b>27</b>

## Other Requirements

- No grade below "C."

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

Select 9 hours	9
----------------	---

MATH 1513 required for students who do not place directly into MATH 1813 (or MATH 1613).

May need to include 6 hours of a foreign language (see note 3).

May need to include 6 hours upper-division general education outside major department (see note 2.c.) and 7 additional upper-division hours.

<b>Hours Subtotal</b>	<b>9</b>
-----------------------	----------

<b>Total Hours</b>	<b>120</b>
--------------------	------------

1

College and Departmental Requirements that may be used to meet General Education Requirements.

2

With approval from the advisor and department head and a minimum GPA of 3.0, a maximum of 30 hours from an accredited doctoral health program may be substituted for electives or major requirements other than BIOL 3023 General Genetics and BIOL 4133 Evolution.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum GPA 2.00 in all BIOL courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any

part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).

- Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
    - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
    - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
    - In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
  - Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.

- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

1

College and Departmental Requirements that may be used to meet General Education Requirements.

2

With approval from the advisor and department head and a minimum GPA of 3.0, a maximum of 30 hours from an accredited doctoral health program may be substituted for electives or major requirements other than BIOL 3023 General Genetics and BIOL 4133 Evolution.

Additional requirements for professional school admission exist. View Admission Requirement Sheets at [prehealth.okstate.edu](http://prehealth.okstate.edu) (<http://prehealth.okstate.edu>).

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum GPA 2.00 in all BIOL courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).

- Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.

- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).

- Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours
<b>Freshman</b>		
<b>Fall</b>

<b>Total Hours</b>	<b>120</b>

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum GPA 2.00 in all BIOL courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language,

which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

1

College and Departmental Requirements that may be used to meet General Education Requirements.

2

With approval from the advisor and department head and a minimum GPA of 3.0, a maximum of 30 hours from an accredited doctoral health program may be substituted for electives or major requirements other than BIOL 3023 General Genetics and BIOL 4133 Evolution.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule

plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

<b>Electives</b> <sup>2</sup>	
Select 6 hours	6
MATH 1513 and MATH 1813 required for students who do not place directly into MATH 2144.	
May need to include 6 hours of a foreign language. See note 3	
May need to include 6 hours upper-division general education outside major department (see note 2.c.) and 2 additional upper-division hours	
Recommended courses:	
PSYC 1113	Introductory Psychology (S)
SOC 1113	Introductory Sociology (S)
<b>Hours Subtotal</b>	<b>6</b>
<b>Total Hours</b>	<b>120</b>

1

College and Departmental Requirements that may be used to meet General Education Requirements.

2

With approval from the advisor and department head and a minimum GPA of 3.0, a maximum of 30 hours from an accredited doctoral health program may be substituted for electives or major requirements other than BIOL 3023 General Genetics and BIOL 4133 Evolution.

Additional requirements for professional school admission exist. View Admission Requirement Sheets at [prehealth.okstate.edu](http://prehealth.okstate.edu) (<http://prehealth.okstate.edu>).

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education,

College Departmental Requirements, Major Requirements or Electives).

- Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
    - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
    - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
    - In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
  - Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.

- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

<b>Total Hours</b>		<b>24</b>

## Other Requirements

- No grade below "C."

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

<b>Total Hours</b>	<b>120</b>

1

College and Departmental Requirements that may be used to meet General Education Requirements.

2

With approval from the advisor and department head and a minimum GPA of 3.0, a maximum of 30 hours from an accredited doctoral health program may be substituted for electives or major requirements other than BIOL 3023 General Genetics and BIOL 4133 Evolution.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.0 GPA in all BIOL courses.

- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

### Major Requirements <sup>2</sup>

Minimum grade of "C" in each course.

#### Core Courses

BIOL 1113 & BIOL 1111 or BIOL 1114	Introductory Biology (N) and Introductory Biology Laboratory (LN) Introductory Biology (LN)	4
BIOL 1604	Animal Biology	4
BIOL 3023	General Genetics <sup>2</sup>	3
BIOL 3034	General Ecology	4
BIOL 3104	Invertebrate Zoology	4
BIOL 3114	Vertebrate Zoology	4
BIOL 3204	Physiology	4
BIOL 4133	Evolution <sup>2</sup>	3
BIOL 4700 or BIOL 4710	Undergraduate Research Problems (1 hour) Internships in Integrative Biology	1
MICR 2123 or MICR 3033	Introduction to Microbiology Cell and Molecular Biology	3

Select one of the following:

CHEM 3013 & CHEM 3012	Survey of Organic Chemistry and Survey of Organic Chemistry Laboratory	5
CHEM 3053 & CHEM 3112 & CHEM 3153	Organic Chemistry I and Organic Chemistry Laboratory and Organic Chemistry II	

Select 4 additional hours upper-division BIOL courses with a laboratory in at least one course (excluding general education courses)

#### Related Courses

BIOL 3153	Animal Behavior	3
BIOL 3513	Principles of Conservation Biology	3
PBIO 1404 or PBIO 4005	Plant Biology (LN) Field Botany	4

#### Supplemental Courses

Select one of the following:

ENGL 3323	Technical Writing	3
ENTO 4223	Ecological Methodology	
ENVR 3113	Sampling and Analyses for Solving Environmental Problems	
GEOG 3023	Climatology (N)	
GEOG 3153	Conservation of Natural Resources (S)	
GEOG 3373	Health and Maps	
GEOG 4053	Biogeography	
GEOG 4073	Climate Change: Past, Present, and Future	

GEOG 4203	Fundamentals of Geographic Information Systems	
GEOG 4333	Remote Sensing	
GEOL 3503	Environmental Geology (N)	
GEOL 4453	Hydrogeology	
GEOL 4503	Introduction to Oceanography (N)	
NREM 3503	Principles of Wildlife Ecology and Management	
NREM 3523	Fish and Wildlife Population Biology	
NREM 4023	Restoration Ecology	
NREM 4033	Ecology Of Invasive Species	
NREM 4043	Natural Resource Administration and Policy	
NREM 4443	Watershed Hydrology and Water Quality	
NREM 4523	Wildlife Management Techniques	
SOC 4433	Environmental Sociology (S)	
<b>Hours Subtotal</b>		<b>56</b>
<b>Electives<sup>2</sup></b>		
Select 10 hours		10
MATH 1513 required for students who do not place directly into MATH 1813 (or MATH 1613).		
May need to include 6 hours of a foreign language. (see note 3)		
May need to include 6 hours upper-division general education outside major department (see note 2.c.) and 7 additional upper-division hours		
PSYC 1113 and SOC 1113 recommended.		
<b>Hours Subtotal</b>		<b>10</b>
<b>Total Hours</b>		<b>120</b>

1

College and Departmental Requirements that may be used to meet General Education Requirements.

2

With approval from the advisor and department head and a minimum GPA of 3.0, a maximum of 30 hours from an accredited doctoral health program may be substituted for electives or major requirements other than BIOL 3023 General Genetics and BIOL 4133 Evolution.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.0 GPA in all BIOL courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
  - Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

1

College and Departmental Requirements that may be used to meet General Education Requirements.

2

With approval from the advisor and department head and a minimum GPA of 3.0, a maximum of 30 hours from an accredited doctoral health program may be substituted for electives or major requirements other than BIOL 3023 General Genetics and BIOL 4133 Evolution.

Additional requirements for professional school admission exist. View Admission Requirement Sheets at [prehealth.okstate.edu](http://prehealth.okstate.edu) (<http://prehealth.okstate.edu>).

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.0 GPA in all BIOL courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).

- Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.

- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours

3

Full admission to Professional Education required.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.0 in all BIOL courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.

## Languages and Literatures

The Department of Languages and Literatures offers American Sign Language, French, German, and Spanish as major fields of study. Minors may be earned in American Sign Language, Chinese, French, German, ancient Greek, Japanese, Korean, Latin, Russian, and Spanish, or an Area Studies program.

In all languages offered by the department, elementary courses are available for students with no previous experience. Students with previous foreign language experience are strongly encouraged to take placement tests to find the course best suited for their level of proficiency. A language major is often supported by study of another language or work in other fields.

The study of languages is a vital and humanizing part of a general education and an excellent addition to just about any field of study. In a rapidly changing and shrinking world, it offers new cultural insights, breaks down insularity, fosters discipline of thought and expression, and leads to a better understanding of one's native language and culture. Language majors may expect to find openings in a wide variety of careers in law, medicine, government, industry and commerce. Job opportunities are greatly enhanced for those who combine language study with a dual degree or minor in other disciplines. There is a growing demand for language teachers in secondary education. Bachelor of Arts candidates may qualify for teaching licensure without increasing the number of hours required for graduation.

In addition to the standard courses in language, literature and civilization for individual languages, the department offers courses in literature in English translation for general education, and courses in German and Russian for reading knowledge.

### Courses

#### ASL 1713 American Sign Language I

**Description:** Introduction to American Sign Language: development of receptive and expressive skills in authentic situations and an introduction to Deaf Culture; fingerspelling, numbers, classifiers, and facial expressions. Not for native speakers per University Academic Regulations 4.9. Previously offered as ASL 1115.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Languages and Literatures

#### ASL 1813 American Sign Language II

**Prerequisites:** ASL 1713 or equivalent proficiency.

**Description:** Continuation of ASL 1713, further development of receptive and expressive skills in authentic situations and study of Deaf Culture. Learners are required to attend functions within the Deaf Community and focus on the different accents within sign language. Not for native speakers per University Academic Regulation 4.9. Previously offered as ASL 1225.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Languages and Literatures

#### ASL 2713 American Sign Language III

**Prerequisites:** ASL 1813 or equivalent proficiency.

**Description:** This course is designed to provide a development of skills in non-verbal communications and increased understanding of the types and uses of classifiers in ASL. Emphasizes the use and understanding of facial expression, gestures, pantomime, and body language. Students will develop further abilities to utilize this component of ASL in their expressive and receptive signing abilities. Not for native speakers per University Academic Regulation 4.9.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Languages and Literatures

#### ASL 2723 American Deaf Culture

**Prerequisites:** ASL 1813 or equivalent proficiency.

**Description:** This course provides an analysis of the development and historical overview of Deaf culture in the United States. Topics include: education of the D/deaf; Deaf films, theaters, arts, and clubs; preservation of American Sign Language; technology and services in the Deaf community. The student's acculturation process is facilitated by active participation in the Stillwater/Tulsa Deaf community. This course is taught in ASL.

**Credit hours:** 3

**Schedule types:** Lecture

**Department/School:** Languages and Literatures

**SPAN 4463 Sociolinguistics of the Spanish-Speaking World**

**Prerequisites:** One 3000-level Spanish course.

**Description:** In this course students will investigate the variation of the Hispanic language as well as the linguistic features of Spanish as a result of Spanish in contact with other languages. Phonetic/phonologic, morphologic, syntactic, and lexical features of Spanish will be examined in relation to broader geographical, social, political, cultural, and historical contexts of the Spanish-speaking world.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Languages and Literatures

**SPAN 4550 Seminar in Spanish**

**Prerequisites:** One 3000-level Spanish course, or equivalent.

**Description:** Readings and discussion of vital subjects in Spanish. Offered for variable credit, 1-3 credit hours, maximum of 9 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Languages and Literatures

### **SPAN 4650 Topics in Spanish**

**Prerequisites:** One 3000-level Spanish course, or equivalent.

**Description:** In depth study of a specific aspect of Hispanic literature, culture or language. Offered for variable credit, 1-9 credit hours, maximum of 9 credit hours.

**Credit hours:** 1-9

**Contact hours:** Lecture: 1-9 Contact: 1-9

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Languages and Literatures

### **SPAN 5110 Advanced Hispanic Studies**

**Prerequisites:** 22 hours of Spanish or graduate standing in foreign language.

**Description:** Offered for variable credit, 1-3 credit hours, maximum of 9 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Languages and Literatures

**Assistant Professors:** Carol Ready, PhD; Juan Carlos Rozo, PhD; Giovanni Salazar-Calvo, PhD; Carolina Sitya Nin, PhD; Taylor Woodall-Greene, PhD

## **Undergraduate Programs**

- American Sign Language Studies, BA (p. 1396)
- French, BA (p. 1401)
- French: Business Essentials, BA (p. 1404)
- French: Pre-Law, BA (p. 1407)
- German, BA (p. 1411)
- German: Business Essentials, BA (p. 1414)
- German: Pre-Law, BA (p. 1417)
- Spanish, BA (p. 1427)
- Spanish: Business Essentials, BA (p. 1430)
- Spanish: Pre-Law, BA (p. 1433)

## **Minors**

- American Sign Language (ASL), Minor (p. 1395)
- Arabic (ARB), Minor (p. 1398)
- Chinese (CHIN), Minor (p. 1399)
- French (FREN), Minor (p. 1400)
- German (GRMN), Minor (p. 1410)
- Greek (GREK), Minor (p. 1420)
- Japanese (JPN), Minor (p. 1421)
- Latin (LATN), Minor (p. 1422)
- Professional Chinese (PRCH), Minor (p. 1423)
- Russian (RUSS), Minor (p. 1425)
- Spanish (SPAN), Minor (p. 1426)

## **Certificates**

- Professional Spanish, UCRT (p. 1424)

## **Faculty**

Erik Ekman, PhD—Professor and Head

**Professors:** Christopher Weimer, PhD

**Associate Professors:** Isabel Alvarez-Sancho, PhD; Jonathan Ellis, PhD; Eric Turcat, PhD

## American Sign Language (ASL), Minor

ASL 3500	Interpreting Special Areas	
ASL 3713	Introduction to Interpreting	
ASL 3723	Science, Technology, Engineering, and Math I	
ASL 3813	Linguistics of American Sign Language	
ASL 3823	Science, Technology, Engineering, and Math II	
ASL 4550	Seminar in ASL	
ASL 4713	American Sign Language Literature	
ASL 4813	Ethics for Interpreters	
<b>Total Hours</b>		<b>18</b>

## Other Requirements

- No grade below "C" in all upper-division courses

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

May need to include 6 hours upper-division general education outside major department (see note 2.c.) and 3 additional upper-division hours.

<b>Hours Subtotal</b>	<b>18</b>
-----------------------	-----------

<b>Total Hours</b>	<b>120</b>
--------------------	------------

### Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

### College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO,

- PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- 3. Foreign Language Proficiency**
- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- 4. Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours
<b>Freshman</b>		
<b>Fall</b>		
ASL 1713	American Sign Language I	3
General Education courses		11
<b>Hours</b>		<b>14</b>
<b>Spring</b>

1

At least 6 hours must be from literature courses marked with a <sup>1</sup>.

### Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

### College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and

Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.

## 2. A&S College/Departmental Requirements

- Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
- Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
- Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

## 3. Foreign Language Proficiency

- The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency

from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

### Non-Western Studies

At least one course

(See note 2.d.)

### Upper-Division General Education

6 hours outside major department

(See note 2.c.)

**Hours Subtotal** **22**

### Major Requirements

Minimum GPA 2.50 in upper-division French courses with minimum grade of "C" in each course.

Select these courses (or equivalent proficiency):

FREN 2723	Intermediate Grammar and Composition I	3
FREN 2813	Intermediate Reading and Conversation II	3
FREN 2823	Intermediate Grammar & Comp II	3
FREN 3203	Advanced Written Expression	3
FREN 3213	Advanced Grammar	3
FREN 3343	Business French	3
FREN 4333	Background of Modern French Civilization	3
9 or more hours of French, of which at least six hours must be literature courses, from: <sup>2</sup>		9

FREN 3073 French Conversation

FREN 3463 Advanced Diction and Phonetics

FREN 3853 Introduction to Analysis of French Literature<sup>2</sup>

FREN 4153 Survey of French Literature I<sup>2</sup>

FREN 4173 Survey of French Literature II<sup>2</sup>

FREN 4550 Directed Studies in French ((1-9 hours))

FREN 4573 Modern French Theater<sup>2</sup>

LL 3500 Specialized Study in a Modern Language (1-20 hours)

LL 4000 Specialized Studies in Languages and Literatures (1-9 hours)

### Business Essentials

ACCT 2003 Survey of Accounting 3

MGMT 3013 Fundamentals of Management (S) 3

MKTG 3213 Marketing (S) 3

3 hours from: 3

ECON 2003 Microeconomic Principles for Business

EEE 2023 Introduction to Entrepreneurship

LSB 3213 Legal and Regulatory Environment of Business

MSIS 2103 Business Data Science Technologies

Additional hours to reach the required 42 hours may be taken from the following:

GEOG 3723 Europe (IS)

POLS 3143 European Politics (I)

HTM 3223 International Travel and Tourism (I)

LSB 4633 Legal Aspects of International Business Transactions (I)

MGMT 4613 International Management (I)

MKTG 3993 International Business (I)

MKTG 4553 International Marketing

**Hours Subtotal** **42**

<b>Electives</b>	
Select 16 hours	16
May need to include at least 13 upper-division hours.	
<b>Hours Subtotal</b>	<b>16</b>
<b>Total Hours</b>	<b>120</b>

1

College and Departmental Requirements that may be used to meet General Education Requirements.

2

Literature course options include FREN 3853, FREN 4153, FREN 4173, and FREN 4573.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school

was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

<b>Total Hours</b>		<b>24</b>

- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

## Other Requirements

- No grade below "C" in all upper-division courses

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.

## German, BA

Select 18 hours 18

May need to include 6 hours upper-division general education outside major department (see note 2.c.) and 12 additional upper-division hours

**Hours Subtotal** **18**

**Total Hours** **120**

<sup>1</sup>

At least 6 hours must be from literature courses marked with a <sup>1</sup>.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in

a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

## Greek (GREK), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

Anthony Valentine, 213 LSE, 405-744-5658

**Minimum Overall Grade Point Average:** 2.50

**Total Hours:** 21

The completion of all lower-division coursework or equivalent proficiency in same language to be followed by:

Code	Title	Hours
<b>Language Sequence Requirements</b>		
GREK 1713	Elementary Classical Greek I	3
GREK 1813	Elementary Classical Greek II	3
GREK 2713	Elementary Classical Greek III	3
GREK 2813	Intermediate Readings	3
<b>Upper-Level Requirements</b>		
Nine hours from:		9
GREK 3330	Advanced Readings	
<b>Total Hours</b>		<b>21</b>

## Other Requirements

- No grade below "C" in all upper-division courses

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

## Japanese (JPN), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

Anthony Valentine, 213 LSE, 405-744-5658

**Minimum Overall Grade Point Average:** 2.50

**Total Hours:** 18

The completion of all lower-division coursework or equivalent proficiency in same language to be followed by:

<b>Hours Subtotal</b>	<b>18</b>
<b>Total Hours</b>	<b>120</b>

1

At least 6 hours must be from literature courses marked with a <sup>1</sup>.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to

enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

MKTG 3993	International Business (I)	
MKTG 4553	International Marketing	
<b>Hours Subtotal</b>		<b>42</b>
<b>Electives</b>		
16 hours of Electives		16
May need to include 13 hours upper-division general education hours.		
<b>Hours Subtotal</b>		<b>16</b>
<b>Total Hours</b>		<b>120</b>

1

College and Departmental Requirements that may be used to meet General Education Requirements.

2

Literature course options include SPAN 3053, SPAN 4123, SPAN 4133, SPAN 4163, SPAN 4173, SPAN 4183, SPAN 4193, SPAN 4223, SPAN 4253, and SPAN 4263.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
  - Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

<b>Total Hours</b>		<b>120</b>

1

At least 6 hours must be from literature courses marked with a <sup>1</sup>.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic

Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.

- b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOG, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
    - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
    - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
    - c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
    4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Mathematics

Math is the language of science and a vital part of both cutting-edge research and daily life. Contemporary mathematics investigates such basic concepts as space and number and also the formulation and analysis of mathematical models arising from applications. Mathematics has always had close relationships to the physical sciences and engineering. As the biological, social, and management sciences have become increasingly quantitative, the mathematical sciences have moved in new directions to support these fields.

Mathematicians teach in high schools and colleges, do research and teach at universities, and apply mathematics in business, industry, and government. Outside of education, mathematicians usually work in research and analytical positions, although they have become increasingly involved in management. Firms in the aerospace, communications, computer, defense, electronics, energy, finance, and insurance industries employ many mathematicians. In such employment, a mathematician typically serves either in a consulting capacity, giving advice on mathematical problems to engineers and scientists, or as a member of a research team composed of specialists in several fields. Among the qualities that he or she should possess are breadth of interests and outlook, the ability to think abstractly, and a keen interest in problem-solving.

An undergraduate specializing in mathematics will usually begin with calculus. All math majors take courses in differential equations, linear algebra, abstract algebra, analysis, computer programming, and statistics. The student's interests and future plans determine the remainder of the field of concentration.

Undergraduate degree options are available to prepare students for:

1. employment as an applied mathematician in industry, business or government;
2. employment as an actuary or financial analyst;
3. secondary school mathematics teaching; and
4. graduate study in mathematics, business or finance, law, medicine, or other areas.

Students choosing secondary school teaching complete all requirements for state certification as part of this program.

Many of the more challenging positions in mathematics require study beyond a bachelor's degree. For example, university faculty are required to hold a PhD, while teaching in a community college requires at least a master's degree and possibly a doctorate. Approximately 25 percent of the students receiving a bachelor's degree in mathematics go on to graduate work.

## Courses

### MATH 1483 Mathematical Functions and Their Uses (A)

**Prerequisites:** An acceptable placement score - see placement.okstate.edu.

**Description:** Analysis of functions and their graphs from the viewpoint of rates of change. Linear, exponential, logarithmic and other functions. Applications to the natural sciences, agriculture, business and the social sciences.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**General Education and other Course Attributes:** Analytical & Quant Thought

**Additional Fees:** MATH Corequisite Lab fee of \$90 applies.

### MATH 1493 Applications of Modern Mathematics (A)

**Prerequisites:** An acceptable placement score (see placement.okstate.edu).

**Description:** Introduction to contemporary applications of discrete mathematics. Topics from management science, statistics, coding and information theory, social choice and decision making, geometry and growth.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**General Education and other Course Attributes:** Analytical & Quant Thought

### MATH 1513 College Algebra (A)

**Prerequisites:** An acceptable placement score (see placement.okstate.edu). Two years of high school algebra recommended.

**Description:** Quadratic equations, functions and graphs, inequalities, systems of equations, exponential and logarithmic functions, theory of equations, sequences, permutations and combinations. Combined credit toward a degree for MATH 1513, MATH 1613 and MATH 1715 limited to six hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**General Education and other Course Attributes:** Analytical & Quant Thought

**Additional Fees:** MATH Corequisite Lab fee of \$90 applies.

### MATH 1583 Applied Geometry and Trigonometry (A)

**Prerequisites:** A grade of "C" or better in one of MATH 1483 or MATH 1513, or an acceptable placement score (see placement.okstate.edu).

**Description:** Geometry, trigonometry, and their applications to technology and design. Not intended for calculus-bound students.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**General Education and other Course Attributes:** Analytical & Quant Thought

**MATH 1613 Trigonometry (A)**

**Prerequisites:** MATH 1513 with grade of "C" or better or an acceptable placement score (see placement.okstate.edu).

**Description:** Trigonometric functions, solution of triangles and applications to physical sciences. Combined credit toward a degree for MATH 1513, MATH 1613 and MATH 1715 limited to six hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**General Education and other Course Attributes:** Analytical & Quant Thought

**MATH 1715 Precalculus (A)**

**Prerequisites:** An acceptable placement score (see http://placement.okstate.edu). One year of high school geometry and two years of high school algebra recommended.

**Description:** Includes an integrated treatment of topics from College Algebra and Trigonometry. Combined credit toward a degree for MATH 1513, MATH 1613 and MATH 1715 limited to six hours. Satisfies the six hour general education Analytical and Quantitative Thought requirement.

**Credit hours:** 5

**Contact hours:** Lecture: 5 Contact: 5

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**General Education and other Course Attributes:** Analytical & Quant Thought

**MATH 1813 Preparation for Calculus (A)**

**Prerequisites:** MATH 1513 with grade of "C" or better or an acceptable placement score (see placement.okstate.edu).

**Description:** A conceptual approach to the algebra and trigonometry needed for calculus. Trigonometry from the perspective of the unit circle and right triangles, behavior of trigonometric functions, and basic identities. Functions arising in calculus and the notion of an inverse function, especially in the context of trigonometric, logarithmic, and exponential functions. Rates of change and the limiting process. Combined credit toward a degree for MATH 1513, MATH 1613, and MATH 1813 limited to six hours. May not be used for degree credit with MATH 1715.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**General Education and other Course Attributes:** Analytical & Quant Thought

**Additional Fees:** MATH Corequisite Lab fee of \$90 applies.

**MATH 1910 Special Studies**

**Prerequisites:** Consent of instructor.

**Description:** Special subjects in mathematics. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Mathematics

**MATH 2103 Business Calculus (A)**

**Prerequisites:** A grade of "C" or better in one of MATH 1483 or MATH 1513 or MATH 1715 or MATH 1813, or an acceptable placement score (see http://placement.okstate.edu).

**Description:** An introduction to calculus in the context of applications to business. Previously offered as MATH 2713.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Contact: 3 Other: 1

**Levels:** Undergraduate

**Schedule types:** Discussion, Combined lecture & discussion, Lecture

**Department/School:** Mathematics

**General Education and other Course Attributes:** Analytical & Quant Thought

**MATH 2123 Calculus for Technology Programs I (A)**

**Prerequisites:** MATH 1613 with a grade of "C" or better, or MATH 1715 with a grade of "C" or better, or MATH 1813 with a grade of "C" or better, or an acceptable placement score (see placement.okstate.edu).

**Description:** First semester of a terminal sequence in calculus for students in the School of Technology. Functions and graphs, differentiation and integration with applications. Previously offered as MATH 2373.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**General Education and other Course Attributes:** Analytical & Quant Thought

**MATH 2133 Calculus for Technology Programs II (A)**

**Prerequisites:** A grade of "C" or better in MATH 2123 or in MATH 2144.

**Description:** Second semester of a terminal sequence in calculus for students in the School of Technology. Calculus of trigonometric, exponential and logarithmic functions and applications to physical problems. Previously offered as MATH 2383.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**General Education and other Course Attributes:** Analytical & Quant Thought

**MATH 2144 Calculus I (A)**

**Prerequisites:** MATH 1613 with grade of "C" or better, or MATH 1715 with grade of "C" or better, or MATH 1813 with grade of "C" or better, or an acceptable placement score (see placement.okstate.edu).

**Description:** An introduction to derivatives, integrals and their applications. Previously offered as MATH 2145 and MATH 2265.

**Credit hours:** 4

**Contact hours:** Lecture: 4 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**General Education and other Course Attributes:** Analytical & Quant Thought

**Additional Fees:** MATH Corequisite Lab fee of \$90 applies.

**MATH 2153 Calculus II (A)****Prerequisites:** MATH 2144 with grade of "C" or better.**Description:** A continuation of MATH 2144, including techniques of integration, series and their applications, parametric equations, and polar coordinates. Previously offered as MATH 2155, MATH 2163, and MATH 2365.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**General Education and other Course Attributes:** Analytical & Quant Thought**MATH 2163 Calculus III****Prerequisites:** MATH 2153 with grade of "C" or better.**Description:** A continuation of MATH 2153, including differential and integral calculus of functions of several variables and an introduction to vector analysis.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 2233 Differential Equations****Prerequisites:** MATH 2153 with grade of "C" or better.**Description:** Methods of solution of ordinary differential equations with applications. First order equations, linear equations of higher order, series solutions and Laplace transforms. Combined credit toward a degree for MATH 2233, MATH 3013, and MATH 3263 limited to six hours. Previously offered as MATH 2613.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 2890 Honors Experience in Math****Prerequisites:** Honors College participation and concurrent enrollment in a designated MATH course.**Description:** A supplemental Honors experience in mathematics to partner concurrently with designated MATH course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.**Credit hours:** 1**Contact hours:** Lecture: 1 Contact: 1**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**General Education and other Course Attributes:** Honors Credit**MATH 2900 Undergraduate Research****Prerequisites:** Consent of Instructor.**Description:** A guided program of independent reading and research under the direction of a faculty member. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Mathematics**MATH 2910 Special Studies****Prerequisites:** Consent of instructor.**Description:** Special subjects in mathematics. Offered for variable credit. 1-3 credit hours, maximum of 6 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Mathematics**MATH 3013 Linear Algebra (A)****Prerequisites:** MATH 2153 with a grade of "C" or better.**Description:** Algebra and geometry of finite-dimensional linear spaces, linear transformations, algebra of matrices, eigenvalues and eigenvectors. Combined credit toward a degree for MATH 2233, MATH 3013 and MATH 3263 limited to six hours.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**General Education and other Course Attributes:** Analytical & Quant Thought**MATH 3263 Linear Algebra and Differential Equations****Prerequisites:** MATH 2153 with a grade of "C" or better.**Description:** An integrated treatment of linear algebra and differential equations. Combined credit toward a degree for MATH 2233, MATH 3013, and MATH 3263 limited to six hours. Previously offered as MATH 3623.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 3303 Advanced Perspectives on Secondary Mathematics****Prerequisites:** MATH 2153 with grade of "C" or better.**Description:** A conceptually rigorous treatment of topics in secondary mathematics including functions, rates of change, and modeling with linear, exponential, logarithmic, and trigonometric functions. Emphasis on articulating ideas and developing pre-service teachers' ability to teach for understanding. No credit towards the MATH minor.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 3403 Geometric Structures for Early Childhood and Elementary Teachers****Prerequisites:** MATH 1483 or MATH 1493 or MATH 1513.**Description:** Foundations of geometry for prospective early childhood and elementary educators. Linear and angular measure, polygons and polyhedra, similarity and congruence, geometric constructions, motion and transformations. Class format may emphasize student investigation and discovery, discussion and presentation, and working with mathematical tools. This course, together with MATH 3603, prepares students for SMED 3153 and SMED 4153 and/or HDFS 3223. Previously offered as MATH 3733.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics

**MATH 3583 Introduction to Mathematical Modeling**

**Prerequisites:** MATH 2153 and MATH 3013 with grades of "C" or better.

**Description:** A project-based introduction to the core methods used in mathematical modeling: model building, computation and simulation, model verification, interpretation, and refinement. Students conduct inquiries to create and analyze mathematical models to solve problems in various scientific or business contexts, using approaches that may include discrete or continuous models, dynamical systems, stochastic processes, empirical modeling, and others. Written reports and oral presentation of solutions required. May not be used for degree credit with MATH 4583.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 3603 Mathematical Structures for Early Childhood and Elementary Teachers**

**Prerequisites:** MATH 1483 or MATH 1493 or MATH 1513.

**Description:** Foundations of mathematics and number concepts for prospective early childhood and elementary educators. Problem solving, logic, set theory, functions and relations, number systems, number theory, rational numbers, decimals and fractions, exponentiation, probability, and applications. Class format may emphasize student investigation and discovery, discussion and presentation, and working with mathematical tools. Together with MATH 3403, it prepares students for SMED 3153 and SMED 4153 and/or HDFS 3223. Previously offered as MATH 3723.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 3613 Introduction to Abstract Algebra**

**Prerequisites:** MATH 3013 with a grade of "C" or better.

**Description:** An introduction to mathematical reasoning including logical structure of statements, quantifiers, basic set theory and techniques of proof. Elementary number theory including divisors and prime factorization, the Euclidean algorithm, and modular arithmetic. Introduction to rings, integral domains, fields, and polynomial rings. Previously offered as MATH 3113.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 3890 Advanced Honors Experience in Mathematics**

**Prerequisites:** Honors College participation and concurrent enrollment in a designated MATH course.

**Description:** A supplemental Honors experience in mathematics to partner concurrently with designated upper-division MATH course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**General Education and other Course Attributes:** Honors Credit

**MATH 3910 Special Studies**

**Prerequisites:** Consent of instructor.

**Description:** Special subjects in mathematics. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Mathematics

**MATH 3933 Introduction to Mathematical Research**

**Prerequisites:** MATH 3013 with grade of "C" or better; MATH 3613 with grade of "C" or better recommended.

**Description:** A project-based introduction to the core methods used in mathematical research: computation, pattern recognition, conjecture, proof, and generalization. Students conduct inquiries in various mathematical areas to be selected from number theory, combinatorics, game theory, and others. Calculation and computer experimentation will be used to gather data and facilitate recognition of patterns. Written reports and oral presentation of solutions required.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4003 Mathematical Logic and Computability**

**Prerequisites:** MATH 3613 or PHIL 3003 or consent of instructor.

**Description:** The basic metatheorems of first order logic: soundness, completeness, compactness, Lowenheim-Skolem theorem, undecidability of first order logic, Godel's incompleteness theorem. Enumerability, diagonalization, formal systems, standard and nonstandard models, Godel numberings, Turing machines, recursive functions, and evidence for Church's thesis. Same course as PHIL 4003.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4013 Calculus of Several Variables**

**Prerequisites:** MATH 2163 and MATH 3013 with grades of "C" or better.

**Description:** Differential and integral calculus of functions of several variables, vector analysis, Stokes' Theorem, Green's Theorem and applications. May not be used for degree credit with MATH 5063.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4023 Introduction to Analysis**

**Prerequisites:** MATH 2153 and MATH 3613 with grades of "C" or better, or consent of instructor.

**Description:** An introduction to analysis of functions of one real variable emphasizing the reading and writing of mathematical proof. Basic logic, set theory, functions and relations, cardinality of sets. Structure of the real numbers, completeness, open and closed sets, compact sets. Convergence of sequences bounded and monotone sequences, subsequences. Limits of functions, continuity. May not be used for degree credit with MATH 5073.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4033 History of Mathematics**

**Prerequisites:** MATH 2153 with a grade of "C" or better.

**Description:** Historical development of mathematical ideas and methods relating to concepts of number, geometry, algebra, and other areas, from the time of the ancient Greeks through major developments in the Renaissance and 17th and 18th centuries, with a brief survey of later developments. Includes contributions from diverse cultures and individuals, and influences from astronomy and physics. The emphasis in the course will be on replicating historical techniques and relating them to contemporary practice. The course provides future secondary and college teachers with a foundation for incorporating historical perspectives in their lessons. May not be used for degree credit with MATH 5033.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4063 Advanced Linear Algebra**

**Prerequisites:** MATH 3013 and MATH 3613 with grades of "C" or better; grades of "B" or better recommended.

**Description:** A rigorous treatment of vector spaces, linear transformations, determinants, orthogonal and unitary transformations, canonical forms, bilinear and hermitian forms, and dual spaces. Honors and regular sections are offered and meet with MATH 5023. May not be used for degree credit with MATH 5023.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4083 Intermediate Analysis**

**Prerequisites:** MATH 4023 with grade of "C" or better.

**Description:** Continuation of MATH 4023. Review of limits and continuity. Properties of continuous functions, uniform continuity, the derivative, the Mean Value Theorem. The Riemann integral, the Fundamental Theorem of Calculus. Infinite series, power series, pointwise and uniform convergence of series of functions. May not be used for degree credit with MATH 5083.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4143 Advanced Calculus I**

**Prerequisites:** MATH 2163, MATH 3013, and MATH 4023 with grades of "C" or better; grades of "B" or better recommended.

**Description:** A rigorous treatment of calculus for functions of one and several variables. Elementary topology of Euclidean and metric spaces, continuity and uniform continuity, differentiation and integration in one variable. Honors and regular sections are offered and meet with MATH 5043. May not be used for degree credit with MATH 5043.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4153 Advanced Calculus II**

**Prerequisites:** MATH 4143 with grade of "C" or better; grade of "B" or better recommended.

**Description:** Continuation of MATH 4143. A rigorous treatment of sequences and series of functions, uniform convergence, and differentiation and integration of vector-valued functions. Honors and regular sections are offered and meet with MATH 5053. May not be used for degree credit with MATH 5053.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4233 Intermediate Differential Equations**

**Prerequisites:** MATH 2233 and MATH 3013 with grades of "C" or better.

**Description:** Systems of differential equations, series solutions, special functions, elementary partial differential equations, Sturm-Liouville problems, stability and applications. Previously offered as MATH 4653. May not be used for degree credit with MATH 5203.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4263 Introduction to Partial Differential Equations**

**Prerequisites:** MATH 2163 and MATH 2233 and MATH 3013 with grades of "C" or better.

**Description:** Solution of the standard partial differential equations (Laplace's equation, transport equation, heat equation, wave equation) by separation of variables and transform methods, including eigenfunction expansions, Fourier and Laplace transform. Boundary value problems, Sturm-Liouville theory, orthogonality, Fourier, Bessel, and Legendre series, spherical harmonics. May not be used for degree credit with MATH 5263.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4283 Complex Variables**

**Prerequisites:** MATH 2163 with a grade of "C" or better.

**Description:** Properties of complex numbers, analytic functions of a complex variable, contour integrals, Cauchy's Integral Theorem, power series and Laurent series, residues and poles, conformal mapping, and applications. Previously offered as MATH 4673. May not be used for degree credit with MATH 5273.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4343 Introduction to Topology**

**Prerequisites:** MATH 4023 with a grade of "C" or better.

**Description:** Topological spaces, basic point-set topology, introduction to surfaces and three-manifolds, introduction to knot theory, applications.

May not be used for degree credit with MATH 5343.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4403 Geometry**

**Prerequisites:** MATH 3013 and MATH 3613 with grades of "C" or better.

**Description:** A rigorous and thorough development of plane geometry including lines, triangles, and circles. Congruence of figures using rigid motions and similarity using dilations. Construction of geometric figures. Additional topics may include non-Euclidean geometries and higher dimensional geometry. Previously offered as MATH 4043.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4423 Geometry and Algorithms in Three-Dimensional Modeling**

**Prerequisites:** MATH 2163 and MATH 3013 and (CS 1103 or CS 1113 or ENGR 1412) with grades of "C" or better.

**Description:** A project-based introduction to 3D computer-aided design tools from a mathematical perspective. Students will learn some of the mathematical background behind computer representation and manipulation of 3D geometry and will apply their knowledge, via both graphical user and programming interfaces, to design and 3D-print models visualizing mathematical concepts. Written reports and oral presentation required. May not be used for degree credit with MATH 5423.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4453 Mathematical Interest Theory**

**Prerequisites:** MATH 2153 and MATH 2233 with grades of "C" or better.

**Description:** Fundamental concepts of financial mathematics including simple and compound interest, inflation, yield rates, and equations of value for annuities, stocks, bonds, and other financial instruments.

Determining equivalent measures of interest, determining yield rates, estimating rates of return, amortization. Useful in preparing for the actuarial FM exam. May not be used for degree credit with MATH 5453.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4513 Introduction to Numerical Analysis**

**Prerequisites:** MATH 2233 and MATH 3013 with grades of "C" or better and knowledge of programming, or consent of instructor.

**Description:** Computer arithmetic and round-off errors, numerical solution to nonlinear equations, interpolation, numerical differentiation and integration, numerical solutions to ordinary differential equations, error analysis for numerical solutions and approximations. Additional topics may include direct and iterative solutions for linear systems for equations. Same course as CS 4513. May not be used for degree credit with MATH 5513.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4553 Introduction to Optimization**

**Prerequisites:** MATH 2163 and MATH 3013 with grades of "C" or better.

**Description:** A survey of optimization theory and methods for functions of several variables. Unconstrained optimization, gradient methods.

Linear programming, simplex method, duality. Nonlinear constrained optimization. May not be used for degree credit with MATH 5503.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 4590 Professional Practice in Mathematics**

**Prerequisites:** Declared major in mathematics and consent of instructor.

**Description:** Internship or practicum experience applying mathematical principles to solve problems encountered during employment or an internship in business, industry, or government. Written and oral reports may be required. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Mathematics

**MATH 4603 Intermediate Abstract Algebra****Prerequisites:** MATH 3613 with grade of "C" or better.**Description:** Introduction to groups, subgroups, homomorphisms, quotient groups. Theory of field extensions and automorphisms, introduction to Galois theory.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 4613 Abstract Algebra I****Prerequisites:** MATH 3613 with grade of "C" or better; grade of "B" or better recommended.**Description:** A rigorous treatment of group theory including subgroups and quotient groups, isomorphism and homomorphism, structure theory, group actions, and the Sylow theorems. Introduction to rings, ideals, and homomorphisms. Honors and regular sections are offered and meet with MATH 5003. May not be used for degree credit with MATH 5003.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 4623 Abstract Algebra II****Prerequisites:** MATH 4613 with grade of "C" or better; grade of "B" or better recommended.**Description:** Continuation of MATH 4613. A rigorous treatment of ring theory including ideals, homomorphism, unique factorization domains, principal ideal domains, modules and vector spaces. Field theory and Galois theory. Honors and regular sections are offered and meet with MATH 5013. May not be used for degree credit with MATH 5013.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 4663 Combinatorics****Prerequisites:** MATH 3013 with a grade of "C" or better.**Description:** Introduction to graph theory and network theory, counting techniques, generating functions, recurrence relations, and difference equations. Previously offered as MATH 4273. May not be used for degree credit with MATH 5673.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 4713 Number Theory****Prerequisites:** MATH 3613 with a grade of "C" or better.**Description:** Divisibility of integers, congruencies, quadratic residues, distribution of primes, continued fractions and the theory of ideals. Previously offered as MATH 4243. May not be used for degree credit with MATH 5713.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 4753 Introduction to Cryptography****Prerequisites:** MATH 3013 and (MATH 3613 or CS 3653) with grades of "C" or better.**Description:** Classical and modern techniques for transmitting and managing information in the presence of eavesdroppers or adversaries and the mathematical principles on which they are based. Symmetric and asymmetric ciphers such as RSA and public key cryptography. Modular arithmetic, the factoring problem, and the discrete logarithm problem. May not be used for degree credit with MATH 5753.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 4813 Groups and Representations****Prerequisites:** MATH 3013 and MATH 3613 with grades of "C" or better, or consent of instructor.**Description:** An introduction to groups, group actions, symmetry groups, representations and characters. Further topics may include infinite symmetry groups, applications to chemistry and physics, finite isometry groups and geometry. May not be used for degree credit with MATH 5803.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 4900 Undergraduate Research****Prerequisites:** Consent of instructor.**Description:** A guided program of independent reading and research under the direction of a faculty member. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Mathematics**MATH 4910 Special Studies****Prerequisites:** Consent of instructor.**Description:** Special subjects in mathematics. Offered for variable credit, 1-3 credit hours, maximum of 9 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Mathematics**MATH 4950 Problem Solving Seminar****Prerequisites:** MATH 2153 with a grade of "C" or better.**Description:** The general process of problem solving. Selected problem-solving techniques. Applications to challenging problems from all areas of mathematics. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.**Credit hours:** 1-3**Contact hours:** Lecture: 1-3 Contact: 1-3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Mathematics

**MATH 4963 Preparation for Senior Thesis**

**Prerequisites:** Consent of instructor, junior or senior standing.

**Description:** A guided program of independent reading and research under the direction of a faculty member. This course may serve as the first part of a two-semester senior thesis or senior honors thesis experience.

**Credit hours:** 3

**Contact hours:** Contact: 3 Other: 3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Mathematics

**MATH 4973 Senior Thesis**

**Prerequisites:** Consent of instructor, senior standing.

**Description:** A guided program of independent reading and research under the direction of a faculty member. The project culminates in an oral presentation, and a written report also approved by a second faculty reader.

**Credit hours:** 3

**Contact hours:** Contact: 3 Other: 3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Mathematics

**MATH 4993 Senior Honors Thesis**

**Prerequisites:** Consent of instructor, senior standing, and Honors Program participation.

**Description:** A guided program of independent reading and research under the direction of a faculty member. The project culminates in an oral presentation, and a written report also approved by a second faculty reader. Required for graduation with Departmental honors in mathematics.

**Credit hours:** 3

**Contact hours:** Contact: 3 Other: 3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Mathematics

**General Education and other Course Attributes:** Honors Credit

**MATH 5000 Master's Research and Thesis**

**Prerequisites:** Consent of advisory committee.

**Description:** Directed reading and research culminating in the master's report or master's thesis. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Mathematics

**MATH 5003 Abstract Algebra I**

**Prerequisites:** MATH 3613 with grade of "C" or better; grade of "B" or better recommended.

**Description:** A rigorous treatment of group theory including subgroups and quotient groups, isomorphism and homomorphism, structure theory, group actions, and the Sylow theorems. Introduction to rings, ideals, and homomorphisms. Meets with MATH 4613. May not be used for degree credit with MATH 4613.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5010 Seminar in Mathematics**

**Prerequisites:** Consent of instructor.

**Description:** Topics in mathematics. Offered for variable credit, 1-3 credit hours, maximum of 12 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Mathematics

**MATH 5013 Abstract Algebra II**

**Prerequisites:** A grade of "C" or better in one of MATH 4613 or MATH 5003; grade of "B" or better recommended.

**Description:** Continuation of MATH 5003. A rigorous treatment of ring theory including ideals, homomorphism, unique factorization domains, principal ideal domains, modules and vector spaces. Field theory and Galois theory. Meets with MATH 4623. May not be used for degree credit with MATH 4623.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5023 Advanced Linear Algebra**

**Prerequisites:** MATH 3013 and MATH 3613 with grades of "C" or better; grades of "B" or better recommended.

**Description:** A rigorous treatment of vector spaces, linear transformations, determinants, orthogonal and unitary transformations, canonical forms, bilinear and Hermitian forms, and dual spaces. Meets with MATH 4063. May not be used for degree credit with MATH 4063.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5033 History of Mathematics**

**Prerequisites:** MATH 2153 with a grade of "C" or better.

**Description:** Historical development of mathematical ideas and methods relating to concepts of number, geometry, algebra, and other areas, from the time of the ancient Greeks through major developments in the Renaissance and 17th and 18th centuries, with a brief survey of later developments. Includes contributions from diverse cultures and individuals, and influences from astronomy and physics. The emphasis in the course will be on replicating historical techniques and relating them to contemporary practice. The course provides future secondary and college teachers with a foundation for incorporating historical perspectives in their lessons. May not be used for degree credit with MATH 4033.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5043 Advanced Calculus I**

**Prerequisites:** MATH 2163, MATH 3013, and MATH 4023 with grades of "C" or better; grades of "B" or better recommended.

**Description:** A rigorous treatment of calculus for functions of one and several variables. Elementary topology of Euclidean and metric spaces, continuity and uniform continuity, differentiation and integration in one variable. Meets with MATH 4143. May not be used for degree credit with MATH 4143.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5053 Advanced Calculus II**

**Prerequisites:** A grade of "C" or better in one of MATH 4143 or MATH 5043; grade of "B" or better recommended.

**Description:** Continuation of MATH 5043. A rigorous treatment of sequences and series of functions, uniform convergence, and differentiation and integration of vector-valued functions. Meets with MATH 4153. May not be used for degree credit with MATH 4153.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5063 Calculus of Several Variables**

**Prerequisites:** MATH 2163 and MATH 3013 with grades of "C" or better.

**Description:** Differential and integral calculus of functions of several variables, vector analysis, Stokes' Theorem, Green's Theorem and applications. May not be used for degree credit with MATH 4013.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5073 Introduction to Analysis**

**Prerequisites:** MATH 2153 and MATH 3613 with grades of "C" or better, or consent of instructor.

**Description:** An introduction to analysis of functions of one real variable emphasizing the reading and writing of mathematical proof. Basic logic, set theory, functions and relations, cardinality of sets. Structure of the real numbers, completeness, open and closed sets, compact sets. Convergence of sequences bounded and monotone sequences, subsequences. Limits of functions, continuity. May not be used for degree credit with MATH 4023.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5083 Intermediate Analysis**

**Prerequisites:** MATH 4023 with grade of "C" or better.

**Description:** Continuation of MATH 4023. Review of limits and continuity. Properties of continuous functions, uniform continuity, the derivative, the Mean Value Theorem. The Riemann integral, the Fundamental Theorem of Calculus. Infinite series, power series, pointwise and uniform convergence of series of functions. May not be used for degree credit with MATH 4083.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5133 Stochastic Processes**

**Prerequisites:** MATH 2233, MATH 3013 and STAT 5123.

**Description:** Definition of stochastic processes, probability structure, mean and covariance function, the set of sample functions, stationary processes and their spectral analysis, renewal processes, counting analysis, discrete and continuous Markov chains, birth and death processes, exponential model, queuing theory. Same course as IEM 5133 & STAT 5133.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5143 Real Analysis I**

**Prerequisites:** MATH 4153 or MATH 5053.

**Description:** Measure theory, measurable functions, integration and differentiation of functions.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5153 Real Analysis II**

**Prerequisites:** MATH 5143.

**Description:** Differentiation with respect to measures. Aspects of point set topology: nets, locally compact spaces, product spaces. Elementary functional analysis: Hahn-Banach, uniform boundedness, open mapping theorems, weak topologies, Hilbert spaces. Riesz representation theorems: duals of Lebesgue spaces and spaces of continuous functions. Other topics may include: elements of Fourier analysis, distribution theory, Stone-Weierstrass theorem.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5193 Differentiable Manifolds**

**Prerequisites:** MATH 4153 or MATH 5053; recommended MATH 4343 or MATH 5303.

**Description:** Differentiable manifolds and maps, tangent vectors, vector fields, integral curves, submanifolds, differential forms, and integration. Additional topics may be selected from: flows, Lie derivatives, the Frobenius theorem, structures defined by differential forms, vector bundles and de Rham theory.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5203 Intermediate Differential Equations**

**Prerequisites:** MATH 2233 and MATH 3013 with grades of "C" or better.

**Description:** Systems of differential equations, series solutions, special functions, elementary partial differential equations, Sturm-Liouville problems, stability and applications. Previously offered as MATH 4653. May not be used for degree credit with MATH 4233.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5213 Fourier Analysis and Wavelets**

**Prerequisites:** MATH 4013 or MATH 4023.

**Description:** Orthogonal series expansions, Fourier series and integrals and boundary value problems. Haar wavelets and multiresolution analysis. Applications.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5233 Partial Differential Equations**

**Prerequisites:** MATH 4013, MATH 4143 and MATH 4233 or consent of instructor.

**Description:** Representation formulas for solutions of transport equation, Laplace's equation, heat equation and wave equation, mean value theorems, maximum principle, Green's functions, characteristics, eigenvalue problems, separation of variables, transform methods, variational methods, general theory of first order equations.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5243 Ordinary Differential Equations**

**Prerequisites:** MATH 4143 or MATH 5043; MATH 4233; MATH 5023.

**Description:** Banach space, contraction mapping principle, existence and uniqueness theorems, linear systems, higher-order linear equations, boundary value and eigenvalue problems, stability and asymptotic behavior, attractors, Gronwall's inequality, Liapunov method.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5253 Advanced Ordinary Differential Equations**

**Prerequisites:** MATH 5243.

**Description:** Selected topics in ordinary differential equations.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5263 Introduction to Partial Differential Equations**

**Prerequisites:** MATH 2163 and MATH 2233 and MATH 3013 with grades of "C" or better.

**Description:** Solution of the standard partial differential equations (Laplace's equation, transport equation, heat equation, wave equation) by separation of variables and transform methods, including eigenfunction expansions, Fourier and Laplace transform. Boundary value problems, Sturm-Liouville theory, orthogonality, Fourier, Bessel, and Legendre series, spherical harmonics. May not be used for degree credit with MATH 4263.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5273 Complex Variables**

**Prerequisites:** MATH 2163 with a grade of "C" or better.

**Description:** Properties of complex numbers, analytic functions of a complex variable, contour integrals, Cauchy's Integral Theorem, power series and Laurent series, residues and poles, conformal mapping, and applications. Previously offered as MATH 4673. May not be used for degree credit with MATH 4283.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5283 Complex Analysis I**

**Prerequisites:** MATH 4153 or MATH 5053.

**Description:** Basic topology of the plane, functions of a complex variable, analytic functions, transformations, infinite series, integration and conformal mapping.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5293 Complex Analysis II**

**Prerequisites:** MATH 5283.

**Description:** Riemann Mapping Theorem, meromorphic functions, analytic continuation, Dirichlet problem, and entire functions.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5303 General Topology**

**Prerequisites:** MATH 4143 or MATH 5043 or consent of instructor.

**Description:** Basic properties of topological spaces and continuous functions, including connectedness, compactness, and separation and countability axioms. Metric, product, and quotient spaces, Urysohn lemma, and Tietze extension theorem.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5313 Geometric Topology**

**Prerequisites:** MATH 4613 or MATH 5003, MATH 5303.

**Description:** Manifolds, complexes, the fundamental group, covering spaces, combinatorial group theory, the Seifert-Van Kampen theorem, and related topics.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5343 Introduction to Topology**

**Prerequisites:** MATH 4023 with a grade of "C" or better.

**Description:** Topological spaces, basic point-set topology, introduction to surfaces and three-manifolds, introduction to knot theory, applications. May not be used for degree credit with MATH 4343.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5413 Differential Geometry**

**Prerequisites:** MATH 4013 or MATH 4143 or MATH 5043.

**Description:** Differential manifolds, vector fields, differential forms, connections, Riemannian metrics, geodesics, completeness, curvature, and related topics.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5423 Geometry and Algorithms in Three-Dimensional Modeling**

**Prerequisites:** MATH 2163 and MATH 3013 and (CS 1113 or ENGR 1412) with grades of "C" or better.

**Description:** A project-based introduction to 3D computer-aided design tools from a mathematical perspective. Students will learn some of the mathematical background behind computer representation and manipulation of 3D geometry and will apply their knowledge, via both graphical user and programming interfaces, to design and 3D-print models visualizing mathematical concepts. Written reports and oral presentation required. May not be used for degree credit with MATH 4423.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5453 Mathematical Interest Theory**

**Prerequisites:** MATH 2153 and MATH 2233 with grades of "C" or better.

**Description:** Fundamental concepts of financial mathematics including simple and compound interest, inflation, yield rates, and equations of value for annuities, stocks, bonds, and other financial instruments. Determining equivalent measures of interest, determining yield rates, estimating rates of return, amortization. Useful in preparing for the actuarial FM exam. May not be used for degree credit with MATH 4453.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5473 Financial Calculus**

**Prerequisites:** MATH 4143 or MATH 5043, STAT 4203 or consent of instructor.

**Description:** Introduction to derivative pricing and market derivatives. Introduction to the Ito-Doebelin calculus and martingales; the martingale properties of Brownian motion, the Black-Scholes-Merton theory as a simple, special case of martingale pricing, market models of modern fixed income pricing. Insurance, hedging, and options.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5503 Introduction to Optimization**

**Prerequisites:** MATH 2163 and MATH 3013 with grades of "C" or better.

**Description:** A survey of optimization theory and methods for functions of several variables. Unconstrained optimization, gradient methods. Linear programming, simplex method, duality. Nonlinear constrained optimization. May not be used for degree credit with MATH 4553.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5513 Introduction to Numerical Analysis**

**Prerequisites:** MATH 2233 and MATH 3013 with grades of "C" or better and knowledge of programming, or consent of instructor.

