## Undergraduate Programs

- Accounting: External Reporting, Control, and Auditing, BSBA (p. 2783)
- Accounting: Internal Reporting, Control and Auditing, BSBA (p. 2786)

## Graduate Programs

### The Master of Science in Accounting Degree

The objective of the MS accounting program is to provide students with a greater breadth and depth in accounting than is possible in the BS program. The MS program has a specific focus on preparing graduates for careers as professional accountants who will complete the Uniform CPA Examination. Students who complete our master's program will be technically adept, resourceful, and ready to compete in a fast-changing, increasingly-global world. In addition to technical competence, the program places particular emphasis on professional ethics, personal responsibility, continuing development of leadership skills, and communication skills. Advanced courses provide a theoretical foundation for insight into significant problems practitioners in the accounting profession will confront. Candidates enter the program as a cohort in the summer semester and may select one of five concentrations: (1) Tax, (2) Financial Reporting and Auditing, (3) Data Analytics and Systems, (4) Corporate Finance, and (5) Research Methods. The program consists of 33 or 34 hours depending on the selected concentration. Please note that some concentrations may not be available every year. Please check with the Program Coordinator if you have questions about a specific concentration, as not all concentrations may be available each year.

Admissions are decided on a holistic approach, with the following criteria preferences being considered: an undergraduate degree, an upper-division grade-point average in accounting of 3.25, an overall grade-point average of 3.0, and a GMAT score of 550.

### The Doctor of Philosophy Degree

The PhD in the Spears School of Business with a major in accounting provides the highest degree of preparation for the individual student, enabling the student to make significant contributions in research, teaching, and professional engagement in a university setting. Admission to the program is very competitive.

Graduates of recognized colleges and universities whose records indicate appropriate academic achievement and intellectual capacity may qualify for admission to the program. Additional factors considered in

the admissions process include interpersonal skills and professional accounting experience. Satisfactory scores on the GMAT and TOEFL (for non-US applicants) are also required.

Students in the PhD program take a series of seminars that provides an overview of relevant accounting academic literature, along with additional methods coursework that prepares students to conduct high-quality academic research. A student's advisory committee assists in developing a plan of study that adequately covers the student's research and teaching interests. Our PhD students have teaching and research-related responsibilities throughout their program.

## Certificates

- Accounting, Systems, and Auditing, UCRT (p. 2782)

## Minors

- Accounting (ACCT), Minor (p. 2781)

## Faculty

Angela Wheeler Spencer, PhD, CPA--Associate Professor and Interim Head

**Professors:** Audrey A. Gramling, PhD, CPA, CIA

**Associate Professors:** Brad Lawson, PhD, CPA; Teresa Lightner, PhD, CPA; Sandeep Nabar, PhD; William C. Schwartz, PhD, CPA; Michael Stuart, PhD

**Assistant Professors:** Ashleigh Bakke, PhD, CPA; Bryan Brockbank, PhD; Ryan Hess, PhD, CPA; Rick Laux, PhD, CPA; Leah Muriel, PhD, CPA, CIA; Craig A. Sisneros, PhD, CPA; Elizabeth Tori, PhD, CPA; Michael Wolfe, PhD, CPA

**Instructors of Professional Practice:** Angela Baker, MS, CPA; Rachel Cox, MS, CPA; Rachel Domnick, MS, CPA; Sarah Johnson, MS, CPA; Peter Margaritis, MAcc, CPA, CSP; Alyssa Vowell, MBA, CPA; Julie Ward, MS, CPA

**Part-time Faculty:** Les Austin, CPA; Steve Crall, MS, CPA; Gaylene Hargrove, MBA, CPA; Kolby Miller, MS, CPA

## Accounting (ACCT), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

**Chesapeake Energy Business Student Success Center**, 155 Business Building, 405-744-2772

**Minimum Overall Grade Point Average: 2.50**

**Total Hours: 18**

Code	Title	Hours
<b>Minor Requirements</b>		
ACCT 2003	Survey of Accounting	3
ACCT 3004	Foundational Accounting and Data Skills	4
ACCT 3104	Intermediate Accounting I and Data Analysis	4
ACCT 3001	Practicum in Professional Accounting I	1
Select six hours of upper-division accounting from the following:		6
ACCT 3013	Federal Income Taxation	
ACCT 3113	Intermediate Accounting II	
ACCT 3203	Cost Accounting	
<b>Total Hours</b>		<b>18</b>

### Other Requirements

- "C" or better in each accounting course, 12 of the 18 required accounting hours must be completed at OSU.

### Additional OSU Requirements

#### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

		<b>3</b>

May be selected from any upper- or lower-division area except activity courses in LEIS and PE and lower-division AERO and MLSC. Twelve credit hours earned in advanced AERO and MLSC, exclusive of credit earned for summer camp, may be included in the 120 hours.

<b>Hours Subtotal</b>	<b>3</b>
<b>Total Hours</b>	<b>120</b>

1

Courses also meet College and Departmental Requirements and cannot be waived with an Associate's degree.

2

MGMT 3013 Fundamentals of Management (S) and MKTG 3213 Marketing (S) are common body requirements, but are counted in general education requirements.

3

If ACCT 2103 and ACCT 2203 are substituted for ACCT 2003, hours in the Elective block are reduced by 3.

4

C or better is required.

## Other Requirements

1. A minimum of 50 percent of the business hours required for a degree must be OSU delivered in residence or OSU online courses.
2. Forty-five hours of upper-division courses required.

## Program Declaration Requirements

All new students admitted to the Accounting program in the Spears School of Business are enrolled as pre-Accounting until completion of the following prerequisites:

1. ACCT 2003 or ACCT 2103 & 2203, ECON 2003, EEE 2023, MSIS 2103 or BADM 2233, and MKTG 3213 or MGMT 3013, each with a grade of C or higher;
2. ENGL 1113, ENGL 1213, and 3 hours MATH/STAT designated;
3. 45 credit hours earned for incoming freshman or 12 credit hours at Oklahoma State University for transfer students;
4. Minimum GPA of 2.7 at Oklahoma State University

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Courses also meet College and Departmental Requirements and cannot be waived with an Associate's degree.

2

MGMT 3013 Fundamentals of Management (S) and MKTG 3213 Marketing (S) are common body requirements, but are counted in general education requirements.

3

If ACCT 2103 and ACCT 2203 are substituted for ACCT 2003, hours in the Elective block are reduced by 3.

4

C or better is required.

## Other Requirements

1. A minimum of 50 percent of the business hours required for a degree must be OSU delivered in residence or OSU online courses.
2. Forty-five hours of upper-division courses required.

## Program Declaration Requirements

All new students admitted to the Accounting program in the Spears School of Business are enrolled as pre-Accounting until completion of the following prerequisites:

1. ACCT 2003 or ACCT 2103 & 2203, ECON 2003, EEE 2023, MSIS 2103 or BADM 2233, and MKTG 3213 or MGMT 3013, each with a grade of C or higher;
2. ENGL 1113, ENGL 1213, and 3 hours MATH/STAT designated;
3. 45 credit hours earned for incoming freshman or 12 credit hours at Oklahoma State University for transfer students;
4. Minimum GPA of 2.7 at Oklahoma State University

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours
<b>Freshman</b>		
<b>Fall</b>		
BADM 1111	Business First Year Seminar	1

<b>Total Hours</b>		<b>24</b>

## Other Requirements

- 45 credit hours earned for incoming freshman or 12 credit hours at OSU for transfer students;
- Minimum GPA of 2.7 at Oklahoma State University.

## School of Entrepreneurship

The 21st century is the age of entrepreneurship. It is a time of dynamic change where organizations must be faster, more adaptable and flexible, more aggressive and more innovative in order to survive. The program in entrepreneurship helps prepare students for the entrepreneurial age. Students are encouraged to recognize and develop their innate entrepreneurial potential, and to apply an entrepreneurial mindset to both their professional and personal lives. The program emphasizes the role of entrepreneurial attitudes and behaviors in a wide variety of contexts, including new start-up ventures, growth-oriented small firms, family firms, non-profit entities and public sector organizations. Students are further encouraged to apply entrepreneurial thinking and acting within other disciplines, from architecture and engineering to social work and theatre.

Entrepreneurship is approached as opportunity-driven behavior. It is a process where individuals put resources together in new and novel ways to create value. The value created can be for customers in conventional markets, or it can be social value created for the community. The program centers on helping students develop competencies that will enable them to be more entrepreneurial in a wide variety of contexts. Eleven core competencies are emphasized, including recognizing opportunity, assessing opportunity, mastering your creativity, leveraging resources, guerrilla skills, mitigating and managing risk, planning when nothing exists, innovation-developing ideas that work, building and managing social networks, the ability to maintain focus yet adapt, and implementation of something novel or new. A leading-edge entrepreneurship curriculum is built around these competencies.

As a field of study, entrepreneurship helps students see themselves as agents of change and better equips them to implement creative solutions to emerging opportunities in literally any organizational context. To foster these abilities, the program places considerable emphasis on experiential learning. Innovative experiential opportunities are built into each of the entrepreneurship courses at the undergraduate and master's levels. In addition, the School manages an incubator, where students can start ventures, a campus-wide business Pitch & Poster Competition and other student engagement initiatives.

In addition to graduate offerings, the program offers an undergraduate major and minor in entrepreneurship as well as a cross-campus program involving the integration of entrepreneurship into other disciplines (e.g., engineering, art, psychology).

## Courses

### EEE 1010 Creativity, Innovation and Entrepreneurship

**Description:** Examination of the creative process. Exploration of underlying premises of creativity, exposure to basic frameworks and concepts, and examination of obstacles to creativity. Emphasis on practical applications. Intended for students in Creativity, Innovation and Entrepreneurship Learning Community. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-3

**Contact hours:** Lecture: 1-3 Contact: 1-3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

### EEE 1020 Creativity, Innovation and Entrepreneurship II

**Description:** Examination of the underpinnings of entrepreneurship and innovation as each relates to the creative process. An applied perspective is adopted in exploring the interfaces between creativity, innovation and entrepreneurship. Intended for students in Creativity, Innovation and Entrepreneurship Learning Community. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.

**Credit hours:** 1-3

**Contact hours:** Lecture: 1-3 Contact: 1-3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

### EEE 1661 Free Enterprise Essentials

**Description:** An exploration of the free enterprise system on the basis of both wealth creation and societal justice.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

### EEE 2023 Introduction to Entrepreneurship

**Description:** Focuses on both the entrepreneurial mindset and the process of launching and growing a new business. Reviews opportunities, innovation, new value creation, business context, existing firms and any area of business or life that pertains to entrepreneurship.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

### EEE 2083 Entrepreneurship & Society

**Description:** In this unique course we study the relationship between entrepreneurship and society. Core questions are: How does society, politics, culture, etc. affect entrepreneurship? And how does entrepreneurship affect society, politics, and the economy? Students gain a uniquely broad understanding of entrepreneurship and political economy.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

### EEE 3020 Business Plan Laboratory

**Description:** Provides any student regardless of background with a fundamental understanding of the logic and structure of a business plan and a knowledge of basic tools and concepts for putting together a great business plan for an original idea or concept. Applies to for-profit and non-profit ventures. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.

**Credit hours:** 1-3

**Contact hours:** Lecture: 1-3 Contact: 1-3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

**EEE 3023 Introduction to Entrepreneurial Thinking and Behavior****Prerequisites:** EEE 2023.**Description:** Overview of entrepreneurial thinking and behavior and its role in our lives. Examination of what it takes to start and sustain new concepts and ventures. Central focus is on the issues surrounding effective implementation of the entrepreneurial process across a variety of contexts. May not be used for degree credit with EEE 3673.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship**EEE 3031 Entrepreneurial Value Creation in Society****Description:** This 1-hour seminar presents an intellectual framework for understanding the economic and ethical implications of the forces that promote or hinder the creation of value in society. In particular, students will engage in readings, discussions, and interactions with guest lecturers, related to topics such as: individual liberty and responsibility, economic freedom, fairness and equality, scarcity and property rights, intellectual property, competition and anti-competition, cronyism, authoritarianism, and globalization and free trade. The aforementioned topics will be examined and discussed within the context of governments, institutions, business entities, and consumers, and their collective impact on innovation, entrepreneurship, and advances in social well-being. This seminar should be of interest to students from diverse majors and backgrounds.**Credit hours:** 1**Contact hours:** Lecture: 1 Contact: 1**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship**EEE 3033 Women and Minority Entrepreneurship****Description:** The course covers race, gender, and ethnicity as factors that impact entrepreneurship. Students look at the theoretical underpinnings of minority and women's entrepreneurship and their opportunities, challenges, and strategies when creating ventures.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship**EEE 3673 Business Model Discovery****Description:** Course teaches the fundamentals of testing the feasibility of a business idea and building an effective business model around a business concept. May not be used for degree credit with EEE 3023.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship**EEE 4010 Special Topics in Entrepreneurship****Description:** Examination of entrepreneurship issues. Specific topics vary from semester to semester. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.**Credit hours:** 1-6**Contact hours:** Lecture: 1-6 Contact: 1-6**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship**EEE 4080 Riata Internship Program****Prerequisites:** Consent of the Director of the Riata Center for Entrepreneurship.**Description:** Professionally supervised experience building career-related skills, interests and personal development while making valuable contacts and references. Allows testing skills in real life projects with host companies. Periodic reports, both oral and written, required as specified by the instructor. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.**Credit hours:** 1-6**Contact hours:** Contact: 1-6 Other: 1-6**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Entrepreneurship**EEE 4090 Study Abroad in Entrepreneurship****Prerequisites:** Consent of the School of Entrepreneurship Department Head.**Description:** Participation in a School of Entrepreneurship Study Abroad program. May not be used for degree credit with EEE 5090. Previously offered as EEE 3090. Offered for variable credit, 1-6 credit hours, maximum of 18 credit hours.**Credit hours:** 1-6**Contact hours:** Lecture: 1-6 Contact: 1-6**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship**EEE 4103 Entrepreneurship & the Economy****Description:** Explore the role of entrepreneurship in the economy. Learn why the market economy is best understood not as a system or equilibrium but as an unfolding process with entrepreneurship as its driver. The course introduces the teachings of the Austrian school of economics, which focuses on economic understanding through reasoning and logic, not statistical analysis and mathematical modeling. Austrian economics recognizes entrepreneurial value creation as the core of the market process, that value lies in the eyes of the beholder, and that productive capital exists in complex structures intended to produce specific goods and services. Same course as ECON 4353. May not be used for degree credit with EEE 5103 or ECON 5353.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship**EEE 4113 Dilemmas and Debates in Entrepreneurship****Description:** Designed around a series of critical dilemmas confronted by entrepreneurs when creating and growing a venture. Entrepreneurs explore with students the issues surrounding these dilemmas in a structured format.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship

**EEE 4123 Entrepreneurship and The Arts**

**Description:** Introduces entrepreneurship as a way of thinking and acting within the arts, including fine art, theatre, music and design. Key entrepreneurial competencies are explored, including opportunity recognition, risk management, resource leveraging, and innovation. May not be used for degree credit with EEE 5123. Previously offered as EEE 3123.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

**EEE 4223 Entrepreneurial Marketing**

**Prerequisites:** MKTG 3213.

**Description:** Examination of the roles of marketing in entrepreneurial ventures and entrepreneurship in the marketing efforts of any organization. Emphasis on marketing as it relates to risk management, resource leveraging and guerrilla approaches. Same course as MKTG 4263. May not be used for degree credit with EEE 5223 or MKTG 5223. Previously offered as EEE 3263.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

**EEE 4253 International Entrepreneurship**

**Description:** The course provides a survey of entrepreneurship under different global settings and the social, economic, cultural, and political challenges found in these settings. May not be used for degree credit with EEE 5253.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

**EEE 4263 Corporate Entrepreneurship**

**Prerequisites:** EEE 3023 or instructor permission.

**Description:** Examination of the application of entrepreneurship concepts and behaviors within established organizations, assessment of factors contributing to a company's entrepreneurial orientation, and identification of ways to foster high levels of entrepreneurship within firms. No credit for students with credit in EEE 5263.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

**EEE 4313 Emerging Enterprise Consulting**

**Description:** Students nearing the end of their studies work in teams in addressing problems and opportunities within existing entrepreneurial ventures. Using an established methodology, teams work with local entrepreneurs in establishing priorities and producing tangible deliverables that solve business needs. No credit for students with credit in EEE 5313.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

**EEE 4333 Launching a Business: The First 100 Days**

**Description:** Addresses operational challenges in launching a new venture in its very formative stage. Attention is devoted to business formation, risk management, recordkeeping, go-to-market strategy, contracts, facilities, dealing with suppliers, and intellectual property, among other issues. May not be used for degree credit with EEE 5333. Previously offered as EEE 3333.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

**EEE 4403 Social Entrepreneurship**

**Description:** An examination of the application of entrepreneurship concepts and principles in addressing vexing social needs such as hunger, homelessness, environmental degradation, disease, domestic violence and inadequate access to education. Exploration of unique challenges in and approaches for developing and implementing viable business models for social ventures. May not be used for degree credit with EEE 5403. Previously offered as EEE 3403.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

**EEE 4503 Designing, Prototyping, Testing**

**Description:** This course provides students' a hands-on experience in making things. Students conceptualize, design, prototype, manufacture and sell a new product. The class exposes students to using 3D printers along with other makerspace tools. May not be used for degree credit with EEE 5503. Previously offered as EEE 3503.

**Credit hours:** 3

**Contact hours:** Lecture: 2 Lab: 2 Contact: 4

**Levels:** Undergraduate

**Schedule types:** Lab, Lecture, Combined lecture and lab

**Department/School:** Entrepreneurship

**EEE 4533 Growing Small and Family Ventures**

**Prerequisites:** EEE 3023 or Instructor permission.

**Description:** Exploration of unique challenges involved when growing small and family-owned ventures. The life stages of emerging enterprises are examined. Issues addressed include resource needs, skill requirements, functional area development, and work-life balance. May not be used for degree credit with EEE 5513. Previously offered as EEE 3513.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Entrepreneurship

**EEE 4603 Entrepreneurship Empowerment in South Africa****Prerequisites:** Instructor permission required.**Description:** Introduction to the supporting emerging enterprises assessment model. Includes focused attention on consulting within all the functional areas of an emerging enterprise operating under conditions of adversity. Periodic guest lectures by subject matter experts. Exposure to the local customs, business environment, and culture of entrepreneurs in a South African context. No credit for students with credit in EEE 5603.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship**EEE 4610 Entrepreneurship Practicum****Prerequisites:** EEE 3023 and instructor permission.**Description:** Transfer of knowledge from entrepreneurship course work into practice through hands-on experiences, such as business development consulting projects, management of a venture capital fund and creation of a student-owned business. Course previously offered as MGMT 4610. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.**Credit hours:** 1-6**Contact hours:** Lecture: 1-6 Contact: 1-6**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship**EEE 4653 Venture Capital****Description:** Approaches to raising and managing working capital in emerging enterprises. Examination of the many sources of financing for start-up and early stage ventures. Attention devoted to determining financial needs of new ventures and formulating, determining valuations and formulating deal structures. Course previously offered as MGMT 4653.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship**EEE 4663 Imagination in Entrepreneurship****Description:** Exploration of creativity and ideation as they relate to entrepreneurship. Perspectives on opportunity discovery and assessment are examined. Theoretical and conceptual foundations for the application of creativity to business problem solving are investigated. May not be used for degree credit with EEE 5663. Previously offered as EEE 3663.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship**EEE 4703 Project Management for Entrepreneurship****Description:** Understanding invaluable basic project management skills for startup entrepreneurs and innovators within existing organizations (intrapreneurs) and to successfully manage projects in general. No credit for students with credit in EEE 5703.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship**EEE 4813 The Entrepreneur: Hero or Villain (H)****Description:** An exploration of the entrepreneur in both historic and contemporary settings through the lens of ideas, events, and fine arts. May not be used for degree credit with EEE 5813. Previously offered as EEE 3813.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship**General Education and other Course Attributes:** Humanities**EEE 4863 Developing Innovative Ideas****Prerequisites:** Permission of instructor.**Description:** Course teaches the fundamentals of testing the feasibility of a business idea and building an effective business model around a business concept.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Entrepreneurship

## Undergraduate Programs

- Entrepreneurship, BSBA (p. 2795)

## Graduate Programs

The School of Entrepreneurship offers work leading to the Master of Science in Entrepreneurship degree, including both a residency and online program. In addition, concentration in Entrepreneurship is offered as part of the Master of Business Administration. A PhD in business administration with concentration in entrepreneurship is available to prepare students for careers in academia.

## The Master of Business Administration (MBA) Degree with Entrepreneurship Concentration

(See "Business Administration (p. 2641)".)

## Master's in Entrepreneurship

The Master's in Entrepreneurship (MSE) provides a rigorous immersion into the nature of entrepreneurship and the entrepreneurial process. Core content is coupled with a strong commitment to experiential learning. Students are provided the opportunity to start a venture while in the program. The program is a component of the university-wide entrepreneurship emphasis at Oklahoma State University. It is targeted to students with a passion for entrepreneurship in for-profit, non-profit and public sector contexts.

The master's program consists of 33 credit hours of coursework and can be completed in one calendar year. The application for admission to the program requires:

1. Bachelor's degree,
2. Proposal for a venture,
3. GMAT,

4. Entrepreneurial and other work experience (recommended but not required), and
5. three letters of recommendation.

Based on this review, a personal interview is arranged with selected candidates and then a final acceptance decision is made. Applicants are responsible for ensuring all relevant materials are submitted to the School prior to deadlines. An online version of the program is also available.

## The Doctor of Philosophy Degree

The PhD in business administration with concentration in entrepreneurship is primarily focused on producing scholars who will be thought leaders in the discipline of entrepreneurship. The program prepares students primarily for careers in academia. Coordinated by the School of Entrepreneurship, students are given an intense exposure to theory and research methods.

The doctoral program involves sixty credit hours beyond the master's degree, of which approximately forty-two hours are coursework, depending upon the student's background, the remaining hours are associated with dissertation work. It is a four-year program, with two years devoted to coursework, followed by comprehensive exams and a dissertation proposal, and then the writing and defending of the dissertation. Students complete fifteen hours of core doctoral seminars in entrepreneurship and management, twelve hours of statistics and research methods courses, nine hours of doctoral or equivalent hours in a minor field, and six hours of approved doctoral-level or equivalent electives. Students typically minor in such fields as psychology, sociology, anthropology, public policy or finance.

Doctoral students are expected to publish while in the program, and also to teach entrepreneurship courses. Faculty mentors work closely with students on research projects while they are in the program, initially involving the student in ongoing research projects, and ultimately working on projects initiated by the student. Students are expected to develop and refine their research interests over the first two years of the program, culminating in the identification of a dissertation topic. The School of Entrepreneurship, with a world-class cadre of entrepreneurship researchers, is well-positioned to support a wide range of topical areas that fit the student's interests.

Outstanding individuals with master's degrees in any field of study may apply. The application for admission to the program is evaluated based on the following:

1. undergraduate and graduate grade-point averages,
2. the student's score on the Graduate Management Admission Test (GMAT),
3. a two- to three-page statement describing career goals, academic interests and research questions that intrigue the applicant,
4. three letters of recommendation, and
5. evidence of research potential.

Based on this review, a personal interview is arranged with selected candidates, and then a final acceptance decision is made. Applicants are responsible for ensuring all relevant materials are submitted to the School prior to deadlines.

## Minors

- Entrepreneurship (EEE), Minor (p. 2794)

## Faculty

Bruce Barringer, PhD—Professor and Head

**Professors:** Curtis B. Moore, PhD, Matthew Rutherford, PhD

**Associate Professors:** Bat Batjargal, PhD; Per Bylund; PhD; Kristen Madison, PhD

**Assistant Professors:** Kevin Mcsweeney, PhD; Victoria Yates, PhD

**Professor of Professional Practice:** Jonathan Butler, PhD; Richard Gajan, MBA; David Thomison, MBA; Marc Tower, Ed.D; Craig Watters, PhD

## Entrepreneurship (EEE), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

**Chesapeake Energy Business Student Success Center**, 155 Business Building, 405-744-2772

**Minimum Overall Grade Point Average:** 2.00

**Total Hours:** 15

For minors requiring 27 hours, 18 of the 27 hours must be taken in residence at OSU, and 6 of the 9 hours for the Specific Minor Area must be taken in residence at OSU. Students with majors outside of the SSB may find that some courses will have additional prerequisites. For minors with various required hours, please see specific minor.

## Other Requirements

- Maximum of 6 non-EEE course credit hours.

## Additional OSU Requirements

### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

EEE 4610	Entrepreneurship Practicum	

Select an additional 15 upper-division hours from fields in the Spears School of Business

**Hours Subtotal** **66**

### Electives

Select 11 hours <sup>3</sup> **11**

May be selected from any upper- or lower-division area except activity courses in LEIS and PE and lower-division AERO and MLSC

Twelve credit hours earned in advanced AERO and MLSC, exclusive of credit earned for summer camp, may be included in the 120 hours

**Hours Subtotal** **11**

**Total Hours** **120**

<sup>1</sup>

Courses also meet College and Departmental Requirements and cannot be waived with an Associate's degree.

2

MGMT 3013 Fundamentals of Management (S) and MKTG 3213 Marketing (S) are common body requirements, but are counted in general education requirements.

3

If ACCT 2103 and ACCT 2203 are substituted for ACCT 2003, hours in the Elective block are reduced by 3.

4

C or better is required.

## Program Declaration Requirements

All new students admitted to the Entrepreneurship program in the Spears School of Business are enrolled as pre-Entrepreneurship until completion of the following prerequisites:

1. ACCT 2003 or ACCT 2103 & 2203, ECON 2003, EEE 2023, MSIS 2103 or BADM 2233, and MKTG 3213 or MGMT 3013, each with a grade of C or higher;
2. ENGL 1113, ENGL 1213, and 3 hours MATH/STAT designated;
3. 45 credit hours earned for incoming freshman or 12 credit hours at Oklahoma State University for transfer students;
4. Minimum GPA of 2.7 at Oklahoma State University

## Other Requirements

1. A minimum of 50 percent of the business hours required for a degree must be OSU delivered in residence or OSU online courses.
2. Forty-five hours of upper-division courses required.

## Additional State/OSU Requirements

- **At least:** 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 and 50% of the upper-division hours in the major field completed at OSU.
- **Limit of:** one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2028.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours

- Minimum GPA of 2.7 at Oklahoma State University.

## School of Marketing and International Business

The School of Marketing and International Business supports two primary undergraduate majors in the Spears School of Business, (1) **Marketing** and (2) **International Business**. In addition, the department is home to the Center for Sales and Service Excellence and the associated **Certificate in Sales and Service Excellence**. Marketing is an exciting field of study leading to a variety of job opportunities both in the private sector and in not-for-profit organizations. In addition, it provides an excellent career path to top management within an organization. Because almost every business has international operations or is affected by events, competitors, and conditions in the global economy, a degree in International Business can open career opportunities both internationally as well as in the United States.

### Marketing

Companies become successful by delivering products and services that satisfy their customers' needs. That sounds easy—but getting to that point requires a lot of hard work, much of which is performed by marketing professionals. Marketing is one of the most popular majors on campus, and for good reason: Everyone in an organization is involved in marketing, even if “marketing” isn't in their job titles! (We explain why everyone is a marketer in the basic marketing course in the Spears core curriculum.)

Marketing professionals perform many activities within organizations. They identify buyers' needs (often through marketing research), develop and manage products/services to meet those needs, develop and manage the supply chain, set prices, communicate with current and potential buyers in a variety of different ways (including professional selling, advertising, and so on), develop and implement service processes, and lots more. In addition, they recruit, train, and manage employees in all these areas. The buyers may be individuals (business-to-consumer marketing, B2C) or organizations (business-to-business marketing, B2B). In many ways, “marketing” is synonymous with “doing business.” A business can't last long if it doesn't sell anything. And it won't sell anything if it can't help buyers satisfy their needs.

Marketing professionals enjoy careers in many different areas—professional selling, communications management, supply chain management, product and brand management, pricing, recruiting, customer service, and marketing research and analytics. Marketing professionals work across a wide variety of industries and not-for-profit organizations.

**OPTIONS:** Marketing is a broad area of study. We have designed the marketing major so that students may choose to get a taste of many different areas or to focus their studies in more specific areas.

- **Marketing Major (general).** For students who want the widest understanding of marketing, we offer the general marketing major degree program. This program offers the greatest degree of flexibility in terms of coursework.
- **Marketing: Option in Professional Selling and Sales Management.** Many (or most) marketing students pursue careers in which they get to interact and form relationships with buyers, clients, or others who purchase products and services from their companies. Opportunities are everywhere for professional salespeople or those who want to work in a retail setting. These careers typically offer high earning potential and are likely the best place to enter an organization for

those who want to really understand customers' needs and how the products and services of a company can satisfy those needs. Plus, being able to relate to customers and form relationships with them are skills that are not easily automated and will always be in demand. Students pursuing the Professional Selling and Sales Management option may also be interested in applying to participate in the **Certificate in Sales and Service Excellence** program (see below).

- **Marketing: Option in Marketing Research and Analytics.** Students who are interested in gaining insights into what buyers want, how they respond to certain companies, products, ad campaigns, and so on (marketing research) or who would enjoy working with a company's existing internal or external data to answer important questions or identify trends (marketing analytics) might select this option. Although students choosing this path are generally more quantitatively oriented, the coursework is not heavy with statistics and methods. (Interested students can pick up those aspects in the Spears School's highly regarded master's degree program in Business Analytics and Data Science.)
- **Marketing: Option in Marketing Communications Management.** Another important role that falls in the marketing domain involves communicating with potential buyers. Students interested in managing the advertising or public relations function for a company (or working in an agency) can select this option. Relevant coursework might include courses on promotional management, social media marketing, digital marketing, and so on.

**CERTIFICATE IN SALES AND SERVICE EXCELLENCE:** The *Center for Sales and Service Excellence* is housed within the School of Marketing and International Business. The Center is designed to provide instruction to students and promote original scholarly research in the area of organizational frontline marketing management. Interactions between frontline employees and their customers form the building blocks from which businesses are made. Many undergraduate students join organizations at entry-level positions where the focus is on customer-related activities, including sales, retailing and customer service. Students who apply and are accepted into the Certificate in Sales and Service Excellence program get specialized training, can participate in regional and/or national sales competitions, and interact with representatives of our Industry Partner companies on a regular basis. Such training will benefit not only students who plan on professional selling careers or customer service, but also those who intend to practice law, medicine, or own their own businesses. Successfully managing customer interactions forms the foundation for success regardless of industry.

### International Business

The **International Business** degree program is a cross-disciplinary program of study that provides the foundation of business and how it intersects with culture, diversity, and language. The program has the flexibility to be tailored to an individual student's specific interests. One of the biggest advantages of the program is its focus on helping students become culturally aware and able to detect important differences in how business is conducted in different regions of the world. International business majors might choose to focus on specific areas of the world by including geography, history, or political science courses relative to those areas. International Business majors can also increase their knowledge and abilities of a specific business discipline by adding a second business major, minor, or certificate (e.g., the Certificate in Sales and Service Excellence).

Many international business majors take advantage of the opportunities afforded by Oklahoma State University to either study abroad or take an international internship. The Cagle Center is the Spears School of Business' launching pad for taking short-term, faculty-led study abroad trips to exciting locations such as China, England, France, Greece and many other locales. OSU's study abroad office, located in the Student Union, is a great place to get information about all of the long-term study opportunities available. What surprises many students is the amount of financial assistance available. When you stop by the Cagle Center or the OSU study abroad office, make sure to ask about scholarship and grant programs.

## Courses

### **MKTG 3112 Marketing**

**Credit hours:** 2

**Contact hours:** Lecture: 2 Contact: 2

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

### **MKTG 3213 Marketing (S)**

**Prerequisites:** Minimum of 45 credit hours.

**Description:** Marketing strategy and decision-making. Consumer behavior, marketing institutions, competition and the law.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**General Education and other Course Attributes:** Social & Behavioral Sciences

### **MKTG 3311 Managing your Personal Brand: Name, Image, & Likeness**

**Description:** Learn the marketing and business concepts necessary for elevating a personal brand, social media influence and entrepreneurial earning power. Students will gain knowledge about marketing theory, strategy and tactics of successful branding with emphasis on audience engagement, generating followers, storytelling, and methods for leveraging your position. Students will also gain insights from current professional athletes to learn proven best practices.

**Credit hours:** 1

**Contact hours:** Lecture: 1 Contact: 1

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

### **MKTG 3313 Personal Marketing and Professional Development**

**Prerequisites:** MKTG 3213.

**Description:** The purposes of this course are (1) to provide an understanding of the role of marketing as applied to the individual student and (2) to provide students basic skills necessary for a successful business career. The course will make extensive use of outside speakers (e.g. professional trainers, alumni, recruiters, professors) covering a broad range of topics. In addition, the course will have a strong experiential dimension (both within and outside the classroom). Previously offered as MKTG 2313.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

### **MKTG 3323 Consumer and Market Behavior**

**Prerequisites:** MKTG 3213.

**Description:** Qualitative and quantitative analyses of the behavior of consumers; a marketing consideration of the contributions of economics and the behavioral disciplines to consumer behavior.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

### **MKTG 3333 Nonprofit Marketing**

**Prerequisites:** MKTG 3213.

**Description:** Applied marketing knowledge with attention given to those concepts and methods used in nonprofit marketing.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

### **MKTG 3433 Promotional Strategy**

**Prerequisites:** MKTG 3213.

**Description:** Promotional policies and techniques and their application to selling problems of the firm.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

### **MKTG 3473 Professional Selling**

**Prerequisites:** MKTG 3213.

**Description:** Skills to understanding the professional personal selling process. Strong emphasis on the communications function of personal selling. Lecture sessions combined with experiential exercises and role playing.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

### **MKTG 3511 Sales Practicum**

**Prerequisites:** MKTG 3213, MKTG 3513 or concurrent enrollment in MKTG 3513.

**Description:** Students use their work experience, and other resources, to gain a practical understanding of sales marketing. Students must have a sales position (paid or volunteer) where they work at least 100 hours over the course of the semester.

**Credit hours:** 1

**Contact hours:** Contact: 1 Other: 1

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Marketing

**MKTG 3611 Retailing Practicum**

**Prerequisites:** MKTG 3213, MKTG 3613 or concurrent enrollment in MKTG 3613.

**Description:** Students use their work experience, and other resources, to gain a practical understanding of Retail Marketing. Students must have a retail position (paid or volunteer) where they work at least 100 hours over the course of the semester.

**Credit hours:** 1

**Contact hours:** Contact: 1 Other: 1

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Marketing

**MKTG 3613 Retailing Management**

**Prerequisites:** MKTG 3213.

**Description:** Applied marketing knowledge, with attention given to those concepts and methods which provide the necessary foundation for a retailing manager.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 3653 Marketing Analytics**

**Prerequisites:** MKTG 3213.

**Description:** Students will learn how to turn marketing data into useful information, and how to use this information to make marketing decisions. Using basic software, students will learn to identify patterns, display the patterns for useful presentation, and base managerial marketing decisions on the analysis. Tools and software are user-friendly and widely used in business. (No programming or equations are required.)

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 3713 Sports Marketing**

**Prerequisites:** MKTG 3213.

**Description:** Applied marketing knowledge with attention given to those concepts and methods used in sports marketing.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 3813 Business to Business Marketing Management**

**Prerequisites:** MKTG 3213.

**Description:** A strategic overview of the marketing of products and services to business, government and not-for-profit organizations.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 3873 Marketing or International Business Internship**

**Prerequisites:** MKTG 3213 and two other marketing classes and must be marketing or international business major and instructor approval.

**Description:** Students will complete an internship with a private business, NGO, or governmental organization. Students will communicate the lesson learned from this experience. Graded on a pass-fail basis.

**Credit hours:** 3

**Contact hours:** Contact: 3 Other: 3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Marketing

**MKTG 3993 International Business (I)**

**Description:** Development of international business strategy based on the integration of economic, accounting, financial, management and marketing concepts. Previously offered as BADM 3713.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**General Education and other Course Attributes:** International Dimension

**MKTG 4093 Current Topics International Business**

**Prerequisites:** MKTG 3993.

**Description:** In this course, students will become familiar with the large-scale changes in the international business environment that are currently taking place and the possible implications of these changes for corporations. These include globalization of markets, labor and skill mobility, automation and future of jobs, and sustainability. The course uses readings and in-class discussions of the current trends and issues in international business.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 4123 Influencer Marketing**

**Prerequisites:** MKTG 3213.

**Description:** Influencer marketing involves using an individual's name, image, likeness, reputation, or personal communication to sell ideas, products, and/or services. Athletes, celebrities, podcasters, musicians, and many others can become successful influencers. The rise of digital communication and marketing tools has greatly heightened the presence and importance of influencer marketing. In this course, students learn influencer marketing strategies and best practices for capitalizing on opportunities to monetize influencer opportunities.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 4223 Supply Chain Management**

**Prerequisites:** MKTG 3213.

**Description:** An economic and operational analysis of the physical flow of goods and materials. A system interpretation of marketing channels.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 4263 Entrepreneurial Marketing**

**Prerequisites:** EEE 3023, MKTG 3213, and completion of business core classes or instructor permission.

**Description:** Examination of the roles of marketing in entrepreneurial ventures and entrepreneurship in the marketing efforts of any organization. Emphasis on marketing as it relates to risk management, resource leveraging and guerrilla approaches. May not be used for degree credit with EEE 5223 or MKTG 5223. Same course as EEE 4223. Previously offered as MKTG 3263.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 4333 Marketing Research**

**Prerequisites:** MKTG 3213 and MKTG 3323 and MSIS 2103.

**Description:** Basic research concepts and methods. Qualitative and quantitative tools of the market researcher.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 4343 Brand Marketing**

**Prerequisites:** MKTG 3213 and MKTG 3323.

**Description:** Examines the broad topic of brand marketing. Consumers, competitors, the media, and the government all focus on the brand as the basic unit of marketing. Thus some of the most important and exciting elements of modern business involve conceiving, building, and marketing the brand. Important issues such as building and measuring brand equity, brand positioning, brand names and logos, and global branding will be discussed.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 4443 Social Issues in the Marketing Environment (D)**

**Prerequisites:** MKTG 3213.

**Description:** Social and legislative considerations as they relate to the marketplace.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**General Education and other Course Attributes:** Diversity

**MKTG 4473 Advanced Professional Selling**

**Prerequisites:** MKTG 3213 and MKTG 3473 and Instructor Permission.

**Description:** The course builds upon the introductory sales class providing students with advanced skills for professional selling. Emphasis will be placed on practical applications through role play of a complete sales process from initial prospecting to closing the sale with high customer satisfaction.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 4513 Sales Management**

**Prerequisites:** MKTG 3213.

**Description:** Sales planning and control, organization of the sales department, developing territories, motivating salespersons and control over sales operations. Previously offered as MKTG 3513.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 4543 Social Media Strategies**

**Prerequisites:** MKTG 3213.

**Description:** This class will focus on ways to build brand awareness and customer loyalty on a low budget. Topics covered will be social media, blogging, events, email marketing; analytics and more. May not be used for degree credit with MKTG 5543.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 4550 Problems In Marketing**

**Prerequisites:** MKTG 3213.

**Description:** Problems in marketing. Specific topics vary from semester to semester. Previously offered as MKTG 4433. Offered for variable credit, 1-9 credit hours, maximum of 9 credit hours.