**Description:** Computer arithmetic and round-off errors, numerical solution to nonlinear equations, interpolation, numerical differentiation and integration, numerical solutions to ordinary differential equations, error analysis for numerical solutions and approximations. Additional topics may include direct and iterative solutions for linear systems of equations. May not be used for degree credit with MATH 4513 or CS 4513.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5543 Numerical Analysis for Differential Equations****Prerequisites:** MATH 4233, MATH 4513 or CS 4513.**Description:** Advanced machine computing, algorithms, analysis of truncation and rounding errors, convergence and stability applied to discrete variables, finite elements, and spectral methods in ordinary and partial differential equations.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 5553 Numerical Analysis for Linear Algebra****Prerequisites:** MATH 3013, and MATH 4513 or CS 4513.**Description:** Advanced machine computing, algorithms, analysis of rounding errors, condition, convergence, and stability applied to direct and iterative solution of linear systems of equations, linear least squares problems, and algebraic eigenvalue problems, including LU and QR factorization, conjugate gradients, QR algorithm, and Lanczos method.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 5563 Finite Element Methods for Partial Differential Equations****Prerequisites:** MATH 4023; MATH 4263; and MATH 4513 or CS 4513 or equivalent. MATH 4143 or MATH 5043 preferred.**Description:** Theory and practice of finite element methods, including elliptic boundary value problems, weak formulations, the Ritz-Galerkin method, conforming and non-conforming finite elements, error estimates, and numerical experiments.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 5580 Case Studies in Applied Mathematics****Prerequisites:** MATH 2233, MATH 4013, and knowledge of computer programming.**Description:** Selected mathematical problems from industry. Independent problem-solving, oral presentation of solutions, and technical report writing. Seminar-style format. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Mathematics**MATH 5593 Methods of Applied Mathematics****Prerequisites:** MATH 2233, MATH 4013, and knowledge of computer programming.**Description:** Continuous and discrete techniques in modern applied mathematics. Positive definite matrices, eigenvalues and dynamical systems, discrete and continuous equilibrium equations, least squares estimation and the Kalman filter, potential flow, calculus of variations, network flows, and combinatorics.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 5613 Algebra I****Prerequisites:** MATH 4613 or MATH 5003.**Description:** A rigorous treatment of classical results in group theory, ring theory, and field theory.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 5623 Algebra II****Prerequisites:** MATH 5613.**Description:** A rigorous treatment of classical results in module theory, multilinear algebra, and representation theory.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 5673 Combinatorics****Prerequisites:** MATH 3013 with a grade of "C" or better.**Description:** Introduction to graph theory and network theory, counting techniques, generating functions, recurrence relations, and difference equations. May not be used for degree credit with MATH 4663.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 5713 Number Theory****Prerequisites:** MATH 3613 with a grade of "C" or better.**Description:** Divisibility of integers, congruencies, quadratic residues, distribution of primes, continued fractions and the theory of ideals. May not be used for degree credit with MATH 4713.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 5753 Introduction to Cryptography****Prerequisites:** MATH 3013 and (MATH 3613 or CS 3653) with grades of "C" or better.**Description:** Classical and modern techniques for transmitting and managing information in the presence of eavesdroppers or adversaries and the mathematical principles on which they are based. Symmetric and asymmetric ciphers such as RSA and public key cryptography. Modular arithmetic, the factoring problem, and the discrete logarithm problem. May not be used for degree credit with MATH 4753.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics

**MATH 5803 Groups and Representations**

**Prerequisites:** MATH 3013 and MATH 3613 with grades of "C" or better, or consent of instructor.

**Description:** An introduction to groups, group actions, symmetry groups, representations and characters. Further topics may include infinite symmetry groups, applications to chemistry and physics, finite isometry groups and geometry. May not be used for degree credit with MATH 4813.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5903 Seminar and Practicum in the Teaching of College Mathematics**

**Prerequisites:** Graduate standing in mathematics or consent of instructor.

**Description:** Foundations of college mathematics teaching, including lecturing, grading and exam preparation. Adapting classroom activities to better serve different types of learners. Current trends in mathematics education such as calculus reform, cooperative learning, and technology in the classroom. Previously offered as MATH 5902.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 5913 Introduction to Research in Mathematics Education**

**Prerequisites:** MATH 3613 or MATH 4023 or equivalent.

**Description:** Examination and critique of research in mathematics education. A comparative study of research design, analysis, and reporting of both qualitative and quantitative research.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 6000 Doctoral Research and Dissertation**

**Prerequisites:** Consent of advisory committee.

**Description:** Directed reading and research culminating in the PhD or EdD thesis. Offered for variable credit, 1-9 credit hours, maximum of 24 credit hours.

**Credit hours:** 1-9

**Contact hours:** Contact: 1-9 Other: 1-9

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Mathematics

**MATH 6010 Advanced Seminar in Mathematics**

**Prerequisites:** Consent of instructor and student's advisory committee.

**Description:** Directed reading on advanced topics in mathematics. Offered for variable credit, 1-3 credit hours, maximum of 12 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Mathematics

**MATH 6090 Doctoral Research Project**

**Prerequisites:** Consent of advisory committee.

**Description:** Directed reading and research culminating in preliminary doctoral research project. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Mathematics

**MATH 6143 Functional Analysis I**

**Prerequisites:** MATH 4613 or MATH 5003 or MATH 5023, MATH 5153, MATH 5303.

**Description:** Theory of topological vector spaces including metrizability, consequences of completeness, Banach spaces, weak topologies, and convexity.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 6213 Harmonic Analysis**

**Prerequisites:** MATH 5153, MATH 5283.

**Description:** Classical results giving connections among the size of a harmonic or analytic function on a complex domain, the existence and smoothness of its boundary values, and behavior of the Fourier series; selected extensions, related topics and applications.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 6233 Advanced Partial Differential Equations**

**Prerequisites:** MATH 5233 or consent of instructor.

**Description:** Schwarz class, tempered distributions, basic linear functional analysis, Holder spaces, Sobolev spaces, spaces involving time, Sobolev inequalities, existence and regularity theory of second-order elliptic, parabolic, and hyperbolic equations, semigroup theory.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 6263 Potential Theory**

**Prerequisites:** MATH 5153 and MATH 5283.

**Description:** Subharmonic and superharmonic functions, potentials, energy problems (including problems with external fields), equilibrium measures, capacities, Dirichlet problems, regularity, Green functions, harmonic measures, conformal mappings, and applications.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Mathematics

**MATH 6283 Several Complex Variables****Prerequisites:** MATH 5283.**Description:** Elements of function theory of several complex variables, including extension phenomena, domains of holomorphy, notions of convexity, holomorphic maps, and complex analytic varieties.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 6290 Topics in Analysis****Prerequisites:** Consent of instructor.**Description:** Advanced topics in analysis. Offered for variable credit, 1-3 credit hours, maximum of 9 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Mathematics**MATH 6323 Algebraic Topology I****Prerequisites:** MATH 5313.**Description:** Chain complexes, homology and cohomology groups, the Eilenberg-Steenrod axioms, Mayer-Vietoris sequences, universal coefficient theorems, the Eilenberg-Zilber theorem and Kunneth formulas, cup and cap products, and duality in manifolds.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 6390 Topics in Topology****Prerequisites:** Consent of instructor.**Description:** Advanced topics in topology. Offered for variable credit, 1-3 credit hours, maximum of 9 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Mathematics**MATH 6433 Algebraic Geometry****Prerequisites:** MATH 5623.**Description:** Affine and projective varieties, dimension, algebraic curves, divisors and Riemann-Roch theorem for curves.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 6453 Complex Geometry****Prerequisites:** MATH 5283.**Description:** Complex manifolds, analytic sheaves, differential forms, Dolbeault cohomology, Hodge theory, line bundles, divisors, Kodaira embedding, and vanishing.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 6490 Topics in Geometry****Prerequisites:** Consent of instructor.**Description:** Advanced topics in geometry. Offered for variable credit, 1-3 credit hours, maximum of 9 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Mathematics**MATH 6513 Theoretical Numerical Analysis****Prerequisites:** MATH 5153, MATH 5543 or CS 5543, and MATH 5553 or CS 5553.**Description:** An advanced theoretical treatment based on function spaces and operator theory of algorithms for machine computing and analysis of errors.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 6590 Topics in Applied Mathematics****Prerequisites:** Consent of instructor.**Description:** Advanced topics in applied mathematics. Offered for variable credit, 1-3 credit hours, maximum of 9 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Mathematics**MATH 6613 Commutative Algebra****Prerequisites:** MATH 5623.**Description:** Commutative rings, exactness properties of modules, tensor products, integral dependence, chain conditions, completions, filtrations, local rings, dimension theory, and flatness.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 6623 Homological Algebra****Prerequisites:** MATH 5623.**Description:** Closed and projective classes, resolution and derived functors, adjoint theorem, construction of projective classes in the categories of groups, rings and modules; categories, Abelian categories.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 6690 Topics in Algebra****Prerequisites:** Consent of instructor.**Description:** Advanced topics in algebra. Offered for variable credit, 1-3 credit hours, maximum of 9 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Mathematics

**MATH 6713 Analytic Number Theory****Prerequisites:** MATH 4283 or MATH 5283.**Description:** Arithmetic functions, Zeta and L functions, distribution of primes and introduction to modular forms.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 6723 Algebraic Number Theory****Prerequisites:** MATH 5013 or MATH 5623.**Description:** Number fields, ideal theory, units, decomposition of primes, quadratic and cyclotomic fields, introduction to local fields.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 6790 Topics in Number Theory****Prerequisites:** Consent of instructor.**Description:** Advanced topics in number theory. Offered for variable credit, 1-3 credit hours, maximum of 9 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Mathematics**MATH 6813 Lie Groups and Representations****Prerequisites:** MATH 4153 or MATH 5053, MATH 4613 or MATH 5003, MATH 5303.**Description:** Differentiable manifolds, vector fields, Lie groups, exponential map, homogeneous spaces, representations of compact Lie groups, and maximal tori.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 6823 Lie Algebras****Prerequisites:** MATH 5013 and MATH 5023.**Description:** Matrix groups, Lie algebras, root systems, structure of semisimple Lie algebras, universal enveloping algebra, and representations of lie algebras.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Mathematics**MATH 6890 Topics in Representation Theory****Prerequisites:** Consent of instructor.**Description:** Advanced topics in representation theory. ## Undergraduate Programs

- Mathematics, BA (p. 1454)
- Mathematics, BS (p. 1457)
- Mathematics: Actuarial Science and Financial Mathematics, BS (p. 1460)
- Mathematics: Applied Mathematics, BS (p. 1463)
- Mathematics: Pre-Law, BS (p. 1467)
- Mathematics: Pre-Medical Sciences, BS (p. 1470)
- Mathematics: Secondary Teacher Certification, BS (p. 1473)

## Graduate Programs

The Department of Mathematics offers programs leading to the Master of Science and Doctor of Philosophy degrees.

## Prerequisites

A student beginning graduate study in mathematics is expected to have had, as an undergraduate, at least 18 semester hours in mathematics beyond elementary integral calculus including courses in differential equations, linear algebra, modern algebra and modern analysis. An applicant whose preparation is deficient may be admitted to the program, if otherwise qualified, but will be required to correct the deficiency, increasing somewhat the time required to complete work for the degree. Prospective graduate students are advised to take at least introductory courses in related fields such as physics, statistics and computer science.

## The Master of Science Degree

The department offers three tracks in the Master of Science degree, computational and applied mathematics, mathematics education and pure mathematics. Each degree requires 33 credit hours of graduate course work in mathematics or related subjects. Two of these hours are waived if a master's thesis is written. Each student must have a grade of "A" or "B" in 18 hours of core coursework.

## The Doctor of Philosophy Degree

The department offers three tracks for the PhD degree: applied mathematics, mathematics education and pure mathematics. Admission to the PhD program is granted only to students with superior records in their previous graduate or undergraduate study. A minimum of 90 semester credit hours of graduate credit beyond the bachelor's degree or 60 hours of beyond the master's degree is required for the PhD degree. Each student has an individual doctoral committee that advises the student in the formulation of an approved plan of study for the degree. Each student must have a grade of "A" or "B" in 15 hours of core coursework, complete a preliminary research project, and pass a qualifying exam.

The most important requirement for the PhD degree is the preparation of an acceptable dissertation. This dissertation must demonstrate the candidate's ability to do independent, original work in mathematics, or mathematics education.

## Minors

- Actuarial Science (ACSC), Minor (p. 1452)
- Mathematics (MATH), Minor (p. 1453)

## Faculty

Jay Schweig, PhD—Head and Associate Professor

**Regents Professor:** Jiahong Wu, PhD (AT&T Professor)

**Professors:** Leticia Barchini, PhD; Christopher Francisco, PhD (Vice Provost); Amit Ghosh, PhD; Anthony Kable, PhD; JaEun Ku, PhD; Jiří Lebl, PhD; Lisa A. Mantini, PhD; J. Robert Myers, PhD; Alan Noell, PhD; Michael Oehrtman, PhD (Noble Professor); Igor Pritsker, PhD (Vaughn Professor); David J. Wright, PhD

**Associate Professors:** Mahdi Asgari, PhD; John Paul Cook, PhD; Paul Fili, PhD (Associate Head); Neil Hoffman, PhD; Ning Ju, PhD; Jeffrey Mermin, PhD; Anand Patel, PhD; Edward Richmond, PhD; Henry Segerman, PhD; Michael Tallman, PhD; Xu Zhang, PhD

**Assistant Professors:** Sean Curry, PhD; John Doyle, PhD; Melissa Emory, PhD; Maria Fox, PhD; Cuiyu He, PhD; Lucas Martins Stolerman, PhD; Jayan Mukherjee, PhD; Xukai Yan, PhD

**Teaching Associate Professors:** Lee Ann Brown, MS; Cynthia Francisco, MS; Melissa Mills, PhD

**Teaching Assistant Professors:** Allison Dorko, PhD; Detelin Dosev, PhD; Donna Rae Tree, MS

**Postdoctoral Fellows:** Alessandra Costantini, PhD; Jonathan Johnson, PhD; Chanaka Kottegoda, PhD; Luka Mernik, PhD

**Professors Emeriti:** Alan Adolphson, PhD; Douglas B. Aichele, EdD; Dale E. Alspach, PhD; Dennis Bertholf, PhD; Birne Binengar, PhD; Herman Burchard, PhD; James R. Choike, PhD; Bruce C. Crauder, PhD; Benny Evans, PhD; William Jaco, PhD; Marvin S. Keener, PhD; Ignacy Kotlarski, PhD; Weiping Li, PhD; David J. Ullrich, PhD; John Wolfe, PhD; Roger Zierau, PhD

## Actuarial Science (ACSC), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

**Minimum Grade-Point Average:** 2.50 with no grade below "C."

**Total Hours:** 28

Code	Title	Hours
<b>Required Courses</b>		
ACCT 2003	Survey of Accounting <sup>1</sup>	3
ECON 2103	Introduction to Microeconomics (S) <sup>1</sup>	3
FIN 3113	Finance <sup>1, 2</sup>	3
MATH 2144	Calculus I (A)	4
MATH 2153	Calculus II (A)	3
MATH 2163	Calculus III	3
MATH 2233	Differential Equations	3
MATH 4453	Mathematical Interest Theory <sup>2</sup>	3
STAT 4203	Mathematical Statistics I <sup>2</sup>	3
<b>Total Hours</b>		<b>28</b>

1

Courses intended to meet the Society of Actuaries VEE (Validation by Educational Experience) requirements should be completed with a grade of "B" or better.

2

All upper-division courses must be completed at OSU.

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

## Mathematics (MATH), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

**Britney Mann**, 401 MSCS, 405-744-5688

**Minimum Grade Point Average in Minor Coursework:** 2.00 with no grade below "C."

**Total Hours:** 22

Code	Title	Hours
<b>Minor Requirements</b>		
MATH 2144	Calculus I (A)	4
MATH 2153	Calculus II (A)	3
MATH 2163	Calculus III	3
Select 12 hours of MATH for which Calculus II (MATH 2153) is a prerequisite. <sup>1</sup>		12
<b>Total Hours</b>		<b>22</b>

<sup>1</sup>

9 hours must be upper-division; 3 hours must be at the 4000-level. MATH 3303 Advanced Perspectives on Secondary Mathematics is not permitted.

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

MATH 4083	Intermediate Analysis	
MATH 4143	Advanced Calculus I <sup>2</sup>	
MATH 4153	Advanced Calculus II	
Select 3 hours from one of the following groups:		3
<i>Geometry or Topology</i>		
MATH 4343	Introduction to Topology	
MATH 4403	Geometry	
MATH 5413	Differential Geometry	
<i>Applied Math</i>		
MATH 4233	Intermediate Differential Equations	
MATH 4263	Introduction to Partial Differential Equations	
MATH 4513	Introduction to Numerical Analysis	
MATH 4553	Introduction to Optimization	
Select 3 hours of 4000-level courses in MATH or STAT		3

2

Recommended as preparation for doctoral study.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below

B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Select 6 hours of 4000-level courses in MATH or STAT		6

3

Recommended as preparation for doctoral study.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

1

Speak with academic advisor about saving General Education electives and Humanities (H) for Upper-division courses with International (I) and Diversity (D) dimensions.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to

# Mathematics: Actuarial Science and Financial Mathematics, BS

<b>Total Hours</b>		<b>120</b>

1

College and Departmental Requirements that may be used to meet General Education requirements.

2

Minimum grade of B required for the Society of Actuaries' Validation by Educational Experience (VEE) certification.

3

MSIS 2103 is required when MSIS 3103 or 3393 are selected.

4

These courses should be selected when including pre-MBA preparation.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum grade of "C" or "P" in all MATH courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and

Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.

### 2. A&S College/Departmental Requirements

- a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
- b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
- c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency

from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum grade of “C” or “P” in all required MATH courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student’s major department. This requirement may be satisfied by courses also used to satisfy any part of a student’s degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student’s degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript

which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours
<b>Freshman</b>		
<b>Fall</b>		
ENGL 1113 or ENGL 1313	Composition I or Critical Analysis and Writing I	3

<b>Total Hours</b>		<b>120</b>

1

College and Departmental Requirements that may be used to meet General Education Requirements.

2

With departmental approval, up to 30 hours from an accredited doctoral law program may be substituted for these areas.

3

These courses should be selected when including pre-MBA preparation.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.50 GPA in all required MATH courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

1

College and Departmental Requirements that may be used to meet General Education Requirements.

2

STAT 4023 Statistical Methods II, STAT 4043 Applied Regression Analysis or STAT 4063 Statistical Methods II for the Social Sciences recommended.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.50 GPA in all required MATH courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language

(passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours
<b>Freshman</b>		
<b>Fall</b>		
ENGL 1113 or ENGL 1313	Composition I or Critical Analysis and Writing I	3
MATH 2144	Calculus I (A)	4

<b>Hours Subtotal</b>		<b>61</b>
<b>Electives</b>		
Select 6 hours		6
May need to include 6 hours of a foreign language (see note 3)		
May need to include 6 hours upper-division general education outside major department (see note 2.c.)		

MATH 1513 and MATH 1813 required for students who do not place directly into MATH 2144.

<b>Hours Subtotal</b>	<b>6</b>
<b>Total Hours</b>	<b>120</b>

1

College and Departmental Requirements that may be used to meet General Education Requirements.

2

Minimum GPA 2.50 and minimum grade of "C" or "P" for courses in Mathematics core and those denoted with <sup>2</sup>.

3

Full admission to Professional Education is required.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing

an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

1

Speak with academic advisor about saving General Education electives and Humanities (H) for Upper-division courses with International (I) and Diversity (D) dimensions.

## School of Media and Strategic Communications

At Oklahoma State University, the professional areas of mass communication are grouped in the School of Media and Strategic Communications (SMSC). These areas seek to complement each other with a minimum of duplication. Degrees offered include a Bachelor of Arts or a Bachelor of Science in the following:

- Multimedia Journalism
- Sports Media
- Strategic Communication

A modern democratic society cannot live by its ideals if its mass media practitioners are merely competent technicians who worry less about what is reported to the people than how it is reported. Citizens must have accurate information about social, political and economic problems as well as knowledge of actions taken by government agencies and organizations at all levels. From village council to Supreme Court, there can be no exception from the rule that public business is the public's business.

To speak to people through different media, whether as a journalist or a strategic communication practitioner, requires knowledge of the people to whom or on whose behalf one wishes to speak and an understanding of the world in which they live. Therefore, the curricula of the School of Media and Strategic Communications are designed to offer more than training in communication techniques. Three-quarters of the SMSC student's time at the University is devoted to a liberal education in the arts and sciences. At the same time, the student gains competence in a professional field through courses in the School of Media and Strategic Communications.

On graduation, undergraduate students in the School of Media and Strategic Communications will be able to:

1. Demonstrate an understanding of the relevant constitutional freedoms, legal issues and ethical principles in mass communications,
2. Demonstrate an understanding of the relevance of human diversity in mass communications,
3. Demonstrate an understanding of the history and social role of mass communications,
4. Demonstrate critical, creative and individual thinking,
5. Demonstrate an understanding of the relevant theories and concepts of mass communications,
6. Demonstrate an understanding of the methods and techniques of research and information gathering,
7. Demonstrate appropriate writing, editing and production techniques in mass communications, and
8. Demonstrate an understanding of relevant planning and management methods in mass communications.

### Accreditation

The undergraduate programs of study in the School of Media and Strategic Communications are accredited by the Accrediting Council on Education in Journalism and Mass Communication.

### Admission to the Undergraduate Program

A 2.75 graduation retention GPA and at least 24 hours completed required to initially declare major.

### Undergraduate Proficiency Review

Successfully passing the proficiency review is required to enroll in upper-division major requirements. The Proficiency Review includes:

1. 2.75 graduation retention GPA;
2. At least 12 OSU earned hours and a 2.75 graduation retention GPA in those hours;
3. Grade of "C" or better for MC 2003 and MC 2023; and
4. Passing score on the Language Proficiency Exam. Students are permitted two attempts to pass the Language Proficiency Exam. Students who fail to pass the Language Proficiency Exam after two attempts will be suspended from the SMSC major and not eligible for readmission.

### Requirements for Graduation

The degree programs of study offered in the School of Media and Strategic Communications are built around strong writing, liberal arts and professional components. Of the 120 hours required to earn a degree in SMSC, students must complete up to 45 semester hours in media and strategic communications courses.

Students must have a minimum 2.5 GPA in all SMSC courses and major requirements with a minimum grade of "C" in each course. No more than 12 hours in SMSC courses may be transferred from other institutions.

All SMSC majors are required to develop and maintain a portfolio exhibiting their best and most appropriate work as well as assignments required for the portfolio. Portfolios will be turned in during senior capstone courses as part of their graduation requirements. School faculty, staff and industry professionals will evaluate these portfolios periodically and offer guidance and constructive criticism. It is anticipated that the portfolios will be helpful in showcasing students' performance when they apply for internships or jobs.

### Multimedia Journalism

The many changes in the media environment require that students should have expertise in journalism and storytelling in all media formats. The degree in multimedia journalism will allow graduates to work with any media platform, be it print, television, radio or the internet. While students will develop their skills across all media platforms they will be able to specialize in one of two areas: multimedia journalism, news or multimedia journalism, production.

Students learn the basics of journalism writing and reporting for print, online, audio and video production on state-of-the-art equipment and are challenged to put their skills to use by participating in the daily operations of Student Media at OSU available through the O'Colly Media Group. The O'Colly Media Group offers TV, radio, print, creative and sales opportunities through: Advertising, The O'Colly radio (podcasts and KXZY), The Daily O, One on One, The Franchise Show, Petes' Corner, the Poke Report and Modmuze. Students also create content for OState.tv, the OSU online TV station. Students gain on-the-job multimedia experience through internships and some hold part-time jobs as campus correspondents for various publications or work for media in the Stillwater area.

Internships at broadcast and cable outlets in the region also provide students with on-the-job experience and a valuable opportunity to work with seasoned media professionals. Many juniors and seniors find this work a source of revenue to assist them in the cost of their education.

The multimedia program is affiliated with the Oklahoma Press Association, Southwest Journalism Congress, the Society of Professional Journalists, the National Association of Black Journalists, the National Association of FM Broadcasters, Radio Advertising Bureau, Oklahoma Association of Broadcasters, Oklahoma Broadcast Education Association, National Association of Broadcasters, Broadcast Education Association and National Public Radio.

## Sports Media

This program, one of very few undergraduate degrees in sports media in the United States, offers students the option of concentrating in sports digital production or sports journalism.

Students pursuing an undergraduate degree in sports media from OSU receive classic hands-on training in all aspects of the industry. Depending on the area of concentration, coursework may include sports writing, play-by-play announcing, field production, and media relations. Sports media students are also challenged to put their skills to use by participating in the daily operations of Student Media at OSU available through the O'Colly Media Group. The O'Colly Media Group offers TV, radio, print, creative and sales opportunities through: Advertising, The O'Colly radio (podcasts and KXZY), The Daily O, One on One, The Franchise Show, Petes' Corner, the Poke Report and Modmuze. Students also create content for OState.tv, the OSU online TV station. Students gain on-the-job experience through internships and some hold part-time jobs as campus correspondents for various publications or work for media in the Stillwater area. Students have many nationally-recognized organizations to join including the Sports Media Club, Association for Women in Sports Media and Associated Press Sports Editors.

Oklahoma State University and the School of Media and Strategic Communications enjoy a special relationship with sports media throughout the country. As a major sports venue, the OSU campus is visited regularly by national and regional sports media - both print and broadcast - to cover major sporting events. These media organizations routinely utilize SMSC student workers. The 2004 debut of ESPNU was telecast from Stillwater because the campus represents classic collegiate sports, and because the network producers were able to rely on a supply of ready and trained media and strategic communications students.

The sports media faculty has strong professional backgrounds in the field and offers students the solid foundation in both theory and practice that prepare them for a variety of career paths.

## Strategic Communication

Communication professionals are needed in all industries. Industry employers require communication professionals to be skilled in writing, content creation, research, strategic planning and critical thinking.

Students in strategic communications learn and practice communication methods used in public relations, advertising, social media and entertainment media. Strategic communication courses focus on a thorough understanding of the social, political and economic systems of society and develop writing and content-creation skills that apply across

all media platforms, such as print, television, radio, websites, social media, etc.

A degree in strategic communication prepares students to be professional communicators in any environment, such as counseling firms, advertising agencies, corporate communications, nonprofit organizations, or even their own businesses. The ultimate objective of this degree is to prepare students to be the future leaders in their field. Coursework prepares students to write and communicate effectively because good writing skills remain the foundation of professional communication. Coursework also focuses on strategic and critical thinking, which are skills needed for leaders in the field. This degree also grounds students in a thorough knowledge of gathering and analyzing data relevant to their practice and in communication management principles. Students complete their degree with a capstone campaign course, where students integrate and apply knowledge gained in their undergraduate work to a single strategic communication campaign.

There are three options to choose from for the Strategic Communications degree: SC: Advertising and Public Relations and SC: Social Media are both offered on the OSU-Stillwater campus while SC: Entertainment Media is offered on the OSU-Tulsa campus.

Strategic communication students are challenged to put their skills to use by participating in the daily operations of Student Media at OSU available through the O'Colly Media Group. The O'Colly Media Group offers TV, radio, print, creative and sales opportunities through: Advertising, The O'Colly radio (podcasts and KXZY), The Daily O, One on One, The Franchise Show, Petes' Corner, the Poke Report and Modmuze. Students also create content for OState.tv, the OSU online TV station. Students gain on-the-job experience through internships and some hold part-time jobs as campus correspondents for various publications or work for media in the Stillwater area. Students also create content for OState.tv, the OSU online TV station. Students gain on-the-job experience through internships and some hold part-time jobs as campus correspondents for various publications or work for media in the Stillwater area. Each year, SMSC participates in the National Student Advertising Competition, NSAC. The SMSC NSAC team has been nationally recognized numerous times.

The Strategic Communication program is affiliated with the American Advertising Federation, the American Academy of Advertising, the Public Relations Society of America and the Association of Women in Communication.

For more information, please go to [media.okstate.edu](http://media.okstate.edu) (<http://media.okstate.edu>).

## Courses

### MC 1143 Media in a Diverse Society (DS)

**Description:** A study of the media and their effect on our culture, with an emphasis on the media's role in racial, gender and sexual orientation issues in the United States. By analyzing the mass media, we learn to interpret the consequences of the stories they tell. An introductory survey course for majors and non-majors. Previously offered as JB 1143.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

**General Education and other Course Attributes:** Diversity, Social & Behavioral Sciences

**MC 2003 Mass Media Style and Structure**

**Prerequisites:** ENGL 1213 or ENGL 1223 or ENGL 1413 with grade of "C" or higher, and departmental majors only.

**Description:** Teaches basic writing skills vital to any career in mass communication. Emphasizes language skills with a focus on the rules of grammar and the meaning of words. Also teaches the basic strategies of information gathering, including how to glean accurate and useful background information from traditional and online sources. Introduces students to the fundamental writing styles and objectives required to convey information in different media. Previously offered as JB 2003, JB 1393, and JM 1123.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Media & Strategic Comm

**Additional Fees:** AP Stylebook fee of \$5.30 applies.

**MC 2023 Electronic Communication**

**Prerequisites:** ENGL 1213 or ENGL 1223 or ENGL 1413 with a grade of "C" or better, and departmental majors only.

**Description:** Introduces students to electronic communication with a series of hands-on projects to develop their skills with basic photography, videography, podcasting and Web page development. Compares the various media platforms and teaches students visual grammar. Students create slide-shows and podcasts, learn to edit video, and develop Web pages using content created in class.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Contact: 3 Other: 1

**Levels:** Undergraduate

**Schedule types:** Discussion, Combined lecture & discussion, Lecture

**Department/School:** Media & Strategic Comm

**Additional Fees:** AP Stylebook fee of \$5.30 applies.

**MC 2360 Seminar in Mass Media**

**Description:** A seminar-style course on varying media topics taught by faculty members on a rotating basis.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Media & Strategic Comm

**MC 3113 Introduction to Media Effects**

**Description:** Mass media's potential to influence audience behavior is a subject that has long fascinated scholars and the general public. Aside from working & sleeping, individuals in the U.S. spend more time consuming media than any other activity. This course introduces media effects, and offers critical analysis methods to better understand the process and effects of the mediated message. A variety of media theories will be examined to understand how media can affect attitudes and behaviors on an individual and societal level. The theories will be used to examine a variety of different types of content, including media violence, portrayals of race and gender, entertainment, politics, strategic communication, and sport.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

**MC 3173 History of Mass Communication (H)**

**Description:** Growth and development of mass communication systems in America, with emphasis upon the economic, social and political interaction of the media. Previously offered as JB 3173.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

**General Education and other Course Attributes:** Humanities

**MC 3360 Current Topics in Mass Communication**

**Prerequisites:** MC 2003 and MC 2023 with a grade of "C" or better in each; and pass proficiency review.

**Description:** Examination of timely topics and issues in contemporary media. May be repeated with different topics.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Media & Strategic Comm

**MC 4043 Media Study Abroad (I)**

**Description:** Participation in an international experience sponsored by the School of Media and Strategic Communications. This will typically involve the integrated study of a country or region regarding relevant cultural, commercial, historical, technological, political, and economic issues especially as those areas related to media and communication. May not be used for degree credit with MC 5040 in same semester with same subtitle.

**Credit hours:** 3

**Contact hours:** Contact: 3 Other: 3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Media & Strategic Comm

**General Education and other Course Attributes:** International Dimension

**MC 4143 Ethics and Issues in Mass Communications**

**Prerequisites:** MC 2003 and MC 2023 with a grade of "C" or better in both; and pass proficiency review.

**Description:** Students examine classical theories of ethical behavior and their relevancy to professional communicators. Students learn to analyze various moral viewpoints, so they can discern a justifiable system of ethical decision-making. Students apply ethical reasoning and professional codes of conduct to scenarios to determine the most ethical action to take.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

**MC 4153 International Mass Communication**

**Description:** Examination of the nature and flow of news and information within and among nations, states and societies from a theoretical vantage point grounded in region-specific realities. The political, economic, social, cultural and historical forces determining media practice in a global environment. No credit for students with credit in MC 5253. Previously offered as JB 4253.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

**MC 4993 Senior Honors Thesis**

**Prerequisites:** Departmental invitation, senior standing, Honors Program participation.

**Description:** A guided reading and research program ending with an honors thesis under the direction of a senior faculty member, with second faculty reader and oral examination. Required for graduation with departmental honors in the School of Journalism and Broadcasting. Previously offered as JB 4993.

**Credit hours:** 3

**Contact hours:** Contact: 3 Other: 3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Media & Strategic Comm

**General Education and other Course Attributes:** Honors Credit

**MC 5000 Thesis**

**Description:** For mass communication graduate students who are candidates for the master's degree. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Media & Strategic Comm

**MC 5010 Capstone Creative Project**

**Prerequisites:** "B" or better in MC 5113, MC 5333, and MC 5651 and instructor permission.

**Description:** Capstone research project or creative activity for a mass communication graduate student. Offered for variable credit, 1-3 credit hours, maximum of 4 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Media & Strategic Comm

**MC 5011 Experience Report**

**Prerequisites:** Instructor permission and MC 5020 (6 hours) or MC 5040 (6 hours).

**Description:** The Experience Report is a non-thesis, degree completion option for the Study Abroad or Practicum graduation candidates.

**Credit hours:** 1

**Contact hours:** Contact: 1 Other: 1

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Media & Strategic Comm

**MC 5020 Advanced Practicum or Internship in Mass Communication**

**Prerequisites:** One semester of graduate coursework and consent of instructor.

**Description:** Applied training allowing students to relate theoretical principles to situations in professional settings. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Media & Strategic Comm

**MC 5030 Independent Study in Mass Communication**

**Prerequisites:** Consent of instructor.

**Description:** Independent study, directed readings or project development in mass communications to fit the student's academic and professional interests. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Department/School:** Media & Strategic Comm

**MMJ 2063 Fundamentals of Journalism**

**Prerequisites:** Departmental majors only. (MMJ, SPM, SC, and PMC.)

**Description:** Basics of journalism, its role in society and problems and issues facing journalism. History, philosophy, ethics and current events will be discussed. Students also will practice the basics of interviewing and writing.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

**MMJ 3153 Fundamentals of Video and Studio Production**

**Prerequisites:** MC 2003 and MC 2023 with a grade of "C" or better; and pass proficiency review.

**Description:** Theory and practice of basic audio and video production techniques leading to later applications in radio, television and multi-media production. Previously offered as JB 3153.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Media & Strategic Comm

**MMJ 3203 News Writing**

**Prerequisites:** MC 2003 and MC 2023 with a grade of "C" or higher; and pass proficiency review.

**Description:** The basics of news writing, grammar and Associated Press will be stressed. Students will learn the basics of structuring news stories and how to write basic stories including fire, crime, accidents, obituaries, etc.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Media & Strategic Comm

**MMJ 3263 Multimedia Reporting**

**Prerequisites:** MC 2003 and MC 2023 with a grade of "C" or better in both; and pass proficiency review.

**Description:** Introduces the basic sources, documents and reporting techniques needed to cover typical government beats. Real-world assignments provide practical experience reporting and writing on deadline across media platforms such as print, broadcast and Web. News judgment as well as interviewing, time-management and writing skills will be addressed. Gathering news in an ethical manner and telling substantive, multi-media stories that encompass the community's diversity are emphasized. Previously offered as JB 3263 and JB 2393.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Media & Strategic Comm

**MMJ 3293 Information Graphics**

**Prerequisites:** MMJ 3263 and MMJ 4423 with "C" or better and MMJ 4393 with "C" or better or concurrent, and pass proficiency review.

**Description:** Using computer-designed charts, maps, graphs, diagrams and other visual representations of information to tell the news. Combines theories of non-verbal communication and practical application. Includes the basic design concepts and techniques for creating TV and video graphics. Previously offered as JB 3293.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Department/School:** Media & Strategic Comm

**MMJ 3313 Editing in a Multimedia Environment**

**Prerequisites:** MMJ 3263 with a grade of "C" or better, pass proficiency review.

**Description:** Principles and practice in editing copy for print, broadcast and Web, selecting pictures and video, and writing headlines, cutlines, blurbs, teases and promos. Strong emphasis placed on language usage and ethical decision-making. Previously offered as JB 3313 and JB 2413.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Contact: 3 Other: 1

**Levels:** Undergraduate

**Schedule types:** Discussion, Lecture, Combined lecture lab & disc

**Department/School:** Media & Strategic Comm

**MMJ 3553 Advanced Reporting**

**Prerequisites:** MMJ 3153 and MMJ 3263 with "C" or better in both, and pass proficiency review.

**Description:** News writing and reporting techniques combined with newsgathering technology to enable students to produce stories that can be featured across all media platforms. Previously offered as JB 3553.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Media & Strategic Comm

**Additional Fees:** JB Equipment Use fee of \$10 applies.

**MMJ 3623 Internet Communication**

**Prerequisites:** MC 2003 and MC 2023 with a grade of "C" or better in each, and pass proficiency review.

**Description:** Theoretical and practical understanding of how the Internet is changing the way mass media and media-related organizations communicate with audiences. Previously offered as JB 3623.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Media & Strategic Comm

**MMJ 3773 Voice Production and Performance**

**Prerequisites:** MC 2003 and MC 2023 with a grade of "C" or better in both; and pass proficiency review.

**Description:** Covers the physical aspects of voice production and how to train and maintain the voice for effective communication. Students will improve their interviewing skills and become more effective communicators, with emphasis on conducting live interviews, ad-libbing and working with a teleprompter.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**MMJ 3873 Audio Production**

**Prerequisites:** MMJ 3153 with a grade of C or better; and pass proficiency review.

**Description:** Prepares students to work in radio and internet audio production and imaging. Students prepare and present materials in a broadcasting situation. Previously offered as JB 3873 and JB 2873.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Contact: 3 Other: 1

**Levels:** Undergraduate

**Schedule types:** Discussion, Combined lecture & discussion, Lecture

**Department/School:** Media & Strategic Comm

**MMJ 3900 Multimedia Journalism Internship**

**Prerequisites:** MMJ 3153 and MMJ 3263 with a grade of "C" or better and consent of instructor, and pass proficiency review.

**Description:** Internship practice for qualified multi-media journalism students who wish creative communications experience beyond that available in the classroom. Previously offered as JB 3900. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Media & Strategic Comm

**MMJ 3913 Field Production**

**Prerequisites:** MMJ 3153 with a grade of "C" or better; and pass proficiency review.

**Description:** Video production techniques, including camera, audio, lighting, staging, producing, post production, graphics and on-camera performance. Project-driven and emulates actual client-based productions. Emphasizes constant planning and evaluation of productions. Previously offered as JB 3913.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

**MMJ 3943 Photojournalism**

**Prerequisites:** MC 2003 and MC 2023 with a grade of "C" or better in each, and pass proficiency review.

**Description:** Theory and practice in the digital techniques of photojournalism. Intermediate concepts of lighting, composition, action and storytelling via digital photography. A basic understanding of photography and photo developing necessary. Must have access to 35mm single reflex or digital camera. Previously offered as JB 3943.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

**MMJ 4243 Programs and Audiences**

**Prerequisites:** MC 2003 and MC 2023 with grades of "C" or better in both; and pass proficiency review.

**Description:** Audience analysis, proper construction of programs for greatest appeal and use of appeals to attract the desired audience. Program types, rating systems, program selection and audience attention. Design and discussion of programs to reach specific audiences. Previously offered as JB 4243.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

**MMJ 4253 Fundamentals of Broadcast Engineering**

**Prerequisites:** EET 3104 and MMJ 3153 with a grade of "C" or better in both; and pass proficiency review.

**Description:** An introduction to test equipment (vector scopes, waveform monitors, spectrum analyzer), FCC administrative Practices, EAS Standards, Broadcast Engineering documentations, RF and tower safety, Spectrum and frequency allocations, AF/FM/TV basic antennas structures, coupling, phasing, combining, coaxial and measurements. Microwave and STL systems, transmitters (FM/AM/TV high-low powered), fiber optics, satellite and cable TV systems. Computer networking basics (IPV4/6, topology including cloud bases systems) and digital distribution audio/video streaming (RTP, UDP, RTSP).

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

**MMJ 4313 Public Affairs Reporting**

**Prerequisites:** MMJ 3263 with a grade of "C" or better; and pass proficiency review.

**Description:** Reporting techniques empowering journalists to fulfill their watchdog role in a democracy. Practical experience in accurately reporting and writing on deadline. Focus on a multimedia mindset to tell the news of government through people. Emphasizes importance of human diversity and cultivating sources ethically. Stresses the use of government documents. Previously offered as JB 4313 and JB 3413.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Media & Strategic Comm

**MMJ 4393 Data Journalism**

**Prerequisites:** MMJ 3263 with a grade "C" or better, pass proficiency review; STAT 2013 or STAT 2023 or STAT 2053.

**Description:** Provides practical experience using the computer as a tool for data analysis while focusing on social science research methods. Combines the scientific method with the process approach to news writing. Teaches how to find and import data into a spreadsheet and systematically analyze it using basic and advanced techniques. The data analysis will generate an idea for a story for print or broadcast, which must be followed up with reporting and writing that stresses how people are affected. Previously offered as JB 4393.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

**SPM 4833 Sports Information Systems**

**Prerequisites:** MMJ 3263, SC 3353 or SPM 3813 with a grade of "C" or higher; and pass proficiency review.

**Description:** This course teaches basic skills needed to work in sport public relations/sport media relations. Students produce their own game stories, apply AP Style sports writing, utilize statistical software, how to keep and record statistics, and best practices for using social media and handling crises communication in sports.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

**SPM 4853 Advanced Sports Writing**

**Prerequisites:** SPM 2843 and SPM 3813 and MMJ 3263 with a grade of "C" or better in each; and pass proficiency review.

**Description:** Advanced sports writing and reporting, which includes a wide variety of writing and reporting assignments, leading to an emphasis on enterprise and investigative reporting, as well as long-form features. Final projects should be of such quality to serve as the lead products in individual student portfolios. Same course as JB 3853 and SPM 3853.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Media & Strategic Comm

**SPM 4883 Sports Media Capstone**

**Prerequisites:** SPM 3863 and MMJ 4393 each with a grade of "C" or better, and either SPM 4853 or SPM 4813 each with a grade of "C" or better or concurrent enrollment in one; and pass proficiency review.

**Description:** Capstone course for multimedia sports majors, giving them the opportunity to apply the skills they have learned to a final project that will be coordinated with a media outlet with the goal of publication. In addition, students will work on writing for print and electronic media, multimedia sports programming, management skills, and ethics and cultural issues in sports media. Course previously offered as JB 4883.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

**SPM 4933 Sports Information Capstone**

**Prerequisites:** SPM 3783, SPM 3813 and SPM 4833, and MMJ 3153 and MMJ 4393 and SC 3753 with a grade of "C" or better in each; and pass proficiency review.

**Description:** This course examines critical, contemporary issues, and teaches skills and best practices needed for sports information and the sports public relations profession. Particular focus is placed on best practices and responses in the digital age.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Media & Strategic Comm

## Undergraduate Programs

- Multimedia Journalism, BA (p. 1493)
- Multimedia Journalism, BS (p. 1496)
- Sports Media, BA (p. 1499)
- Sports Media, BS (p. 1502)

- Strategic Communication: Advertising and Public Relations, BS (p. 1508)
- Strategic Communication: Entertainment Media, BA (p. 1511)
- Strategic Communication: Entertainment Media, BS (p. 1514)
- Strategic Communication: Social Media, BA (p. 1517)
- Strategic Communication: Social Media, BS (p. 1520)
- Strategic Communication: Sport Communication, BA (p. 1523)
- Strategic Communication: Sport Communication, BS (p. 1525)

## Graduate Programs

The School of Media and Strategic Communications offers courses leading to the degree of Master of Science in mass communications. Preferred qualifications for admission to the master's program include a bachelor's degree in an area of mass communication with an overall grade-point average of 3.0. The Graduate Record Exam (GRE) is not required. Graduates of a non-mass communication discipline may enter the Master of Science program, with the stipulation that they complete, without graduate credit, foundation courses relevant to career interests during the first year of their graduate education.

Specialty tracks in brand communication, global communication, and sports communication are offered. Basic emphasis is on the application of communication theories and research to the professional aspects of mass communication. Electives in the behavioral sciences or business management are encouraged.

## Faculty

Jared Johnson, PhD—Associate Professor and Interim Director

**Professors:** Craig Freeman, JD; Jami Fullerton, PhD; Edward Kian, PhD; John McGuire, PhD (Welch-Bridgewater Chair of Sports Media); Lori McKinnon, PhD

**Associate Professors:** Steve Collins, PhD; Jack Hodgson, MA; Bobbi Kay Lewis, PhD; Lori McKinnon, PhD; Ray Murray, MA; Joey Senat, PhD

**Assistant Professors:** Andrew Abernathy, EdD; Rosemary Avance, PhD; Asya Cooley, PhD; Skye Cooley, PhD; Sujin Kim, PhD; Rachel Lim, PhD; Benetta Liu, PhD; Juwon Hwang, PhD; Sumin Shin, PhD

**Professors of Professional Practice:** Gina Noble, MS

**Assistant Professors of Professional Practice:** Jinger Bernhardt, PhD; Shane Hoffman, MS; Nuurrianti Jalli, PhD

**Visiting Associate Professors:** Kelly Ogle, BS

**Visiting Assistant Professors:** Drake Hills, MS

Complete one Area of Emphasis (p. 1494)		12
<b>Hours Subtotal</b>	<b>54</b>	
<b>Electives</b>		
Select 4 hours		4
May need to include 6 hours upper-division general education outside major department (see note 2.c.) and 1 additional upper division hour		
May not be able to use additional courses in MC-MMJ-SC-SPM MATH 1483 or MATH 1513 required for students not placing directly into STAT		
<b>Hours Subtotal</b>	<b>4</b>	
<b>Total Hours</b>	<b>120</b>	

A 2.75 graduation retention GPA and at least 24 hours completed required to initially declare major. Passing the proficiency review is required for upper-division major requirements. This includes a 2.75 graduation retention GPA, and at least 12 OSU hours earned, and a 2.75 OSU GPA, and a passing score on the Language Proficiency Exam.

No more than 12 hours in MC-MMJ-SC-SPM can be transferred from other institutions.

Students are required to develop and maintain a portfolio exhibiting specific and appropriate work including required class assignments.

## Areas of Emphasis

### Multimedia News Emphasis

Code	Title	Hours
MMJ 3313	Editing in a Multimedia Environment	3
MMJ 4313	Public Affairs Reporting	3
Select 6 hours of upper-division POLS		6

### Multimedia Production Emphasis

Code	Title	Hours
MMJ 3913	Field Production	3
MMJ 4953	Advanced Production Practices	3
Select 6 hours of upper-division Traditional Liberal Arts (A&S, AERO, AMIS, AMST, ANTH, ART, ASL, ASTR, BIOL, CDIS, CHEM, CHIN, CS, DANC, DIVR, ENGL, FLL, FREN, GEOG, GEOL, GREK, GRMN, GWST, HIST, JAPN, LATN, MATH, MICR, MUSI, PHIL, PHYS, POLS, PSYC, REL, RUSS, SOC, SPAN, SPCH, STAT, TH) or Business or Gen Ed		6

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.50 GPA in all MC-MMJ-SC-SPM prefix courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.
- **Hours in One Department:** For BA and BS degrees, no more than 54 hours in one department (MC-MMJ-SC-SPM) may be applied to degree requirements.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.

- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.50 GPA in all MC-MMJ-SC-SPM prefix courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.
- **Hours in One Department:** For BA and BS degrees, no more than 54 hours in one department (MC-MMJ-SC-SPM) may be applied to degree requirements.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.

- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Complete one Area of Emphasis (p. 1500)		6
<b>Hours Subtotal</b>		<b>54</b>
<b>Electives</b>		
Select 4 hours		4
May need to include 6 hours upper-division general education outside major department (see note 2.c.) and 1 additional upper-division hour		
May not be able to use additional courses in MC-MMJ-SC-SPM		
MATH 1483 or MATH 1513 required if student does not place directly into STAT		
<b>Hours Subtotal</b>		<b>4</b>
<b>Total Hours</b>		<b>120</b>

A 2.75 graduation retention GPA and at least 24 hours completed required to initially declare major. Passing the proficiency review is required for upper-division major requirements. This includes a 2.75 graduation retention GPA, and at least 12 OSU hours earned, and a 2.75 OSU GPA, and a passing score on the Language Proficiency Exam.

No more than 12 hours in MC-MMJ-SC-SPM can be transferred from other institutions

Students are required to develop and maintain a portfolio exhibiting specific and appropriate work including required class assignments.

## Areas of Emphasis

### Sports News Emphasis

Code	Title	Hours
Select two of the following: 6		
MMJ 3313	Editing in a Multimedia Environment	
MMJ 3913	Field Production	
MMJ 4313	Public Affairs Reporting	
SPM 4053	Sports Announcing	
SPM 4833	Sports Information Systems	
SPM 4853	Advanced Sports Writing	

### Sports Production Emphasis

Code	Title	Hours
MMJ 3913	Field Production	3
SPM 4813	Sports Media Production	3

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.50 GPA in all MC-MMJ-SC-SPM prefix courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.
- For BA and BS degrees, no more than 54 hours in one department (MC-MMJ-SC-SPM) may be applied to degree requirements.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's

degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).

- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

<b>Hours Subtotal</b>	<b>54</b>
-----------------------	-----------

**Electives**

Select 4 hours.	4
-----------------	---

May need to include 6 hours upper-division general education outside major department. See note 2.c.

May not be able to use additional courses in MC-MMJ-SC-SPM.

MATH 1483 or MATH 1513 required for students who do not place directly into STAT.

<b>Hours Subtotal</b>	<b>4</b>
-----------------------	----------

<b>Total Hours</b>	<b>120</b>
--------------------	------------

A 2.75 graduation retention GPA and at least 24 hours completed required to initially declare major. Passing the proficiency review is required for

upper-division major requirements. This includes a 2.75 graduation retention GPA, and at least 12 OSU hours earned, and a 2.75 OSU GPA, and a passing score on the Language Proficiency Exam.

No more than 12 hours in MC-MMJ-SC-SPM can be transferred from other institutions.

Students are required to develop and maintain a portfolio exhibiting specific and appropriate work including required class assignments

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.50 GPA in all MC-MMJ-SC-SPM prefix courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.
- For BA and BS degrees, no more than 54 hours in one department (MC-MMJ-SC-SPM) may be applied to degree requirements.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
  - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.).

Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

**Electives**

May need to include 6 hours of a foreign language. See note 3.

Select 13 hours. **13**

May need to include 6 hours upper-division general education outside major department. See note 2.c.

May not be able to use additional courses in MC-MMJ-SC-SPM.

MATH 1483 or MATH 1513 required for students who do not place directly into STAT.

**Hours Subtotal** **13**

**Total Hours** **120**

A 2.75 graduation retention GPA and at least 24 hours completed required to initially declare major. Passing the proficiency review is required for upper-division major requirements. This includes a 2.75 graduation retention GPA, and at least 12 OSU hours earned, and a 2.75 OSU GPA, and a passing score on the Language Proficiency Exam.

No more than 12 hours in MC-MMJ-SC-SPM can be transferred from other institutions.

Students are required to develop and maintain a portfolio exhibiting specific and appropriate work including required class assignments.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.50 GPA in all MC-MMJ-SC-SPM prefix courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.
- For BA and BS degrees, no more than 54 hours in one department (MC-MMJ-SC-SPM) may be applied to degree requirements.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
  - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting

a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

No more than 12 hours in MC-MMJ-SC-SPM can be transferred from other institutions.

Students are required to develop and maintain a portfolio exhibiting specific and appropriate work including required class assignments

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.50 GPA in all MC-MMJ-SC-SPM prefix courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.
- For BA and BS degrees, no more than 54 hours in one department (MC-MMJ-SC-SPM) may be applied to degree requirements.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
  - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.).

Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

### *Foreign Language*

0-6 hours. See note 3.a.

### *Upper-Division General Education*

Select 6 hours outside major department. See note 2.c.

**Hours Subtotal** **13**

### **Major Requirements**

Minimum 2.50 GPA. Minimum grade of "C" in all MC-MMJ-SC-SPM prefix courses.

### *Lower-division Professional Sequence*

2.75 GPA and declared major required to take courses below:

MC 2003	Mass Media Style and Structure	3
MC 2023	Electronic Communication	3
SC 2183	Introduction to Strategic Communications	3

### *Upper-division Professional Sequence*

Proficiency Review required to take courses below:

MC 4143	Ethics and Issues in Mass Communications	3
MC 4163	Mass Communication Law	3
SC 3353	Persuasive Writing for Strategic Communicators	3
SC 3753	Graphic Design for Strategic Communication	3
SC 3953	Research Methods for Strategic Communicators	3

Select 6 hours of MC, MMJ, SC or SPM **6**

### *Entertainment Media*

SC 3043	Entertainment in the Media	3
SC 3443	Social Media	3
SC 4443	Entertainment Media Writing	3
SC 4743	Entertainment Media Campaigns	3

Select 3 hours upper-division MC, MMJ, SC or SPM **3**

### *Additional Requirements*

Select 9 hours from: **9**

AMST 3223	Theories and Methods of American Studies	
AMST 3473	Race, Gender, and Ethnicity in American Film (D)	
AMST 3503	Television and American Society (DH)	
AMST 3513	Film And American Society (H)	
AMST 3683	Introduction to Digital Humanities	
ENGL 3503	Television and American Society (DH)	

**Hours Subtotal** **54**

### **Electives**

Select 13 hours. **13**

May need to include 6 hours of a foreign language. See note 3.

May need to include 6 hours upper-division general education outside major department. See note 2.c.

May not be able to use additional courses in MC-MMJ-SC-SPM.

MATH 1483 or MATH 1513 required for students who do not place directly into STAT.

**Hours Subtotal** **13**

**Total Hours** **120**

A 2.75 graduation retention GPA and at least 24 hours completed required to initially declare major. Passing the proficiency review is required for upper-division major requirements. This includes a 2.75 graduation retention GPA, and at least 12 OSU hours earned, and a 2.75 OSU GPA, and a passing score on the Language Proficiency Exam.

No more than 12 hours in MC-MMJ-SC-SPM can be transferred from other institutions.

Students are required to develop and maintain a portfolio exhibiting specific and appropriate work including required class assignments.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.50 GPA in all MC-MMJ-SC-SPM prefix courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.).

Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

## Strategic Communications Requirements

A 2.75 graduation retention GPA and at least 24 hours completed required to initially declare major. Passing the proficiency review is required for upper-division major requirements. This includes a 2.75 graduation retention GPA, and at least 12 OSU hours earned, and a 2.75 OSU GPA, and a passing score on the Language Proficiency Exam.

No more than 12 hours in MC-MMJ-SC-SPM can be transferred from other institutions.

Students are required to develop and maintain a portfolio exhibiting specific and appropriate work including required class assignments.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.50 GPA in all MC-MMJ-SC-SPM prefix courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.
- For BA and BS degrees, no more than 54 hours in one department (MC-MMJ-SC-SPM) may be applied to degree requirements.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language

(passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

**Hours Subtotal** **13**

**Major Requirements**

Minimum 2.50 GPA. Minimum grade of "C" in all MC-MMJ-SC-SPM prefix courses.

*Lower-division Professional Sequence*

2.75 GPA and declared major required to take courses below:

MC 2003	Mass Media Style and Structure	3
MC 2023	Electronic Communication	3
SC 2183	Introduction to Strategic Communications	3

*Upper-division Professional Sequence*

Proficiency Review required to take courses below:

MC 4143	Ethics and Issues in Mass Communications	3
MC 4163	Mass Communication Law	3
SC 3353	Persuasive Writing for Strategic Communicators	3
SC 3753	Graphic Design for Strategic Communication	3
SC 3953	Research Methods for Strategic Communicators	3

Select 6 hours of MC, MMJ, SC or SPM. **6**

*Social Media*

SC 3443	Social Media	3
SC 4063	Creative Video for Digital Strategy	3
SC 4653	Electronic Media Advertising	3
SC 4493	Strategic Writing for Content Creation	3
SC 4843	Strategic Communication Campaigns	3

*Additional Requirements*

Select 9 hours of upper-division MKTG. **9**

**Hours Subtotal** **54**

**Electives**

Select 13 hours. **13**

May need to include 6 hours of a foreign language. See note 3.

May need to include 6 hours upper-division general education outside major department. See note 2.c.

May not be able to use additional courses in MC-MMJ-SC-SPM.

MATH 1483 or MATH 1513 required for students who do not place directly into STAT.

**Hours Subtotal** **13**

**Total Hours** **120**

## Strategic Communications Requirements

- A 2.75 graduation retention GPA and at least 24 hours completed required to initially declare major. Passing the proficiency review is required for upper-division major requirements. This includes a 2.75 graduation retention GPA, and at least 12 OSU hours earned, and a 2.75 OSU GPA, and a passing score on the Language Proficiency Exam.

- No more than 12 hours in MC-MMJ-SC-SPM can be transferred from other institutions.
- Students are required to develop and maintain a portfolio exhibiting specific and appropriate work including required class assignments.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.50 GPA in all MC-MMJ-SC-SPM prefix courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language

(passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

## Strategic Communications Requirements

- A 2.75 graduation retention GPA and at least 24 hours completed required to initially declare major. Passing the proficiency review is required for upper-division major requirements. This includes a 2.75 graduation retention GPA, and at least 12 OSU hours earned, and a 2.75 OSU GPA, and a passing score on the Language Proficiency Exam.
- No more than 12 hours in MC-MMJ-SC-SPM can be transferred from other institutions.
- Students are required to develop and maintain a portfolio exhibiting specific and appropriate work including required class assignments.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.50 GPA in all MC-MMJ-SC-SPM prefix courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Microbiology and Molecular Genetics

### Microbiology/Cell and Molecular Biology

Microbiology is the hands-on study of bacteria, viruses, fungi and algae and their many relationships to humans, animals, plants and the environment. Cell and molecular biology bridges the fields of chemistry, biochemistry and biology as it seeks to understand life and cellular processes at the molecular level. Microbiologists apply their knowledge to infectious diseases and pathogenic mechanisms; food production and preservation, industrial fermentations which produce chemicals, drugs, antibiotics, alcoholic beverages and various food products; biodegradation of toxic chemicals and other materials present in the environment; insect pathology; the exciting and expanding field of biotechnology which endeavors to utilize living organisms to solve important problems in medicine, agriculture, and environmental science; infectious diseases; and public health and sanitation.

Microbes live in every imaginable habitat. They generate two-thirds of the oxygen in our atmosphere, drive the geochemical cycles that make life on Earth sustainable and are the basis of every food web. As model organisms used for basic research, microbes have contributed more than any other organisms to the current knowledge of genetics at the molecular level and genomics.

In contrast to the enormous benefits derived from some microbes, other microorganisms and viruses are the causative agents of infectious disease and hence have a devastating impact on humanity. These pathogens are the subjects of research into the mechanisms of infections, with the ultimate goal of combating or preventing diseases.

Departmental courses are designed to provide comprehensive training and the skills required for working with microorganisms in a professional setting, as well as a broad understanding of all aspects of microbial life. The lecture courses are taught by tenured faculty members and the laboratory courses are designed to integrate classroom learning with hands-on research experience.

Opportunities for employment exist at all scholarly levels, in many local, state and national agencies and industry. The record for employment of microbiologists has been excellent for many years and with the increased interest in biotechnology, medicine and the human microbiome, employment opportunities look even brighter for the future.

Microbiology is the strongest possible foundation for students who wish to go to medical, dental, veterinary or graduate schools. We take pride in offering research and internship opportunities that prepare students for careers in the biomedical sciences. Our graduates find jobs in medicine, health care, medical laboratories, teaching, research, industry and government.

### Medical Laboratory Science Option

This option is designed to give students the broad general education and the technical skills that are required for a successful career in medical laboratory science (MLS). The minimum requirement for the BS degree in Microbiology/Cell and Molecular Biology with the (MLS) option is three years of university work that includes general chemistry, organic chemistry, biochemistry, immunology, genetics, anatomy & physiology, physics, upper-division courses in microbiology, and one year of clinical laboratory education (internship).

For certification and completion of the BS degree, students will take one year of clinical internship in program accredited by the National

Accrediting Agency for Clinical Laboratory Science (NAACLS) and affiliated with Oklahoma State University. Students have the options of the following hospitals/programs: Comanche County Memorial Hospital, Lawton, OK; St. Francis Hospital, Tulsa, OK; Mercy Hospital, Ada, OK; Mercy Hospital, Ardmore, OK.

Medical Laboratory Science is unique in allowing students to enter the health profession directly after obtaining a BS degree. Clinical laboratory scientists comprise the third-largest segment of the healthcare professions and are an important member of the healthcare team, working alongside doctors and nurses. Students who complete Microbiology/Cell and Molecular Biology with the MLS option enjoy a 100% employment rate upon graduation.

## Courses

### GENE 5102 Molecular Genetics

**Prerequisites:** BIOC 3653 or MICR 3033 and one course in genetics or consent of instructor.

**Description:** An introduction to molecular genetics on the graduate level.

**Credit hours:** 2

**Contact hours:** Lecture: 2 Contact: 2

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Graduate College

### MICR 1211 First Year Microbiology Laboratory Experience

**Prerequisites:** MCMB major and concurrent enrollment in A&S 1111.

**Description:** This laboratory course is designed for First Year majors to experience microbiology in parallel with A&S 1111. Students will apply pure culture technique to obtain and characterize environmental isolates. Students also will learn light microscopy skills, anaerobic culture technique, and molecular biology skills.

**Credit hours:** 1

**Contact hours:** Lab: 2 Contact: 2

**Levels:** Undergraduate

**Schedule types:** Lab

**Department/School:** Microbiology & Mol Gen

### MICR 1513 Inquiry-Based Biology

**Description:** Directed inquiry and hands-on study of biological principles. Restricted to elementary education majors or related fields as model course to learn and teach science.

**Credit hours:** 3

**Contact hours:** Lecture: 1 Lab: 4 Contact: 5

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Microbiology & Mol Gen

### MICR 2123 Introduction to Microbiology

**Prerequisites:** Grade of "C" or better in BIOL 1114 or (BIOL 1113 and BIOL 1111) and either CHEM 1215 or CHEM 1314 with a grade of "C" or better or concurrent enrollment in one.

**Description:** General principles of the biology of microorganisms, including bacteria, viruses, algae, fungi, protozoa and archaea. Course previously offered as MICR 2125.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 2132 Introduction to Microbiology Laboratory****Prerequisites:** MICR 2123 or concurrent enrollment.**Description:** Laboratory safety, aseptic technique, microscopy, staining and culture techniques, collection of microbial samples, isolation and identification of microorganisms, microbial growth and basic principles of metabolism, environmental microbiology, other discipline specific laboratory skills.**Credit hours:** 2**Contact hours:** Lab: 4 Contact: 4**Levels:** Undergraduate**Schedule types:** Lab**Department/School:** Microbiology & Mol Gen**MICR 2890 Honors Experience in Microbiology****Prerequisites:** Honors Program participation and concurrent enrollment in a designated MICR course.**Description:** A supplemental Honors experience in Microbiology to partner concurrently with designated MICR 2123 and/or MICR 2132 course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.**Credit hours:** 1**Contact hours:** Lecture: 1 Contact: 1**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen**General Education and other Course Attributes:** Honors Credit**MICR 3033 Cell and Molecular Biology****Prerequisites:** (MICR 2123 and MICR 2132 with "C" or better) or (P BIO 1404 or BIOL 1604 and CHEM 1225 or CHEM 1515 or equivalent with a grade of "C" or better).**Description:** The cell concept and cell morphology, cell macromolecules, organelles, enzymes, energetics, movement of water and materials across membranes, influence of external environment, cellular synthesis, growth and maintenance, control and integration of function, replication, differentiation, origin, and evolution of cells. Course previously offered as CLML 3014, BIOL 3014, and BISC 3014.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen**MICR 3103 Microbes: Friends or Foes (N)****Description:** Explores the impact of microorganisms on human life, the environment, and world history. This course is designed for non-science majors.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen**General Education and other Course Attributes:** Natural Sciences**MICR 3143 Medical Mycology****Prerequisites:** MICR 2123 and MICR 2132 with a grade of "C" or better.**Description:** Examination of fungi as animal pathogens; laboratory techniques used in the identification of human and animal pathogens, and differentiation from common contaminants.**Credit hours:** 3**Contact hours:** Lecture: 1 Lab: 4 Contact: 5**Levels:** Undergraduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Microbiology & Mol Gen**MICR 3154 Food Microbiology****Prerequisites:** Minimum grade of "C" in (MICR 2123 and MICR 2132) and (CHEM 3013 or CHEM 3053).**Description:** Relationship of microorganisms to food manufacture and preservation, to food spoilage and microbial food poisoning and to various aspects of primary food production. Same course as FDSC 3154. Course previously offered as ANSI 3154.**Credit hours:** 4**Contact hours:** Lecture: 2 Lab: 4 Contact: 6**Levels:** Undergraduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Microbiology & Mol Gen**MICR 3213 My Genome: The DNA Revolution and what it means for you (N)****Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen**General Education and other Course Attributes:** Natural Sciences**MICR 3223 Advanced Microbiology****Prerequisites:** Concurrent enrollment or completion of CHEM 3013 or CHEM 3053 and minimum grade of "C" in MICR 2123 and MICR 2132.**Description:** Subcellular structure and function of microorganisms. Synthesis, translocation, and metabolism of cellular macromolecular constituents. Substrate transport and metabolism. Course previously offered as MICR 3224 and MICR 4224.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen**MICR 3253 Immunology****Prerequisites:** MICR 2123 and MICR 2132 and MICR 3033 or BIO C 3653 or BIO C 3713.**Description:** Vertebrate host's ability to defend itself against foreign intrusion. Chemistry and biology of the acquired immune response. Course previously offered as MICR 3254 and CLML 3254.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen

**MICR 3333 Molecular Life Science Writing**

**Prerequisites:** BIOL 1114 or (BIOL 1113 and BIOL 1111).

**Description:** Students will gain hands-on experience in technical writing and critical reading of scientific texts. Students will write three different documents and will critically review similar texts written by other students enrolled in the course. The topics for these manuscripts will be selected by the students, but should be in the general area of the molecular life sciences. Students will receive instructions on how to write, revise, and review these documents.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 3553 Foundations of Cancer**

**Prerequisites:** Minimum grade of "C" in CHEM 1225 or CHEM 1414 or CHEM 1515.

**Description:** Course covers six themes: causes of cancer, cancer genetics, cancer progression/diagnosis, cancer treatments, immuno-oncology, and cancer prevention. Course will illustrate both setbacks and victories in applying the scientific method to biological processes and the evidence for and assumptions made in these approaches will be discussed. Designed for future: medical doctors, cancer researchers, medical engineers; also, for cancer patients/relatives/caregivers, as well as for those interested in knowledge of cancer. Same course as PHYS 3553. Previously offered as MICR 3233. May not be used for degree credit with MICR 5553, PHYS 5553.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Contact: 3 Other: 1

**Levels:** Undergraduate

**Schedule types:** Discussion, Combined lecture & discussion, Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 3890 Advanced Honors Experience in Microbiology**

**Prerequisites:** Honors Program participation and concurrent enrollment in a designated MICR course.

**Description:** A supplemental Honors experience in microbiology to partner concurrently with designated upper-division MICR course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**General Education and other Course Attributes:** Honors Credit

**MICR 4000 Honors in Microbiology**

**Prerequisites:** Consent of departmental honors committee.

**Description:** Supervised study and research in microbiology. Offered for variable credit, 1-4 credit hours, maximum of 4 credit hours.

**Credit hours:** 1-4

**Contact hours:** Contact: 1-4 Other: 1-4

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Microbiology & Mol Gen

**General Education and other Course Attributes:** Honors Credit

**MICR 4001 Professional Transitions in Microbiology and Cell and Molecular Biology**

**Prerequisites:** MICR 2123 or MICR 2132.

**Description:** Understanding major areas and employment activities in microbiology, cell biology and molecular biology fields. Evaluating and understanding scientific and professional literature, and making the transition from undergraduate education to postgraduate education or employment.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 4003 Brewing Microbiology (N)**

**Description:** Brewing Microbiology is about the science behind beer brewing. Students will learn about the microbiology of yeast (including growth, metabolism, aseptic technique and contamination), biology of grain, biochemistry of malted barley, chemistry of water, preservative nature of hops, and the human physiology of taste and smell. There are no prerequisites for this course, although high school or freshman level biology and chemistry is helpful.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**General Education and other Course Attributes:** Natural Sciences

**MICR 4012 Molecular Microbiology Laboratory I**

**Prerequisites:** MICR 3033 or MICR 3223.

**Description:** Emphasis on good laboratory practices in microbiology and molecular biology; isolation and enumeration of microorganisms; physiological, biochemical, and molecular characterization of aerobic and anaerobic microorganisms. May not be used for degree credit with MICR 5012. Course previously offered as CLML 4012.

**Credit hours:** 2

**Contact hours:** Lab: 4 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab

**Department/School:** Microbiology & Mol Gen

**MICR 4013 Microbial Physiology & Ecology**

**Prerequisites:** Concurrent enrollment or completion of MICR 3223 and minimum grade of "C" in CHEM 3013 or CHEM 3053.

**Description:** Fundamentals of microbial physiology, ecology and genetics of microbial populations under various redox conditions. Basics of genomics and proteomics. Microbial origin and evolution. Microbial diversity and function. Population interactions, competition and ecosystem stability. Metabolic activities in natural and managed systems. Modern molecular tools in microbe identification and evolutionary phylogeny. May not be used for degree credit with MICR 5013.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 4023 Microbiomes in Human Health and the Environment****Prerequisites:** MICR 2123, MICR 2132, and MICR 3033.**Description:** This course covers the changing landscape in the molecular diversity of microbial communities, their interactions with biotic and abiotic entities, and how changes in microbiomes impact the health of living organisms and the environment. The main topics of this course include: microbes and microbial interactions; genomes and metagenomes; microbiome structure and function (alpha and beta diversity, phylogenetic trees); human microbiomes (gut, skin, oral) and their role in health; the microbiomes of soil, water and sediments; and the role of microbiomes in ecosystem function. Environmental microbiome effects on the human microbiome. May not be used for degree credit with MICRO 5023.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen**MICR 4052 Pathogenic Microbiology Lab****Prerequisites:** MICR 2123 and MICR 2132 with a grade of "C" or better.**Description:** Overview of laboratory approaches and techniques for the study, characterization, and identification of bacteria involved in pathogenesis.**Credit hours:** 2**Contact hours:** Lab: 4 Contact: 4**Levels:** Undergraduate**Schedule types:** Lab**Department/School:** Microbiology & Mol Gen**MICR 4053 Pathogenic Microbiology****Prerequisites:** MICR 2123 and MICR 2132 with a grade of "C" or better.**Description:** Survey of pathogenic bacteria and the diseases they cause as they relate to humans and animals. Morphology, physiology, and pathogenic mechanisms of a specific bacterial pathogens. May not be used for degree credit with MICR 5053. Course previously offered as MICR 4134 and MICR 3134.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen**MICR 4112 Molecular Microbiology Capstone****Prerequisites:** MICR 4012 with a grade of "C" or better.**Description:** Continuation of MICR 4012. Molecular characterization of prokaryotic and eukaryotic microorganisms utilizing nucleic acids, proteins, cell fractionation, cytology, and antigen-antibody reactions. Same course as MICR 5112.**Credit hours:** 2**Contact hours:** Lab: 4 Contact: 4**Levels:** Undergraduate**Schedule types:** Lab**Department/School:** Microbiology & Mol Gen**MICR 4117 Clinical Microbiology****Prerequisites:** Concurrent internship in affiliated hospital and all degree requirements for BS in microbiology except 30 hours clinical laboratory science.**Description:** The theory and laboratory study of pathogenic bacteria, viruses, rickettsiae, fungi, and parasites. Includes isolation, identification, antimicrobial susceptibility testing, and medical significance. Course previously offered as CLLS 4117 and MTCL 4117.**Credit hours:** 7**Contact hours:** Contact: 14 Other: 14**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Microbiology & Mol Gen**MICR 4123 Virology****Prerequisites:** MICR 2123, MICR 2132, BIOL 3023, CHEM 3015 or CHEM 3053; Co-requisite(s): MICR 3223.**Description:** The properties of macromolecules, from the structure of proteins and nucleic acids to molecular mechanisms of DNA replication and recombination, transcription, protein synthesis, and gene regulation. Gene transfer mechanisms in bacteria and their viruses. Fundamentals of recombinant DNA technology. No credit for students with credit in MICR 5123.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen**MICR 4125 Clinical Chemistry I****Prerequisites:** Concurrent internship in affiliated hospital and all degree requirements for BS in microbiology except for 30 hours clinical laboratory science.**Description:** The theory and laboratory methodology of analytical biochemistry, clinical microscopy, routine and special procedures, and medical significance. Course previously offered as CLLS 4125 and MTCL 4125.**Credit hours:** 5**Contact hours:** Contact: 10 Other: 10**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Microbiology & Mol Gen**MICR 4153 Emerging Infectious Agents (N)****Description:** Overview of emerging infectious diseases with in-depth analysis of epidemics, pandemics, the epidemiology associated with outbreaks and disease specific control measures.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen**General Education and other Course Attributes:** Natural Sciences

**MICR 4163 Foundations of Cellular Life**

**Prerequisites:** MICR 3033 or permission from instructor.

**Description:** This class will provide an in-depth introduction into fundamental principles that apply to any microorganism and will provide an intellectual framework to understand all cells. The fundamentals discussed will be illustrated through a combination of classical and recent scientific breakthroughs. It will provide a solid, deep foundation for a successful academic career in microbiology. May not be used for degree credit with MICR 5163.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 4203 Bioinformatics**

**Prerequisites:** MICR 3033 or BIOC 3653 or equivalent.

**Description:** Fundamental concepts of biological sequence information and inferential techniques to assign structure, function, and evolutionary relationship among genes and proteins. No prior programming necessary, but familiarity with computers assumed. No credit for students with credit in MICR 5203.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 4233 Advanced Cell and Molecular Biology**

**Prerequisites:** MICR 3033 with a grade of "C" or better.

**Description:** Advanced topics in cell and molecular biology including regulatory mechanisms of gene expression, protein function, cell structure and organization, cell division, and development. May not be used for degree credit with MICR 5233. Course previously offered as CLML 4113.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 4236 Clinical Hematology**

**Prerequisites:** Concurrent internship in affiliated hospital and all degree requirements for BS in microbiology except for 30 hours of clinical laboratory science.

**Description:** Systematized study of diseases, cell maturation and function, principles of hemostasis; methodology used in routine and special hematology studies; and correlation of hematological findings with physiological conditions. Course previously offered as CLLS 4236 and MTCL 4236.

**Credit hours:** 6

**Contact hours:** Contact: 12 Other: 12

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Microbiology & Mol Gen

**MICR 4246 Clinical Immunology**

**Prerequisites:** Concurrent internship in affiliated hospital and all degree requirements for BS in microbiology except for 30 hours clinical laboratory science.

**Description:** Immunologic responses and procedures used in serological determinations; immunohematology, fundamentals of antigen-antibody reactions, blood groups and types, compatibility testing, blood components, and the lab methods used as they relate to the medical significance of immunology and infectious diseases. Course previously offered as CLLS 4246 and MTCL 4246.

**Credit hours:** 6

**Contact hours:** Contact: 12 Other: 12

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Microbiology & Mol Gen

**MICR 4253 Concepts in Medical Genetics**

**Prerequisites:** BIOL 3023.

**Description:** Application of genetic principles in the study of human diseases, including the inheritance, molecular mechanisms, detection, characterization, and discovery of human genes. No credit for students with credit in MICR 5253. Course previously offered as CLML 4253.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 4263 Microbial Genetics: from Genes to Genomes**

**Prerequisites:** MICR 3033 with a grade of "C" or better.

**Description:** Integration of genetics and genomics principles, the basic processes of gene transmission, molecular biology of gene expression and evolutionary genetics by gaining social and historical context in which genetics are developed. Participants are expected to comprehend the dramatic change in our understanding of genetics and the role such information has in our view of disability and disease. May not be used for degree credit with MICR 5263. Course previously offered as CLML 4263 and CLML 4264.

**Credit hours:** 3

**Contact hours:** Lecture: 1 Lab: 4 Contact: 5

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Microbiology & Mol Gen

**MICR 4313 GeoMicrobiology**

**Description:** Microbes have altered Earth's landscape over the past 3.5 billion years driving biogeochemical cycles and are still shaping our planet's surface. This course explores how microbes control geochemical processes and how geochemistry influences microbes. Course topics will cover microbe-mineral interactions, extremophiles, redox-geochemistry, enhanced oil and gas recovery, microbial metabolism and the diversity of microbial lifestyles. Students will gain an overview of methods used for the detection and identification of microorganisms in geological materials. This course is a journey along deep-sea sediments, hydrothermal systems, oil and gas reservoirs, agricultural soils, caves, Mars and many more. May not be used for degree credit with MICR 5313.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 4323 Cellular Energy Metabolism****Prerequisites:** MICR 3033 or BIOC 3653.**Description:** An exploration of the principals and mechanisms of energy utilization and transformation in animals, plants, and microbial systems. The course covers a range of topics from basic molecular mechanisms to recent advances in understanding energy flow in whole organisms. It includes new insights into the nanomachines involved in cell movement as well current genome-enabled approaches to understanding cellular energy metabolism. May not be used for degree credit with MICR 5323.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen**MICR 4325 Clinical Chemistry II****Prerequisites:** Concurrent internship in affiliated hospital and all degree requirements for BS in microbiology except for 30 hours clinical laboratory science.**Description:** The theory and laboratory methodology of analytical biochemistry, instrumentation, lab mathematics, routine and special procedures and medical significance. Course previously offered as CLLS 4325 and MTCL 4325.**Credit hours:** 5**Contact hours:** Contact: 10 Other: 10**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Microbiology & Mol Gen**MICR 4351 Topics in Clinical Laboratory Science****Prerequisites:** Concurrent internship in affiliated hospital and all degree requirements for BS in microbiology except for 30 hours clinical laboratory science.**Description:** Principles and practices of the medical laboratory including basic management, quality assurance, education methodology, computer applications, laboratory safety, and special projects in selected areas. Course previously offered as CLLS 4351 and MTCL 4351.**Credit hours:** 1**Contact hours:** Contact: 1 Other: 1**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Microbiology & Mol Gen**MICR 4423 Antibiotics and Antibiotic Resistance****Prerequisites:** MICR 2123.**Description:** This course begins with a basic history of antibiotics, including their discovery and industrial development. It covers the major classes of antibiotics, their structures and mechanisms of action, and the mechanisms by which bacteria become resistant to antibiotics. Also covered are industrial and commercial considerations, antibiotic stewardship, current challenges, and future prospects for antibiotic discovery and use. Same course as MICR 5423.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen**MICR 4524 Biological Laboratory Instrumentation****Prerequisites:** CHEM 1515 or equivalent and P BIO 1404 or MICR 2123 or BIOL 1604 or equivalents or consent of instructor.**Description:** Lecture and laboratory course in biological instrumentation use, theory, experimental design, maintenance, and troubleshooting. Topics include liquid handling systems, pH/ISE meters, electrophoresis, microcontrollers, spectrophotometers, centrifuges, chromatography, thermocyclers, and DNA sequencers. May not be used for degree credit with BIOL 5524, MICR 5524, P BIO 5524. Same course as BIOL 4524 and P BIO 4524.**Credit hours:** 4**Contact hours:** Lecture: 2 Lab: 4 Contact: 6**Levels:** Undergraduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Microbiology & Mol Gen**MICR 4531 Chemical Biology****Prerequisites:** CHEM 3053, MICR 3112, MICR 3153.**Description:** Chemistry explains many properties of biological macromolecules and also provides research tools to study these molecules. This course will examine how both of these aspects help explain the molecular processes at the basis of life, and will cover (1) basic knowledge of chemistry needed to understand life, (2) chemical reactions as they occur in the cell, (3) chemical methods that are valuable to research in the life sciences.**Credit hours:** 1**Contact hours:** Lecture: 1 Contact: 1**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen**MICR 4543 Microbial Genomics and Bioinformatics****Prerequisites:** MICR 2123; MICR 3033 or MICR 3223 or equivalents.**Description:** Basic approaches and strategies for microbial genome analysis, and hands-on training on the subject. May not be used for degree credit with MICR 5543.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Microbiology & Mol Gen**MICR 4990 Special Problems****Prerequisites:** Consent of instructor.**Description:** Investigations in the field of microbiology. Offered for variable credit, 1-3 credit hours, maximum of 18 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Microbiology & Mol Gen**MICR 4993 Senior Honors Project****Prerequisites:** Departmental invitation, senior standing, Honors Program participation.**Description:** A research project under the direction of a faculty member resulting in a written report to be judged by a second faculty member as well. Required for graduation with departmental honors in microbiology.**Credit hours:** 3**Contact hours:** Contact: 3 Other: 3**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Microbiology & Mol Gen**General Education and other Course Attributes:** Honors Credit

**MICR 5000 Thesis**

**Prerequisites:** Consent of major professor.

**Description:** A student studying for the M.S. degree enrolls in this course for six hours credit. Offered for variable credit, 2-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 2-6

**Contact hours:** Contact: 2-6 Other: 2-6

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Microbiology & Mol Gen

**MICR 5002 Professionalism for the Microbiologist**

**Prerequisites:** Microbiology graduate student or permission of instructor.

**Description:** Introduces the microbiology graduate student to the standards of the microbiology professional and to basic skills in communication and data retrieval needed by all microbiologists. It is required of all and limited to MS and PhD students in Microbiology & Molecular Genetics. Course previously offered as MICR 5001.

**Credit hours:** 2

**Contact hours:** Lecture: 2 Contact: 2

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5012 Molecular Microbiology Laboratory I**

**Prerequisites:** MICR 3223, MICR 4233.

**Description:** Emphasis on good laboratory practices in microbiology and molecular biology; isolation and enumeration of microorganisms; physiological, biochemical, and molecular characterization of aerobic and anaerobic microorganisms. Must be taken in conjunction with MICR 5112 the following semester. No credit for students with credit in MICR 4012.

**Credit hours:** 2

**Contact hours:** Lab: 4 Contact: 4

**Levels:** Graduate

**Schedule types:** Lab

**Department/School:** Microbiology & Mol Gen

**MICR 5013 Microbial Physiology and Ecology**

**Prerequisites:** Concurrent enrollment or completion of MICR 3223 and minimum grade of "C" in CHEM 3013 or CHEM 3053.

**Description:** Fundamentals of microbial physiology, ecology and genetics of microbial populations under various redox conditions. Basics of genomics and proteomics. Microbial origin and evolution. Microbial diversity and function. Population interactions, competition and ecosystem stability. Metabolic activities in natural and managed systems. Modern molecular tools in microbe identification and evolutionary phylogeny. May not be used for degree credit with MICR 4013.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5023 Microbiomes in Human Health and the Environment**

**Description:** This course covers the changing landscape in the molecular diversity of microbial communities, their interactions with biotic and abiotic entities, and how changes in microbiomes impact the health of living organisms and the environment. The main topics of this course include: microbes and microbial interactions; genomes and metagenomes; microbiome structure and function (alpha and beta diversity, phylogenetic trees); human microbiomes (gut, skin, oral) and their role in health; the microbiomes of soil, water, and sediments; and the role of microbiomes in ecosystem function. Environmental microbiome effects on the human microbiome. May not be used for degree credit with MICR 4023.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5052 Techniques In Molecular Biolog**

**Prerequisites:** Graduate student and permission of instructor.

**Description:** Provides the basic skills for scientific thinking and analysis in molecular microbiological research.

**Credit hours:** 2

**Contact hours:** Lecture: 1 Lab: 2 Contact: 3

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Microbiology & Mol Gen

**MICR 5053 Pathogenic Microbiology**

**Prerequisites:** MICR 2123 and MICR 2132. Co-requisite(s): MICR 3223.

**Description:** Survey of pathogenic bacteria and the diseases they cause as they relate to humans and animals. Morphology, physiology, and pathogenic mechanisms of specific bacterial pathogens. May not be used for degree credit with MICR 4053. Course previously offered as MICR 5134.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5112 Molecular Microbiology Capstone**

**Prerequisites:** MICR 5012.

**Description:** Continuation of MICR 5012. Molecular characterization of prokaryotic and eukaryotic microorganisms utilizing nucleic acids, proteins, cell fractionation, cytology, and antigen-antibody reactions. No credit for students with credit in MICR 4112.

**Credit hours:** 2

**Contact hours:** Lab: 4 Contact: 4

**Levels:** Graduate

**Schedule types:** Lab

**Department/School:** Microbiology & Mol Gen

**MICR 5113 Advanced Immunology**

**Description:** Advanced studies with emphasis on the regulation of vertebrate immune responses.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5123 Virology**

**Prerequisites:** MICR 3033 or BIOC 3653, BIOL 3023. Co-requisite(s): MICR 3223.

**Description:** Virus-host interactions including structure-function of animal, plant, and bacterial viruses. Discussion of the molecular biology of virus infection and development. No credit for students with credit in MICR 4123.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5142 Techniques in Molecular Biology**

**Prerequisites:** Consent of instructor.

**Description:** Comprehensive laboratory course in research techniques involving classical genetics and molecular biology. Course previously offered as MICR 4142.

**Credit hours:** 2

**Contact hours:** Lab: 4 Contact: 4

**Levels:** Graduate

**Schedule types:** Lab

**Department/School:** Microbiology & Mol Gen

**MICR 5153 Emerging Infectious Agents**

**Prerequisites:** MICR 4123 or MICR 4134 or consent of instructor.

**Description:** An in-depth discussion of the importance of emerging infectious agents, the molecular basis for their emergence, and the broad spectrum of host-microbe interactions favoring the evolution of new infectious agents.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5160 Seminar**

**Prerequisites:** Consent of instructor.

**Description:** Required of and limited to all MS and PhD students majoring in microbiology, cell and molecular biology. Offered for fixed credit, 1 credit hour, maximum of 2 credit hours.

**Credit hours:** 1

**Contact hours:** Contact: 1 Other: 1

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Microbiology & Mol Gen

**MICR 5163 Foundations of Cellular Life**

**Prerequisites:** OSU graduate student or permission of instructor.

**Description:** This class will provide an in-depth introduction into fundamental principles that apply to any microorganism and will provide an intellectual framework to understand all cells. The fundamentals discussed will be illustrated through a combination of classical and recent scientific breakthroughs. It will provide a solid, deep foundation for a successful academic career in microbiology. Previously offered as MICR 6163. May not be used for degree credit with MICR 4163.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5203 Bioinformatics**

**Prerequisites:** MICR 3033 or BIOC 3653 or equivalent.

**Description:** Fundamental concepts of biological sequence information and inferential techniques to assign structure, function, and evolutionary relationship among genes and proteins. No prior programming necessary, but familiarity with computer desktop assumed. No credit for students with credit in MICR 4203. Course previously offered as CLML 5203.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5233 Advanced Cell and Molecular Biology**

**Prerequisites:** MICR 3033.

**Description:** Advanced topics in cell and molecular biology including regulatory mechanisms of gene expression, protein function, cell structure and organization, cell division, and development. No credit for students with credit in MICR 4233.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5253 Concepts in Medical Genetics**

**Prerequisites:** BIOL 3023.

**Description:** Application of genetic principles in the study of human diseases, including the inheritance, molecular mechanisms, detection, characterization, and discovery of human genes. No credit for students with credit in MICR 4253.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5263 Microbial Genetics: from Genes to Genomes**

**Description:** Integration of genetics and genomics principles, the basic processes of gene transmission, molecular biology of gene expression and evolutionary genetics by gaining social and historical context in which genetics are developed. Participants are expected to comprehend the dramatic change in our understanding of genetics and the role such information has in our view of disability and disease. May not be used for degree credit with MICR 4263.

**Credit hours:** 3

**Contact hours:** Lecture: 1 Lab: 4 Contact: 5

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Microbiology & Mol Gen

**MICR 5273 Advanced Principles of Microbial Pathogenesis**

**Description:** Advanced study of the pathogenic mechanisms used by microbial pathogens to cause disease. Principles of pathogen and pathogen-host interactions that lead to disease pathology.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5313 GeoMicrobiology**

**Description:** Microbes have altered Earth's landscape over the past 3.5 billion years driving biogeochemical cycles and are still shaping our planet's surface. This course explores how microbes control geochemical processes and how geochemistry influences microbes. Course topics will cover microbe-mineral interactions, extremophiles, redox-geochemistry, enhanced oil and gas recovery, microbial metabolism and the diversity of microbial lifestyles. Students will gain an overview of methods used for the detection and identification of microorganisms in geological materials. This course is a journey along deep-sea sediments, hydrothermal systems, oil and gas reservoirs, agricultural soils, caves, Mars and many more. May not be used for degree credit with MICR 4313.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5323 Cellular Energy Metabolism**

**Prerequisites:** MICR 3033 or BIOC 3653.

**Description:** An exploration of the principals and mechanisms of energy utilization and transformation in animals, plants, and microbial systems. The course covers a range of topics from basic molecular mechanisms to recent advances in understanding energy flow in whole organisms. It includes new insights into the nanomachines involved in cell movement as well current genome-enabled approaches to understanding cellular energy metabolism. May not be used for degree credit with MICR 4323.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5333 Controversies in Vaccinology**

**Prerequisites:** OSU graduate student status or permission of instructor.

**Description:** Public misconceptions about science abound, however, these misconceptions have a major impact on perception of research and public policy. Examples of themes in science as portrayed, for example, in film will be explored and critically discussed. Ways to improve communication between the scientist and the general public will be evaluated.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5423 Antibiotics and Antibiotic Resistance**

**Description:** This course begins with a basic history of antibiotics, including their discovery and industrial development. It covers the major classes of antibiotics, their structures and mechanisms of action, and the mechanisms by which bacteria become resistant to antibiotics. Also covered are industrial and commercial considerations, antibiotic stewardship, current challenges, and future prospects for antibiotic discovery and use. Same course as MICR 4423.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5513 Grant Proposal Preparation**

**Prerequisites:** Admission into Microbiology graduate program. Formats, strategies, and styles of research grant proposal writing.

**Description:** Activities include hypothesis development and critical evaluation of research proposals.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Contact: 3 Other: 1

**Levels:** Graduate

**Schedule types:** Discussion, Combined lecture & discussion, Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5524 Biological Laboratory Instrumentation**

**Prerequisites:** CHEM 1515 or equivalent and PBIO 1404 or MICR 2123 or BIOL 1604 or equivalents or consent of instructor.

**Description:** Lecture and laboratory course in biological instrumentation use, theory, experimental design, maintenance, and troubleshooting. Topics include liquid handling systems, pH/ISE meters, electrophoresis, spectrophotometers, centrifuges, chromatography, thermocyclers, and DNA sequencers. May not be used for degree credit with BIOL 4524; MICR 4524; PBIO 4524. Previously offered as BIOL 5524; PBIO 5524.

**Credit hours:** 4

**Contact hours:** Lecture: 2 Lab: 4 Contact: 6

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Microbiology & Mol Gen

**MICR 5543 Microbial Genomics and Bioinformatics**

**Prerequisites:** MICR 2123; MICR 3033 or MICR 3223 or equivalents.

**Description:** Basic approaches and strategies for microbial genome analysis, and hands-on training on the subject. Graduate students enrolled in the class are expected to give a comprehensive presentation on the genomic analysis done throughout the semester. The presentation should be a manuscript format with a brief Introduction, Materials and Methods, Results, and Discussion. A comprehensive use of all principals covered in class is expected and will be used for evaluation. Credit will also be given to handling questions and presentation skills. May not be used for degree credit with MICR 4543.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5553 Foundations of Cancer**

**Prerequisites:** A minimum grade of "C" in CHEM 3053 (or equivalent) or MICR 3033 (or equivalent) or consent of instructor.

**Description:** Course covers six themes: causes of cancer, cancer genetics, cancer progression/diagnosis, cancer treatments, immuno-oncology, and cancer prevention. Course will illustrate both setbacks and victories in applying the scientific method to biological processes and the evidence for and assumptions made in these approaches will be discussed. Suitable for graduate students in cancer-related research. Same course as PHYS 5553. May not be used for degree credit with MICR 3553, or PHYS 3553.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Contact: 3 Other: 1

**Levels:** Graduate

**Schedule types:** Discussion, Combined lecture & discussion, Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 5990 Special Problems**

**Prerequisites:** Permission of instructor.

**Description:** Investigations in the field of Microbiology. Offered for variable credit, 1-4 credit hours, maximum of 10 credit hours.

**Credit hours:** 1-4

**Contact hours:** Contact: 1-4 Other: 1-4

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Microbiology & Mol Gen

**MICR 6000 Dissertation**

**Prerequisites:** Consent of major adviser.

**Description:** Research in microbiology for the PhD degree. Offered for variable credit, 1-15 credit hours, maximum of 45 credit hours.

**Credit hours:** 1-15

**Contact hours:** Contact: 1-15 Other: 1-15

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Microbiology & Mol Gen

**MICR 6112 Molecular Biology of Bacterial Viruses**

**Prerequisites:** MICR 4123 and MICR 4133.

**Description:** Advanced study of bacteriophages. Course previously offered as MICR 6113.

**Credit hours:** 2

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 6120 Recent Advances in Microbiology**

**Prerequisites:** One graduate course in biochemistry.

**Description:** Discussion and evaluation of recent scientific contributions in terms of the living organism. Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Contact: 1 Other: 1

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Microbiology & Mol Gen

**MICR 6133 Cellular Microbiology**

**Prerequisites:** A strong undergraduate level background in microbiology, biochemistry or cell biology is expected.

**Description:** The molecular interactions between intracellular parasites and their host cells will be explored, emphasizing the manipulation of normal cellular processes to the benefit of the parasite. The course will involve critical reading of the current literature and development of an understanding of molecular microbe and cell biology research techniques.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 6143 Advanced Microbial Physiology**

**Prerequisites:** MICR 3223 or consent of instructor.

**Description:** Discussion of selected topics in microbial physiology. Critical analysis of research papers.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 6153 Molecular Microbial Genetics**

**Description:** Examine modern and classical genetic techniques to understand the underlying principles of molecular genetics using original literature.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 6223 Molecular Environmental Microbiology and Ecology**

**Prerequisites:** MICR 3223 or consent of instructor.

**Description:** This course focuses on fundamental and applied aspects of microbial ecology, physiology and genomics. The course aims to highlight the value of microbes in applied disciplines such as medicine, agriculture, and biotechnology. Recent advances in methodologies and approaches for examining the phylogenetic and metabolic diversity of microorganisms in various ecosystems, as well as tools for understanding microbial community composition and identification of rare members of microbial community will be highlighted.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 6253 Microbial Evolution**

**Prerequisites:** MICR 2123, MICR 2132, BIOC 3653, BIOL 3023.

**Description:** The mechanisms and results of microbial evolution in nature and in the laboratory, with emphasis on microbes as model evolutionary systems, molecular evolution, classification and phylogeny, and discussion of protobiology and the probable fate of engineered microbes.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

**MICR 6323 Cell Signaling**

**Prerequisites:** A strong undergraduate level background in microbiology, biochemistry, or cell biology is expected.

**Description:** Discussion of current literature on the mechanisms of prokaryotic and eukaryotic signal transduction and gene regulation.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Microbiology & Mol Gen

## Undergraduate Programs

- Microbiology/Cell & Molecular Biology, BS (p. 1539)
- Microbiology/Cell & Molecular Biology: Medical Laboratory Science, BS (p. 1542)
- Microbiology/Cell & Molecular Biology: Pre-Medical Professional, BS (p. 1545)

## Graduate Programs

The department offers graduate studies leading to the MS and PhD degrees in various areas of concentration, including microbial

physiology, microbial genetics, microbial ecology, microbial pathogenesis, immunology, cell biology and the human microbiome.

## Prerequisites

Applicants for admission must have received the baccalaureate degree from an accredited university or college and must have completed a minimum of 30 semester credit hours in the biological and physical sciences. The Aptitude Test portion of the Graduate Record Examination is required of all applicants. A majority of the departmental graduate faculty must approve applicants.

## The Master of Science Degree

In addition to the general requirements for the degree, the following departmental requirements must be met in attaining 30 credit hours with thesis. The plan of study must include six thesis hours and one credit hour microbiology seminar for the traditional degree. An accelerated MS degree is available that is largely coursework and literature based, which allows completion of the degree in as little as 12 months. Literature research includes at least six credit hours in independent study.

Candidates for the MS degree are expected to attend and participate in all departmental seminars. A final oral examination covering the thesis (or literature research for the accelerated program) is administered by the advisory committee following a public presentation of the candidate's research.

## The Doctor of Philosophy Degree

The study plan of a student entering the program with a bachelor's degree must include 30 credit hours in the biological and physical sciences. Those entering with a master's degree must include 15 hours in courses other than dissertation credits which were not included in the master's study plan. Three hours of microbiology seminar must be included.

Candidates for the PhD are expected to attend and participate in all departmental seminars. Candidates for the PhD degree must pass both a written and an oral qualifying examination. The final examination covering the dissertation research is given promptly after the candidate has given a public seminar on his/her research work.

## Minors

- Microbiology (MICR), Minor (p. 1538)

## Faculty

Tyrrell Conway, PhD—Regents Professor and Department Head

**Professors:** Robert L. Burnap, PhD (Regents Professor and Vennerberg Chair in Bioinformatics); Mostafa S. Elshahed, PhD; Babu Z. Fathepure, PhD; Jeffrey A. Hadwiger, PhD; Wouter D. Hoff, PhD; Rolf A. Prade, PhD; Marianna A. Patrauchan, PhD

**Associate Professors:** Erika Lutter, PhD; Noha Youssef, PhD

**Assistant Professors:** Matt Cabeen, PhD; Randy Morgenstein, PhD; Karen Wozniak, PhD; Avi Mitra, PhD; Sabrina Beckmann, PhD

## Microbiology (MICR), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

Tyler George, 309 LSE, 405-744-5565

**Minimum Grade Point Average in Minor Coursework:** 2.00 with no grade below "C."

**Total Hours:** 15

Code	Title	Hours
<b>Minor Requirements</b>

MICR 2132	Introduction to Microbiology Laboratory	2
Select 10 additional hours upper-division microbiology courses		10
<b>Total Hours</b>		<b>15</b>

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

Select 10 hours upper-division MICR (except MICR 3103) 10

**Hours Subtotal** **50**

### Electives <sup>2</sup>

Select 17 hours 17

May need to include 6 hours of a foreign language (see note 3)

May need to include 6 hours upper-division general education  
outside major department (see note 2.c.)

**Hours Subtotal** **17**

**Total Hours** **120**

1

College and Departmental Requirements that may be used to meet  
General Education Requirements.

2

With approval from the advisor and department head, a maximum of 30  
hours from an accredited doctoral health program may be substituted for  
major requirements.