**Credit hours:** 1-9

**Contact hours:** Contact: 1-9 Other: 1-9

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Marketing

**MKTG 4553 International Marketing**

**Prerequisites:** MKTG 3213.

**Description:** The conceptual framework for marketing into and from foreign countries. The development of action-oriented strategies with emphasis on the uncontrollable factors that affect marketing decisions in an international setting.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 4613 Content Marketing Strategy**

**Prerequisites:** MKTG 3213.

**Description:** At the intersection of development, creativity, and marketing, content marketing strategy is an art that requires an understanding of many different disciplines. Effective marketing content must be prepared strategically for a variety of different platforms: video, podcasting, online, mobile, social media, email marketing, and more. In Content Marketing Strategy, students learn the most common forms of content creation as well as the methods to drive website traffic and subsequent new business.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Marketing

**MKTG 4623 Marketing Design Essentials**

**Description:** Learn practical tools and tips for putting together promotional campaigns and creating promotional assets for a wide range of businesses. Students will learn how to apply marketing and branding theory with design and get hands-on experience in putting creative promotional designs into print and digital form. This class will cover software such as Photoshop, InDesign and Illustrator. Students will learn content creation tools and will create a promotional kit by the end of the semester. May not be used for degree credit with MKTG 5623.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Graduate

**Schedule types:** Lecture

**Department/School:** Marketing

## Undergraduate Programs

- International Business, BSBA (p. 2809)
- Marketing, BSBA (p. 2813)
- Marketing: Marketing Communications Management, BSBA (p. 2816)
- Marketing: Marketing Research and Analytics, BSBA (p. 2819)
- Marketing: Professional Selling and Sales Management, BSBA (p. 2822)

## Graduate Programs

The School of Marketing and International Business offers work leading to the Master of Business Administration, the Master of Business Analytics and the Doctor of Philosophy in business administration degrees. In addition, the School of Marketing and International Business offers work leading to Graduate Certificate in Business Data Mining and Graduate Certificate in Marketing Analytics.

## The Master of Business Administration (MBA) Degree

See "Business Administration (p. 2641)."

## The Master of Science in Business Analytics and Data Science (BAnDS) Degree

This is an interdisciplinary program that offers hands-on application of data analysis along with a unique blend of coursework in Analytics, Marketing, Statistics, Business, MIS and Industrial Engineering. The structure of the curriculum has been carefully designed in consultation with our advisory board companies to balance the need of understanding quantitative approaches, statistical modeling and machine-learning algorithms; data visualization and exploration; and interpretation of results and the ability to apply these results for solving business problems.

The MS in BAnDS is a 37-hour program featuring a core of 25 hours (18 for part time), including a business practicum. The 12 hours of electives allow students to specialize in areas such as business, statistics, information science or industrial engineering. In addition to the MS in BAnDS degree, students in this program may also receive the following three certificates depending on elective courses taken, credentials achieved and so on: SAS® and OSU Data Mining Certificate (core level), SAS® and OSU Predictive Analytics Certificate (advanced level) and SAS® and OSU Marketing Data Science Certificate (expert level).

Admission requirements for the MS in BAnDS are similar to the admission requirements for the other master's programs in the Spears School of Business. Information about the program is available on the Internet at <http://analytics.okstate.edu/msba/>.

## The Doctor of Philosophy Degree

The PhD in business administration program through the School of Marketing and International Business provides intensive study in marketing. It prepares the student for significant professional contributions in university teaching and research or staff positions in business or government.

The program is quite flexible and individually structured to meet the needs and objectives of each candidate. The program is designed to create scholars and researchers in the field of marketing. Highly student-oriented, the program focuses on training individuals in current marketing theory and research techniques. Collaboration between students and faculty is strongly encouraged.

### Program Content

The student will take 15 hours of PhD seminars in marketing. The student must also complete a nine-hour minor in another discipline such as economics, management, sociology or psychology. As support for the major and minor fields of study, extensive coursework (normally 18 credit hours) in the area of quantitative/research methodology is required.

In preparation for the program, it is advisable for candidates to have completed appropriate basic courses in calculus and statistics. Likewise, candidates are expected to have a basic competence in the major functional areas of business—accounting, finance, operations management, organizational theory, economics and marketing. Competence in the functional areas is usually assumed for candidates

having recently completed an appropriate graduate course in each area in an MBA program accredited by the Association to Advance Collegiate Schools of Business (AACSB).

### Application Procedure

Outstanding undergraduate or graduate students from any field of study may apply. For those with an MBA, the program will normally consist of two years of coursework and two years of dissertation work. For those without a master's degree, the plan of study for the PhD degree will typically allow for the granting of an MBA prior to completion of the PhD degree. Applications for admission to the program are evaluated on the basis of the following:

1. undergraduate and graduate grade-point averages,
2. the score on the Graduate Management Admissions Test or Graduate Record Examination,
3. a two- or three-page statement describing goals and academic interests,
4. three letters of recommendation,
5. evidence of research potential, and
6. a personal interview when feasible.

It is the responsibility of each applicant to ensure that all materials related to the above criteria are submitted to the Graduate College and received by the School of Marketing and International Business. Application forms are available online through the Graduate College. A detailed explanation of the PhD degree in business administration with an emphasis in marketing is available through the department.

## Graduate Certificate in Business Data Mining

This certificate program is designed to help working professionals with technical background who do not want to pursue a full master's degree yet want to acquire data mining or predictive analytics skills by taking a series of courses online. Working professionals admitted in this program can complete coursework in 12-24 months by taking courses online. Those enrolled in the graduate certificate in business data mining may be able transfer the credit hours to the MS in Business Analytics if they choose to apply for admission into the MS degree at a later date. Along with the graduate certificate in business data mining, students in this program may also receive all of the following three certificates (depending on courses taken, credentials achieved, etc.): SAS and OSU Data Mining Certificate (core level), SAS and OSU Predictive Analytics Certificate (advanced level) and SAS and OSU Marketing Data Science Certificate (expert level).

More details about this program (including procedure and admission requirements) are on the website: <https://osuonline.okstate.edu/programs/certificates/business-analytics-data-science.html>.

Select an additional 15 hours of upper-division business courses from any field in the Spears School of Business. A minor in a selected business field is highly recommended.		15
<b>Hours Subtotal</b>		<b>66</b>
<b>Electives</b>		
Select 11 hours <sup>3</sup>		11
May be selected from any upper- or lower-division area except activity courses in LEIS and PE and lower-division AERO and MLSC. 12 credit hours earned in advanced AERO and MLSC, exclusive of credit earned for summer camp, may be included in the 120 hours.		
<b>Hours Subtotal</b>		<b>11</b>
<b>Total Hours</b>		<b>120</b>

1

Courses also meet College and Departmental Requirements and cannot be waived with an Associate's degree.

2

MGMT 3013 Fundamentals of Management (S) and MKTG 3213 Marketing (S) are common body requirements, but are counted in general education requirements.

3

If ACCT 2103 and ACCT 2203 are substituted for ACCT 2003, hours in the Elective block are reduced by 3.

4

C or better is required.

## Program Declaration Requirements

All new students admitted to the International Business program in the Spears School of Business are enrolled as pre-International Business until completion of the following prerequisites:

1. ACCT 2003 or ACCT 2103 & 2203, ECON 2003, EEE 2023, MSIS 2103 or BADM 2233, and MKTG 3213 or MGMT 3013, each with a grade of C or higher;
2. ENGL 1113, ENGL 1213, and 3 hours MATH/STAT designated;

3. 45 credit hours earned for incoming freshman or 12 credit hours at Oklahoma State University for transfer students;
4. Minimum GPA of 2.7 at Oklahoma State University

## Other Requirements

1. A minimum of 50 percent of the business hours required for a degree must be OSU delivered in residence or OSU online courses.
2. Forty-five hours of upper-division courses required.
3. The student must indicate international cultural proficiency as evidenced by a combination of 9 hours of course credit in any of the following areas:
  - a. Modern foreign language
  - b. Study abroad programs
  - c. Semester study abroad program
  - d. Upper-division "I" designation coursework

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours
<b>Freshman</b>		
<b>Fall</b>		
BADM 1111	Business First Year Seminar	1
ENGL 1113 or ENGL 1313	Composition I or Critical Analysis and Writing I	3
HIST 1103 or HIST 1483 or HIST 1493	Survey of American History or American History to 1865 (H) or American History Since 1865 (DH)	3
MSIS 2103	Business Data Science Technologies	3
3 hours of MATH or STAT designated 'A'		3
Social Science (S with D or I designations)		3
<b>Hours</b>		<b>16</b>
<b>Spring</b>

1

The student must indicate international cultural proficiency as evidenced by a combination of 9 hours of credit course in the following areas: Modern foreign language, Study Abroad programs, Semester Study Abroad program, Upper-Division "I" designation coursework.

## Program Declaration Requirements

All new students admitted to the International Business program in the Spears School of Business are enrolled as pre-International Business until completion of the following prerequisites:

Code	Title	Hours
<b>Program Declaration Requirements</b>		
Each course in this section must have a grade of "C" or higher		
ACCT 2003	Survey of Accounting	3
or ACCT 2103 & ACCT 2203	Financial Accounting and Managerial Accounting	
ECON 2003	Microeconomic Principles for Business	3
EEE 2023	Introduction to Entrepreneurship	3
3 hours from the following:		3
MSIS 2103	Business Data Science Technologies	
BADM 2233	Business Analytics Fundamentals (A)	
3 hours from the following:		3
MKTG 3213	Marketing (S)	
MGMT 3013	Fundamentals of Management (S)	
<b>Additional Requirements</b>		
ENGL 1113	Composition I	3
ENGL 1213	Composition II	3
Designated MATH/STAT		3
<b>Total Hours</b>		<b>24</b>

## Other Requirements

- 45 credit hours earned for incoming freshman or 12 credit hours at OSU for transfer students;
- Minimum GPA of 2.7 at Oklahoma State University.

## Marketing (MKTG), Minor

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about University Academic Regulation 3.1 (p. 965).

**Chesapeake Energy Business Student Success Center**, 155 Business Building, 405-744-2772

**Minimum Overall Grade Point Average:** 2.00

**Total Hours:** 15

For minors requiring 27 hours, 18 of the 27 hours must be taken in residence at OSU, and 6 of the 9 hours for the Specific Minor Area must be taken in residence at OSU. Students with majors outside of the SSB may find that some courses will have additional prerequisites. For minors with various required hours, please see specific minor.

Code	Title	Hours
<b>Minor Requirements</b>		
MKTG 3213	Marketing (S)	3
Select 12 hours of any upper-division marketing classes		12
<b>Total Hours</b>		<b>15</b>

### Other Requirements

- 12 of the 15 hours must be taken in residence at OSU.

### Additional OSU Requirements

#### Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (<https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf>).

- Degrees that follow this plan must be completed by the end of Summer 2029.

## Example Plan of Study

### Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Course	Title	Hours
<b>Freshman</b>		
<b>Fall</b>		
BADM 1111	Business First Year Seminar	1

MSIS 4673	Data Visualization	3
Select 9 hours of upper-division marketing electives		9
Select an additional 9 hours of upper-division courses from any field in the Spears School of Business.		9

**Hours Subtotal** **63**

**Electives**

Select 14 hours <sup>3</sup> **14**

May be selected from any upper- or lower-division area except activity courses in LEIS and PE and lower-division AERO and MLSC. Twelve credit hours earned in advanced AERO and MLSC, exclusive of credit earned for summer camp, may be included in the 120 hours.

**Hours Subtotal** **14**

**Total Hours** **120**

1

Courses also meet College and Departmental Requirements and cannot be waived with an Associate's degree.

2

MGMT 3013 Fundamentals of Management (S) and MKTG 3213 Marketing (S) are common body requirements, but are counted in general education requirements.

3

If ACCT 2103 and ACCT 2203 are substituted for ACCT 2003, hours in the Elective block are reduced by 3.

4

C or better is required.

## Other Requirements

1. A minimum of 50 percent of the business hours required for a degree must be OSU delivered in residence or OSU online courses.
2. Forty-five hours of upper-division courses required.

## Program Declaration Requirements

All new students admitted to the Marketing program in the Spears School of Business are enrolled as pre-Marketing until completion of the following prerequisites:

1. ACCT 2003 or ACCT 2103 & 2203, ECON 2003, EEE 2023, MSIS 2103 or BADM 2233, and MKTG 3213 or MGMT 3013, each with a grade of C or higher;
2. ENGL 1113, ENGL 1213, and 3 hours MATH/STAT designated;
3. 45 credit hours earned for incoming freshman or 12 credit hours at Oklahoma State University for transfer students;
4. Minimum GPA of 2.7 at Oklahoma State University

## Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2029.

## Watson Graduate School

Watson Graduate School of Management provides support for several collegewide and departmental graduate programs. Links to all the program options are provided below, but the collegewide programs are described first.

Many of our Masters programs have dual degree agreements to let prospective pursue two graduate degrees. In addition, many programs have "4+1" options so that OSU undergraduate students can apply for a Masters degree while pursuing their undergraduate degree and begin work towards their graduate degree to be able to accelerate completion of the masters degree coursework. Program websites identify these arrangements and steps.

### The Master of Business Administration Degree

The Master of Business Administration program provides graduate professional education for individuals preparing for administrative careers in either the private or public sectors. It is a comprehensive yet flexible program providing the knowledge and analytical tools to cope with the complexities of management within diverse environments. There are a number of delivery options for the MBA: full-time, part-time and online.

#### Full-Time MBA

The full-time MBA is a 36-credit-hour semi-lockstep program designed for individuals who want a cohort-based experience. Applicants must have earned a four-year undergraduate degree or equivalent from an accredited university and have competitive GPA and GMAT scores. Full-time students may choose between a general MBA and an in-depth specialization. Students choosing a general MBA are free to select 9 hours of electives in functional areas of business such as marketing, finance or management. Students seeking a more in-depth area of study may select from the various options.

#### Part-Time MBA

The part-time MBA is a 33-credit-hour program designed for individuals who wish to enroll on a part-time basis. The self-paced program allows students to take classes as their schedules permit. Applicants must have earned a four-year undergraduate degree or equivalent from an accredited university and have competitive GPA and GMAT scores.

#### Online

The MBA part-time program can be completed through a distance-learning format. Distance learning is an ideal educational format for individuals seeking an alternative to the traditional on-campus classroom experience. Classes are delivered via video streaming on the Internet. Interaction with faculty and other students occurs through a web-based environment.

Regardless of the delivery option, admission is granted to those students whose potential for successful graduate study is clearly indicated by the undergraduate grade-point average, the score on the Graduate Management Admissions Test, letters of recommendation from three sources, past work experience, extracurricular and community activities and stated career goals.

The required number of credit hours for the MBA degree and consideration of a waiver for GMAT/GRE scores for admission under

exceptional circumstances are subject to changes after approval by the OSRHE.

### MS BAnDS

The MS in Business Analytics and Data Science (MS BAnDS) is a STEM designated program that develops the next generation of analytics and data science professionals to tackle real-world challenges. We use state-of-the-art enterprise level analytics software from multiple vendors such as Alteryx, Azure, Power BI, Tableau, SAS, Snowflake as well as open source software such as Google Colab, Python and R which provide great advantages in the competitive job market.

The MS BAnDS (<https://business.okstate.edu/analytics/>) program requires 37 credit hours (check our Plan of Study ([https://business.okstate.edu/analytics/plan\\_of\\_study.html](https://business.okstate.edu/analytics/plan_of_study.html)) page for core course details, electives and software used in each core course) and graduates typically find employment ([https://business.okstate.edu/analytics/student\\_placement.html](https://business.okstate.edu/analytics/student_placement.html)) as data scientists, data/business analysts or consultants, or statistical analysts. It is a 21-months program (for full-time on campus students) of which up to 7 months may be used for internships. Beyond core courses, all students have the choice of specializing in various pre-approved options or, creating a completely customized set of electives to fit their career goals.

#### Admissions

Admissions are decided on a holistic approach with successful candidates meeting the following preferences:

- GMAT or GRE are required with minimum recommended scores above the 51<sup>st</sup> percentile in each of the test areas.
- Work experience is considered during the application review process and is strongly encouraged for all candidates.

### The Doctor of Philosophy Degree

The PhD in business administration is an interdepartmental program in the Spears School of Business, including accounting, entrepreneurship, finance, hospitality and tourism management, management, management science and information systems, marketing and an executive research option. The degree emphasizes flexibility to meet the particular needs and objectives of individual candidates. The program is designed to provide the highest degree of preparation for the individual student, enabling him or her to make significant professional contributions in research, teaching or business or governmental positions.

#### Requirements

Students select one major area of study from either accounting, entrepreneurship, finance, hospitality and tourism management, management, management information systems/management science or marketing, and two minor areas. The dissertation is usually written in the student's major area. One of the minor areas must be taken in the Spears School of Business. The second minor may be taken from another department within the Spears School of Business or from a department outside the Spears School.

All candidates for the PhD degree in business administration are expected to have a basic competence in all the major functional areas of business administration—accounting, economics, finance, management, management information systems/management science and marketing. In addition, basic competence is expected in research methods and

statistics. Students who possess a recent master's degree in business from a program accredited by the Association to Advance Collegiate Schools of Business (AACSB International) will generally have satisfied most of the basic competence requirements in these areas.

## Administration

The program is administered by the dean of the Graduate College and the department in which the student enrolls with the assistance of a faculty advisory committee.

## Major and Minor Areas

The candidate's advisory committee is responsible for assisting in the development of a plan of study that assures competence in the major and minor areas and in economics and quantitative analysis. All PhD students in residence are required to do teaching or research on a half-time basis while earning the degree.

For additional information about the PhD see the respective departments.

In addition, Spears Business offers several specialized masters and graduate certificate programs. Information on these is linked below.

## Doctor of Business Administration (DBA)

This AACSB-accredited Doctor of Business Administration is designed for experienced professionals in business and management. It is a terminal degree that combines rigorous coursework with applied research to develop advanced skills in critical thinking and decision-making. The DBA curriculum focuses on solving real-world business challenges and aims to develop industry leaders who can make significant contributions in their fields. Students will engage in specialized studies within a chosen area of concentration and complete a doctoral thesis that contributes new knowledge to the field of business administration.

## PhD in Business for Executives

Oklahoma State University offers an AACSB accredited Ph.D. in Business Administration for Executives that allows organizational leaders to earn a doctorate while continuing their full-time careers. The program is designed to bridge rigorous academic study and business practice through a rich research-based curriculum and practical research. It is offered in a hybrid format with in-person residencies.

# THE HONORS COLLEGE

Richard Frohock, PhD—Interim Dean  
 John Andrews, PhD—Teaching Assistant Professor  
 Stephanie Miller, PhD—Teaching Assistant Professor  
 Ebonie Hill—Program Manager  
 Shelly Schauer—Administrative Assistant  
 Amanda Booth, MA—Honors Academic Counselor  
 Samantha Holguin—Honors Academic Counselor  
 Mili Jha—Honors Academic Counselor  
 Samuel Morse, MS—Honors Academic Counselor  
 Katie Parr—Honors Academic Counselor  
 Joshua Reyes—Honors Academic Counselor  
 William Talbert—Honors Academic Counselor  
 Christine Thomas, PhD—Teaching Assistant Professor

Oklahoma State University is an active member of the National Collegiate Honors Council and the Great Plains Honors Council. The Honors College Degree is composed of a university-wide General Honors component and specialized upper-division components at the departmental or college levels. The Honors College provides academically talented students with the opportunity to study, conduct research and exchange ideas in an exciting and supportive academic environment. Honors sections are offered in many general education courses, and special honors seminars, add-ons and interdisciplinary honors courses also are available. Honors classes are taught by outstanding faculty members and the classes are small in size to facilitate active student involvement. Additionally, the honors experiential learning program allows students to earn honors credit for meaningful, substantive activities that take them beyond the classroom. A wide range of specified activities (arranged under the headings Academics, Arts, Leadership, Study Away, and Service) can qualify for honors points (equivalent to hours) that can be applied toward the general honors award (GHA), to maintain active status, and/or toward additional hours needed for the honors degree after completion of the GHA and departmental/college awards.

Completion of the requirements for the General Honors Award leads to special designation on the student's OSU transcript, as does completion of the requirements for the Departmental or College Honors Award in the student's academic major. Students who earn a minimum of 36 honors credit hours and complete the Departmental or College Honors Award, as well as the General Honors Award, with a 3.50 cumulative grade-point average at graduation, receive the Honors College Degree, including a special entry on their transcripts and special honors diplomas.

Additional advantages for active participants in The Honors College (minimum of three honors credit hours per semester and nine honors credit hours for each two consecutive semesters for freshmen and sophomores and three honors credit hours per semester for juniors and seniors) include use of The Honors College Study Lounge in Old Central, extended check-out privileges for library materials, priority enrollment for the following semester and an honors housing option in Stout Hall (on a rooms-available basis).

Admission of new freshmen to The Honors College is based on a high school unweighted grade-point average of 3.85 or higher OR high school unweighted grade-point average of 3.75 and an ACT composite score of 27 (or comparable SAT-R score). If a student has a high school unweighted grade-point average of at least 3.75 and does not have a standardized test score or would like to be considered for Honors College admission without a standardized test score being taken into consideration, the student may petition for admission. The petition form

is available when the student applies to The Honors College through the OSU admissions application. Students other than new freshmen may be admitted to The Honors College on the basis of their graduation/retention grade-point average (7-59 hours earned: 3.30; 60-93 hours earned: 3.40; 94 or more hours earned: 3.50). Transfer freshmen must have completed at least seven college credit hours (not including concurrent enrollment while in high school) to be eligible on the basis of college performance if they do not have the required high school grade-point average and ACT score. In addition to meeting the Honors criteria, admission to The Honors College is contingent on space being available. Please apply as early as possible for the best consideration. Students must be admitted to OSU to apply to The Honors College. Apply online at [admissions.okstate.edu/apply](https://admissions.okstate.edu/apply) (<https://admissions.okstate.edu/apply/>). There is no additional fee to apply to The Honors College. Honors eligibility is subject to periodic review, so be sure to check with The Honors College for current requirements.

For additional information about The Honors College, interested students should consult the Interim Dean or Program Manager of The Honors College, 101 Old Central or visit <https://honors.okstate.edu> (<http://honors.okstate.edu>).

## OSU-Tulsa Honors Award

This award was created for OSU-Tulsa students and is ideal for transfer students. In general, the OSU-Tulsa Honors Award requires a minimum of 21 honors credit hours with a grade of "A" or "B", including a 3-hour thesis prep and 3-hour thesis or creative component, with a cumulative graduation/retention GPA of 3.50 or higher. Up to nine of the 21 honors credit hours can be transferred in from eligible honors programs. Students who earn the OSU-Tulsa Honors Award receive a certificate and the award is posted to their undergraduate transcripts.

For additional information about the OSU-Tulsa Honors Award, interested students should consult the Program Manager of The Honors College, 101 Old Central or visit <https://honors.okstate.edu>.

## Courses

### HONR 1000 Introductory Honors Topics

**Prerequisites:** Introductory Honors Topics.

**Description:** Introduction to topics in various disciplines by faculty from the undergraduate colleges for freshman and sophomore students in the University Honors College. Offered for variable credit, 1-3 credit hours, maximum of 12 credit hours.

**Credit hours:** 1-3

**Contact hours:** Contact: 1-3 Other: 1-3

**Levels:** Undergraduate

**Schedule types:** Independent Study

**Department/School:** Honors College

**General Education and other Course Attributes:** Honors Credit

### HONR 1093 Patterns and Symmetry in Mathematics (A)

**Prerequisites:** Honors Program participation.

**Description:** Tessellations, or repetitive patterns in the plane and in space, and the symmetries, or rigid motions, that preserve them. Illustrations from art, architecture, science, and nature. For the Honors student.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Honors College

**General Education and other Course Attributes:** Analytical & Quant Thought, Honors Credit

**HONR 1103 The US Presidency (as seen on TV) (S)****Prerequisites:** Honors College participation.**Description:** This course will focus on the relationship between the U.S. Presidency and the media, starting from the Roosevelt administration. The course also examines the unique communication opportunities Presidents (and those seeking the office) can utilize, from news conferences to debates. Special consideration will be given to the impact of new and social media and whether it is diminishing the impact of television on coverage of the office.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Honors Credit, Social & Behavioral Sciences**HONR 1113 Active Aging for L.I.F.E (DS)****Prerequisites:** Honors College participation.**Description:** Active aging allows people to realize their potential for physical, social and mental well-being throughout the life course. In this honors seminar you will acquire a great deal of information on a wide range of topics in order to build your personal understanding of the relationships between Longevity, Independence, Fitness and Engagement for active aging.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Diversity, Honors Credit, Social & Behavioral Sciences**HONR 1123 The Art of Mindful Living (H)****Prerequisites:** Honors College Participation.**Description:** Meditation and mindfulness are becoming ever-more relevant and important in our busy modern world and life. This course presents the basics for both understanding and practicing mindfulness so to live a more peaceful and fulfilled life.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Humanities, Honors Credit**HONR 1133 Place-As-Text Seminar (H)****Prerequisites:** Honors College Participation.**Description:** Place-as-Text™ is a curriculum developed and taught by honors colleges and programs around the country. These courses focus on a place, often a city, and explore life and culture there through immersive, experience-based activities. Students will learn to observe closely, "read" what they encounter and experience, and independently analyze how cultural ideas create real living conditions.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Humanities, Honors Credit**HONR 1153 Sex in College Culture Honors (S)****Prerequisites:** Honors College Participation.**Description:** Within college culture, individual identity and behavior, social expectations, and campus policies coalesce to influence the sexual experiences of college students. This course examines gender; sexual scripts; dating, hooking up, and relationships; sexual orientation; Greek life; and sexual violence as confined within and ultimately shaped by college culture.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Honors Credit, Social & Behavioral Sciences**HONR 1503 Integrative Biology: The Mind (N)****Prerequisites:** Honors College participation.**Description:** The Mind connects biopsychology to real world behavior and shows how millions of years of cognitive evolution have shaped how we see the world and how we make decisions based on our perceptions. This is a natural science course that addresses important contemporary social issues and will be uniquely effective at helping prepare students to not only be successful young academics, but conscientious thoughtful members of society as well.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Honors Credit, Natural Sciences**HONR 2013 Honors Law and Legal Institutions (S)****Prerequisites:** Honors Program participation.**Description:** An introduction to law in American society with reference to its European origins; its political, economic, psychological, and sociological dimensions; and the substantive law in selected areas. Introduction to legal reasoning and legal research techniques. For the Honors student.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Honors Credit, Social & Behavioral Sciences**HONR 2023 Constitutional Dimensions of Diversity (DS)****Prerequisites:** Honors College participation.**Description:** An introduction to American constitutional law as it relates to diversity issues through the study of landmark Supreme Court decisions affecting the rights of various minorities. Introduction to legal research techniques.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Diversity, Honors Credit, Social & Behavioral Sciences

**HONR 2063 Ethical Issues Across Cultural Perspectives (H)**

**Prerequisites:** Honors Program participation.

**Description:** An introduction to reasoned methods of evaluating ideas and arguments as they pertain to ethical issues from a global perspective.

Concepts including obligation, justice, and ethnicity from Lao Tzu, Maimonides, Kant, and Indian wisdom stories. Environmentalism, technology, and cultural knowledge. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Honors College

**General Education and other Course Attributes:** Humanities, Honors Credit

**HONR 2073 The Story of Lizzie Borden: Axe Murder in American Culture (DH)**

**Prerequisites:** Honors College participation.

**Description:** In 1892, Lizzie Borden was accused of killing her father and stepmother with an axe. She was eventually acquitted, but her story had captured the American cultural imagination. This course examines representations of the Lizzie Borden story in news reports, true crime, short fiction, poems, novels, plays, a ballet, and multiple films, exploring how changing concepts of gender shape the way in which the story is told in different media and in different moments in American history.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Honors College

**General Education and other Course Attributes:** Diversity, Humanities, Honors Credit

**HONR 2083 Honors Flash Fiction: A Tiny Genre with a Big Impact (DH)**

**Prerequisites:** Honors College participation.

**Description:** This honors seminar explores diversity in contemporary American culture through the lens of flash fiction; very short stories.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Honors College

**General Education and other Course Attributes:** Diversity, Humanities, Honors Credit

**HONR 2093 Tornadoes in American Culture Honors (H)**

**Prerequisites:** Honors College participation.

**Description:** This honors seminar will explore how tornadoes shape regional identities, produce diverse narratives, and influence art, literature and film.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Honors College

**General Education and other Course Attributes:** Humanities, Honors Credit

**HONR 2303 Magic Rings Symbol and Allegory (H)**

**Prerequisites:** Honors College participation.

**Description:** A study of magic rings as symbols in Western philosophy, literature, and music. Works will include Plato's Republic, Wagner's Ring on the Nibelung, and Tolkien's Lord of the Rings.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Honors College

**General Education and other Course Attributes:** Humanities, Honors Credit

**HONR 2313 Don Juan: His Lives and Times (H)**

**Prerequisites:** Honors College participation.

**Description:** A cultural history of the Don Juan figure in literature and music from the 17th century to the present. Works studied include those by Tirso de Molina, Molière, Mozart, Pushkin, Byron, Shaw, and Walcott.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Honors College

**General Education and other Course Attributes:** Humanities, Honors Credit

**HONR 2323 Witches, Murderers, Pirates, and Thieves: Early American Crime Narratives (H)**

**Prerequisites:** Honors College participation.

**Description:** Tales of crimes – real, alleged and fictional – were very popular with readers in the 17th, 18th and 19th century Atlantic world, as they are today. As we work our way through tales of sensational crime, we will think about the cultural work that crime stories do; that is, we will consider how they explore ideas about human nature, civil society, authority, transgression, and the origins of evil.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Honors College

**General Education and other Course Attributes:** Humanities, Honors Credit

**HONR 2413 The Ancient World (H)**

**Prerequisites:** Honors Program participation.

**Description:** Interdisciplinary study of art, history, philosophy and literature from ancient Greece and Rome as well as the religious ideas central to Judaism and Christianity. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student. No degree credit for students with prior credit in HONR 2113. Previously offered as HONR 1013.

**Credit hours:** 3

**Contact hours:** Lecture: 3 Contact: 3

**Levels:** Undergraduate

**Schedule types:** Lecture

**Department/School:** Honors College

**General Education and other Course Attributes:** Humanities, Honors Credit

**HONR 2423 The Middle Ages and Renaissance (H)****Prerequisites:** Honors Program participation.**Description:** Interdisciplinary study of art, history, philosophy and literature from the Middle Ages to the early Renaissance. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student. May not be used for degree credit with HONR 2113. Previously offered as HONR 1023.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Humanities, Honors Credit**HONR 2433 The Early Modern World (H)****Prerequisites:** Honors Program participation.**Description:** Interdisciplinary study of art, history, philosophy and literature from the late Renaissance to the mid-19th century. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student. May not be used for degree credit with HONR 2223. Previously offered as HONR 1033.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Humanities, Honors Credit**HONR 2443 Honors Romanticism to Postmodernism: 19th & 20th Centuries (H)****Prerequisites:** Honors Program participation.**Description:** Interdisciplinary study of art, history, philosophy and literature from the 19th century to the present. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student. May not be used for degree credit with HONR 2223. Previously offered as HONR 1043.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Humanities, Honors Credit**HONR 2503 Confronting Pseudoscience****Prerequisites:** Honors College participation.**Description:** Using the tools of evidential reasoning and critical thinking this course examines the difference between a true scientific endeavor and pseudoscientific belief systems. In doing so it provides students with an understanding of scientific reasoning and its application in everyday life while exposing students to content from a range of the natural sciences.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Honors Credit**HONR 2514 Honors Scientific Inquiry****Prerequisites:** Honors Program participation.**Description:** A team-taught interdisciplinary course dealing with philosophy of science and the application of the scientific method in the natural and social sciences. Selected topics that involve interdisciplinary scientific inquiry. For the Honors student.**Credit hours:** 4**Contact hours:** Lecture: 3 Lab: 2 Contact: 5**Levels:** Undergraduate**Schedule types:** Lab, Lecture, Combined lecture and lab**Department/School:** Honors College**General Education and other Course Attributes:** Honors Credit**HONR 2890 Introductory Honors Add-On****Prerequisites:** Honors College participation and concurrent enrollment in a designated course.**Description:** A supplemental introductory honors experience to partner concurrently with designated course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour.**Credit hours:** 1-3**Contact hours:** Lecture: 1-3 Contact: 1-3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Honors Credit**HONR 3000 Advanced Honors Topics****Prerequisites:** Honors Program participation, junior standing.**Description:** Topical study in various disciplines taught by faculty from the undergraduate colleges for junior and senior students in the University Honors Program. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.**Credit hours:** 1-3**Contact hours:** Contact: 1-3 Other: 1-3**Levels:** Undergraduate**Schedule types:** Independent Study**Department/School:** Honors College**General Education and other Course Attributes:** Honors Credit**HONR 3013 Holocaust Studies Seminar (HI)****Prerequisites:** Junior standing and Honors College participation.**Description:** An interdisciplinary study of one of the great atrocities of human history – the Holocaust. Addresses questions of good and evil, divinity and humanity, and truth and responsibility that arise from this event. For the Honors Student.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Humanities, Honors Credit, International Dimension

**HONR 3023 Contemporary Cultures of the Western World: Honors (HI)****Prerequisites:** Honors College participation.**Description:** Interdisciplinary examination of one or more cultures of Europe and/or the western hemisphere. The course will explore characteristics of "Western" cultures and their manifestations in modern societies. Topics of study include diversity in social and cultural practices.**Credit hours:** 3**Contact hours:** Lecture: 3 Contact: 3**Levels:** Undergraduate**Schedule types:** Lecture**Department/School:** Honors College**General Education and other Course Attributes:** Humanities, Honors Credit, International Dimension**HONR 3033 Contemporary Cultures of the Non-Western World: Honors (IS)****Prerequisites:** Honors College participation.**Description:** Interdisciplinary study of contemporary cultures of non-western world including lifestyle, housing and food. *The OSU Graduate College - Developing the person, the scholar and the professional...*

Graduate education at Oklahoma State University (OSU) is organized around the scholarly pursuit of new knowledge, both through didactic instruction and independent and group research conducted utilizing the facilities and resources of a major research university. OSU's national and international reputation is grounded in the scholarly research and creative work performed by faculty and students under the auspices of OSU's graduate programs.

The first graduate degree was conferred by OSU in 1912, and the Graduate College was organized in 1929. OSU offers more than 200 graduate degree programs, and certificates, including several interdisciplinary and joint-degree programs.

## 1.0 Overview

### 1.1 Graduate Students.

Over 4,740 graduate students currently study at OSU. Part of OSU's mission as a Land Grant University is to serve the people of the region, the state, the nation, and the world by making a first-class education available to all. In response to the growing diversity and demographic changes in the state and in the nation, OSU is committed to preparing graduates to live and work in a culturally pluralistic world. The Graduate College is proud of the diversity of its graduate student population and of their contributions to both the generation and dissemination of new knowledge through their involvement in the University's research and instructional programs. Numerous multicultural student organizations on campus provide information and support to international and diverse students to assist in the successful completion of their graduate studies.

### 1.2 The Graduate College.

The Graduate College supervises all graduate work offered by OSU, including graduate degree programs at OSU—Stillwater, OSU—Tulsa, OSU Center for Health Sciences in Tulsa and OSU College of Veterinary Medicine in Stillwater. Professional medical degrees offered through the College of Veterinary Medicine and the Center for Health Sciences in Tulsa are not under the Graduate College. The Graduate College sets standards for admission to graduate standing and recommends to the Board of Regents those students who have completed work required for earning graduate degrees.

In addition, the Graduate College offers a number of student services and professional preparation opportunities specifically designed for graduate student success while at OSU as well as after graduation. These

activities in the *360° Critical Skills for Career Success* in the Graduate Student Success center include graduate teaching assistant orientation programs, three-minute oral communication competitions and thesis/dissertation writing workshops.

### 1.3 Graduate College Memberships.

The Graduate College is a member of the Council of Graduate Schools (CGS), the Conference of Southern Graduate Schools (CSGS) and the Midwestern Association of Graduate Schools (MAGS).

### 1.4 Organization of the Graduate College.

Consistent with its objective of maintaining the highest standards in graduate education, the Graduate College administers the policies and procedures specified and established by the Graduate Faculty, Graduate Council, Board of Regents for the Oklahoma Agricultural and Mechanical Colleges and the Oklahoma State Regents for Higher Education. The dean of the Graduate College is the senior administrator of the College as well as the dean for graduate students. The Graduate Council is the executive committee of the Graduate Faculty; it is elected by the Graduate Faculty to work with the dean of the Graduate College in the development and administration of applicable policy. The Graduate Council formulates and reviews policies concerning the conduct of graduate study at OSU, and Council members participate in the periodic review of graduate programs. All proposed policies and requests related to the initiation and development of graduate curricular offerings and programs are referred to the Graduate Council for review, comment and approval.

### 1.5 Accreditation.

OSU is accredited by the Higher Learning Commission, (HLC) of the North Central Association of Colleges and Schools. (HLC, 230 S. LaSalle Street, Suite 7-500, Chicago, IL 60604-1411; ph 1-800-621-7440; [www.hlcommission.org](http://www.hlcommission.org) (<http://www.hlcommission.org>)). Several programs within the disciplinary colleges are also accredited by other agencies; see "Accreditation (p. 17)" in "The University (p. 17)" section of the Catalog.

### 1.6 General Regulation.

Full authority over all academic decisions within the Graduate College rests with the dean of the Graduate College. The Graduate College policies and procedures described in the Catalog are for informational purposes. They are subject to regular review and may be revised at any time by the dean of the Graduate College in consultation with the Graduate Council.

### 1.7 Responsibilities.

All graduate students are expected to read and to comply with the written regulations of their graduate programs and disciplinary college, as well as the Graduate College and University. The regulations presented in the Catalog may be supplemented by written departmental or program requirements available at departmental offices and/or websites. Admission to a specific graduate program obligates the student to understand and adhere to the policies of that program.

General regulations in the following sections relate to requirements for admission, enrollment and academic standing. Subsequent sections outline requirements for the following credentials: Graduate Certificate, Masters, Specialist, and, Doctoral degrees. Particular attention should be given to timing and substantive requirements for matriculation, especially admission, the Plan of Study, residency, language proficiency, research, dissertation/thesis/creative component/report, and graduation. The regulations are prescribed by the Graduate Council with the intent of

assuring high-quality graduate programs and effective interaction of Graduate Faculty members and graduate students.

### 1.8 Email as Official Correspondence.

OSU uses the institutional O-Key email address as an official means of communication with OSU faculty, staff, administrators, and students. All students have an official OSU email address that is activated when they set up their O-Key account. Students are expected to activate and check their OSU email on a frequent and consistent basis to remain informed of their official University business and are expected to ensure that adequate email space is available to receive messages.

### 1.9 Tuition and Fees.

Refer to the "Tuition, Fees and Cost Estimates (p. 74)" section of the Catalog.

### 1.10 Exception Requests.

Any request for a waiver of, exception to, or deviation from, any requirement set forth in the "Graduate College" section of the Catalog must be in the form of a written petition to the dean of the Graduate College. Such petitions should include a supporting letter from the graduate faculty advisor and/or graduate program coordinator.

## 2.0 Services for Graduate Students

For a complete list of University services, please visit the "Current Student" link on the "Resources" menu on the Graduate College website (<http://gradcollege.okstate.edu>) or the "Student Life" link on the OSU website (<http://go.okstate.edu>).

### 2.1 Graduate and Professional Student Government Association.

The Graduate and Professional Student Government Association (GPSGA) is an official advisory body to the University President and dean of the Graduate College and serves as the representative voice for graduate and professional students at OSU. Its mission is to improve all aspects of post-graduate education and student life at OSU.

The Association provides for representation from each graduate and professional degree program. Representatives are nominated by the graduate programs with membership conferred by the GPSGA president. Each representative is appointed for a term of one year; a representative must be in good academic standing and enrolled full time.

The GPSGA provides funds for graduate and professional student organizations and in collaboration with the Graduate College, travel grants to help students defray costs incurred by attending and presenting at professional meetings. For more information consult [gpsga.okstate.edu](http://gpsga.okstate.edu) (<http://gpsga.okstate.edu>).

## 3.0 Funding Your Graduate Education

### 3.1 General Financial Aid.

One of the most common sources of funding for graduate students is graduate assistantships. Graduate teaching and research assistantships (GTAs/GRAs) support OSU's instructional and scholarly activities. Most academic programs routinely evaluate graduate admission applications not only for admission consideration but also for the possibility of assistantship offers. The graduate program makes assistantship offers. These awards assist students in paying for their graduate education and also offer opportunities to gain valuable skills and experience in their discipline and as a professional.

### 3.2 Office of the Bursar Payment Plan

OSU offers enrolled students a semester-based payment option, as an alternative to the traditional lump-sum payment method. This plan allows for university-billed expenses to be paid in regular monthly installment without a finance charges. The plan has a \$25 application fee and additional information can be found at [https://bursar.okstate.edu/billing\\_payment-option-plan](https://bursar.okstate.edu/billing_payment-option-plan) (<https://bursar.okstate.edu/payment-option-plan/>).

### 3.3 Federal Financial Aid.

All domestic students who want to qualify for federal financial aid should complete the Free Application for Federal Student Aid (FAFSA). Students are encouraged to complete the FAFSA annually as soon after October 1 as possible to receive aid for the subsequent academic year. The FAFSA is available at [www.studentaid.gov/h/apply-for-aid/fafsa.ed.gov](http://www.studentaid.gov/h/apply-for-aid/fafsa.ed.gov) (<https://studentaid.gov/h/apply-for-aid/fafsa/>).

### 3.4 OSU Short-Term Emergency Loans.

In addition to potential federal loans that may be awarded, OSU assists students in need of immediate funds through the Short-Term Emergency Loan Program. This program is designed to help OSU students who are currently enrolled and attending classes to meet educationally-related off-campus unexpected expenses. The program is not designed to pay a debt owed to OSU. Qualified students may borrow up to \$500 less a \$10 service charge one time per semester. Additional information about the Short-Term Emergency Loan Program can be found at <https://financialaid.okstate.edu/aid/loans/stl> (<https://financialaid.okstate.edu/aid/loans/stl/>).

### 3.5 Graduate Assistantships.

OSU recognizes two types of graduate assistants for students enrolled in master's, specialist and doctoral degree programs. Graduate certificate seeking only and non-degree seeking students are not eligible for GTA or GRA positions or associated benefits.

A Graduate Teaching Assistant (GTA) must be admitted to and meet the requirements of the Graduate College, be fully admitted to a graduate degree program, enrolled, and be under the supervision of an appropriate graduate faculty member. In consultation with the supervisor, the GTA works to gain instructional skills and an increased understanding of the discipline. The GTA is provided a stipend and their primary responsibilities are to support the University's instructional mission. Services provided by a GTA may include: classroom or laboratory teaching; advising and mentoring of students; proctoring examinations; grading papers, homework, and/or projects; accompanying/coaching musical or vocal performances, providing artistic instruction or assisting with preparation and management of materials and programs that are utilized in imparting knowledge or in the instructional process; or providing other general assistance in the instruction process. A GTA may be assigned primary responsibilities in an extension, outreach or service role for which those responsibilities support the instructional mission of the University. GTAs may not be given duties to support faculty research or those primarily clerical in nature.

A Graduate Research Assistant (GRA) must be admitted to and meet the requirements of the Graduate College, be fully admitted to a graduate degree program, enrolled, and be under the supervision of an appropriate graduate faculty member. A GRA is provided a stipend and their primary responsibilities are to provide general support to the University's research mission. These responsibilities may or may not relate directly to the student's thesis or dissertation. Duties of the GRA primarily involve applying and mastering research concepts, practices or methods

of scholarship. Services provided by a GRA may include: assisting faculty members in a research or creative activity; perform degree-related professional or administrative services that supports research, instruction, professional development, or outreach missions of the University; developing and evaluating instructional materials or curricula; or assuming responsibility for designated scholarly endeavors.

“Perform degree-related professional or administrative services” does not include jobs that are outside the student’s field of study.

Assistantship inquiries should be addressed to the unit head or graduate program coordinator of the unit/department/school/program in which the appointment is desired. The service expected is governed by the terms of the appointment.

### 3.6 Graduate Assistantship Responsibilities.

An offer of an assistantship is a commitment by a unit/department/school/program to provide financial support to admitted graduate students. Assistantships are an investment made by a unit/department/school/program and are granted primarily to enable the student to pursue an advanced degree and gain valuable experience. Accepting an assistantship brings with it a professional obligation to fulfill all of the responsibilities associated with the assistantship assignment. Included in this professional obligation is the expectation that students who have accepted an assistantship will diligently pursue their degree to completion. In recognition of this commitment and to provide adequate time for students holding assistantships to devote to study, employment as a graduate assistant is limited to a total, from all University sources (including external grants and contracts), of 0.50 FTE (an average of 20 hours per week) in the Fall and Spring semesters, and 0.75 FTE (an average of 30 hours per week) between the end of the Spring semester and the beginning of the Fall semester. Exceptions to this limitation may be requested by the employing unit or graduate program to the dean of the Graduate College.

A student with a 0.50 FTE assistantship is expected to devote, on average, 20 hours per week to their duties as a graduate teaching or research assistant; the remainder of academic effort is devoted to his or her own studies and research. The time devoted to the assistantship may vary from day to day and week to week as long as it does not exceed the average given above.

As part of a graduate student’s educational experience, OSU makes a number of GRAs available on a routine basis. Graduate students on a GRA are expected to devote full-time effort to their graduate programs. While the GRA appointment provides a modest stipend for an average of 10 or 20 hours per week for a 0.25 or a 0.50 FTE assignment, respectively, in recognition of contributions to the OSU research enterprise, it does not indicate that no additional time and effort may be required of the graduate student who is actively pursuing a graduate research degree. Depending on the stage of the research project and the graduate student’s advancement in the program, the student may be enrolled in research credit hours for academic credit or only enrolled in formal coursework. Irrespective of that enrollment, it is expected that the graduate student is working full-time toward completion of the advanced degree. OSU, like most institutions nationwide, does not define the research credit hour as equating to a specific amount of time and effort, as the nature of research is highly dependent on the individual’s progress on the project. For instance, general OSU policy only requires a minimum enrollment in two credit hours when a graduate student is working on a research project and using OSU resources unless they are employed as a GTA/GRA.

In addition, all students holding a graduate assistantship are required to be full-time students - see “Enrollment Requirements” below. For fall and spring semesters, students employed 0.50 FTE must be enrolled in at least six credit hours to be considered full-time, while students employed less than 0.50 FTE must be enrolled in at least nine credit hours to be considered full-time. However, full-time enrollment for students admitted to doctoral candidacy is two credit hours. For the summer term, students employed at any level must be enrolled in at least two credit hours during any summer session to be considered full-time.

International students who are dependent upon an assistantship for their financial guarantee must remember that forfeiture of that assistantship may require the re-submission of a newly revised financial guarantee to the Office of International Students and Scholars. Students who forfeit their graduate assistantships risk rescission of tuition waivers, as well as any health insurance coverage for graduate assistants provided by the University.

Note that all graduate student benefit programs, such as tuition waivers, are only available to individuals with a primary classification as a graduate student enrolled in a degree program, which does not include certificate-seeking or non-degree seeking graduate students. OSU employees taking graduate classes do not qualify for graduate student benefit programs, irrespective of whether their employment is a benefit eligible position. One cannot selectively opt-out of certain benefits to seek eligibility for other benefits. Please contact the Graduate College or Human Resources if you have questions.

### 3.7 Graduate Assistantship General Benefits.

Graduate Teaching or Research Assistants employed at least 0.50 FTE in the fall/spring semester (average of 20 hours per week) are enrolled in a minimum of six (or two for doctoral candidates) eligible graduate hours will receive a tuition waiver (hours of enrollment must be required per the graduate degree program). GTAs and GRAs employed .50 FTE who are admitted solely into approved online graduate programs are eligible for an equivalent tuition waiver awarded for residential programs. Summer tuition waivers for the same GTA or GRA for spring semester will apply during the summer regardless of summer employment. Tuition waivers cannot be applied to independent study, leveling, undergraduate or some outreach type courses. Granting of these tuition waivers is also contingent upon the student submitting an electronic GTA/GRA (GSSI) tuition waiver agreement through the Graduate College website (<https://gradcollege.okstate.edu/resources/current-student-resources.html>), by the first day of the semester, in which they acknowledge their employment, enrollment and good academic standing responsibilities. Once enrolled, good academic standing (i.e., not on academic notice – beyond conditional admission) is a requirement for OSU tuition waiver eligibility. Once matriculated, a graduate student on academic notice is not eligible for tuition waiver benefits. This does not preclude a GTA/GRA appointment(s). Graduate programs can request a one-time exception for exceptional circumstances from the graduate dean. For more information regarding tuition waiver benefits or academic standing, please visit the Graduate College website ([gradcollege.okstate.edu](http://gradcollege.okstate.edu)) (<http://gradcollege.okstate.edu>).

Any graduate student employed as a GTA and/or a GRA less than 0.50 FTE total per week will not be eligible for any type of tuition waiver benefit.

#### 3.7.1 Health Insurance Benefits.

Graduate Teaching or Research Assistants employed in a 0.25 FTE GTA/GRA position during the fall or spring semesters and who are enrolled in at least nine graduate credit hours throughout that entire semester

are eligible for subsidized single-person-coverage health insurance through OSU for the fall (or spring) semester. Note: Spring semester eligibility coverage continues through the following summer regardless of employment or enrollment status.

Graduate Teaching or Research Assistants who are not eligible for health insurance coverage during the summer session by virtue of their eligibility during the previous spring semester but who are employed in a 0.25 FTE GTA/GRA position during the eight-week summer session and enrolled in at least two graduate credit hours are eligible for subsidized single-person-coverage health insurance through OSU for the summer term.

The University subsidizes the student's coverage on a semester-by-semester basis. Students receiving the GTA/GRA insurance are required to pay the semester health fee. Information on the policy is available at OSU Human Resources <http://hr.okstate.edu/student-health-plan> (<http://hr.okstate.edu/student-health-plan/>).

Eligible graduate students are automatically enrolled for the insurance coverage if they meet eligibility requirements. If students have other insurance coverage or choose not to be enrolled in the student health plan, they may complete a declination form to opt out. A declination form can be found at the following site <http://hr.okstate.edu/student-health-plan> (<http://hr.okstate.edu/student-health-plan/>). The form must be submitted by the deadline to OSU Human Resources, Benefits Office.

### 3.8 Health Insurance for International Students.

The Oklahoma State University Board of Regents requires that all visa-holding (i.e. non-immigrant) students at OSU be covered by health insurance. The OSU Student Insurance Policy is the recommended health insurance and will be billed to all non-immigrant student accounts automatically. Payment for the student insurance is included in the costs listed on the financial affidavit that international students are required to submit to receive a F-1 or J-1 visa.

The insurance premium can be waived for non-immigrant students sponsored by the United States Government, a foreign government recognized by the United States of America, or certain international, government sponsored or non-governmental organizations. Such waivers will be based on the government or organization guaranteeing payment of all health care expenses including evacuation and repatriation.

The insurance premium will also be waived for students who provide documented evidence of health insurance coverage by an employer. Non-immigrant students employed by OSU and eligible for both employer-provided insurance and international student health insurance may select between the two, as long as the insurance selected includes evacuation and repatriation coverage.

Students covered by a private medical insurance plan with benefits comparable to or better than the OSU plan, may request a waiver from OSU's international student health insurance requirement. Coverage must be for the first day of their first semester classes for a 12-month period.

To use alternate insurance, students must complete and submit a waiver request no later than the fifth day of classes. Waiver forms can be found on the International Students and Scholars (ISS) website at <http://iss.okstate.edu>.

If a student holds an appointment as at least a 0.25 FTE OSU GTA or GRA position, OSU provides a subsidized, single-person student health insurance policy.

### 3.9 McNair Graduate Fellowships for former McNair Scholars.

Entering graduate students in residential degree programs who are graduates of a McNair Scholar Program as undergraduates may be eligible to become McNair Graduate Fellows. McNair Graduate Fellows receive a tuition waiver for all degree-eligible courses up to the number of hours in their degree program, irrespective of a qualifying assistantship. Such tuition waivers cannot apply to independent study, leveling, or outreach-exception type courses. The McNair Graduate Fellow Tuition Waiver Program is competitive and is not guaranteed, irrespective of the McNair application waiver received. Please contact the Graduate College ([grad-i@okstate.edu](mailto:grad-i@okstate.edu) ([gradi@okstate.edu](mailto:gradi@okstate.edu))) for more information as restrictions apply. Also, note that all graduate student benefit programs, such as the McNair Graduate Fellow Tuition Waiver Program, are only available to individuals with a primary classification as degree seeking graduate students. OSU employees taking graduate classes do not qualify for graduate student benefit programs, irrespective of whether their employment is a benefit eligible position. One cannot opt-out of certain benefits in an a-la-carte manner to seek eligibility for other benefits. Please contact the Graduate College or Human Resources if you have any additional questions.

### 3.10 City Year National Service Scholars.

Oklahoma State University is proud to partner with City Year through our shared visions and values of integrating the power of knowledge and service in addressing social problems. The OSU Graduate College City Year National Service Scholars Program provides City Year Alumni an application fee waiver and a tuition waiver for all degree-eligible courses up to the number of hours in their degree program; however, acceptance as an OSU Graduate College City Year National Service Scholar is competitive and is not guaranteed. Please contact the Graduate College or [grad-i@okstate.edu](mailto:grad-i@okstate.edu) for specific requirements.

### 3.11 Spouse/Partner Tuition Waivers.

A spouse/partner of a graduate teaching or research assistant who is receiving a tuition waiver that is associated with an eligible assistantship is eligible to apply for a waiver of the non-resident portion of tuition for all graduate level/eligible courses taken. Tuition waivers cannot apply to independent study, leveling or certain outreach-type courses. Contact the Graduate College for details.

### 3.12 Student Employment.

Career Services provides assistance to OSU students seeking part-time employment or work study programs. Students are informed of job opportunities on campus and in the Stillwater community. Applications are available in room 360 Student Union. Jobs on campus usually offer 12 to 20 hours of work per week in clerical, technical, food service or general labor positions. Rate of pay and work schedules vary.

Individual job search assistance is available with the graduate career consultant in the Student Union Career Services Office or with any of the college career consultants located in the respective disciplinary colleges. Services include resume and curriculum vitae development, written correspondence assistance, mock interviews and interview preparation, academic and non-academic job search assistance, workshops and career fairs.

## 4.0 Admission to the Graduate College

Holders of baccalaureate or first professional degrees from accredited colleges and universities or those of recognized standing are eligible to seek admission to the Graduate College. Applicants must complete the

web-based application and submit official transcripts of all academic work and degrees received including any previous graduate coursework and degrees. No application for admission will be reviewed until the application fee is paid.

The prospective student should obtain transcripts for bachelor's degree(s) conferred or pending as well as for any graduate or professional coursework and upload these transcripts as part of their application (some programs may require applicants to upload transcripts from all institutions previously attended). If an applicant is offered admission to graduate studies, the applicant will be required to have the institution that granted their bachelor's degree to send one official transcript to the Graduate College, 202 Whitehurst, Stillwater, OK 74078.

To be official, the transcript must be issued from the school and must show the complete scholastic record, bear the official seal of the institution, be signed by the issuing officer, and be in a sealed envelope or electronically delivered directly from the issuing institution. All transcripts become the property of OSU and are not released or returned.

When the applicant's file is complete, the faculty in the graduate program of the student's area of interest reviews the material and recommends an admission status to the dean of the Graduate College. The final decision for admission to the Graduate College is made by the graduate dean based on the graduate program's recommendations, prior academic performance of the applicant, and availability of space, facilities, and faculty mentors in the program. Admissions decisions are not appealable.

#### 4.1 OSU Faculty Members.

No member of the faculty, with the rank of associate professor or above or equivalent rank at the time of completing the requirements, may be granted a graduate degree or certificate from this institution. This regulation also applies to faculty members in the schools of engineering holding the rank of assistant professor or above.

#### 4.2 Types of Admission.

Admission to a graduate program at OSU is based on an evaluation of an applicant's overall record, experience, personal qualifications, proposed area of study, and fit with the graduate program. For admission without qualification, a GPA of at least 3.00 on a 4.00 scale or the equivalent is expected in undergraduate coursework or a 3.00 in any graduate or professional coursework already completed. Graduate programs are encouraged to evaluate applications holistically and may petition the Graduate College on behalf of an applicant for an exception to the cumulative GPA requirement. Academic programs may set more stringent admission requirements. Please check with the graduate program to which you are applying in order to determine any program specific requirements.

##### 4.2.1 Admission Without Qualification.

Students planning to work toward a graduate degree in a recognized graduate program may be admissible without qualification - meaning they are in good standing - provided they meet all Graduate College and graduate program requirements.

##### 4.2.2 Admission With Qualification.

Students planning to work toward a graduate degree in a recognized graduate program may be admissible with qualification - meaning subject to certain requirements - in order to attain good standing. A student can be offered provisional admission upon recommendation of the graduate program and with concurrence by the dean of the Graduate College. Admission with provisional status is granted to an applicant who does not meet one or more of the graduate program's admission requirements

or when the applicant does not have all of the previous coursework. In this case, the graduate program requires specific provisions be met for admission in good standing. For example, a graduate program may require additional leveling coursework or higher test scores. The first obligation of a student admitted provisionally is to successfully meet all the provisions specified at the time of admission. Failure to meet these provisions could result in the dismissal from the program.

##### 4.2.3 Admission With Academic Notice.

A student can be admitted with academic notice upon recommendation of the graduate program with concurrence by the dean of the Graduate College. Admission on academic notice is granted to an applicant who has deficiencies in previous academic coursework. A student admitted on academic notice must make at least a 3.00 GPA through the semester in which they complete nine hours of courses eligible for graduate credit. Upon successful fulfillment of these requirements the student will be granted good academic standing. Failure to meet the required level of academic performance while in a probationary status may result in dismissal from the Graduate College.

##### 4.2.4 Conditional Admission.

Several graduate programs at OSU will consider an applicant for conditional admission. An applicant can be admitted conditionally upon recommendation of the graduate program and with concurrence by the dean of the Graduate College. Conditional admission means that the applicant is academically qualified for admission to the graduate degree program but lacks a minimum English proficiency test score which satisfies the University's or graduate program's minimum (see "4.4 International Student Admission" for minimum requirements).

#### 4.3 Non-Degree Seeking Student Status.

An applicant may be admitted to the Graduate College as a non-degree seeking student if they do not have immediate plans to become a degree candidate, but wants to take graduate courses, prerequisites, or other courses. Admission to the Graduate College as a non-degree seeking student means only that the student will be permitted to enroll in courses through the Graduate College. It does not imply that the student has been or will be admitted to a graduate program leading to an advanced degree or that the student will be able to obtain a graduate degree from OSU. Non-degree seeking students are not eligible for GTA or GRA positions or associated tuition waiver benefits.

##### 4.3.1 Non-Degree Seeking Student Status Requirements.

Non-degree seeking students are subject to the same admission standards as degree-seeking students, including English language proficiency. Applicants for non-degree seeking student status are not automatically admitted without due deliberation of their past academic performance. A non-degree seeking applicant can be considered for admission "Without Qualification" provided their overall GPA is 3.00 or higher for all courses on their bachelor's degree transcript and/or transcripts from their graduate or professional coursework. An applicant whose GPA does not meet these criteria can be considered for admission after consultation and recommendation of the Graduate College's non-degree seeking student advisor who may consider additional factors in making a decision, such as the following:

- length of time since last attendance at an institution of higher learning,
- a written appeal from the applicant explaining exceptional circumstances that warrant admission, and/or
- a letter of recommendation written by faculty who can speak to the applicant's potential for graduate work.

The prospective student is responsible for filing a new application for admission to the Graduate College should they wish to become a degree-seeking candidate. The new application will be evaluated by the graduate program and the dean of the Graduate College to ascertain admissibility to the degree program.

Given that non-degree seeking coursework is not guided by a Plan of Study or approved by an advisor, no more than nine semester credit hours of coursework taken while a non-degree seeking student may be used on a Plan of Study to meet requirements for a graduate degree (including a graduate certificate) program. In addition, only three semester credit hours of coursework taken while a non-degree seeking student may be used on a Plan of Study toward an MBA degree. Non-degree seeking students may not enroll in more than nine hours of courses eligible for graduate credit without permission of the dean of the Graduate College, or their designee. To ensure that non-degree seeking students do not inadvertently exceed this limitation, an enrollment hold will be placed on each student's record in this status after the student has registered for six or more credit hours. This hold may be removed by the Graduate College (see below) once the student has formally re-acknowledged this nine-hour limitation.

Non-degree seeking students are subject to the same academic regulations as those graduate students admitted into degree programs. Such students are strongly encouraged to consult with the instructor of any course in which they intend to enroll in order to ensure they are adequately prepared for that course.

Non-degree seeking students may not enroll in thesis (5000) or dissertation (6000) courses.

Generally, International students with an F-1 visa, except students on Optional Practical training (OPT) or Curricular Practical training (CPT), may not be admitted or enroll as non-degree seeking students.

Academic advising for non-degree seeking student is provided by an advisor in the Graduate College. Students should contact the Graduate College at 405-744-6368 or grad-academici@okstate.edu (gradi@okstate.edu) for details.

## 4.4 International Student Admission.

International applicants are expected to submit applications, financial affidavits, transcripts and/or mark sheets, and, if required, official scores of the English proficiency examinations. Applicants who present a TOEFL score of at least 79 iBT/550 PBT or a PTE academic test score of at least 53, or an IELTS academic stream score of at least 6.5 satisfy the Graduate College's English proficiency requirements for admission to a graduate program. Note that some graduate programs require an English proficiency score or other tests above these levels, and applicants should contact the program for specific language requirements. Completed applications and program recommendations for international applicants are due no later than February 1 for summer enrollment; May 1 for fall enrollment; and, October 1 for spring enrollment. Applications that become complete after these deadline dates may be reviewed, but the Graduate College cannot guarantee application processing and an admissions decision can be made in time. In these cases, applicants may request admission deferral.

### 4.4.1 English Proficiency.

As a condition of admission to graduate study at OSU, all persons for whom English is a second language are required to present proof of English competency regardless of the number of semesters or terms completed at OSU or in other institutions of higher education. A waiver

of this requirement can be obtained for students who have completed a baccalaureate or graduate degree from an accredited institution of higher learning, at which English is the primary language of instruction, located in a country in which English is a recognized primary language. Note, that additional testing on-campus may be still necessary if employment as a graduate teaching assistant is desired. Graduate programs may have additional requirements.

Proof of English competency can be in the form of an official examination that must have been taken within the last two years.

Applicants who present a TOEFL score of at least 61 iBT/500 PBT, but at less than 79 iBT/500 PBT, or a PTE academic test score of 44-52, or an IELTS score of 6.0, and, who demonstrate unusual academic promise may be admitted to graduate study on a conditional status upon petition to the Graduate College by the graduate program. Such applicants must successfully complete a minimum of 12 weeks of study at an intensive English program (IEP) approved by the Oklahoma State Regents for Higher Education State Regents. At least two-thirds (eight weeks) of the 12 weeks must be instruction at an advanced level. A list of State Regents' approved IEPs can be found in the OSRHE Academic Affairs Procedures Handbook. The OSU intensive English program, known as the English Language Institute (ELI), is a state-approved IEP. More information on the OSU ELI program can be found here <https://global.okstate.edu/elic/index.html> (<https://global.okstate.edu/elic/>).

Applicants, who do not submit a test score, can also seek admission to the OSU English Language Institute (ELI) in their first semester. These students will be issued an I-20 by ELI. After successful completion of an approved 12 week ELI program as described above, the student will be eligible for admission to their graduate program and will be issued an I-20 by the Graduate College. Concurrent enrollment in graduate courses and ELI is not permitted.

### 4.4.2 Spoken English Proficiency for Employment.

OSU policy requires all persons for whom English is a second language to demonstrate an acceptable level of spoken English before being employed in an instructional capacity, including laboratory assignments. Graduate students who serve only as laboratory assistants (e.g., setting up and/or maintaining equipment) or graders are not required to comply with these provisions. Any new international teaching assistant (ITA) is required to have a qualifying score of 26 or greater on the speaking portion of the iBT; a qualifying score of 8.5 or greater on the speaking portion of the IELTS academic test; or, take the ITA test prior to being approved for instructional assignments. All new ITAs are also required to participate in the international teaching assistant orientation. Any new international teaching assistant (ITA) who submits a PTE is required to take the ITA exam prior to being approved for instructional assignments. See <https://gradcollege.okstate.edu/prospective-students/ita-exam-overview/index.html> (<https://gradcollege.okstate.edu/prospective-students/international-teaching-assistant-test.html>) for specific policy requirements.

## 5.0 Transfer of Graduate Credits

Transfer credit for "non-aged" courses must be recommended by the graduate student's advisory committee through the submission of a Plan of Study, which requires approval by the dean of the Graduate College. See Section 7.0 for additional information on coursework time limits.

Transfer credit will only be considered if it was earned when the student was post-baccalaureate (i.e., after earning a bachelor's degree) at an accredited institution and the applicable course(s) was/were certified as graduate credit by that institution. All courses used as transfer credit

must have a grade of “B” or better. Requests for transfer credit must include an official transcript.

Transfer of credits from medical professional programs (e.g., DO, DVM and MD) to graduate degrees may also be considered when a student was admitted to a medical professional program at an accredited institution and the applicable courses were certified for enrollment restricted to professional-level study. All courses used as transfer credit must have a grade of “B” or better or a grade of “pass” for those institutions which only offer professional courses as a “pass/no pass” grading system. An official transcript must be submitted to the Graduate College in order to receive approval for transfer credit on the plan of study.

Up to three hours of transfer credit may be used toward an OSU graduate certificate and up to nine credit hours of transfer credit may be used toward any OSU graduate degree. A doctoral student may transfer more than nine hours if they have completed a master’s degree and if the courses are approved by their advisory committee. Doctoral students must include a minimum of 30 hours of OSU credit on their Plan of Study.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

## 6.0 Enrollment Policies

### 6.1 Initial and Continuous Enrollment Policy.

A prospective student must enroll in courses at OSU within the time frame specified in the admission letter to retain active status. A prospective student who does not conform to these conditions must reapply for admission.

Any student who interrupts enrollment for one year (i.e., a consecutive period of one fall semester plus one spring semester plus one summer term) must re-apply for admission, and will be subject to the regulations in effect at the time of reapplication. See section 6.6 below for additional doctoral candidacy enrollment requirements.

### 6.2 Full-Time Enrollment.

To be considered enrolled full time, a graduate student must be enrolled in at least nine hours in either fall or spring semester and at least three hours during the summer sessions. Full-time enrollment for Graduate Teaching/Research Associate/Assistants (GTAs/GRAs) with a 0.50 FTE appointment is at least six hours in either fall or spring semester and at least two hours during a summer session.

### 6.3 Minimum and Maximum Enrollment.

Students are required to be enrolled in at least two credit hours in each semester in which they are using University resources (e.g., physical - laboratory, studios; electronic – library holdings; computing; human - faculty, staff). Students holding graduate assistantships should note that additional requirements apply (see below). Regardless of the number of hours taken, a student may not enroll in more than 12 (16 for the Spears School of Business graduate programs; 24 for the Physician Assistant Studies program) credit hours in the fall or spring semester without permission of the dean of the Graduate College. During the summer session, a student may not enroll in more than nine (15 for the Physician Assistant Studies program) credit hours taken in any session during the eight-week summer period. No more than three credit hours can be taken during the first summer session (intersession). Summer intersession is defined as any course that begins after the end of the spring semester and ends prior to the beginning of the eight-week summer session. For

any short course session less than eight weeks in length, enrollment shall not exceed one credit hour for each week.

International students on F-1 or J-1 visas must maintain full-time status (as defined above) during the first semester of enrollment, and during each fall and spring semester thereafter.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

### 6.4 Graduating Semester Enrollment.

Degree-seeking graduate students must be enrolled in at least two credit hours of courses eligible for graduate credit during their graduating semester (defined as the semester in which they satisfactorily complete all degree requirements). However, a student would not need to be enrolled during their graduating semester if they meet all of the following conditions:

1. has been assigned an “Incomplete” (grade of I) in a non-research or creative component course;
2. the course is required for graduation; and,
3. the course in which the incomplete was received is the only graduation requirement left to fulfill.

Students must enroll in research, thesis, or dissertation hours, as appropriate, during each semester in which they are involved in research leading to a thesis or dissertation, irrespective of the number of credit hours of such courses either required or permitted for the degree.

### 6.5 Master’s Degree Enrollment Requirements.

Students who have research courses (i.e., courses numbered 5000) on their approved Plan of Study must be enrolled the semester they graduate. Doctoral students meet this requirement by virtue of the Doctoral Candidacy Continuous Enrollment Requirements noted below.

### 6.6 Doctoral Candidacy Enrollment Requirements.

Doctoral students who have completed the requirements for admission to doctoral candidacy and had their “Admission to Doctoral Candidacy” form approved by the dean of the Graduate College may enroll in a minimum of at least two credit hours during any term and be considered full-time. This post-candidacy reduced enrollment option applies to all qualified graduate students, including GTAs, GRAs, international students and veterans receiving VA benefits. A student is normally expected to primarily enroll in research hours or in program-approved courses after being admitted to doctoral candidacy.

Continuous enrollment post-candidacy is required of all students. Enrollment of a minimum of at least two credits per semester is required for every semester of a student’s candidacy (summer session excluded) until graduation. It is ultimately the responsibility of each student to ensure that they meet this enrollment requirement. Students who are not able to maintain active status are strongly encouraged to consult with their program, advisor and the Graduate College to determine whether requesting a Leave of Absence (LOA) is the most appropriate course of action.

#### 6.6.1 Reinstatement Fee.

Post-candidacy students who do not maintain continuous enrollment will be assessed a reinstatement fee based upon their residency status at the time of last enrollment as follows:

- Resident: \$750/semester (summer session excluded) of non-enrollment

- Nonresident: \$1,900/semester (summer session excluded) of non-enrollment

In addition to the reinstatement fee, students whose continuous enrollment disruption exceeds one academic year also must apply for readmission to the graduate program (see Enrollment).

During the readmission process, previous coursework will be evaluated for applicability in accordance with coursework (10 years) and time-to-degree (9 years) time limits (see Time to Degree Requirements).

Notification of the conditions of readmission and reinstatement will be provided if an acceptance occurs. New program requirements may apply based on the aforementioned enrollment policy. Please note that reinstatement and readmission are not guaranteed and significant challenges may occur that hinder a student's ability to complete a degree after a lapse in enrollment, such as the reapplication process (e.g., new letters of recommendation and unexpired standardize test scores); availability of the same graduate advisor, project and/or grant support; and new/revised program requirements and/or core courses for degree.

## 6.7 Enrollment and Financial Assistance.

For the purpose of receiving monetary assistance through the Office of Scholarships and Financial Aid, the amount of the award is related to the total number of enrolled credit hours that apply toward the degree (for graduate students, such courses must be offered for graduate credit), such as 5000 and 6000 level courses. OSU graduate certificate and master's, specialist and, doctoral degree programs are federal aid-eligible programs, depending on a person's personal circumstances.

In general, a graduate student must be enrolled in four hours of courses eligible for graduate credit each fall and spring semester, and two hours of courses eligible for graduate credit in the summer term, to be eligible for federal financial aid. Some students may be required to enroll in more hours in the fall or spring or summer to receive the full amount of federal financial aid. Students should verify with their financial aid advisor in the OSU Office of Scholarship and Financial Aid about the number of hours they are required to take. Certifiable enrollment status, based upon a combination of enrollment and employment, only assists with the deferral of loan repayments, never qualification for aid, which is based solely on enrollment.

## 6.8 Enrollment as a Non-Degree Seeking or Degree-Seeking Graduate Student.

Students with a bachelor's degree are expected to enroll in the Graduate College unless they want to obtain another bachelor's degree. If they enroll as an undergraduate student, the courses taken cannot be given graduate credit at a later date.

## 6.9 Graduate Student Enrollment in Undergraduate Courses.

Students admitted to the Graduate College may enroll in, or audit, undergraduate courses or course sections that do not carry graduate credit if approved to do so by their graduate faculty advisor. Such courses cannot subsequently be used as part of a graduate Plan of Study and are not generally covered by graduate tuition waiver programs.

## 6.10 Undergraduate Student Enrollment in Graduate Courses.

An OSU undergraduate senior may take a limited number of courses for graduate credit toward an OSU degree program. Undergraduates admitted to an approved OSU accelerated master's degree program

may utilize some of these credits for both a baccalaureate degree and graduate degree as outlined in section 11.15 of the Graduate College section of the University Catalog. All other undergraduates are subject to the graduate credit rules below.

The credits may not be utilized for both a baccalaureate degree and a graduate degree. The courses in question must be approved for graduate credit (as listed in the Course Catalog). The applicability of such graduate courses to a specific graduate program will be determined by the student's graduate advisory committee when the student enrolls in the Graduate College and submits a Plan of Study for an advanced degree.

To receive graduate credit for hours taken when not admitted to an approved OSU accelerated master's degree program, a Graduate Credit for Seniors form must be completed by the student to receive graduate credit for courses taken. This form must be submitted prior to the end of the second week of class instruction of a regular semester, or the first week of a regular summer session. The required form is available on the Registrar's website or upon request to grad-i@okstate.edu.

Such credit may be earned only if the following conditions are satisfied at the time of application:

1. Students must have a minimum overall (cumulative graduation/retention) undergraduate GPA of 3.00.
2. The total semester enrollment must not exceed 18 credit hours for a regular semester or nine credit hours for a summer session.
3. The student must be within 12 semester credit hours of completing requirements for the baccalaureate degree at the beginning of the semester or summer session in which courses are taken for graduate credit.
4. Admission to courses taken for graduate credit must have approval of the course instructor, the dean of the disciplinary college associated with the student's major, and the dean of the Graduate College.

No more than 15 semester credit hours taken while a senior may be approved for graduate credit. The student must earn a grade of "B" or higher in those courses for which he or she seeks graduate credit. Students are cautioned that institutions other than OSU may or may not allow courses taken for graduate credit during the senior year to be transferred into one of their graduate degree programs.

## 7.0 Time to Degree

Graduate College matriculation starts when a student first enrolls as an admitted, degree-seeking graduate student. That date will be used in calculating time limits for degree completion.

Students are expected to complete the degree requirements from first enrollment after admission within the following time limits: seven years for a graduate certificate degree program, seven years for a master's or specialist degree program, and nine years for a doctoral degree program. After that time, a student must submit a written petition to the Graduate College requesting an extension of time-to-degree limits. Credit for all courses on a graduate Plan of Study must have been awarded within ten years of completion of all degree requirements. Any exception to these time limits must be approved by the dean of the Graduate College.

## 7.1 Leave of Absence.

OSU graduate students are expected to maintain active status through continuous enrollment from the time they matriculate until they graduate. Students who are not able to maintain active status are strongly

encouraged to consult with their program, advisor, and Graduate College to determine whether requesting a Leave of Absence (LOA) is the most appropriate course of action. International students must consult with the International Students and Scholars (ISS) office to ensure compliance with Federal immigration policy. Example situations that may lead a student to explore a Leave of Absence request are medical, personal, employment, and military service. Students who do not have an approved leave of absence and are not continuously enrolled may experience negative consequences related to academic, visa, financial aid, and other student issues – see University policies and guidelines for additional information. A student status of “good standing” (academic and conduct) is generally required for a Leave of Absence. Please see <https://gradcollege.okstate.edu/resources/current-student-resources.html> for additional Leave of Absence information.

## 8.0 Enrollment Procedure

Students are strongly encouraged to review the course offerings for the upcoming semester prior to attempting to enroll. For more information about enrollment and classes go to <http://my.okstate.edu>.

First semester graduate students must first obtain their advisor's clearance prior to enrolling.

Non-degree seeking students may be granted enrollment clearance through the Graduate College. Non-degree seeking students will be provided assistance with selecting coursework, issues surrounding the transferability of special student credits, applying to degree-seeking programs, and other academic topics.

If the student has not completed a Plan of Study or if this is the first semester as a graduate student, the student should consult with the graduate faculty advisor. The graduate faculty advisor can provide information about required courses, course sequencing, and other information in order to select appropriate courses. The advisor should give approval for course selections prior to enrollment. All graduate students must complete Responsible Conduct of Research (RCR) requirements prior to the submission of a Plan of Study. A student should consult with his or her graduate coordinator as to what these requirements are in his or her graduate program. A Plan of Study will not be approved by the Graduate College until the program has certified RCR completion.

If a Plan of Study has been completed, the student should verify that all planned courses are listed on the Plan of Study. Students should consult with their advisor any time they deviate from courses listed on the Plan of Study. The ultimate responsibility for completing degree requirements rests with the student.

Students who have active academic, financial or advising holds must clear these holds prior to attempting to enroll. Students can view any holds by logging into the Self Service portal at <http://my.okstate.edu>.

### 8.1 Last Day to Enroll.

Information regarding dates to enroll, when courses begin, and last days to drop are listed in the Class Schedule available at the Office of the Registrar's website at <http://registrar.okstate.edu>.

Generally, the sixth class day of a regular semester or the third class day of the eight-week summer session is the last day a course may be added (nonrestrictive) via the student enrollment system. A short course may be added no later than the first day of the short course.

### 8.2 Late Enrollment.

Graduate students should enroll prior to the end of the official enrollment deadline for the semester. If they do not, there are limited options to enroll in classes. The options available to the student depend on the number of weeks past the deadline and the student's current enrollment status.

During the second week of fall/spring or first week of the eight-week summer session:

- If a student wishes to add course hours or is not currently enrolled, they must submit a drop/add card or Trial Study signed by their advisor giving permission to enroll.
- If the student is adding a course they must have the instructor's signature on the add/drop card or Trial Study.
- If a student is non-degree seeking, they must have the signature of the dean of the Graduate College and the instructor of the course in which they wish to enroll.

After the second week of fall/spring or first week of the eight-week summer session graduate students may add any course which has not started.

### 8.3 Other Enrollment.

In order to enroll in a given semester, a student must have received grades for at least six semester credit hours (including "I" and "R" and excluding "W") in the 12 months prior to the beginning of that semester.