Additional courses may be required for professional and/or graduate degrees.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
  - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing

examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

	<b>Total Hours</b>	<b>30</b>

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or

equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

<b>Total Hours</b>	<b>120</b>
--------------------	------------

1

College and Departmental Requirements that may be used to meet General Education Requirements.

2

With approval from the advisor and department head, a maximum of 30 hours from an accredited doctoral health program may be substituted for major requirements.

Additional requirements for professional school admission may exist. View Admission Requirements Sheets at your chosen school and/or at [prehealth.okstate.edu](http://prehealth.okstate.edu) (<http://prehealth.okstate.edu>).

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.
- **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be applied to degree requirements.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
  - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this

requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

<b>Total Hours</b>		<b>120</b>

## Military Science

Students desiring to expand the scope of their education, while preparing for a dynamic and rewarding career as an officer in the United States Army, Active Duty, National Guard or Army Reserve, choose the Army Reserve Officer Training Corps program (ROTC) as an adjunct to their chosen field of study. With courses dealing in a wide range of subjects from leadership to tactics, taught both indoors and out, the Army ROTC program produces over 5,000 second lieutenants each year across the nation.

The Army ROTC program consists of a basic course and an advanced course. Students desiring to see what the program is like may enroll in up to 13 hours of military science with no commitment to the United States Army. During this basic course, emphasis is placed upon leadership, war gaming, individual skills, problem-solving, rappelling and land navigation. All lower-division ROTC courses are open to the entire University community regardless of year in school.

Students committing themselves to a commission in the United States Army are required to enroll in the Army ROTC advanced course upon completion of the basic course or equivalent. The advanced course consists of 12 hours of academic work taken during the junior and senior year. In addition, participation in a five-week summer camp is mandatory. The advanced course emphasizes further development of leadership skills, offensive and defensive tactics, physical conditioning, ethics, military law, professional and basic military knowledge and skills. Additionally, advanced course students are responsible for use of required military skills as they act as assistant instructors during laboratory periods, plan leadership laboratories, plan and conduct field training exercises and are responsible for coordinating and supervising departmental extracurricular activities. In addition there are several students who join Army ROTC in the simultaneous Membership Program in which they are both students in the ROTC and members of the Army Reserve or Oklahoma National Guard. This provides tremendous experience and economic benefit.

All advanced course students must satisfy directed professional military education (PME) requirements prior to receiving a commission. Commissioning through ROTC consists of two essential parts—a baccalaureate degree and completion of the advanced course requirements to include an upper-division military history course.

Students interested in the Department of Military Science are encouraged to visit with departmental faculty members at any time for further information concerning departmental course offerings and class sequence. A number of two- and three-year scholarships are available through the department. Prior enrollment in military science is not a prerequisite for departmental scholarship application.

## Courses

### MLSC 1113 Foundations of Officership

**Description:** Lecture: Team study and activities in basic drill, physical fitness, rappelling, leadership reaction course, first aid, presentations and basic marksmanship. Fundamentals of leadership. Optional weekend exercise. Lab: Learning and practicing basic skills such as rappelling, drill and ceremony, land navigation, individual first aid, individual training in small unit tactics. Previously offered as MLSC 1112.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Military Science

### MLSC 1213 Basic Leadership

**Description:** Lecture: Principles of effective leading, communication skills and organizational ethical values. Optional weekend exercise. Lab: Learning and practicing basic skills such as rappelling, drill and ceremony, land navigation, individual first aid, individual training in small unit tactics. Previously offered as MLSC 1212.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Military Science

### MLSC 2122 Leader's Training Course

**Prerequisites:** Must meet with Department head and have their approval.

**Description:** For students who have not completed all of basic ROTC. A four-week summer camp similar to Army Basic Training. No military obligation incurred. Completion of MLSC 2122 qualifies a student for entry into the Advanced Course.

**Credit hours:** 2

**Contact hours:** Lab: 4 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab

**Department/School:** Military Science

### MLSC 2130 Military Physical Conditioning

**Prerequisites:** Must meet with department head and have their approval.

**Description:** Participation in and learning to plan and lead a physical fitness program. Development of an individual fitness program and the role of exercise and fitness in person's life. Offered for 1 hour fixed credit. Maximum of 2 credit hours.

**Credit hours:** 1

**Contact hours:** Lab: 2 Contact: 2

**Levels:** Undergraduate

**Schedule types:** Lab

**Department/School:** Military Science

### MLSC 2233 Individual Leadership Studies

**Description:** Ethics-based leadership skills that develop individual abilities and contribute to the building of effective teams. Skills in oral presentation, writing, planning, coordinating groups, land navigation and basic military tactics.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Military Science

**MLSC 2313 Leadership and Teamwork****Prerequisites:** MLSC 2233.**Description:** Individual and team aspects of military tactics in small unit operations. Safety assessment, movement techniques, planning for team safety and security and methods of pre-execution checks. Training techniques for continued leadership development.**Credit hours:** 3**Contact hours:** Lecture: 2 Lab: 2 Contact: 4**Levels:** Undergraduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Military Science**MLSC 3113 Leadership and Problem Solving****Prerequisites:** Completion of lower-division MLSC or equivalent, and approval of professor of military science.**Description:** Practical opportunities to lead small groups in situations of increasing complexity receiving personal assessments and encouragement. Use of small unit defensive tactics and opportunities to plan and conduct training for lower-division students both to develop such skills and as vehicles for practicing leading.**Credit hours:** 3**Contact hours:** Lecture: 2 Lab: 2 Contact: 4**Levels:** Undergraduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Military Science**MLSC 3223 Leadership and Ethics****Prerequisites:** MLSC 3113.**Description:** Analysis of tasks; preparation of written or oral guidance for team members to accomplish tasks. Delegating tasks and supervising. Planning and adapting to the unexpected in organizations under stress. Examination and application of lessons from leadership case studies. Examination of importance of ethical decision-making in setting a positive climate that enhances team performance.**Credit hours:** 3**Contact hours:** Lecture: 2 Lab: 2 Contact: 4**Levels:** Undergraduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Military Science**MLSC 4014 Leader Development and Assessment Course****Prerequisites:** Must meet with Department Head and have their approval.**Description:** A five-week camp conducted at an Army post. Individual leadership and basic skills performance.**Credit hours:** 4**Contact hours:** Lab: 8 Contact: 8**Levels:** Undergraduate**Schedule types:** Lab**Department/School:** Military Science**MLSC 4123 Leadership and Management****Prerequisites:** MLSC 3113 and MLSC 3223.**Description:** Planning conducting and evaluating activities of the ROTC cadet organization. Articulating goals, putting plans into action to attain them. Assessing organizational cohesion and developing strategies to improve it. Developing confidence in skills to lead people and manage resources.**Credit hours:** 3**Contact hours:** Lecture: 2 Lab: 2 Contact: 4**Levels:** Undergraduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Military Science**MLSC 4223 Officership****Prerequisites:** MLSC 3113 and MLSC 3223.**Description:** Continuation of the methodology from MLSC 4123. Identification and resolution of ethical dilemmas. Refining counseling and motivating techniques. Examination of aspects of tradition and law as related to leading as an officer in the Army.**Credit hours:** 3**Contact hours:** Lecture: 2 Lab: 2 Contact: 4**Levels:** Undergraduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Military Science**MLSC 4422 The Tactical Planning Process****Prerequisites:** Must meet with department head and have their approval.**Description:** The tactical planning process and its components. Computer tactical simulations used to organize and synchronize the process.**Credit hours:** 2**Contact hours:** Contact: 2 Other: 2**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Military Science

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

## Multidisciplinary Studies

---

Multidisciplinary Studies degrees meet the needs of students who desire greater breadth in the major than typical degrees allow. By combining coursework across several disciplines, students tailor their curriculum to unique academic and career goals. Some areas of concentration are available through online coursework - see <http://cas.okstate.edu> for more details. To ensure coherence among courses selected across disciplines, a three-semester-hour senior project is required as a part of the major.

### Undergraduate Programs

- Multidisciplinary Studies, BA (p. 1563)
- Multidisciplinary Studies, BS (p. 1565)
- Multidisciplinary Studies: Business Essentials, BA (p. 1568)
- Multidisciplinary Studies: Business Essentials, BS (p. 1571)
- Multidisciplinary Studies: Pre-Law, BA (p. 1574)
- Multidisciplinary Studies: Pre-Law, BS (p. 1577)

### Upper-Division General Education

Select 6 hours outside major department

See note 2.c.

**Hours Subtotal** **22**

### Major Requirements

Minimum GPA 2.00. No more than 9 hours may be lower-division.

A&S 4013 or AMST 4973	Multidisciplinary Studies Capstone (or 3-hour capstone in the primary discipline approved by advisor) Senior Seminar in American Studies	3
--------------------------	---	---

15 hours from one of the following disciplines. Minimum GPA 2.00 for all courses in this primary discipline.

AMIS, AMST, ANTH, ART, BIOL, CS, CHEM, ECON, ENGL, FLL (including ASL, FREN, GREK, GRMN, LATN, RUSS, SPAN), GEOG, GEOL, GWST, HIST, MATH, MICR, MUSI, PBIO, PHIL, PHYS, POLS, PSYC, REL, SOC, SPCH, STAT, TH

12 hours from a second discipline or area of concentration (approved by advisor)

10 additional hours

**Hours Subtotal** **40**

### Electives

Select 18 hours

May need to include 6 hours upper-division general education outside major department (see note 2.c.). May need to include 9 additional upper-division hours.

**Hours Subtotal** **18**

**Total Hours** **120**

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any

part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).

- d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

**3. Foreign Language Proficiency**

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

**4. Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.

- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

## Other Requirements

- See the College of Arts and Sciences Requirements
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic

Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.

- b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

<b>Hours Subtotal</b>		<b>42</b>
<b>Electives</b>		<b>25</b>
May need to include 6 hours of a foreign language. See note 3.		
May need to include 6 hours upper-division general education outside major department (see note 2.c.). May need to include 9 additional upper-division hours.		
<b>Hours Subtotal</b>		<b>25</b>
<b>Total Hours</b>		<b>120</b>

## Other Requirements

- See the College of Arts and Sciences Requirements
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.

- b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
- c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 48 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
  - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in

a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours
<b>Freshman</b>		
<b>Fall</b>

## Music

The Michael and Anne Greenwood School of Music at OSU serves students who plan careers in the field of music as well as those who desire to participate in any element of a comprehensive music program. Professional instruction prepares students for careers in performance, teaching, and the music industry. The OSU undergraduate degrees are also excellent preparation for graduate school and for careers in arts management, recording technology, music composition and arranging, church music, and music academia, among other paths.

Students planning to major in music at the university level should have a strong interest in music and/or a talent for performance in vocal or instrumental music. Individual lessons, fundamental theory knowledge, and basic piano ability also supports success at the university level.

The music major may choose from the following degrees:

1. Bachelor of Music (BM) in performance or jazz performance,
2. BM in instrumental or vocal music education,
3. Bachelor of Arts (BA) in music or music with a composition option, and
4. Bachelor of Science (BS) in music industry.

The student majoring in a discipline other than music may participate with music majors in all ensembles (choirs, opera, orchestra, concert bands, marching band, basketball band, jazz bands, popular and new music ensembles, and chamber ensembles) and courses, as well as individual lessons for academic credit. Students may also pursue a minor in music. The Greenwood School of Music offers minors in music, applied music, jazz, and composition/theory.

An active scholarship program provides assistance to music majors and non-music majors. Students are invited to write, call 405.744.8997, or visit our website ([music.okstate.edu](http://music.okstate.edu) (<http://music.okstate.edu>)) for audition information.

Faculty members, students, and ensembles present over 150 concerts and recitals annually. The school also supports a robust program of extension and outreach opportunities.

The Michael and Anne Greenwood School of Music is accredited by the National Association of Schools of Music and is an All-Steinway School.

## Admission Requirements

Students wishing to major in music should contact the Michael and Anne Greenwood School of Music to arrange for an entrance audition and interview.

Students are expected to maintain an overall GPA of at least 2.0 while enrolled as music majors at OSU. Any student whose GPA falls below 2.0 will be placed on departmental probation. To be removed from departmental probation, students must increase the overall GPA to at least 2.0. Any student who fails to meet the minimum GPA requirement in two consecutive semesters will be suspended from the OSU music program. For the purpose of determining probationary status, the number of ensemble credits that apply toward the GPA cannot exceed the total number of ensemble credits required for completion of the degree. Though a student must maintain an overall GPA of at least 2.0 in order to avoid departmental probation from semester to semester, all music students must have a minimum GPA of at least 2.5 in the required major courses in order to graduate. In addition to maintaining a 2.0 overall

GPA, students must earn grades no lower than a C in any music class. Students who fail to pass a required music course with a grade of at least a C after two attempts will be suspended from the music major.

## Applied Juries

Students are expected to pass a performance jury at the conclusion of each semester of applied study.

Any students who fail to pass this jury will be placed on departmental probation. Students must also pass an upper-division barrier jury prior to enrolling in upper-division applied lessons if required by the degree program. Any students who do not pass this jury will be placed on departmental probation. Those students must retake this performance barrier jury at the conclusion of the following semester. Any students who fail a performance barrier jury for two consecutive semesters will be suspended from the music program.

Any student suspended from the music program may re-audition for acceptance into the program but must wait at least one year before continuing as a music major. Students who are initially suspended from the music program but are later accepted after the re-audition process will remain on probationary status for one semester. Any re-admitted student who does not meet all of the necessary minimum requirements at the conclusion of their first semester of re-admittance will be suspended from the program.

Further details of the departmental academic progress policy are published in the Undergraduate Music Student Handbook at [music.okstate.edu](http://music.okstate.edu) (<http://music.okstate.edu>).

## Courses

### MUSI 0500 Student Recital Attendance

**Description:** Graduation requirement for music degree or certificate candidates. Graded on a pass/fail basis.

**Credit hours:** 0

**Contact hours:** Lecture: 0 Contact: 0

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

### MUSI 1001 Percussion Techniques

**Description:** Methods for playing and teaching percussion instruments.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**Additional Fees:** Music Facility Utilization fee of \$40 applies.

### MUSI 1002 Fundamentals of Music

**Description:** The study of the foundations of tonal harmony.

**Credit hours:** 2

**Contact hours:** Lecture: 2 Contact: 2

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**MUSI 1011 Class Piano I**

**Prerequisites:** Music major status or consent of instructor AND (MUSI 1532 with a minimum grade of "C" OR concurrent enrollment in MUSI 1532).

**Description:** Class Piano I is a course designed for vocal and instrumental (non-keyboard) majors to develop functional piano skills. Basic fluency in musical notation is assumed.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**Additional Fees:** Music Instruction fee of \$100 applies.

**MUSI 1021 Class Piano II**

**Prerequisites:** MUSI 1011 with minimum grade of "C" and music major status or consent of instructor.

**Description:** Class Piano II continues the development of keyboard skills established in MUSI 1011.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**MUSI 1031 Voice Class Lessons**

**Description:** To gain knowledge within a group class setting of the vocal instrument as it applies to each individual, and to learn to apply these techniques to solo voice performance. To give each student a strong foundation in healthy classical vocal technique to allow them to sing throughout their lifetime.

**Credit hours:** 1

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**MUSI 1071 Single Reed Techniques**

**Description:** Methods for playing and teaching the clarinet and saxophone.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**Additional Fees:** Music Facility Utilization fee of \$40 applies.

**MUSI 1081 Double Reed Techniques**

**Description:** Methods for playing and teaching the oboe and bassoon.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**Additional Fees:** Music Facility Utilization fee of \$40 applies.

**MUSI 1091 High Brass Techniques**

**Prerequisites:** MUSI 1532 with a minimum grade of "C" or consent of instructor.

**Description:** Methods for playing and teaching the trumpet and French horn.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**Additional Fees:** Music Facility Utilization fee of \$40 applies.

**MUSI 1110 Elective Organ**

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1120 Elective Piano**

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1130 Elective Voice**

**Prerequisites:** Concurrent enrollment in a choral ensemble (MUSI 2630, MUSI 3630 and/or MUSI 4600) or permission of instructor.

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1140 Elective Brass**

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1150 Elective Class Guitar**

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1160 Elective Woodwinds**

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1170 Elective Percussion**

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1180 Secondary Organ**

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1190 Secondary Piano**

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1200 Secondary Voice**

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1210 Secondary Brass**

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1220 Secondary String**

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1230 Secondary Woodwind**

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1240 Secondary Percussion**

**Description:** Offered for variable credit, 1-2 credit hours, maximum of 8 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 1531 Sight Singing and Aural Skills**

**Prerequisites:** Must have passed or be concurrently enrolled in MUSI 1532 Theory of Music I.

**Description:** Development of skills in sight singing and aural perception. Taken concurrently with MUSI 1532.

**Credit hours:** 1

**Contact hours:** Lecture: 2 Contact: 2

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**Additional Fees:** Music Instruction fee of \$24 applies.

**MUSI 1532 Theory of Music I**

**Prerequisites:** MUSI 1002 Fundamentals of Music or receiving a passing score of 30 points or higher on the music theory diagnostic exam.

**Description:** The study of tonal harmony through analysis and composition. Taken concurrently with MUSI 1531. Previously offered as MUSI 1533.

**Credit hours:** 2

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**MUSI 1541 Sight Singing and Aural Skills II**

**Prerequisites:** MUSI 1531 and MUSI 1532 with minimum grade of "C."

**Description:** A continuation of MUSI 1531. Taken concurrently with MUSI 1542.

**Credit hours:** 1

**Contact hours:** Lecture: 2 Contact: 2

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**Additional Fees:** Music Instruction fee of \$24 applies.

**MUSI 1542 Theory of Music II**

**Prerequisites:** MUSI 1532 with minimum grade of "C."

**Description:** A continuation of MUSI 1532. Taken concurrently with MUSI 1541. Previously offered as MUSI 1543.

**Credit hours:** 2

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**MUSI 1623 Introduction to Music Business**

**Prerequisites:** Music major status or consent of instructor.

**Description:** A survey of music business procedures, opportunities, technologies and trends.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**MUSI 1631 Introduction to Diction for Singers**

**Description:** Designed for Music Education majors. Introduces and develops skills in pronunciation and diction for singing in English, Italian, French and German.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**MUSI 2010 Piano Class Lessons**

**Prerequisites:** MUSI 1021 with minimum grade of "C" and music major status.

**Description:** Class lessons for music majors (non-keyboard concentration) preparing for the piano proficiency examination. Previously offered as MUSI 2011. Offered for 1-fixed credit hour, maximum of 3 credit hours.

**Credit hours:** 1

**Contact hours:** Contact: 1 Other: 1

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**MUSI 2013 Popular Music Theory**

**Prerequisites:** MUSI 1542 with a minimum grade of "C" or MUSI 1543 with a minimum grade of "C".

**Description:** This course is a continuation of MUSI 1542. The course will focus on jazz and popular music theory, including elementary principles of popular chord voicings and arrangements, chord scale relationships, blues, AABA and other song forms. Analysis of jazz solo transcription as well as basic keyboard skills will be emphasized in addition to required listening to exceptional examples of standard popular music recordings.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**MUSI 2051 High String Techniques**

**Description:** Methods for playing and teaching the violin and viola. Previously offered as MUSI 2052.

**Credit hours:** 1

**Contact hours:** Lab: 2 Contact: 2

**Levels:** Undergraduate

**Schedule types:** Lab

**Department/School:** Music

**Additional Fees:** Music Facility Utilization fee of \$40 applies.

**MUSI 2061 Low String Techniques**

**Description:** Methods for playing and teaching the cello and double bass. Previously offered as MUSI 2052.

**Credit hours:** 1

**Contact hours:** Lab: 2 Contact: 2

**Levels:** Undergraduate

**Schedule types:** Lab

**Department/School:** Music

**MUSI 2071 Flute Techniques**

**Description:** Methods for playing and teaching the flute.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**Additional Fees:** Music Facility Utilization fee of \$40 applies.

**MUSI 2080 Music Composition**

**Prerequisites:** Consent of instructor.

**Description:** Practical experience in musical composition. Offered for 1 credit hour.

**Credit hours:** 1

**Contact hours:** Contact: 1 Other: 1

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Music

**Additional Fees:** Private Lesson Instruction fee of \$65 per credit hour applies.

**MUSI 2091 Low Brass Techniques**

**Description:** Methods for playing and teaching the trombone, euphonium, and tuba.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Music

**Additional Fees:** Music Facility Utilization fee of \$40 applies.

**Department/School:** Music

**MUSI 5032 Graduate History Review**

**Description:** A review of the development of Western European art music from the medieval era to the present day to enable graduate students to study music history at the graduate level. Enrollment is mandated or encouraged based upon entrance exam scores.

**Credit hours:** 2

**Contact hours:** Lecture: 2 Contact: 2

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Music

**MUSI 5042 Collaborative Piano I**

**Prerequisites:** Music major status or consent of instructor.

**Description:** This course introduces pianists to various collaborative works focusing on vocal repertoire from early Italian songs written in the late Renaissance era through the music of our times. This course will feature class performance and coaching sessions, and discussions of style and practical rehearsal techniques, with listening and reading assignments. Through the course, students will learn the art of collaborating with vocalists. May not be used for degree credit with credit in MUSI 4042.

**Credit hours:** 2

**Contact hours:** Lecture: 2 Contact: 2

## Undergraduate Programs

- Music Education: Instrumental/Vocal Certification, BM (p. 1607)
- Music Industry, BS (p. 1611)
- Music, BA (p. 1614)
- Music: Jazz Performance, BM (p. 1617)
- Music: Music Composition, BA (p. 1620)
- Music: Performance, BM (p. 1623)

## Graduate Programs

The Master of Music offers the performer and conductor the opportunity to further their professional studies and/or prepare for study at the doctoral level.

For the student pursuing the conducting option, we stress challenging studies in conducting skills, repertoire and rehearsal techniques. Degree candidates will focus on their particular area of specialty and will have

numerous opportunities to conduct appropriate choirs, wind bands, orchestras and string groups, and chamber ensembles.

As a part of specializing on their instruments, students who choose the applied music option will develop a refined knowledge of the literature composed for that instrument and will also learn the teaching and technical approaches that have been developed for that musical medium. Performing opportunities, both solo and collaborative, are an important component of the degree candidate's studies.

The Master of Music is a 32-hour degree. Each option includes courses in music research and bibliography, music theory, and music history. Elective credits that are built into each degree option permit the student to explore additional interests. Each degree candidate will complete a final project designed in collaboration with their primary professor. A final oral examination is also part of the degree requirements.

## Admission Requirements

Prospective students must have earned a bachelor's degree or the equivalent. Students interested in the conducting option must audition on campus, or submit a video recording of their conducting. Students interested in the applied music option must audition on campus or submit an audio or video recording of a recent performance (minimum of 20 minutes of music).

## Financial Assistance

The Michael and Anne Greenwood School of Music offers a variety of assistantships with areas of specialization including music appreciation, class piano, instrumental techniques, accompanying, conducting, and music technology, among others. Additional scholarships may be awarded through the Greenwood School of Music.

## Minors

- Applied Music (APMU), Minor (p. 1603)
- Jazz (JAZZ), Minor (p. 1604)
- Music (MUSI), Minor (p. 1605)
- Music Composition and Theory (MUCT), Minor (p. 1606)

## Faculty

Lucia Unrau, DMA—Professor and Director

**Regents Professor:** Brant Adams, PhD

**Professors:** Babette Belter, MM; Meredith J. Blecha-Wells, DMA; Paul R. Compton, MM; Anné-Marie Condacse, DMA; Bradley Genevros, DMA; April Golliver-Mohiuddin, MM; Igor Karača, DMA; Heather Shea Lanners, MM; Thomas Lanners, DMA; Lanette López-Compton, MM; Howard Potter, DMA; D. Allen Scott, PhD; Laura A. Talbott-Clark, DMA; Tony Thornton, DMA

**Associate Professors:** Wayne Bovenschen, MM; Thomas T. Dickey, DMA; Julia Haley, PhD; Christopher Haygood, DMA; Erin K. Murphy, DMA; Mark E. Perry, PhD; Thomas Poole, DMA; Ryan Robinson, DMA; Steve P. Sanders, MM

**Assistant Professors:** Christian Bester, DMA; Joseph Cooper, DMA; Glenn Dewey, MM; David Hier, PhD; Andrew W. Parker, DMA; Sarah Sarver, PhD; Jacqueline Skara, PhD

**Clinical Associate Professor:** Nataša Kaurin-Karača, MM

**Visiting Assistant Professor:** Hyejin Cho, DMA; Devan Moore, DMA; Johnny Salinas, DMA; Shawn Seguin, DMA

**Lecturers:** Pi-Ju Chiang, MM; Elena Lyalina, DMA

**Adjunct Professors:** Megan Barth Argo, MM; Brian Belanus, MM; Trent Bell; Nick Beltchev, DMA; Melinda Bettridge, MS; Michael Brems, MM;

1602 Music

Ashley Cooper, MM; Zac Maloy; Julie McCoy, MM; Bill Repavich, MM;  
Trammell Starks

If two-hour course is chosen from Electives, total hours increase by one.

## Additional OSU Requirements Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

## Jazz (JAZZ), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

MUSI 4842	Choral Literature for the Classroom	2
MUSI 4912	Orchestration and Arranging	2
or JAZZ 4102	Jazz Arranging & Composition I	

Choose Keyboard or Vocal 5

#### Keyboard

MUSI 4480	Elective Applied Lessons (Elective Applied Voice, 2 hours)
MUSI 4042	Collaborative Piano I
MUSI 4600	Chamber Ensembles (1 hour - Chamber Piano)

#### Vocal

MUSI 3022	Piano Skills for Vocal Music Education Majors
-----------	---

Select 3 hours upper-division large ensemble of the following:

MUSI 3610	University Bands II
MUSI 3620	Symphony Orchestra II
MUSI 3630	University Choral Ensembles II

All Music Majors must successfully complete an entrance audition, upper-division theory examination, keyboard proficiency examination, and six semesters of MUSI 0500 Student Recital Attendance and must participate in Applied Major Music Lessons each semester of residence. All wind and percussion instrumental music education majors must enroll in MUSI 2610 University Bands I/MUSI 3610 University Bands II Marching Band each fall semester, except while student teaching.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be

satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).

- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Select one of the following majors:		2
Instrumental and Voice Majors:		
Select 2 hours of upper-division large ensemble from the following:		
MUSI 3610	University Bands II	
MUSI 3620	Symphony Orchestra II	
MUSI 3630	University Choral Ensembles II	
Keyboard Majors:		
MUSI 4042	Collaborative Piano I	
or MUSI 4142	Collaborative Piano II	
<b>Hours Subtotal</b>		<b>41</b>
<b>Electives</b>		
Select 17 hours		17

All electives plus 5 hours general education or college requirements, in addition to MUSI 3753, may need to be upper-division and must include 6 hours upper-division general education outside major department. (see note 2.c.)

4 hours need to be liberal arts or liberal science from ART, ASL, BIOL, CHEM, CS, ENGL, FLL, FREN, GEOG, GEOL, GREK, GRMN, HIST, LATN, MATH, MICR, PBIO, PHIL, PHYS, POLS, PSYC, RUSS, SOC, SPAN, SPCH, STAT, TH.

<b>Hours Subtotal</b>	<b>17</b>
<b>Total Hours</b>	<b>120</b>

1

College and Departmental Requirements that may be used to meet General Education Requirements.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include

3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

### College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic

Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.

- b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

<b>Hours Subtotal</b>	<b>7</b>
<b>Total Hours</b>	<b>120</b>

All Music Majors must successfully complete an entrance audition, upper-division theory examination, keyboard proficiency examination, and six semesters of MUSI 0500 Student Recital Attendance.

1

College and Departmental Requirements that may be used to meet General Education Requirements.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this

requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours

MUSI 3630	University Choral Ensembles II	
MUSI 4600	Chamber Ensembles	
Select 9 hours of foreign language from no more than two languages		9

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
  - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript

which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

2

Speak with academic advisor about saving General Education electives and Humanities (H) for Upper-division courses with International (I) and Diversity (D) dimensions.

## Philosophy

Philosophy is both an intellectual activity and a subject of study. As an activity, philosophy seeks to analyze, evaluate, and often reformulate the ideas, principles and arguments by which experience is understood and explained and by which action is directed and justified. Philosophy explores every area of experience and behavior: e.g., aesthetic, political, religious, scientific and moral. The writings produced by great philosophers are worthy of study as models of thought and as artifacts of historical influence and cultural significance.

Courses offered in philosophy fall into three general groups: broad introductory courses that cover a variety of topics, historical courses that study important thinkers, and special topic or field courses. Some offerings combine the latter two characteristics. Few undergraduate courses are intended primarily for majors. The BA program in philosophy has been approved for offering at OSU-Tulsa. Students may pursue work in philosophy as part of their general education, as a support to their major area of concentration, as a minor, as a major leading to a BA degree, as a second major, or in connection with a graduate program.

In addition to the standard Bachelor of Arts in Philosophy, which offers three tracks (see below), the Department also offers two specialty options, Pre-Ministry and Pre-Law. The Pre-Ministry option includes required courses in Religious Studies, and students are encouraged to take counseling courses as electives. The Pre-Law option is flexible and allows students to incorporate relevant courses from departments such as Political Science, Economics, Finance and Business Communications

The standard Bachelor of Arts in Philosophy accommodates students of three sorts. The "general" track is designed for students who wish to explore philosophy as a general path to the refinement of their thinking, writing and speaking, and a deepening appreciation of the most fundamental and guiding ideas and values of civilization. It is a very flexible program, requiring two lower-division introductory courses, two upper-division historical survey courses and 19 hours of additional unspecified philosophy courses numbered 3000 or above. The "pre-professional" track is designed for students who wish to provide a philosophical foundation for their professional interests (such as law, medicine, business, public service). Though requirements are technically the same for these students as those on a general track, they are assigned a second advisor who helps to coordinate curricular and other activities for the best career preparation possible. The "graduate preparation" track is designed for students who are interested in pursuing graduate studies in philosophy. It requires an additional six hours of upper-division philosophy and mandates more specific courses than either of the other tracks. Students may shift from track to track at any time without prejudice.

A minor or a second major in philosophy will complement any other area of study. A philosophy minor requires 18 hours of unspecified philosophy courses, 12 of which must be numbered 3000 or above.

## Courses

### PHIL 1023 Who Do You Think You Are? (H)

**Description:** Is who you think you are really who you are? Is there more to understanding who we are than we can know with the mind? Are there depths of our personal identity that go beyond our ordinary notions about being "somebody" ? Does discovering who and what I am have any impact on the quality of my life? This course explores these issues from both philosophical and spiritual sources, utilizing practices designed to help bring direct, transformative insights into the question of who and what we really are so that we might enjoy a life of peace, love and joy.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

### PHIL 1113 Introduction To Philosophy (H)

**Description:** Selected philosophical problems: the nature of reality, knowledge, value, social ideals and religion. Previously offered as PHIL 2113.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

### PHIL 1213 Philosophies of Life (H)

**Description:** Introduction to selected views of living a meaningful life in light of morality, social values, truth and freedom.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

### PHIL 1313 Logic and Critical Thinking (A)

**Description:** Formal and informal reasoning, common fallacies, definitions and language functions, patterns of explanation. Practical criticism and development of everyday arguments.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Analytical & Quant Thought

### PHIL 2003 Local Issues and Ethical Controversies (H)

**Description:** This course will familiarize students with current and highly debated moral issues that affect their lives and the lives of those in their community. Moral theories will be applied to critical issues that affect Oklahoma and surrounding Southwestern states. Students will learn how to articulate both sides of these debated issues, as well as how to engage in civil discourse with others with whom they may disagree.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 2013 Philosophical Classics (H)**

**Description:** Basic works by great thinkers, including Plato, Descartes and Hume. Previously offered as PHIL 1013.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 2043 Philosophy of Film (H)**

**Description:** This course introduces students to the various philosophical issues surrounding film. Topics will include: the nature of cinema, authorship and narration, film's relationship with the emotions, genre, and cinematic depictions of love, violence, race and gender. Various film techniques will also be discussed, including cinematography, lighting, editing, scoring and sound design. These issues will be dealt with by making use of philosophical texts. Course previously offered as PHIL 3723.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 2053 Philosophy in Literature (H)**

**Description:** Selected literary works examined for philosophical ideas and themes. Attention to the interrelation of form and content. Thematic approach. Course previously offered as PHIL 4453.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 2413 Global Ethics (HI)**

**Description:** Issues like poverty, climate change, immigration and the development and distribution of medical treatments can best be understood as global issues. In Global Ethics, students will study a variety of global ethical challenges and learn how those from different countries/cultures understand and respond to these challenges. The goal of this course is not to convince students that one particular viewpoint is correct. Rather, students will be encouraged to determine what they believe is the best way to understand and ethically respond to some of the global ethical issues that currently challenge us.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities, International Dimension

**PHIL 2513 Philosophy and Culture (H)**

**Description:** A philosophical investigation of diverse cultural attitudes, values, and experiences. Representative topics include social media, entertainment, music, film, art, tradition, ritual, gender, race, class, and religion.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 2573 Drugs, Philosophy and Society (H)**

**Description:** This course explores the various philosophical issues that arise from humankind's relationship with drug use. Considerable time will be spent analyzing both the justification and ethical implications of current United States drug policies.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 2890 Honors Experience in Philosophy**

**Prerequisites:** Honors Program participation and concurrent enrollment in a designated PHIL course.

**Description:** A supplemental Honors experience in Philosophy to partner concurrently with designated Philosophy course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Honors Credit

**PHIL 2990 Sophomore Seminar in Philosophy**

**Prerequisites:** 3 credit hours of Philosophy or consent of instructor.

**Description:** A seminar-style course on varying philosophic topics intended for sophomores, taught by faculty members on a rotating basis. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**PHIL 3003 Symbolic Logic (A)**

**Description:** Propositional logic and predicate logic with identity. Formal analysis of language. Previously offered as PHIL 4303. May not be used for degree credit with PHIL 5003.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Analytical & Quant Thought

**PHIL 3113 Ancient Greek Philosophy (H)**

**Prerequisites:** PHIL 1113, PHIL 1313 or PHIL 2013, or any 3000-4000 level PHIL course.

**Description:** Historically-based introduction to the philosophical ideas and works of Plato and Aristotle. Begin by reading excerpts and commentary on the Pre-Socratics and Sophists. End the course with readings from the Hellenistic schools of philosophy: Stoics, Skeptics, and Epicureans.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3213 17th and 18th Century Philosophy (H)**

**Prerequisites:** PHIL 1113 or PHIL 1313 or PHIL 2013, or any 3000-4000 level PHIL course.

**Description:** Major philosophers and problems in Western thought from the 17th through the 18th century. Emphasis on Descartes, Hume and Kant.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3313 19th and 20th Century Philosophy (H)**

**Description:** Major philosophers and problems in Western thought from Hegel to the present.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3413 Ethical Theory (H)**

**Description:** Contemporary and classical views on the nature of moral judgments, moral value, relativity and objectivity, freedom and responsibility.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3433 Happiness and Well-being (H)**

**Description:** An investigation into the science and philosophy of happiness and well-being as well as the relationship between the two.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3513 Social Philosophy (H)**

**Description:** Major social thinkers and contemporary issues. Social authority, human rights, political forms and justice. Emphasis on Aristotle, Locke, Mill and Marx.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3523 Medieval Philosophy (H)**

**Description:** The central focus is on the philosophical and theological problems that engaged the minds of medieval thinkers from Christian, Islamic, and Jewish traditions, including Abelard, Avicenna, Averroes, Maimonides, Aquinas, Scotus, and Ockham.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3553 Philosophy of Dreams (H)**

**Description:** Critical examination of philosophical writings about dreams and dream theories. Topics include distinguishing dreams from reality, questions about morality in dreams, and debates about the evolutionary functions of dreams.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3613 Philosophy of Religion (H)**

**Description:** Nature of religion, religious experience and religious language. God-concepts, theistic arguments, God and evil, God and immortality.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3623 Philosophy of Race (DH)**

**Description:** Philosophy of Race investigates race discourse within the texts of contemporary philosophers. The course begins with an examination of the concept of race from antiquity through postmodernity. Course discussion focuses on the biological veracity of race, the rise of race as a sociopolitical concept, and the role of modern philosophers in shaping the prevailing perception of people of non-European descent in the West and the implicit justification of slavery, which pervades their texts.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Diversity, Humanities

**PHIL 3633 MLK, Malcolm X, & Philosophy of Race (DH)**

**Description:** Critical examination of African American philosophers and other Black thinkers of the Diaspora In an effort to understand the philosophical significance of the Black experience. Since Martin Luther King, Jr. and Malcolm X are widely accepted as the apex of the two major strains of Black-American philosophy this course will closely read their works.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Diversity, Humanities

**PHIL 3703 Animal Ethics (H)**

**Description:** Ethical Issues regarding animals and their moral status. Topics include animal welfare, consciousness, ethical arguments for and against eating meat, debates about the legal rights of the great apes, biomedical research, the ethics of zoos and aquariums, methods of population control, and companion animals.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3713 Philosophy of Education**

**Description:** Classical and contemporary philosophers who have systematically developed their ideas about education, including Plato, Aristotle, Rousseau, Locke, and Dewey.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**PHIL 3733 Environmental Ethics (H)**

**Description:** This course explores human ethical obligations as they related to the broader natural environment in the light of two issues: contemporary concerns about human-induced changes to the environment (pollution, resource depletion, climate change, etc.), and the question of how distinct ways of conceiving the human relationship to nature impact human behavior and thereby the trajectory of these environmental changes.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3743 Science and Human Values (H)**

**Description:** A general introduction to the history of western science, stressing cultural values affecting scientific innovations, as well as the affects of scientific innovations on cultural values. Important examples from the history of astronomy and physics and from the history of evolutionary biology will be examined. Students will critically examine the relationship(s) between scientific work and broader cultural concerns.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3773 Social Media Today (H)**

**Description:** In this class students are going to read and reflect upon some of the most influential theories on social media today. Discussions will include the competing analyses of Bauerlein, Carr, Shirky and many others who debate the influences of modern media (like Snapchat, Facebook, and Instagram) on a wide array of topics: social identity, friendship, love, knowledge, communication, individuality, commerce, entertainment, creativity, consumerism, political activism, and democratic ideals.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3783 Ethics of Artificial Intelligence (H)**

**Description:** Case-based examination of ethical issues surrounding the development and implementation of artificial intelligence. Topics include ethical learning, responsibility and automated systems, moral machines, explainable artificial intelligence, algorithmic bias, automation and work, human-robot interaction, machine consciousness, the moral status and rights of robots, and super-intelligence.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3793 Love, Sex, and Gender (H)**

**Description:** In this class students are going to engage a variety of theories on sex, love, and gender. Some of these theories emphasize the role of our evolutionary past on how we pursue intimate relationships. On this view, much of our desire for sex and love is influenced by the reproductive choices of our ancestors. Other theories, however, stress the rich diversity of social practices historically and across the world today. Students will therefore be exposed to competing ideas on marriage, sexual preferences, promiscuity, hormonal differences, gender socialization, and so forth.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3803 Business Ethics (H)**

**Description:** Ethical issues in business, such as employer-employee duties and loyalties, advertising uses, preferential treatment practices. Analytic grounding in basic theories of ethics.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3813 American Philosophy (H)**

**Description:** Dominant trends in American philosophy, with an emphasis on Pragmatism.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3823 Engineering Ethics**

**Description:** Philosophical analysis of moral issues in engineering practice, such as whistle blowing, conflicts of interest and product liability. Professional codes of ethics.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**PHIL 3833 Biomedical Ethics (H)**

**Description:** Moral problems brought about by recent developments in scientific research and medical technology. Abortion, euthanasia, genetic engineering, and human experimentation.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3843 Philosophy of Law (H)**

**Prerequisites:** Upper-division standing.

**Description:** Philosophical issues related to U.S. law. The relationship between law and morality, the nature and functions of law and grounds of liability.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3853 Pragmatism (H)**

**Description:** A survey of Pragmatism and its history. While the course will primarily focus on two major figures of American Pragmatism, Charles Peirce and William James, we will also explore how pragmatism developed in the 21st century and track its influence in both philosophy and science.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Philosophy

**General Education and other Course Attributes:** Humanities

**PHIL 3873 Feminist Philosophy (DH)**

**Description:** Feminist Philosophy introduces students to various concepts, insights, and methodological tools within feminist philosophy. Issues include: what 'feminist philosophy' is, concepts such as intersectionality, power, privilege, and oppression, and how they can be identified in practice. Relationships between feminism and other in-group/out-group binary concerns will also be explored.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities

## Undergraduate Programs

- Philosophy, BA (p. 1643)
- Philosophy: Ethics and Business Essentials, BA (p. 1646)
- Philosophy: Ethics and Public Policy, BA (p. 1649)
- Philosophy: Pre-Law, BA (p. 1652)
- Philosophy: Pre-Ministry, BA (p. 1655)

## Graduate Programs

The Department of Philosophy offers a Master of Arts degree in philosophy. Consult the "Master's Degree Programs" section of the "Graduate College" in the Catalog for general regulations and requirements relating to admission.

The Master of Arts degree in philosophy offers a broad-based curriculum designed to serve the interests of two kinds of students:

1. Professional Emphasis: for students who wish to pursue their study of philosophy as a supplement to preparation in a wide variety of professions including business, law, government, the health professions, the ministry, or counseling. Students interested in the professional emphasis have the opportunity to choose from a wide variety of courses that support their career plans (biomedical ethics, business ethics, philosophy of law, philosophy of religion, and cognate courses in other disciplines).
2. PhD Emphasis: for students who wish to pursue their study of philosophy as a preparation for PhD studies in philosophy at another institution. Students interested in the PhD emphasis have the opportunity to enhance their understanding of the history of philosophy, logic, and metaphysics and epistemology.

Students in both of these emphases are able to compete for teaching assistantships and may teach either Critical Thinking or Introductory Moral/Social Problems courses.

Prerequisites for admission to the program are 24 semester credit hours (at least 18 at the upper-division level) in philosophy including courses in the history of ancient philosophy (PHIL 3113 Ancient Greek Philosophy (H) or equivalent), the history of 17th and 18th century philosophy (PHIL 3213 17th and 18th Century Philosophy (H) or equivalents) and a course in logic (PHIL 3003 Symbolic Logic (A) or equivalent). Students without these prerequisites, but otherwise admissible, may be granted "qualified" or "provisional" status until the prerequisites are satisfied.

The Master of Arts degree in Philosophy may be earned through any of three options:

1. Thesis option (twenty-four credit hours of course work plus six credit hours of research in which a thesis is written);
2. Report option (thirty credit hours of course work plus two credit hours of research in which a report is written);
3. Creative Component option (thirty-two credit hours of coursework including a creative component).

Students will prepare a plan of study under the guidance of their graduate advisor. Each student is supervised by a three-person advisory committee appointed for, and in consultation with, the student.

A student may also, in accordance with the policies of the Graduate College, select a graduate minor in connection with the master's degree in philosophy, thus permitting a concentration of work in broad areas such as social thought or cognitive science.

Students pursuing a master's or doctor's degree in another field may elect philosophy as a graduate minor. Selected courses and seminars in philosophy can broaden and complement work in such areas as economics, education, engineering, English, history, psychology and sociology.

## Minors

- Ethics (ETHC), Minor (p. 1641)
- Philosophy (PHIL), Minor (p. 1642)

## Faculty

Scott D. Gelfand, PhD—Associate Professor and Head

**Professors:** Lawrence R. Pasternack, PhD; Eric H. Reitan, PhD

**Associate Professors:** Haridas Heitz, PhD; Apple Z. Igrak, PhD; Doren A. Recker, PhD; Shannon L. Spaulding, PhD

**Assistant Professors:** Jin Kim, PhD; Richard Neels, PhD; Heather Stewart, PhD

**Teaching Associate Professors:** Christopher Drohan, PhD; Justin Rice

**Teaching Assistant Professors:** Lawrence Ware

With approval from the advisor and department head, a maximum of 30 hours from an accredited doctoral law program may be substituted for these areas.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
  - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in

a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic adviser prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

1

College and Departmental Requirements that may be used to meet General Education Requirements.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language,

which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

Select 15 hours upper-division related courses from the following: <sup>1</sup>		15
AGEC 3713	Agricultural Law	
AMIS 4013	American Indian Sovereignty (D)	
BCOM 3113	Written Communication	
ECON 3313	Money and Banking	
ECON 3423	Public Finance	
ENGL 3223	Professional Writing Theory	
ENGL 3323	Technical Writing	
FIN 3113	Finance	
LSB 3213	Legal and Regulatory Environment of Business	
MSIS 4123	Information Assurance Management	
POLS 3033	International Law	
POLS 3453	U.S. Congress	
POLS 3493	Public Policy	
POLS 3613	State and Local Government	
POLS 4353	Administrative Law	
POLS 4363	Environmental Law And Policy	
POLS 4963	U.S. Constitution: Civil Rights and Civil Liberties	
POLS 4973	U.S. Constitution: Separation of Powers	
SOC 4313	Sociology of Law	
SPCH 3733	Elements of Persuasion (S)	
<b>Hours Subtotal</b>		<b>43</b>
<b>Electives</b>		
Select 15 hours <sup>1</sup>		15
May need to include 6 hours upper-division general education outside major department (see note 2.c.) and 4 additional upper-division hours		

<b>Hours Subtotal</b>	<b>15</b>
<b>Total Hours</b>	<b>120</b>

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or

equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

## Physics

Physics is the science of matter, energy and their interactions. Physics majors learn the fundamental laws governing the natural world, and in so doing develop critical skills of observation and quantitative analysis in both experimental and theoretical settings. Because those skills are increasingly valued in diverse fields in today's technological society, persons trained in physics are found not only in science, but also in fields where analytical skills are vital to success, such as finance, medicine, law and engineering.

The Department of Physics offers three different degree options for students. First, the "BS in Physics" degree is designed for students who seek a broad, comprehensive study of the set of traditional as well as contemporary topics which together comprise the subject of physics, and who ultimately may be interested in obtaining master's and/or doctoral degrees and becoming professional physicists or astronomers. In contrast, the "BS in Applied Physics" degree concentration has been developed for students who wish to combine studies in physics with studies in other areas such as engineering, biology and microbiology (including Pre-Med requirements), geology, business, computer science, mathematics, or perhaps in preparation for graduate degrees in those areas. Our "BS in Physics, Secondary Teacher Certification" degree is aimed to provide students with the basic foundation in physics needed to prepare for a professional career in secondary education. Students who complete this degree are fully certified to teach Physics in the state of Oklahoma upon graduation. The Department also encourages students to consider interdisciplinary study opportunities afforded from a double major or minor with physics. The detailed requirements for all degree programs of the Physics Department can be obtained from the department office or its website: <https://physics.okstate.edu/>.

During their first two years, physics majors learn the laws of mechanics (forces and motion) and electromagnetism which epitomize the work of Newton and Maxwell, among others. At the same time, students develop their mathematical skills through courses in calculus and differential equations.

During their last two years, physics majors delve into advanced topics including the quantum and relativistic physics of Schroedinger, Einstein and their colleagues. Courses in laboratory and computational methods further develop experimental abilities. Students are also encouraged to work in the department's research labs or astronomical observatory. Students pursuing the BS in physics take additional physics courses and do a senior project. Students seeking the BS in applied physics replace the additional physics courses with upper-division courses in their chosen areas.

Please contact Sheri Orr, Sr. Academic Advisor ([sheri.m.orr@okstate.edu](mailto:sheri.m.orr@okstate.edu)), to learn more!

## Courses

### PHYS 1001 Frontiers of Physics

**Prerequisites:** Freshmen and sophomore Physics Majors only or consent of instructor.

**Description:** Student and faculty discussions of current research topics in physics. Includes laboratory tours and research presentation by faculty. Graded on pass-fail basis.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

### PHYS 1014 Descriptive Physics (N)

**Description:** A survey course presenting the basic concepts and principles of physics with a minimum of mathematics. Motion, waves, temperature, electricity, magnetism, optics, atomic structure, and nuclear energy.

**Credit hours:** 4

**Contact hours:** Lecture: 4 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**General Education and other Course Attributes:** Natural Sciences

### PHYS 1114 College Physics I (LN)

**Prerequisites:** MATH 1513 or higher with a "C" or better, or an acceptable placement score (see [placement.okstate.edu](http://placement.okstate.edu)).

**Description:** Algebra-based introductory course covering physics appropriate for applied and life sciences or pre-professional majors. Topics covered - Newtonian mechanics, fluids, thermodynamics, waves, and sound.

**Credit hours:** 4

**Contact hours:** Lecture: 2 Lab: 2 Contact: 5 Other: 1

**Levels:** Undergraduate

**Schedule types:** Discussion, Lab, Lecture, Combined lecture lab & disc

**Department/School:** Physics

**General Education and other Course Attributes:** Scientific Investigation, Natural Sciences

### PHYS 1214 College Physics II (LN)

**Prerequisites:** PHYS 1114 or PHYS 2014 with a "C" or better or acceptable AP credit.

**Description:** A continuation of College Physics I for students in the applied-sciences, life-sciences, and pre-professional majors. Covers electricity, magnetism, optics, quantum physics, atomic and nuclear structure.

**Credit hours:** 4

**Contact hours:** Lecture: 2 Lab: 2 Contact: 5 Other: 1

**Levels:** Undergraduate

**Schedule types:** Discussion, Lab, Lecture, Combined lecture lab & disc

**Department/School:** Physics

**General Education and other Course Attributes:** Scientific Investigation, Natural Sciences

**PHYS 2014 University Physics I (LN)**

**Prerequisites:** A minimum grade of "C" in MATH 2103 or MATH 2123 or MATH 2144 or acceptable AP credit.

**Description:** Calculus-based introductory course covering mechanics, waves, heat, and thermodynamics for physical science, math, and engineering majors.

**Credit hours:** 4

**Contact hours:** Lecture: 2 Lab: 2 Contact: 5 Other: 1

**Levels:** Undergraduate

**Schedule types:** Discussion, Lab, Lecture, Combined lecture lab & disc

**Department/School:** Physics

**General Education and other Course Attributes:** Scientific Investigation, Natural Sciences

**PHYS 2020 Special Topics in Physics (L)**

**Description:** Laboratory exercises for College Physics I, College Physics II, University Physics I or University Physics II. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-3

**Contact hours:** Lab: 2-6 Contact: 2-6

**Levels:** Undergraduate

**Schedule types:** Lab

**Department/School:** Physics

**General Education and other Course Attributes:** Scientific Investigation

**PHYS 2114 University Physics II (LN)**

**Prerequisites:** PHYS 2014 with a "C" or better or acceptable AP credit.

**Description:** A continuation of University Physics I covering electricity, magnetism, and optics for physical sciences, math, and engineering majors.