## 9.0 Online and Outreach Courses

Courses offered online are considered equivalent to courses offered through traditional formats. However, some online courses classified as outreach may not be eligible for tuition waivers. Check with the Graduate College for eligibility before enrolling. Any student wishing to enroll in a graduate credit course offered online or through outreach must make application for admission to the Graduate College at OSU. Some limitations apply to McNair Graduate Fellows (see Section 3.9), City Year Scholars (see section 3.10), International students on F-1 or J-1 visas and students on spousal/partner waivers (see Section 3.11).

## 10.0 Individual Study Credit (formerly Correspondence Education)

OSU does not offer graduate-level courses by individual study (formerly correspondence education) and does not accept credit taken by individual study toward an advanced degree. Graduate students may enroll in individual study courses; however, such courses will not be considered as part of minimum graduate degree or certificate requirements. Tuition waiver programs are not applicable to courses taken through individual study. Courses taken through individual study do not count toward minimum enrollment requirements for any graduate student.

## 11.0 Academic Regulations

Also refer to "University Academic Regulations (p. 963)" section in the Catalog.

### 11.1 Graduate Credit Courses.

Courses numbered 5000 and above are for graduate students. Seniors who have obtained prior approval from the Graduate College may enroll in graduate level courses in accordance with the provisions of "Enrollment" stated earlier.

## 11.2 Number of Times a Course Can be Used to Earn Multiple Degrees.

Typically, a graduate course can be used in more than one certificate or degree. For example, a student may initially earn a graduate certificate and later use the certificate coursework to earn a master's degree. Similarly, coursework from a master's degree may also be applied toward a doctoral degree. In both cases, the course credit has been used twice in earning the two graduate credentials – the certificate and the master's degree and a master's and a doctoral degree, respectively.

With approved Plans of Study, graduate courses can be used to earn no more than three degrees, (degrees include undergraduate and graduate certificates). This applies to both OSU courses and courses approved for transfer credit. This policy does not refer to the use of zero-ending, repeatable courses used within a Plan of Study.

## 11.3 Grades for Thesis (5000) and Dissertation (6000).

The grade of "SR," indicating satisfactory research progress, "UR" indicating unsatisfactory progress, or "IUR" indicating an incomplete (see section 6.2 "Grade Interpretation" in the "University Academic Regulations" chapter of the Catalog) will be assigned to thesis (5000) and dissertation (6000) courses at the end of the semester in which the course is taken. These grades are permanent and have no impact on a student's grade point average, but affect the graduate student's academic standing. Only courses in which a grade of "SR" (or a previously-awarded grade of "R," "A," "B," or "C") is earned may be used toward minimum degree requirements.

## 11.4 Grades for Creative Component Courses.

The "R" grade can be assigned in a course identified as a creative component portion of a master's degree by a graduate program. The grade of "R" may be assigned if more than one semester is required to complete the creative component. Upon completion of the creative component, the advisor submits a Change of Grade form to have the final grade entered.

## 11.5 Pass-No Pass Grading System.

Graduate students may take a course utilizing the Pass-No Pass grading system with the consent of their faculty advisors, but courses taken under this system cannot be used on a Plan of Study to meet graduate degree requirements. A student who chooses the pass-no pass option must do so by the last date on which a course may be added. See section 6.6 "Grades and Grading" in the "University Academic Regulations (p. 963)" chapter of the Catalog.

## 11.6 Pass-Fail Grading System.

Graduate students may take courses utilizing the Pass-Fail grading with the consent of their faculty advisors; however, only a limited number of these hours can be used on a Plan of Study to meet graduate degree requirements and these require advance permission of the dean of the Graduate College. Pass-Fail courses are typically internship, practicum, clinicals, seminar, special problems and student teaching. See section 6.7 "Grades and Grading" in the "University Academic Regulations (p. 963)" chapter of the Catalog.

## 11.7 Minimum Grade Requirements.

A grade-point average of "B" (3.00) is required to maintain good standing as a graduate student and meet requirements for a degree. No course with a grade of "D" or "F" can be used on the Plan of Study to satisfy the degree course requirements. At the graduate level, a grade of a "D" or "F" is a failing grade that can result in dismissal by the dean of the Graduate

College, regardless of academic standing. To receive a graduate degree, a student must have a minimum 3.00 GPA in the coursework taken for graduate credit

No course with a grade below "C" can be used as part of the minimum number of semester credit hours required for the graduate degree.

Some programs have more stringent requirements. The graduate program should be consulted concerning minimum grade requirements.

## 11.8 Annual Review of Student Progress.

The graduate program in which a student is seeking a graduate degree will provide a mechanism for assessing the student's progress toward degree completion at least once annually. If it is determined the student is not to be making adequate progress, then a specific plan to address and correct any inadequacies in progress will be prepared in a written document provided to the student and the dean of the Graduate College annually by June 30. Failure to correct these inadequacies may result in termination from the graduate program and/or Graduate College.

## 11.9 Academic Progress.

Each semester, the dean of the Graduate College reviews the academic progress of any graduate student who receives a grade of "F", "NP", "C" or lower in a class or "UR" in research. Programs are notified which of their students have received a "C" or lower and of the dean of the Graduate College's academic progress decision. At the discretion of the dean of the Graduate College, one of four actions based on the student's current semester performance and past academic history will be taken as follows:

1. Program Notice. The graduate program is notified and is encouraged to review the student's performance to determine if any program intervention is needed.
2. Academic Probation. If a student's overall GPA drops below a 3.00, if a "F", "NP", or "UR" grade is earned, or if the dean of the Graduate College judges the student's overall academic performance so warrants then they are subject to being placed on academic probation. At the discretion of the dean of the Graduate College, this notice may be removed at the end of the semester only after the student brings his or her cumulative GPA for courses eligible for graduate credit taken at OSU to 3.00 or greater, earns a "P" or "SR" grade, and/or completes all degree requirements, whichever comes first.
3. No Further Enrollment Without Program Consent (NFEWPC).
  - a. If the student was admitted on academic notice and did not meet the requirements of this admission, or
  - b. If they have received two consecutive grades of "F", "NP", and/or "UR", or
  - c. If the student was on academic probation the previous semester, or
  - d. If the dean of the Graduate College believes the student's overall academic performance warrants program intervention, then the student is not permitted to enroll further without the consent of the program. To continue in the program, the student must submit a written petition to the dean of the Graduate College requesting reinstatement and outlining a plan to remedy the academic situation. This petition must be accompanied by a letter of support from the unit head or graduate program coordinator. Failure to submit such a reinstatement petition could result in the cancellation of any pre-enrollment for the upcoming semester.

4. No Further Enrollment (NFE). The student has consistently performed below the acceptable standards for graduate students. The student is not permitted to continue graduate study at OSU.

### 11.10 Course Grade Appeals.

A student may appeal a grade given by an instructor in a case in which they believe the grade awarded is inconsistent with the announced grading policy. The student should consult the "Student Rights and Responsibilities" or contact the Office of Academic Affairs for information regarding initiating the appeals process.

### 11.11 Appeals of Research Grades and Non-grade Issues.

A student wishing to appeal a "UR" grade issued for a research course (5000 or 6000), or an academic issue not involving a grade should contact the dean of the Graduate College about the appeals process available to graduate students.

### 11.12 Advisory Committee Decisions-Criteria for Passing.

In decisions resulting from a vote of a graduate student advisory committee (e.g., PhD candidacy exam, final thesis defense, or approving a dissertation), a pass requires that no more than one member of the committee dissent. Graduate programs may impose more stringent requirements.

### 11.13 Discontinuance from a Program.

In instances when a student reaches a situation when it is no longer possible to complete the intended degree (e.g., failure of all permitted attempts of the PhD qualifying exam, comprehensive exam or candidacy exam), and is still in good academic standing with the Graduate College, a domestic student may be considered for transfer to non-degree seeking student status and be subject to all non-degree seeking student rules (including maximum number of hours that can later be used toward a graduate degree or certificate program). If visa restrictions prohibit the student's matriculation as a non-degree seeking student, the Graduate College will inform the Office of International Students and Scholars of the student's impending dismissal from the program; the student will have until the end of the semester to be admitted into another graduate program. This change in status is initiated with a letter from the unit head or graduate program coordinator to the student, copied to the dean of the Graduate College, and should detail the reasons for the student's potential dismissal from the program. In accordance with graduate program policies, students have a limited number of days from the intent to dismiss letter date to initiate the appeals process in the program. Graduate students should contact the dean of the Graduate College about the appeals process.

### 11.14 Second Graduate Degrees.

The Oklahoma State Regents for Higher Education (OSRHE) do not allow students to obtain a second degree in the same "major" as the first degree, even if the options are different. For example, it is not possible to earn both an M.S. degree in Electrical Engineering with an option in Control Systems and an M.S. degree in Electrical Engineering with an option in Optics and Photonics.

Completion of requirements for more than one option may be noted on the official transcript, but a second degree will not be awarded. Additionally, because of the OSRHE requirement for a coursework common core within master's degree options, it should not be assumed that obtaining an additional option within the same degree program and

level will be possible. Careful discussions and planning with the graduate program coordinator prior to admission is imperative, if such study is desired.

While graduate and professional students may simultaneously pursue more than one degree and/or certificate, pursuing a second Ph.D. degree is not allowed without preapproval of the dean of the Graduate College prior to the application for admission. Given Ph.D. degrees are research degrees, earning a second Ph.D. degree is highly unusual.

### 11.15 Accelerated Master's Degree

Accelerated master's degree programs offer a streamlined path to a master's degree, reducing the time to earn a master's degree by sharing up to 30 percent of the coursework required for the stand-alone master's degree with the undergraduate degree. All shared courses must be approved for graduate credit. For example, a 30-hour master's degree may share 9 hours with the undergraduate degree, while a 45-hour master's degree may share 14 hours. The curriculum of an accelerated master's degree program is designed to fulfill all requirements of both the undergraduate and graduate degrees. Accelerated bachelor to master's degree programs require approval of the deans of the Graduate College and the relevant undergraduate college(s).

### 11.16 Awarding of Certificates and Degrees

The retroactive awarding of a newly approved graduate degree or certificate for prior coursework is prohibited. The majority of the coursework for a graduate certificate must be completed after the student is admitted to and enrolled in the degree program.

### 11.17 Theses and Dissertations

All students' theses, dissertations and derivatives of these works are considered Personal Works under Section 7.02 of OSU's IP Policy 1-0202, and the student will own the copyright unless otherwise provided by the IP Policy. The University, however, retains a non-exclusive, irrevocable, royalty-free license to reproduce, distribute, and publish the works for any purpose without appropriate attribution.

---

## 12.0 Responsible Conduct of Research

All graduate students must complete Responsible Conduct of Research (RCR) training requirements prior to the submission of a Plan of Study. Students should consult with their graduate program coordinators as to what these requirements are in their programs. Graduate programs may impose more stringent requirements. A Plan of Study will not be approved by the dean of the Graduate College until the graduate program has certified RCR completion. Information and University policies regarding RCR can be found at <https://research.okstate.edu/compliance/policies.html>.

### 12.1 Research Involving Human Subjects.

If the thesis, dissertation, formal report or creative component involves the use of human subjects, the research project is governed by federal regulations that require review by the OSU Institutional Review Board (IRB). Approval to conduct the research must be obtained from the IRB before the research is started.

Failure to obtain IRB approval will result in the University's rejection of the thesis, dissertation, or formal report. While the Graduate College does not monitor degree capstone/creative components, this does not negate

the student's responsibility to obtain IRB approval if human subjects are involved in that capstone/creative activity.

This section is meant to be informational only and does not contain a complete description of the IRB review process. All of the forms and guidance for completing the application are available on the IRB website <https://research.okstate.edu/compliance/irb/forms.html>.

## 13.0 Graduation Clearance Process

At the time of enrollment for the last semester or summer session of work toward a degree, graduate students must complete and submit a Graduation Clearance form to the Graduate College before they can submit a Graduation Application with the Office of the Registrar. The Graduation Clearance form is completed in conjunction with the academic advisor and confirms that a student has met or will meet by the end of the semester in question, all program and Graduate College requirements to earn the degree they are seeking. If these requirements are not met, the student must complete a new Graduation Clearance Form and Graduation Application for a future semester. In order to allow opportunity for any class schedule changes necessitated by the review of the Graduation Clearance Form, this form and the Graduation Application, should be submitted as early as possible in the graduating semester but no later than the deadlines listed on the Graduate College website.

### 13.1 Graduate Commencement and Diplomas.

The University holds one Graduate Commencement Ceremony at the close of the fall and spring semesters. Students who plan to meet graduation requirements at the close of the summer session are invited and encouraged to participate in the Graduate Commencement Ceremony at the close of the previous spring semester or return for the next ceremony on the fall. Although attendance is not compulsory, the University encourages all candidates for advanced degrees, including certificates, to participate in the Graduate Commencement Ceremony. Candidates should also notify the Office of the Registrar of the address to which the diploma should be mailed.

### 13.2 Graduate Records and Transcripts.

All permanent records are in the Office of the Registrar. Requests for grades, transcripts, diplomas, and degree-completion letters should be made to that office.

A graduate student who does not complete the requirements in time to receive the degree at the end of the semester may secure a statement from the Office of the Registrar when all requirements for the degree have been satisfied. Such a statement will not be issued until all grades for the semester have been recorded.

## 14.0 Graduate Programs Offered At OSU-Tulsa, Greenwood Campus

OSU offers several graduate degrees and courses in Tulsa. All courses offered by OSU-Tulsa are considered resident credit for degrees granted by OSU. Both current and prospective graduate students are encouraged to utilize the OSU-Tulsa Graduate Student Services, located in North Hall 130. To schedule an appointment with an advisor or to learn more about a graduate program in Tulsa, call 918-594-8445 or email [tulsa.gradinfo@okstate.edu](mailto:tulsa.gradinfo@okstate.edu). The graduate degree, graduate certificate and certification programs that OSU offers in Tulsa can be found at <http://www.osu-tulsa.okstate.edu/programs#graduatedegrees>.

## 15.0 Graduate Programs Offered at the OSU Center for Health Sciences in Tulsa

OSU offers specialized graduate programs in athletic training (MAT), biomedical sciences (MS, PhD, and dual degrees DO/MS and DO/PhD) forensic sciences (graduate certificates, MS and Ph.D.); health care administration (graduate certificates, MS, and dual-degrees MS HCA/MBA), global health (MS and dual-degree MS GH/MBA), medical sciences (graduate certificate), and physician assistant studies (MS) through the OSU Center for Health Sciences (CHS).

### 15.1 Athletic Training.

The Master of Athletic Training (MAT) graduate program in the School of Allied Health at OSU Center for Health Sciences prepares individuals to become competent and independent clinicians who will enhance the quality of patient health care and advance the profession of athletic training through practice and research. The MAT program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE) and offered on campus. Once accepted into the program, students supervised by a Board of Certification (BOC) Certified Athletic Trainer (AT) or other healthcare provider where they are responsible to provide for the overall health care of patients over the course of their respective seasons or occupation. Clinical instruction of students is achieved through direct supervision of a licensed healthcare provider.

The curriculum is based in the human sciences with anatomy, physiology, biomechanics, pathology, pharmacology, nutrition and psychology providing the theoretical foundation of student inquiry. Students learn how to apply these theoretical concepts while in the clinical setting learning under licensed physicians, athletic trainers, physical therapists and other allied health care professionals. This balance of theory and practical application prepares students to sit for the Board of Certification examination where upon successful completion, may earn the credentials ATC.

### 15.2 Biomedical Sciences.

The MS and PhD programs in biomedical sciences are interdisciplinary programs involving the basic biomedical science disciplines of anatomy, biochemistry, cell biology, microbiology, pathology, pharmacology and physiology. The programs consist of core basic sciences medical courses, additional basic sciences graduate courses, research, and thesis for the MS and a dissertation for the PhD. A non-thesis MS is also available. All degree programs are offered on campus.

#### 15.2.1 Medical Sciences.

The Graduate Certificate in Medical Sciences is an academic credential earned after completing a one-year program of focused study. It is designed to prepare students to become more qualified applicants to medical school, master's and doctoral programs; or serve as a standalone educational achievement to assist in career development.

### 15.3 Forensic Sciences.

The graduate program in forensic sciences is interdisciplinary and reflects a broad range of disciplines. The School offers graduate certificates, MS, and doctoral degrees (PhD and DFS). The graduate certificate in forensic arson, explosive, firearms and toolmarks investigation is offered in a hybrid format, incorporating both on campus and online components. The master's degree program has non-thesis (forensic investigative sciences; arson, explosive, firearms and toolmarks investigation) and thesis (forensic biology/DNA; forensic chemistry/toxicology; forensic psychology) specializations. The master's degree

specializations are offered on campus, hybrid and/or online. The PhD program is offered in a hybrid format. The Doctor of Forensic Sciences (DFS) program is offered 100% online. Admission to some degree programs in forensic sciences require specific professional qualifications.

### 15.4 Health Care Administration.

The graduate certificates, master's and doctor of health care administration degrees in the School of Health Care Administration trains leaders to guide hospitals, clinics, nursing homes and other health organizations. The degree programs are ideal for those who want to move into management or executive positions in health care and are offered online, on-campus and hybrid. Well-qualified applicants may be admitted to dual-degree program with the master of business administration (MBA).

The health care administration program requires students to take core courses in health care administration and research methods along with a series of electives selected from applicable courses in business and social sciences. The multidisciplinary approach to the health care administration discipline provides students with a unique perspective on the complex issues facing the profession today.

#### 15.4.1. Global Health.

The MS in global health is offered online and the curriculum is prescriptive to provide the student with adequate preparation to enter either a governmental, non-profit or academic career setting. The global health program requires students to take core courses in global health relief and development, international health systems, and emerging global infectious diseases along with a series of electives in global environment and occupational health, health aspects of disasters, and other problems and issues in global health. Well-qualified applicants may be admitted to the dual-degree program with the master of business administration (MBA).

### 15.5 Physician Assistant Studies.

The M.S. in Physician Assistant Studies at the Center for Health Sciences recruits, educates and mentors a diverse group of students to increase competent and compassionate health care with an emphasis on increasing access to healthcare in rural and medically underserved Oklahoma.

The program places an importance on fostering collegial relationships among students within the Physician Assistant, Osteopathic Medical and Athletic Training disciplines to provide professional, flexible, team-based health care.

The graduate program in physician assistant studies is designed for students to be eligible for certification as a Physician Assistant. The PA program has a directed curriculum of 124 hours. All students are required to be enrolled full-time. Students will spend 13 months in the didactic phase of education where they will receive traditional lectures as well as many hands-on experiences in laboratory and simulation settings. The second phase of training includes 15 months of clinical rotations. Students are required to have experiences in family, internal, and emergency medicine.

## 16.0 Interdisciplinary Graduate College Programs

OSU has a series of interdisciplinary graduate programs designed to provide students with a breadth of knowledge that is not ordinarily found in traditional programs. Descriptions are given below for the following

interdisciplinary programs: Environmental Science (MS, PSM, PhD), Food Science (MS, PhD), Interdisciplinary Studies (MS), and Public Health (MPH).

### 16.1 Environmental Science.

Scott Stoodley, PhD—Director  
Mike Thayer, PhD—Director, Professional Science in Environmental Management, OSU-Tulsa  
Kerry Royko - Program Coordinator

The Environmental Science Graduate Program (ESGP) is operated under the administration of the Graduate College at OSU. Due to its interdisciplinary nature, ESGP attracts and produces students capable of thinking beyond a single discipline. Our unique approach to graduate education offers flexibility with locations in Stillwater and Tulsa. Founded in 1977, our program is one of the oldest in the nation. ESGP graduates have gone on to have careers in every facet of the environmental field, including academia, consulting, private industry and municipal, state and federal government.

On the Stillwater campus, ESGP offers research-based master's and doctoral degrees. Students have a unique opportunity to develop a degree plan that specifically addresses their individual career goals.

Degree integrity is ensured through the guidance of the student's graduate faculty mentor and advisory committee. In Tulsa, ESGP offers a non-thesis, industry-oriented, Professional Science Master's (PSM) degree in environmental management.

Our master's and doctoral students are housed in one of many departments across campus including Agricultural Economics, Biosystems and Agricultural Engineering, Chemistry, Civil and Environmental Engineering, Economics, Geology, Geography, Horticulture and Landscape Architecture, Integrative Biology, Mechanical and Aerospace Engineering, Leisure Studies, Natural Resource Ecology and Management, Plant and Soil Sciences, Political Science, School of Teaching and Curriculum Leadership, and, Sociology. There are over 128 faculty affiliated with ESGP at OSU and over 70 of these have served as faculty advisors.

#### 16.1.1 Programs of Study.

The breadth of offerings at OSU affords flexibility to the student interested in specific environmental career tracks. A student can design a unique degree plan to target a particular focus area that meets his or her professional goals or can follow structured plans recommended for specializations in:

- Environmental Management, Environmental Management-Professional Science Masters (PSM), Environmental Education, Environmental Policy and Conflict Management, Environmental Sustainability, Environmental Chemistry-Toxicology and Risk Assessment, and Water and Watershed Management.

The student's graduate advisory committee assists the student in preparing a Plan of Study to assure focus, breadth and quality. Students can also use their degree to pursue job opportunities across the wide spectrum of environmental science.

#### 16.1.2 Program Assessment Portfolio.

ESGP assesses its curriculum each year to ensure that students are receiving the instruction needed to succeed in environmental careers.

They receive assistance in this process from their respective External Advisory Boards comprised of professionals in the field.

### 16.1.3 Master of Science Degree.

To obtain an MS degree in environmental science, the student must complete a 30- or 32-credit hour course of study. This must include twelve hours of core curriculum (ENVR 5303 Issues in Environmental Sustainability, ENVR 5123 Environmental Problem Analysis, and three hours of a skills component. Each student must also either complete a six-hour research thesis, a one to three-hour formal research report, or a creative component (with or without a marked course). The remaining credit hours can be taken as electives that focus on the student's area of particular interest. Students create an original Plans of Study with the assistance of their advisor and committee. It must be completed prior to the end of the second semester (excluding summer sessions) of enrollment.

#### 16.1.3.1. Professional Science Master (PSM) Option in Environmental Management.

The PSM-MS option requires students to complete 33-credit hours. The core requirements include ENVR 5123 Environmental Problem Analysis; ENVR 5303 Issues in Environmental Sustainability; and ENVR 5510 Environmental Management Internship. The PSM-MS option offers a springboard to industry-specific job opportunities. To obtain a non-thesis, industry-focused MS degree recognized by the Commission on Affiliation of PSM Programs students take 24 credit hours of science courses in addition to PSM-MS core curriculum requirements.

### 16.1.4 Doctor of Philosophy Degree.

The PhD degree requires a minimum of 60 credit hours beyond an MS degree. This includes a minimum of 36 to 45 hours of coursework consisting of six hours of a skill component, ENVR 5303 Issues in Environmental Sustainability, and ENVR 5123 Environmental Problem Analysis. ENVR 6011 Survey of Environmental Science. Course hours should reflect the environmental, economic, and social aspects of the concentration area. Research and courses should reflect the student's professional goals. A dissertation (ENVR 6000 Doctoral Research for Dissertation) is required and consists of a minimum of 15 credit hours. The student must successfully pass a written and oral qualifying exam after coursework is completed. Students create their original Plans of Study with the assistance of their advisor and committee. It must be completed prior to the end of the third semester (excluding summer sessions) of enrollment. Students must successfully defend their dissertation in order to graduate.

### 16.1.5 Admission.

Each student seeking admission to the Environmental Science Graduate Program must submit the following materials:

1. An official Graduate College application for admission and a nonrefundable fee,
2. Official transcripts for all college level courses,
3. A statement of career goals, including competencies to be gained during program enrollment,
4. Three letters of recommendation discussing the student's potential for successful graduate work,
5. A citation for their M.S. thesis, and,
6. An email confirmation from an environmental science faculty mentor stating they agree to serve as the student's advisor and committee chair. This email should be sent to [esgp@okstate.edu](mailto:esgp@okstate.edu).

International students must also earn a TOEFL score of at least 79iBT or IELTS academic stream score of at least 6.5 and submit a financial affidavit for the amount required by OSU. To be admitted, applicants must have earned a college grade-point-average of 3.00 on a 4.00 scale.

All students are required to have completed college-level courses that address the fundamentals and principles of chemistry, biology, and algebra prior to admission with a grade of "B" or better.

All applications to the ESGP should be submitted at least 60 days before the opening of the semester in which they wish to enroll. International students should supply all application materials by January 30th for summer enrollment, April 30th for fall enrollment, and September 30th for spring enrollment.

### 16.1.6 Financial Assistance.

Graduate research assistantships and other funding opportunities are potentially available through the department and affiliated environmental science faculty members. The initial application should specify the student's interest in an assistantship.

Additional information about the environmental science graduate program can be found at [esgp.okstate.edu](http://esgp.okstate.edu) (<http://esgp.okstate.edu>).

## 16.2 Food Science.

William McGlynn, PhD—Program Coordinator

The following departments participate in the food science program: Agricultural Economics, Animal Science, Biochemistry and Molecular Biology, Biosystems and Agricultural Engineering, Entomology and Plant Pathology, Horticulture, Plant and Soil Science, and Nutritional Sciences.

Food science is an interdisciplinary graduate program designed to provide an opportunity for students to acquire basic knowledge of the food industry encompassing the biological and physical sciences. The increasing complexity of the problems involved in the safe and secure production, processing, and utilization of food requires us to expand our fundamental knowledge to solve these problems. There is a great demand for personnel with advanced training in the broad area of food science to staff research, production, food safety and quality assurance positions in industry, universities and government.

Admission to either the MS or PhD degree program requires an undergraduate major in animal science, biochemistry, dairy science, food science, human nutrition, microbiology or poultry science. Students majoring in other curricula may qualify by remedying specific undergraduate deficiencies as recognized by the student's graduate committee. A student enrolling in a degree program must have been accepted by an advisor prior to official admission.

The GRE is required for admission, no minimum score is required. Three letters of reference and a personal statement of purpose are also required.

## 16.3 Interdisciplinary Studies.

Mary Jo Self, EdD—General Program Coordinator

The MS in Interdisciplinary Studies offers students the flexibility to create a program of study to fit background, experience and career goals. By stacking graduate certificates and/or other focused graduate coursework, students can tailor their degree to make the most of their education. The MS is for students who wish to increase their competence in a particular thematic area(s) by taking a series of courses in several disciplines. This multidisciplinary approach provides educational opportunities leading to a variety of careers. Interdisciplinary studies consist of no fewer than two separate fields of study. The advisory committee will assist the student in formulating the Plan of Study.

### 16.3.1 Admission Requirements.

An undergraduate grade-point average of 3.00 is required for unqualified admission. Students with a grade-point average between 2.50 and 3.00 may be admitted on a probationary basis.

Applications to the program should include:

1. a cover letter indicating the personal goals and professional objectives to be obtained from the program;
2. transcripts from all schools previously attended;
3. three letters of recommendation from persons who can describe abilities, interest, and motivation as a student;
4. a proposed course of study with an endorsement from an OSU faculty advisor.

Particular courses are not specified for the degree; the advisory committee can assist in selecting appropriate courses. Up to nine graduate hours can be transferred from a regionally-accredited graduate program with consent of the advisory committee. The student chooses one of the two master's degree plans:

1. 30-hour plan, thesis, includes six-hours of research;
2. 32-hour plan, non-thesis. May include a culminating experience (e.g., internship, practicum, comprehensive exam, portfolio, or capstone project); may include a final report with no more than three hours of research;

### 16.4 Public Health.

Cindie Lamon, Ed.D.—Program Director

The Master of Public Health (MPH) is an interdisciplinary degree program and focuses on training public health professionals to improve health and wellbeing of rural and underserved populations. Students are encouraged to identify a rural community or underserved population as the focus of class projects. In doing so, students will have the opportunity to assess the needs of that community or population, and to thoughtfully create programs for preventing disease within that community or population. Prevention efforts often include a focus on lifestyle and health behaviors. Current students study health behaviors and health outcome areas that include: the use of alcohol, tobacco, other drugs, mental health, disabilities, zoonotic diseases, nutrition and food security, obesity, physical activity, maternal and child health, teen pregnancy and sexual health. These students are meaningfully engaged with rural communities throughout Oklahoma and underserved populations that include indigenous populations, racial minorities, recent immigrants, and sexual minorities.

#### 16.4.1 Admission Requirements.

Application for admission includes a statement of purpose defining professional goals and interest in public health, a resume, and three letters of reference.

## 17.0 Graduate Certificate Programs Offerings

Graduate certificate programs offer students the opportunity for focused study of a body of knowledge at the graduate level, leading to the award of a transcribed academic credential that can be earned in a relatively short time. Graduate certificate programs can serve both as a stepping stone onto more advanced study leading to a master's or doctoral degree or as a stand alone educational achievement to assist an individual in their career. Many OSU graduate certificate programs are offered online

or on the graduate-serving campuses (OSU-Stillwater, OSU-Tulsa and OSU-Center for Health Sciences in Tulsa). In addition, many graduate certificate programs allow students to enroll as either a certificate-seeking or a degree-seeking graduate student. Certificate-seeking students are not eligible for GTA or GRA positions or associated benefits, but may be eligible for federal financial aid. For the current graduate certificate offerings at OSU please see the Graduate College website for additional information.

### 17.1 Admission to a Graduate Certificate Program.

Any student admitted to the Graduate College may apply for admission to a graduate certificate program. Some certificate programs may have additional requirements, such as official scores on standardized tests, letters of recommendation, etc. Contact the appropriate graduate program for specifics.

### 17.2 Basic Requirements.

A graduate certificate requires completion of a minimum of 12 credit hours of coursework eligible for graduate credit. Specific certificate programs may have more stringent requirements.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

### 17.3 Transfer of Courses.

With the approval of the graduate program and the Graduate College, up to three hours of graduate-level credit from another institution may be used toward certificate requirements. The GPA must be at least 3.0 on any transfer credit.

### 17.4 Academic Standing.

A grade-point average of "B" (3.00) is required on courses applicable to a graduate certificate. No grade lower than a "C" may be used as part of the minimum requirements for the certificate. Individual certificate programs may have more stringent requirements.

### 17.5 Plan of Study and Certificate Completion Procedures.

Upon application to a graduate certificate program, a student should complete a Plan of Study listing the courses intended to be used in earning the certificate. This plan must be approved by the graduate program and the Graduate College prior to recording the credential on the student's academic record. During the semester of anticipated certificate completion, the student must complete an Application for Certificate Completion, which is submitted to the Office of the Registrar. This action will cause the graduate certificate to be recorded on the official transcript and a certificate will be printed, provided all requirements have been met.

### 17.6 Special Program – Certificate Program in Education.

OSU offers Oklahoma State Department of Education-approved post-bachelor's certification programs for elementary school principals, school counselors, reading specialists, library/media specialists, and secondary school principals. Certification is also offered in speech and language pathology and in special education.

Master's degrees are available in most of these programs and doctorates are available in many.

Post-master's level certification programs are available for school superintendents and school psychologists.

Inquiries concerning any aspect of the Professional Education program should be addressed to the Office of Professional Education at 405-744-6252 or the head of the unit/department/school offering the program.

## 18.0 Graduate Minors

Graduate minors offer students the opportunity to pursue coursework outside, or ancillary to, the requirements for the degree earned. Minors may not be earned independently of a degree granted by OSU. OSU offers graduate minors in the following areas:

- Agribusiness
- Agricultural Economics
- Entomology
- Plant Pathology
- Statistics

### 18.1 Basic Requirements.

A graduate minor must include between nine and eighteen hours, inclusive, of coursework eligible for graduate credit.

Transfer of courses: No more than one-third of the credit for the minor may be earned through transfer credit of courses taken at other institutions, with the approval of the coordinator of the minor and the dean of the Graduate College. Transfer credit will only be considered if it was earned when the student was post-baccalaureate (i.e., after earning a bachelor's degree) at another accredited institution. All courses used as transfer credit must have a grade of "B" or better. Grades earned in courses transferred to Oklahoma State University will not be used in calculating the cumulative GPA.

### 18.2 Academic Standing.

A grade-point average of "B" (3.00) is required on courses applicable to a graduate minor. No grade lower than a "C" may be used as part of the minimum requirements for the minor. Individual minors may have more stringent requirements.

### 18.3 Plan of Study and Minor Completion Procedures.

Graduate students can declare a minor by entering it in the appropriate section of an original or revised Plan of Study submitted to the Graduate College prior to conferral of the degree. The pursuit of graduate minors is not denoted on the academic transcript while in progress. Graduate students can file for minor completion in the semester that the required courses for that minor will be finished. At that time, the graduate student should ask the coordinator for that minor area to submit a memorandum to the Graduate College certifying the completion of the minor requirements and listing the courses required for the minor. A notation of the minor will be added to the student's transcript with the conferral of a degree. The courses required for a graduate minor may be included on a Plan of Study for any graduate degree or they may be in addition to the degree requirements, depending on the overlap between the minor and the degree Plan of Study. However, the graduate minor must be earned in an academic field other than the student's graduate program or degree option (for example, a graduate student who is majoring in economics could not receive a graduate minor in economics).

### 18.4 Time Limits.

Requirements for the graduate minor must be completed at the time of conferral of the primary degree. All graduate courses used to complete

the minor must have been taken within ten years prior to the date of completion of the graduate minor requirements.

## 19.0 Master's Degree Programs

### 19.1 Abbreviations.

MA - Master of Arts  
 MAG - Master of Agriculture  
 MAT - Master of Athletic Training  
 MBA - Master of Business Administration  
 MEN - Master of Engineering  
 MFA - Master of Fine Arts  
 MM - Master of Music  
 MPH - Master of Public Health  
 MS - Master of Science

### 19.2 Current Degree Inventory.

For the current listing of master's degrees offered at OSU see the Graduate College website: <https://gradcollege.okstate.edu/programs/listing-by-degree.html#Masters>.

### 19.3 Basic Requirements.

The master's degree may be earned by one of two plans as follows:

Plan I—coursework with thesis. Minimum 30 credit hours consisting of 24 hours of coursework and 6 hours of research or creative component with a grade of "SR."

Plan II—coursework without thesis. Minimum of 30 credit hours. May include no more than three hours of research or creative component with a grade of "SR." May include culminating experiences (e.g., formal report, final report, internship, practicum, comprehensive exam, portfolio or capstone project). The formal report requires 1 to 3 credits of research hours or a departmental course.

The numbers of credits specified for each plan are minimums set by the Graduate College. Graduate program requirements may exceed these minimums.

The graduate program, with the approval of the dean of the Graduate College, decides which alternatives are open to the students.

A student who holds a DVM, MD, DO, DDS, LLB, JD, or equivalent professional degree may receive up to nine hours credit toward a master's degree, subject to the recommendation of the advisory committee and the approval of the dean of the Graduate College. However, a student receiving this credit may not transfer additional hours to OSU from other graduate programs.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

### 19.4 Residency Requirements.

Candidates for a master's degree must complete a minimum of 21 semester credit hours from OSU. Nine semester credit hours may be graduate courses taken at another accredited college or university with appropriate approvals.

### 19.5 Advisory Committee.

Upon recommendation of the graduate program and approval of the dean of the Graduate College, an advisory committee of no fewer than three voting members will be appointed. The advisory committee must include

a minimum of three members of the Graduate Faculty. The chair of the committee need not necessarily serve as the student's research advisor, but must hold an OSU Graduate Faculty appointment and have familiarity with the academic requirements of the degree sought. To view the roles and responsibilities associated with members of advisory committees, go to <https://gradcollege.okstate.edu/resources/best-practices.html>.

### 19.6 Level of Courses Applied to Graduate Degree.

Graduate students must complete all semester credit hours at the 5000- and 6000-level courses through OSU as presented on the Plan of Study to meet requirements for the master's degree.

### 19.7 Plan of Study.

The Plan of Study for the degree must be submitted online to the Graduate College prior to completion of the second semester of enrollment for a master's program. The student should develop the Plan of Study with the advisor using the online Plan of Study application (<http://planofstudy.okstate.edu>). The online submission request requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College. The Plan of Study is subject to modification. All changes must have the approval of the advisory committee and the student's graduate coordinator, and a final Plan of Study incorporating all changes should be submitted to the Graduate College by the posted deadline.

Graduate credit, up to a maximum of nine hours, used to obtain one master's degree may, with the approval of the advisory committee, be counted toward completion of another master's degree.

### 19.8 Major Subject or Field.

A major field of study may cross graduate program lines with approval of the graduate program and dean of the Graduate College.

To receive a master's degree, the student must have completed in the major field of study a minimum of 16 semester credit hours above the prerequisites required for graduate work in that subject or field.

### 19.9 Language Requirements.

A candidate for a master's degree may be required to demonstrate a reading knowledge of a modern foreign language. Any such requirement of the graduate program included on the Plan of Study and is noted at the time the preliminary plan is approved by the student's advisor.

A foreign language requirement for a master's degree may be met either by examination or by college credit, according to individual graduate program requirements.

### 19.10 Written Examinations.

Some graduate programs require a written examination covering the major and/or minor fields. It is usually taken before the thesis or report has been completed. Arrangements for taking the examination should be made with the graduate program at least three weeks in advance. The written examination must be passed before a final examination is scheduled, if a thesis or report option is used.

A student who fails all or part of the written examination should consult the chair of the examination committee to find out what must be done before taking another examination.

### 19.11 Thesis.

Any student working on a thesis should obtain a copy of the Graduate College Thesis/Dissertation Handbook available from the Graduate

College at <https://gradcollege.okstate.edu/resources/current-student-resources.html>. A thesis must conform to the format specifications set forth in this document. The style of the document is to be determined by the advisory committee and should be reflective of publications in the student's discipline. All graduate students writing a thesis must attend a Thesis/Dissertation format and graduation review or webinar prior to submission of their final copy. The dates for the reviews are on the Graduate Calendar and a link to the webinar version is available on the Graduate College website.

It is strongly recommended that a graduate student submit complete copies of their thesis to the committee members at least two weeks prior to the defense date, that the defense presentation be publicized, and that the thesis defense occur on a date during the normal academic semesters and sessions. Graduate programs may have additional or more restrictive requirements for thesis defenses.

The student should submit an electronic copy of the final thesis through the OSU electronic submission website. Directions for the website submission are given to the student when they submit the Oral Defense Results Form to the Graduate College. In addition, the student must submit to the Graduate College one paper copy of the approval page with all original signatures and the student's name and eight digit CWID number entered at the top of the page. Both the electronic submission and paper approval page must be received no later than the stated final submission deadline date (see the "Graduate College Calendar" for dates).

### 19.12 Report.

The student must submit to the Graduate College the Formal Report Approval form.

### 19.13 Final Examination.

If the thesis or report option is used, the student should arrange with the graduate program for the final examination and to distribute a copy as described in the preceding section. The final examination may be oral or written or both.

The final examination is primarily a defense of the thesis or report. If the defense is judged inadequate, a decision on whether to permit re-examination will be made by the advisory committee. Another examination cannot be given for at least two months after a failure, and a graduate program may limit the number of times that the examination may be repeated.

The committee will notify the Graduate College immediately of results of the final examination. Following satisfactory completion of the final examination, the candidate will make changes to the thesis or report as required by the committee and by the Graduate College, and submit it in final form signed by the committee to the Graduate College by the semester deadline.

Please see the Graduate College's Best Practices: Advisory Committees and Defenses document for additional guidance (<https://gradcollege.okstate.edu/resources/best-practices.html>).

## 20.0 Specialist in Education (EdS) Degree Program

The Specialist in Education degree is conferred as an appropriate recognition of achievement as evidenced by the following:

1. Successful professional performance in the area of the student's specialization.
2. Satisfactory completion of a program of graduate study of approximately two academic years.
3. Satisfactory performance on examinations designed to reveal the student's understanding of the field of specialization and its relation to other areas; and
4. Preparation of a thesis dealing with some aspect of concern to the student's profession and its defense before a committee of the Graduate Faculty.

## 20.1 Temporary Advisor.

At the beginning of a student's Specialist in Education program, the school head will designate a member of the Graduate Faculty to serve as temporary advisor to the student. The temporary advisor will guide the student in the selection of courses for the first semester.

## 20.2 Advisory Committee.

Upon recommendation of the school head or the graduate committee of the school, an advisory committee of no fewer than three voting members will be appointed by the dean of the Graduate College. At least one member of the advisory committee must be from a school or department outside the student's major field of study. This committee:

1. conducts the preliminary examination and conference,
2. approves the proposed Plan of Study,
3. supervises the student's progress in the program,
4. supervises the research, and
5. arranges for and conducts the final examination.

The chair of the committee need not necessarily serve as the student's research advisor, but must hold an OSU Graduate Faculty appointment and have familiarity with the academic requirements of the degree sought. To view the roles and responsibilities associated with members of advisory committees.

## 20.3 Plan of Study.

The original Plan of Study for the degree must be submitted to the Graduate College prior to the end of the second semester (excluding summer sessions) of enrollment for a specialist in education program. The student should develop the Plan of Study with the advisor using the online Plan of Study application. The online submission requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College.

The Plan of Study may be modified with the approval of the advisory committee and graduate program. A final Plan of Study incorporating all changes should be filed in the Graduate College by the eighth week of the semester in which the degree is to be conferred.

## 20.4 Credit Hour Requirements.

A minimum of 60 credit hours beyond the bachelor's degree or 33 credit hours beyond the master's degree are required for the Specialist in Education degree. This may include as many as 10 credit hours for the practicum study and accompanying report.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

## 20.5 Character of Work.

The satisfactory completion of coursework (see "General Regulations") is only one requirement for receiving the degree. The student must also:

1. pass a qualifying examination,
2. conduct an appropriate study of education,
3. show qualities of professional leadership, and
4. pass a final examination.

## 20.6 Residence Requirements.

While the Graduate College does not have a specific residence requirement that applies to all graduate programs, programs may require a period of time in residence for students enrolled in departmental graduate programs. Programs must inform students of any residence requirements upon their admission to departmental graduate programs. No more than nine hours may be transferred from another university.

## 20.7 Qualifying Examination.

A qualifying examination is required of all candidates for the Specialist in Education degree. The nature of this exam is determined within each specialization.

## 20.8 Credit Toward an EdD or a PhD.

A student holding an EdS may have the credit hour requirements for a PhD or EdD reduced to 30 hours subject to recommendation by the advisory committee and approval of the dean of the Graduate College.

## 21.0 Professional Doctorate (DBA, DFS, DHA) Degrees

Professional doctoral degrees prepare students for advanced professional knowledge with a practice perspective to the learning, and variable levels of scholarly work. Frequently, professional doctoral degrees will contain training and advanced knowledge that is required by a relevant licensing board and professional organization. The professional doctoral degree requirements are components that provide examination and capstone experiences consistent with the profession's standards and the Graduate College's expectations for professional doctoral programs.

The following professional doctoral degrees are offered at Oklahoma State University:

Doctor of Business Administration, D.B.A., for degree requirements see the Spears School of Business

Doctor of Forensic Sciences, D.F.S., for degree requirements see the School of Forensic Sciences, Center for Health Sciences

Doctor of Health Care Administration, D.H.A., for degree requirements see the School of Health Care Administration, Center for Health Sciences

### 21.1. Basic Requirements

Professional doctoral degrees requires a minimum of 60 semester credit hours beyond the bachelors degree. Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

### 21.2. Plan of Study

The student should develop the Plan of Study with the advisory committee using the online Plan of Study application. The online

submission requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College.

The original Plan of Study must be submitted to the Graduate College prior to the end of the third semester (excluding summer sessions) of enrollment in the doctoral program.

The Plan must include all the acceptable graduate work that has been completed and all that will be taken for the degree. All courses on the plan should be taken at the 5000-6000 level. Credit for all courses on a graduate Plan of Study must have been awarded within 10 years of completion of all degree requirements.

Changes in the Plan of Study can be made with the approval of the advisory committee and the dean of the Graduate College. A final, accurate and approved plan must be filed by the eighth week of the semester in which the degree is to be conferred.

### 21.3. Character of Work

The satisfactory completion of coursework (see "General Regulations") is only one requirement for receiving the degree. The student must also comply with any other requirements of the major department.

### 21.4. Residence Requirements

A minimum of 30 credit hours must be taken at OSU. While the Graduate College does not have a specific residency requirement that applies to all programs, some may require a period of time in residence for students. Programs must inform students of any residency requirements upon their admission to the graduate program.

## 22.0 Doctor of Education (EdD) Degree Programs

The degree of Doctor of Education is a professional degree conferred in recognition of outstanding ability as an educator in some special field or fields as shown by:

1. satisfactory completion of a program of study;
2. passing examinations showing an understanding of the field of specialization and its relation to allied subjects;
3. the preparation of a dissertation demonstrating ability to approach problems with a high degree of originality and independence; and
4. passing an examination covering the dissertation and related fields.

The following EdD degrees are offered:

- Applied Educational Studies (Aviation and Space Education)
- Higher Education
- School Administration

### 22.1 Basic Requirements.

The Doctor of Education degree requires a minimum of 90 semester credit hours beyond the bachelor's degree, or a minimum of 60 semester credit hours beyond the master's degree in a related discipline. The Plan of Study must include ten hours, with a grade of "SR," for the doctoral dissertation. Students may use 90 hours beyond the bachelor's degree as a degree total only if admitted directly into the doctoral program from the bachelor's degree.

A student who holds a DVM, MD, DO, DDS, LLB, JD, or equivalent professional degree may also have the minimum credit hour requirement reduced to 60 hours, subject to the recommendation of their advisory

committee and the approval of the dean of the Graduate College.

A student may receive only one 30-hour credit reduction in the EdD requirement regardless of the number of master's or professional degrees that he or she holds.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

### 22.2 Temporary Advisor.

At the beginning of a student's doctoral program, the school head will designate a member of the Graduate Faculty to serve as temporary advisor to the student. The temporary advisor will guide the student in the selection of courses for the first semester.

### 22.3 Advisory Committee.

Upon recommendation of the head of the graduate program and approval of the graduate dean, an advisory committee of no fewer than four voting members will be appointed. The duties of the advisory committee consist of:

1. advising the student,
2. assisting the student in preparing a Plan of Study,
3. assisting in planning and conducting the research,
4. supervising the writing of the dissertation, and
5. conducting the dissertation defense.

The chair of the committee need not necessarily serve as the student's research advisor, but must hold an OSU Graduate Faculty appointment with doctoral chairing privileges, and have familiarity with the academic requirements of the degree sought. Each doctoral advisory committee must have at least one member of the Graduate Faculty from outside the student's major department. To view the roles and responsibilities associated with members of advisory committees, go to <https://gradcollege.okstate.edu/resources/best-practices.html>.

The student should consult the members of the advisory committee frequently and keep them informed on the progress of their work.

### 22.4 Preliminary Conference.

As soon as the student is notified that an advisory committee has been appointed, the student should arrange with the chair for a conference with the committee. During the conference, the preparation and qualifications of the student for graduate work will be discussed and appropriate plans made for future study.

### 22.5 Plan of Study.

The student should develop the Plan of Study with the advisory committee using the online Plan of Study application. The online submission requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College.

Because the acceptance of work that the student desires to use toward the degree rests with the advisory committee, it is important to plan a complete program and have it approved by the dean of the Graduate College as soon as possible.

The original Plan of Study must be submitted to the Graduate College prior to the end of the third semester (excluding summer sessions) of enrollment in the doctoral program.

The Plan must include all the acceptable graduate work that has been completed and all that will be taken for the degree. The plan should include:

1. all courses taken at the 5000-6000 level,
2. a minimum of 60 hours beyond the master's degree or 30 hours beyond the EdS, and
3. at least 10 hours of dissertation credit. Courses from a master's degree or EdS are not listed on the doctoral Plan of Study.

Credit for all courses on a graduate Plan of Study must have been awarded within 10 years of completion of all degree requirements.

Changes in the Plan of Study can be made with the approval of the advisory committee and the dean of the Graduate College. A final, accurate and approved plan must be filed by the eighth week of the semester in which the degree is to be conferred.

## 22.6 Character of Work.

The satisfactory completion of coursework (see "General Regulations") is only one requirement for receiving the degree. The student must also:

1. pass a qualifying examination,
2. prepare an acceptable dissertation,
3. demonstrate the ability to do independent study,
4. pass a defense of dissertation, and
5. comply with any other requirements of the major department.

## 22.7 Residence Requirements.

A minimum of 30 credit hours must be taken at OSU. While the Graduate College does not have a specific residency requirement that applies to all graduate programs, some may require a period of time in residence for students. Programs must inform students of any residency requirements upon their admission to graduate programs.

## 22.8 Language and Research Instruments Proficiency.

All candidates will be expected to have a command of those instruments necessary in the study of educational problems. The doctoral advisory committee of each candidate may require evidence of proficiency in one or more foreign languages, educational research, statistics and/or computer usage.

## 22.9 Admission to Doctoral Candidacy.

Admission to doctoral candidacy marks the transition into the research phase of a doctoral degree and indicates agreement that the student has demonstrated the ability to do acceptable graduate work and that satisfactory progress has been made toward a degree. Consideration for candidacy requires the presentation of a written research proposal for doctoral research to the doctoral advisory committee, who will assess the proposal and offer the student pertinent counsel, advice and feedback. The approval of the research proposal by the advisory committee is the basic requirement for admission to doctoral candidacy; individual programs will normally impose additional requirements, such as the successful completion of oral and/or written comprehensive or qualifying examinations. These additional requirements may occur in conjunction with the presentation of the research proposal, or they may occur at different times within the course of doctoral study. Admission to doctoral candidacy is conferred with the approval of the dean of the Graduate College, on behalf of the Graduate Council, acting upon the recommendation of program faculty. Admission to candidacy should occur fairly early in the graduate degree program. It is the responsibility

of the chair of the advisory committee to notify the Graduate College when admission to candidacy is granted by submitting the Admission to Doctoral Candidacy form.

## 22.10 Dissertation Hours Taken as a Doctoral Candidate.

Admission to candidacy must occur at least six months prior to the date of the final dissertation defense. Since admission to candidacy may occur at various times related to the academic calendar, the student will need to be admitted to candidacy early in the fall semester to be eligible to schedule their final dissertation defense and graduate in the spring; very early in the spring semester for summer graduation; and extremely early in the summer session for fall graduation. (See the Graduate College Calendar for term-specific dates.) If a student is admitted to candidacy prior to the first day of a given term, all dissertation hours taken that term and following may be included in the hours of dissertation research required as a doctoral candidate.

## 22.11 Dissertation.

A dissertation is required of each candidate for the EdD degree. The dissertation has three principal functions:

1. training in research,
2. promoting professional growth, and
3. contributing to professional knowledge in education. Not every dissertation will be expected to serve these three functions in the same way or to the same extent.

The format specifications, procedures and regulations for the dissertation are the same as for the PhD. The EdD candidate should refer to the "Doctor of Philosophy" section in the Graduate College chapter of the Catalog on dissertations and submission procedures through the Graduate College. The style of the document is to be determined by the advisory committee and should be reflective of publications in the student's discipline. Any graduate student writing a dissertation must attend a format workshop prior to submission of their final copy. The dates for the workshops are on the Graduate Calendar and a webinar version is available.

## 23.0 Doctor of Philosophy (PhD) Degree Programs

The Doctor of Philosophy (PhD) degree is granted in recognition of high achievement in scholarship and independent investigation. The student must prove his or her acceptability by:

1. successfully completing a series of courses comprising a Plan of Study;
2. passing various examinations demonstrating academic competence;
3. carrying out a research program under supervision and preparing an acceptable dissertation; and
4. demonstrating initiative, creative intelligence, and ability to plan and carry out research in his or her chosen field.

## 23.1 Current Degree Inventory.

For the current listing of doctoral programs offered at OSU see the Graduate College website: <https://gradcollege.okstate.edu/programs/listing-by-degree.html#Doctoral>.

## 23.2 Basic Requirements.

The Doctor of Philosophy degree requires the number of credit hours as specified by the degree program with a minimum of 60 credit hours beyond the bachelor's degree. These hours must include a minimum of 15 dissertation hours (6000) with a grade of "SR." The maximum number of dissertation hours (6000 with a grade of "SR") permissible on a Plan of Study must not exceed three-fourths of the total credit hours in the approved graduate degree program.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

## 23.3 Temporary Advisor.

At the beginning of a student's doctoral program, the graduate program will designate a member of the Graduate Faculty to serve as temporary advisor to the student. The temporary advisor will assist the student in the early selection of courses. Often, it is the graduate coordinator who serves as the temporary advisor.

## 23.4 Advisory Committee.

Upon recommendation of the graduate program and approval of the dean of the Graduate College, an advisory committee of not fewer than four voting members will be appointed. The duties of the advisory committee consist of:

1. advising the student,
2. assisting the student in preparing a Plan of Study,
3. assisting in planning and conducting the research,
4. supervising the writing of the dissertation, and
5. conducting the dissertation defense.

The chair of the committee need not necessarily serve as the student's research advisor, but must hold an OSU Graduate Faculty appointment with doctoral chairing privileges, and have familiarity with the academic requirements of the degree sought. Each doctoral advisory committee must have at least one member of the Graduate Faculty from outside the student's major department to serve as a student advocate and the Graduate College Representative. To view the roles and responsibilities associated with members of advisory committees, go to <https://gradcollege.okstate.edu/resources/best-practices.html>.

The student should consult the members of the advisory committee frequently keep them informed on the progress of their work.

## 23.5 Preliminary Conference.

As soon as the student is notified that an advisory committee has been approved, the student should arrange with the chairperson for a conference with the committee. During the conference, the preparation and qualifications of the student for graduate work will be discussed and appropriate plans made for future study.

## 23.6 Plan of Study.

The student should develop the Plan of Study with the advisory committee using the online Plan of Study application. The online submission requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College.

The original Plan of Study must be submitted to the Graduate College prior to the end of the third semester (excluding summer sessions) of enrollment in the doctoral program. The plan must include all the

acceptable graduate work that has been completed and all that will be taken for the doctoral degree.

The Plan of Study must include all the acceptable graduate work that has been completed and all that will be taken for the doctoral degree. The Plan of Study should include:

1. all courses taken at the 5000-6000 level,
2. a minimum of 60 hours, and
3. a minimum of 15 (maximum of 45) dissertation hours (6000) with a grade of "SR" for the 60 hour doctorate or a minimum of 15 (maximum of 60) dissertation hours (6000) for the 90 hour doctorate.

Courses used to earn a master's degree are not listed on the doctoral Plan of Study. Credit for all courses on a graduate Plan of Study must have been awarded within 10 years of completion of all degree requirements.

Changes in the Plan of Study can be made with the approval of the advisory committee, graduate program, and the dean of the Graduate College. A final, accurate and approved plan must be filed by the eighth week of the semester in which the degree is to be conferred.

## 23.7 Character of Work.

The satisfactory completion of coursework (see "General Regulations") is only one requirement for earning the degree. The student must also:

1. pass a qualifying examination,
2. prepare an acceptable dissertation,
3. demonstrate the ability to do independent study,
4. pass a defense of dissertation, and
5. comply with any other requirements of the graduate program.

## 23.8 Residency Requirements.

A minimum of 30 credit hours must be taken at OSU. While the Graduate College does not have a specific residency requirement that applies to all programs, graduate programs may require a period of time in residence for students enrolled in departmental graduate programs. Programs must inform students of any residence requirements upon their admission to their graduate programs.

## 23.9 Language Requirement.

Foreign language or other proficiency requirements may be specified to meet the need for specific skills and areas of knowledge that facilitate research and contribute to wider understanding. Specific requirements are determined by graduate programs. In many fields, a reading knowledge of one or two modern foreign languages is an important part of scholarship and necessary for research. In other fields, proficiency in special and related disciplines may be required that will contribute to the needs of the individual program.

## 23.10 Admission to Doctoral Candidacy.

Admission to doctoral candidacy marks the transition into the research phase of a doctoral degree and indicates agreement that the student has demonstrated the ability to do acceptable, doctoral-level graduate work and that satisfactory progress has been made toward a degree. Consideration for candidacy requires the presentation of a written research proposal for doctoral research to the doctoral advisory committee, who will assess the proposal and offer the student pertinent counsel, advice and feedback. The approval of the research proposal by the advisory committee is the basic requirement for admission to doctoral candidacy; individual programs will normally impose

additional requirements, such as the successful completion of oral and/or written comprehensive or qualifying examinations. These additional requirements may occur in conjunction with the presentation of the research proposal, or they may occur at different times within the course of doctoral study. Admission to doctoral candidacy is conferred with the approval of the dean of the Graduate College, on behalf of the Graduate Council, acting upon the recommendation of program faculty. It is the responsibility of the chair of the advisory committee to notify the Graduate College when admission to candidacy is granted by submitting the Admission to Doctoral Candidacy form.

### 23.11 Dissertation Hours Taken as a Doctoral Candidate.

Admission to candidacy must occur at least six months prior to the date of the final dissertation defense.

Since admission to candidacy may occur at various times related to the academic calendar, the student will need to be admitted to candidacy early in the fall semester to be eligible to schedule their final dissertation defense and graduate in the spring; very early in the spring semester for summer graduation; and extremely early in the summer session for fall graduation. See the Graduate College Calendar for term-specific dates.

### 23.12 Dissertation.

A dissertation (doctoral thesis) is required of each doctoral candidate. The subject of the dissertation must be approved by the advisory committee and the dissertation is prepared under the direction of members of the committee or a special dissertation committee approved by the advisory committee chair.

The dissertation must follow specifications in the Graduate College Thesis/ Dissertation Guidelines, available at <http://gradcollege.okstate.edu> (<https://gradcollege.okstate.edu/resources/student-resources.html>). The style of the document is to be determined by the advisory committee and should be reflective of publications in the student's discipline. Any graduate student is writing a dissertation must attend a format and graduation review prior to submission of their final copy. The dates for the reviews are on the Graduate Calendar and a webinar version is also available.

All dissertation copies must have the necessary approval signatures before submission to the Graduate College.

It is strongly recommended that a graduate student submit complete copies of the dissertation to the advisory committee members at least two weeks prior to the defense date, that the defense presentation be publicized, and that the dissertation defense occur on a date during the normal academic semesters and sessions. Graduate programs may have additional or more restrictive requirements for dissertation defenses.

The student should submit an electronic copy of the dissertation through the OSU electronic submission website. Instructions for on-line submission are given to the student after completion of the National Survey of Earned Doctorates. In addition, the student must submit to the Graduate College one paper copy of the approval page with all original signatures and the student's name and CWID number entered at the top of the page. Both the electronic submission and paper approval page must be received no later than the stated final copy submission deadline date (see the Graduate Calendar for dates).

### 23.13 Final Examination.

The student should arrange with the graduate program for the final examination and to distribute a copy of the dissertation as described in the preceding section. The final examination is primarily a defense of the

dissertation. If the defense is judged inadequate, a decision on whether to permit re-examination will be made by the advisory committee. Another examination cannot be given for at least two months after a failure, and a graduate program may limit the number of times that the examination may be repeated. If the advisory committee decides against re-examination, the committee's decision is final. The outcome of the dissertation defense falls under the "professional and scholarly assessment made by faculty and advisory committees" and is not appealable.

The committee will notify the Graduate College immediately of results of the final examination. Following satisfactory completion of the final examination, the candidate will make changes in the dissertation as required by the committee and by the Graduate College and submit it in final form signed by the committee to the Graduate College by the semester deadline.

Please see the Graduate College's Best Practices: Advisory Committees and Defenses document for additional guidance.

## Academic Calendar Graduate College Academic Calendar

Refer also to the University Academic Calendar (p. 86).

### 2023-2024

	Fall	Spring	Summer
Class work begins	Aug 21	Jan 16	May 20
Admission to doctoral candidacy for summer graduates due in Graduate College		February 2	
Admission to doctoral candidacy for fall graduates due in Graduate College			Jun 7
Thesis/ Dissertation Graduation Review: Attend in person review or watch the on-line tutorial	Oct 13	Mar 8	Jun 7
Last day to file a Graduation Clearance Form and a revised plan of study (if needed) and to Graduate College	Oct 20	Mar 15	Jun 21
Last day to file a Graduation Application* (formerly diploma application)	Nov 1	Apr 1	Jul 1

Admission Nov 10  
to doctoral  
candidacy for  
spring graduates  
due in Graduate  
College

Priority deadline to submit results of thesis/ dissertation oral defense form to Graduate College	Nov 10	Apr 5	Jul 12
--	--------	-------	--------

Last day to  
submit results  
of thesis/  
dissertation  
defense forms to  
Graduate College  
to meet semester  
graduation  
deadlines

Priority deadline for online submission of electronic dissertation or thesis, and paper submission of signature approval page	Nov 22	Apr 19	Jul 19
---	--------	--------	--------

Last day to  
complete online  
submission  
of electronic  
dissertation  
or thesis, and  
paper submission  
of signature  
approval page

Term ends; Formal Reports, Creative Components due	Dec 15	May 10	Aug 2
---	--------	--------	-------

Graduate Dec 15 May 10  
Commencement

\*

Last day to file for your name to appear in Fall and Spring/Summer Commencement Book. Summer deadline is for graduation clearance only.

## Graduate Programs

### Doctoral Degree Programs

- Agricultural Economics, PhD (p. 2865)
- Agricultural Education, Communications, and Leadership, PhD (p. 2866)
- Animal Science, PhD (p. 2867)
- Applied Educational Studies: Aviation and Space Education, EdD (p. 2868)
- Biochemistry and Molecular Biology, PhD (p. 2869)

- Biomedical Sciences, PhD (p. 2870)
- Biosystems Engineering, PhD (p. 2872)
- Business Administration, DBA (p. 2873)
- Business Administration: Accounting, PhD (p. 2874)
- Business Administration: Entrepreneurship, PhD (p. 2875)
- Business Administration: Executive Research, PhD (p. 2876)
- Business Administration: Finance, PhD (p. 2877)
- Business Administration: Hospitality and Tourism Management, PhD (p. 2878)
- Business Administration: Management Science and Information Systems, PhD (p. 2879)
- Business Administration: Management, PhD (p. 2880)
- Business Administration: Marketing, PhD (p. 2881)
- Chemical Engineering, PhD (p. 2882)
- Chemistry, PhD (p. 2884)
- Civil Engineering, PhD (p. 2885)
- Computer Science, PhD (p. 2886)
- Counseling Psychology, PhD (p. 2887)
- Crop Science, PhD (p. 2888)
- Curriculum Studies: College Curriculum and Teaching, PhD (p. 2889)
- Curriculum Studies: Curriculum and Leadership, PhD (p. 2890)
- Curriculum Studies: International and Peace Curriculum, PhD (p. 2891)
- Economics, PhD (p. 2892)
- Education: Educational Administration, EdS (p. 2893)
- Education: Language, Literacy and Culture, PhD (p. 2894)
- Education: Learning, Design and Technology, PhD (p. 2895)
- Education: Mathematics Education, PhD (p. 2896)
- Education: School Psychology, EdS (p. 2897)
- Education: Science Education, PhD (p. 2898)
- Education: Social Foundations of Education, PhD (p. 2899)
- Education: Special Education, PhD (p. 2901)
- Education: Workforce and Adult Education, PhD (p. 2902)
- Educational Leadership and Policy Studies: Educational Administration, PhD (p. 2903)
- Educational Leadership and Policy Studies: Higher Education, PhD (p. 2904)
- Educational Psychology: Educational Psychology, PhD (p. 2905)
- Educational Psychology: Research, Evaluation, Measurement and Statistics, PhD (p. 2906)
- Electrical Engineering, PhD (p. 2907)
- English, PhD (p. 2908)
- Entomology, PhD (p. 2909)
- Environmental Science, PhD (p. 2910)
- Fire and Emergency Management Administration, PhD (p. 2911)
- Food Science, PhD (p. 2912)
- Forensic Sciences, DFS (p. 2913)
- Forensic Sciences, PhD (p. 2914)
- Geography, PhD (p. 2916)

- Sport Communication, GCRT (p. 3014)

## Graduate Certificates

- Aging Studies, GCRT (p. 2957)
- Aviation/Aerospace Administration, GCRT (p. 2958)
- Big Data Analytics, GCRT (p. 2959)
- Bioinformatics, GCRT (p. 2960)
- Brand Communication, GCRT (p. 2961)
- Building Level Leadership, GCRT (p. 2962)
- Business Analytics and Data Science, GCRT (p. 2963)
- Business Sustainability, GCRT (p. 2964)
- Business, GCRT (p. 2965)
- Casino and Gaming Management, GCRT (<http://catalog.okstate.edu/graduate-college/graduate-certificate/casino-gaming-management-gcrt/>)

- Statistical Methods and Analyses in Educational and Behavioral Sciences, GCRT (p. 3015)
- Substance Abuse Counseling, GCRT (p. 3016)
- Supply Chain and Logistics, GCRT (p. 3017)
- Teaching English to Speakers of Other Languages, GCRT (p. 3018)
- Workforce and Adult Education, GCRT (p. 3019)

## Master's Degree Programs

- Accounting: Corporate Finance, MS (p. 3022)
- Accounting: Data Analytics & Systems, MS (p. 3023)
- Accounting: Financial Reporting & Auditing, MS (p. 3024)
- Accounting: Research Methods, MS (p. 3025)
- Aging Studies, MS (p. 3026)
- Agricultural Communications, MS (p. 3027)
- Agricultural Economics, MS (p. 3028)
- Agricultural Education and Leadership, MS (p. 3029)
- Animal Science, MS (p. 3030)
- Applied Statistics, MS (p. 3031)
- Art History, MA (p. 3032)
- Athletic Training, MAT (p. 3033)
- Aviation and Space, MS (p. 3034)
- Biochemistry and Molecular Biology, MS (p. 3035)
- Biomedical Sciences, MS (p. 3036)
- Biosystems Engineering, MS (p. 3039)
- Business Administration, MBA (p. 3040)
- Business Administration: Accounting, MBA (p. 3042)
- Business Administration: Business Sustainability, MBA (p. 3043)
- Business Administration: Data Science, MBA (p. 3044)
- Business Administration: Economics, MBA (p. 3045)
- Business Administration: Energy Business, MBA (p. 3046)
- Business Administration: Entrepreneurship, MBA (p. 3047)
- Business Administration: Finance Investment Banking, MBA (p. 3048)
- Business Administration: Global Marketing, MBA (p. 3049)
- Business Administration: Hospitality and Tourism Management, MBA (p. 3050)
- Business Administration: Human Resource Management, MBA (p. 3051)
- Business Administration: Information Assurance, MBA (p. 3052)
- Business Administration: Marketing Analytics, MBA (p. 3053)
- Business Administration: Nonprofit Management, MBA (p. 3054)
- Business Analytics and Data Science, MS (p. 3055)
- Business Analytics and Data Science: Advanced Data Science, MS (p. 3056)
- Business Analytics and Data Science: Cybersecurity Analytics, MS (p. 3057)
- Business Analytics and Data Science: Health Analytics, MS (p. 3058)
- Business Analytics and Data Science: Marketing Analytics, MS (p. 3059)
- Chemical Engineering, MS (p. 3060)
- Chemistry, MS (p. 3061)
- Civil Engineering, MS (p. 3062)
- Communication Sciences and Disorders, MS (p. 3063)
- Computer Science, MS (p. 3065)
- Counseling: Mental Health Counseling, MS (p. 3066)
- Counseling: School Counseling, MS (p. 3068)
- Design, Housing & Merchandising: Apparel Design and Production, MS (p. 3070)
- Design, Housing & Merchandising: Digital Design, MS (p. 3071)
- Design, Housing & Merchandising: Interior Design, MS (p. 3072)
- Design, Housing & Merchandising: Merchandising, MS (p. 3073)
- Design, Housing & Merchandising: Retail Merchandising Leadership, MS (p. 3074)
- Dietetics, MS (p. 3075)
- Economics, MS (p. 3076)
- Educational Leadership Studies: College Student Development, MS (p. 3077)
- Educational Leadership Studies: Higher Education, MS (p. 3078)
- Educational Leadership Studies: School Administration, MS (p. 3079)
- Educational Leadership Studies: Workforce and Adult Education, MS (p. 3080)
- Educational Psychology, MS (p. 3081)
- Educational Psychology: Educational Psychology, MS (p. 3082)
- Educational Psychology: Research, Evaluation, Measurement and Statistics, MS (p. 3083)
- Educational Psychology: School Psychometrics, MS (p. 3084)
- Educational Technology: Educational Technology, MS (p. 3085)
- Educational Technology: School Library Media, MS (p. 3086)
- Electrical Engineering, MEN (p. 3087)
- Electrical Engineering, MS (p. 3088)
- Engineering and Technology Management, MS (p. 3089)
- Engineering Technology: Fire Safety and Explosion Protection, MS (p. 3090)
- Engineering Technology: Mechatronics & Robotics, MS (p. 3091)
- English, MA (p. 3093)
- English: Creative Writing, MFA (p. 3094)
- English: Professional Writing, MA (p. 3095)
- English: Teaching English to Speakers of Other Languages, MA (p. 3097)
- Entomology and Plant Pathology: Entomology, MS (p. 3099)
- Entomology and Plant Pathology: Plant Pathology, MS (p. 3100)
- Entrepreneurship, MS (p. 3101)
- Environmental Engineering, MS (p. 3102)
- Environmental Science, MS (p. 3103)
- Environmental Science: Environmental Management Professional Science Masters, MS (p. 3104)
- Family and Community Services, MS (p. 3105)
- Family and Consumer Sciences Education, MS (p. 3106)
- Family Financial Planning, MS (p. 3107)
- Fire and Emergency Management Administration, MS (p. 3108)
- Food Science, MS (p. 3110)
- Forensic Sciences, MS (p. 3111)
- Forensic Sciences: Arson, Explosives, Firearms and Toolmarks Investigation, MS (p. 3113)
- Forensic Sciences: Forensic Document Examination, MS (p. 3114)
- Forensic Sciences: Forensic Science Administration, MS (p. 3115)
- General Agriculture: Agribusiness, MAG (p. 3116)

- General Agriculture: Agricultural Leadership, MAG (p. 3118)
- Geography, MS (p. 3119)
- Geology, MS (p. 3121)
- Geoscience, MPSM (p. 3123)
- Global Health, MS (p. 3125)
- Global Studies, MS (p. 3126)
- Graphic Design, MFA (p. 3127)
- Health and Human Performance: Applied Exercise Science, MS (p. 3128)
- Health and Human Performance: Health Promotion, MS (p. 3129)
- Health and Human Performance: Physical Education, MS (p. 3130)
- Health Care Administration, MS (p. 3131)
- History, MA (p. 3132)
- Horticulture, MS (p. 3133)
- Hospitality and Tourism Management, MS (p. 3134)
- Human Development and Family Science: Aging Sciences, MS (p. 3136)
- Human Development and Family Science: Applied Human Services, MS (p. 3137)
- Human Development and Family Science: Developmental and Family Sciences, MS (p. 3138)
- Human Development and Family Science: Early Childhood Education, MS (p. 3139)
- Human Development and Family Science: Marriage and Family Therapy, MS (p. 3140)
- Industrial Engineering and Management, MS (p. 3142)
- Industrial Engineering and Management: Operations Research and Analytics, MS (p. 3143)
- Industrial Engineering and Management: Supply Chain and Logistics, MS (p. 3144)
- Integrative Biology, MS (p. 3145)
- Interdisciplinary Studies, MS (p. 3146)
- International Agriculture, MAG (p. 3147)
- International Agriculture, MS (p. 3148)
- Leisure Studies, MS (p. 3150)
- Management Information Systems, MS (p. 3151)
- Management Information Systems: Big Data Analytics, MS (p. 3152)
- Management Information Systems: Cybersecurity, MS (p. 3153)
- Management Information Systems: Health Analytics, MS (p. 3154)
- Mass Communications, MS (p. 3155)
- Materials Science and Engineering, MEN (p. 3157)
- Materials Science and Engineering, MS (p. 3158)
- Mathematics, MS (p. 3161)
- Mechanical and Aerospace Engineering, MEN (p. 3163)
- Mechanical and Aerospace Engineering, MS (p. 3164)
- Mechanical and Aerospace Engineering: Unmanned Aerial Systems, MS (p. 3165)
- Medical Sciences, MS (p. 3166)
- Microbiology, Cell and Molecular Biology, MS (p. 3167)
- Music: Applied Music, MM (p. 3168)
- Music: Conducting, MM (p. 3169)
- Music: Multiple Woodwinds, MM (p. 3170)
- Natural Resource Ecology and Management, MS (p. 3171)
- Natural Resource Ecology and Management: Fisheries and Aquatic Ecology, MS (p. 3172)
- Natural Resource Ecology and Management: Forest Resources, MS (p. 3173)
- Natural Resource Ecology and Management: Rangeland Ecology and Management, MS (p. 3174)
- Natural Resource Ecology and Management: Wildlife Ecology and Management, MS (p. 3175)
- Nutritional Sciences: Dietetics Practice, MS (p. 3176)
- Nutritional Sciences: Dietetics Research, MS (p. 3177)
- Nutritional Sciences: Nutrition, MS (p. 3179)
- Peace, Conflict, and Security Studies, MA (p. 3181)
- Petroleum Engineering, MS (p. 3182)
- Philosophy, MA (p. 3183)
- Physician Assistant Studies, MS (p. 3184)
- Physics, MS (p. 3185)
- Physics: Optics and Photonics, MS (p. 3186)
- Plant and Soil Sciences, MS (p. 3187)
- Plant Biology, MS (p. 3188)
- Politics and Policy Studies, MA (p. 3189)
- Public Health, MPH (p. 3190)
- Public Health: Rural and Underserved Populations, MPH (p. 3191)
- Quantitative Finance, MS (p. 3193)
- Social Foundations of Education, MA (p. 3194)
- Sociology, MS (p. 3195)
- Statistics, MS (p. 3196)
- Teaching, Learning and Leadership: Curriculum and Leadership Studies, MS (p. 3197)
- Teaching, Learning and Leadership: Gifted and Talented Education, MS (p. 3198)
- Teaching, Learning and Leadership: K-12 Education, MS (p. 3199)
- Teaching, Learning and Leadership: Mathematics/Science Education, MS (p. 3201)
- Teaching, Learning and Leadership: Reading and Literacy, MS (p. 3202)
- Teaching, Learning and Leadership: Special Education, MS (p. 3203)
- Teaching, Learning and Leadership: Workforce and Adult Education, MS (p. 3204)
- Theatre, MA (p. 3205)

## All Graduate-Level Programs

- Accounting: Corporate Finance, MS (p. 3022)
- Accounting: Data Analytics & Systems, MS (p. 3023)
- Accounting: Financial Reporting & Auditing, MS (p. 3024)
- Accounting: Research Methods, MS (p. 3025)
- Aging Studies, GCRT (p. 2957)
- Aging Studies, MS (p. 3026)
- Agricultural Communications, MS (p. 3027)
- Agricultural Economics, MS (p. 3028)
- Agricultural Economics, PhD (p. 2865)
- Agricultural Education and Leadership, MS (p. 3029)
- Agricultural Education, Communications, and Leadership, PhD (p. 2866)
- Animal Science, MS (p. 3030)

- Animal Science, PhD (p. 2867)
- Applied Educational Studies: Aviation and Space Education, EdD (p. 2868)
- Applied Statistics, MS (p. 3031)
- Art History, MA (p. 3032)
- Athletic Training, MAT (p. 3033)
- Aviation and Space, MS (p. 3034)
- Aviation/Aerospace Administration, GCRT (p. 2958)
- Big Data Analytics, GCRT (p. 2959)
- Biochemistry and Molecular Biology, MS (p. 3035)
- Biochemistry and Molecular Biology, PhD (p. 2869)
- Bioinformatics, GCRT (p. 2960)
- Biomedical Sciences, MS (p. 3036)
- Biomedical Sciences, PhD (p. 2870)
- Biosystems Engineering, MS (p. 3039)
- Biosystems Engineering, PhD (p. 2872)
- Brand Communication, GCRT (p. 2961)
- Building Level Leadership, GCRT (p. 2962)
- Business Administration, DBA (p. 2873)
- Business Administration, MBA (p. 3040)
- Business Administration: Accounting, MBA (p. 3042)
- Business Administration: Accounting, PhD (p. 2874)
- Business Administration: Business Sustainability, MBA (p. 3043)
- Business Administration: Data Science, MBA (p. 3044)
- Business Administration: Economics, MBA (p. 3045)
- Business Administration: Energy Business, MBA (p. 3046)
- Business Administration: Entrepreneurship, MBA (p. 3047)
- Business Administration: Entrepreneurship, PhD (p. 2875)
- Business Administration: Executive Research, PhD (p. 2876)
- Business Administration: Finance Investment Banking, MBA (p. 3048)
- Business Administration: Finance, PhD (p. 2877)
- Business Administration: Global Marketing, MBA (p. 3049)
- Business Administration: Hospitality and Tourism Management, MBA (p. 3050)
- Business Administration: Hospitality and Tourism Management, PhD (p. 2878)
- Business Administration: Human Resource Management, MBA (p. 3051)
- Business Administration: Information Assurance, MBA (p. 3052)
- Business Administration: Management Science and Information Systems, PhD (p. 2879)
- Business Administration: Management, PhD (p. 2880)
- Business Administration: Marketing Analytics, MBA (p. 3053)
- Business Administration: Marketing, PhD (p. 2881)
- Business Administration: Nonprofit Management, MBA (p. 3054)

## Faculty

The OSU Graduate Faculty are searchable by name and department in the Graduate Faculty Database on the Graduate College Website: <http://graduatefaculty.okstate.edu/Default.aspx>

## Doctoral Degree Programs

---

- Agricultural Economics, PhD (p. 2865)
- Agricultural Education, Communications, and Leadership, PhD (p. 2866)
- Animal Science, PhD (p. 2867)
- Applied Educational Studies: Aviation and Space Education, EdD (p. 2868)
- Biochemistry and Molecular Biology, PhD (p. 2869)
- Biomedical Sciences, PhD (p. 2870)
- Biosystems Engineering, PhD (p. 2872)
- Business Administration, DBA (p. 2873)
- Business Administration: Accounting, PhD (p. 2874)
- Business Administration: Entrepreneurship, PhD (p. 2875)
- Business Administration: Executive Research, PhD (p. 2876)
- Business Administration: Finance, PhD (p. 2877)
- Business Administration: Hospitality and Tourism Management, PhD (p. 2878)
- Business Administration: Management Science and Information Systems, PhD (p. 2879)
- Business Administration: Management, PhD (p. 2880)
- Business Administration: Marketing, PhD (p. 2881)
- Chemical Engineering, PhD (p. 2882)
- Chemistry, PhD (p. 2884)
- Civil Engineering, PhD (p. 2885)
- Computer Science, PhD (p. 2886)
- Counseling Psychology, PhD (p. 2887)
- Crop Science, PhD (p. 2888)
- Curriculum Studies: College Curriculum and Teaching, PhD (p. 2889)
- Curriculum Studies: Curriculum and Leadership, PhD (p. 2890)
- Curriculum Studies: International and Peace Curriculum, PhD (p. 2891)
- Economics, PhD (p. 2892)
- Education: Educational Administration, EdS (p. 2893)
- Education: Language, Literacy and Culture, PhD (p. 2894)
- Education: Learning, Design and Technology, PhD (p. 2895)
- Education: Mathematics Education, PhD (p. 2896)
- Education: School Psychology, EdS (p. 2897)
- Education: Science Education, PhD (p. 2898)
- Education: Social Foundations of Education, PhD (p. 2899)
- Education: Special Education, PhD (p. 2901)
- Education: Workforce and Adult Education, PhD (p. 2902)
- Educational Leadership and Policy Studies: Educational Administration, PhD (p. 2903)
- Educational Leadership and Policy Studies: Higher Education, PhD (p. 2904)
- Educational Psychology: Educational Psychology, PhD (p. 2905)
- Educational Psychology: Research, Evaluation, Measurement and Statistics, PhD (p. 2906)
- Electrical Engineering, PhD (p. 2907)
- English, PhD (p. 2908)
- Entomology, PhD (p. 2909)
- Environmental Science, PhD (p. 2910)
- Fire and Emergency Management Administration, PhD (p. 2911)
- Food Science, PhD (p. 2912)
- Forensic Sciences, DFS (p. 2913)
- Forensic Sciences, PhD (p. 2914)
- Geography, PhD (p. 2916)
- Geology, PhD (p. 2917)
- Health and Human Performance, PhD (p. 2918)
- Health Care Administration, DHCA (p. 2919)
- Health, Leisure and Human Performance: Health and Human Performance, PhD (p. 2920)
- Health, Leisure and Human Performance: Leisure Studies, PhD (p. 2921)
- History, PhD (p. 2923)
- Human Development and Family Science, PhD (p. 2924)
- Human Sciences: Human Development and Family Science, PhD (p. 2925)
- Industrial Engineering and Management, PhD (p. 2926)
- Integrative Biology, PhD (p. 2927)
- Language, Literacy, and Culture Education, EdS (p. 2928)
- Materials Science and Engineering, PhD (p. 2929)
- Mathematics, PhD (p. 2931)
- Mechanical and Aerospace Engineering, PhD (p. 2932)
- Mechanical and Aerospace Engineering: Unmanned Aerial Systems, PhD (p. 2933)
- Microbiology, Cell and Molecular Biology, PhD (p. 2934)
- Natural Resource Ecology and Management, PhD (p. 2935)
- Natural Resource Ecology and Management: Fisheries and Aquatic Ecology, PhD (p. 2936)
- Natural Resource Ecology and Management: Forest Resources, PhD (p. 2937)
- Natural Resource Ecology and Management: Rangeland Ecology and Management, PhD (p. 2938)
- Natural Resource Ecology and Management: Wildlife Ecology and Management, PhD (p. 2939)
- Nutritional Sciences, PhD (p. 2940)
- Petroleum Engineering, PhD (p. 2942)
- Photonics, PhD (p. 2943)
- Physics, PhD (p. 2945)
- Plant Biology, PhD (p. 2946)
- Plant Pathology, PhD (p. 2947)
- Psychology: Clinical, PhD (p. 2948)
- Psychology: Experimental Psychology, PhD (p. 2949)
- School Administration, EdD (p. 2950)
- School Psychology, EdS (p. 2951)
- School Psychology, PhD (p. 2952)
- Sociology, PhD (p. 2953)
- Soil Science, PhD (p. 2954)
- Statistics, PhD (p. 2955)

## Agricultural Economics, PhD

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 60

Code	Title	Hours
<b>Core Courses</b>		
ECON 6023	Microeconomic Theory II	3
ECON 6043	Macroeconomic Theory II	3
AGEC 6213	Advanced Econometrics	3
STAT 5253	Mathematical Statistics I	3
STAT 5263	Mathematical Statistics II	3
AGEC 6403	Advanced Production Economics	3
AGEC 6303	Advanced Agricultural Marketing <sup>1</sup>	3
AGEC 5703	American Agricultural Policy	3
AGEC 6102	Teaching Practicum in Agricultural Economics	2
<b>Hours Subtotal</b>		<b>26</b>
<b>Electives</b>		
Select at least 10 hours of electives: <sup>2</sup>		10
AGEC 5203	Advanced Agricultural Prices	
AGEC 5233	Primary Data Analysis in Economic Research	
AGEC 5321	Agricultural Marketing and Economic Development	
AGEC 5331	Agricultural Marketing: Advanced Concepts	
AGEC 5403	Production Economics	
AGEC 5503	Economics of Natural and Environmental Resource Policy	
AGEC 5603	Advanced Agricultural Finance	
AGEC 5723	Plan & Pol Devlpmnt	
AGEC 6103	Advanced Applications of Mathematical Programming	
ECON 6623	Economic Development I	
ECON 6643	Economic Development II	
<b>Hours Subtotal</b>		<b>10</b>
<b>Thesis</b>		
Total thesis hours based on advice of student's advisory committee. <sup>2</sup>		24
<b>Hours Subtotal</b>		<b>24</b>
<b>Total Hours</b>		<b>60</b>

1

Prerequisites of AGEC 5203 or AGEC 5311, 5321, and 5331.