**Credit hours:** 4

**Contact hours:** Lecture: 2 Lab: 2 Contact: 5 Other: 1

**Levels:** Undergraduate

**Schedule types:** Discussion, Lab, Lecture, Combined lecture lab & disc

**Department/School:** Physics

**General Education and other Course Attributes:** Scientific Investigation, Natural Sciences

**PHYS 2203 University Physics III**

**Prerequisites:** PHYS 2114 with a grade of "C" or better or acceptable AP credit.

**Description:** A continuation of PHYS 2114 for all Physics majors. Topics include: heat, special relativity, and atomic and nuclear physics.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**PHYS 2663 Physics in Medicine (N)**

**Description:** Course will introduce important technologies widely used in modern medicine and the basic physics and physiology that underlies them. Examples include EKG machines, ultrasound imaging, laser surgery, x-ray, CT, PET, and MRI. Field trips required.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**General Education and other Course Attributes:** Natural Sciences

**PHYS 2890 Honors Experience in Physics**

**Prerequisites:** Honors Program participation and concurrent enrollment in designated course(s).

**Description:** A supplemental Honors experience in Physics to partner concurrently with designated lower division PHYS course(s). This course adds a different intellectual dimension to designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**General Education and other Course Attributes:** Honors Credit

**PHYS 3013 Mechanics I**

**Prerequisites:** PHYS 2114 or equivalent, and MATH 2233 or concurrent enrollment.

**Description:** Mechanics of particles, systems of particles and rigid bodies.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**PHYS 3113 Thermal Physics**

**Prerequisites:** PHYS 2203 and MATH 2163 or concurrent enrollment.

**Description:** Thermometry, heat transfer, elementary theory of specific heat and the three laws of thermodynamics.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**PHYS 3213 Optics**

**Prerequisites:** PHYS 2114 and PHYS 3513, or consent of the instructor.

**Description:** Geometrical optics; interference, diffraction, dispersion, absorption, and polarization of light.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**PHYS 3313 Introduction to Semiconductor Device Physics**

**Prerequisites:** PHYS 2114 or equivalent.

**Description:** An introduction to crystal structure, the quantum theory of solids, the physics of semiconductor materials and the pn junction, with an emphasis on applications to semiconductor devices. Same course as ECEN 3903.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**PHYS 3323 Modern Laboratory Methods I****Prerequisites:** PHYS 2014, PHYS 2114.**Description:** Introduction to electric and electronic measurements and computer applications in experimental control, data collection and laboratory computation. Experiments on test instruments, integrated electronics, signal processing, computer interfacing, and data acquisition. Previously offered as PHYS 3322.**Credit hours:** 3**Contact hours:** Lab: 6 Contact: 6**Levels:** Undergraduate**Schedule types:** Lab**Department/School:** Physics**PHYS 3513 Mathematical Physics****Prerequisites:** PHYS 2114 and MATH 2163.**Description:** Physical applications of vectors, vector calculus and differential equations. Fourier analysis. Orbit geometry, coordinate systems and transformation of coordinates. Matrices and determinants.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 3553 Foundations of Cancer****Prerequisites:** Minimum grade of "C" in CHEM 1225 or CHEM 1414 or CHEM 1515.**Description:** Course covers six themes: causes of cancer, cancer genetics, cancer diagnosis, cancer treatment, immuno-oncology, and cancer prevention. Course will illustrate both setbacks and victories in applying the scientific method to biological processes and the evidence for and assumptions made in these approaches will be discussed. Designed for future: medical doctors, cancer researchers, medical engineers, and to cancer patients or relatives. Same course as MICR 3553. May not be used for degree credit with PHYS 5553 and MICR 5553.**Credit hours:** 3**Contact hours:** Lecture: 2 Contact: 3 Other: 1**Levels:** Undergraduate**Schedule types:** Discussion, Combined lecture & discussion, Lecture**Department/School:** Physics**PHYS 3623 Modern Laboratory Methods II****Prerequisites:** PHYS 2014, PHYS 2114.**Description:** Introduction to the operating principles and applications of modern physical methods used in research. Laboratory experiments with lasers, wave propagation, thermometry, radiation detection, optical interferometry, and spectroscopy.**Credit hours:** 3**Contact hours:** Lab: 6 Contact: 6**Levels:** Undergraduate**Schedule types:** Lab**Department/School:** Physics**PHYS 3713 Modern Physics****Prerequisites:** PHYS 2203 with a "C" or better.**Description:** This is the first course in the undergraduate quantum physics sequence. It covers the basic features of quantum mechanics as they relate to atomic systems, nuclear matter, photons, and electrons.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 4003 Computer Simulation Methods in Physics****Prerequisites:** PHYS 3013, PHYS 3113, PHYS 3313 or consent of instructor.**Description:** Introduction to computer simulation methods used in the physical sciences. Linear systems, nonlinear systems, molecular dynamics, Monte Carlo methods, cellular automata, simple quantum systems. Some knowledge of either C, FORTRAN, Pascal, or BASIC required. Previously offered as PHYS 3993.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 4010 Special Problems****Prerequisites:** Consent of instructor.**Description:** Individual laboratory work of an advanced nature. Offered for variable credit, 1-3 credit hours, maximum of 9 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Physics**PHYS 4113 Electricity and Magnetism****Prerequisites:** PHYS 2114 and MATH 2233, or their equivalents.**Description:** Electrostatic fields, magnetic fields of steady currents, induced EMFs, Maxwell's equations and introduction to electromagnetic wave theory. Vector analysis used.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 4213 Introduction to Nuclear and Particle Physics****Prerequisites:** PHYS 2114 and PHYS 3713 or consent of instructor.**Description:** Survey of phenomenological aspects of nuclear and particle physics, photon and charged particle interactions with matter, particle detectors, particle accelerators, electromagnetic, strong and weak interactions, models of the nucleus, quark model of mesons and baryons, elementary particles, and symmetries in the Standard Model.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 4223 Introduction to General Relativity****Prerequisites:** Minimum grade of "C" in both PHYS 2203 and PHYS 3513 or consent of instructor.**Description:** An introduction to Einstein's theory of relativity, including the metric description of spacetime, relativistic kinematics in flat spacetime, coordinate transformations, gravity as curved spacetime, and black holes.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Physics

**PHYS 4263 Introduction to Solid State Physics**

**Prerequisites:** PHYS 3013, PHYS 3713 or consent of instructor.

**Description:** Structure, specific heat, dielectric properties, lattice vibrations, free electron theory, band structure, and superconductivity of solids.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**PHYS 4313 Molecular Biophysics**

**Prerequisites:** PHYS 1214 or PHYS 2114.

**Description:** Survey of experimental and computational methods for determining the structure and function of biomolecular assemblies such as proteins and membranes. Techniques to be discussed include: X-ray diffraction, nuclear and electron spin resonance, optical spectroscopy, photobiophysics, kinetic modeling, molecular dynamics, Monte Carlo and homology modeling.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**PHYS 4413 Modern Physics II**

**Prerequisites:** PHYS 3013 and PHYS 3713.

**Description:** Atomic and X-ray spectra; one-dimensional Schroedinger equation; nuclear structure; introduction to statistical mechanics and elementary quantum statistics.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**PHYS 4423 Mechanics II**

**Prerequisites:** PHYS 3013.

**Description:** Lagrangian and Hamiltonian dynamics, calculus of variations, constrained systems, coupled oscillators, continuous systems and waves.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**PHYS 4513 Introductory Quantum Mechanics**

**Prerequisites:** PHYS 3713.

**Description:** Uncertainty principle, setting up Schroedinger equation (time dependent as well as time independent) and solving it for linear oscillator, hydrogen atom, periodic, and other potentials.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**PHYS 4663 Radioactivity and Nuclear Physics**

**Prerequisites:** PHYS 3713 or consent of instructor.

**Description:** Natural and artificial radioactivity, decay laws; absorption, detection and measurement of radiations; nuclear transformations.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**PHYS 4712 Senior Project**

**Description:** Advanced individual experimental projects. Project proposal, formal laboratory report, and oral presentation are required.

**Credit hours:** 2

**Contact hours:** Contact: 2 Other: 2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Physics

**PHYS 4813 Electromagnetic Radiation**

**Prerequisites:** PHYS 4113 with minimum grade of "C."

**Description:** Electromagnetic wave theory, reflection and refraction of electromagnetic waves; resonant cavities, wave guides, fiber propagation of electromagnetic waves; radiation sources; relativistic description of electromagnetic fields.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**PHYS 4993 Senior Honors Thesis**

**Prerequisites:** Departmental invitation, senior standing, Honors Program participation.

**Description:** A guided reading and research program ending with an honors thesis under the direction of a faculty member, with second faculty reader and oral examination. Required for graduation with departmental honors in physics.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Physics

**General Education and other Course Attributes:** Honors Credit

**PHYS 5000 Master's Thesis Research or Report**

**Prerequisites:** Consent of major professor.

**Description:** Thesis research or report for master's degree. Offered for variable credit, 1-9 credit hours, maximum of 9 credit hours.

**Credit hours:** 1-9

**Contact hours:** Contact: 1-9 Other: 1-9

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Physics

**PHYS 5110 Seminar**

**Prerequisites:** Graduate standing in physics.

**Description:** Special topics in physics. Offered for variable credit, 1-5 credit hours, maximum of 20 credit hours.

**Credit hours:** 1-5

**Contact hours:** Contact: 1-5 Other: 1-5

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Physics

**PHYS 5113 Statistical Thermodynamics and Kinetic Theory****Prerequisites:** PHYS 3113.**Description:** Fundamental concepts of thermodynamics: first, second and third laws; thermodynamic potentials. Statistical physics: Maxwell-Boltzman, Fermi-Dirac, Bose-Einstein distribution functions. Kinetic theory: transport phenomena, Boltzman H Theorem, the approach to thermodynamic equilibrium.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5123 Geometrical Optics****Prerequisites:** PHYS 3213 or consent of instructor.**Description:** Foundations of geometrical optics, geometrical theory of optical imaging, geometrical theory of aberrations, image forming instruments. Same course as ECEN 5803.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5133 Laser Spectroscopy****Prerequisites:** PHYS 5163.**Description:** Principles of different types of laser spectroscopy based on fluorescence, absorption, saturated absorption, absorption in a cavity: Infrared, Raman, light scattering, four wave mixing, CARS, phase conjugation, two photon absorption, double resonance, and multiphoton ionization.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5163 Lasers****Prerequisites:** PHYS 4813 or equivalent.**Description:** Semi-classical description of absorption and emission of light by matter; effects of cavities and optical elements; theory of lasers' gas, liquid, solid state and semiconductor. Electro-optics. Techniques of mode-locking, Q-switching, phase conjugation, Fourier transform optics. An introduction to non-linear optics.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5213 Statistical Mechanics****Prerequisites:** PHYS 5113 and PHYS 5613 or consent of instructor.**Description:** Classical and quantum mechanical distribution functions for independent particles; interacting classical and quantum systems, superfluidity, phase transitions and critical phenomena, approximation methods.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5220 Physics Topics for Teachers****Prerequisites:** Teaching experience or consent of instructor.**Description:** Special topics for elementary and secondary science teachers to improve their subject matter competence. Content varies, depending on the needs of specific groups of teachers. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.**Credit hours:** 1-6**Contact hours:** Contact: 1-6 Other: 1-6**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Physics**PHYS 5263 Particle Physics****Prerequisites:** PHYS 5613 or consent of instructor.**Description:** Phenomenology of elementary particles: quark model, electromagnetic, weak, and strong interactions of quarks, leptons, and gauge bosons, Feynman diagram techniques, parton model, gauge symmetries, spontaneous symmetry breaking, Standard model, experimental tests.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5303 Physical Optics****Prerequisites:** PHYS 3213 or consent of instructor.**Description:** Multiple beam interference, diffractions, imaging, near field optical probes of matter, surface plasmons, light scattering from random media, optical coherence tomography - biomedical applications, negative materials, perfect lenses and super resolution. Same course as ECEN 5823.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5313 Electromagnetic Theory****Prerequisites:** PHYS 5453.**Description:** Electric and magnetic fields in free space and in matter. Boundary value problems, Green's functions, stress tensors, multipole expansions, thermodynamics; electromagnetic waves.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5350 Special Problems****Prerequisites:** Graduate standing in physics.**Description:** Special problems of experimental or theoretical nature. Largely individual work with written report required. Offered for variable credit, 1-3 credit hours, maximum of 12 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Physics

**PHYS 5413 Classical Mechanics****Prerequisites:** PHYS 4423 or consent of instructor.**Description:** Generalized coordinates and advanced dynamics; coupled systems, wave motion; theory of elasticity.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5453 Mathematical Methods for Physicists****Prerequisites:** PHYS 3513.**Description:** Introduction to mathematical techniques used in analyzing problems in physics.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5523 Radiation Detection and Measurement****Prerequisites:** PHYS 3713 and PHYS 4213.**Description:** Overview of radiation detection and measurement. Instrumentation, statistics of radiation measurements, review of atomic and nuclear physics, review of radiation interaction with matter, nuclear electronics, gas-filled and scintillation detectors, semiconductor detectors, radiation counting and spectroscopy.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5533 Dosimetry and Radiation Protection****Prerequisites:** PHYS 4663 and PHYS 5523 or consent of instructor.**Description:** Radiation dosimetry quantities, effects of ionizing radiation on the human body, basic radiation protection concepts, x-ray and  $\gamma$ -ray interaction and attenuation with matter, charged particle and neutron interaction with matter, charged particle equilibria, Bragg-Gray Cavity theory, quantifying dose from radionuclide sources, survey of dosimetric instrumentation, dosimetry with ionization chambers, integrating dosimeters and personal dosimetry.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5553 Foundations of Cancer****Prerequisites:** Minimum grade of "C" in (or equivalent) or MICR 3033 (or equivalent) or consent of instructor.**Description:** Course covers six themes: causes of cancer, cancer genetics, cancer diagnosis, cancer treatment, immuno-oncology, and cancer prevention. Course will illustrate both setbacks and victories in applying the scientific method to biological processes and the evidence for and assumptions made in these approaches will be discussed. Designed for future: medical doctors, cancer researchers, medical engineers, and to cancer patients or relatives. Same course as MICR 5553. May not be used for degree credit with PHYS 3553 or MICR 5553.**Credit hours:** 3**Contact hours:** Lecture: 2 Contact: 3 Other: 1**Levels:** Graduate**Schedule types:** Discussion, Combined lecture & discussion, Lecture**Department/School:** Physics**PHYS 5563 Radioactivity and Nuclear Physics Laboratory****Prerequisites:** PHYS 4663 and PHYS 5523 or consent of instructor.**Description:** The primary objective of this course is to provide students with hands-on experience in a range of experimental techniques and with a variety of instrumentation routinely used in radiation detection and dosimetry, nuclear and particle physics, and in radiotherapy and medical imaging. The course content can be thought of as being of two types: 1) general experimental methods in physics and 2) methods of radiation detection and measurement.**Credit hours:** 3**Contact hours:** Lecture: 1 Lab: 4 Contact: 5**Levels:** Graduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Physics**PHYS 5573 Radiation Biophysics****Prerequisites:** PHYS 5533 or consent of instructor.**Description:** Introduction to radiation biophysics, structure of DNA and its relationship to carcinogenesis, stochastic nature of radiation interaction with matter, radiation chemistry, cell survival curves, radiation damage models, DNA damage response.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5593 Physics of Radiation Therapy****Prerequisites:** PHYS 5533 or consent of instructor.**Description:** Overview of radiation therapy, dosimetry in radiation therapy, megavoltage x-ray and electron therapy, manual treatment planning, computer-based treatment planning, brachytherapy, proton therapy.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5613 Quantum Mechanics I****Prerequisites:** PHYS 5453.**Description:** Postulates of quantum mechanics. Operators, commutation relations, eigenfunctions. Schrodinger, Heisenberg and interaction formalisms, angular momentum and central field problems; nondegenerate perturbation theory.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5663 Solid State Physics I****Prerequisites:** PHYS 4513.**Description:** Crystal structure, cohesive energy of ionic crystals and metals, specific heats, free electron theory of metals, band theory, Brillouin zones, insulators and alloys; magnetic properties, optical properties and thermal and electrical conductivity of solids.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics

**PHYS 5713 Solid State Physics II****Prerequisites:** PHYS 5663 or equivalent.**Description:** Symmetry, dielectric properties, ferroelectrics, magnetic properties, mechanical properties, and defects of solids.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5813 General Relativity****Prerequisites:** PHYS 5453 or consent of instructor.**Description:** Theory and applications of general relativity: the principle of equivalence, general coordinate invariance, tensors, affine connections, Einstein's field equations, classic tests, application to stellar dynamics, black holes, and cosmology.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 5960 Problems in Chemical Physics****Prerequisites:** Consent of instructor.**Description:** Intermolecular forces, interaction of radiation with matter in bulk form, dielectric properties of matter, polymer physics and quantum theory of biopolymers. Offered for variable credit, 3-6 credit hours, maximum of 6 credit hours.**Credit hours:** 3-6**Contact hours:** Contact: 3-6 Other: 3-6**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Physics**PHYS 6000 Doctoral Dissertation Research****Prerequisites:** Admission to candidacy and permission of major professor.**Description:** Offered for variable credit, 1-15 credit hours, maximum of 60 credit hours.**Credit hours:** 1-15**Contact hours:** Contact: 1-15 Other: 1-15**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Physics**PHYS 6010 Advanced Graduate Seminar****Prerequisites:** Consent of instructor.**Description:** Special topics of an advanced nature in physics. Offered for variable credit, 1-3 credit hours, maximum of 15 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Physics**PHYS 6113 Advanced Theory of Solids****Prerequisites:** PHYS 5663.**Description:** Many-body techniques, transport processes, band theoretical techniques, superconductivity, dynamics of electrons in a magnetic field, and alloys.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 6213 Group Theory for Physics****Prerequisites:** PHYS 5453.**Description:** Group theory and imperfections in crystals. Dislocation theory and color centers.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 6243 Semiconductors I****Prerequisites:** PHYS 5113, PHYS 5613, PHYS 5663.**Description:** The first part of a survey of the physics of semi-conductors. Bonding and structure, crystal growth, epitaxial growth, band theory, phonons, photons, defects, intrinsic and extrinsic statistics, trapping and recombination.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 6260 Special Topics in High Energy Physics****Prerequisites:** PHYS 5263 or consent of instructor.**Description:** Advanced topics of current interest in high-energy physics: collider physics, supersymmetry, unification, flavor physics, string phenomenology, extra dimensions. Offered for variable credit, 1-3 credit hours, maximum of 9 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Physics**PHYS 6313 Quantum Mechanics II****Prerequisites:** PHYS 5613.**Description:** Scattering theory, many-particle quantum mechanics and application to atomic and molecular systems; degenerate and time-dependent perturbation theory.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 6323 Quantum Field Theory****Prerequisites:** PHYS 6313 or consent of instructor.**Description:** Relativistic Quantum Mechanics: Klein-Gordon field, path integral formulation of Quantum Mechanics, Feynman diagrams, Quantum Electrodynamics, relativistic scattering radiative corrections, renormalization and critical exponents, non-Abelian gauge theories, spontaneous symmetry breaking.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics

**PHYS 6343 Semiconductors II****Prerequisites:** PHYS 6243.**Description:** The second part of the semiconductors sequence. Transport phenomena, junctions, devices, heterostructures, and optical properties.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 6413 Nonlinear Optics****Prerequisites:** PHYS 5163, PHYS 5313, and PHYS 5613.**Description:** The response of matter at high radiation powers; nonlinear susceptibilities. Wave propagation in nonlinear medium; three wave and four wave interactions; saturated absorption, optical switching and limiting; two photon and stimulated Raman processes; Self focusing; solitons.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 6423 Quantum Optics****Prerequisites:** PHYS 5163, PHYS 5613 or consent of instructor.**Description:** Quantization of Electromagnetic Fields, coherence, quantum entanglement, parametric down conversion, two photon interferometry, Bell's inequalities, quantum teleportation and cryptography, cavity QED.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 6513 Advanced Topics in Solid State Physics****Prerequisites:** PHYS 5663 or equivalent.**Description:** Interaction of radiation and matter, neutron scattering, phase transitions, magnetic resonance and cooperative phenomena.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 6613 Advanced Nuclear and Particle Physics****Prerequisites:** PHYS 5263, PHYS 6313; or consent of instructor.**Description:** Renormalization of quantum field theories, spontaneous symmetry breaking, Standard model, flavor physics, grand unification, super-symmetry.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 6713 Advanced Electromagnetic Radiation****Prerequisites:** Consent of instructor.**Description:** Radiation theory, wave guides, scattering and dispersion relations; relativity.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 6803 Photonics I: Advanced Optics****Prerequisites:** ECEN 3213 or ECEN 3813.**Description:** Advanced optics including spectral and time characteristics of detectors, characteristics of lasers, time, spectral and spatial parameters of laser emission, interferometric techniques, and nonlinear effects such as two-photon absorption and second and third harmonic generations. Ultrashort laser pulses. Same course as CHEM 6803 & ECEN 6803. Offered for fixed credit, 3 credit hours, maximum of 9 credit hours.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Physics**PHYS 6810 Photonics II: THz Photonics and THz-TDS****Prerequisites:** PHYS 6803.**Description:** THz photonics and THz time-domain spectroscopy (THz-TDS). Concepts and techniques of driving electronic circuitry with ultrashort laser pulses to generate and detect freely propagating pulses of THz electromagnetic radiation using several operational research systems. Same course as CHEM 6810 & ECEN 6810. Previously offered as PHYS 6811. Offered for fixed credit, 1 credit hour, maximum of 4 credit hours.**Credit hours:** 1**Contact hours:** Lab: 2 Contact: 2**Levels:** Graduate**Schedule types:** Lab**Department/School:** Physics**PHYS 6820 Photonics II: Spectroscopy II****Prerequisites:** PHYS 6803.**Description:** Operating principles and applications of laser spectroscopy of atoms, molecules, solids and complex fluids. Absorption, emission, photon correlation, coherence, time resolved Fourier transform. Raman spectroscopy and non-linear optical. Same course as CHEM 6820 & ECEN 6820. Offered for fixed credit, 1 credit hour, maximum of 4 credit hours.**Credit hours:** 1**Contact hours:** Lab: 2 Contact: 2**Levels:** Graduate**Schedule types:** Lab**Department/School:** Physics**PHYS 6830 Photonics II: Spectroscopy III****Prerequisites:** PHYS 6803.**Description:** Advanced spectroscopic instruments and methods used for investigation of semi-conductors and solid state material. Stimulated emission characterized both in wavelength and in time. Time-resolved fluorescence measurements. Multiphotonic excitations. Fast measuring techniques including subnanosecond detectors, picosecond streak cameras, and ultrafast four-wave mixing and correlation techniques. Time-dependent photoconductivity measurements. Same course as CHEM 6830 & ECEN 6830. Previously offered as PHYS 6831. Offered for fixed credit, 1 credit hour, maximum of 4 credit hours.**Credit hours:** 1**Contact hours:** Lab: 2 Contact: 2**Levels:** Graduate**Schedule types:** Lab**Department/School:** Physics

**PHYS 6840 Photonics III: Microscopy I****Prerequisites:** CHEM 3553 or consent of instructor.**Description:** The structure and imaging of solid surfaces. Basics of scanning probe microscopy (SPM). Contact and noncontact atomic force microscopy (AFM). Scanning tunneling microscopy (STM) in air. Same course as CHEM 6840 & ECEN 6840. Previously offered as PHYS 6841. Offered for fixed credit, 1 credit hour, maximum of 4 credit hours.**Credit hours:** 1**Contact hours:** Lab: 2 Contact: 2**Levels:** Graduate**Schedule types:** Lab**Department/School:** Physics**PHYS 6850 Photonics III: Microscopy II****Prerequisites:** PHYS 3553 or consent of instructor.**Description:** Advanced techniques of scanning probe microscopy (SPM). Magnetic force microscopy, Kelvin force microscopy, scanning, tunneling microscopy (STM) in vacuum. Characterization of materials with SPM. Nanolithography with SPM. Device manufacturing and analysis. Same course as CHEM 6850 & ECEN 6850. Previously offered as PHYS 6851. Offered for fixed credit, 1 credit hour, maximum of 4 credit hours.**Credit hours:** 1**Contact hours:** Lab: 2 Contact: 2**Levels:** Graduate**Schedule types:** Lab**Department/School:** Physics**PHYS 6860 Photonics III: Microscopy III and Image Processing****Prerequisites:** ECEN 5793.**Description:** Digital image processing, including projects. Image acquisition and display, image enhancement, geometric operations, linear and nonlinear filtering, image restoration, edge detection, image analysis, morphology, segmentation, recognition, and coding and compression. Same course as CHEM 6860 & ECEN 6860. Previously offered as PHYS 6861. Offered for fixed credit, 1 credit hour, maximum of 4 credit hours.**Credit hours:** 1**Contact hours:** Lab: 2 Contact: 2**Levels:** Graduate**Schedule types:** Lab**Department/School:** Physics**PHYS 6870 Photonics IV: Synthesis and Devices I****Prerequisites:** PHYS 6803 and PHYS 6840.**Description:** Preparation of functional nanostructures and related optical and electronic devices. Physical and chemical methods of thin film deposition. Engineering of prototypes of light emitting diodes, sensors, optical limiting coatings, lithographic patterns. Same course as CHEM 6870 & ECEN 6870. Previously offered as PHYS 6871. Offered for fixed credit, 1 credit hour, maximum of 4 credit hours.**Credit hours:** 1**Contact hours:** Lab: 2 Contact: 2**Levels:** Graduate**Schedule types:** Lab**Department/School:** Physics**PHYS 6880 Photonics IV: Semiconductor Devices, Testing and Characterization****Prerequisites:** PHYS 6803.**Description:** Test and characterization of semiconductor and optoelectronic devices. Hall effect, four point probe, CV and IV measurements, optical pump-probe, photoluminescence, and electro-optics sampling. Same course as CHEM 6880 & ECEN 6880. Previously offered as PHYS 6881. Offered for fixed credit, 1 credit hour, maximum of 4 credit hours.**Credit hours:** 1**Contact hours:** Lab: 2 Contact: 2**Levels:** Graduate**Schedule types:** Lab**Department/School:** Physics**PHYS 6890 Photonics IV: Semiconductor Synthesis and Devices III****Prerequisites:** PHYS 6803.**Description:** Processing, fabrication and characterization of semiconductor optoelectronic devices in class 100/10000 cleanrooms. Cleanroom operation including general procedure for material processing and device fabrication. Device processing using a variety of processing such as mask aligner, vacuum evaporators and rapid thermal annealer. Testing using optical and electrical testing apparatus such as I-V, C-V Hall, and optical spectral measurement systems. Same course as CHEM 6890 & ECEN 6890. Previously offered as PHYS 6891. Offered for fixed credit, 1 credit hour, maximum of 4 credit hours.**Credit hours:** 1**Contact hours:** Lab: 2 Contact: 2**Levels:** Graduate**Schedule types:** Lab**Department/School:** Physics

## Undergraduate Programs

- Physics, BS (p. 1669)
- Physics: Applied Physics, BS (p. 1672)
- Physics: Secondary Teacher Certification, BS (p. 1675)

## Graduate Programs

### Prerequisites

Thirty semester hours of physics beyond the elementary course work and mathematics courses through advanced calculus and differential equations are normally required.

## The Master of Science Degree

Students can choose between a thesis or non-thesis plan. For both plans, the required courses are the following:

Code	Title	Hours
PHYS 5113	Statistical Thermodynamics and Kinetic Theory	3
PHYS 5313	Electromagnetic Theory	3
PHYS 5413	Classical Mechanics	3
PHYS 5453	Mathematical Methods for Physicists	3
PHYS 5613	Quantum Mechanics I	3

The thesis plan requires the successful completion of 30 semester credit hours beyond the BS, which include the required courses; nine semester credit hours of electives in physics, mathematics or an allied field; and the submission of an acceptable thesis along with six credit hours of

PHYS 5000 Master's Thesis Research or Report. The thesis is to be based on original and independent research, on a topic chosen in consultation with the student's advisor. The student must successfully defend the thesis in an oral examination. The non-thesis plan requires 32 semester credit hours beyond the BS degree, including the required courses; fifteen hours of electives (with up to nine credit hours of senior level courses); and two credit hours of library research (PHYS 5000 Master's Thesis Research or Report) on a topic chosen in consultation with the student's advisor. A completed written report based on the library research must be orally presented to the student's advisory committee. For both plans, the electives must be chosen in consultation with the student's advisory committee.

Also available at the MS level is an option in optics and photonics, in association with the School of Electrical and Computer Engineering. Students may pursue one of two plans, both of which require 24 credit hours of coursework with at least one course taken outside the student's specialization. Beyond this, the first plan (30 credit hours) requires an additional six hours of research and a successful defense of a thesis. The second plan (32 credit hours) requires an additional six hours of coursework and a two-credit-hour report.

## The Doctor of Philosophy Degree

The following physics courses are required:

Code	Title	Hours
PHYS 5113	Statistical Thermodynamics and Kinetic Theory	3
PHYS 5213	Statistical Mechanics	3
PHYS 5313	Electromagnetic Theory	3
PHYS 5413	Classical Mechanics	3
PHYS 5453	Mathematical Methods for Physicists	3
PHYS 5613	Quantum Mechanics I	3
PHYS 6313	Quantum Mechanics II	3

Three additional PHYS prefix courses at the 5000- or 6000-level, including at least one course not in the student's specialization, must be completed. Additional courses reflecting the candidate's specialization may be required by the advisory committee. Seventy-two (72) semester hours of credit beyond the bachelor's degree, or sixty semester hours of credit beyond the master's degree are required. A minimum of two-thirds of the graduate course credits must be in physics. No more than six credit hours of eligible physics coursework at the 4000-level can be counted toward graduate credit and no more than 12 total credit hours of eligible coursework in all subjects at the 3000- or 4000-level can be counted toward graduate credit. Courses taken at another institution will be evaluated by a faculty committee to determine whether they satisfy any requirements.

A Photonics PhD program shared with the Electrical and Computer Engineering Department is also available, with Physics as the home department. Details of the multidisciplinary photonics PhD program are found in the "Graduate College (p. 2834)" section of the Catalog.

The most important single requirement for the PhD in physics is the presentation of an acceptable dissertation which represents original research work by the student and which demonstrates the student's ability to do independent study as well as to plan and carry out future research in his or her field. Full information on graduate programs in the Department of Physics is available from the Graduate Coordinator

or from the department website at [physics.okstate.edu](https://physics.okstate.edu) (<https://physics.okstate.edu/>).

## Minors

- Physics (PHYS), Minor (p. 1668)

## Faculty

Flera Rizatdinova, PhD—Professor and Head

**Regents Professors:** Kaladi Babu, PhD

**Professors:** Donna K. Bandy, PhD; Eric Benton, PhD; Joseph Haley, PhD; Alexander Khanov, PhD; Yingmei Liu, PhD (Noble Chair); David McIlroy, PhD; Al Rosenberger, PhD; Aihua Xie, PhD

**Associate Professors:** Mario Borunda, PhD; Donghua Zhou, PhD

**Assistant Professors:** Thomas Bilitewski, PhD; Vedran Brdar, PhD; Julius De-Rojas, PhD; Dorival Goncalves-Netto, PhD; Mayukh Lahiri, PhD; Derek Meyers, PhD; Andrew Yost, PhD

**Teaching Assistant Professor:** Kim Zoldak, PhD

**Emeriti Professors:** Bruce Ackerson, PhD; Robert Hauenstein, PhD; Joel J. Martin, PhD; Stephen W.S. McKeever, PhD (Regents Professor); John W. Mintmire, PhD (Regents Professor); Satya Nandi, PhD (Regents Professor); Jacques H.H. Perk, PhD; Peter M.A. Sherwood, PhD (Regents Professor); Peter O. Shull, PhD; James P. Wicksted, PhD

## Physics (PHYS), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

Sheri Orr, 404 NRC, 405-744-3729

**Minimum Grade Point Average in Minor Coursework:** 2.00

**Total Hours:** 20

Code	Title	Hours
<b>Minor Requirements</b>		
PHYS 2014	University Physics I (LN)	4
PHYS 2114	University Physics II (LN)	4
PHYS 2203	University Physics III	3
Select 9 hours of upper-division PHYS or ASTR <sup>1</sup>		9
<b>Total Hours</b>		<b>20</b>

<sup>1</sup> No more than 3 hours upper-division ASTR may apply

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

0-6 hours. See note 3		

### Upper-Division General Education

Select 6 hours outside major department. See note 2.c.

**Hours Subtotal** 13

### Major Requirements

Minimum GPA 2.00 with a minimum grade of "C" in each course

#### Core Requirements

PHYS 2114	University Physics II (LN)	4
PHYS 2203	University Physics III	3
PHYS 3013	Mechanics I	3
PHYS 3323	Modern Laboratory Methods I	3
PHYS 3513	Mathematical Physics	3
PHYS 3623	Modern Laboratory Methods II	3
PHYS 3713	Modern Physics	3
PHYS 4113	Electricity and Magnetism	3
PHYS 4513	Introductory Quantum Mechanics	3
PHYS 4712	Senior Project	2
PHYS 4813	Electromagnetic Radiation	3
MATH 2163	Calculus III	3
MATH 2233	Differential Equations	3

#### Additional Requirements

Select 9 upper-division hours in Physics 9

Select 6 upper-division hours 6

**Hours Subtotal** 54

### Electives

Select 13 hours 13

May need to include 6 hours of a foreign language (see note 3)

May need to include 6 hours upper-division general education outside major department (see note 2.c.)

MATH 1513 and MATH 1813 required for students who do not place directly into MATH 2144.

Suggested electives: ASTR, CS, and MATH

**Hours Subtotal** 13

**Total Hours** 120

1

College and Departmental Requirements that may be used to meet General Education Requirements.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL

(except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.

- b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
- c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic adviser prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.
- **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be applied to degree requirements.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student’s major department. This requirement may be satisfied by courses also used to satisfy any part of a student’s degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student’s degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
  - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this

requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours
<b>Freshman</b>		
<b>Fall</b>		
BIOL 1113 & BIOL 1111	Introductory Biology (N) and Introductory Biology Laboratory (LN)	4
CHEM 1314	Chemistry I (LN)	4

MATH 2144	Calculus I (A)	4

<b>Total Hours</b>		<b>120</b>

## Plant Biology, Ecology, and Evolution

The field of plant biology ranges from molecules to ecosystems. The importance of plants to the ecosystem and to humanity cannot be underestimated. They regulate global processes and form complex relationships with other organisms, and have intriguing patterns of development and diversity. Plants provide medicinal compounds, shelter, fuel, food and oxygen, and support the existence of life on Earth. As human population size increases, the need for more and better supplies of food, fiber and biofuels also increases. The study of plant biology underlies the applied sciences such as agronomy, forestry, natural resource management, horticulture and plant pathology.

To major in plant biology a student should have a strong interest in life sciences with a good background in chemistry and mathematics. Majors with a BS degree may choose to specialize by taking Degree Options in Ecology and Evolutionary Biology, Cell Biology and Molecular Genetics, Pre-Pharmacy, Pre-Law and Environmental Policy, and Pre-Forensics. Graduates with an option in Ecology and Evolutionary Biology are qualified to hold positions in federal and state agencies in areas such as conservation biology, habitat restoration, environmental biology and plant inspection. Graduates with an option in Cell Biology and Molecular Genetics are qualified for various research positions in private industry, such as plant biotechnology and drug development. Graduates with an option in Pre-Pharmacy will be well-prepared with all the courses required for Pharmacy School. Graduates with an option in Pre-Law and Environmental Policy will have completed the required courses for Law School. Graduates with an option in Pre-Forensics will be well-placed for further study and employment in the field of biological forensics. All majors are required to do at least one credit hour of research and faculty actively encourage undergraduate research in their labs. Several of the undergraduate courses, including Introduction to Plant Biology (PBIO 1404) have extensive in-class student-led research projects and presentation opportunities.

Facilities used in undergraduate teaching include well-equipped plant physiology and ecology laboratories, environmental chambers, the 160-acre McPherson Preserve and a herbarium with over 150,000 plant specimens. Faculty members teach and do research in their specialty areas of plant biology including ecology, population biology, biodiversity, climate change, evolution, physiology, biochemistry, biophysics, taxonomy and systematics, genetics and development, genomics, and cell and molecular biology.

## Courses

### PBIO 1052 How Plants Shaped Our World (LN)

**Description:** Experience the connections between plants and everything in our world - from food and clothing to history and art. Learn why the first physicians were botanists. See how the search for black pepper led to the discovery of a new world and to masterpieces by Dutch painters. Discover how plants work by growing and experimenting with them.

**Credit hours:** 2

**Contact hours:** Lecture: 1 Lab: 2 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Plant Biology Ecol & Evolution

**General Education and other Course Attributes:** Scientific Investigation, Natural Sciences

### PBIO 1404 Plant Biology (LN)

**Description:** Basic concepts in the biology of plants from the perspective of structure and function, ecology and evolution, and diversity. Students gain experience with the process of science by proposing hypotheses, designing and conducting experiments and interpreting data. Previously offered as BOT 1404, BIOL 1404, BIOL 1403, and BISC 1403.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 2 Contact: 5

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Plant Biology Ecol & Evolution

**General Education and other Course Attributes:** Scientific Investigation, Natural Sciences

### PBIO 2110 Special Topics in Plant Biology

**Prerequisites:** Consent of instructor.

**Description:** Special studies in any area of plant biology. Offered for variable credit, 1-6 credit hours, maximum of 15 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Undergraduate

**Schedule types:** Discussion

**Department/School:** Plant Biology Ecol & Evolution

### PBIO 2200 Undergraduate Research

**Prerequisites:** Consent of instructor.

**Description:** Undergraduate research problems in plant biology. Graded on a pass/fail basis. Offered for variable credit, 1-6 credit hours, maximum of 15 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Undergraduate

**Schedule types:** Discussion

**Department/School:** Plant Biology Ecol & Evolution

### PBIO 2403 Introduction to Plant Molecular Biology

**Prerequisites:** PBIO 1404 or BIOL 1113 and BIOL 1111 or BIOL 1114.

**Description:** Concepts, principles, and themes in plant molecular biology, including structures and functions of biomolecules, representative molecular reactions, and regulations of such reactions in everyday plant life.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Plant Biology Ecol & Evolution

### PBIO 2890 Honors Experience in Plant Biology

**Prerequisites:** Honors Program participation and concurrent enrollment in a designated BIOL or PBIO course.

**Description:** A supplemental Honors experience in Plant Biology to partner concurrently with designated upper-division BIOL or PBIO course(s). The course adds a different intellectual dimension to the designated course. Same course as PBIO 3890. Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Plant Biology Ecol & Evolution

**General Education and other Course Attributes:** Honors Credit

**PBIO 3024 Plant Diversity**

**Prerequisites:** BOT 1404 or equivalent.

**Description:** Forms and life histories of selected plants with emphasis on some of the less familiar forms. The diversity of plant forms as well as basic similarities in life histories; importance of each form to humans and their environment. Previously offered as BOT 3024.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 3110 Special Topics in Plant Biology**

**Prerequisites:** Consent of instructor.

**Description:** Special studies in any area of plant biology. Offered for variable credit, 1-6 credit hours, maximum of 15 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Undergraduate

**Schedule types:** Discussion

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 3114 Plant Taxonomy**

**Prerequisites:** PBIO 1404 or equivalent.

**Description:** Survey of vascular plant families in a phylogenetic framework, and the morphological characters that define them. Principles and practice of plant classification theory and methods. Lab focuses on the identification of species that comprise the Oklahoma flora. Previously offered as BOT 3114.

**Credit hours:** 4

**Contact hours:** Lecture: 2 Lab: 4 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 3253 Environment and Society (N)**

**Prerequisites:** At least one college level science course strongly recommended.

**Description:** The environmental impacts of human activities and population growth on the natural world, and possible solutions. Previously offered as BOT 3253.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Plant Biology Ecol & Evolution

**General Education and other Course Attributes:** Natural Sciences

**PBIO 3263 Plants and People (N)**

**Description:** Study of how plant use has changed the course of world history. This includes the uses of plants and plant products for food and beverages, shelter, fiber, and medicinal and pharmaceutical purposes. Previously offered as BOT 3263.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Plant Biology Ecol & Evolution

**General Education and other Course Attributes:** Natural Sciences

**PBIO 3273 Medical Botany (N)**

**Description:** Study of plants as a source of medicines, psychoactive compounds and poisons. These topics will be explored in the context of modern western medicine as well as traditional health systems and complementary alternative medicine. Previously offered as BOT 3273.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Plant Biology Ecol & Evolution

**General Education and other Course Attributes:** Natural Sciences

**PBIO 3553 Fungi: Myths and More**

**Prerequisites:** BIOL 1114 or (BIOL 1113 and BIOL 1111).

**Description:** This course explores fungal biology and its roles in the environment and impacts on the health and nutrition of plants, animals and humans. Topics include the ethnomycological and industrial uses of fungi in foods, fermentations, medicines, and intoxicants, and the colorful folklore and myths associated with these diverse, enigmatic organisms. Laboratory instruction includes microscopy, microbiological methods, mushroom cultivation, and identification of microfungi and wild mushrooms. Same course as PLP 3553. Previously offered as BOT 3553.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 3890 Advanced Honors Experience in Plant Biology**

**Prerequisites:** Honors Program participation and concurrent enrollment in a designated BIOL or PBIO course.

**Description:** A supplemental Honors experience in Plant Biology to partner concurrently with designated upper-division BIOL or PBIO course(s). The course adds a different intellectual dimension to the designated course. Same course as PBIO 2890. Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Plant Biology Ecol & Evolution

**General Education and other Course Attributes:** Honors Credit

**PBIO 4005 Field Botany**

**Prerequisites:** PBIO 1404 or equivalent.

**Description:** Botanical field techniques, the vegetation of North America, and the flora of Oklahoma. Terminology of description, use of taxonomic keys, techniques of specimen preservation, field recognition of plant taxa and communities and controlling ecological factors, economic and wildlife significance of dominant taxa, principles of classification and nomenclature. Three weekend field trips required. May not be used for degree credit with PBIO 5003. Previously offered as BOT 3005.

**Credit hours:** 5

**Contact hours:** Lecture: 3 Lab: 4 Contact: 7

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 4013 Biological Microtechnique****Prerequisites:** PBIO 1404 or BIOL 1604.**Description:** Theories, principles, and methods related to the usage of the light microscope and to the preparation of biological materials for light microscopic examination. May not be used for degree credit with PBIO 5013. Previously offered as BOT 3013.**Credit hours:** 3**Contact hours:** Lecture: 2 Lab: 3 Contact: 5**Levels:** Undergraduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Plant Biology Ecol & Evolution**PBIO 4110 Special Topics in Plant Biology****Prerequisites:** Consent of instructor.**Description:** Special studies in any area of plant biology. Offered for variable credit, 1-6 credit hours, maximum of 15 credit hours.**Credit hours:** 1-6**Contact hours:** Contact: 1-6 Other: 1-6**Levels:** Undergraduate**Schedule types:** Discussion**Department/School:** Plant Biology Ecol & Evolution**PBIO 4233 Plant Anatomy****Prerequisites:** BOT 1404 or equivalent.**Description:** Structures of cells, tissues and organs of plants and the developmental, phylogenetic, and functional contexts of the structures. May not be used for degree credit with PBIO 5233. Previously offered as BOT 3233.**Credit hours:** 3**Contact hours:** Lecture: 2 Lab: 2 Contact: 4**Levels:** Undergraduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Plant Biology Ecol & Evolution**PBIO 4400 Undergraduate Research****Prerequisites:** Consent of instructor.**Description:** Undergraduate research problems in plant biology. Previously offered as BOT 4400. Offered for variable credit, 1-6 credit hours, maximum of 15 credit hours.**Credit hours:** 1-6**Contact hours:** Contact: 1-6 Other: 1-6**Levels:** Undergraduate**Schedule types:** Discussion**Department/School:** Plant Biology Ecol & Evolution**PBIO 4423 Plant Mineral Nutrition****Prerequisites:** PBIO 4463 or concurrent enrollment.**Description:** Uptake, translocation, metabolism, and biochemical function of mineral nutrients in higher plants. May not be used for degree credit with PBIO 5423. Previously offered as BOT 4423.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Plant Biology Ecol & Evolution**PBIO 4462 Plant Physiology Laboratory****Prerequisites:** PBIO 4463 or PBIO 5463 or concurrent enrollment.**Description:** Skills in techniques for working with plants, experiments involving nutrition, respiration, photosynthesis, water relations, translocation, hormones, growth and development. Previously offered as BOT 3460 and BOT 3462.**Credit hours:** 2**Contact hours:** Lab: 4 Contact: 4**Levels:** Undergraduate**Schedule types:** Lab**Department/School:** Plant Biology Ecol & Evolution**PBIO 4463 Plant Physiology****Prerequisites:** BOT 1404 or equivalent.**Description:** Plant subcellular structure, water relations, water absorption and ascent of sap, translocation, gaseous exchange, nutrition, enzymes, respiration, photosynthesis, growth, development, reproduction, tropisms, hormones, dormancy and seed germination. May not be used for degree credit with PBIO 5463. Previously offered as BOT 3463.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Plant Biology Ecol & Evolution**PBIO 4524 Biological Laboratory Instrumentation****Prerequisites:** CHEM 1515 or equivalent and (BOT 1404 or MICR 2123 or BIOL 1604 or equivalents or consent of instructor).**Description:** Lecture and laboratory course in biological instrumentation use, theory, experimental design, maintenance, and troubleshooting. Topics include liquid handling systems, pH/ISE meters, electrophoresis, microcontrollers, spectrophotometers, centrifuges, chromatography, thermocyclers, and DNA sequencers. Same course as BIOL 4524, MICR 4524.**Credit hours:** 4**Contact hours:** Lecture: 2 Lab: 4 Contact: 6**Levels:** Undergraduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Plant Biology Ecol & Evolution**PBIO 4553 Molecular Phylogenetic Analysis****Prerequisites:** Undergraduate genetics strongly recommended.**Description:** Covers the use of molecular sequence data to construct evolutionary trees. It integrates theory and computer applications to answer questions involving species relationships, gene evolution, molecular evolution and morphological change, co-evolution, and biogeographic relationships. May not be used for degree credit with PBIO 5553.**Credit hours:** 3**Contact hours:** Lecture: 2 Lab: 2 Contact: 4**Levels:** Undergraduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Plant Biology Ecol & Evolution

**PBIO 4654 Plant Secondary Metabolism**

**Prerequisites:** PBIO 1404.

**Description:** This course describes the biochemical pathways and functions of plant secondary metabolites, and how they have been used for medical, pharmaceutical, and agricultural research and industry. Same course as PBIO 5654.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 3 Contact: 6

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 4800 Senior Honors Thesis**

**Prerequisites:** Departmental invitation, senior standing, Honors Program participation.

**Description:** A research project under the direction of a faculty member resulting in a written report to be judged by a second faculty member as well. An oral presentation made at a departmental seminar. Required for graduation with departmental honors in plant biology. Previously offered as BOT 4993. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Discussion

**Department/School:** Plant Biology Ecol & Evolution

**General Education and other Course Attributes:** Honors Credit

**PBIO 4910 Internship in Plant Biology**

**Prerequisites:** Specified hours of documented plant biology work experience.

**Description:** Supervised experience in an approved work situation related to future career in the plant biology field. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Discussion

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 4990 Independent Study in Plant Biology**

**Prerequisites:** Consent of instructor.

**Description:** Independent study under the supervision of a faculty member. This will include readings and discussion on a selected topic agreed upon between the student and instructor. Previously offered as BOT 4990. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Discussion

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 5000 Master's Thesis**

**Description:** Thesis work for the MS degree. Previously offered as BOT 5000. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Graduate

**Schedule types:** Discussion

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 5003 Field Botany**

**Prerequisites:** PBIO 1404 or equivalent.

**Description:** Botanical field techniques, the vegetation of North America, and the flora of Oklahoma. Terminology of description, use of taxonomic keys, techniques of specimen preservation, field recognition of plant taxa and communities and controlling ecological factors, economic and wildlife significance of dominant taxa, principles of classification and nomenclature. Three weekend field trips required. May not be used for degree credit with PBIO 4005.

**Credit hours:** 3

**Contact hours:** Lecture: 1 Lab: 4 Contact: 5

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 5013 Biological Microtechnique**

**Prerequisites:** PBIO 1404 or BIOL 1604.

**Description:** Theories, principles, and methods related to the usage of the light microscope and to the preparation of biological materials for light microscopic examination. May not be used for degree credit with PBIO 4013.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 5104 Mycology**

**Prerequisites:** Graduate standing.

**Description:** A systematic study of the fungi, with emphasis on taxonomy, comparative morphology, and fungal biology. Same course as PLP 5104. Previously offered as BOT 5104.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 2 Contact: 5

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 5110 Special Topics in Plant Biology**

**Prerequisites:** Consent of instructor.

**Description:** Special studies in any area of plant biology. Previously offered as BOT 5110. Offered for variable credit, 1-5 credit hours, maximum of 24 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Graduate

**Schedule types:** Discussion

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 5210 Research in Plant Biology**

**Prerequisites:** Consent of instructor.

**Description:** Independent research in any area of plant biology. Previously offered as BOT 5210. Offered for variable credit, 1-6 credit hours, maximum of 15 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Graduate

**Schedule types:** Discussion

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 5233 Plant Anatomy****Prerequisites:** PBIO 1404.**Description:** Structures of cells, tissues and organs of plants and the developmental, phylogenetic, and functional contexts of the structures. May not be used for degree credit with PBIO 4233.**Credit hours:** 3**Contact hours:** Lecture: 2 Lab: 2 Contact: 4**Levels:** Graduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Plant Biology Ecol & Evolution**PBIO 5423 Plant Mineral Nutrition****Prerequisites:** BOT 4463 or concurrent enrollment.**Description:** Uptake, translocation, metabolism, and biochemical function of mineral nutrients in higher plants. May not be used for degree credit with PBIO 4423. Previously offered as BOT 5423.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Plant Biology Ecol & Evolution**PBIO 5463 Plant Physiology****Prerequisites:** PBIO 1404 or equivalent.**Description:** Plant subcellular structure, water relations, water absorption and ascent of sap, translocation, gaseous exchange, nutrition, enzymes, respiration, photosynthesis, growth, development, reproduction, tropisms, hormones, dormancy and seed germination. Previously offered as BOT 3463. May not be used for degree credit with PBIO 4463.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Plant Biology Ecol & Evolution**PBIO 5524 Biological Instrumentation****Prerequisites:** CHEM 1515 or equivalent and (BOT 1404 or MICR 2123 or BIOL 1604 or equivalents or consent of instructor).**Description:** Lecture and laboratory course in biological instrumentation use, theory, experimental design, maintenance, and troubleshooting. Topics include liquid handling systems, pH/ISE meters, electrophoresis, spectrophotometers, centrifuges, chromatography, thermocyclers, and DNA sequencers. Same course as BIOL 5524 and MICR 5524.**Credit hours:** 4**Contact hours:** Lecture: 2 Lab: 4 Contact: 6**Levels:** Graduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Plant Biology Ecol & Evolution**PBIO 5541 Phylogenomics****Description:** Current topics in the theory and application of genome and transcriptome sequencing to phylogenetics, prediction of gene function, and evolution of genes. Previously offered as BOT 5541.**Credit hours:** 1**Contact hours:** Contact: 1 Other: 1**Levels:** Graduate**Schedule types:** Discussion**Department/School:** Plant Biology Ecol & Evolution**PBIO 5553 Molecular Phylogenetic Analysis****Prerequisites:** Undergraduate genetics strongly recommended.**Description:** Covers the use of molecular sequence data to construct evolutionary trees. It integrates theory and computer applications to answer questions involving species relationships, gene evolution, molecular evolution and morphological change, co-evolution, and biogeographic relationships. May not be used for degree credit with PBIO 4553. Previously offered as BOT 5553.**Credit hours:** 3**Contact hours:** Lecture: 2 Lab: 2 Contact: 4**Levels:** Graduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Plant Biology Ecol & Evolution**PBIO 5563 Plant Ecological Genetics****Prerequisites:** Two of the following courses or their equivalent: BIOL 3023, BIOL 3034, and BIOL 4133.**Description:** Basic concepts in plant population and quantitative genetics, focusing on techniques that reveal the genetic structure and the adaptive value of ecologically relevant traits. Previously offered as BOT 5563.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Plant Biology Ecol & Evolution**PBIO 5654 Plant Secondary Metabolism****Prerequisites:** PBIO 1404.**Description:** This course describes the biochemical pathways and functions of plant secondary metabolites, and how they have been used for medical, pharmaceutical, and agricultural research and industry. Same course as PBIO 4654.**Credit hours:** 4**Contact hours:** Lecture: 3 Lab: 3 Contact: 6**Levels:** Graduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Plant Biology Ecol & Evolution**PBIO 5813 Plant Developmental Genetics****Prerequisites:** BIOL 3023 or equivalent.**Description:** Discussion of the genetic and molecular factors that regulate reproductive and vegetative development in flowering plants. Emphasis on recent publications that deal with model genetic systems and plants of economic significance. Previously offered as BOT 5813.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Plant Biology Ecol & Evolution**PBIO 5850 Plant Biology Seminar****Description:** Weekly one-hour seminar series of invited and internal speakers. Plant Sciences MS and Plant Sciences (Plant Biology) PhD students are required to present a minimum of two seminars, including one on thesis or dissertation results. Previously offered as BOT 5850. Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.**Credit hours:** 1**Contact hours:** Lecture: 1 Contact: 1**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Plant Biology Ecol & Evolution

**PBIO 5910 Internship in Plant Biology**

**Prerequisites:** Specified hours of documented plant biology work experience.

**Description:** Supervised experience in an approved work situation related to future career in the plant biology field. Graded on a pass/fail basis. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Graduate

**Schedule types:** Discussion

**Department/School:** Plant Biology Ecol & Evolution

**PBIO 6000 Doctoral Research**

**Description:** Independent research for the doctoral dissertation. Previously offered as BOT 6000. Offered for variable credit, 1-15 credit hours, maximum of 60 credit hours.