2

Total number of hours for thesis must be approved by student's advisory committee and will need to reach a total of 34 hours combined with electives.

## Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2023-2024 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

## Agricultural Education, Communications, and Leadership, PhD

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 60 (Beyond the Master's Degree)

Code	Title	Hours
<b>Required Courses</b>		
AECL 5101	Orientation to Graduate Programs in Agricultural Education, Communications and Leadership	1
AGCM 5203	Theory and Practice in Agricultural Communications	3
AGED 5823	Advanced Methods of Teaching Agriculture	3
AGED 6103	History and Philosophical Foundations of Agricultural and Extension Education	3
AGLE 5303	Foundations of Leadership Theory	3
AECL 5863	Methods of Technological Change	3
AECL 6223	Program Evaluation in Agriculture and Extension	3
<b>Hours Subtotal</b>		<b>19</b>
<b>Statistics and Research Courses</b>		
AECL 5983	Social Sciences Research in Agricultural Sciences and Natural Resources	3
Select 9 hours from the following:		9
REMS 5953	Statistical Methods in Education (or equivalent)	
STAT 5013	Statistics for Experimenters I	
REMS 6003	Analyses of Variance (or equivalent)	
STAT 5023	Statistics for Experimenters II	
REMS 6013	Multiple Regression Analysis in Behavioral Studies (or equivalent)	
Select one qualitative research methods course.		3
<b>Specialization</b>		
Select 11 hours.		11
<b>Hours Subtotal</b>		<b>26</b>
<b>Dissertation Hours</b>		
AECL 6000	Doctoral Dissertation in Agricultural Education, Communications and Leadership	15
<b>Hours Subtotal</b>		<b>15</b>
<b>Total Hours</b>		<b>60</b>

## Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2023-2024 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

## Animal Science, PhD

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 60 (Beyond the Master's Degree)

Code	Title	Hours
<b>Required Courses <sup>1</sup></b>		
Select at least 15 hours from below with approval of the advisory committee and area of specialization:		15
ANSI 5102	Ethics and Professionalism in Animal and Food Science	
ANSI 5010	Special Problems	
ANSI 5113	Basic Reproductive Physiology	
ANSI 5123	Functional and Molecular Endocrinology	
ANSI 5213	Advances in Meat Science	
ANSI 5303	Advanced Animal Breeding	
ANSI 5313	Marker Assisted Selection in Livestock	
ANSI 5333	Carcass Value Estimation Systems	
ANSI 5553	Interpreting Animal and Food Science Research	
ANSI 5573	Techniques in Animal Molecular Biology	
ANSI 5613	Advanced Beef Production	
ANSI 5733	Advanced Ruminant Nutrition	
ANSI 5743	Rumenology	
ANSI 5753	Animal Nutrition Techniques and Laboratory Methods	
ANSI 5763	Advanced Nonruminant Nutrition	
ANSI 5773	Protein Nutrition	
ANSI 5783	Vitamin and Mineral Nutrition	
Food Science (FDSC) 5000- and 6000-level courses		
<b>Hours Subtotal</b>		<b>15</b>
<b>Electives <sup>1</sup></b>		
Select 15 hours of other graduate courses with the approval of the advisory committee and area of specialization.		15
Choose from graduate level classes in STAT, BIOC, MICR, BIOL, ZOOL, NSCI, BVSC, or other courses deemed appropriate by advisory committee.		
<b>Hours Subtotal</b>		<b>15</b>
<b>Other Requirements <sup>1</sup></b>		
ANSI 6000	Doctoral Research and Dissertation (Offered for variable credit, 1-10 credit hours, maximum of 30 credit hours.)	
or FDSC 6000	Doctoral Research and Dissertation	
ANSI 6110	Seminar (Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.)	
<b>Hours Subtotal</b>		<b>30</b>
<b>Total Hours</b>		<b>60</b>

<sup>1</sup>

Combined Required Courses, Electives and Other Requirements hours must total 60 hours.

## Animal Science Requirements

- At least 75 percent of total credit hours must be 5000/6000 level courses.

## Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2023-2024 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

## Applied Educational Studies: Aviation and Space Education, EdD

### Requirements for Students Matriculating in or before Academic Year

2023-2024. Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 61

Code	Title	Hours
<b>Required Courses</b>		
AVED 5553	Aerospace Proposal and Procurement	3
AVED 5573	Aerospace Defense Acquisition	3
AVED 5593	Influencing Public Policy in the Aerospace Industry	3
AVED 6000	Doctoral Thesis	10
AVED 6103	Doctoral Seminar in Aerospace Education	3
AVED 6303	The Application of Qualitative Methods in Aviation Research	3
AVED 6313	Administration of Aviation Institutions	3
AVED 6413	Development of Air and Space Flight	3
AVED 6553	Foundations of Airline Executive Leadership	3
AVED 6613	Aviation Executive Development	3
AVED 6773	Applied Aviation and Space Research	3
<b>Hours Subtotal</b>		<b>40</b>
<b>Electives</b>		
Select 21 hours of the following:		21
AVED 5453	Advanced Aviation Security	
AVED 5563	Aerospace Leadership and Management	
AVED 5773	Historical Significance of Aviation	
AVED 5823	Space Science	
AVED 5883	Aviation Economics	
AVED 5893	Aerospace Executive Decision Making	
AVED 5963	Airport Operations	
AVED 5973	Aerospace Law	
AVED 5993	Ethics in Aviation	
REMS 5013	Research Design and Methodology	
REMS 5953	Statistical Methods in Education	
SCFD 6113	Theoretical Foundations of Inquiry	
<b>Hours Subtotal</b>		<b>21</b>
<b>Total Hours</b>		<b>61</b>

## Graduate College Doctor of Education (EdD) Requirements

Learn more about Graduate College 2023-2024 Doctor of Education (EdD) Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

## Biochemistry and Molecular Biology, PhD

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 90 (Beyond the Bachelor's Degree)

Code	Title	Hours
<b>Required Core Courses</b>		
BIOC 5002	Research Compliance and Biochemistry Graduate Colloquium	2
BIOC 5112	Articulation of Research Logic	2
BIOC 5120	Biochemistry and Molecular Biology Graduate Research Colloquium <sup>1</sup>	1
BIOC 5753	Biochemical Principles	3
BIOC 5753	Biochemical Principles	3
BIOC 5853	Molecular and Integrative Metabolism	3
BIOC 5930	Advanced Biochemical Techniques	3
BIOC 6110	Seminar <sup>2</sup>	2
Three hours from:		3
BIOC 6740	Physical Biochemistry	
Plus 4 advanced (6000-level BIOC courses)		12
BIOC 6723	Signal Transduction	
BIOC 6733	Functional Genomics	
BIOC 6753	Epigenetics	
BIOC 6773	Protein Structure and Enzyme Function	
BIOC 6793	Plant Biochemistry	
<b>Hours Subtotal</b>		<b>34</b>
<b>Electives</b>		
Select 41 hours from the following:		41
BIOC 4723	Introduction to Bioinformatics	
BIOC 5102	Molecular Genetics	
BIOC 5824	Biochemical Laboratory Methods	
BIOC 6820	Selected Topics in Biochemistry (15 Hours Maximum)	
<b>Hours Subtotal</b>		<b>41</b>
<b>Required Research</b>		
BIOC 6000	Research	15
<b>Hours Subtotal</b>		<b>15</b>
<b>Total Hours</b>		<b>90</b>

<sup>1</sup>

Course to be taken 1 time each year prior to year of graduation.

<sup>2</sup>

Course to be taken 2 times at one credit each.

**Total Hours:** 60 (Beyond the Master's Degree)

Code	Title	Hours
<b>Required Core Courses</b>		
Combined 45 hours of required core courses and electives.		45
BIOC 5002	Research Compliance and Biochemistry Graduate Colloquium	

BIOC 5112	Articulation of Research Logic
BIOC 5120	Biochemistry and Molecular Biology Graduate Research Colloquium <sup>1</sup>
<i>Other Core Courses Listed Below as Required by the Student's Advisor and Graduate Thesis Advisory Committee:</i>	
BIOC 5723	Introduction to Bioinformatics
BIOC 5753	Biochemical Principles
BIOC 5853	Molecular and Integrative Metabolism
BIOC 5930	Advanced Biochemical Techniques (10 credits maximum)
BIOC 6110	Seminar
BIOC 6723	Signal Transduction
BIOC 6733	Functional Genomics
BIOC 6740	Physical Biochemistry
BIOC 6753	Epigenetics
BIOC 6773	Protein Structure and Enzyme Function
BIOC 6793	Plant Biochemistry

### Electives

Select 15 hours minimum from the following:

BIOC 4723	Introduction to Bioinformatics
BIOC 5102	Molecular Genetics
BIOC 5824	Biochemical Laboratory Methods
BIOC 6820	Selected Topics in Biochemistry

**Hours Subtotal** 45

### Required Research

BIOC 6000 Research 15

**Hours Subtotal** 15

**Total Hours** 60

<sup>1</sup>

Course to be taken 1 time each year prior to year of graduation.

## Other Biochemistry and Molecular Biology, PhD, Requirements

- Pass PhD Preliminary Examination.
- Pass PhD Candidacy Examination: Present and pass the defense of a written research proposal.
- The student's Graduate Committee must approve the written thesis, and an oral defense on the content of the thesis must be passed.

## Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2023-2024 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

## Biomedical Sciences, PhD

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 60

Code	Title	Hours
<b>Degree Core</b>		
<i>Required Courses</i>		
Thirty hours from:		30
BIOM 6000	Research and Dissertation	
BIOM 6662	Research Ethics and Survival Skills for the Biomedical Sciences	2
BIOM 6922	Scientific Communication in Biomedical Sciences	2
<b>Hours Subtotal</b>		<b>34</b>
<b>Optional Electives</b>		
Select 26 hours from the following:		26
BIOM 5010	Special Topics in Biomedical Sciences	
BIOM 5020	Biomedical Sciences Seminar	
BIOM 5116	Clinical Anatomy	
BIOM 5122	Introduction and Survey of Human Structure	
BIOM 5133	Neuroanatomy	
BIOM 5144	Histology and Development	
BIOM 5215	Medical Biochemistry	
BIOM 5316	Medical Microbiology and Immunology	
BIOM 5616	Graduate Biomedical Physiology	
BIOM 5621	Introduction to Translational Research	
BIOM 5631	Disease Research in Medicine	
BIOM 5641	Cornerstones of Vertebrate Paleontology	
BIOM 5653	Evolutionary Physiology	
BIOM 5663	Graduate Pharmacology	
BIOM 5672	Scientific Outreach Training for Graduate Students	
BIOM 5683	Chronic Inflammation and Cancer Development	
BIOM 5693	Principle Concepts of Cellular and Molecular Immunology	
BIOM 5703	Applied Multivariate and Evolutionary Analysis of Paleontological Data	
BIOM 5983	Principles of Neuroscience	
BIOM 5993	Principles of Neuroanatomy	
BIOM 6175	Molecular And Cellular Biology	
BIOM 6183	Cellular and Molecular Biology of Pain	
BIOM 6193	Paleomammalogy	
BIOM 6214	Advanced Topics in Medical Biochemistry	
BIOM 6233	Enzyme Analysis	
BIOM 6243	Human Nutrition	
BIOM 6263	Techniques in Molecular Biology	
BIOM 6333	Immunology	
BIOM 6343	Microbial Physiology	

BIOM 6353	Molecular Virology
BIOM 6363	Immunobiology of Infectious Disease
BIOM 6413	Graduate General Pathology and Laboratory Medicine
BIOM 6523	Cardiovascular Physiology and Pharmacology
BIOM 6543	Environmental Toxins in the Brain
BIOM 6583	Neuroinflammation
BIOM 6613	Environmental Physiology
BIOM 6643	Neurophysiology
BIOM 6653	Graduate Seminar In Signal Transduction
BIOM 6663	Neuroethology
BIOM 6673	Genomics
BIOM 6705	Advanced Gross Anatomy
BIOM 6723	Field Techniques in Vertebrate Paleontology
BIOM 6733	Human Microbiome in Health and Disease
BIOM 6743	Foundations in Medical Genetics, Molecular Biology and Development
BIOM 6752	Foundations in Medical Cell and Tissue Biology
BIOM 6762	Foundations in Medical Biochemistry
BIOM 6771	Foundations in Medical Pharmacology
BIOM 6781	Foundations in Medical Immunology
BIOM 6793	Foundations in Medical Microbiology
BIOM 6800	Critical Readings in Biomedical Sciences
BIOM 6810	Structure and Function of the Human Cardiovascular System
BIOM 6820	Structure and Function of the Human Gastrointestinal/Hepatic System
BIOM 6830	Biomedical Perspectives on Human Hematology
BIOM 6840	Structure and Function of the Human Musculoskeletal System
BIOM 6843	Vertebrate Osteology
BIOM 6850	Structure and Function of the Human Renal System
BIOM 6860	Structure and Function of the Human Reproductive Systems and Reproductive Biology
BIOM 6870	Structure and Function of the Human Respiratory System
BIOM 6880	Biomedical Perspectives on Psychiatry
BIOM 6810	Structure and Function of the Human Cardiovascular System
BIOM 6820	Structure and Function of the Human Gastrointestinal/Hepatic System
BIOM 6830	Biomedical Perspectives on Human Hematology
BIOM 6840	Structure and Function of the Human Musculoskeletal System
BIOM 6850	Structure and Function of the Human Renal System

BIOM 6860	Structure and Function of the Human Reproductive Systems and Reproductive Biology	
BIOM 6870	Structure and Function of the Human Respiratory System	
BIOM 6880	Biomedical Perspectives on Psychiatry	
BIOM 6900	Structure and Function of the Human Endocrine System	
BIOM 6910	Structure and Function of the Human Nervous System	
BIOM 6933	Cornerstones of Graduate Biomedical Sciences	
BIOM 6943	Advanced Vertebrate Paleontology	
BIOM 6952	Paleohistology Techniques	
BIOM 6962	Evolutionary Biomechanics	
BIOM 6972	Role of Nicotinic Acetylcholine Receptors in Neuropsychiatric Disorders	
<b>Hours Subtotal</b>		<b>26</b>
<b>Other Requirements</b>		
Research Proposal		
Qualifying Exam		
Dissertation Defense		
<b>Total Hours</b>		<b>60</b>

## Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2023-2024 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

## Biosystems Engineering, PhD

Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

<b>Hours Subtotal</b>		<b>6</b>
<b>Other Requirements</b>		
Twenty-one hours from:		21
CS 6000	Doctoral Dissertation	
<b>Hours Subtotal</b>		<b>21</b>
<b>Total Hours</b>		<b>60</b>

1

For Ph.D. students who have not earned a master's degree, at most one grade of "C" in a core course is acceptable providing it is offset by a grade of "A" in another core course.

2

A student who has completed a master's degree at another university may petition to have one or more of the OSU core courses waived in favor of equivalent graduate-level course(s) taken elsewhere. The question or whether or not a course at another university is equivalent to an OSU core course is entirely up to the judgment of the department.

3

These elective hours cannot include any courses claimed Core Requirements, Research Specialization or Secondary Area of Study, nor may they include any courses used on the plan of study for a master's degree, nor may they include any hours of CS 5000 or of CS 6000.

4

Students who have not completed a master's degree must satisfy the above elective requirements in this item plus the elective requirements for the master's degree (under the thesis option) in this department.

## Graduate College Doctor of Philosophy (PhD) Requirements

## Education: Social Foundations of Education, PhD

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 69

Code	Title	Hours
<b>Common Program Core</b>		
(Typically taken within the first 3 semesters)		
SCFD 6983	Diversity and Equity Issues in Education	3
SCFD 6113	Theoretical Foundations of Inquiry	3
CIED 6503	Doctoral Seminar	3
<b>Hours Subtotal</b>		<b>9</b>
<b>Research Courses</b>		
12 credit hours, at least one qualitative and one quantitative course at 6000-level. (Note: all 6000-level REMS quantitative courses require prerequisites of REMS 5013 and REMS 5953, which will not count toward the 69 total hours). Only one 5000-level course (excluding REMS 5013 and REMS 5953) may count toward the required coursework in this category.		
Pending committee approval, appropriate courses include the following:		12
CIED 6073	Advanced Pedagogical Research	
CIED 6163	Advanced Research Strategies in Curriculum	
CIED 6253	Designing and Conducting Mixed Methods Research	
EDLE 6910	Practicum (May only be taken the last term of coursework)	
HIST 5023	Historical Methods	
HIST 6023	Historiography	
REMS 6373	Program Evaluation	
REMS 6383	Program Evaluation II	
<b>Quantitative Approaches</b>		
REMS 6003	Analyses of Variance <sup>1</sup>	
REMS 6013	Multiple Regression Analysis in Behavioral Studies <sup>2</sup>	
REMS 6663	Applied Multivariate Research in Behavioral Studies <sup>3</sup>	
STAT 5033	Nonparametric Methods	
STAT 5043	Sample Survey Designs	
<b>Qualitative Methodologies</b>		
GEOG 5423	Geographic Renderings in Qualitative Methods	
SCFD 5913	Introduction to Qualitative Inquiry	
SCFD 6123	Qualitative Research I	
SCFD 6163	Ethnography	
SCFD 6173	Visual Methodologies	
SCFD 6183	Narrative Research Methodologies	
SCFD 6190	Qualitative Research: Selected Methods	
SCFD 6193	Qualitative Research II	
SOC 6853	Seminar in Symbolic Interactionism	

<b>Hours Subtotal</b>		<b>12</b>
<b>Social Foundations Core</b>		
24 credit hours, at least one 6000-level course (except for SCFD 5713, SCFD 5883) from each of the four areas of Social Foundations: Philosophy of Education, History of Education, Anthropology of Education, and Sociology of Education.		24
SCFD 5023	The Comparative Approach: Theory, Method, and Practice	
SCFD 5123	History of Education	
SCFD 5713	Educational Philosophy <sup>4</sup>	
SCFD 5883	Educational Sociology <sup>4</sup>	
SCFD 6853	Anthropology of Education <sup>4</sup>	
SCFD 5873	Culture, Society and Education	
SCFD 5923	Popular Culture and Education	
SCFD 5990	Problems and Issues in Social Foundations	
SCFD 6023	Comparative Education	
SCFD 6443	Ethics and Moral Education	
SCFD 6850	Directed Reading	
SCFD 6883	Transforming Pedagogies	
SCFD 6630	Topics in Philosophy Education	
SCFD 6990	Seminar in Social Foundations	
<b>Hours Subtotal</b>		<b>24</b>
<b>Cognate Area</b>		
Students take 9 credit hours in a concentration or cognate area based on their research interest and in consultation with their advisor and dissertation committee. These areas are available at Oklahoma State University, especially in the College of Education, Health and Aviation and the College of Arts and Sciences. They can be, but are not limited to, the following areas:		9
History; Philosophy; Sociology; International Studies; Comparative Education; Gender and Women's Studies; Higher Education; Educational Administration; Educational Technology; Pedagogy; STEM Education; College Teaching; Qualitative Inquiry; Research, Evaluation, Measurement, and Statistics; Special Education; Curriculum Studies; Media and Culture		
<b>Hours Subtotal</b>		<b>9</b>
<b>Independent Research</b>		
CIED 6000	Doctoral Dissertation	15
<b>Hours Subtotal</b>		<b>15</b>
<b>Total Hours</b>		<b>69</b>

1

Requires REMS 5013 and REMS 5953 as prerequisites.

2

Requires REMS 6003 as prerequisite.

3

Requires REMS 6013 as prerequisite.

4

Must take if no equivalent course has been taken in Master's program.

## Education: Social Foundations of Education Requirements

- All students admitted into the Ph.D. degree option in Social Foundations are expected to meet all university requirements and the

requirements for admission to the Ph.D. in Education. Students with little or no background in social foundations may be required to take additional leveling coursework. The Social Foundations admission committee determines such prerequisite considerations. Specific graduate courses that may be required as a leveling course include SCFD 5223, SCFD 5873, SCFD 5923, SCFD 5990, SCFD 5998.

- Students will be expected to use technology resources appropriately in course projects, assignments, and research. Ph.D. in Education (69 credit hours minimum, with typically no more than two 5000-level courses (in addition to SCFD 5713, SCFD 5883, if these courses are taken as part of Ph.D. coursework). Leveling courses are not included in the 69 hours.)

Depending on one's interests, the following courses and programs may be suitable for doctoral study. The list of courses is for illustration only - with permission of the advisory committee, a doctoral student may take coursework such as those below.

## Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2023-2024 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

## History, PhD

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 60

Code	Title	Hours
<b>Required Courses</b>		
HIST 6023	Historiography	3
HIST 5021	Teaching History at the College Level	1
<b>Hours Subtotal</b>		<b>4</b>
<b>Seminar</b>		
Select 36 approved hours, including 3 hours of research seminar.		36
<b>Suggested Courses</b>		
HIST 6100	Directed Readings in History <sup>1</sup>	
HIST 6130	Graduate Studies in History <sup>1</sup>	
<b>Hours Subtotal</b>		<b>36</b>
<b>Thesis</b>		
15 hours of Thesis		15
<b>Hours Subtotal</b>		<b>15</b>
<b>Additional Courses</b>		
Approved courses needed to complete degree requirements.		5
<b>Hours Subtotal</b>		<b>5</b>
<b>Total Hours</b>		<b>60</b>

1

Students may include no more than six hours in HIST 6100 and six hours in HIST 6130 courses.

## Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2023-2024 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

## Human Development and Family Science, PhD

### Requirements for Students Matriculating in or before Academic Year

2023-2024. Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Overall Grade-Point-Average:** 3.0 cumulative GPA

**Total Hours:** 72

Code	Title	Hours
<b>Core Courses</b>		
<i>Human Developmental Science and Family Science</i>		
HDFS 5213	Lifespan Development	3
HDFS 5523	Family Theory	3
HDFS 6113	Professional Development in HDFS	3
<i>Thesis Equivalence</i>		
HDFS 5110	Directed Study in HDFS <sup>1</sup>	6
<b>Core Research Methods and Statistics Courses</b>		
<i>Research Methods</i>		
HDFS 5123	Research Methods and Design in HDFS I	3
HDFS 6133	Advanced Research Methods in Human Development and Family Science	3
<i>Statistics/Analytic</i>		
9 hours		9
PSYC 5304	Quantitative Methods in Psychology I (or equivalent)	
PSYC 5314	Quantitative Methods in Psychology II (or equivalent)	
HDFS 6143	Structural Equation Modeling for HDFS Applications	
<i>Specialization Courses</i>		
27 hours of Committee Designed Courses (to fit student's area of interest)		27
<i>Dissertation Research</i>		
Fifteen hours from:		15
HDFS 6000	Doctoral Dissertation	
<b>Total Hours</b>		<b>72</b>

1

6 hours 1st Year Research Project - can be waived if applicant has M.S. Thesis

## Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2023-2024 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

## Human Sciences: Human Development and Family Science, PhD

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 60 (Beyond the Master's Degree)

Code	Title	Hours
<ul style="list-style-type: none"> <li>Prerequisites: 3 hours of master's level research methods and 3 hours of master's level statistics, MS thesis or equivalent</li> </ul>		

### Human Development and Family Science

HDFS 5213	Lifespan Development	3
HDFS 5523	Family Theory	3
HDFS 6113	Professional Development in HDFS	3
HDFS 6123	Risk and Resilience in Human Development and Family Science	3

### Electives

Select 9 hours, at least 3 from outside of HDFS recommended) from the courses below: 9

HDFS 5513	Issues in Family Science	
HDFS 6283	Seminar in Human Development	
HDFS 6583	Seminar in Family Science	
Other courses in HDFS or related areas, subjective to committee approval		

### Specializations

Select one of the following specializations: 3

Human Development Specialization		
HDFS 5253	Theory and Research: Social and Emotional Development	
Family Science Specialization		
HDFS 6523	Advanced Family Theory	

### Research Methods and Statistics

HDFS Methods		
HDFS 6133	Advanced Research Methods in Human Development and Family Science	3
HDFS 6190	Research Internship	6

Select two courses from one of the following sequences (6-8 hours):<sup>1</sup> 6-8

Sequence 1 (2 of the following)		
STAT 5023	Statistics for Experimenters II	
STAT 5063	Statistical Machine Learning with R	
STAT 5303	Experimental Designs	

Sequence 2		
REMS 6003	Analyses of Variance	
REMS 6013	Multiple Regression Analysis in Behavioral Studies	

Sequence 3 <sup>1</sup>		
PSYC 5304	Quantitative Methods in Psychology I <sup>1</sup>	
PSYC 5314	Quantitative Methods in Psychology II <sup>1</sup>	

### Tracks

Take two 3-hour courses in advanced statistics or qualitative/quantitative research methods (6 semester-hour minimum) 6

Qualitative Track		
HDFS 6143	Structural Equation Modeling for HDFS Applications	
HDFS 6153	Multilevel Modeling for HDFS Applications	
REMS 6663	Applied Multivariate Research in Behavioral Studies	
REMS 6373	Program Evaluation	
Qualitative Track		
SCFD 6113	Theoretical Foundations of Inquiry	
SCFD 6123	Qualitative Research I	
SCFD 6193	Qualitative Research II	
SOC 5273	Qualitative Research Methods	
Dissertation (minimum 15 hours)		
Fifteen hours from:		15
HDFS 6000	Doctoral Dissertation	
<b>Total Hours</b> <sup>1</sup>		<b>60</b>

1

Total hours for degree will be 62 for students choosing Sequence 3.

## Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2023-2024 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

## Industrial Engineering and Management, PhD

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 60

Code	Title	Hours
<b>Required Courses</b>		
Select 27 hours of courses eligible for graduate plan of study with the approval of the advisory committee.		27
Eighteen hours from:		18
IEM 6000	Doctoral Research and Dissertation	
<b>Hours Subtotal</b>		<b>45</b>
<b>Electives</b>		
Select 12 hours of IEM graduate courses or research credits with the approval of the advisory committee. <sup>1</sup>		12
<b>Hours Subtotal</b>		<b>12</b>
<b>Dissertation</b>		
IEM 6903	IEM Doctoral Seminar	3
<b>Hours Subtotal</b>		<b>3</b>
<b>Total Hours</b>		<b>60</b>

1

At least 75 percent of total credit hours must be 5000/6000 level courses.

## Additional Industrial Engineering and Management, PhD., Requirements

- Minimum 60 hours required
- At least seventy-five percent of coursework on the Plan of Study must include 5000 and 6000 level courses
- A minimum of 15 hours at the 6000 level with a grade of SR for the doctoral dissertation must be complete. The maximum number of dissertation hours (6000 with a grade of SR) permissible on a Plan of Study must not exceed three-fourths of the total credit hours in the approved graduate degree program
- Credit for all courses on a graduate Plan of Study must have been awarded within 10 years of completion of all degree requirements
- A minimum of 30 in-residence credit hours are required
- Non-Course requirements:
  - Doctoral Candidacy
  - Dissertation Defense
  - Dissertations Submission/Approval

## Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2023-2024 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Code	Title	Hours
<b>Required Courses</b>		
Select from the following:		9
MSE 5013	Advanced Thermodynamics of Materials	
MSE 5023	Diffusion and Kinetics	
MSE 5043	Advanced Materials Characterization	
MSE 6010	Materials Science and Engineering Seminar for PhD Students	
<b>Hours Subtotal</b>		<b>9</b>
<b>Electives</b>		
Select 21 hours of elective MSE or other approved 5000- and 6000-level courses offered at OSU.		21
<i>From pre-selected list of MSE, CHE, ECEN, or MAE courses, or additional courses in engineering or science per committee approval.</i>		
<b>Hours Subtotal</b>		<b>21</b>
<b>Dissertation</b>		
Thirty hours from:		30
MSE 6000	Doctoral Dissertation	
<b>Total Hours</b>		<b>60</b>

**Total Hours:** 60 (Group III - Beyond the Master's Degree from OSU)

Code	Title	Hours
<b>Required Courses</b>		
Group III student must meet the Required Course requirements of MSE 5000- and 6000-level courses offered at OSU. The student in this Group III should have already completed the three required courses for the PhD program during his/her MS degree in Materials Science and Engineering at OSU. If any of the remaining Required Courses were taken as an Elective by the student during his/her MS degree, they will not be required to take them again. However, if the student had not completed any of the remaining Required Courses during his/her MS degree in Materials Science and Engineering at OSU, the student must take them to complete the Required Course requirements for PhD degree in MSE at OSU.		
Select from the following:		9
MSE 5013	Advanced Thermodynamics of Materials	
MSE 5023	Diffusion and Kinetics	
MSE 5043	Advanced Materials Characterization	
MSE 6010	Materials Science and Engineering Seminar for PhD Students	
<b>Electives</b>		
Group III student must complete a minimum of 15 hours and a maximum of 30 hours of required and elective coursework for his/her PhD degree in MSE at OSU. This includes the hours for any Required Courses taken after enrollment in the MSE PhD program at OSU. Elective Courses taken by the student at OSU which were used toward fulfilling his/her MS degree requirements in MSE at OSU, will not be considered toward his/her PhD degree in MSE. The student will be allowed to use a maximum of 15 hours of coursework toward his/her PhD degree in MSE at OSU, i.e., the hours for core courses for the MS degree program.		15-30
<b>Dissertation</b>		
Thirty to forty-five (30-45) hours from:		30-45
MSE 6000	Doctoral Dissertation	
<b>Total Hours</b>		<b>60</b>

## Additional Materials Science and Engineering, PhD, Requirements

- Upon approval by the committee, students may choose other appropriate elective courses from engineering, physics and chemistry departments.
- Requirement for taking the "Required" courses for Group III Ph.D. students will be waived if they have taken that course while doing their M.S. degree at OSU. The same course however, cannot be counted towards fulfilling the credit hour requirements for two degrees (M.S. and Ph.D.) at OSU. The student will be required to fulfill the remaining coursework credit hour requirement for the Ph.D. degree by taking "Elective" courses.
- Students entering the Ph.D. program without an undergraduate/graduate degree in Materials Science and Engineering or related degree will be required to complete the ENSC 3313 Materials Science (undergraduate course) with an "A" grade or better in their first year at OSU. This will not be counted towards their degree requirements.

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 60 (Beyond the Master's Degree)

Code	Title	Hours
<b>Degree Program Requirements</b>		
<i>Nutritional Sciences</i>		
Required Core Courses		18-30
NSCI 5033	Macronutrients in Human Nutrition	
NSCI 5043	Micronutrients in Human Nutrition	
NSCI 6960	Seminar: Emerging Topics in Nutrition	
Select one of the following:		
NSCI 6451	Advanced Grant Writing in Nutritional Sciences	
NSCI 5103	Grant Writing for the Professional	
GRAD 5891	Special Topics in Grantmanship	
AGED 5203	Grant Seeking	
Or equivalent		
Suggested courses to complete required core: (p. 2940)		
<b>Human Sciences</b>		
Required Core Courses		3
EDHS 6993	Graduate Seminar in Education and Human Sciences	
<i>Research Support Courses</i>		
Required Core Courses		18-30
Select 3 hours from the following:		
NSCI 5123	Research Approaches and Translation in Nutritional Sciences	
Or equivalent		
Select 3 hours from the following		
STAT 5023	Statistics for Experimenters II	
STAT 5083	Statistics for Biomedical Researchers	
REMS 6003	Analyses of Variance	
Or equivalent		
The remaining 12-24 credits of coursework should consist of courses in intermediate and advanced statistics, advanced research methodology and advanced research methods:		
Select from Electives to complete coursework (courses from this list used for Nutritional Sciences core electives may not be selected): (p. 2940)		
<b>Dissertation</b>		
Required Core Requirement		15-30
NSCI 6000	Doctoral Dissertation	
<b>Total Hours</b>		<b>60</b>

## Suggested Courses and/or Electives

Code	Title	Hours
NSCI 5023	Advanced Nutrition in the Pathophysiology of Chronic Disease	3
NSCI 5133	Advanced Nutrition for Exercise and Sport	3

NSCI 5363	Maternal and Child Nutrition	3
NSCI 5373	Childhood Nutrition	3
NSCI 5393	Nutrition and Aging	3
NSCI 5553	Global Nutrition and Food Security	3
NSCI 5563	Nutritional Assessment	3
NSCI 5613	Nutrition Education and Behavior Change	3
NSCI 5643	Advanced Medical Nutrition Therapy	3
NSCI 5713	Public Health Nutrition and Food Policy	3
NSCI 5743	Advanced Laboratory Techniques in Nutritional Sciences	3
NSCI 5870	Problems in Nutritional Science	1-4
NSCI 6033	Phytochemicals	3
NSCI 6870	Independent Study in Nutritional Sciences	1-3
BIOC 4113	Molecular Biology	3
BIOC 5102	Molecular Genetics	2
BIOC 5824	Biochemical Laboratory Methods	4
BIOC 6763	Nucleic Acids and Protein Synthesis	3
BIOC 6773	Protein Structure and Enzyme Function	3
BIOC 6783	Biomembranes and Bioenergetics	3
BIOL 4215	Mammalian Physiology	5
BIOL 5283	Endocrinology	3
CPSY 5173	Gerontological Counseling	3
CPSY 5473	Basic Counseling Skills	3
CPSY 5503	Multicultural Counseling	3
HDFS 5413	Aging in Human Development	3
HDFS 5423	Research Perspectives in Gerontology	3
HDFS 5433	Theories of Aging	3
HHP 5853	Clin Ex Test & Prescript	3
HHP 5873	Human Bioenergetics	3
HLTH 5113	Psychological Aspects of Health	3
HLTH 5323	General Epidemiology	3
HLTH 5453	Cultural Issues In Health	3
MGMT 5113	Individual and Organizational Behavior	3
REMS 5013	Research Design and Methodology	3
REMS 5963	Computer Applications in Nonparametric Data Analyses	3
REMS 6013	Multiple Regression Analysis in Behavioral Studies	3
REMS 6033	Factor Analysis in Behavioral Research	3
REMS 6373	Program Evaluation	3
REMS 6663	Applied Multivariate Research in Behavioral Studies	3
SCFD 5873	Culture, Society and Education	3
SCFD 5913	Introduction to Qualitative Inquiry	3
SCFD 6123	Qualitative Research I	3
SCFD 6193	Qualitative Research II	3
SOC 5213	Techniques of Population Analysis	3
SOC 5273	Qualitative Research Methods	3
SOC 5333	Global Population and Social Problems	3
STAT 4043	Applied Regression Analysis	3
STAT 5033	Nonparametric Methods	3
STAT 5043	Sample Survey Designs	3
STAT 5053	Time Series Analysis	3

STAT 5063	Statistical Machine Learning with R	3
STAT 5073	Categorical Data Analysis	3
STAT 5091	Sas Programming	1
STAT 5303	Experimental Designs	3

**Total Hours:** 80 (Beyond the Bachelor's Degree)

Code	Title	Hours
	Students accepted into the 80-credit PhD option will first complete all requirements for the MS degree in Nutritional Sciences (Nutrition, thesis option). Students will earn the MS in Nutritional Sciences upon successful completion of the thesis and the first 30 credits.	30
	Students will then complete a minimum of 50 credits beyond the MS degree including:	50
	A minimum of 15 and maximum of 30 credits of dissertation coursework (NSCI 6000)	
	Complete a minimum of 20 hours of coursework including at least one graduate course in NSCI that is not listed below. These 20 hours will include:	
NSCI 6960	Seminar: Emerging Topics in Nutrition	
NSCI 6451	Advanced Grant Writing in Nutritional Sciences (or equivalent)	
EDHS 6993	Graduate Seminar in Education and Human Sciences	
	Three courses to develop an area of specialization	
	Select one of the following:	
STAT 5023	Statistics for Experimenters II	
STAT 5083	Statistics for Biomedical Researchers	
REMS 6003	Analyses of Variance	
	Or equivalent	
<b>Total Hours</b>		<b>80</b>

3 Hours Quantitative Requirement		3
3 Hours History Requirement		3
Fulfilled by PSYC 4493, outside course, or waived by CTC if psychology was major or minor as undergraduate.		
<b>Hours Subtotal</b>		<b>49</b>

### Clinical Core Requirements

PSYC 5113	Psychopathology	3
PSYC 5333	Systems of Psychotherapy	3
PSYC 5153	Cognitive Assessment	3
PSYC 6753	Assessment of Personality	3
PSYC 6083	Principles of Evidence-Based Psychological Treatment	3
PSYC 6133	Ethnic and Cultural Diversity in Psychotherapy	3
PSYC 6650	Practicum (continuously enrolled 1 hour for a minimum of 2 years)	6
PSYC 6990	Advanced Internship in Clinical Psychology (1 hour for three semesters)	3
Eighteen hours from:		18
PSYC 6640	Clinical Practicum	
<b>Hours Subtotal</b>		<b>45</b>

### Subspecialty Training

Select 12 from one of the following subspecialties: 12

#### Adult Psychopathology

Student must take four elective courses chosen in consultation with program advisor

#### Clinical Child Psychology

The following courses should be taken by students interested in the Clinical Child Psychology subspecialty. Students must take two additional elective courses, to be determined by the student and his or her advisor.