**Credit hours:** 1-15

**Contact hours:** Contact: 1-15 Other: 1-15

**Levels:** Graduate

**Schedule types:** Discussion

**Department/School:** Plant Biology Ecol & Evolution

## Undergraduate Programs

- Plant Biology, BS (p. 1685)
- Plant Biology: Cell Biology and Molecular Genetics, BS (p. 1688)
- Plant Biology: Ecology and Evolutionary Biology, BS (p. 1691)
- Plant Biology: Pre-Forensics, BS (p. 1694)
- Plant Biology: Pre-Law Environmental Policy, BS (p. 1697)
- Plant Biology: Pre-Pharmacy, BS (p. 1700)

## Graduate Programs

Programs of research and study leading to the degrees of Master of Science in Plant Biology and Doctor of Philosophy in Plant Biology.

## Prerequisites

Applicants for admission must have received a baccalaureate degree from an accredited college and should have had 40 semester hours (or equivalent) in upper-division courses in the biological and physical sciences. A grade-point average of 3.00 (on a 4.00 scale) or above is required for unconditional admission.

Prerequisites for graduate degrees include successful completion of courses in the two broad areas of:

1. ecology and evolution, and
2. cell and molecular biology.

Students with an undergraduate major in biology or plant science will have completed a substantial portion of these courses; those with a less closely related major may be required to take some background courses.

Final authority for each student's plan of study resides with the student's advisory committee.

## Degree Requirements

Demonstrated research competence through submission and acceptance of a thesis or dissertation is required for all plant biology graduate degrees. A minimum of one semester teaching experience is required of all MS and PhD candidates. This requirement may also be satisfied by

enrollment in a college teaching practicum course (GRAD 5990 Special Problems in Graduate Education).

All graduate students are expected to attend and participate in all departmental seminars.

## The Master of Science Degree in Plant Biology

Plans of study must include 30 graduate credit hours (as indicated in the Graduate Catalog). Exactly six credit hours of thesis (PBIO 5000) and two credit hours of seminar (PBIO 5850). At least 24 semester credit hours numbered 5000 or above are required. A minimum of three graduate courses must be taken.

## The Doctor of Philosophy Degree in Plant Biology

The Department of Plant Biology, Ecology, and Evolution offers a PhD in Plant Biology. To receive the PhD in Plant Biology, students must enroll in a minimum of 70 or a total of 90 credit hours beyond the BS or 60 credit hours beyond the MS. No fewer than 36 or more than 60 hours of PBIO 6000-level are allowed in the plan of study. Two hours of seminar (PBIO 5850) must also be included in the plan of study. After a PhD candidate has completed most of the coursework, qualifying examinations are scheduled that cover major areas of the student's plan of study and relevant subdisciplines of plant science.

## Minors

- Plant Biology (PLB), Minor (p. 1684)

## Faculty

Mark Fishbein, PhD—Regents Professor and Head

**Regents Professor:** Michael W. Palmer, PhD (emeritus); David W. Meinke, PhD (emeritus)

**Professors:** Andrew Doust, PhD; Keith Garbutt, PhD; William J. Henley (emeritus), PhD; Ronald J. Tyrl, PhD (emeritus); Linda Watson, PhD (emerita); Ming Yang, PhD

**Assistant Professors:** Bénédicte Bachelot, PhD; Cody Coyotee Howard, PhD; Saima Shahid, PhD

**Teaching Assistant Professors:** Lane Greer, PhD; Nicole Parker, PhD; Ann Price, PhD

## Plant Biology (PLB), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

Sheri Orr, 404 Noble Research Center, 405.744.3729

**Minimum Grade Point Average in Minor Coursework:** 2.00 with no grade below "C."

**Total Hours:** 15

BIOL 3034	General Ecology	
BIOL 4133	Evolution	
Select 7-8 hours from PBIO 2403 or other upper-division PBIO courses to complete the required 15 hours		7-8
<b>Total Hours</b>		<b>15</b>

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

CHEM 1515	Chemistry II (LN)	5

### Foreign Language

See note 3

0-6 hours

### Upper-Division General Education

Select 6 hours outside major department

See note 2.c.

**Hours Subtotal 13**

### Major Requirements

#### Core Courses

BIOL 3023	General Genetics	3
BIOL 3034	General Ecology	4
BIOL 4133	Evolution	3
PBIO 1404	Plant Biology (LN)	4
PBIO 2403	Introduction to Plant Molecular Biology	3
PBIO 4400	Undergraduate Research	1
7 additional hours of PBIO courses		7

Select one of the following:

CHEM 3013 Survey of Organic Chemistry  
& CHEM 3012 and Survey of Organic Chemistry  
Laboratory

or

CHEM 3053 Organic Chemistry I  
& CHEM 3112 and Organic Chemistry Laboratory  
& CHEM 3153 and Organic Chemistry II

#### Related Courses:

Minimum of 15-18 hours of upper-division course work (no more than 3 hours of general education courses) from the following:

BIOC; BIOL; CHEM, CS; ENTO; ENVR; GEOG; GEOL; HORT;  
MATH; MICR; NREM; PBIO; PHYS; PLNT; PLP; SOIL; or STAT

**Hours Subtotal 48**

### Electives

Select 18 hours 18

May need to include 6 hours of a foreign language (see note 3)

May need to include 6 hours upper-division general education outside major department (see note 2.c.)

**Hours Subtotal 18**

**Total Hours 120**

<sup>1</sup>

College and Departmental Requirements that may be used to meet General Education Requirements.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum GPA of 2.00 in all PBIO courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
  - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below

B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

College and Departmental Requirements that may be used to meet General Education Requirements.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum GPA of 2.00 in all PBIO courses.

- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

**Minimum Overall Grade Point Average: 2.00**

**Total Hours: 120**

Code	Title	Hours
<b>General Education Requirements</b>		
<i>English Composition</i>		
See Academic Regulation 3.5 (p. 966)		
ENGL 1113	Composition I	3
or ENGL 1313	Critical Analysis and Writing I	
Select one of the following:		3
ENGL 1213	Composition II	
ENGL 1413	Critical Analysis and Writing II	
ENGL 3323	Technical Writing	
<i>American History &amp; Government</i>		
HIST 1103	Survey of American History	3
or HIST 1483	American History to 1865 (H)	
or HIST 1493	American History Since 1865 (DH)	
POLS 1113	American Government	3
<i>Analytical &amp; Quantitative Thought (A)</i>		
STAT 4013	Statistical Methods I (A) <sup>1</sup>	3
or STAT 2013	Elementary Statistics (A)	
MATH 1813	Preparation for Calculus (A) (or higher)	3
or MATH 1613	Trigonometry (A)	
<i>Humanities (H)</i>		
Courses designated (H)		6
<i>Natural Sciences (N)</i>		
Must include one Laboratory Science (L) course		
Select four hours from the following:		4
BIOL 1113	Introductory Biology (N)	
& BIOL 1111	and Introductory Biology Laboratory (LN) <sup>1</sup>	
BIOL 1114	Introductory Biology (LN)	
PHYS 1114	College Physics I (LN) <sup>1</sup>	4
<i>Social &amp; Behavioral Sciences (S)</i>		
Courses designated (S)		3
<i>Additional General Education</i>		
Courses designated (A), (H), (N), or (S)		6
<b>Hours Subtotal</b>		<b>41</b>
<b>Diversity (D) &amp; International Dimension (I)</b>		
May be completed in any part of the degree plan		
Select at least one Diversity (D) course		
Select at least one International Dimension (I) course		
<b>College/Departmental Requirements</b>		
<i>First Year Seminar</i>		
(Transfer students with 15 hours exempt)		1
<i>Arts &amp; Humanities</i>

<i>Natural &amp; Mathematical Sciences</i>		
CHEM 1314	Chemistry I (LN)	4
CHEM 1515	Chemistry II (LN)	5
<i>Foreign Language</i>		
See note 3		
0-6 hours		
<i>Upper-Division General Education</i>		
Select 6 hours outside major department		
See note 2.c.		
<b>Hours Subtotal</b>		<b>13</b>
<b>Major Requirements</b>		
<i>Core Courses</i>		
BIOL 3023	General Genetics	3
BIOL 3034	General Ecology	4
BIOL 4133	Evolution	3
PBIO 1404	Plant Biology (LN)	4
PBIO 2403	Introduction to Plant Molecular Biology	3
PBIO 4005	Field Botany	4-5
or PBIO 3114	Plant Taxonomy	
PBIO 4400	Undergraduate Research	1
7 additional hours of PBIO courses.		7
Select one of the following:		5-8
CHEM 3013	Survey of Organic Chemistry	
& CHEM 3012	and Survey of Organic Chemistry Laboratory	
CHEM 3053	Organic Chemistry I	
& CHEM 3112	and Organic Chemistry Laboratory	
& CHEM 3153	and Organic Chemistry II	
<i>Related Courses</i>		
Minimum of 10-14 hours of upper-division coursework (no more than 3 hours of general education courses) from the following:		
BIOC; BIOL; CHEM; CS; ENTO; ENVR; GEOG; GEOL; HORT; MATH; MICR; NREM; PBIO; PHYS; PLNT; PLP; SOIL; or STAT.		
<b>Hours Subtotal</b>		<b>48</b>
<b>Electives</b>		
Select 18 hours		18
May need to include 6 hours of a foreign language (see note 3)		
May need to include 6 hours upper-division general education outside major department (see note 2.c.)		
<b>Hours Subtotal</b>		<b>18</b>
<b>Total Hours</b>		<b>120</b>

<sup>1</sup>

College and Departmental Requirements that may be used to meet General Education Requirements.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum GPA of 2.00 in all PBIO courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
  - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below

B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours
<b>Freshman</b>		
<b>Fall</b>		
A&S 1111	A&S First Year Seminar	1
ENGL 1113 or ENGL 1313	Composition I or Critical Analysis and Writing I	3

CHEM 1314	Chemistry I (LN)	4
CHEM 1515	Chemistry II (LN)	5

### Foreign Languages

0-6 hours (See note 3.)

### Upper-Division General Education

6 hours outside major department (See note 2.c.)

**Hours Subtotal 13**

### Major Requirements

#### Core Courses:

BIOL 3023	General Genetics	3
BIOL 3034	General Ecology	4
BIOL 4133	Evolution	3
PBIO 1404	Plant Biology (LN)	4
PBIO 2403	Introduction to Plant Molecular Biology	3
PBIO 4013	Biological Microtechnique	3
PBIO 4400	Undergraduate Research (1 hour)	1
PBIO 4524	Biological Laboratory Instrumentation	4
CHEM 3053	Organic Chemistry I	3
CHEM 3112	Organic Chemistry Laboratory	2
CHEM 3153	Organic Chemistry II	3

7 additional hours of PBIO courses. 7

Pre-Forensics Courses (choose 12 hours from the following - may need to include 12 upper-division hours): 12

BIOC 3653	Survey of Biochemistry	
BIOC 3723	Biochemistry and Molecular Biology Laboratory	
CHEM 2113	Principles of Analytical Chemistry	
CHEM 2122	Quantitative Analysis Laboratory	
ENTO 4573	Introduction to Forensic Entomology	
MICR 2123	Introduction to Microbiology	
MICR 2132	Introduction to Microbiology Laboratory	
MICR 3033	Cell and Molecular Biology	
SOC 4333	Criminology (S)	
SOC 4733	Criminal Behavior Analysis	

**Hours Subtotal 52**

### Electives

May need to include 6 hours of a foreign language (see note 3.).

May need to include 6 hours upper-division general education outside major department (see note 2.c.).

14 hours of Electives 14

Recommended courses:

PBIO 3114	Plant Taxonomy	
PBIO 3553	Fungi: Myths and More	
PBIO 4005	Field Botany	
SOC 4733	Criminal Behavior Analysis	
SOC 4753	Advanced Forensics	

**Hours Subtotal 14**

**Total Hours 120**

1

College and Departmental Requirements that may be used to meet General Education Requirements.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum GPA of 2.00 in all P BIO courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, P BIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript

which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, P BIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript

which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

PBIO 2403	Introduction to Plant Molecular Biology	3
PBIO 3273	Medical Botany (N)	3
PBIO 4400	Undergraduate Research	1
PBIO 4654	Plant Secondary Metabolism	4
7 additional hours of PBIO courses		7

**Hours Subtotal** **59**

**Electives** **7**

May need to include 6 hours of a foreign language

May need to include 6 hours upper-division general education outside major department (see note 2.c.)

MATH 1513 and MATH 1813 required for students who do not place directly into MATH 2144

Additional requirements dependent on pharmacy school

**Hours Subtotal** **7**

**Total Hours** **120**

## Other Requirements:

- See College of Arts & Sciences Requirements.
- Minimum GPA of 2.00 in all PBIO courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**

- a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
- b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, P BIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
- c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Political Science

As a Political Science major, students will work with experts in American government, international and comparative politics, and policymaking to explore important, relevant questions to their academic and professional development. Some of these questions include:

- Which skills will prepare students to serve as leaders in their communities, be it in local politics or national governance?
- How can the study of law make students effective citizens and advocates for supporting their fellow citizens?
- What can students learn about effective governance and policymaking by studying countries from across the world?
- How can students best understand modern challenges to society, including environmental degradation, war, inequality, and terrorism, and apply this knowledge in order to make meaningful contributions in addressing them?
- What practices and processes help ensure a fair and just society for all individuals?

Through rigorous coursework, individual research projects, and practical experiences, students will not only be prepared for an ever-changing job market, but also develop a passion for politics — ready to participate in the vital work required of democratic citizens in the twenty-first century!

Graduates have gone on to contribute to a varied set of professions, including local, state, and national government, law, non-profit work, advocacy, academia, and international business.

The department offers several degree options that offer a rich study of topics, such as law, global politics, and campaigning, while also permitting the flexibility to add double-majors and minors from other departments:

- Political Science, B.A. or B.S.
- Political Science: Global Politics, B.A. or B.S.
- Political Science: Practical Politics: Campaigning, Lobbying, and Policymaking, B.A. or B.S.
- Political Science: Pre-Law, B.A. or B.S.
- Political Science: Public Policy, B.A.

The minimum GPA for a political science degree is 2.50 with a minimum grade of "C" in all upper-division political science and related upper-division coursework. Additional flexibility in the degree program is offered through internships, and opportunities to work with professors in developing independent study courses in areas where the department may not offer regular coursework.

In addition, departmental minors that allow for an in-depth, focused study on key topics, including :

- Campaigns and Lobbying
- Intelligence and Security Analysis
- Law and Legal Studies

The required GPA for a minor is 2.50.

## Courses

### POLS 1010 Studies in American Government

**Description:** Special study in American government to allow transfer students to fulfill general education requirements as established by Regents' policy. Offered for variable credit, 1-2 credit hours, maximum of 2 credit hours.

**Credit hours:** 1-2

**Contact hours:** Contact: 1-2 Other: 1-2

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Political Science

### POLS 1113 American Government

**Description:** Organization, processes and functions of the national government of the United States. Satisfies, with HIST 1103 or 1483 or 1493, the State Regents requirement of six credit hours of American history and American government before graduation. Previously offered as POLS 1013.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

### POLS 2000 Topics in American Politics (S)

**Description:** Introductory examination of timely topics and issues in American Politics. May be repeated with different topics. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**General Education and other Course Attributes:** Social & Behavioral Sciences

### POLS 2010 Topics in International Relations (I)

**Description:** Introductory examination of timely topics and issues in International Relations. May be repeated with different topics. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**General Education and other Course Attributes:** International Dimension

### POLS 2013 Introduction to International Relations (S)

**Description:** Analysis and explanation of the political, economic, and social relationships that exist between countries. Broad topics include major actors in international relations, the role of power on the global stage, interstate and civil conflict, cooperation, and economic security. The assumptions of major international relations theories, such as realism and liberalism, are explained. Previously offered as POLS 3013.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**General Education and other Course Attributes:** Social & Behavioral Sciences

**POLS 2020 Topics in Public Law (S)**

**Description:** Introductory examination of timely topics and issues in Public Law. Maybe repeated with different topics. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**General Education and other Course Attributes:** Social & Behavioral Sciences

**POLS 2023 The Individual And The Law**

**Description:** Introduction to the U.S. Constitution, legal reasoning, legal research techniques, and topical issues of U.S. public law.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 2030 Topics in Public Policy & Administration**

**Description:** Introductory examination of timely topics and issues in Public Policy and Administration. May be repeated with different topics. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 2033 Introduction to Public Administration**

**Description:** Public administration, including administration, administrative organization, decision-making, governmental public relations and administrative responsibilities.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 2110 Topics in Comparative Politics (I)**

**Description:** Introductory examination of timely topics and issues in Comparative Politics. May be repeated with different topics. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**General Education and other Course Attributes:** International Dimension

**POLS 2113 Introduction to Comparative Politics (IS)**

**Description:** A study of the domestic politics, society, and economies in countries around the world.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**General Education and other Course Attributes:** International Dimension, Social & Behavioral Sciences

**POLS 2213 Fundamentals of Political Science**

**Description:** This course provides an overview of Political Science as a field of study, and it provides students with basic research literacy and other skills essential to success as a Political Science major.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 2313 Social Justice Politics (D)**

**Description:** This course examines race, ethnicity, class, gender, sexuality, religion, age, ability, and in a number of realms, particularly the political. Specific social justice issues discussed include immigration reform, religious accommodations in the workplace, the gender gap in wages and political office holding, income and wealth inequality, racial and ethnic discrimination, same-sex marriage, ageism and disability access.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**General Education and other Course Attributes:** Diversity

**POLS 2890 Honors Experience in Political Science**

**Prerequisites:** Honors Program participation and concurrent enrollment in a designated Political Science course.

**Description:** A supplemental Honors experience in Political Science to partner concurrently with designated Political Science course(s).

This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 3 credit hours, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**General Education and other Course Attributes:** Honors Credit

**POLS 2993 Honors Tutorial in Political Science**

**Prerequisites:** POLS 1113. Honors standing, and invitation by head of department.

**Description:** For the special needs of the sophomore-level honors student majoring in political science who wishes to study individualized topics at an accelerated pace in a tutorial format. After mastering basic principles in an area of interest the student will conduct independent research under close faculty supervision and prepare a report or reports.

**Credit hours:** 3

**Contact hours:** Contact: 3 Other: 3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Political Science

**POLS 3003 The Soviet Union: History, Society and Culture(IS)**

**Description:** A comprehensive view of the Soviet Union, stressing those issues in the political, economic, technological, geographical and cultural spheres which are most relevant to the current situation. Accessible to beginning undergraduates. Same course as HIST 3003 & RUSS 3003.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**General Education and other Course Attributes:** International Dimension, Social & Behavioral Sciences

**POLS 3033 International Law**

**Description:** International laws between countries arise from customary law, treaties, and other international agreements. This course examines international law surrounding international diplomacy, conflict, organizations, and the international political reasons for the creation, compliance, and violation of such laws.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3053 Introduction to Central Asia Studies (IS)**

**Description:** A comprehensive view of newly-emerged Central Asian states examining the history, politics, economics, geography, and culture of Azerbaijan, Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan and Uzbekistan as reflected in their thoughts, religion, literature, and architecture, in the past, and the strategic importance of their natural wealth for the present and future. Same course as GEOG 3053, GLST 3053, HIST 3053 & RUSS 3053.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3090 Teaching Practicum**

**Prerequisites:** Consent of instructor.

**Description:** For outstanding students. Students will work with a faculty instructor and assist in many aspects of teaching including guest lecturing, offering study sessions, office hours, among other duties as determined by instructor. May involve meetings and written paper(s). Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Political Science

**POLS 3100 Political Science Internship**

**Prerequisites:** Consent of department.

**Description:** Internship education experience in a specific subfield in the discipline of political science. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Political Science

**POLS 3101 Oklahoma Intercollegiate Legislature**

**Description:** OSU Oklahoma Intercollegiate Legislature provides students with hands on experience in the legislative process. It is a mock legislature with the intended goal of passing bills and learning parliamentary procedure. Students learn how to research and draft legislation, build coalitions, and debate the merits of their bills. Participation in O.I.L. gives students a behind the scenes look at how state government conducts business. The result is academic learning in a real world setting. This course is a pass/fail grade. Offered for fixed credit, 1 credit hour.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3103 Introduction to Political Inquiry**

**Prerequisites:** Sophomore, Junior and Senior standing.

**Description:** The scope and methods of political science. Scientific methodology applied to political phenomena, hypothesis, measurement, literature review, research designs, introductory data analysis and writing in political science. Previously offered as POLS 4003.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3123 Russian & Eurasian Politics (I)**

**Description:** An overview of the major political, social, and economic challenges facing Russia and its neighbors.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**General Education and other Course Attributes:** International Dimension

**POLS 3143 European Politics (I)**

**Description:** An overview of the major political, social, and economic challenges facing European countries.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**General Education and other Course Attributes:** International Dimension

**POLS 3163 African Politics (I)**

**Description:** An overview of the major political, social, and economic challenges facing African countries.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**General Education and other Course Attributes:** International Dimension

**POLS 3193 Latin American Politics (IS)**

**Description:** An overview of the major political, social, and economic challenges facing Latin American countries.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**General Education and other Course Attributes:** International Dimension, Social & Behavioral Sciences

**POLS 3223 Asian Politics**

**Description:** An overview of the major political, social, and economic challenges facing Asian countries.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3313 Middle Eastern Politics**

**Description:** An overview of the major political, social, and economic challenges facing Middle Eastern countries.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3353 Political Parties**

**Description:** An examination of political parties, including the role of parties in elections and government, how parties have changed through time, why there are only two major parties in the United States, and what factors influence how parties behave.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3423 Voting and Elections**

**Description:** Electoral systems and their relationship to political development, political socialization, issue emergence, voting patterns and electoral cycles.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3443 Pol Campaigns And Candidacy**

**Description:** Planning, fundraising, targeting, public opinion, support operations, voter contact, the mass media and candidate activities. Previously offered as POLS 3414.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3453 U.S. Congress**

**Description:** The power and organization of legislatures, as well as the selection and behavior of legislators. Special attention given to the U.S. Congress.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3483 The American Presidency**

**Description:** The politics of presidential selection, removal and succession; formal and informal powers of the president; relations with Congress, the national judiciary and national executive branch; proposed reforms and the vice-presidency.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3493 Public Policy**

**Prerequisites:** Any one of POLS 1013, POLS 2033, ECON 1113.

**Description:** Identification of policy options open to policy makers and examination of measurements and rationales underlying governmental programs. May not be used for degree credit with POLS 5613.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3513 Public Opinion and Polling**

**Description:** The nature of public opinion. Public opinion polling, the factors influencing opinion formation, and the effects of public opinion on policy and policy makers.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3523 Money, Media And Politics**

**Prerequisites:** POLS 1113.

**Description:** Techniques used by successful candidates for elective office to present their positions to the voting public. Beginning with the basic elements of fundraising exploration of current campaign finance laws, funding techniques and campaign budgeting. Message development, media production and ad placement. Preparation of a fundraising strategy.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 3533 Lobbying: the Art of Influence and Manipulation****Prerequisites:** POLS 1113.**Description:** An exploration of how political scientists understand organized interests and their lobbying and grassroots activities. Traverses topics such as the origin of interests, collective action problems, lobbying techniques, and grassroots activism. Explores political action in multiple venues. Discusses the influence of groups in government.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 3613 State and Local Government****Description:** Political processes, government and administration of American states, cities and counties; special emphasis on Oklahoma.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 3663 Introduction to Political Thought****Description:** The teachings of the three lasting traditions of Western political thought: classical, Christian and modern.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 3683 Politics in Contemporary Film****Prerequisites:** POLS 1113.**Description:** The effect of politics on contemporary film. Exploration of the often subtle political imagery and symbolism contained in film.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 3893 Terrorism & Counterterrorism****Description:** This course examines the definition, causes, and consequences of terrorist activity. Special emphasis will also be given to key domestic and international counterterrorism responses.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 3953 Minorities in the American Political System (DS)****Prerequisites:** POLS 1113.**Description:** Examination of mass and elite level behavior of minorities in the contemporary U.S. political system.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**General Education and other Course Attributes:** Diversity, Social & Behavioral Sciences**POLS 3963 State Courts and the Bar****Description:** This course will cover the various constraints that exist within the decision-making outcomes of state courts, as well as the institutional biases found within state run criminal justice systems. It looks at the increasingly partisan nature of state court election cycles and the contemporary status of the legal academy, the Bar, and the economics of law firms. It will be particularly useful to those students thinking about continuing their education with the pursuit of a law degree.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 3973 Race, Politics and Sports (D)****Prerequisites:** POLS 1113.**Description:** Historical, as well as the contemporary relationship, between race, politics and sports in the U.S. political system.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**General Education and other Course Attributes:** Diversity**POLS 3983 Courts and Judicial Process (S)****Description:** The American judiciary and legal process from a political perspective with particular emphasis on judicial organization and powers, recruitment, fact-finding, decision-making, impact of decisions, the legal profession and relations among courts. Oklahoma judicial organization.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**General Education and other Course Attributes:** Social & Behavioral Sciences**POLS 3993 Legal Research And Analysis****Prerequisites:** POLS 2023 or HONR 2013.**Description:** Introduction to legal research methods, including state and federal reported cases, digests, annotated codes, state and federal administrative regulations, and computerized legal research, as well as an introduction to legal reasoning and analysis and the preparation of case briefs and memoranda.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4000 Advanced Topics in American Politics****Prerequisites:** POLS 1113 or consent of instructor.**Description:** In-depth examination of critical topics and issues in American politics, including American political behavior and political leadership. May be repeated with different topics. May not be used for degree credit with POLS 5710. Offered for variable credit, 3 credit hours, maximum of 9 credit hours.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science

**POLS 4010 Advanced Topics in International Relations****Prerequisites:** POLS 2013 or POLS 2113 or consent of instructor.**Description:** In-depth examination of critical topics and issues in International Relations. May be repeated with different topics. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours. May not be used for degree credit with POLS 5210.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4013 American Foreign Policy****Description:** An introduction to the history of America's foreign policy (with an emphasis on foreign relations since WWII), the dominant themes and goals of American foreign policy throughout time, contemporary issues that face the United States, and how foreign policy is made and enforced. May not be used for degree credit with POLS 5153.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4020 Advanced Topics in Comparative Politics****Prerequisites:** POLS 2013 or POLS 2113 or consent of instructor.**Description:** In-depth examination of critical topics and issues in Comparative Politics. May be repeated with different topics. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours. May not be used for degree credit with POLS 5410.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4023 Security Analysis and Briefing****Description:** The purpose of this course is to introduce students to the world of intelligence analysis. Students will gain a basic understanding of the different types of intelligence, the way intelligence is analyzed, and the ways that analysts present their findings to the consumer. The course will develop critical thinking techniques and apply them to both hypothetical and real-world problems with a focus on the techniques used by professionals to present the results of their analyses. May not be used for degree credit with POLS 5223.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4033 Civil Wars (I)****Prerequisites:** POLS 1113.**Description:** This course focuses on civil wars, insurgencies, and other conflicts that occur within the borders of countries. The course intends to present current theories and understanding of civil wars that can inform the examination and explanation of such conflicts, including why conflicts start, how conflicts end, the goals and strategies of rebel groups and governments, and the long-term effects of conflict are critical to forming domestic and international policies that provide peaceful alternatives to violence.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**General Education and other Course Attributes:** International Dimension**POLS 4043 Global Political Economy****Description:** An introduction to the major players, challenges, and theories shaping the modern global economy. Topics include economic development, globalization, trade, and foreign investment. May not be used for degree credit with INTL 5043. Previously offered as POLS 3043.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4053 War And World Politics (I)****Description:** Students are introduced to the scientific study of war. Topics include why countries engage in conflict, the conduct of war, the ways in which wars end, and how peace is maintained between former rivals.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**General Education and other Course Attributes:** International Dimension**POLS 4100 Problems of Government, Politics and Public Policy****Description:** Special problem areas of government, politics and public policy concentrating on topics not covered in other departmental course offerings. May not be used for degree credit with POLS 5100. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.**Credit hours:** 1-6**Contact hours:** Contact: 1-6 Other: 1-6**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Political Science**POLS 4113 International Organization****Description:** The last one hundred years have seen the rise of international organizations. This class explores the reasons for this proliferation, as well as the impact of organizations such as the United Nations, North Atlantic Treaty Organization, etc. for the conduct of international relations. May not be used for degree credit with POLS 5163.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science

**POLS 4223 Social Movements****Prerequisites:** POLS 1113.**Description:** A study of the origins, activities, and impact of political and social movements. Students examine these theories and concepts by learning about several contemporary movements from other countries and the United States.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4333 Improving Democracy: How to Reform Government by the People (S)****Description:** This course encourages students to think critically and creatively about political institutions in order to improve democracy. This course gives students the opportunity to explore prominent political reform proposals and their merits, as well as an opportunity to practice skills such as the ability to evaluate complex organizations in order to improve outcomes.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**General Education and other Course Attributes:** Social & Behavioral Sciences**POLS 4353 Administrative Law****Description:** Legal powers, limits, and procedures of administrative agencies with emphasis on federal and state administrative procedure acts. May not be used for degree credit with POLS 5713.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4363 Environmental Law And Policy****Description:** Statutory law, case law, and administrative practices relating to regulation of the environment including environmental impact statements, pollution, public lands, and preservation law. May not be used for degree credit with POLS 5633.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4403 Urban Politics and Management****Description:** Problems of governing and managing American metropolitan areas. May not be used for degree credit with POLS 5323.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4413 Government Budgeting****Description:** The politics, planning and administration of government budgets. May not be used for degree credit with POLS 5320.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4453 Public Personnel Administration****Description:** Problems, processes, and procedures of public personnel administration. May not be used for degree credit with POLS 5333.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4553 American Political Thought****Description:** A survey of the major developments in American political thought from the Colonial period to the present, followed by a topical analysis of important recent theoretical developments in political science.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4573 Democratic Theory****Description:** Investigates the origins, development, and continuing challenges of theories of democratic government, with particular emphasis on the American political tradition. Topics include citizenship, accountability, voting and elections, federalism, and institutional design.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4593 Natural Resources and Environmental Policy****Description:** Current issues in the law, politics and administration of energy, land, water, mineral and other natural resources policy with particular emphasis on relations to environmental policies and law. May not be used for degree credit with POLS 5620.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 4623 Oklahoma Politics (S)****Prerequisites:** POLS 1113.**Description:** Introduction to Oklahoma Politics. Topics include the evolution of Oklahoma political institutions; the struggle to shape the Oklahoma political culture with special attention to the role of race and woman suffrage; political issues; the structure of Oklahoma political institutions at the state and local levels; and elections.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Political Science**General Education and other Course Attributes:** Social & Behavioral Sciences

**POLS 4653 Contemporary Political Thought**

**Description:** An analysis of 19th and 20th century political ideas, with emphasis on the rise and fall of ideologies along side controversies over relativism, positivism, pragmatism, and resurgent religious faiths.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 4670 Advanced Topics in Political Theory**

**Description:** In-depth examination of critical topics and issues in classic, modern, or American political theory. May be repeated with different topics. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 4693 Gender and Politics**

**Description:** Changing role of women in government and politics. Voting behavior, public opinion, women in government, and the women's movement.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 4903 Senior Capstone Seminar**

**Prerequisites:** Political Science major with Junior or Senior standing and completion of POLS 3103 with a grade of "C" or better.

**Description:** This class is intended to be the culmination of a student's undergraduate study of Political Science, emphasizing skills essential to students' future success. Students will read and discuss advanced readings in the field of political science and complete a significant empirical research project.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 4963 U.S. Constitution: Civil Rights and Civil Liberties**

**Prerequisites:** POLS 2023 or POLS 3983 recommended.

**Description:** Development of principles of constitutional law by the Supreme Court concerning individual and group rights, with particular emphasis on equal protection of the laws concepts in matters of race, gender, wealth, citizenship, legislative reapportionment and voting rights, government employment and affirmative action programs. Legal research techniques.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 4973 U.S. Constitution: Separation of Powers**

**Prerequisites:** POLS 2023 or POLS 3983 recommended.

**Description:** This course will cover the constitutional law governing the structure of the United States government, including such subjects as the power of the federal government, the separation of powers within the federal government, and the relationship between the federal government and the states (including substantive and due process rights under the Fourteenth Amendment).

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 4980 Advanced Topics in Public Law**

**Prerequisites:** POLS 2023 and (POLS 3983 or POLS 3993) or consent of instructor.

**Description:** In-depth examination of critical topics and issues in Public Law. May be repeated with different topics. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 4990 Independent Study**

**Description:** Application of major relevant theoretical perspectives to selected case studies of political problems and issue areas. Theories and attendant case studies selected by visiting faculty members. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Political Science

**POLS 4993 Political Science Honors Thesis**

**Prerequisites:** Departmental invitation, senior standing, Honors Program participation.

**Description:** A guided reading and research program ending with an honors thesis under the direction of a faculty member, with second faculty reader and oral examination. Required for graduation with departmental honors in political science.

**Credit hours:** 3

**Contact hours:** Contact: 3 Other: 3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Political Science

**General Education and other Course Attributes:** Honors Credit

**POLS 5000 Thesis**

**Description:** Thesis. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Political Science

**POLS 5013 Quantitative Methods****Prerequisites:** POLS 5103.**Description:** Required of all graduate students. Fundamental methodological issues in the scientific study of politics. Logic of science, principles of research design and computer data manipulation and analysis.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 5020 Creative Component****Description:** Individually supervised research. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours.**Credit hours:** 3**Contact hours:** Contact: 3 Other: 3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Political Science**POLS 5023 Foundation of Political Science****Description:** Overview of the foundational works, theories and approaches that define the discipline of political science and serve as bridges across its subfields.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 5030 Internship in Public Administration and Government****Description:** Individually supervised internships in administrative and governmental career areas. Paper required. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.**Credit hours:** 1-6**Contact hours:** Contact: 1-6 Other: 1-6**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Political Science**POLS 5040 Readings in Politics, Public Policy or Public Administration****Prerequisites:** Consent of supervising professor.**Description:** Readings in the student's major area of study. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.**Credit hours:** 1-6**Contact hours:** Contact: 1-6 Other: 1-6**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Political Science**POLS 5100 Directed Study****Description:** Directed study for master's level students. May not be used for degree credit with POLS 4100. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Political Science**POLS 5103 Research Design****Prerequisites:** Graduate standing.**Description:** Overview of research design, including conceptualization and operationalization, literature review, deductive and inductive theorizing, hypothesis testing, quantitative and qualitative data collection and analysis.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 5113 Seminar in Public Program Evaluation****Description:** Methodology of evaluation research in public programs. Emphasis will be placed on designing and interpreting evaluative studies rather than the mastery of particular mathematical, statistical or computer skills.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 5133 Politics and Political Economy in the European Union****Description:** The institutions and policy-making process of the European Union (EU) and the theoretical traditions in the study of European integration. The institutional form of the EU and the type of European policy that is emerging.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 5143 Social and Political Perspectives in Europe****Description:** Examination of the current and historical social, cultural and political landscapes of European societies. Material related to identity politics, citizenship, democratization and collective memory feature regularly in the course.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Political Science**POLS 5153 American Foreign Policy****Description:** An introduction to the history of America's foreign policy (with an emphasis on foreign relations since WWII), the dominant themes and goals of American foreign policy throughout time, contemporary issues that face the United States, and how foreign policy is made and enforced. May not be used for degree credit with POLS 4013.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Political Science

**POLS 5163 International Organization**

**Description:** The last one hundred years have seen the rise of international organizations. This class explores the reasons for this proliferation, as well as the impact of organizations such as the United Nations, North Atlantic Treaty Organization, etc. for the conduct of international relations. May not be used for degree credit with POLS 4113.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5203 ProSeminar in International Relations**

**Description:** A general survey intended to introduce students to major theoretical paradigms, applications, and debates in the field of international relations.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5210 Topics Seminar in International Relations**

**Description:** In-depth examination of critical topics and issues in International Relations. May be repeated up to 6 hours with different topics. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours. May not be used for degree credit with POLS 4010.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5213 Seminar in the International Political Economy**

**Prerequisites:** Graduate standing.

**Description:** Research on the mechanics and theories of interaction between economic and political phenomena. Same course as INTL 5213.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5223 Security Analysis and Briefing**

**Description:** The purpose of this course is to provide students with the basic tools used by intelligence analysis. In the course, we will discuss the psychology of intelligence, how to nurture analytical creativity, methods of intelligence analysis, and ways that analysts present their findings to the consumer. We will also engage in several exercises involving both hypothetical and real-world problems that will allow you to develop your critical thinking skills. Finally, we will create an intelligence product that brings together all the skills learned in the course. May not be used for degree credit with POLS 4023.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5253 Conflict Management and Peacebuilding**

**Description:** An introduction to the tactics, strategies, and tools of conflict management. Student will engage with current research in this field, with a focus on understanding of what works - and what does not - in resolving civil wars and communal violence.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5273 Diplomacy**

**Description:** Overview of the theoretical and practical dimensions of diplomacy. This class explores the history of diplomacy, its place within the study of international relations, the rise of diplomatic norms, the evolution of diplomacy, and the fragility and art of negotiation.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5313 Public Management**

**Description:** Introduction to the general principles of management as they are applied in the public sector. Systems theory, organization design, and techniques of supervision.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5320 Seminar in Public Budgeting and Finance**

**Description:** Major processes and practices involved in governmental budgeting in the United States at national, state and local level. May not be used for degree credit with POLS 4413. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5323 Urban Politics and Management**

**Description:** Introduction to the concepts, processes and techniques of managing urban political systems to include problems of leadership, decision-making, general management and group behavior. May not be used for degree credit with POLS 4403.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5333 Seminar in Public Personnel Administration**

**Description:** Current practices, problems and issues in public sector personnel administration, including merit system, civil service reform collective bargaining, and equal opportunity and affirmative action. May not be used for degree credit with POLS 4453.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5353 Seminar in Design, Structure and Processes of Public Organizations**

**Description:** Administration in the public sector, stressing traditional and emerging organization structures. Awareness of administrative processes and environment that include program design, implementation, and administrative accountability.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5363 Public Sector Dispute Resolution**

**Prerequisites:** Senior or graduate standing.

**Description:** Labor relations and employment issues in the public sector, and the various methods for resolving government personnel conflicts without resort to violence or litigation. Focus on labor law, employment law and Alternative Dispute Resolution as they apply to government employment.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5403 ProSeminar in Comparative Politics**

**Prerequisites:** Graduate standing and 5303 or consent of instructor.

**Description:** Situates disaster phases in the political context at the local, national, and international levels. Examines research on specific events and their interactive effects between the political system and various phases of disaster.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5410 Topics Seminar in Comparative Politics**

**Description:** In-depth examination of critical topics and issues in Comparative Politics. May be repeated up to 6 hours with different topics. May not be used for degree credit with POLS 4020. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours.

**Credit hours:** 3

**Contact hours:** Contact: 3 Other: 3

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Political Science

**POLS 5510 Seminar in Political Behavior**

**Description:** Examination of contemporary theories of political behavior with emphasis on empirical studies. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 3-18 Other: 3-18

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Political Science

**POLS 5513 Seminar in Political Psychology**

**Description:** Examination of psychological theories as they pertain to political behavior, including attitude change, political cognition, public opinion and decision-making.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5613 Public Policy Analysis**

**Description:** Analytical methods for evaluating public policies and examination of the public processes including policy design, implementation and evaluation. May not be used for degree credit with POLS 3493.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5620 Seminar in Natural Resource Policy, Law and Administration**

**Description:** Analysis of the legal and public policy aspects of environmental regulation, including special emphasis on one of three components: environmental law, administrative law, and national resource law and policy. May not be used for degree credit with POLS 4593. Offered for fixed credit, 3 credit hours, maximum of 9 credit hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5633 Practical Environmental Compliance**

**Description:** Environmental decision-making, reading and understanding environmental statutes and regulations, and effectively dealing with the EPA. Environmental permitting and enforcement, policies and procedures. Review of hazardous waste regulations with emphasis on ground water problems. May not be used for degree credit with POLS 4363.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5643 Regulatory Risk Analysis**

**Description:** Risk-based decision making, government's risk analysis paradigm, risk analysis policy, and social aspects of risk assessment. Review of the RCRA corrective action, CERCLA (Superfund) remedial action, and NEPA environmental impact study programs.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5673 Understanding and Responding to Terrorism**

**Description:** Exploration of the experience of non-state terrorism in the U.S. and Western European democracies in the late 20th century. Understanding terrorism as a political, social, and historical phenomenon; the current and future threat of terrorism, both foreign and domestic; governmental choices in responding to terrorism in democratic societies and; U.S. anti-terrorism policies and considerations that emergency responders face in preparing for and responding to terrorist incidents.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5703 ProSeminar in American Politics**

**Description:** Overview of a wide range of classic works in American institutions and Political Behavior. It examines not only the classic works in each area of these subfields, but a sampling of current work being done in the field.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5710 Topics Seminar in American Politics**

**Description:** In-depth examination of critical topics and issues in American Politics. May be repeated up to 6 hours with different topics. May not be used for degree credit with POLS 4000. Offered for fixed credit, 3 credit hours, maximum of 6 credit hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5713 Seminar in Public Law**

**Description:** Literature of public law in the United States. Overview of the approaches that shape the theoretical and empirical contours of the public law field and contribute to multidisciplinary law and social science studies. May not be used for degree credit with POLS 4353.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5720 Topics in Political Science**

**Description:** In-depth examination of critical topics and issues in Political Science. May be repeated up to 6 hours with different topics. Offered for fixed credit, 1-3 credit hours, maximum of 6 credit hours.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5743 Seminar in Political Communication**

**Description:** Examination of recent theories within politics and the media, including effects of media on opinion, role of media as a political institution and the role of media during elections.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 5810 Seminar in Women and Politics**

**Prerequisites:** Graduate standing.

**Description:** Research on a variety of topics concerning women and politics, including women's movements, women and elections, and public opinion. Offered for fixed credit, 3 credit hours, maximum of 9 credit hours.

**Credit hours:** 3

**Contact hours:** Contact: 3 Other: 3

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Political Science

**POLS 5943 Complex Emergencies**

**Prerequisites:** Graduate Standing.

**Description:** This course examines complex emergencies from an emergency management perspective. We will look at the collapse of governance, the causes of armed conflict, food insecurity, infectious disease, natural disasters, and so on and examine specific cases in detail. Furthermore, we will look at how the international community responds to these crises, and which agencies are involved in relief efforts. We will apply the traditional four phases of disaster management these situations.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

**POLS 6000 Doctoral Dissertation Research**

**Prerequisites:** Consent of major professor.

**Description:** Research for PhD dissertation. Offered for variable credit, 1-12 credit hours, maximum of 60 credit hours.

**Credit hours:** 1-12

**Contact hours:** Contact: 1-12 Other: 1-12

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Political Science

**POLS 6013 Qualitative Methods**

**Prerequisites:** POLS 5103.

**Description:** Qualitative methods for collecting and analyzing data from the social sciences.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Political Science

## Undergraduate Programs

- Political Science, BA (p. 1721)
- Political Science, BS (p. 1724)
- Political Science: Global Politics, BA (p. 1727)
- Political Science: Global Politics, BS (p. 1730)

- Political Science: Practical Politics - Campaigning, Lobbying and Policymaking, BA (p. 1733)
- Political Science: Practical Politics - Campaigning, Lobbying and Policymaking, BS (p. 1736)
- Political Science: Pre-Law, BA (p. 1739)
- Political Science: Pre-Law, BS (p. 1742)
- Political Science: Public Policy, BA (p. 1745)
- Political Science: Public Policy, BS (p. 1748)

## Graduate Programs

The Department of Political Science offers a Master of Arts degree in political science.

Candidates for the Master of Arts degree in political science complete a foundation of 15 hours of study and devote their remaining hours to specialization in two of the following areas: American politics, comparative politics and international relations, with further specialization within these areas also possible. The plan is designed to prepare professional political scientists for careers in research and teaching, as well as administrative and policy positions in local, state or national government and international affairs.

For more information, go to our website [polsci.okstate.edu](https://polsci.okstate.edu) (<https://polsci.okstate.edu>).

## Admission Requirements for Master's Degree Programs

Any student having a bachelor's degree with an overall 3.00 grade-point average (on a 4.00 scale) may be admitted as a student in full standing. Those with less than an overall 3.00 grade-point average are considered for admission on a probationary basis. All graduate students in the MA program would benefit from completion of an undergraduate statistics class. A GRE exam score is required for the MA program.

## Degree Requirements for the MA in Political Science

In addition to the general requirements of the Graduate College, requirements for the Master of Arts degree in political science are listed below.

1. A minimum of 33 credit hours in political science or closely related courses. These include:

Code	Title	Hours
<b>Research Methods and Foundations of Political Science</b>		
POLS 5103	Research Design	3
POLS 5013	Quantitative Methods	3
<b>Proseminars</b>		
POLS 5703	ProSeminar in American Politics	3
POLS 5403	ProSeminar in Comparative Politics	3
POLS 5203	ProSeminar in International Relations	3
<b>Electives</b>		
Select at least six hours in two of the following subfields:		12
American Politics		
Comparative Politics		
International Relations		
Select six hour thesis		6

A minimum of 21 hours of political science graduate seminars (seminars numbered 5000 or above) is required. The student must successfully defend the thesis orally before the faculty committee.

2. Minimum 3.00 grade-point average, with only one grade of "C" allowed.

## Minors

- Campaigns and Lobbying (CAML), Minor (p. 1716)
- Intelligence and Security Analysis (INSA), Minor (p. 1717)
- Law and Legal Studies (LLS), Minor (p. 1718)
- Political Science (POLS), Minor (p. 1719)

## Faculty

Howard Sanborn, PhD—Department Head and Professor

**Regents Professor:** Robert Darcy, PhD (emeritus)

**Professors:** Robert E. England, PhD (emeritus); Rebekah Herrick, PhD; James J. Lawler, PhD, JD (emeritus); Seth McKee, PhD; Jeanette Mendez, PhD; Robert L. Spurrier, Jr., PhD (emeritus); Theodore Vestal, PhD (emeritus)

**Associate Professors:** Danny M. Adkison, EdD; Anthony E. Brown, PhD (emeritus); James A. Davis, PhD (emeritus); William J. Focht, PhD (emeritus); Joshua Jansa, PhD; Joel M. Jenswold, PhD (emeritus); Jason Kirksey, PhD; Stephen Nemeth, PhD; Eve Ringsmuth, PhD; Peter Rudloff, PhD; Erica Townsend-Bell, PhD

**Assistant Professors:** Brooke Coe, PhD; Cole Harvey, PhD; Haruka Nagao, PhD; Christine C. Bird, PhD, JD

**Teaching Assistant Professors:** Holley Hansen, PhD

## Campaigns and Lobbying (CAML), Minor

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

## Intelligence and Security Analysis (INSA), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

Vincent Burke, 201 MUR, 405-744-5569

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.0 GPA in all POLS courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree

requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.

### 2. A&S College/Departmental Requirements

- a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
- b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
- c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of

college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

### Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.0 GPA in all POLS courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

### College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**

- a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
- b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, P BIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
- c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

**3. Foreign Language Proficiency**

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

- 4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours

<b>Hours Subtotal</b>		<b>13</b>

### Major Requirements

Minimum GPA 2.50 with a minimum grade of "C" in each course.

#### Core Requirements

POLS 2013	Introduction to International Relations (S)	3
POLS 2113	Introduction to Comparative Politics (IS)	3
POLS 2213	Fundamentals of Political Science	3
POLS 3103	Introduction to Political Inquiry	3
POLS 4043	Global Political Economy	3
POLS 4903	Senior Capstone Seminar	3

Select 12 hours from:

POLS 2010	Topics in International Relations (I)	
POLS 2110	Topics in Comparative Politics (I)	
POLS 3033	International Law	
POLS 3053	Introduction to Central Asia Studies (IS)	
POLS 3123	Russian & Eurasian Politics (I)	
POLS 3143	European Politics (I)	
POLS 3163	African Politics (I)	
POLS 3193	Latin American Politics (IS)	
POLS 3223	Asian Politics	
POLS 3313	Middle Eastern Politics	
POLS 3893	Terrorism & Counterterrorism	
POLS 4010	Advanced Topics in International Relations	
POLS 4013	American Foreign Policy	
POLS 4020	Advanced Topics in Comparative Politics	
POLS 4113	International Organization	
POLS 4053	War And World Politics (I)	

Select 9 hours of upper-division courses. <sup>1</sup>

**Hours Subtotal** **39**

### Electives

Select 28 hours. <sup>1</sup>

May need to include 6 hours of a foreign language (see note 3).

May need to include 6 hours upper-division general education outside major department (see note 2.c.), and 10 additional upper-division hours.

**Hours Subtotal** **28**

**Total Hours** **120**

<sup>1</sup>

With approval from the advisor and department head, a maximum of 30 hours from an accredited doctoral law program may be used for these areas.

### Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.0 GPA in all POLS courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

### College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and

Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.

## 2. A&S College/Departmental Requirements

- Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
- Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
- Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

## 3. Foreign Language Proficiency

- The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency

from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

**3. Foreign Language Proficiency**

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of

Oklahoma approved by the Oklahoma State Regents for Higher Education.