PSYC 6173 Child Psychopathology and Treatment

PSYC 6723 Child Diagnostic Methods

#### Health Psychology

The following courses should be taken by students interested in the Health Psychology subspecialty. Student must take two additional elective courses, to be determined by the student and his or her advisor.

PSYC 6443 Behavioral Medicine

PSYC 6143 The Psychology of Substance Abuse

#### Pediatric Psychology

The following courses should be taken by students interested in the Pediatric Psychology subspecialty.

PSYC 6173 Child Psychopathology and Treatment

PSYC 6723 Child Diagnostic Methods

PSYC 6523 Family Treatment Methods

PSYC 6453 Pediatric Psychology

**Hours Subtotal** 12

**Total Hours** 106

<b>Total Hours</b>		<b>18</b>

## Admission Requirements

Admission to the 18-hour Special Education Graduate Certificate Program will require the following:

- Successful completion of a bachelor's degree with a transcript documenting 3.0 or higher GPA in a Bachelors degree from an accredited institution
- A written Statement of Goals
- A resume/vita
- Passing score on the OGET
- A 3.00 GPA on graduate work completed before applying to the OSU SPED program

An applicant who does not meet criteria for admission can be considered for provisional/probational admission. Provisional admission will constitute that applicants may be accepted on a provisional admission, potentially requiring candidates to take additional coursework/leveling courses as a prerequisite to the listed graduate certificate courses. Candidates admitted on a provisional basis will be reviewed for full admission pending completion of prerequisite coursework, earning a minimum of a "B" grade in all prerequisite coursework. Candidates admitted on a probational basis will be reviewed for full admission pending completion of initial graduate certificate coursework with an average 3.0 GPA.

Students may transfer up to 3 credit hours of graduate level special education coursework to the graduate certificate from an accredited college/university (if taken within 3 years prior to 18-hour graduate certificate application). The courses must have been completed with a

letter grade of a "B" or better. All transfer credits must be approved by the student's advisor and/or special education program coordinator.

Retention in the program requires students to maintain the Graduate College's requirement of a GPA of 3.0 to maintain good standing (see [http://gradcollege.okstate.edu/current\\_student/academic\\_progress.html](http://gradcollege.okstate.edu/current_student/academic_progress.html) ([https://nam04.safelinks.protection.outlook.com/?url=http%3A%2F%2Fgradcollege.okstate.edu%2Fcurrent\\_student%2Facademic\\_progress.html&data=02%7C01%7Cjeff.packham%40okstate.edu%7C07b161783a5043af181708d7a394db20%7C2a69c91de8494e34a230cdf8b27e1%2B0nCyscez8rReg7o0Gg%3D&reserved=0](https://nam04.safelinks.protection.outlook.com/?url=http%3A%2F%2Fgradcollege.okstate.edu%2Fcurrent_student%2Facademic_progress.html&data=02%7C01%7Cjeff.packham%40okstate.edu%7C07b161783a5043af181708d7a394db20%7C2a69c91de8494e34a230cdf8b27e1%2B0nCyscez8rReg7o0Gg%3D&reserved=0))).

Completion of the Graduate Certificate in Special Education requires completion of the coursework in good standing (GPA of B, or 3.0).

MSIS 5633	Predictive Analytics Technologies <sup>2</sup>	
MSIS 5673	Descriptive Analytics and Visualization <sup>2</sup>	
Select three hours from the following:		
ACCT 5723	Expanding Accounting Horizons in the US	
ACCT 5763	International Accounting Abroad	
Non-ACCT Travel Course		

<b>Hours Subtotal</b>	<b>15</b>
<b>Total Hours</b>	<b>33</b>

1

Scholarships will be available to assist in covering the costs associated with travel for ACCT 5093.

2

Offered online.

3

If ACCT 5994 is selected, total hours for degree increase by one hour.

4

Elective may be taken in spring or summer semester.

5

Summer offering only. Cannot received credit at both the undergraduate and graduate level.

## Additional Requirements

- Other electives require approval from the MS Coordinator.
- Beginning with Summer 2020 the MS-Accounting program does not accommodate spring or fall internships although the department will work with individual students who have documented acceptance of an internship (as of September 15) to design alternatives.
- Students who have already taken ACCT 5003 for credit as ACCT 4033 or a course equivalent at another institution may substitute an elective for ACCT 5003. The elective must have an ACCT prefix if in the DAS of CF concentration.

## Graduate College Master's Program Requirements

## Art History, MA

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

### Thesis Option

Total Hours: 30<sup>1</sup>

Code	Title	Hours
<b>Graduate-level seminars</b>		
ART 5920	Art History Graduate Seminar	6
<b>Hours Subtotal</b>		<b>6</b>
<b>Other Requirements</b>		
ART 5013	Theory and Methods in Art History	3
Select 9 hours related to the student's curricular track or geographic areas.		9
Select 6 hours outside of the art history program but related to the student's area of study.		6
<b>Hours Subtotal</b>		<b>18</b>
<b>Thesis</b>		
ART 5000 (Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.)		6
<b>Hours Subtotal</b>		<b>6</b>
<b>Total Hours</b>		<b>30</b>

1

At least 21 credit hours must be graduate (5000 or 6000) level courses.

### Other Thesis Requirements

- Completed master's thesis and oral defense.
  - Thesis and defense will be supervised and evaluated as to its success or failure by a committee of 3 full-time faculty members with graduate college standing.
  - At least 2 members of the committee must be drawn from the art history faculty, with one of those being the committee chair.
- Plan of Study grade-point-average of 3.0.

### Non-Thesis Option

Total Hours: 36<sup>2</sup>

Code	Title	Hours
<b>Graduate-level seminars</b>		
ART 5920	Art History Graduate Seminar	6
<b>Hours Subtotal</b>		<b>6</b>

<b>Total Hours</b>	<b>36</b>

2

At least 27 hours of the 36 total must be graduate (5000 or 6000) level courses.

### Other Non-Thesis Requirements

- Submission of qualifying paper (after the completion of 27 hours) judged satisfactory by a committee of 3 full-time faculty members with graduate college standing. The qualifying paper must be between 15-20 pages in length. It may take one of the following forms: 1) A research paper on a focused topic (a traditional seminar paper); or 2) A scholarly catalog essay. The public presentation may take place in the department as part of the art history roundtable series of talks or at an academic conference.
- Plan of Study grade-point-average of 3.0.

## Counseling: Mental Health Counseling Requirements

- Complete a minimum of 60 graduate credit hours of coursework for the Mental Health Counseling Option and the School Counseling Option.
- Nine (9) credit hours may be transferred from other recognized graduate programs. Tulsa students may transfer up to fifteen (15) credit hours from the University of Oklahoma-Tulsa campus.
- The last eight (8) hours must be taken at Oklahoma State University and taken for resident credit.
- As least 24 credit hours must be in 5000 level courses or above. (Students who choose to write a master's thesis for 6 credit hours must take at least 22 credit hours of 5000 level courses.) 4000 level courses taken for graduate credit will not be approved by the Oklahoma licensing board for professional counselors.
- A minimum overall grade point average of 3.00 is required in all academic coursework.
- A grade of B or better must be earned in CPSY 5473, 5553, 5593, and 5683/5693. Students who earn a grade below a B in any of these courses will be required to repeat the course or may be suspended from the program. Students will only be allowed to repeat a course one time to earn a higher grade.

## Graduate College Master's Program Requirements

Learn more about Graduate College 2023-2024 Master's Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

## Other Degree Requirements

- **Creative Writing Requirements:** As the defining focus of work toward the MFA degree, creative writing coursework makes up the majority of credit hours, in a combination of ENGL 5730: Seminar in Fiction Writing, ENGL 5740: Seminar in Poetry Writing, ENGL 6130: Studies in Fiction Writing, ENGL 6140: Studies in Poetry Writing, ENGL 6160: Studies in Creative Nonfiction, ENGL 5723: Craft and Forms of Poetry Writing or ENGL 5763: Craft and Forms of Fiction Writing, as well as thesis hours.
- **Literature Coursework Requirement:** MFA students are required to take six hours of literature course work at the 5000- or 6000-level.
- **Electives:** Students choose the remaining hours of coursework in consultation with their advisory committees. Course selection should take into account the student's thesis genre, artistic interests, and academic and professional goals. For instance, students interested in going on to PhD work at Oklahoma State University upon completion of the MFA would normally include courses to assist in preparing them for the first-year exam for PhD students.
- **Required Hours at 5000/6000 Level:** All MFA students must complete their coursework at the 5000/6000 level.

<b>Hours Subtotal</b>		<b>12</b>
<b>Thesis</b>		
Three hours of Capstone Project Course (Professional Internship with a research report)		3
<b>Hours Subtotal</b>		<b>3</b>
<b>Total Hours</b>		<b>36</b>

1

Most of the courses have prerequisites that can be waived with instructor's consent.

## Retention Requirements

- The student will complete a Progress Report every semester in consultation with the mentor clearly highlighting previous achievements and immediate expectations, indicating how well the student is progressing towards degree completion.
- Enrollment in minimum of one course per semester or an approved leave of absence.

## Graduation Requirements

- Completion of a capstone project to the satisfaction of the student's committee along with a written report
- No pending Incomplete ("I") grades in the coursework contributing towards the professional master's degree. A student can take more than 36 credit hours of course work. However, only 36 credit hours of coursework will be counted towards degree completion.

## Graduate College Master's Program Requirements

Learn more about Graduate College 2023-2024 Master's Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

## Global Health, MS

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

## Hospitality and Tourism Management Requirements

- 50% of coursework must be in Hospitality and Tourism Management (HTM).
- No fewer than 27 semester hours of 5000-level courses.
- A student can only take a maximum of 3 credit hours of independent study (HTM 5870).
- All coursework must be approved by the committee.
- A Hospitality Internship is required of all students (can be waived with appropriate industry experience by graduate admission committee).
- Students may transfer a maximum of nine graduate credit hours with a grade of "B" or better to OSU with the approval of their advisory committee and the Dean of the Graduate College.

- All requirements must be completed within 7 years. No course on plan of study may be more than 10 years old at the time of graduation.
- None of the leveling credit hours can be included in the plan of study.
- Students entering the MS degree program must have a BS/BA degree in hospitality and tourism management or a related field and relevant work experience. Prerequisite courses will be required for students with other degrees and limited professional experience.

Total Hours: 30

Code	Title	Hours
<b>Course Requirements</b>		
AGIN 5312	Applied Issues in International Agriculture and Natural Resources	2
AGIN 5313	Global Food Security and Sustainability	3
Select one of the following:		3
AGIN 5113	Global Agricultural Development Communications	
AGIN 5213	Global Agricultural Entrepreneurship	
AGIN 5333	Guided Reading in International Agriculture and Natural Resources	
AGIN 5353	Advanced Case Studies in Agricultural Marketing and International Development	
AGIN 5413	Overview of Global Development	
AGIN 5800	International Agriculture Internship Experience <sup>1,2</sup>	1
<b>Hours Subtotal</b>		<b>9</b>
<b>Research and Inquiry Core</b>		
<i>Quantitative/Qualitative</i>		
Select one of the following:		3
ECON 5213	Introduction to Econometrics	
REMS 5013	Research Design and Methodology	
REMS 5953	Statistical Methods in Education	
STAT 5013	Statistics for Experimenters I	
Or other quantitative/qualitative course approved by the Graduate Advisory Committee		
<i>Research Methods</i>		
Select one of the following:		3
AGEC 5101	Research Methodology	
AECL 5983	Social Sciences Research in Agricultural Sciences and Natural Resources	
SOIL 5112	Research Methods in Plant and Soil Sciences	
HORT 5233	Experimental Horticulture	
Or other quantitative or qualitative research methods course approved by the Graduate Advisory Committee		
AGIN 5000	Master's Thesis/Report in International Agriculture	6
<b>Hours Subtotal</b>		<b>12</b>

#### Focus Area

The student will create an international agriculture focus area in consultation with the graduate advisory committee and faculty/staff of the program. Example focus areas include but are not limited to: Rural Development, Agricultural Entrepreneurship, Agricultural Outreach Education and Extension, Community Engagement and Sustainability, or Production Agriculture and Food Security.

**Hours Subtotal** 9

**Total Hours** 30

1

International students may substitute another course for the international experience requirement.

2

Must be a minimum four-week international experience.

### Formal Report Option

Total Hours: 32

## Thesis Option

**Total Hours:** 33

Code	Title	Hours
<b>Core Courses</b>		
Choose one of the following tracks:		18
<i>Applied Track</i>		
Select one of the following two courses:		
MATH 5023	Advanced Linear Algebra	
MATH 5043	Advanced Calculus I	
Select one of the following two courses:		
MATH 5543	Numerical Analysis for Differential Equations	
or MATH 5553	Numerical Analysis for Linear Algebra	
Select four of the following courses:		
MATH 4233	Intermediate Differential Equations	
MATH 4513	Introduction to Numerical Analysis	
MATH 4553	Introduction to Optimization	
MATH 5213	Fourier Analysis and Wavelets	
MATH 5233	Partial Differential Equations	
MATH 5243	Ordinary Differential Equations	
MATH 5253	Advanced Ordinary Differential Equations	
MATH 5543	Numerical Analysis for Differential Equations	
MATH 5553	Numerical Analysis for Linear Algebra	
MATH 5563	Finite Element Methods for Partial Differential Equations	
MATH 5580	Case Studies in Applied Mathematics	
MATH 5593	Methods of Applied Mathematics	
<i>Pure Track</i>		
Option 1		
Required:		
MATH 5043	Advanced Calculus I	
MATH 5053	Advanced Calculus II	
MATH 5003	Abstract Algebra I	
MATH 5013	Abstract Algebra II	
MATH 5303	General Topology	
MATH 4283	Complex Variables	
Option 2		
Required:		
MATH 5043	Advanced Calculus I	
MATH 5053	Advanced Calculus II	
MATH 5003	Abstract Algebra I	
MATH 5013	Abstract Algebra II	
Select two of the following courses:		
MATH 5143	Real Analysis I	
MATH 5153	Real Analysis II	

MATH 5283	Complex Analysis I	
MATH 5293	Complex Analysis II	
MATH 5313	Geometric Topology	
MATH 6323	Algebraic Topology I	
MATH 5613	Algebra I	
MATH 5623	Algebra II	
<i>Math Education Track</i>		
Required:		
MATH 5043	Advanced Calculus I	
MATH 5913	Introduction to Research in Mathematics Education	
Select one of the following courses:		
MATH 4713	Number Theory	
MATH 4753	Introduction to Cryptography	
MATH 5003	Abstract Algebra I	
MATH 5013	Abstract Algebra II	
MATH 5023	Advanced Linear Algebra	
Select three of the following (with exactly two in one area):		
<i>Discrete Math</i>		
MATH 4513	Introduction to Numerical Analysis	
MATH 4553	Introduction to Optimization	
MATH 4663	Combinatorics	
MATH 5543	Numerical Analysis for Differential Equations	
MATH 5553	Numerical Analysis for Linear Algebra	
CS 4793	Artificial Intelligence I	
<i>Geometry</i>		
MATH 4423	Geometry and Algorithms in Three-Dimensional Modeling	
MATH 4813	Groups and Representations	
CS 4143	Computer Graphics	
<i>Statistics</i>		
STAT 4043	Applied Regression Analysis	
STAT 5123	Probability Theory	
STAT 5223	Statistical Inference	
STAT 5013	Statistics for Experimenters I	
STAT 5023	Statistics for Experimenters II	
STAT 5043	Sample Survey Designs	
STAT 5063	Statistical Machine Learning with R	
STAT 5303	Experimental Designs	
<b>Hours Subtotal</b>		<b>18</b>
<b>Additional Graduate Courses</b>		
<i>Electives</i>		
Select 9 hours of electives (no more than 6 hours can be outside MATH, STAT or CS).		9
<i>Thesis/Report</i>		
MATH 5000	Master's Research and Thesis (3-6 hours in combination with electives)	6
<b>Hours Subtotal</b>		<b>15</b>
<b>Total Hours</b>		<b>33</b>

## Non-Thesis Option

## Medical Sciences, MS

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 32

Code	Title	Hours
<b>Program Core</b>		
Select 2 credit hours of a capstone project completed toward the end of the program from the following:		2
BIOM 5010	Special Topics in Biomedical Sciences	
FRNS 5990	Special Topics in Forensic Sciences	
HCA 5010	Special Topics in Health Care Administration	
GLHE 5052	Directed Readings in Global Health	

### Electives

30 customized credit hours of courses from either BIOM, FRNS, HCA, or GLHE. The ratio of coursework among the disciplines would be the ratio of the academic specialty of the three members of the faculty advisory committee. BIOM courses are cross-listed with COM foundations and systems courses (PCME prefix) and clinical course (CLME prefix). HCA and GLHE courses are cross-listed and interchangeable.

*Biomedical Sciences (including but not limited to the following courses)*

BIOM 5116	Clinical Anatomy	
BIOM 6762	Foundations in Medical Biochemistry	
BIOM 6743	Foundations in Medical Genetics, Molecular Biology and Development	
BIOM 6752	Foundations in Medical Cell and Tissue Biology	
BIOM 6771	Foundations in Medical Pharmacology	
BIOM 6781	Foundations in Medical Immunology	
BIOM 6793	Foundations in Medical Microbiology	
BIOM 6810	Structure and Function of the Human Cardiovascular System	
BIOM 6820	Structure and Function of the Human Gastrointestinal/Hepatic System	
BIOM 6830	Biomedical Perspectives on Human Hematology	
BIOM 6840	Structure and Function of the Human Musculoskeletal System	
BIOM 6850	Structure and Function of the Human Renal System	
BIOM 6860	Structure and Function of the Human Reproductive Systems and Reproductive Biology	
BIOM 6870	Structure and Function of the Human Respiratory System	
BIOM 6880	Biomedical Perspectives on Psychiatry	
BIOM 6900	Structure and Function of the Human Endocrine System	
BIOM 6910	Structure and Function of the Human Nervous System	

Or additional BIOM courses with faculty advisor and instructor approval.

*Forensic Sciences (including but not limited to the following courses)*

FRNS 5013 Survey of Forensic Sciences

Or additional FRNS courses with faculty advisor and instructor approval.

*Health Care Administration (including but not limited to the following courses)*

HCA 5013 Survey of Health Care Administration

Or additional HCA courses with faculty advisor and instructor approval

*Global Health (including but not limited to the following course)*

GLHE 5030 Problems and Issues in Global Health

Or additional GLHE courses with faculty advisor and instructor approval

**Total Hours** **32**

## Other Requirements

- Must maintain a GPA of 3.0 in all courses applicable to the MSMS
- Student must not earn a grade lower than a "C"

## Microbiology, Cell and Molecular Biology, MS

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

## Physics: Optics and Photonics, MS

**Requirements for Students Matriculating in or before Academic Year 2023-2024.** Learn more about Graduate College Academic Regulation 7.0 (p. ).

### Thesis Option

**Total Hours:** 30

Code	Title	Hours
<b>Required Courses</b>		
PHYS 5453	Mathematical Methods for Physicists	3
PHYS 5613	Quantum Mechanics I	3
Select 9 hours of Photonics core courses from the following with advisor approval:		9
PHYS 5123	Geometrical Optics	
PHYS 5163	Lasers	
PHYS 5303	Physical Optics	
ECEN 4843	Design of Lasers and Systems	
ECEN 5833	Fiber-Optic Communication Systems	
<b>Hours Subtotal</b>		<b>15</b>
<b>Electives</b>		
Select 9 hours from the two groups of electives with a minim of one course and a maximum of two from Group I. Courses at the graduate level from other departments may be substituted for electives in Group II with Physics Department permission, but alternate courses must have a strong connection to optics and photonics.		9
<i>Group I</i>		
PHYS 4813	Electromagnetic Radiation	
PHYS 5313	Electromagnetic Theory	
PHYS 6713	Advanced Electromagnetic Radiation	
ECEN 5613	Electromagnetic Theory	
<i>Group II</i>		
PHYS 5133	Laser Spectroscopy	
PHYS 5663	Solid State Physics I	
PHYS 6313	Quantum Mechanics II	
PHYS 6413	Nonlinear Optics	
PHYS 6423	Quantum Optics	
ECEN 4823	Design of Optical Systems	
ECEN 5843	Microelectronic Fabrication	
ECEN 5853	Ultrafast Optoelectronics	
ECEN 5793	Digital Image Processing	
<b>Hours Subtotal</b>		<b>9</b>
<b>Thesis/Research</b>		
Select 6 hours (or more) of supervised research with submission of an approved thesis.		
PHYS 5000	Master's Thesis Research or Report (Or equivalent)	6
<b>Hours Subtotal</b>		<b>6</b>
<b>Total Hours</b>		<b>30</b>

### Non-Thesis Option

**Total Hours:** 32

## Graduate College Master's Program Requirements

Learn more about Graduate College 2023-2024 Master's Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

## Plant and Soil Sciences, MS

regulations for minimal GPA, language proficiency and other general requirements.

### Requirements for Students Matriculating in or before Academic Year

2023-2024. Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 30

Code	Title	Hours
<b>Course Requirements</b>		
Select 24 hours from the following:		24
A minimum of 15 hours of 5000-level or higher courses that include:		
PLNT 5020 or SOIL 5020	Graduate Seminar Graduate Seminar	
SOIL 5131	Professional Development Colloquium in Plant and Soil Sciences	
PLNT 5110 or SOIL 5110	Problems and Special Study Problems and Special Study	
9 hours of MATH (including at least 3 hours of STAT in combined BS and MS programs):		
No more than 9 credit hours of 3000- or 4000-level coursework approved for graduate credit.		
Recommended courses at the discretion of the graduate committee that students emphasizing soil science should complete 4 of the 5 courses listed below (or equivalent) during their undergraduate or graduate programs:		
SOIL 5353	Advanced Soil Genesis and Classification	
SOIL 5234	Soil Nutrient Management	
SOIL 5223	Soil Chemical Processes and Impact on Environmental Quality	
SOIL 5683 or SOIL 6583	Soil, Water, and Weather Soil Physics Theory	
SOIL 5383	Advanced Soil Microbiology	
A student may take a maximum of 3 research credit hours. Research hours are to be taken to document student effort in areas not associated with the students thesis. All students must indicate on their Plan of Study whether or not their research will involve human subjects. If human subjects are to be used, approval must be received from the Institutional Research Board (IRB) prior to the beginning of the research.		
PLNT 5230 or SOIL 5230	Research Research	
<b>Hours Subtotal</b>		<b>24</b>
<b>Thesis</b>		
PLNT 5000 or SOIL 5000	Master's Thesis Master's Thesis	6
<b>Hours Subtotal</b>		<b>6</b>
<b>Total Hours</b>		<b>30</b>

Learn more about Graduate College 2023-2024 Master's Degree Program Requirements (p. 2834). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

# CENTER FOR HEALTH SCIENCES

## College Administration

Johnny Stephens, PharmD—President  
 Jeffrey Stroup, PharmD—Provost and Vice President, Senior Associate Dean, Academic Affairs  
 Dennis Blankenship, DO—Dean of College of Osteopathic Medicine  
 Eric Polak, MBA—Vice President for Administration and Finance  
 James Hess, Ed.D.—Vice Provost  
 Randall Davis, PhD—Associate Dean and Director for Biomedical Sciences  
 LeRoy Young, DO—Senior Associate Dean for Clinical Affairs  
 Robin Dyer, DO—Associate Dean for Academic Affairs  
 Christopher C. Thurman, DO—Associate Dean for Clinical Education and Simulation Medicine  
 Kent Smith, PhD—Associate Dean, Office for the Advancement of American Indians in Medicine and Science  
 Natasha Bray, DO—Dean, OSU College of Osteopathic Medicine, Cherokee Nation, Associate Dean of Accreditation  
 Jeff Hackler, JD—Assistant Dean for Enrollment Management  
 Mousumi Som, DO—Designated Institutional Official, GME Programs  
 Ashley L. Adkins, MS—Assistant Vice President for Operations  
 Randy Wymore, PhD—Associate Dean, Academic Affairs and Associate Professor  
 Denna Wheeler—Executive Director, Center for Rural Health  
 Rhonda Casey, DO—Professor and Associate Dean, Rural Health  
 Angela Bacon, ABD, MS—Interim Assistant Dean of Student Life and Wellness

## Campus Address and Phone

**Address:** 1111 West 17th St., Tulsa, OK 74107  
**Phone:** 918.582.1972, 800.677.1972  
**Website:** [medicine.okstate.edu](https://medicine.okstate.edu) (<https://medicine.okstate.edu>)  
**E-mail:** [admissions@chs.okstate.edu](mailto:admissions@chs.okstate.edu)

## College of Osteopathic Medicine

As health care grows more sophisticated, the supply of primary care physicians will continue to be a challenge. The OSU College of Osteopathic Medicine is helping to address that challenge and to fulfill a critical need in Oklahoma, and beyond, by training physicians who are qualified to treat every member of the family and enhance the health care process by applying his or her knowledge to treat the whole person. The mission of the OSU College of Osteopathic Medicine is to educate osteopathic primary care physicians with an emphasis on serving rural and underserved Oklahoma.

The majority of graduates of the OSU College of Osteopathic Medicine practice in the primary care fields—family medicine, pediatrics, internal medicine and obstetrics/gynecology. The remaining graduates do their postdoctoral training in other specialties and subspecialties— anesthesiology, neurology, psychiatry, radiology, surgery, dermatology and oncology, to name a few. Regardless of the field they pursue, our students are trained to be excellent physicians, beginning with a strong background in general osteopathic medicine.

The college was founded in 1972 in response to a physician shortage in the small towns and rural areas of Oklahoma. The college opened

its doors in 1974 and graduated its first class in 1977. In 1988, the college was merged with Oklahoma State University and confirmed its mission to prepare students to be primary care physicians with emphasis in rural medicine. In 2001, the Oklahoma legislature added another designation by creating the OSU Center for Health Sciences—the umbrella organization for the College of Osteopathic Medicine; and graduate programs in biomedical and forensic sciences, health care administration, athletic training and physician assistant program.

The OSU Center for Health Sciences is located on 16 acres along the west bank of the Arkansas River with an impressive view of downtown Tulsa. Modern buildings house conference facilities, a hospital simulation center, expanded classroom space, a medical bookstore and a forensic sciences and biomedical research facility. The OSU Medical Center, located a half-mile north of campus, is the primary teaching hospital for the college. The medical center serves Tulsa and the surrounding communities, and serves as both a teaching clinic for medical students, interns and residents, and a health care resource for residents of Tulsa and the surrounding area. The medical center is a state entity operated by the Oklahoma State University Medical Authority, with management by Saint Francis Health System. The hospital provides comprehensive and specialized health care and is staffed by licensed physicians and other health care professionals who supervise students in the care of patients. The OSU combined clinic system covers a wide variety of specialties. The clinics provide essential health care to the community.

The OSU College of Osteopathic Medicine at the Cherokee Nation is an additional teaching site located in Tahlequah, Oklahoma. The 84,000-square-foot facility includes an anatomy laboratory, clinical skills and OMM labs, standardized patient labs and a simulation center that features state-of-the-art computer programmable manikins. There are also lecture halls, classrooms, a gym, faculty offices and study carrels.

Promoting a patient-centered approach to health care, osteopathic physicians are concerned with the entire patient. The doctor of osteopathic medicine is a fully-trained and licensed physician who selectively utilizes all accepted scientific modalities to maintain and restore health. Osteopathic physicians and surgeons are licensed in every state to practice all phases of medicine, and offer their patients the added dimension of health care through osteopathic manipulation, a hands-on technique that uses palpation and manipulative procedures of the musculoskeletal system to diagnose and treat illness.

## Minimum Academic Requirements

Prior to matriculation, the applicant must have an overall grade-point average of at least 3.00 (on a 4.00 scale), a pre-professional science GPA of at least 2.75, and a minimum score of 492 on the Medical College Admissions Test (MCAT). All applicants must take the MCAT within three years of the deadline for submitting the AACOMAS application for the application cycle. The last MCAT test date accepted for each application cycle is January in the year of matriculation. Under special circumstances, the College may use discretion to admit students who do not meet these minimum requirements.

At the time of entry, the applicant must have completed:

- Completion of at least three years (90 semester hours) and not less than 75 percent of the courses required for a baccalaureate degree at a regionally accredited college or university.
- Satisfactory completion of the following courses with no grade below “C” (2.0 on a 4.0 scale):

- English, 2 semesters
- Biology, 2 semesters (including laboratory)
- Physics, 2 semesters
- General Chemistry, 2 semesters
- Organic Chemistry, 2 semesters
- At least one upper-division (3000-4000) level science course, including but not limited to:
  - Human Anatomy or Comparative Anatomy
  - Biochemistry
  - Microbiology
  - Molecular Biology
  - Histology
  - Cellular Biology
  - Embryology
  - Physiology

The annual AACOMAS application deadline is February 28. The deadline for supplemental application materials is March 30.

An on-campus interview with the Applicant Interview Committee is by invitation only. Interviews are conducted by clinical and adjunct faculty members, as well as alumni. Applicants must participate in the interview to qualify for further consideration. Interview results and other data submitted will be considered when determining which applicants have demonstrated appropriate levels of scholarship, aptitude and motivation for admission to the program. Class size is approved for 165 students (in 2022).

## Selection Factors

The College considers applications for admission from all qualified candidates. The Oklahoma State University Center for Health Sciences provides equal employment and/or educational opportunity on the basis of merit and without discrimination because of age, race, ethnicity, color, religion, sex, sexual orientation, genetic information, gender, gender identity or expression, national origin, disability, protected veteran status, or other protected status in any of its policies, practices, or procedures. Preference is given to Oklahoma residents. Applicants must be U.S. citizens or permanent residents of the U.S. Non-U.S. citizens must have a permanent resident visa ("green card") at the time of application in order to be considered for admission.

## College Curriculum

The four-year program emphasizes the integration of biomedical sciences with clinical systems. The curriculum includes early hands-on clinical experiences with patients, patient models, and simulations. Instructional methods are student-centered and include traditional lecture, and small group and team-based learning. Problem-solving and information retrieval skills are emphasized to produce and develop skills that support lifelong learning.

The culture of the OSU College of Osteopathic Medicine encourages students to establish an academic relationship with faculty members and community-based physicians. The curriculum emphasizes integration of biomedical with clinical and behavioral sciences to permit the full comprehension of the clinician's work and promote a holistic approach to the care of patients and their families. Students receive training in all areas of medicine, with additional emphasis on osteopathic manipulative medicine.

Incorporated within the OSU-COM curriculum is a Rural Medical Track, a Tribal Medicine Track and a Global Health Track. Each of these stresses the unique nature and characteristics of a rural practice, provides a pathway for student matriculation into a rural primary care residency, and supports residency graduates in the establishment of a practice in a rural or underserved Oklahoma location.

The first semester focuses on the foundations of biomedical and clinical sciences along with an introduction to patient care. Starting in the second semester and continuing through the end of the second year, students are introduced to a total of 11 clinical systems that systematically prepare students for addressing conditions typically seen in the primary care environment. The third and fourth years are comprised of clinical rotations, which are community-based, consisting of clerkship experiences in hospitals and clinics where students observe patient care and participate in the evaluation and treatment of patients under physician faculty supervision.

In the Clerkship Program, students are required to complete 22, four-week rotations in the core areas of family medicine, osteopathic manipulative medicine, pediatrics, internal medicine, surgery, obstetrics-gynecology, psychiatry and emergency medicine. In addition to the core rotations, students are also required to complete three rotations at affiliated teaching sites in rural communities, two of which are focused on gaining experience in a rural hospital setting. Students must also complete two primary care electives, seven general electives and one required vacation. Many rotations are completed at the OSU Medical Center in Tulsa, one of the largest osteopathic hospitals in the United States.

Furthermore, students enrolled in the Rural Medical Track Program take our mission to serve rural Oklahoma to new heights. The Rural Medical Track Program is designed to allow students to complete, whenever possible, the core rotations in rural communities. In addition to the core rotations, the Rural Medical Track students must also complete at least two sub-internships with rural residency programs, as well as two sub-specialty electives.

Students graduate from the four-year program with the Doctor of Osteopathic Medicine (DO) degree. Although more than half of graduates enter primary care, graduates are prepared to enter residencies in all medical specialty fields. This training period lasts a minimum of three years with several specialties requiring up to five years of postgraduate education. To see a full list of residency programs our recent graduates have entered and residency acceptance data, along with OSU-COM's pass rate on the COMLEX-USA, please visit: <https://medicine.okstate.edu/com/admissions/graduates.html> (<https://health.okstate.edu/com/admissions/graduates.html>).

## Accreditation

The college is accredited by the Commission on Osteopathic College Accreditation (COCA) of the American Osteopathic Association, the recognized accrediting agency for institutions that educate osteopathic physicians. The Oklahoma State Regents for Higher Education are empowered by the Oklahoma Constitution to prescribe standards for higher education applicable to each institution in the Oklahoma State System of Higher Education.

## Financial Aid

Financing a medical education should be seriously considered. The primary responsibility for meeting your educational costs rests with the student and his or her family; however, the Office of Student Financial Aid

makes every attempt to assist prospective students as they navigate this process.

The Office of Student Financial Aid supports the mission of the University by enabling students and families to reduce or eliminate financial barriers that might prohibit their participation in the programs offered by OSU Center for Health Sciences. The office administers need-based financial aid programs funded by federal, state, University and private sources in the form of Federal Stafford loan (Unsubsidized), Graduate PLUS loan, employment, as well as need- and merit-based scholarships. The office also administers the Federal non-need based loan programs (Unsubsidized) and provides information and support to students interested in the alternative loan options available to them.

Tuition and fees at the College of Osteopathic Medicine (for the 2021-2022 school year) totals \$28,883.82<sup>1</sup> per year for Oklahoma residents and \$56,385.78<sup>1</sup> per year for out-of-state residents. Fees vary by year for medical students and average \$3,000.

Most financial aid is renewable on an annual basis, provided there is adequate funding and the student remains eligible (enrolled in a matriculated program, in good academic standing and with continued need for need-based aid). To qualify, each student should file the Free Application for Federal Student Aid (FAFSA) by Feb. 15. Students are encouraged to continue to file after this date; however, consideration for funds will be given on a first-come basis.

The FAFSA and other required applications may be obtained by contacting:

Office of Financial Aid - OSU College of Osteopathic Medicine  
1111 West 17th Street  
Tulsa, OK 74107-1898;

Students may apply online at [www.fafsa.ed.gov/](http://www.fafsa.ed.gov/) (<http://www.fafsa.gov/>) (School code is G11282).

## Graduate Education

The Center for Health Sciences offers graduate degree programs in Biomedical Sciences, Forensic Sciences, Health Care Administration, Athletic Training and Physician Assistant studies.

The Biomedical Sciences Graduate Program offers PhD, MS, DO/MS and DO/PhD degree programs. These programs provide students with a foundation in biomedical sciences that is broadly applicable to many disciplines, including anatomy, biochemistry, cell biology, microbiology, pathology, pharmacology and physiology.

The Master of Science in Biomedical Sciences offers a thesis and non-thesis option, with both programs designed to be completed in two years with a minimum of 30 credit hours (thesis) and 32 credit hours (non-thesis). The PhD program is designed to be completed in four years with a minimum of 60 credit hours. The DO/PhD program is designed to be completed in a minimum of seven years. The first two years are the basic science years of the program. The middle three years are graduate study, research and dissertation of the PhD program. The final two years are the clinical sciences years of the DO program. The DO/MS program is designed to be completed in a minimum of five years. The first year is primarily the graduate portion of the program. The last four years consist of the medical portion of the degree, with any remaining graduate

work completed during the first year of medical school and subsequent summers.

The Master of Science in Forensic Sciences requires a minimum of 30 credit hours for a thesis track and 32 credit hours for a non-thesis track. For full-time students, the M.S. in Forensic Sciences may be completed in two years. Specializations designed for students from a variety of backgrounds include the areas of Forensic Biology/DNA, Forensic Chemistry/Toxicology, Forensic Investigative Sciences and Forensic Psychology. Specializations designed for practitioners with related professional experience include Arson, Explosives, Firearms and Toolmarks Investigations, and Forensic Science Administration. Working professionals may complete the M.S. degree online, usually over three to four years while maintaining full-time careers. The Master of Science in Forensic Sciences degree is designed for individuals pursuing many professional avenues, including careers in federal agencies, crime labs, investigative agencies, or research institutions.