- 4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

**Additional State/OSU Requirements**

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

**Example Plan of Study**

**Finish in Four Plan of Study**

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

**Hours Subtotal** **48**

**Electives** **10**

May need to include 6 hours upper-division general education outside major department (see note 2.c.).

**Hours Subtotal** **10**

**Total Hours** **120**

### Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.0 GPA in all POLS courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
  - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below

B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

Upper-division division courses to complete the required 39 may be POLS or any other 3000- or 4000- level courses		9
<b>Hours Subtotal</b>		<b>39</b>
<b>Electives</b>		
Select 19 hours		

May need to include 6 hours of a foreign language (see note 3)

May need to include 6 hours upper-division general education outside major department (see note 2.c.), and 1 additional upper-division hour

<b>Hours Subtotal</b>	<b>19</b>
<b>Total Hours</b>	<b>120</b>

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.0 GPA in all POLS courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- Foreign Language Proficiency**
  - The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.

- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

<b>Hours Subtotal</b>	<b>28</b>
<b>Total Hours</b>	<b>120</b>

## Other Requirements

- See the College of Arts and Sciences Requirements.
- Minimum 2.0 GPA in all POLS courses.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which

demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

# Psychology

The student pursuing a BA or BS in psychology is provided with a background which can be of great value in personal, social and vocational areas of life. The course of study applies the scientific method to the study of the behavior of an individual and behavior between individuals. The understanding of such material can be directly related to a variety of employment opportunities. In addition, students may take advantage of opportunities to work with faculty in research or in teaching to gain additional experience. Such experiences are especially helpful to those students wishing to pursue graduate education in psychology or related fields.

A bachelor's degree in psychology is useful in a wide number of occupations in business, education and industry. The range of positions obtained by graduates covers almost all occupations requiring direct personal contact with other people. Some examples are supervision, training, sales, public relations and interviewing. Also included are positions with city, state and federal agencies, and in applied research. Although there is no licensure or certification to teach psychology in the schools, it is possible to earn a teaching certificate or license in social studies education with endorsement in psychology while pursuing a major in psychology. Persons interested in such teaching should contact the Office of Professional Education. (See "Professional Education Programs (<http://catalog.okstate.edu/education-human-sciences/office-educator-support/>)" in the "College of Education and Human Sciences (p. 1905)" section of the Catalog.)

The department also offers courses in speech communication to enhance the student's ability to effectively communicate in the interpersonal, organizational and public contexts. Both conceptual knowledge and practical application are emphasized to prepare students to begin careers in business and industry, or to enter graduate or professional schools.

## Courses

### PSYC 1111 Succeeding in Psychology

**Description:** This course will serve as a practical guide to making the most of your time as a psychology major at OSU and preparing for your work life beyond OSU, whether in graduate school or a career. You will learn about: resources that are available within the Psychology Department at OSU to help you succeed, strategies to maximize your competitiveness as a potential graduate student or future employee, and steps to take as you plan for your career after graduation.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

### PSYC 1113 Introductory Psychology (S)

**Description:** Principles, theories, vocabulary and applications of the science of psychology.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Social & Behavioral Sciences

### PSYC 2313 Psychology of Adjustment

**Prerequisites:** PSYC 1113.

**Description:** This course provides an introductory examination of the applied psychological theory and research concerning mental health and well-being. Subjects include stress and coping, identity, gender, personal growth, communication, interpersonal relationships, psychological disorders and treatment, and career issues. This course was previously taught as Psychology and Human Problems.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

### PSYC 2443 Clinical Child Psychology

**Prerequisites:** PSYC 1113 with grade of "C" or better.

**Description:** This course will present information from empirical research, key theories, and concepts that shape the current understanding of developmental psychopathology, and clinical child and adolescent psychology.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

### PSYC 2583 Developmental Psychology (S)

**Prerequisites:** PSYC 1113.

**Description:** The nature of pertinent studies, causes, and theories of human developmental phenomena across the life span. Course previously offered as PSYC 3583.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Social & Behavioral Sciences

### PSYC 2593 Psychology of Human Sexuality

**Prerequisites:** PSYC 1113.

**Description:** Survey of behavioral, personality and psychophysiological components of human sexuality, with special emphasis on the delineation of facts from sexual myths.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

### PSYC 2743 Social Psychology (S)

**Prerequisites:** PSYC 1113.

**Description:** Theories and applications of social cognition, the self, pro-social and aggressive behavior, groups, attitudes and the environment. Course previously offered as PSYC 3743.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Social & Behavioral Sciences

**PSYC 2890 Honors Experience in Psychology**

**Prerequisites:** Honors Program participation and concurrent enrollment in a designated PSYC course.

**Description:** A supplemental Honors experience in Psychology to partner concurrently with designated Psychology course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Honors Credit

**PSYC 3003 Data Analysis with Observation Oriented Modeling**

**Prerequisites:** PSYC 3214 and 3 hours MATH or STAT designated "A."

**Description:** Students will learn a suite of nonparametric analysis techniques (Observation Oriented Modeling) that are simple to use, easy to understand, and designed for data collected in the social and life sciences. Measurement, causal modeling, and the history of modern statistical methods of data analysis will also be covered in this course.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 3013 Psychology of Motivation**

**Prerequisites:** PSYC 1113 and 3 hours MATH or STAT designated "A."

**Description:** Examines the initiation, persistence and achievement of goal-directed behavior. Theory, research and applications of these concepts are emphasized.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 3033 Psychology of Humor (S)**

**Prerequisites:** PSYC 1113.

**Description:** The course will examine theoretical perspective on the topic of humor, including cross-cultural and individual as well as the development of humor.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Social & Behavioral Sciences

**PSYC 3053 Psychology of Art (S)**

**Prerequisites:** PSYC 1113.

**Description:** The course will examine psychological approaches to the understanding of how art is experienced and produced. The course will examine all forms of art, including visual art, music, sculpture, and other forms of artistic expression.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Social & Behavioral Sciences

**PSYC 3073 Neurobiological Psychology (N)**

**Prerequisites:** PSYC 1113.

**Description:** Neural bases of human experience and behavior. Topics include sensation and perception, motivation and emotion, learning and thinking.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Natural Sciences

**PSYC 3113 Comparative Psychology (N)**

**Prerequisites:** PSYC 1113.

**Description:** Comparative study of behavior characteristics of selected samples of the animal kingdom from protozoa to humans. Topics include the history of comparative psychology, how to design a comparative experiment, and the importance of comparative psychology in our daily lives.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Natural Sciences

**PSYC 3120 Special Topics in Psychology**

**Prerequisites:** PSYC 1113 and 3 hours MATH or STAT designated "A."

**Description:** Special topics in psychology to be determined by faculty. Offered for variable credit, 1-12 credit hours, maximum of 12 credit hours.

**Credit hours:** 1-12

**Contact hours:** Contact: 1-12 Other: 1-12

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Psychology

**PSYC 3173 Introduction to Cognitive Science (N)**

**Description:** Introduction to the study of human and artificial intelligence. The course will survey contributions to the understanding of intelligence from psychology, neuroscience, computer science, philosophy, and linguistics.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Natural Sciences

**PSYC 3214 Statistical Methods in Psychology**

**Prerequisites:** PSYC 1113, and either MATH 1483 or MATH 1513 or higher, or STAT 2013 or higher, with a grade of "C" or higher in one of the prerequisite math or statistics courses.

**Description:** Evaluation of research in psychology including scales of measurement and quantitative/statistical procedures for data analysis and inference. Course will cover descriptive statistics and inferential statistics with emphasis on procedures used in the psychological sciences.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 2 Contact: 5

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Psychology

**PSYC 3343 Black Psychology (DS)****Prerequisites:** PSYC 1113.**Description:** Students will gain an understanding of the psychology of African Americans drawing upon African and American cultures and perspectives. The course will cover the foundations of African American psychology, African philosophy, Africentric psychology, intrapersonal and interpersonal topics such as family and community, peers and friends, racial identity, and select social issues among African Americans such as physical and mental health, education, racism, and employment. Same course as AFAM 3343.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**General Education and other Course Attributes:** Diversity, Social & Behavioral Sciences**PSYC 3413 Social Cognition & Behavior; Mating, Morality, & other Mysteries****Prerequisites:** PSYC 1113 and PSYC 2743 and 3 hours MATH or STAT designated "A."**Description:** We investigate advanced topics in social psychology dealing with social cognition, perception, and interpersonal behavior (e.g., cooperation, friendship, mating aggression), with special emphasis on cutting-edge theoretical approaches and understanding the processes of critically consuming and generating social psychological research. Previously taught as Psychology of Social Behaviors.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 3443 Psychopathology (S)****Prerequisites:** PSYC 1113.**Description:** This course will examine the major psychological disorders, their causes, and how they are treated. The primary focus will be on the description of adult disorders and theories of etiology/treatment.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**General Education and other Course Attributes:** Social & Behavioral Sciences**PSYC 3513 Psychology of Learning****Prerequisites:** PSYC 1113 and PSYC 3413 and 3 hours MATH or STAT designated "A."**Description:** Behavior change as a function of experience from relatively simple learning processes such as classical and instrumental conditioning to relatively complex processes such as verbal learning and concept identification.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 3713 Psychology of Memory****Prerequisites:** PSYC 1113 and three additional hours of psychology and 3 hours MATH or STAT designated "A."**Description:** An overview of scientific research on human memory including how memory operates in daily life, how memory changes as we age, why we do not remember much of our early childhood, memory disorders, and eyewitness memory.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 3823 Cognitive Psychology****Prerequisites:** PSYC 1113, PSYC 3214 or equivalent and 3 hours MATH or STAT designated "A."**Description:** Cognitive processes. Thinking, problem solving, visual imagery, attention, and memory search. Both theory and application emphasized.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 3883 Positive Psychology****Prerequisites:** 3 hours MATH or STAT designated "A."**Description:** This course focuses on the positive side of human nature and the most effective ways to pursue the good life by examining scientific research centered on the nature of happiness and psychological well-being.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 3890 Advanced Honors Experience in PSYC****Prerequisites:** Honors Program participation and concurrent enrollment in a designated PSYC course.**Description:** A supplemental Honors experience in Psychology to partner concurrently with designated upper-division PSYC course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.**Credit hours:** 1**Contact hours:** Lecture: 1 Contact: 1**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**General Education and other Course Attributes:** Honors Credit

**PSYC 3914 Experimental Psychology: Introduction to Research Methods in Psychology**

**Prerequisites:** PSYC 1113 and PSYC 3214 with a grade of "C" or better, and 3 hours MATH or STAT designated "A."

**Description:** Examination of fundamentals of the scientific method as applied to research in psychology. Research design, sampling, measurement, analytical, evaluative, and interpretive skills needed to understand the professional research literature. Includes a laboratory component in which students conduct research, use SPSS for data analysis, and write APA style papers.

**Credit hours:** 4

**Contact hours:** Lecture: 3 Lab: 2 Contact: 5

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Psychology

**PSYC 3990 Teaching Practicum**

**Prerequisites:** Consent of instructor.

**Description:** For outstanding students. Students will work with a faculty instructor and assist in many aspects of teaching including guest lecturing, offering study sessions, office hours, among other duties as determined by instructor. May involve meetings and written papers. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Psychology

**PSYC 4013 Introduction to Pediatric Psychology**

**Prerequisites:** PSYC 1113 and 3 hours MATH or STAT designated "A."

**Description:** Pediatric psychology is a dynamic subspecialty that involves promotion of children's health and delivery of psychological services to children with both acute and chronic illnesses. This course provides an introduction to the field of pediatric psychology, including historical perspectives, theoretical models and underpinnings, roles of the pediatric psychologist in a number of hospital and clinic settings, and psychosocial interventions with a variety of childhood chronic illnesses and diseases. In addition, this course covers the empirical knowledge base for public health, injury prevention, pain management, consultation and liaison work, as well as general assessment and intervention in medical contexts for children with a variety of health-related issues.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 4023 Evolutionary Psychology (N)**

**Prerequisites:** Introductory Psychology.

**Description:** Evolutionary psychology is the scientific study of human nature that focuses on understanding the psychological adaptations that evolved to solve ancestral survival and reproductive problems. The course begins with a brief historical review of key themes in psychology and evolutionary biology. The adaptive problems of survival, long-term mating, sexuality, parenting, kinship, cooperation, aggression and warfare, conflict between the sexes, status, prestige, and social dominance are covered in the course.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Natural Sciences

**PSYC 4073 Principles of Neuroscience**

**Prerequisites:** BIOL 1114 or (BIOL 1113 or BIOL 1111) and either (CHEM 1215, CHEM 1314, or CHEM 1414).

**Description:** Neuroscience is an interdisciplinary field focused on understanding the structure and function of the brain, spinal cord, and peripheral nervous system. This course examines foundational theories and principles related to the neural mechanisms controlling physiological processes and behavior. Topics covered include cellular neurobiology, neuronal signaling, neural development and plasticity, comparative neuroanatomy, and neurobiology of complex brain functions such as sensory processing, arousal, emotions, learning, and memory. Previous coursework in physiology recommended. Same course as BIOL 4073. May not be used for degree credit with BIOL 5073 or PSYC 5073.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 4123 Psychology of Women (DS)**

**Prerequisites:** PSYC 1113.

**Description:** This course examines the biological, psychological and sociocultural factors influencing behavior, cognition, and affect in the lives of women.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Diversity, Social & Behavioral Sciences

**PSYC 4143 Psychology and Law**

**Prerequisites:** PSYC 1113 and 3 hours MATH or STAT designated "A."

**Description:** The new psycho-legal literature reviewed with emphasis on the psychological basis of voir dire, eyewitness behavior, courtroom persuasion, jury deliberation and mental health issues.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 4153 Psychology and Mass Media****Prerequisites:** PSYC 1113 and 3 hours MATH or STAT designated "A."**Description:** Examination of the role of mass media in shaping public perceptions of mental illness and mental health treatment with a focus on the role of popular films. Students will learn to critically evaluate the veracity of film portrayals as well as common themes involving mental health. Also, aspects of social and cognitive psychology in film.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 4163 Psychology of Prejudice and Discrimination (D)****Prerequisites:** PSYC 1113.**Description:** Explores the nature and causes of stereotyping, discrimination and minority experience, mainly from a social psychological perspective. Examines how these issues impact social group members, especially members of low status or minority groups.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**General Education and other Course Attributes:** Diversity**PSYC 4183 Issues in Clinical Psychology****Prerequisites:** PSYC 1113 and three additional hours of psychology and 3 hours MATH or STAT designated "A."**Description:** An in-depth look at clinical psychology including the role of science in clinical psychology, specialty areas in the discipline, and major therapy approaches. Also examines clinical psychology as a profession and applying to graduate school in clinical psychology.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 4213 Conflict Resolution (S)****Prerequisites:** PSYC 1113.**Description:** Interpersonal conflict studied from psychological perspectives. Types and uses of conflict, and conditions for constructive dispute settlement.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**General Education and other Course Attributes:** Social & Behavioral Sciences**PSYC 4223 Decision Making and Problem Solving****Prerequisites:** PSYC 1113 or consent of instructor and 3 hours MATH or STAT designated "A."**Description:** An examination of the research literature on individual decision-making and problem solving with dual emphases on theory and application. A thorough prior understanding of the human cognitive system is desirable, but not required. May not be used for degree credit with PSYC 5293.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 4243 Psychology of Aging****Prerequisites:** PSYC 1113 or consent of instructor and 3 hours MATH or STAT designated "A."**Description:** This course aims to increase your understanding of the human aging process through traditional classroom experiences focusing on knowledge of the physical, cognitive, and social changes that are part of late adulthood. Additionally, students will learn more actively by working with older adults who are living in our community. Our overall goal is to enhance our understanding of the psychology of aging by integrating our classroom-acquired knowledge with our community service experiences. May not be used for degree credit with PSYC 5243.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 4263 Affective Neuroscience****Prerequisites:** PSYC 1113 and 3 hours MATH or STAT designated "A."**Description:** This course will examine biological mechanisms underlying emotions. Topics include basic theories of emotion, the neural circuits associated with emotion generation, as well as related cognitive processes. May not be used for degree credit with PSYC 5663.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 4283 Health Psychology****Prerequisites:** PSYC 1113 and 3 hours MATH or STAT designated "A."**Description:** This course will explore the interplay between psychology and health, including the psychological impact of illness, psychological contributions to illness and wellness, health behaviors, and psychological interventions to improve health and healthcare.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology

**PSYC 4293 Forensic Psychology****Prerequisites:** PSYC 1113 and 3 hours MATH or STAT designated "A."**Description:** This course provides an introduction to forensic psychology, the relationship between psychology and law. The course examines five subspecialties of forensic psychology including associated careers.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 4333 Personality****Prerequisites:** PSYC 1113 or consent of instructor and 3 hours MATH or STAT designated "A."**Description:** Basic assumptions, research, and clinical issues relating to the major personality theories. May not be used for degree credit with PSYC 5533.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 4343 Language Development (S)****Prerequisites:** PSYC 1113 or consent of instructor.**Description:** Current theory and research on the development of language throughout the lifespan. The nature of language, first language acquisition, second and third language acquisition, brain and language, language processing, social aspects of language, gender differences in language use and language processing, language use by older adults, language use directed at older adults, language disorders, and language use in special populations.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**General Education and other Course Attributes:** Social & Behavioral Sciences**PSYC 4353 History of the Human Soul****Prerequisites:** 3 hours MATH or STAT designated "A."**Description:** Psychology literally means the study of the soul, and in this course students will explore the history of the human soul from antiquity to modern times. Students will read selections from various literary figures, scholars, and philosophers, such as Oscar Wilde, Victor Frankl, Plato, Aristotle, and St. Thomas Aquinas. Modern psychological theories will then be explored and discussed in light of these works.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 4483 Psychology of Parent Behavior (S)****Prerequisites:** PSYC 1113.**Description:** Historical and contemporary conceptions of parent-child relationship and approaches to communication and discipline; special problems in parenting.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**General Education and other Course Attributes:** Social & Behavioral Sciences**PSYC 4493 History of Psychology****Prerequisites:** PSYC 1113 and 3 hours MATH or STAT designated "A."**Description:** History of psychology as an aspect of European intellectual history. Psychological thought from early philosophical roots to modern conceptions of psychology as a science. Topics include the contribution of under-represented groups to psychology and the role of non-European contributions to psychological thought and the solution to practical problems. May not be used for degree credit with PSYC 5493.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 4633 Psychology of Sport and Human Performance****Prerequisites:** PSYC 1113 and 3 hours MATH or STAT designated "A."**Description:** This course will explore psychological issues related to sport and human performance, including performance enhancement, stress and arousal, motivation, leadership, and coping with injury and retirement.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 4770 Undergraduate Senior Thesis****Prerequisites:** PSYC 1113, PSYC 3214, PSYC 3914, junior or senior standing and consent of instructor.**Description:** The thesis is an empirical study that results in a manuscript conforming to APA style. It should contain a literature review that informs specific hypothesis, as well as method, results, discussion, and reference sections. The results section of the manuscript is typically based on data collected by the student, but it is also acceptable for it to stem from an original analysis of an archival dataset. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.**Credit hours:** 1-6**Contact hours:** Contact: 1-6 Other: 1-6**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Psychology

**PSYC 4813 Psychological Testing**

**Prerequisites:** PSYC 1113 and PSYC 3214 and 3 hours MATH or STAT designated "A."

**Description:** Quantitative aspects of measurement and testing, with emphasis on scaling, standardization, reliability and validity. Basic principles of construction and the ethics of use.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 4880 Senior Honors Thesis**

**Prerequisites:** PSYC 3214, departmental invitation, senior standing.

**Description:** The thesis is an empirical study that results in a manuscript conforming to APA style. It should contain a literature review that informs specific hypothesis, as well as method, results, discussion, and reference sections. The results section of the manuscript is typically based on data collected by the student, but it is also acceptable for it to stem from an original analysis of an archival dataset. **PSYC 4883 Current Issues in Psychology**

**Prerequisites:** PSYC 3214, PSYC 3914 and 3 hours MATH or STAT designated "A."

**Description:** A capstone course examining current issues in psychology, their relationship to current issues in other academic disciplines, and their relevance in an educated society.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 4990 Research Practicum**

**Prerequisites:** PSYC 1113, PSYC 3214 and consent of instructor.

**Description:** Supervised research experiences in psychology with a faculty member. May involve meetings and written paper(s). Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Psychology

**PSYC 5000 Thesis**

**Description:** Required of all graduate students majoring in psychology and writing a thesis. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Psychology

**PSYC 5073 Principles of Neuroscience**

**Description:** This course examines foundational theories and principles related to the neural mechanisms controlling physiological processes and behavior. Topics covered include cellular neurobiology, neuronal signaling, neural development and plasticity, comparative neuroanatomy, and neurobiology of complex brain functions such as sensory processing, arousal, emotions, learning, and memory. Previous coursework in physiology recommended. Same course as BIOL 5073 and BIOM 5983. May not be used for degree credit with BIOL 4073 or PSYC 4073.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 5113 Psychopathology**

**Prerequisites:** Graduate standing in psychology or consent of instructor.

**Description:** Principles of diagnosis and treatment of major disorders.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 5120 Psychology Workshop**

**Description:** Provides an opportunity to study specific psychological problems, both applied and theoretical. Offered for variable credit, 2-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 2-6

**Contact hours:** Contact: 2-6 Other: 2-6

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Psychology

**PSYC 5153 Cognitive Assessment**

**Prerequisites:** PSYC 3443, PSYC 4813; graduate standing in the clinical program of the Department of Psychology or consent of instructor.

**Description:** Issues of psychological testing and assessment, psychometric theory, and ethics of testing as well as fundamental skills of cognitive and intellectual assessment, including administration, scoring, and interpretation of cognitive tests and report writing. Application of cognitive tests to specific clinical problems.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Graduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Psychology

**PSYC 5190 Ethics and Professional Development in Psychology**

**Prerequisites:** Graduate standing in the Department of Psychology.

**Description:** Professional development, ethics, and legal issues relevant to teaching, research, and clinical practice of psychology. Previously offered as PSYC 5193. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.

**Credit hours:** 1-3

**Contact hours:** Lecture: 1-3 Contact: 1-3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 5233 Introduction to Clinical Methods****Prerequisites:** Consent of instructor.**Description:** Introduction to a variety of topics relevant to clinical psychology training and professional development. Course will provide a foundation for subsequent training experiences. A special emphasis is placed upon developing the common therapy skills that will form a foundation for future clinical training experiences.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 5243 Psychology of Aging****Prerequisites:** PSYC 1113 or consent of instructor.**Description:** This course aims to increase your understanding of the human aging process through traditional classroom experiences focusing on knowledge of the physical, cognitive, and social changes that are part of late adulthood. **PSYC 5620 Seminar in Psychology**

**Prerequisites:** Consent of instructor.

**Description:** Consideration of special topics that are particularly timely or technical in nature. Offered for variable credit, 1-12 credit hours, maximum of 12 credit hours.

**Credit hours:** 1-12

**Contact hours:** Contact: 1-12 Other: 1-12

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Psychology

**PSYC 5660 Teaching Practicum**

**Prerequisites:** Consent of instructor.

**Description:** Primarily for graduate students with well-defined new teaching responsibilities. Offered for variable credit, 1-2 credit hours, maximum of 2 credit hours.

**Credit hours:** 1-2

**Contact hours:** Lecture: 1-2 Contact: 1-2

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 5663 Affective Neuroscience**

**Prerequisites:** PSYC 1113.

**Description:** This course will examine biological mechanisms underlying emotions. Topics include basic theories of emotion, the neural circuits associated with emotion generation, as well as related cognitive processes. May not be used for degree credit with PSYC 4263.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 5813 Lifespan Cognitive Developmental Psychology**

**Prerequisites:** Consent of instructor.

**Description:** Examines theory and basic research related to the age-related changes in human cognition that occur for a typically developing individual during infancy, childhood, early adulthood, middle age and late adulthood.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 5823 Cognitive Processes**

**Description:** Theory and experimental research findings dealing with human thought processes from a developmental and functional standpoint.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 5913 Lifespan Social Developmental Psychology**

**Prerequisites:** Consent of instructor.

**Description:** Examines theory and basic research in social, emotional, and personality development in infancy, childhood, adolescence, and adulthood.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6000 Dissertation**

**Description:** Research and report thereon by graduate students in partial fulfillment of requirements for the Doctor of Philosophy degree. Offered for variable credit, 1-16 credit hours, maximum of 60 credit hours.

**Credit hours:** 1-16

**Contact hours:** Contact: 1-16 Other: 1-16

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Psychology

**PSYC 6083 Principles of Evidence-Based Psychological Treatment**

**Prerequisites:** Graduate standing in the clinical program of the Department of Psychology or consent of instructor.

**Description:** Principles and procedures of evidence-based psychological treatments.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6133 Ethnic and Cultural Diversity in Psychotherapy**

**Prerequisites:** Six credit hours of psychology and consent of instructor.

**Description:** Increasing understanding and appreciation of ethnic and cultural diversity in the psychotherapy context. Critical examination of theory and research related to psychotherapy with multicultural populations.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6143 The Psychology of Substance Abuse**

**Prerequisites:** Consent of instructor.

**Description:** Introduction to psychological classification of psychoactive substance (alcohol and drug) use disorders. Theory and research on psychological, biological, and environmental factors that are concomitants of substance abuse. Overview of major research techniques and treatment modalities in this area.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6173 Child Psychopathology and Treatment**

**Prerequisites:** PSYC 2583, PSYC 3443 or equivalent; graduate standing in the clinical program of the Department of Psychology, the doctorate school psychology program or the psychometry program, or consent of instructor.

**Description:** Theoretical positions and issues in child psychopathology. Procedures used in the treatment of psychological disorders of children.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6223 Research Design**

**Prerequisites:** PSYC 3914 and doctoral level standing.

**Description:** Experimental techniques in psychophysics, sensory processes, attention and perception, motivation and emotion, and learning and memory.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6233 Clinical Research Design**

**Prerequisites:** PSYC 5304 and PSYC 5314 or consent of instructor.

**Description:** Methodology and research practices in clinical psychology, including experimental design, research practice, data analysis and interpretation, ethics, and dissemination of research findings.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6253 Seminar in Human Development**

**Prerequisites:** Consent of instructor.

**Description:** Behavioral aspects of development from the prenatal period to senescence. Normal development contrasted to exceptional development.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6353 Psychology of Motivation**

**Prerequisites:** PSYC 3914.

**Description:** Outline of theory and research in human and animal motivation.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6393 Language Development**

**Description:** Review of data and theories of language development. Laboratory techniques and experimental designs will also be reviewed to emphasize understanding of past and contemporary research in language.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6443 Behavioral Medicine**

**Prerequisites:** Graduate standing in the clinical program of the Department of Psychology; consent of instructor.

**Description:** An advanced graduate course for students in training for a PhD in clinical psychology. General considerations for psychophysiological disorders, general intervention strategies in behavioral medicine, including biofeedback and specific consideration and intervention strategies for specific disorders.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6453 Pediatric Psychology**

**Prerequisites:** Graduate standing in the Department of Psychology; consent of instructor.

**Description:** Overview of the field of pediatric psychology, including historical perspectives, theoretical underpinnings, and application to a variety of child health problems. Childhood chronic illness, injury prevention, pain management, and consultation and intervention in medical contexts.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6483 Neurobiological Psychology**

**Prerequisites:** PSYC 3073 and PSYC 3914 or consent of instructor.

**Description:** Physiological, neuroanatomical, and neurochemical underpinnings of human behavior. Emphasis on effects of central nervous system dysfunctions on behavioral processes ranging from sensation to concept formation.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6523 Family Treatment Methods**

**Prerequisites:** Graduate standing in the clinical program of the Department of Psychology or the doctorate counseling psychology program.

**Description:** Introduction to techniques and philosophies of family treatment. Includes marital counseling and emphasis on family dynamics.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6543 Stereotyping, Prejudice, and Discrimination in Social Cognition****Prerequisites:** Consent of Instructor.**Description:** In this course we will investigate the social and cognitive processes and implications of stereotyping, prejudice, and discrimination (SPD). We will consider such questions as: What are the psychological and material costs of SPD - both for targets and those who hold them? Where do our stereotypes and prejudices come from, and what functions might they serve? How do perceptions, attention, and memory shape - and get shaped by - SPD?**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 6563 Advanced Social Psychology****Prerequisites:** PSYC 2743.**Description:** History, theory and experimentation of dynamic interaction of group membership and individual behavior.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 6583 Developmental Psychobiology****Prerequisites:** PSYC 3073 or equivalent; consent of instructor.**Description:** An exploration of the biological aspects of human development with particular emphasis on the physiological, ethological, and genetic perspectives.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 6593 Evolutionary Social Science****Prerequisites:** Consent of Instructor.**Description:** Evolutionary social science (ESS) is an interdisciplinary topic. This course will introduce you to ESS, which includes evolutionary psychology, human behavioral ecology, and cultural evolution. The course goal is to introduce you to evolutionary approaches to investigating human social cognition and behavior.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 6613 Experimental Learning Theories****Prerequisites:** Nine credit hours of psychology.**Description:** Basic concepts and empirical findings in animal and human learning.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 6640 Clinical Practicum****Prerequisites:** Graduate standing in the clinical program of the Department of Psychology.**Description:** Practicum experience for graduate students in the clinical psychology program. Offered for variable credit, 1-12 credit hours, maximum of 17 credit hours.**Credit hours:** 1-12**Contact hours:** Contact: 1-12 Other: 1-12**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Psychology**PSYC 6643 Psychopharmacology****Prerequisites:** PSYC 3073 or PSYC 5054, consent of instructor.**Description:** A comprehensive course dealing with the various classes of drugs that affect the central nervous system. Primary focus is on clinical research with humans. Covers topics ranging from drug-receptor interactions through substance abuse and behavioral disorders.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 6650 Practicum****Prerequisites:** Graduate standing in the clinical program of the Department of Psychology.**Description:** For the marriage and family practicum only, doctoral level counseling psychology students may also enroll. Practicum experience for graduate students in the clinical program of the Department of Psychology who are doing supervised practicum in specific clinical areas of specialization. Offered for variable credit, 1-16 credit hours, maximum of 16 credit hours.**Credit hours:** 1-16**Contact hours:** Contact: 1-16 Other: 1-16**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Psychology**PSYC 6723 Child Diagnostic Methods****Prerequisites:** PSYC 5153, graduate standing in the clinical program in psychology or the doctoral school psychology program or consent of instructor.**Description:** Administration and interpretation of diagnostic instruments used specifically with children.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Psychology**PSYC 6753 Assessment of Personality****Prerequisites:** Graduate standing in the clinical program or consent of instructor.**Description:** Personality assessment and training in the practice of clinical assessment. Trait theory and assessment, techniques of test construction, contemporary assessment techniques including the MMPI-2, test result interpretation and communication, and behavioral methods of assessment.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Psychology

**PSYC 6813 Multivariate Statistics for Psychology**

**Prerequisites:** PSYC 5304 and 5314 or permission of instructor.

**Description:** A variety of multivariate statistical methods are covered with emphasis on their application to psychological research. Factor analysis, MANOVA, CANONA, Generalized Procrustes Analysis, as well as other topics are covered. Matrix algebra is also reviewed, and the geometric approach to multivariate statistics is introduced.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6913 Multilevel Modeling in Psychology**

**Prerequisites:** PSYC 5304 and 5314; or permission of instructor.

**Description:** Trains students in the theory and application of multilevel models for nested and repeated measures data in psychology.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**PSYC 6990 Advanced Internship in Clinical Psychology**

**Description:** Graduate standing in the clinical psychology program or consent of instructor. Designed to provide advanced clinical training in preparation for receipt of the Ph.D. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Lecture: 1-6 Contact: 1-6

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Psychology

**SPCH 2713 Introduction to Speech Communication (S)**

**Description:** The practical and theoretical examination of the process of human communication involving a variety of contexts, including interpersonal relationships, small group discussions, and public speaking performances.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Social & Behavioral Sciences

**SPCH 2890 Honors Experience in Speech**

**Prerequisites:** Honors Program participation and concurrent enrollment in a designated SPCH course.

**Description:** A supplemental Honors experience in Speech Communication to partner concurrently with designated SPCH course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Honors Credit

**SPCH 3703 Small Group Communication**

**Description:** General systems approach to small group processes. Special consideration given to group roles, norms, leadership and decision-making. Participation in various types of discussion groups.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**SPCH 3723 Business and Professional Communication**

**Description:** Oral communication encounters in business and professional settings. The interview, informative briefing, talking-paper, small group interaction and informative, integrative and persuasive speeches.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**SPCH 3733 Elements of Persuasion (S)**

**Description:** An examination of current theory and research relevant to the process of persuasion and social influence in interpersonal, small group, mass media, and public settings. Includes a discussion of the practical implications of effective and ineffective persuasive strategies.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Social & Behavioral Sciences

**SPCH 3743 Advanced Public Speaking**

**Description:** The preparation and delivery of various types of public speeches.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**SPCH 3793 Communication in Interviews**

**Description:** General principles of interviewing. Specific guidelines for the interviewer in survey, journalistic, counseling, selection, appraisal, legal, medical, and sales interviews.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**SPCH 3890 Advanced Honors Experience in Speech**

**Prerequisites:** Honors Program participation and concurrent enrollment in a designated SPCH course.

**Description:** A supplemental Honors experience in Speech Communication to partner concurrently with designated upper-division SPCH course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Honors Credit

**SPCH 4010 Independent Study in Speech Communication**

**Prerequisites:** Consent of instructor.

**Description:** Supervised research projects in speech communication. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Psychology

**SPCH 4710 Topics in Speech Communication**

**Description:** Selected current topics in speech communication. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Psychology

**SPCH 4743 Problems of Interpersonal Speech Communication**

**Description:** Application of communication theory to interactions in person-to-person settings. Identification and management of barriers related to the concepts of perception, attraction, self-disclosure, listening and conflict.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**SPCH 4753 Intercultural Communication (I)**

**Description:** Social and cultural differences between individuals from diverse backgrounds as possible barriers to effective communication.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** International Dimension

**SPCH 4763 Organizational Communication**

**Description:** The interface between communication theory and organizational structure. Nature of communication problems in organizations, strategies for overcoming such problems and the design of effective communication systems in organizational settings.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**SPCH 4793 Nonverbal Communication (S)**

**Description:** The study of current theory and research relevant to nonverbal behavior in interpersonal and professional relationships. Includes an examination of various nonverbal codes (e.g., body language, facial expressions) and the functions of nonverbal behavior (e.g., emotional expression, deception).

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Psychology

**General Education and other Course Attributes:** Social & Behavioral Sciences

## Undergraduate Programs

- Psychology, BA (p. 1769)
- Psychology, BS (p. 1773)
- Psychology: Business Essentials, BA (p. 1776)
- Psychology: Pre-Law, BA (p. 1779)
- Psychology: Pre-Med, BS (p. 1783)
- Psychology: Pre-Occupational Therapy, BS (p. 1786)
- Psychology: Pre-Physical Therapy, BS (p. 1789)

## Graduate Programs

Employment in the professional field of psychology requires a graduate degree. Psychologists with advanced degrees have exclusive claim to some professional positions.

The Department of Psychology offers two programs of study leading to the degree of Doctor of Philosophy, one in Clinical Psychology and one in Experimental Psychology. Students applying for the doctoral degree should have the following prerequisites: introductory psychology, quantitative psychology, experimental psychology, history and systems. Abnormal psychology is recommended for students applying to the clinical program.

Students in the doctoral program first work toward a Master of Science degree. In addition to meeting the general requirements of the Graduate College, for completion of the Master of Science, students must also:

1. Complete two semesters of quantitative psychology along with other course credits totaling 30 credit hours.
2. Complete a thesis project, supervised and reviewed by appropriate faculty members.

Following the completion of requirements, the student may be admitted to doctoral status in Clinical Psychology or Experimental Psychology.

## Minors

- Cognitive Science (CSCI), Minor (p. 1765)
- Communication Studies (CMST), Minor (p. 1766)
- Neuroscience (NEUR), Minor (p. 1767)
- Psychology (PSYC), Minor (p. 1768)
- Speech Communication (SPCH), Minor (p. 1792)

## Faculty

Tony Wells, PhD—Associate Professor and Interim Head

**Regents Professors:** Charles I. Abramson, PhD; John M. Chaney, PhD; Amanda S. Morris, PhD; Larry L. Mullins, PhD

**Professors:** Jennifer Byrd-Craven, PhD; DeMond Grant, PhD; James W. Grice, PhD; Shelia Kennison, PhD; Thad Leffingwell, PhD; Kenneth Sewell, PhD; Stephanie N. Sweatt, PhD; LaRicka Wingate, PhD

**Associate Professors:** Amanda Baraldi, PhD; Lucia Ciciolla, PhD; Celinda Reese-Melancon, PhD; Maureen Sullivan, PhD

**Assistant Professors:** Ashley Cole, PhD; Juliana E. French, PhD; Sayuri Hayakawa, PhD; Kara Kerr, PhD; Jaimie Krems, PhD; Kara Moore, PhD; Daniel Sznycer, PhD

**Teaching Assistant Professors:** Angie Andrade, PhD; Evan Jordan, PhD; Jennifer Labrecque, PhD; Garrett Pollert, PhD; Joanna Shadlow, PhD

## Cognitive Science (CSCI), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

### Other Requirements

- No more than twelve hours with the same prefix.
- No grade below "C."

### Additional OSU Requirements

#### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

## Communication Studies (CMST), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

Anthony Valentine, 213 LSE, 405-744-5658

**Minimum grade and/or GPA:** 2.0 GPA and no grade below "C."

At least one 3000- or 4000-level course must be selected from at least two or three categories (minimum of two 3000- or 4000-level courses overall).

**Total Hours:** 18

Code	Title	Hours
<b>Course Requirements</b>		
<i>English</i>		
Select six hours from the following:		6
ENGL 2233	Writing as a Profession (H)	
ENGL 3223	Professional Writing Theory	
ENGL 3323	Technical Writing	
ENGL 4530	Studies in Professional Writing (Prerequisites: six credit hours of English)	
ENGL 4543	Style and Editing	
ENGL 4553	Visual Rhetoric and Design	
ENGL 4583	Writing for the Public	
<i>Mass and Strategic Communications</i>		
Select six hours from the following:		6
MC 1143	Media in a Diverse Society (DS)	
MC 2023	Electronic Communication (Prerequisite: ENGL 1213 or ENGL 1223 or ENGL 1413 with a grade of "C" or better. Departmental majors only - waived for students enrolled in Minor/Certificate program with a 2.75 GPA and pending available space.)	
SC 2183	Introduction to Strategic Communications (Prerequisite: Departmental majors only. Prerequisite waived for students enrolled in Minor/Certificate program.)	
SPM 2843	Sports and the Media (Prerequisite: Departmental majors only. Prerequisite waived for students enrolled in Minor/Certificate program.)	
SC 3043	Entertainment in the Media	
MC 3173	History of Mass Communication (H)	
SC 3443	Social Media (Prerequisite: MC 2003 and MC 2023 and SC 2183 with a grade of "C" or better in each; and pass proficiency review. Prerequisite waived for students enrolled in Minor/Certificate program.)	
<i>Speech Communication</i>

Minimum GPA 2.00 with a minimum grade of "C" in all PSYC courses

No more than 9 hours of PSYC may be 2000 level

Completion of PSYC 1113 with a minimum grade of "C"; and a minimum grade of "C" in MATH 1483 (or higher except MATH 1493) or STAT 2013 or higher required to declare major.

*Core Requirements*

PSYC 1111	Succeeding in Psychology	1
PSYC 3214	Statistical Methods in Psychology	4
PSYC 3914	Experimental Psychology: Introduction to Research Methods in Psychology	4

Select 30 hours, including at least one course from each of the 4 competency areas: **30**

Learning, Cognition, Biological Basis:

PSYC 3073	Neurobiological Psychology (N)	
PSYC 3113	Comparative Psychology (N)	
PSYC 3173	Introduction to Cognitive Science (N)	
PSYC 3513	Psychology of Learning	
PSYC 3713	Psychology of Memory	
PSYC 3823	Cognitive Psychology	
PSYC 4023	Evolutionary Psychology (N)	
PSYC 4073	Principles of Neuroscience	
PSYC 4223	Decision Making and Problem Solving	
PSYC 4263	Affective Neuroscience	
PSYC 4343	Language Development (S)	

Psychometrics, Personality, Social Processes:

PSYC 2743	Social Psychology (S)	
PSYC 3003	Data Analysis with Observation Oriented Modeling	
PSYC 3013	Psychology of Motivation	
PSYC 3033	Psychology of Humor (S)	
PSYC 3053	Psychology of Art (S)	
PSYC 3413	Social Cognition & Behavior; Mating, Morality, & other Mysteries	
PSYC 4153	Psychology and Mass Media	
PSYC 4333	Personality	
PSYC 4813	Psychological Testing	

Developmental and Sociocultural Dimensions:

PSYC 2313	Psychology of Adjustment	
PSYC 2583	Developmental Psychology (S)	
PSYC 2593	Psychology of Human Sexuality	
PSYC 3343	Black Psychology (DS)	
PSYC 4123	Psychology of Women (DS)	
PSYC 4163	Psychology of Prejudice and Discrimination (D)	
PSYC 4243	Psychology of Aging	

## Clinical, Applied Psychology:

PSYC 2443	Clinical Child Psychology
PSYC 3443	Psychopathology (S)
PSYC 3883	Positive Psychology
PSYC 4013	Introduction to Pediatric Psychology
PSYC 4143	Psychology and Law
PSYC 4183	Issues in Clinical Psychology
PSYC 4213	Conflict Resolution (S)
PSYC 4283	Health Psychology
PSYC 4293	Forensic Psychology
PSYC 4483	Psychology of Parent Behavior (S)
PSYC 4633	Psychology of Sport and Human Performance

## Other PSYC Elective Courses:

PSYC 2890	Honors Experience in Psychology
PSYC 3120	Special Topics in Psychology (1-12 hours)
PSYC 3990	Teaching Practicum (1-6 hours)
PSYC 4353	History of the Human Soul
PSYC 4493	History of Psychology
PSYC 4770	Undergraduate Senior Thesis (1-6 hours)
PSYC 4880	Senior Honors Thesis (1-6 hours)
PSYC 4883	Current Issues in Psychology
PSYC 4990	Research Practicum (1-6 hours)

*Emphasis*

Complete one Emphasis outside PSYC (p. 1770) 12

**Hours Subtotal** 51**Electives**

Select 7 hours 7

May need to include 6 hours upper-division general education outside major department (see note 2.c.)

**Hours Subtotal** 7**Total Hours** 120

## Emphasis

### General Emphasis

Code	Title	Hours
Select 12 hours of upper-division courses of the following:		12
AMST, ANTH, ART <sup>1</sup> , BCOM, CDIS, CPSY, ECON, EEE, ENGL, EPSY, GEOG, GWST, HDFS, HIST, LSB, MGMT, MKTG, MUSI <sup>1</sup> , PHIL, POLS, REL, SOC, SPCH, TH <sup>1</sup> and Foreign Language		

1

Music performance, studio art and applied theatre are not permitted.

### Applied Emphasis

Code	Title	Hours
Select 12 hours of upper-division courses of the following:		12
AMIS 4013	American Indian Sovereignty (D)	
AMST 4553	Gender in America (DH)	
BIOL 3123	Human Heredity (N)	
CPSY 3003	Introduction to Counseling and Related Professions	
EPSY 3113	Psychological Foundations of Childhood	

EPSY 3213	Psychology of Adolescence
EPSY 3413	Child and Adolescent Development
EPSY 3533	Motivating Learners
GWST 3513	Theorizing Sexualities (D)
HDFS 3123	Parenting (S)
HDFS 3203	Children's Play: A World Perspective (I)
HDFS 3413	Infant and Child Development
HDFS 3423	Adolescent Development in Family Contexts (S)
HDFS 3443	Family Dynamics
HDFS 4413	Successful Aging (S)
HDFS 4573	Introduction to Marriage and Family Therapy
HDFS 4793	The Family: A World Perspective (IS)
HDFS 4813	Dying, Death and Bereavement
HHP 3114	Physiology of Exercise
HHP 3333	Ethics in Sports Administration and Coaching
HHP 3443	Psychosocial Aspects of Sport and Coaching
HLTH 3113	Health Issues in Diverse Populations (D)
HLTH 3511	Peer Health Education I
HLTH 3613	Community Health
HLTH 3643	Health Behavior Theory
HLTH 3723	Principles of Epidemiology
HLTH 3913	Alcohol and Drug Education
HLTH 4233	Health and Sexuality (DS)
HLTH 4533	Psychosocial Issues in Public Health
MGMT 3943	Sports Management
PHIL 4013	Perspectives on Death and Dying (H)
PHIL 3833	Biomedical Ethics (H)
POLS 3983	Courts and Judicial Process (S)
SCFD 3223	Role of Teacher in American Schools (D)
SCFD 4913	International Issues and the Role of the School
SOC 3523	Juvenile Delinquency (DS)
SOC 3993	Sociology of Aging (DS)
SOC 4023	Juvenile Corrections and Treatment Strategies
SOC 4213	Sociology of Sexualities (S)
SOC 4313	Sociology of Law
SOC 4333	Criminology (S)
SOC 4723	Sociology of Families (S)
SPCH 4793	Nonverbal Communication (S)
SPED 4723	Transition Into Adulthood for Individuals with Disabilities

### Business Emphasis

Code	Title	Hours
Select 12 hours of upper-division courses of the following:		12
BCOM, EEE, LSB, MGMT, MKTG, FIN, STAT		

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
2. **A&S College/Departmental Requirements**
  - a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
3. **Foreign Language Proficiency**
  - a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in

a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.

- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic adviser prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

PSYC 3413	Social Cognition & Behavior; Mating, Morality, & other Mysteries	
PSYC 4153	Psychology and Mass Media	
PSYC 4333	Personality	
PSYC 4813	Psychological Testing	

### Developmental and Sociocultural Dimensions:

PSYC 2313	Psychology of Adjustment	
PSYC 2583	Developmental Psychology (S)	
PSYC 2593	Psychology of Human Sexuality	
PSYC 3343	Black Psychology (DS)	
PSYC 4123	Psychology of Women (DS)	
PSYC 4163	Psychology of Prejudice and Discrimination (D)	
PSYC 4243	Psychology of Aging	
<b>Clinical, Applied Psychology:</b>		
PSYC 2443	Clinical Child Psychology	

PSYC 3443	Psychopathology (S)
PSYC 3883	Positive Psychology
PSYC 4013	Introduction to Pediatric Psychology
PSYC 4143	Psychology and Law
PSYC 4183	Issues in Clinical Psychology
PSYC 4213	Conflict Resolution (S)
PSYC 4283	Health Psychology
PSYC 4293	Forensic Psychology
PSYC 4483	Psychology of Parent Behavior (S)
PSYC 4633	Psychology of Sport and Human Performance

## Other PSYC Elective Courses:

PSYC 2890	Honors Experience in Psychology
PSYC 3120	Special Topics in Psychology (1-12 hours)
PSYC 3990	Teaching Practicum (1-6 hours)
PSYC 4353	History of the Human Soul
PSYC 4493	History of Psychology
PSYC 4770	Undergraduate Senior Thesis (1-6 hours)
PSYC 4880	Senior Honors Thesis (1-6 hours)
PSYC 4883	Current Issues in Psychology
PSYC 4990	Research Practicum (1-6 hours)

## Upper Division

Select 12 upper-division hours of the following: <sup>1</sup> 12

ANSI, BIOC, BIOL, CHEM, CS, ECON, EPSY, HDFS, MATH, MICR, NREM, NSCI, PBIO, PHYS, PLP, POLS, SOC, SPCH, STAT, and/or upper-division General Education (A), (N) OR (S) excluding PSYC

<b>Hours Subtotal</b>	<b>51</b>
-----------------------	-----------

## Electives

Select 16 hours <sup>1</sup>	16
------------------------------	----

May need to include 6 hours of a foreign language (see note 3)

May need to include 6 hours upper-division general education outside major department (see note 2.c.)

<b>Hours Subtotal</b>	<b>16</b>
-----------------------	-----------

<b>Total Hours</b>	<b>120</b>
--------------------	------------

<sup>1</sup>

With approval from the advisor and department head, a maximum of 30 hours from an accredited doctoral law or health program may be used for this degree, including these 12 hours and 15 hours of electives. Up to 3 hours may be substituted from the required PSYC courses other than PSYC 1113 Introductory Psychology (S), PSYC 3214 Statistical Methods in Psychology and PSYC 3914 Experimental Psychology: Introduction to Research Methods in Psychology.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education

English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.

### 2. A&S College/Departmental Requirements

- a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
- b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
- c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer

of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

Select 4 hours	4
<b>Hours Subtotal</b>	<b>4</b>
<b>Total Hours</b>	<b>120</b>

1

College and Departmental Requirements that may be used to meet General Education Requirements.

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree

requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.

### 2. A&S College/Departmental Requirements

- Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
- Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
- Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of

college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

PSYC 4353	History of the Human Soul	
PSYC 4493	History of Psychology	
PSYC 4770	Undergraduate Senior Thesis (1-6 hours)	
PSYC 4880	Senior Honors Thesis (1-6 hours)	
PSYC 4883	Current Issues in Psychology	
PSYC 4990	Research Practicum (1-6 hours)	
<i>Other Requirements</i> <sup>2</sup>		
CHEM 3053	Organic Chemistry I	3
CHEM 3153	Organic Chemistry II	3
CHEM 3112	Organic Chemistry Laboratory	2
PHYS 1114 & PHYS 1214	College Physics I (LN) and College Physics II (LN)	8
Select 6 hours of the following: <sup>2</sup>		6
Recommended for MCAT prep at least one course from each category		
Category 1:		
MICR 2123	Introduction to Microbiology	
MICR 3033	Cell and Molecular Biology	
BIOL 3023	General Genetics	
Category 2:		
BIOC 3653	Survey of Biochemistry	
MICR 3223	Advanced Microbiology	
BIOL 3104	Invertebrate Zoology	
Category 3:		
BIOL 3204	Physiology	
BIOL 3214	Human Anatomy	
Category 4:		
BIOL 3233	Human Reproduction	
BIOL 4134	Embryology	
BIOL 4283	Endocrinology	
<b>Hours Subtotal</b>		<b>61</b>
<b>Electives</b>		
Select 5 hours <sup>2</sup>		5

May need to include 6 hours of a foreign language. See note 3

May need to include 6 hours upper-division general education outside major department. See note 2.c.

Suggested course: SOC 1113

<b>Hours Subtotal</b>	<b>5</b>
<b>Total Hours</b>	<b>120</b>

1

Denotes recommended courses.

2

With approval from the advisor and department head, a maximum of 30 hours from an accredited health program may be used for this degree, including these additional 22 hours and 5 hours of electives. Up to 3 hours may be substituted from the required PSYC courses other than PSYC 1113 Introductory Psychology (S), PSYC 3214 Statistical Methods in Psychology and PSYC 3914 Experimental Psychology: Introduction to Research Methods in Psychology.

Additional requirements for professional school exist. View Admission Requirement sheet at [prehealth.okstate.edu](http://prehealth.okstate.edu) (<http://prehealth.okstate.edu>).

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
  - Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).

- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule

plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours

<b>Hours Subtotal</b>		<b>15</b>
<b>Total Hours</b>		<b>120</b>

## Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

## College of Arts and Sciences Requirements

1. **Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.

### 2. A&S College/Departmental Requirements

- a. Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.
- b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
- c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of

Oklahoma approved by the Oklahoma State Regents for Higher Education.

4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

## Religious Studies

Courses in religious studies are a vital part of a liberal arts education. The field involves the objective study of religious belief, literature and practice around the world. Opportunity is given for serious and objective study of these aspects in relation to major religions of past and present cultures. Special attention is given to the historical bases of world religions as well as to their effect upon present-day societies, in both the East and West. Courses are offered in several world religions, biblical studies, religious thought, and religion and culture.

Courses are open to all students without regard to personal views or affiliations. No attempt is made to promote a particular view. Emphasis is placed on the academic study of religion rather than the practice of a particular form of religion. Many of the undergraduate courses enable students to satisfy humanities requirements and also provide an excellent background for many types of graduate and professional programs.

### Courses

#### REL 1103 Introduction to World Religions (HI)

**Description:** Major world religions such as Hinduism, Buddhism, Judaism, Christianity and Islam with a view to understanding the general nature of religion and its various dimensions.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities, International Dimension

#### REL 2013 The Old Testament and its Study (H)

**Description:** A study of the Old Testament with emphasis upon content, historical background, the history of its study and the critical analysis and interpretation of selected passages. Previously offered as REL 3013.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities

#### REL 2023 The New Testament and Its Study (H)

**Description:** A study of the writings of the New Testament in their historical contexts and the methods used in their study. Emphasis interpreting selected New Testament passages. Previously offered as REL 3023.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities

#### REL 2113 Religion in Film (H)

**Description:** This course will examine how religious beliefs, practices, experiences and communities have been portrayed in film. Students will explore how film has used allegory, symbolism and other tropes to represent different religious traditions and their systems of beliefs.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities

#### REL 2413 Religion and the Body: Sports, Medicine and Sexuality (H)

**Description:** This course will explore the role of religious beliefs and practices as they relate to sports, medicine and sexuality. Topics will include the cultural influence of religion on sports, religiously-informed debates within the field of medicine, and conceptions of sexuality and gender from the perspective of various Eastern and Western religious traditions. More generally, this course will explore how different world religions view the human body.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities

#### REL 3113 Asian Religions (HI)

**Description:** This course will examine the diverse histories, beliefs, and practices of major Asian religious traditions: Hinduism, Buddhism, Confucianism, Daoism, Shintoism, Shamanism, and modern-day religions.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities, International Dimension

#### REL 3213 Judaism: History, Culture and Beliefs (H)

**Description:** This course will explore the development of Judaism beginning with its roots in Ancient Israelite religion, the early biblical tradition, and moving through Assyrian and Babylonian conquests, Diaspora, Hellenistic occupation, Roman occupation, Byzantium, the Middle Ages, the Holocaust, the establishment of the state of Israel, up to present day.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities

#### REL 3223 Jesus: Teachings, History and Interpretation (H)

**Prerequisites:** REL 2023.

**Description:** This course will examine the teaching of Jesus, the historical context of the first century, and how Jesus' life and teachings have been interpreted through history.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities

**REL 3243 Paul and the Early Church (H)****Prerequisites:** REL 2023.**Description:** The letters of Paul in their historical context with special emphasis on his theology and ethics.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Dean of Arts & Science**General Education and other Course Attributes:** Humanities**REL 3313 Islam: History, Culture and Beliefs (HI)****Description:** This course will examine the history, culture and beliefs of Islam, from its seventh century origins to modern times.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Dean of Arts & Science**General Education and other Course Attributes:** Humanities, International Dimension**REL 3413 The Bible and Contemporary Social Issues (H)****Description:** This course addresses contemporary social issues through critical engagement with Christian textual and practical traditions. We will critically analyze how various biblical passages influence public discourse, political activity, and personal moral choices on current issues.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Dean of Arts & Science**General Education and other Course Attributes:** Humanities**REL 3423 Classic Christian Writings (H)****Description:** A study of the primary source material from representative Christian authors scattered throughout two thousand years of church history, focusing on understanding the backgrounds from which the writings emerged, and grasping the writers' key ideas. Course previously offered as REL 4413.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Dean of Arts & Science**General Education and other Course Attributes:** Humanities**REL 3513 Religious Experience (H)****Description:** This course will explore the nature of religious experience and what role it plays within different traditions. Modes of religious experience to be explored range from meditation and prayer to conversion experiences and mystical states of consciousness.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Dean of Arts & Science**General Education and other Course Attributes:** Humanities**REL 3543 Religion, Race and Social Justice (DH)****Description:** This course examines the role of religion in the history and understanding of race, as well as how religion has been leveraged in relation to challenges of social justice.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Dean of Arts & Science**General Education and other Course Attributes:** Diversity, Humanities**REL 3573 The Religions of Native Americans (DH)****Prerequisites:** REL 1103.**Description:** Selected tribal worldviews, belief systems and religious ceremonies as depicted in oral traditions, songs, and literature. Emphasis on Northern and Southern Plains Indians.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Dean of Arts & Science**General Education and other Course Attributes:** Diversity, Humanities**REL 3613 Global Christianity (HI)****Description:** This course examines the varied expressions of the Christian tradition across the world, including Africa, Asia, Europe, the Pacific, the Caribbean, and the Americas. While there are points of continuity within and across Christian communities, we focus our attention on its contemporary international diversity, as communities across the globe interpret and practice the Christian faith as shaped by their varied geographical, historical, social, political, economic and cultural contexts.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Dean of Arts & Science**General Education and other Course Attributes:** Humanities, International Dimension**REL 3623 Magic, Witchcraft, and the Occult (H)****Description:** This course will examine the historical and cultural contexts that have shaped various portrayals of magic and witchcraft. We will consider how the supernatural worldviews underlying these portrayals related to both more traditional religious worldviews as well as the ways in which representations of the supernatural serve as vehicles for a culture's hopes and fears.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Dean of Arts & Science**General Education and other Course Attributes:** Humanities

**REL 3643 Cults, Conspiracies, and Contemporary Religious Movements (H)**

**Description:** This course will examine recent religiously-themed cults and conspiracy theories as well as various new Christian and Non-Christian religious movements in North America, focusing on those that tend to be seen as outside mainline traditions.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities

**REL 3713 Religion, Culture and Society**

**Prerequisites:** REL 1103, ANTH 2353, SOC 1113.

**Description:** An introduction to the scientific study of religion. Religious activity in both tribal and technological societies studied in the light of contemporary interpretations of culture and of social behavior. Same course as SOC 3713.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**REL 4033 Religion in Early America (H)**

**Description:** A study of religious life and its history in early America, beginning with its earliest European settlers, Native Americans, and continuing through the 1800s. Same course as HIST 4633.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities

**REL 4050 Studies in Religion**

**Description:** Independent studies, seminars and courses on selected topics in religion. Offered for variable credit, 1-6 credit hours, maximum of 9 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Dean of Arts & Science

**REL 4113 The World of Islam: Cultural Perspectives (HI)**

**Description:** The cultural heritage of the world of Islam explored through its expression in the art, architecture, and literature of the Muslim peoples.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities, International Dimension

**REL 4213 Understanding Global Islam (HI)**

**Description:** A study of the history of Islam starting from Prophet Muhammad to the spread of the Islamic Empire. How Islam moved from Arabia to the world. Introduction to the Islamic divisions, where they are now, why they are similar and different in terms of laws, schools, countries, literature, sciences, Arabic script, the Shia, the Sunna, and different Islamic countries' practices. Also, debatable issues on Muslim women in American and other countries and why those are different from others.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities, International Dimension

**REL 4223 Religion and Conflict in the Middle East (HI)**

**Description:** This course will explore the religions of the Middle East, focusing on how they have shaped the region's recent history.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities, International Dimension

**REL 4330 Seminar in Biblical Studies**

**Prerequisites:** Two courses in Biblical studies.

**Description:** Selected topics in the academic study of the Bible. Offered for fixed credit, 3 credit hours, maximum of 9 credit hours.

**Credit hours:** 3

**Contact hours:** Contact: 3 Other: 3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Dean of Arts & Science

**REL 4423 Death and the Afterlife (H)**

**Description:** This course will explore and critically analyze the varying perspectives on death and the afterlife as seen across world religions.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities

**REL 4613 Women in the Bible (H)**

**Description:** This course will examine the stories about and portrayals of women in the Bible. We will explore what the biblical authors have to say about women within their cultural contexts and how these portrayals have shaped how women are seen in Western society. By analyzing the portrayals of women in antiquity, the course will also provide conceptual tools to help students examine how gender has been understood in Western society. Same course as GWST 4613.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities

**REL 4753 Muslim-Christian Relations (H)**

**Description:** Exploration of commonalities and differences between Christianity and Islam, and the history of cooperation and conflict between Muslims and Christians, from Arabia in Muhammad's time to worldwide in the twenty-first century. Themes include mutual understanding and misunderstanding, conversion, rulers and subjects, discrimination, and dialogue. Same course as HIST 4753.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities

**REL 4923 Visions of Apocalypse: Portrayals of the End-Time in World Religions (H)**

**Description:** This course will examine the various portrayals of the Apocalypse from many religious and folklore traditions around the world. This course will also explore various contemporary portrayals of the Apocalypse ranging from malevolent emergent artificial intelligence to the zombie virus.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Dean of Arts & Science

**General Education and other Course Attributes:** Humanities

## Minors

- Religious Studies (REL), Minor (p. 1797)

## Faculty

Lawrence Pasternack, Ph.D.—Director of Program and Professor

**Teaching Assistant Professors:** Jin Young Kim, Ph.D.; Matthew Pereira, Ph.D.; Justin Rice, M.A.

**Visiting Assistant Professor:** Ryan Armstrong, Ph.D.; Glen Fairen, Ph.D.

**Lecturers:** Jessica Doyle, M.A.; Adam Soltani, M.A.

## Religious Studies (REL), Minor

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

## Sociology

Sociology is the scientific study of human society and social behavior. Sociologists study a broad array of social phenomena ranging from the dynamics of social interaction to the composition and workings of entire societies.

The diversity of the faculty is reflected in the many different types of undergraduate and graduate courses offered. Topics include environment; criminology and criminal justice; law and society; juvenile delinquency; social problems; social movements; social inequality; social psychology; race and ethnicity; gender; religion; and family. Students gain mastery of knowledge in topical areas as well as in the methods of social research, enabling them to pursue professional positions in a variety of occupational fields. Many undergraduate majors take advantage of the applied research option by selecting supervised work-related internships. Students at the graduate level may pursue the MS or PhD in Sociology.

In addition to a general Sociology degree, the Department of Sociology offers a variety of BA and BS degree options for students hoping to specialize their education. With options in anthropology, applied sociology, criminology and criminal justice, environment and society, and social services, students can tailor their Sociology degree for their future career field. For those students interested in pursuing professional degrees, the Department of Sociology also offers Pre-Med and Pre-Law options.

The general Sociology degree provides students with a strong foundation in sociological theory and methods while also allowing flexibility for interdisciplinary exploration of society and social behavior. Students seeking professional degrees can further specialize their degree with BS options in both Pre-Medical Science and Pre-Law.

The option in Anthropology familiarizes students with the methods and principles of cultural anthropology, archaeology, and biological anthropology. While studying the history of humans and culture, engaging courses and opportunities for hands-on experience prepare students to enter both academic and nonacademic careers.

The option in Applied Sociology enables students to focus their studies and educational experiences in either law, crime, and social justice; environment and society; or social services. It also provides students practical experience for work in a variety of settings.

The option in Criminology and Criminal Justice prepares students for both academic and nonacademic careers related to crime, criminal behavior, law enforcement, the courts, and corrections. A wide variety of course offerings provide students the opportunity to study topics such as the criminal justice system, drugs and drug policy, juvenile delinquency, and gangs and society.

The option in Environment and Society introduces students to the critical relationship among humans, society, and the environment. Course offerings focus on topics such as environmental hazards and disasters, environmental inequality, and technology, preparing students for future careers in environmental law, government, nonprofit, or academics.

The option in Social Services gives students an opportunity to study specific communities, group trends, and public service. With course offerings such as Sociology of Families, Sociology of Health and Illness, and Social Psychology, students are provided a foundation for careers in both public service and academia.

## Courses

### ANTH 1353 Introduction to Anthropology (S)

**Description:** Explores the holistic dimensions of anthropology by introducing the four fields that comprise the discipline: cultural anthropology, linguistics, archaeology, and biological anthropology. Examines the content of each field and their collective contribution to the understanding of humanity.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Social & Behavioral Sciences

### ANTH 2353 Introduction to Biological Anthropology (N)

**Description:** Introduction to human biological evolution, including genetics, paleoanthropology, primatology, and osteology.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Natural Sciences

### ANTH 2883 Introduction to Archaeology (S)

**Description:** A general introduction to the methods of study of archaeology. Understanding the development of prehistoric cultures as adaptive responses to changing natural and social environments from early Paleolithic to emergence of urban civilizations.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Social & Behavioral Sciences

### ANTH 3353 Cultural Anthropology (IS)

**Description:** Introduction to culture, various subdisciplines of cultural anthropology, anthropological concepts, and capsule ethnographies of assorted ethnic groups.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** International Dimension, Social & Behavioral Sciences

### ANTH 3443 Peoples of Mesoamerica (IS)

**Description:** Modern indigenous peoples of Mexico and Central America. Examination of contemporary communities and modern social and cultural practices understood from a historical perspective, leading to an appreciation of regional similarities and diversity.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** International Dimension, Social & Behavioral Sciences

**ANTH 3990 Fieldwork in Anthropology****Prerequisites:** Consent of instructor.**Description:** Instruction through ethnographic or archaeological field techniques by participation in a field program. Topics subject to change from year to year depending upon the type of field program offered or available. Offered for variable credit, 1-8 credit hours, maximum of 8 credit hours.**Credit hours:** 1-8**Contact hours:** Lecture: 1-8 Contact: 1-8**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**ANTH 4123 Archaeology of North America (S)****Description:** Factors influencing the initial peopling of North America, the spread and diversification of hunting and gathering economies, the rise of agricultural systems and emergence of extensive and complex political units.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**General Education and other Course Attributes:** Social & Behavioral Sciences**ANTH 4223 The Aztec Empire (H)****Description:** Society and Culture of the Aztecs of Mesoamerica. Overview of preceding civilizations, analysis of imperial strategies, social organization, religion, and other topics culminating in the Spanish conquest.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**General Education and other Course Attributes:** Humanities**ANTH 4443 Oklahoma Archeology (S)****Description:** Surveys social and cultural development of Native peoples of Oklahoma from Paleoindian hunting adaptations to villagers encountered by early Europeans. Using archaeological investigations examines diversity of social and cultural adaptations to various environments of Oklahoma, including development of complex societies.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**General Education and other Course Attributes:** Social & Behavioral Sciences**ANTH 4883 Comparative Cultures (IS)****Description:** Compares environments, economies, social and political organizations and other aspects of culture among selected literate and preliterate societies.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**General Education and other Course Attributes:** International Dimension, Social & Behavioral Sciences**ANTH 4990 Special Topics in Anthropology****Prerequisites:** Consent of instructor.**Description:** Directed readings or research on significant topics in anthropology. May not be used for degree credit with ANTH 5990. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Sociology**ANTH 5243 Globalization and Culture****Prerequisites:** Admission to Graduate College and International Studies.**Description:** Critical assessment of 20th century social scientific theories of development culminating in current theories of globalization. Exploration of capitalism's antecedents, origin, and proliferation. Evaluation of global inequality from a cross-culture perspective. Utility of anthropological theories of culture, ideology and hegemony in assessing local responses to globalization. No credit for students with credit in INTL 5243.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Sociology**ANTH 5990 Advanced Problems and Issues in Anthropology****Prerequisites:** Consent of instructor.**Description:** Directed readings or research on significant topics in anthropology. May not be used for Degree Credit with ANTH 4990. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Graduate**Schedule types:** Independent Study**Department/School:** Sociology**SOC 1113 Introductory Sociology (S)****Description:** Coming to terms with the requirements for living in a complex social world. Sociological concepts used to assist students in understanding the social influences in day-to-day life.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**General Education and other Course Attributes:** Social & Behavioral Sciences**SOC 2113 Introduction to Criminal Justice (S)****Description:** This introductory course provides an overview of the U.S. criminal justice system. Some of the topics covered include police and corrections officers, prosecutors, defense attorneys, and judges.

While a variety of societal responses to adult and juvenile crimes are discussed, this course primarily focuses on the formal responses of law enforcement, the courts, and corrections. Societal goals of punishment are covered as well.

**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**General Education and other Course Attributes:** Social & Behavioral Sciences

**SOC 2123 Social Problems (DS)**

**Description:** Exploration in selected social issues in contemporary American society, such as deviance, poverty, sexism, racism and ageism.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Diversity, Social & Behavioral Sciences

**SOC 2213 Gangs and Society (S)**

**Description:** This course provides an overview of gangs as social phenomena. Gangs of particular interest include youth gangs, urban/rural gangs, street gangs, prison gangs, military gangs, and outlaw motorcycle gangs. The course additionally analyzes how socially-constructed group characteristics (i.e., race, class, gender and ethnicity) relate to gang membership. U.S. street and prison gangs receive extensive coverage. Social alternatives to gangs are discussed as well.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Social & Behavioral Sciences

**SOC 2233 Building Partnerships through Policing**

**Description:** The course explores the fundamentals of policing, introducing students to important concepts in and practices related to policing with particular focus on the college setting. This course is aimed at students considering a law enforcement career or interested in learning more about policing. Part of OSUPD's mission is to educate students about how we police the community. Applying both theoretical knowledge with practical application introduces the realities faced by modern law enforcement. By taking this course, students will gain an introspective, applied perspective of law enforcement. Students will be required to complete a release waiver that allows them to participate in some of the practical skills illustrated throughout the course, including a ride-along with an OSUPD officer and interacting with the firearms simulator.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 2243 Drugs and Drug Policy in the United States**

**Description:** This course approaches the study of drugs and drug policy from a sociological perspective. Drawing on key literature, case studies, film and popular media, and class discussions, some of the questions we will answer using this perspective include: Why do individuals use drugs? What sociocultural factors determine how drugs are defined and categorized? What is the history of drug policy in the United States and how has it changed? What responses are effective in controlling drug use and abuse? Why are some substances criminalized and not others? What is the relationship between race and the adoption and enforcement of drug laws? How have drug laws impacted the criminal justice system?

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 2890 Honors Experience in Sociology**

**Prerequisites:** Honors Program participation and concurrent enrollment in a designated SOC course.

**Description:** A supplemental Honors experience in Sociology to partner concurrently with designated Sociology course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Honors Credit

**SOC 3113 Theoretical Thinking in Sociology**

**Prerequisites:** Six credit hours of sociology, including SOC 1113.

**Description:** Sociological theory in three broad areas: the emergence of social theory, the major schools of social theory and the relevance of theory to sociological research.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 3133 Racial and Ethnic Relations (DS)**

**Description:** The historical and sociological dimensions of race and ethnicity in global society and understanding of the controversies and conflicts that race and ethnicity have generated in the global experience. Previously offered as SOC 2133.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Diversity, Social & Behavioral Sciences

**SOC 3153 Sociology of Sport (S)**

**Description:** Application of sociological principles, theories, and methods to the understanding of sport as a social institution. Topics such as the social organization of sport, relations with other institutions such as education, economy, politics, family and religion, deviance in sport, inequality, gender, and race in sport, and the future of sport are covered.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Social & Behavioral Sciences

**SOC 3223 Social Psychology (S)**

**Description:** Social basis of personality development and behavior, including symbolic environment, self and group motivation, attitudes and opinions, and social roles.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Social & Behavioral Sciences

**SOC 3323 Collective Behavior and Social Movements**

**Description:** Analyzes panics, crazes, riots and social movements emphasizing institutional and social psychological origins and consequences.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 3333 Policing and Society (S)**

**Description:** This course explores the social institution of policing. Extensively covered are the relationships between police agencies, agents, and practices and social groups (based on race, class, gender, sexual identity/orientation, age, disability, and other classifications) and policies (e.g., War on Drugs) in the United States. Additional course topics include the roles of police, police patrol, police discretion, police use of force, and community policing.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 3423 Urban Sociology**

**Description:** Urbanization as a worldwide process. The demography and ecology of cities and metropolitan regions. Urban planning and future development.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 3523 Juvenile Delinquency (DS)**

**Description:** Juvenile delinquency behavior in relation to family, school, church, peers, community and institutional structures. The extent of delinquent expressions, varieties of delinquency, comparative international perspectives and new trends of females in delinquency and gang behavior.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Diversity, Social & Behavioral Sciences

**SOC 3713 Religion, Culture and Society**

**Prerequisites:** Recommended: SOC 1113, ANTH 2353, REL 1103.

**Description:** An introduction to the scientific study of religion. Religious activity in both tribal and technological societies studied in the light of contemporary interpretations of culture and of social behavior. Same course as REL 3713.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 3890 Advanced Honors Experience in Sociology**

**Prerequisites:** Honors Program participation and concurrent enrollment in a designated SOC course.

**Description:** A supplemental Honors experience in Sociology to partner concurrently with designated upper-division SOC course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour, maximum of 6 credit hours.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Honors Credit

**SOC 3953 Applied Sociology**

**Prerequisites:** Sociology majors or consent of instructor or adviser.

**Description:** Application of sociological theory and methods to various job situations. Preparation for field experience in a variety of work settings. Previously offered as SOC 3952.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 3993 Sociology of Aging (DS)**

**Description:** Sociological problems of aging, including the analysis of the behavior of the aged within the framework of social institutions.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Diversity, Social & Behavioral Sciences

**SOC 4023 Juvenile Corrections and Treatment Strategies**

**Prerequisites:** SOC 3523 or SOC 4333.

**Description:** The juvenile justice system, emphasizing the juvenile court, diversion and youth service bureaus as well as the more traditional training schools and foster homes. Experimental treatment strategies with institutionalized delinquents.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 4033 Comparative Perspectives of Criminal Justice Systems (IS)**

**Description:** Study of criminal justice systems in different nation states and culture context from a different comparative perspective.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** International Dimension, Social & Behavioral Sciences

**SOC 4043 Gender and Work (DS)****Prerequisites:** One upper division course.**Description:** Consideration of unpaid, paid and volunteer work and gender differences. Linkages between economy, work, and family with examples from United States and less developed countries.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**General Education and other Course Attributes:** Diversity, Social & Behavioral Sciences**SOC 4103 The Death Penalty in America (S)****Description:** This course is designed to examine problems and issues related to the death penalty in the United States, including the history of capital punishment, important Supreme Court decisions, how the various jurisdictions (state and federal) deal with capital cases, the comparative costs of incarceration and execution, miscarriages of justice in capital cases and how the criminal justice responds to these issues. Same course as AMST 4103.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**General Education and other Course Attributes:** Social & Behavioral Sciences**SOC 4133 Social Research Methods****Prerequisites:** SOC 1113 and SOC 3113.**Description:** Applying sociological theory to designing quantitative and qualitative research; methods of data collection, processing and analysis; basic skills in computer analysis of social data. Research project included.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**SOC 4153 Sociology of Health and Illness****Description:** Critically analyzes the social production of disease and illness in modern society from a sociological perspective. Examines the social organization of Medicare care, including critical issues affecting healthcare and health insurance in the United States. Focuses on the meanings and experiences of illness, as well as on contemporary critical debates such as environmental and health, bioengineering, and bioethics.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**SOC 4213 Sociology of Sexualities (S)****Prerequisites:** Junior standing or consent of instructor.**Description:** Sociological aspects of sexual behavior, attitudes and belief systems in society.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**General Education and other Course Attributes:** Social & Behavioral Sciences**SOC 4243 Quantitative Methods in Sociology****Prerequisites:** SOC 1113, SOC 3113, SOC 4133.**Description:** Strategies and procedures in the analysis of quantitative sociological data, including the use of statistical computer programs.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**SOC 4313 Sociology of Law****Description:** Law has been studied from different perspectives. In this course, we will focus on issues concerning the relationship between law, legal institution, and society. Issues such as the relationship between law and social change, the origins of law, the integrative function of law, law and social conflict, legal profession, and rationales of punishment and penal policies are explored through classical and contemporary sociological theories. In addition, we will consider the role of law and legal institution in reinforcing and changing social class, gender, and race inequalities.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**SOC 4333 Criminology (S)****Description:** Summary of sociological and psychological research pertaining to crime causation and crime trends. Modern trends in control and treatment.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**General Education and other Course Attributes:** Social & Behavioral Sciences**SOC 4383 Social Stratification (S)****Description:** Systems of class and caste, with special attention to the United States. Status, occupation, income, and other elements in stratification.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Sociology**General Education and other Course Attributes:** Social & Behavioral Sciences

**SOC 4433 Environmental Sociology (S)**

**Description:** Critical assessment of the social causes and consequences of problems with resource scarcity and environmental degradation. Environmental problems viewed as social problems, requiring an understanding of the structural conditions producing environmental problems and inhibiting resolutions.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Social & Behavioral Sciences

**SOC 4453 Environmental Inequality (S)**

**Prerequisites:** SOC 1113.

**Description:** Considers the connection between environmental problems and race/ethnicity and class inequality. Focuses on environmental justice/equity, social movements, health, policy and risk at the local, national and global levels.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Social & Behavioral Sciences

**SOC 4463 Technology and Society**

**Description:** Exploration of various aspects of the relationship between society and technology. Analysis of arguments about the role of technology in society. Examination of the social contexts within which technology is created and discussion of the mechanisms and processes through which technology is embraced or discarded, such as peer review, politics, religion, and legal frameworks.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 4473 Oklahoma Environmental Sociology**

**Description:** Critical assessment of the social causes and consequences of environmental problems in Oklahoma, both historical and contemporary. Examines the Land Run, the Dust Bowl, the Oil Boom, land ownership and use patterns.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 4493 Sociology of Environmental Hazards and Disasters**

**Prerequisites:** SOC 3113 or instructor permission.

**Description:** Explores societal dimensions of environmental hazards and disasters, emphasizing disaster theory and research, key issues in the sociological study of environmental hazards and disasters, such as social impacts, social vulnerability, and community development and resilience.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 4533 World Population Problems**

**Description:** Fertility, mortality and migration, and other factors related to population size, density, and composition; the population explosion, worldwide famine, birth control, and other serious social issues.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 4573 Victimology**

**Description:** This course combines various academic disciplines to introduce the field of Victimology. The course represents an overview of the Victimology field; courts, victim services, victimization, and personnel issues. Students use the on-line and reading material to build a framework for understanding the wide field of Victimology together with victim issues and career opportunities. Same course as PSYC 4573.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 4643 Sociology of Gender (S)**

**Description:** Explores the social organization of gender from diverse theoretical and empirical perspectives using a global experience.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Social & Behavioral Sciences

**SOC 4653 Gender and the Middle East (IS)**

**Description:** An overview of gender-related issues in the Middle East and North African countries is provided to bridge cultures and build understanding. Specific attention is given to issues of women and how they are connected to changes in culture, economics, politics and society. May not be used for degree credit with SOC 5653.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**General Education and other Course Attributes:** International Dimension, Social & Behavioral Sciences

**SOC 4663 Undergraduate Capstone Seminar in Sociology**

**Prerequisites:** Majors; senior standing; SOC 3113, SOC 4133, SOC 4243.

**Description:** Concluding course for Sociology majors. Application of the skills, knowledge and expertise acquired in Sociology, including critical thinking, writing, theory and methods.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 4723 Sociology of Families (S)**

**Description:** The family as a social institution and relationship between family and other institutional structures and systems, including work and the economy, education, government and law, health care, and the media. Previously offered as SOC 3723.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Social & Behavioral Sciences

**SOC 4733 Criminal Behavior Analysis**

**Prerequisites:** SOC 3523 or SOC 4333.

**Description:** This course combines various academic disciplines toward a behavioral examination of the violent criminal offender. By examining the crime scene from a behavioral perspective, the psychodynamics of the offender, the sociological forces, and the social psychological dimensions of victim-offender interactions are combined for a more holistic understanding of the violent offender.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 4743 Criminalistics: Introduction to Forensic Sciences**

**Prerequisites:** SOC 3523 or SOC 4333.

**Description:** Criminalistics or forensic sciences involve the application of physical and behavioral sciences to social order or more specifically, the relationship between science and law. This course introduces the student to the various aspects of forensic examinations of violent criminal behavior. By examining modern techniques of crime scene analysis, the student learns how theory and technological development impact our social concepts of law and justice.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 4753 Advanced Forensics**

**Prerequisites:** SOC 3523 or SOC 4333 and SOC 4743.

**Description:** Forensic sciences involve the application of physical and behavioral sciences to social order and law. This course advances students' understanding of examinations of violent criminal behavior. Students gain awareness of the interdependent relationships of various physical and social science disciplines and how these issues are operationalized at an actual crime scene.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 4850 Internship in Sociology**

**Prerequisites:** SOC 3953, completion of 12 hours of sociology, or consent of internship coordinator.

**Description:** Field experience in a variety of work settings. Offered for variable credit, 1-4 credit hours, maximum of 4 credit hours.

**Credit hours:** 1-4

**Contact hours:** Contact: 1-4 Other: 1-4

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Sociology

**SOC 4923 Sociology of Punishment (S)**

**Description:** An overview of punishment across time and place. Topics surveyed include theories of punishment; formal and informal social control; and corrections, including its consequences and alternatives. Special topics may be examined when time permits.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**General Education and other Course Attributes:** Social & Behavioral Sciences

**SOC 4950 Current Topics in Sociology**

**Description:** Special topics in sociology; topics vary from semester to semester. Offered for variable credit, 1-12 credit hours, maximum of 12 credit hours.

**Credit hours:** 1-12

**Contact hours:** Lecture: 1-12 Contact: 1-12

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 4990 Exploration of Sociological Issues**

**Prerequisites:** Consent of instructor.

**Description:** Examines sociologically significant topics and issues. May not be used for degree credit with SOC 5990. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Sociology

**SOC 4993 Senior Honors Thesis**

**Prerequisites:** Departmental invitation, senior standing, Honors Program participation.

**Description:** A guided reading and research program ending with an honors thesis under the direction of a senior faculty member, with second faculty reader and oral examination. Required for graduation with departmental honors in sociology.

**Credit hours:** 3

**Contact hours:** Contact: 3 Other: 3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Sociology

**General Education and other Course Attributes:** Honors Credit

**SOC 5000 Thesis in Sociology**

**Description:** Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Sociology

**SOC 5001 Graduate Proseminar**

**Prerequisites:** Admission to Sociology graduate program.

**Description:** Introduction and orientation to the graduate program in the Department of Sociology.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5013 Creative Component in Sociology**

**Description:** A guided course serving as the final requirement for graduate students in the Department of Sociology's Master of Science degree, non-thesis option.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5063 Seminar in Social Inequality and Stratification**

**Prerequisites:** Graduate standing.

**Description:** Provides comprehensive overview and analysis of theories and research in social inequality and social stratification. Includes: study of classical and contemporary theories, development of research in the field, dynamics of inequalities and current and future perspectives.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5113 Classical Sociological Theory**

**Prerequisites:** SOC 3113 or equivalent.

**Description:** Major trends in sociological thought. The emergence of sociological theory in Europe and America.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5123 Contemporary Sociological Theory**

**Prerequisites:** SOC 3113 or equivalent.

**Description:** Critical examination of significant theoretical formulations, 1920 to the present. Relation between theoretical development and current research emphasis.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5213 Techniques of Population Analysis**

**Prerequisites:** Graduate standing.

**Description:** Examination of primary techniques and statistics employed in studies of population characteristics. Examination of sources of demographic data, methods employed in the collection and analysis of data on population characteristics, composition and change.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5223 Culture, History and World Systems**

**Prerequisites:** Admission to Graduate College and international studies program.

**Description:** The modern world system and its new social formations resulting from increasing globalization. Examination of cultural, socio-economic, and political changes in developed and developing societies. Modern societies, their historical developments, the cultural politics of difference, and the re-emergence of ethnic groups worldwide. Existing theoretical models of change for profit and non-profit organizations. Same course as INTL 5223.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5243 Social Research Design**

**Prerequisites:** SOC 3113; SOC 4133 or equivalent; graduate standing.

**Description:** Techniques in design, data collection, and interpretation of data for sociological research.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5263 Quantitative Analysis of Social Research**

**Prerequisites:** SOC 3133; SOC 4133 or equivalent; graduate standing.

**Description:** Advanced techniques in sociological research and data analysis focusing on the formulation of substantive research questions and application of a variety of research procedures to answer such questions.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5273 Qualitative Research Methods**

**Description:** Examination of ethnographic studies and implementation issues connected with qualitative research. Research project required.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5283 Advanced Qualitative Sociological Research****Prerequisites:** SOC 5273 or consent of instructor.**Description:** Intensive examination of advanced qualitative research in sociology. Requires students to design and implement their own qualitative sociological research projects under the guidance of the instructor.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Sociology**SOC 5323 Seminar on Collective Behavior and Social Movements****Prerequisites:** Graduate standing.**Description:** Examination of major theoretical and empirical approaches employed in the study of social movements. Exploration of problems on the nature and current theories of social movements including individual versus group approaches. Grassroots resistance, community organizing, political conflicts, and revolutions.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Sociology**SOC 5333 Global Population and Social Problems****Prerequisites:** Graduate standing.**Description:** Study in world, regional and national population characteristics, changes and associated problems and cultural influences.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Sociology**SOC 5343 Sociology of Law and Punishment****Description:** Advanced study in the sociology of law and punishment. Focus on both classical and contemporary sociological and legal research. An interdisciplinary and comparative approach is also emphasized.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Sociology**SOC 5463 Seminar in Environmental Sociology****Description:** Critical overview of contemporary developments in environmental sociology. Environment concern, disasters, health issues, risk assessment, and environmental conflict.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Sociology**SOC 5473 Seminar on the Contemporary Environmental Movement****Description:** Critical overview of contemporary theory and research on the environmental movement. Analysis of crucial movements dynamics, including historical development, central organizing themes, strategies and tactics, and movement activities, environmental health movements, and transnational movement campaigns.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Sociology**SOC 5493 Seminar in Environmental Justice****Description:** Considers racial, class and equity implications of environmental degradation and regulation. Includes discussion of controversies over the siting of hazardous facilities in urban and rural areas, the extraction of resources from native lands, national and transnational export of toxic waste to the South and the development of a distinct environmental justice movement.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Sociology**SOC 5553 Seminar in Medical Sociology****Description:** Advanced study in the sociology of medicine, including the doctor-patient relationship, the social meanings of health and illness, epidemiology, health care delivery, and the medicalization of American society. Analysis of the sociology of organic illness and mental illness using readings from both classical and contemporary sources.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Sociology**SOC 5573 Seminar on Victimology****Description:** Critical overview of contemporary theory and research on victimology. Relationships between victim and offenders, social institutions such as media, police, business, advocacy groups, and various social movements.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Sociology**SOC 5583 Comparative Criminal Justice Systems****Description:** Examines crime and criminal justice in a global world. Compares the current major legal traditions with the U.S. criminal justice system.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Graduate**Schedule types:** Lecture**Department/School:** Sociology

**SOC 5593 Seminar on Organization and Administration in Law Enforcement and Society**

**Description:** Critical overview of contemporary theory and research on administration in law enforcement and society.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5643 Gender and Society**

**Prerequisites:** Graduate standing.

**Description:** This course provides an overview of current theoretical and empirical research in the sociology of gender. Topics include (1) how best to theorize, conceptualize, and analyze gender; (2) how gender is socially constructed and enacted in individuals' lives; (3) how gender intersects with other identities (e.g., race, social class, sexuality) to shape our experiences and life chances; and, (4) how gender is embedded within institutional processes.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5653 Gender and the Middle East**

**Description:** An overview of gender-related issues in the Middle East and North African countries is provided to bridge cultures and build understanding. Specific attention is given to issues of women and how they are connected to changes in contemporary culture, economics, politics, and society. May not be used for degree credit with SOC 4653.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5663 Seminar in Race and Ethnicity**

**Prerequisites:** Graduate standing.

**Description:** Analysis of the dynamics of intercultural and intergroup relations in America with special emphasis on the examination of major conceptual perspectives that have characterized the study of race and ethnicity in American life.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5763 Contemporary Organizational Theory**

**Prerequisites:** Graduate standing.

**Description:** Advanced study of contemporary theories used to explain, predict and understand organizations. Behavior of populations of organizations.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5793 Seminar on Organizational Deviance**

**Description:** Overview of contemporary theory and research on organizational deviance. Defining acceptable risk. Organizational structures, processes, and standard operating procedures that produce mistake, misconduct and disaster.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5813 Myths and Realities of Organizational Change**

**Prerequisites:** Graduate standing.

**Description:** A critical examination of the various theories and models that address change and improvement processes in complex organizations. Theoretical and methodological validity of assumptions underlying such organizational theories and models.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5950 Seminar in Sociology**

**Prerequisites:** Graduate standing.

**Description:** Special seminar; topics vary from semester to semester. Offered for variable credit, 1-3 credit hours, maximum of 25 credit hours.

**Credit hours:** 1-3

**Contact hours:** Lecture: 1-3 Contact: 1-3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 5980 Internship**

**Description:** Supervised field placement. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Sociology

**SOC 5990 Advanced Problems and Issues in Sociology**

**Prerequisites:** Consent of instructor.

**Description:** Group enrollment or individual research enrollment as needed. Graduate level analysis of special problems and issues in sociology not covered in other department offerings. May not be used for degree credit with SOC 4990. Offered for variable credit, 1-9 credit hours, maximum of 9 credit hours.

**Credit hours:** 1-9

**Contact hours:** Contact: 1-9 Other: 1-9

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Sociology

**SOC 6000 Dissertation**

**Description:** Offered for variable credit, 1-12 credit hours, maximum of 18 credit hours.

**Credit hours:** 1-12

**Contact hours:** Contact: 1-12 Other: 1-12

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Sociology

**SOC 6213 Theory of Social Structure**

**Prerequisites:** Six hours of undergraduate sociology or equivalent.

**Description:** Relationship between human thought and the social context within which it arises.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 6390 Seminar in the Family, Marriage and Male-Female Roles in American Sociology**

**Description:** Analysis of published research in sociology of family, marriage and male-female roles and relationships with special emphasis on American society. Offered for variable credit, 2-3 credit hours, maximum of 6 credit hours.

**Credit hours:** 2-3

**Contact hours:** Contact: 2-3 Other: 2-3

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Sociology

**SOC 6460 Advanced Studies in Environmental Sociology**

**Prerequisites:** SOC 5463 or consent of instructor.

**Description:** Intensive examination of selected topics in environmental sociology. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-6

**Contact hours:** Contact: 1-6 Other: 1-6

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Sociology

**SOC 6463 International Issues in Environmental Sociology**

**Prerequisites:** Graduate standing.

**Description:** Advanced study of the international context of environmental issues.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 6493 Sociology of Disaster**

**Description:** Critical examination of contemporary theory and research on the social aspects of disasters. Social system response to large-scale crises. Vulnerability, warnings, preparedness, recovery, mitigation, and sustainability.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 6653 Seminar in Social Psychology**

**Description:** Development and critical analysis of theory and research in social psychology.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 6753 Seminar in Deviance and Criminology**

**Description:** Current research and theory in criminology, penology and deviance in modern society. Previously offered as SOC 6750.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 6763 Seminar in Theory of Criminal Behavior Analysis**

**Description:** Critical overview of contemporary theory and research on criminal behavioral analysis.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 6853 Seminar in Symbolic Interactionism**

**Description:** Symbolic interactionism, a major contemporary school of thought in sociology and psychology, emerging from philosophical pragmatism with special emphasis on the thoughts of George H. Mead and its derivatives including dramaturgy, existential social psychology, and phenomenological.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Sociology

**SOC 6950 Seminar in Social Gerontology**

**Description:** A theoretical and practical examination of the sociological implications, both individual and societal, of an aging population. Offered for variable credit, 2-3 credit hours, maximum of 6 credit hours.

**Credit hours:** 2-3

**Contact hours:** Contact: 2-3 Other: 2-3

**Levels:** Graduate

**Schedule types:** Independent Study

**Department/School:** Sociology

## Undergraduate Programs

- Sociology, BA (p. 1814)
- Sociology, BS (p. 1817)
- Sociology: Anthropology, BA (p. 1820)
- Sociology: Anthropology, BS (p. 1823)
- Sociology: Applied Sociology, BA (p. 1826)
- Sociology: Applied Sociology, BS (p. 1829)
- Sociology: Criminology and Criminal Justice, BA (p. 1832)
- Sociology: Criminology and Criminal Justice, BS (p. 1835)
- Sociology: Environment and Society, BA (p. 1838)
- Sociology: Environment and Society, BS (p. 1841)
- Sociology: Pre-Law, BS (p. 1844)
- Sociology: Pre-Medical Science, BS (p. 1847)
- Sociology: Social Services, BA (p. 1850)
- Sociology: Social Services, BS (p. 1853)

## Graduate Programs

The Department of Sociology offers the Master of Science degree with thesis or non-thesis (terminal degree) options, and the Doctor of Philosophy degree. Programs are designed to prepare students for

appointments to the faculty of colleges and universities, to work in private industry and social service agencies, and to be employed in research positions in business and/or government. The Department offers concentrations in Criminology and Deviance, Environmental Sociology, Social Inequality, Social Movements, and Social Psychology. Excellent training and research opportunities are provided for students in quantitative and qualitative social science research methods and theory, further enhancing opportunities in a wide array of career fields.

## Degree Requirements

The MS in sociology thesis option requires a minimum of 31 hours of coursework. The MS in sociology non-thesis option requires 32 hours of coursework. For students pursuing the PhD, a minimum of 90 semester credit hours beyond the baccalaureate, or 60 hours beyond the master's degree, is required. Each PhD student is required to take six hours of sociological theory, and 15 hours of research methods/statistics. Detailed information on each program is available on the Departmental website.

## Minors

- Anthropology (ANTH), Minor (p. 1810)
- Criminology and Criminal Justice (CRCJ), Minor (p. 1811)
- Social Justice (SOJU), Minor (p. 1812)
- Sociology (SOC), Minor (p. 1813)

## Faculty

Tamara Mix PhD—Dresser Professor and Department Head

**Regents Professors:** Riley Dunlap, PhD (emeritus); Duane Gill, PhD (emeritus); Ken Kiser, PhD (emeritus); David Knottnerus, PhD (emeritus)

**Professors:** Andrew Fullerton, PhD; Bin Liang, PhD; Mike Long, PhD; Tamara Mix, PhD; Jean Van Delinder, PhD; Kelley Sittner, PhD

**Associate Professors:** Jonathan Coley, PhD; Heather McLaughlin, PhD; Stephen Perkins, PhD; Rachel Schmitz, PhD; Monica Whitham, PhD

**Assistant Professors:** Daniel Alvord, PhD; Katie Constantin, PhD; Alex Diamond, PhD; Jared Fitzgerald, PhD; Nick Heiserman, PhD; Ashley Railey, PhD; Adam Roth, PhD; Corinne Schwarz, PhD

**Teaching Assistant Professors:** Peyman Hekmatpour, PhD

## Anthropology (ANTH), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

427 Social Sciences and Humanities, 405-744-6114

**Minimum Grade Point Average in Minor Coursework:** Minimum GPA 2.50 in minor and minimum grade of "C."

**Total Hours:** 18

## Additional OSU Requirements Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

## Criminology and Criminal Justice (CRCJ), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

**Minimum grade and/or GPA:** 2.50

#### Diversity (D) & International Dimension (I)

May be completed in any part of the degree plan

Select at least one Diversity (D) course

Select at least one International Dimension (I) course

#### College/Departmental Requirements

##### *First Year Seminar*

(Transfer students with 15 hours exempt) 1

##### *Arts & Humanities*

See note 2.a. 9

##### *Natural & Mathematical Sciences*

See note 2.b. 3

##### *Foreign Language*

See note 3 9

##### *Non-Western Studies*

At least one course

See note 2.d.

#### Upper-Division General Education

Select 6 hours outside major department

See note 2.c.

**Hours Subtotal** 22

#### Major Requirements

Minimum major GPA 2.50 in major block.

Minimum GPA in all SOC/ANTH courses 2.50 with a minimum grade of "C" in all SOC/ANTH courses.

Minimum 30 hours of courses with SOC/ANTH prefix.

#### Core Requirements

SOC 1113 Introductory Sociology (S) 3

SOC 2123 Social Problems (DS) 3

or ANTH 3353 Cultural Anthropology (IS)

SOC 3113 Theoretical Thinking in Sociology 3

SOC 4133 Social Research Methods 3

SOC 4243 Quantitative Methods in Sociology 3

Select 6 hours of the following: 6

SOC 3133 Racial and Ethnic Relations (DS)

SOC 3993 Sociology of Aging (DS)

SOC 4213 Sociology of Sexualities (S)

SOC 4383 Social Stratification (S)

SOC 4643 Sociology of Gender (S)

Select 15 hours of upper-division SOC/ANTH 15

Select 9 hours of upper-division courses (not SOC/ANTH) 9

**Hours Subtotal** 45

#### Electives

Select 13 hours 13

May need to include 6 hours upper-division general education outside major department (see note 2.c.) and 1 additional upper-division hour.

**Hours Subtotal** 13

**Total Hours** 120

### Other Requirements

- See the College of Arts and Sciences Requirements.
- **Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

### College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.

- b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, P BIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
- c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
- e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.

### 3. Foreign Language Proficiency

- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
- b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
- c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
4. **Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours
<b>Freshman</b>		
<b>Fall</b>		
STAT 2053 or STAT 2013	Elementary Statistics for the Social Sciences (A) or Elementary Statistics (A)	3
SOC 1113	Introductory Sociology (S)	3
1713 First Semester Foreign Language		3

#### Diversity (D) & International Dimension (I)

May be completed in any part of the degree plan

Select at least one Diversity (D) course

Select at least one International Dimension (I) course

#### College/Departmental Requirements

##### First Year Seminar

(Transfer students with 15 hours exempt) 1

##### Arts & Humanities

See note 2.a. 3

##### Natural & Mathematical Sciences

See note 2.b. 9

##### Foreign Language

See note 3

0-6 hours

##### Upper-Division General Education

Select 6 hours outside major department

See note 2.c.

<b>Hours Subtotal</b>	<b>13</b>
-----------------------	-----------

#### Major Requirements

Minimum GPA 2.50.

Minimum GPA in all SOC/ANTH courses 2.50 with a minimum grade of "C" in all SOC/ANTH courses.

Minimum 30 hours of courses with SOC/ANTH prefix.

#### Core Requirements

SOC 1113	Introductory Sociology (S)	3
----------	----------------------------	---

SOC 2123	Social Problems (DS)	3
----------	----------------------	---

or ANTH 3353	Cultural Anthropology (IS)	
--------------	----------------------------	--

SOC 3113	Theoretical Thinking in Sociology	3
----------	-----------------------------------	---

SOC 4133	Social Research Methods	3
----------	-------------------------	---

SOC 4243	Quantitative Methods in Sociology	3
----------	-----------------------------------	---

Select 6 hours of the following:		6
----------------------------------	--	---

SOC 3133	Racial and Ethnic Relations (DS)	
----------	----------------------------------	--

SOC 3993	Sociology of Aging (DS)	
----------	-------------------------	--

SOC 4213	Sociology of Sexualities (S)	
----------	------------------------------	--

SOC 4383	Social Stratification (S)	
----------	---------------------------	--

SOC 4643	Sociology of Gender (S)	
----------	-------------------------	--

Select 15 hours of upper-division SOC/ANTH		15
--	--	----

Select 9 hours of upper-division courses (not SOC/ANTH) <sup>1</sup>		9
--	--	---

<b>Hours Subtotal</b>	<b>45</b>
-----------------------	-----------

#### Electives

Select 22 hours. <sup>1</sup>		22
-------------------------------	--	----

May need to include 6 hours of a foreign language. See note 3.

May need to include 6 hours upper-division general education outside major department (see note 2.c.).

<b>Hours Subtotal</b>	<b>22</b>
-----------------------	-----------

<b>Total Hours</b>	<b>120</b>
--------------------	------------

1

With approval from the advisor and department head, a maximum of 30 hours from an accredited doctoral law or health program may be used for these areas.

### Other Requirements

- See the College of Arts and Sciences Requirements.
- Upper-Division Credit:** Total hours must include at least 40 hours in courses numbered 3000 or above.

### College of Arts and Sciences Requirements

- Hours in One Department:** For B.A. and B.S. degrees, no more than 54 hours in one department may be required to meet degree requirements. Courses used to satisfy the General Education English Composition, U.S. History, American Government, and Mathematics or Statistics requirements will not count toward the 54-hour maximum required from one department.
- A&S College/Departmental Requirements**
  - Arts and Humanities are defined as any course carrying an (H) designation or courses from AMST, ART, DANC, ENGL (except ENGL 3323 Technical Writing) HIST, MUSI, PHIL (except PHIL 1313 Logic and Critical Thinking (A), PHIL 3003 Symbolic

Logic (A) and PHIL 4003 Mathematical Logic and Computability), REL, TH, and foreign languages.

- b. Natural and Mathematical Sciences are defined as any course from the following prefixes: ASTR, BIOC, BIOL, CHEM, CS (except CS 4883 Social Issues in Computing), GEOL, MATH, MICR, PBIO, PHYS, and STAT; or courses from other departments that carry an (A) or (N) general education designation.
  - c. Six upper-division hours are required from General Education or any CAS courses outside the student's major department. This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - d. Non-Western Studies Requirement for B.A. and B.F.A.; One course in Non-Western Studies (N.W.). This requirement may be satisfied by courses also used to satisfy any part of a student's degree program (i.e., in General Education, College Departmental Requirements, Major Requirements or Electives).
  - e. The College of Arts & Sciences requires a minimum 2.0 GPA in all major requirements and a minimum 2.0 GPA in all major-prefix courses applied to the degree.
- 3. Foreign Language Proficiency**
- a. The foreign language requirement for the B.A. may be satisfied by 9 hours college credit in the same language, which must include 3 hours at the 2000-level, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement. Currently Arabic and Mvskoke are not offered at the 2000-level at OSU.
  - b. The foreign language requirement for the B.S., B.M. and B.F.A. may be satisfied by presenting a high school transcript which demonstrates two years of study of a single foreign language (passing grades at second-year level of study). It may also be satisfied by 6 hours college credit in the same language, which must include language courses 1713 and 1813, or equivalent proficiency (e.g., passing an advanced standing examination; TOEFL exam; presenting a high school transcript which demonstrates the high school was primarily conducted in a language other than English; etc.). Computer Science courses may not be used to satisfy this requirement.
  - c. In addition to a. and b., students pursuing teacher certification must meet novice-high foreign language proficiency by presenting a high school transcript which demonstrates two years of study of a single foreign language with no grade below B. Or, students may complete 3 hours college credit in a single language with no grade below C (or pass an advanced standing examination, College Level Examination Program (CLEP) exam, or Oral Proficiency Interview developed by the American Council on the Teaching of Foreign Languages, equivalent to 3 hours of college credit.) Or, students may meet the requirement by transfer of documentation of meeting the foreign language competency from one of the teacher education programs in the State of Oklahoma approved by the Oklahoma State Regents for Higher Education.
- 4. Exclusions.** Courses with ATHL or LEIS prefixes and leisure activity courses may not be used for degree credit.

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.