The Master of Science in Health Care Administration consists of 32 total hours with a creative component or thesis including six hours of general graduate level electives. The program has an option in healthcare leadership and entrepreneurship or an option in administration. The curriculum provides exposure to management concepts, processes and techniques associated with administration and entrepreneurship functions in a variety of health care organizations. This degree is ideal for those individuals working in health care who wish to move into management or executive positions; however, healthcare experience is not required. This degree offers on-site courses at OSU-Stillwater and OSU-Tulsa as well as distance learning opportunities. This degree can be completed in-class or fully online. The DO/MS program is designed to be completed in five years. The first year is the graduate portion of the program and the last four years consist of the medical portion of the degree.

The Doctorate in Health Care Administration (DHA) consists of 62 total credit hours. This is a doctoral program, and as such, no thesis or research is required. The curriculum provides exposure to management concepts, processes and techniques associated with administration and entrepreneurship functions in a variety of health care organizations. This degree is ideal for those individuals working in health care who wish to move into management or executive positions; however, health care experience is not required. This degree is offered entirely online, and the majority of courses are asynchronous. Those who have completed the MHA at OSU or a similar degree may be eligible to count up to 30 of their credit hours towards the program. Transcripts are evaluated after admission and on a case-by-case basis.

The DO/MBA is an accelerated program that allows DO students to gain their MBA through the Spears School of Business in a single year. Six hours of elective credit can be shared from the DO coursework or business electives of the student's choice. The DO/MPH is an accelerated program that allows DO students to gain their M.P.H. in one calendar year, by allowing DO coursework to serve as elective coursework for the MPH degree. This 42-hour program captures 27 hours of the MPH's core coursework in the fall and spring semesters with six elective hours taken in the summer.

The Master of Athletic Training Program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE). Once accepted into the program, students are assigned to a Board of Certification (BOC) Certified Athletic Trainer (AT) where they are responsible to provide for the overall health care of patients over the course of their respective seasons or occupation. Clinical instruction of students

is achieved through direct supervision by health care providers. The curriculum is based in the human sciences with anatomy, physiology, biomechanics, pathology, pharmacology, nutrition and psychology providing the theoretical foundation of student inquiry. Students learn how to apply these theoretical concepts while in the clinical setting learning under licensed physicians, athletic trainers, physical therapists and other allied health care professionals. This balance of theory and practical application prepares students to sit for the Board of Certification examination where upon successful completion, may earn the credentials ATC. Additional information about these programs can be found at: <https://medicine.okstate.edu/athletic-training/index.html> (<https://medicine.okstate.edu/athletic-training/>).

The on-campus Physician Assistant Program recruits, educates and mentors a diverse group of students to increase competent and compassionate health care with an emphasis on increasing access to healthcare in rural and medically underserved Oklahoma. The Program places an importance on fostering collegial relationships among students within the Physician Assistant, Osteopathic Medicine and Athletic Training disciplines to provide professional, flexible, team-based, health care. The Master of Science in Physician Assistant Studies is designed for students to be eligible for certification as a Physician Assistant. The PA program has a directed curriculum of 124 hours. All students are required to be enrolled full-time. Students will spend 13 months in the didactic phase of education where they will receive traditional lectures as well as many hands-on experiences in laboratory and simulation settings. The second phase of training includes 15 months of clinical rotations. Students are required to have experiences in family medicine, internal medicine, emergency medicine, OBGYN, pediatrics, psychiatry, and surgery. Students will also have a minimum of two (2) rotations in a rural location. For additional information regarding admissions requirements please visit <https://medicine.okstate.edu/pa/index.html> (<https://medicine.okstate.edu/pa/>).

## Honor and Service Organizations

The College emphasizes community service, and many students volunteer their time in giving school and athletic physicals, visiting nursing homes, working with school children and working at College-sponsored health fairs or the annual Osteopathic Scrub Run. Listed below are official student organizations.

American College of Osteopathic Emergency Physicians (ACOEP)  
 American College of Osteopathic Pediatricians (ACOP)  
 American College of Osteopathic Surgeons-Medical Student Section (ACOS-MSS)  
 American Medical Student Association (AMSA)  
 American Medical Women's Association (AMWA)  
 American Muslim Medical Student Association (AMMSA)  
 American Osteopathic College of Physical Medicine and Rehabilitation (AOCPMR)  
 Anesthesiology Student Interest Group (ASIG)  
 Asian Pacific American Medical Student Association (APMSA)  
 Association of Native American Medical Students (ANAMS)  
 Biomedical Sciences Graduate Student Association (BSGSA)  
 Business & Leadership in Medical Practice (BLiMP)  
 Christian Medical Association (CMA)  
 Dermatology Interest Group (DIGA)  
 Forensic Student Organization (FSO)  
 Gay & Lesbian Advocacy in Medicine (GLAM)  
 Global Medicine Club (GMC)  
 Gold Humanism Honor Society (GHHS)  
 Latino Medical Student Association (LMSA)

Medical Interdisciplinary Specialty Club (MISC)  
 Medical Students for Choice (MSC)  
 Native American Students in Osteopathic Medicine (NASOM)  
 Oklahoma Osteopathic Obstetrics and Gynecology Student Association (OOOGSA)  
 Physician Assistant Student Association  
 Sigma Sigma Phi (SSP)—honor society  
 Society for Advancement of Chicanos/Hispanics & Native Americans in Science (SACNAS)  
 Sports Medicine Club  
 Student American Academy of Osteopathy (SAAO)  
 Student American Osteopathic Academy of Orthopedics (SAOAO)  
 Student Association of Military Osteopathic Physicians & Surgeons (SAMOPS)  
 Student Association of the American College of Osteopathic Family Physicians (SAACOF)  
 Student American Osteopathic Academy of Sports Medicine (SAOASM)  
 Student Government Association (SGA)  
 Student Interest Group in Neurology (SIGN)  
 Student National Medical Association (SNMA)  
 Student Osteopathic Association of Radiology (SOAR)  
 Student Osteopathic Internal Medicine Association (SOIMA)  
 Student Osteopathic Medical Association (SOMA)  
 Student Osteopathic Psychiatry Association (SOPA)  
 Student Osteopathic Rural Medicine Club (StORM)  
 Student PAs in Rural Communities (SPARC)  
 Student Political Action Committee  
 Wilderness Medical Society (WMS)

## Faculty Center for Health Sciences

**President of the Center for Health Sciences**—Johnny Stephens, PharmD  
**Dean of the College of Osteopathic Medicine**—Dennis Blankenship, DO  
**Provost of the Center for Health Sciences and Senior Associate Dean of Operations**—Jeffrey S. Stroup, PharmD

## Biomedical Sciences and Graduate Studies

Randall Davis, PhD—Interim Associate Dean, Biomedical Sciences  
 James Hess, EdD—Vice Provost, Graduate Studies

## Anatomy and Cell Biology

Nedra Wilson, PhD—Associate Professor and Interim Chair  
**Professors**—Kenneth Miller, PhD; Kent S. Smith, PhD  
**Clinical Assistant Professor**—Ian D. Browne, PhD  
**Clinical Instructor of Anatomy**—Jasmine Croghan, PhD  
**Associate Professors**—Holly Ballard, PhD; Eric Snively, PhD; Anne Weil, PhD  
**Assistant Professors**—Daniel Barta, PhD; Vikram Gujar, PhD; Dolores Vazquez Sanroman, PhD

## Athletic Training

Jennifer L. Volberding, PhD—Associate Professor and Chair  
**Professor**—Aric Warren, PhD  
**Associate Professors**—Matthew S. O'Brien, PhD

## Biochemistry and Microbiology

Gerwald A. Kohler, PhD—Professor and Chair

**Professors**—Franklin R. Champlin, PhD; Rashmi Kaul, PhD  
**Assistant Professors**—Subhas Das, PhD; Ratnakar Deole, PhD; I-Hsiu (George) Huang, PhD; Crystal Nicole Johnson, PhD; Jacob Manjarrez, PhD; Joshua Muia, PhD  
**Professors Emeritus**—Martin W. Banschbach, PhD; Charles G. Sanny, PhD

## Emergency Medicine

Aaron Lane, DO—Chair and Clinical Associate Professor  
**Clinical Professor**—Dennis Blankenship, DO—Dean, College of Osteopathic Medicine  
**Clinical Assistant Professor and Research Director**—James Herrington, DO  
**Clinical Associate Professors**—Gavin Gardner, DO; David Gearhart, DO; Michael R. Schiesel, DO; Kelly A. Murray, PharmD  
**Clinical Assistant Professors**—Bobby Abernathy, DO; Kenneth Argo, DO; Yakiji Bailey, DO; Tyson Bryant, DO; Michael Cannon, DO; John Carlson, DO; Cass Cherry, DO; Linden Cowley, DO; Cathryn Crittenden-Byers, MD; Kent Denmark, DO; Tyler G. Evilsizer, DO; Gary Fennema, DO; Anastasia Fisher, DO; Gavin Gardner, DO; Steven Gearhart, DO; Shane Hnatusko, DO; Charles Harris, DO; Melissa Haught, DO; Megan Johanning, DO; Rebecca Massey, DO; Jason Moore, DO; Mary K. Moore, DO; James Pritchett, DO; Jonathan D. Robins, DO; Brianne Roepke, DO; Matthew E. Stiger, DO

## Family Medicine

Lora D. Cotton, DO—Professor, Director and Chair  
**Clinical Professor**—Regina Lewis, DO  
**Associate Professors**—Sarah Hall, DO; Erin Kratz, DO  
**Clinical Assistant Professors**—Kristin Browning, DO; Steffen Carey, DO; Amanda Carey, DO; Crystal David, PharmD; Matt Fowler, DO; Chelsey D. Griffin, DO; Tara B. Hasenpflug, DO; John Miller, DO; Lana Myers, DO; Marinn Rank, DO; Glenna Tiller, DO; Krystal Vonfeldt, DO

## Forensic Sciences

Jason Beaman, DO—Interim Chair  
**Professor**—Ronald R. Thrasher, PhD  
**Professor and Director**—Jarrad Wagner, PhD  
**Assistant Professor and Director**—John J. Frucci, EdD  
**Assistant Director**—Jun Fu, PhD

## Health Care Administration

Bavette Miller, PhD, MHA—Interim Chair  
James Hess, EdD—Vice Provost and Professor  
**Clinical Professors**—Anil K. Kaul, MD, DDS, MPH; Zack Varughese, PhD

## Internal Medicine

Damon L. Baker, DO—Professor, Chair and Chief Medical Officer for OSUMC  
**Professor**—Mousumi Som, DO  
**Associate Professor**—Katherine Cook, DO  
**Clinical Assistant Professors**—Justin Chronister, DO; Stacy Chronister, DO; Micah Derby, DO; William Woods, DO

## Medical Education

Nicole Farrar, DO—Clinical Assistant Professor and Chair  
**Professor**—Shawna Segraves Duncan, DO; Nancy Van Winkle, PhD  
**Clinical Professor and Director**—Laurie Clark, DO  
**Clinical Associate Professor and Director**—Carrie Gilstrap, DO  
**Clinical Associate Professor**—Jana Baker, DO; Randall S. Reust, DO

**Clinical Assistant Professors**—Leah Bailey, DO; Janel Johnson, DO

## Obstetrics and Gynecology

Erin E. Brown, DO—Clinical Assistant Professor and Interim Chair  
**Clinical Professor**—William Po, MD  
**Clinical Assistant Professors**—Carlos M. Guevara, DO

## Osteopathic Manipulative Medicine

Robin Dyer, DO—Professor and Chair, Associate Dean for Academic Affairs  
**Clinical Associate Professor and Vice Chair**—Mark Thai, DO  
**Clinical Assistant Professors**—Leslie Ching, DO; Amelia McConaghy, DO; Miriam Mills, MD; Jennifer Wilson, DO

## Pathology

Anthony Alfrey, MD—Associate Professor and Chair  
**Clinical Associate Professor**—Eric Harp, DO  
**Professor Emeritus**—Joseph A. Price, PhD

## Pediatrics

Amanda Foster, DO—Clinical Professor and Chair  
**Professor**—Rhonda Casey, DO; Shawna Duncan, DO  
**Clinical Professor**—Colony S. Fugate, DO  
**Clinical Associate Professors**—Travis Campbell, DO; Jeremy Jones, DO; Heather Rector, DO  
**Clinical Assistant Professors**—Laura Bode, DO; Binh Phung, DO

## Pharmacology and Physiology

David R. Wallace, PhD—Interim Chair and Professor  
**Professors**—Randall L. Davis, PhD; Craig Stevens, PhD; W. Kyle Simmons, PhD  
**Associate Professors**—Bart Ford, PhD; Randy Wymore, PhD  
**Clinical Professor**—Hugo Aires, PhD  
**Clinical Associate Professors**—Alexis Jones, PhD; Dusti Sloan, PhD  
**Clinical Assistant Professor**—Sheri Core, PhD; Alexis Jones, PhD

## Physician Assistant

Amy Harrison, MHS, PA-C—Director, PA Program and Clinical Assistant Professor  
**Clinical Assistant Professors**—Courtney Abernathy, MMSc, PA-C; Ashley McCrary, MPAS, PA-C; Jennifer Stauffer, MHS, PA-C; Rebecca Stephen, MHS, PA-C  
**Medical Director**—Zachary Fowler, DO

## Psychiatry and Behavioral Sciences

Sara Coffey, DO—Clinical Assistant Professor and Interim Chair  
**Professor and CIRCA Director**—Jennifer Hays Grudo, PhD  
**Regents Professor**—Amanda Sheffield Morris, PhD  
**Professor**—Vivian Stevens, PhD  
**Clinical Associate Professor and Director**—Stephen J. Brasseux, MD  
**Clinical Associate Professor**—Tessa L. Chesher, DO; Swapna Deshpande, MD; Aaron Pierce, DO  
**Clinical Assistant Professors**—Jason Beaman, DO; Kelly J. Dunn, MD; Alicia Ford, PhD; Reagan Gill, DO; Brian Goetsch, PsyD; Jennifer Hale, PhD; Micah Hartwell, PhD; Tvli Jacob, PhD; Samuel Martin, MD; Anna Mazur, PhD; Alina Messick, PA-C; Sara Rich, PhD; Brit'ny Stein, PhD; Matt Vassar, PhD

## Rural Health

Denna Wheeler, PhD—Executive Director and Clinical Professor

Mousumi Som, DO—Professor and Designated Institutional Official for OSU-CHS and OMECO

**Professor and Interim Associate Dean of Global Health**—Rhonda Casey, DO

**Professor**—Valerie Blue Bird Jernigan, PhD, Director, Center for Indigenous Health, Research and Policy; Julie M. Croff, PhD, MPH, FAAHB

## Surgery

Michael Thomas, MD—Clinical Associate Professor and Chair

Brian C. Diener, DO—Professor and Vice Chair

**Clinical Associate Professor**—Hal H. Robbins, DO

**Assistant Professors**—Adam Bradley, DO

# COLLEGE OF PROFESSIONAL STUDIES

---

## College Administration

Jeanette Mendez, PhD—Provost and Senior Vice President for Academic Affairs

Craig Freeman, JD—Interim Vice Provost and Dean

Beverly Morris, MS—Director of Academic Advising

Megan Pitt, PhD—Recruitment Manager

## Campus Address and Phone

**Address:** 700 N. Greenwood Ave., Tulsa, OK 74106-0702

**Phone:** 918-594-8355

**Website:** <https://tulsa.okstate.edu/cps> (<https://tulsa.okstate.edu/cps/>)

## College Description

The OSU College of Professional Studies, housed at OSU-Tulsa, is designed to address the workforce needs of local industries and agencies in Tulsa with a special emphasis on working adults with some college credit but no degree.

The College of Professional Studies offers flexible bachelor's degree programs to help working adults complete a bachelor's degree that adds value to their current career. The Bachelor of Professional Studies is adaptable, with a flexible credit for prior learning, transfer credit and military credits.

From an employer's perspective, these degree programs are a new form of workforce development, providing a clear pathway to overcome the college degree barrier and enable employees to advance within their organization. Curricula are designed to meet the needs of students and the companies who employ them. Tulsa-area employers who have partnered with OSU-Tulsa on these degree programs include the Tulsa Police Department and TTCU Federal Credit Union.

## Academic Programs

The Bachelor of Professional Studies in Organizational Leadership (p. 3214) is a practical, comprehensive degree option for professionals seeking to advance in their current career by earning a bachelor's degree. In many companies and organizations, advancement opportunities are tied to educational attainment. The Bachelor of Professional Studies in Organizational Leadership is designed to help earn a raise, get a promotion, or meet career goals.

The Bachelor of Professional Studies in Public Safety (p. 3215) is a practical, comprehensive degree option for public safety professionals. Students will gain the knowledge and skills to take on a variety of roles in the public safety sector. The coursework emphasizes essential human skills to successfully work in public safety, including cultural awareness, conflict resolution and effective communication.

Requirements for degree programs and options are detailed in Undergraduate Degree Requirements available online at [https://registrar.okstate.edu/degree\\_requirements.html](https://registrar.okstate.edu/degree_requirements.html).

## Transfer Student Success Center

Students who complete degrees in the College of Professional Studies typically start their coursework elsewhere and transfer credits to OSU-

Tulsa to complete their degree. Academic advisors play an important role in helping prospective students understand how their previous coursework will transfer to meet degree requirements. Students can meet with an advisor in the Transfer Student Success Center before they apply and are admitted. After admission to OSU, students will be assigned an advisor who will help them navigate the enrollment process throughout their academic career. Professional academic advisors are invested in the student's success and help students to develop an academic plan to complete their educational goals with their other commitments in mind. In addition to helping students with enrollment and educational goals, advisors also guide and encourage students and connect them to various campus resources.

# COLLEGE VETERINARY MEDICINE

---

## College Administration

Carlos Risco, DVM, Dipl. ACT—Dean

Jerry Ritchey, DVM, PhD, DACVP—Associate Dean Academic and Student Affairs

Jerry Malayer, PhD—Sr. Associate Dean for Research and Graduate Education

Martin Furr, DVM, PhD, MA Ed, DACVIM—Assistant Dean for Professional Programs

## Campus Address and Phone

**Address:** 205 McElroy Hall, Stillwater, OK 74078

**Phone:** 405.744.6648

**Fax:** 405.744.0356

**Website:** [www.vetmed.okstate.edu](http://www.vetmed.okstate.edu) (<https://vetmed.okstate.edu/>)

## College of Veterinary Medicine

The College of Veterinary Medicine (CVM) is the premier provider of animal care in the state of Oklahoma and for the region. The CVM provides quality educational opportunities to prepare our graduates for varied careers within the veterinary profession. The veterinary medical profession is rewarding, exciting, and one that touches the environment as well as the lives of humans and animals alike. The career options available to graduates with a Doctor of Veterinary Medicine (DVM) degree are as varied as the people who make veterinary medicine their life-long commitment. The College of Veterinary Medicine at Oklahoma State University offers a program designed to prepare new graduates for a variety of biomedical careers including private practice, post-DVM clinical training, research, industry, military, and government.

**Mission:** Innovation in animal and human health.

**Vision:** To be innovative world leaders in healthcare, research, and professional education.

---

### Core Values:

- **Communication:** Understanding the importance of good communication for the proper functioning of the team and advancing our common goals.
- **Integrity:** We will demonstrate at all times, and expect of our colleagues, the highest standards of personal integrity.
- **Accountability:** We will be accountable for our own actions, work, and words
- **Teamwork:** Understanding that a team is stronger than the sum of its parts, and that we perform better as a team.
- **Leadership:** Recognizing that we can all be leaders.

## Accreditation

The College is accredited by the Council on Education of the American Veterinary Medical Association. Accreditation is based on an assessment of 11 essential factors: the college's organization, its finances, facilities and equipment, clinical resources, library and learning resources, enrollment, admissions, faculty, curriculum, continuing and post-graduate education, and research.

## High School Preparation

Preparation for a career in veterinary medicine includes understanding the profession. Volunteering or working with a veterinarian is essential. Students should develop emotional maturity and become aware of how medical decisions include patient, client and financial issues.

Professionalism and ethics are fundamental for veterinarians.

Although the OSU DVM Program does not use an applicant's high school information to determine eligibility, K-12 students are strongly encouraged to take advanced placement math and science classes to prepare for more difficult college level coursework.

## Admission and Application Requirements

Earning a DVM degree requires dedication and hard work, but the rewards are returned for a lifetime. In general, students must complete three to four years of pre-veterinary undergraduate coursework followed by four years of a professional veterinary medical program.

Students may choose any accredited college/university to complete their pre-veterinary coursework, however, choosing a major related to the student's interest in science and animals is wise. The College requires all applicants to be within 1 year of completing specific required courses to be eligible for application. Other factors can contribute to an applicant's eligibility for application to the Oklahoma State University DVM Program. Visit the DVM Program Eligibility website for a list of required courses and eligibility requirements.

## Early Admission Program

Students pursuing careers in the health sciences often make their career decision prior to undergraduate enrollment through the Early Admission Program. The goal of the Early Admission Program is to aid pre-veterinary students with strong academic ability and guide them in their pursuit of a veterinary medical career. The Early Admission Program strives to provide direction, mentorship, and provisional admission for students with superior academic achievement and interpersonal skills that are well-suited to the missions of the veterinary profession. The program is open to all incoming true college freshmen attending a 4-year institution within the state of Oklahoma.

## Scholarships

The College has a variety of scholarships available to currently enrolled veterinary medical students. The scholarship application portal opens at the end of the fall semester.

## Selection Factors

The Admissions Committee seeks to admit students with excellent records of academic achievement, in addition to backgrounds that help predict potential success in a variety of veterinary medical careers. Because the veterinary medical profession is constantly changing, the faculty supports the concept of achieving diversity in each entering class. The College of Veterinary Medicine typically admits 106 students annually of which 58 are Oklahoma residents and 48 are out-of-state.

In selecting applicants for admission, the Admissions Committee will consider both quantitative (grade point averages, course load, and standardized test scores) and qualitative factors (veterinary experience, background, personal statement, and letters of recommendation).

The CVM requires a minimum of three letters of recommendation, one of which must come from a veterinarian. Strong applications will include

letters of recommendation from individuals who have had recent working or mentorship experiences with the applicant.

An out-of-state applicant's qualitative score is based on their application materials evaluated by members of the Admissions Committee. An in-state applicant's qualitative score is also based on their application materials in addition to a personal interview conducted by members of the Admissions Committee. Interviews are administered to in-state applicants by invitation only and not automatically granted. Personal interviews are not available for out-of-state applicants.

## College Curriculum

The DVM curriculum prepares students for a wide variety of careers. It emphasizes educating general practitioners and prepares students for nonpractice careers as well. The curriculum is built on a culture of scholarship that has led to an excellent reputation for educating students not only to be ready to enter practice but to become successful veterinarians.

The DVM curriculum is integrated across departments with a systems-based approach rather than topic-based. The college teaches all animal species. Students may pursue their area of interest through elective courses starting in their second year and can continue through their fourth. These electives include opportunities to focus on animal species interests, discipline interests and research. The teaching style includes lecture and small to large group case discussion formats. Hands-on animal experiences are emphasized beginning in a student's first year of the program. The 4<sup>th</sup> year of the program is a mixture of required hospital rotations and electives including off-campus experiences. Students are encouraged to take externships in private practice, referral centers, specialty practices, government laboratories, zoos, or other facilities to expand their experience of the realities of the diverse careers available to them.

## Graduate Program

### Comparative Biomedical Sciences

Jerry R. Malayer, PhD—Professor and Senior Associate Dean for Research and Graduate Education

The comparative biomedical sciences (CBSC) graduate program is a multidisciplinary program intended to provide students with a broad base of research areas to address individual student interests. The program is administered within the College of Veterinary Medicine but may involve faculty from other colleges. Programs of research and study leading to the degrees of Master of Science and Doctor of Philosophy are available within the broad areas of focus: infectious diseases, pathobiology, and physiological sciences. The program is designed to prepare individuals for careers in teaching and research, and specialization is possible within each area dependent upon student and faculty interests and available funding.

Current areas of research focus include molecular, cell and developmental biology, clinical sciences (including laser applications and oncology); infectious and parasitic diseases (including vector-borne diseases, bacterial and viral diseases in wild and domestic animals); pathobiology; and toxicology. Faculty and their specific areas of interest are available through the graduate coordinator ([cbsc@okstate.edu](mailto:cbsc@okstate.edu)) ([vbsc@okstate.edu](mailto:vbsc@okstate.edu)) or online at <https://vetmed.okstate.edu/>

[students/comparative-biomedical-sciences/index.html](https://vetmed.okstate.edu/students/comparative-biomedical-sciences/index.html) (<https://vetmed.okstate.edu/students/comparative-biomedical-sciences/>).

## Prerequisites

Candidates for admission must possess a bachelor's degree or equivalent, with a background in biological or physical sciences. Although there are no absolute performance level requirements, applicants with GPAs of 3.0 (out of 4.0) or greater, will receive the strongest consideration.

## The Master of Science Degree

The MS may be earned with 30 credit hours beyond a bachelor's degree or 21 hours beyond the DVM degree, including not more than six credit hours for the thesis. The plan of study is designed to meet the student's needs and interests and typically includes two credits of seminar, one course in statistics, and courses in molecular or cell biology and pathobiology. The student must also pass a final oral examination covering the thesis and related course work.

## The Doctor of Philosophy Degree

The PhD requires a minimum of 60 credit hours beyond the bachelor's degree or DVM degree, including up to 45 credit hours for research and dissertation. The plan of study is designed to meet the student's needs and interests and typically includes courses in cell and molecular biology, pathobiology, statistics, and seminar. Written and oral qualifying examinations are required. Students must prepare a research proposal and complete and defend a dissertation based on original research.

## Application Procedure

Applications are made to the Graduate College (<http://gradcollege.okstate.edu/apply>) (<http://gradcollege.okstate.edu/apply/>) and are accepted at any time; however, all documents should be received before March 1st for admission to the fall semester. Applicants are required to submit transcripts of all college-level work. International applicants are required to take an English proficiency exam, unless a student completed a baccalaureate or graduate degree from an accredited institution of higher learning at which English is the primary language of instruction, located in a country in which English is a recognized primary language. For students seeking graduate teaching assistantships, a score of 22 or greater on the speaking part of the internet-based TOEFL (iBT) or 7.0 on the speaking portion of the IELTS is required. In addition, the applicant will submit a statement of purpose stating their preparation for graduate study as well as how earning a graduate degree will further their educational and career goals and will have three persons knowledgeable of their preparation for graduate study write and submit letters of reference.

Information about faculty research interests is available upon request to the graduate coordinator ([cbsc@okstate.edu](mailto:cbsc@okstate.edu)) ([vbsc@okstate.edu](mailto:vbsc@okstate.edu)). After acceptance to the graduate program, students select a major professor and an advisory committee and develop a plan of study consistent with the CBSC graduate program requirements and subject to the approval of the dean of the Graduate College.

## Assistantships

A limited number of graduate teaching and research assistantships are available.

## **Internship and Residency Programs**

Internships and residency programs in clinical medicine and surgery are offered through the Department of Veterinary Clinical Sciences. Residency programs in pathology are offered through the Department of Veterinary Pathobiology.

## **Academic Areas**

- Veterinary Clinical Sciences (p. 3219)
- Veterinary Pathobiology (p. 3220)
- Physiological Sciences (p. 3221)
- Degree Programs (p. 3222)

## **Graduate Programs**

- Comparative Biomedical Science, MS (p. 3223)
- Comparative Biomedical Science, PhD (p. 3224)

## **Professional Programs**

- Veterinary Medicine, DVM (p. 3225)

## Veterinary Clinical Sciences

\*Theresa E. Rizzi, DVM, DACVP—Clinical Professor and interim VCS Department Head

The Department of Veterinary Clinical Sciences is one of four academic departments at the CVM. The Veterinary Clinical Sciences faculty are an integral part of the Boren Veterinary Medical Hospital. The faculty train veterinary students through hands-on experience and provides the highest quality of care to clients and patients. In addition to training veterinary students, there are several residents and interns in various sections of the hospital who are guided by the VCS faculty.

Visit the Veterinary Medical Hospital webpage (<https://cvhs.okstate.edu/veterinary-medical-hospital/>) to learn more about the faculty and staff and the services they provide.

### Internship and Residency Programs

The department offers graduate professional programs (internships and residencies). Internships are one-year post-DVM clinical training programs.

Internships are designed in part to prepare DVM graduates for residencies or graduate academic programs. Currently, internships are offered in equine internal medicine and surgery rotating, small animal emergency and critical care, equine surgery & sports medicine, food animal medicine & surgery, shelter medicine and surgery, ophthalmology, theriogenology, and avian, exotics, and zoological medicine.

Residencies are three-year clinical programs in various disciplines designed in part to prepare for specialty board certification. Currently, residencies are offered in equine internal medicine, equine surgery, food animal medicine and surgery, ophthalmology, and theriogenology. Graduate academic programs may be available in association with residencies.

### Application Procedure

Most open positions are listed in the Veterinary Internship/Residency Matching Program at [www.virmp.org](http://www.virmp.org) (<http://www.virmp.org>) and applications are submitted through the VIRMP. Some programs may be offered outside the match.

### Faculty

**Regents Professor and Endowed Chairs:** Kenneth Bartels, DVM, MS, and Cohn Family Chair for Animal Care (emeritus); \*Melanie Boileau, DVM, MS, DACVIM, and Clinical Professorship in the College of Veterinary Medicine; \*Joao Manuel Lemos Brandao, LMV, MS, DECZM, and Deborah and Wayne Bell Professorship; \*Daniel J. Burba, DVM, DACVS, and McCasland Endowed Chair; \*Danielle Dugat, DVM, MS, DACVS, Cohn Family Chair for Animal Care; \*Lyndi Gilliam, DVM, DACVIM, and Jack and June Jacobs Chair; G. Reed Holyoak, DVM, PhD, DACT, Regent's Professor and Bullock Professor; \*Michael D. Lorenz, DVM, DACVIM, and Regents Service Professor (emeritus); \*Lara Sypniewski, DVM, DABVP, and Henthorne Clinical Professorship

**Professors:** \*Joseph Alexander, DVM, DACVS (President, CIED) (emeritus); \*Kenneth Bartels, DVM, MS (emeritus); \*Melanie Boileau, DVM, MS, DACVIM; \*Daniel J. Burba, DVM, DACVS; \*Lionel J. Dawson, BVSc, MS, DACT; \*Lyndi Gilliam, DVM, DACVIM; \*Margi A. Gilmour, DVM, MS, DACVO (emeritus); \*G. Reed Holyoak, DVM, PhD, DACT; \*John P. Hoover, DVM, MS, DACVIM, DABVP (emeritus); \*Meredyth Jones, DVM, MS, DACVIM; \*Charles G. MacAllister, DVM, DACVIM (emeritus); \*Mark Neer,

DVM, DACVIM (emeritus); \*Michael J. Schoonover, DVM, MS, DACVS, DACVSMR; \*Richard Shawley, DVM, MS, DACVA (emeritus)

**Associate Professors:** \*Robert J. Bahr, DVM, DACVR (emeritus); \*Mary H. Bowles, DVM, DACVIM (emeritus); \*Joao Manuel Lemos Brandao, LMV, MS, DECZM, DACZM; \*Daniel Dugat, DVM, MS, DACVS; \*John Kirkpatrick, DVM, DABVP (emeritus); Carolynn T. MacAllister, DVM (emeritus); \*Gregor L. Morgan, MVSc, PhD, DACT (emeritus)

**Assistant Professors:** \*Dale Kelley, DVM, MS, PhD, DACT; \*Megan Williams, DVM, DACVS

**Clinical Professor:** \*John Gilliam, DVM, MS, DAVBP, DACVIM; \*Marjorie Gross, DVM, MS, DACVA (emeritus); \*Robert Streeter, DVM, MS, DACVIM (emeritus); \*Lara A. Sypniewski, DVM, DABVP

**Clinical Associate Professor:** Kimberly D. Carter, DVM; \*Paul DeMars, DVM, DABVP; Katrina Meinkoth, DVM (emeritus); Sarah Peakheart, DVM

**Clinical Assistant Professors:** David Bailey, DVM; \*Allison Biddick, DVM, MS, DACVECC; Rosslyn Biggs, DVM; Brandy L. Close, PhD, MeD; Leandro Fadel, DVM, MSc; Leticia Fanucchi, DVM, PhD; \*Katelyn Fentiman, DVM, MS, DACVO; Nancy Henslee, DVM; Alexis Jennings, DVM; \*A.J. Manship, DVM, DACVIM; \*Emily McCool, DVM, MS, DACVO; Julianne McCready, DVM; M. Blake Murray, DVM; Franciele Panato Back, MV; Marcelo Rodrigues de Oliveira, MV; Melissa Raymond, DVM; \*Asitha Vasudevan Pillai, DVM, MS; Brandon M. Raczkoski, PhD

**Adjunct Associate Professors:** \*Drew Hanzlicek, DVM, DACVIM; \*Cheryl Lopate, DVM, MS, DACT; \*Mark Munson, MD; Daqing Piao, PhD; \*Gary Spodnick, DVM, DACVS

**Adjunct Assistant Professors:** Jason Anton, DVM; \*Kay Backues, DVM, DACZM; Derek Burney, DVM; \*Jennifer D'Agostino, DVM, DACZM; \*Brent Hague, DVM, DACVS; \*David Russell, DVM, DACVD; \*Janice Seahorn, DVM, MS, DACVAA

**Adjunct Clinical Instructors:** Kyle Abbott, DVM; \*Tiffany Granone, DVM, DACVAA; Mark Higgins, DVM; Tracie Holder, DVM; Mike Jones, DVM; Kevin Long, DVM; Jarrod Roach, DVM; Mark Shackelford, DVM

**Lecturers:** Kevin Grisham, DVM; Daneeya Guthrie, DVM; Jennifer Wyrick, DVM

**Residents:** Rebecca Abanto, DVM, Equine Medicine (2023-26); Nicholas Lani, DVM, Equine Surgery (2023-26); Sheila Megehee, DVM, Theriogenology (2021-24); Megan, Righi, DVM, ACVIM, Food Animal (2022-25); Brittnee Saylor, DVM, Equine Surgery; (2022-25); Taylor Strickland, DVM, Food Animal (2022-25); Paul Wallace, DVM, Equine Surgery and Sports Med (2022-25); Alex Wittorff, DVM, Theriogenology (2022-25)

**Interns:** Katherine Cantrell, DVM, Small Animal Shelter Medicine and Surgery; Kaitlyn Crocker, DVM, Avian, Exotics, and Zoological Medicine; Greta Doden, DVM, Avian, Exotics and Zoological Medicine; Andrea Messina, DVM, Equine Medicine and Surgery; Flora Okwuagwu, DVM, Small Animal Emergency Critical Care Specialty; Brianne Randulovich, DVM, Ophthalmology Specialty; Haley Wilkerson, DVM, Theriogenology

**\*Board Certification in Specialty Area**

## Veterinary Pathobiology

Theresa E. Rizzi, DVM, DACVP—Clinical Professor and Department Head

The Department of Veterinary Pathobiology delivers state-of-the-art research, instruction, and diagnostic service for the disciplines of bacteriology, mycology, immunology, parasitology, pathology, virology, epidemiology and public health. The Pathology Department is the proud home of the National Center for Veterinary Parasitology, and the academic home of the University's Director of Animal Resource Unit and Attending Veterinarian, and faculty associated with the Oklahoma Animal Disease Diagnostic Laboratory. Departmental faculty participate in research sponsored by the NIH, USDA, and other government-sponsored research units as well as private industry focused on infectious diseases important in animals and people. The department is actively engaged in training the next generation of veterinarians, veterinary specialists, and scientists, publishing basic and applied scientific works and presenting findings at scientific and educational platforms throughout the world.

### Residency Programs

**Residency Coordinators:** Dr. Valerie McElliott, Anatomic Pathology, and Dr. James H. Meinkoth, Clinical Pathology

Residency programs in anatomic and clinical veterinary pathology are offered. Candidates must have a DVM degree or equivalent. The anatomic and clinical pathology residency programs are three years with options to enter the PhD program. The programs are designed for those interested in diagnostic veterinary pathology and board certification by the American College of Veterinary Pathologists. Residency training occurs through the Veterinary Medical Teaching Hospital and through the Oklahoma Animal Disease Diagnostic Laboratory. The program involves extensive diagnostic casework primarily of domestic animals and includes weekly case conferences and seminars. In addition, abundant archived materials are available for the specialty board preparation.

### Application Procedure

Usually, one new residency training position is available each year in anatomic pathology and one new residency position every 1-2 years in clinical pathology. Open positions are listed at the ACVP website (<https://www.acvp.org/>) and in the "Educational Opportunities" section of the Journal of the American Veterinary Medical Association.

### Faculty

**Regents Professors and Endowed Chairs:** \*Anthony W. Confer, DVM, PhD, DACVP (emeritus) and Walter R. Sitlington Endowed Chair; Clinton J. Jones, PhD, Regents Professor and Sitlington Endowed Chair; \*Susan Little, DVM, PhD, DAVPC-Parasitology, Regents Professor and Krull/Ewing Endowed Chair

**Professors:** \*James H. Meinkoth, DVM, PhD, DACVP; Mason Reichard, PhD; \*Timothy Snider, DVM, PhD, DACVP; \*Jared Taylor, DVM, MPH, PhD, DACVIM, DACVPM

**Clinical Professor:** \*Theresa Rizzi, DVM, DACVP

**Associate Professors:** Tom Oomens, PhD; \*Akhilesh Ramachandran, BVSc & AH, PhD, DACV; Dr. Joy Scaria, Ph.D., Associate Professor and Sitlington Endowed Chair in Infectious Disease; \*Giselle Cino, DVM, PhD, DACVP; \*Lindsay Starkey, DVM, PhD, DACVP

**Clinical Associate Professor:** \*Susan E. Fielder, DVM, MS, DACVP;

\*Asheley Wathen, DVM, MPH, DAFLAM

**Assistant Professors:** \*Fernando Vicoso Bauermann, DVM, PhD, and Sitlington Endowed Chair in Veterinary Medicine; \*Sunil More BVSc & AH,

MVSc, PhD; \*Jennifer Rudd, DVM, PhD, DACVM; \*Ruth C. Scimeca BVSc, MS, PhD, DAVPC-Parasitology; Mayara Maggioli, DVM, PhD

**Clinical Assistant Professor:** \*Alexandra Ford, DVM, DACVP; \*Valerie McElliott, DVM, PhD, DACVP; \*Brianna Taylor, DVM, MS, DACVP

**Associate Research Professor:** Edmour Blouin, PhD (emeritus)

**Assistant Research Professor:** Kelly Harrison, PhD; Jeff Ostler, PhD

**Residents:** Kelsey Duensing, DVM; Alys Harshbarger, DVM; Sarah Myers, DVM; Sai Narayanan, BVSc & AH, MVSc, PhD

**Graduate Teaching Associates:** Patil Basavaraju, BVSc; Laura Centurion, MS; Debarati Chanda, PhD; Roshan Ghimire, PhD; Sachithra Gunasekara, BS; Kristin McClung, MS; Jeeviya Murugesan, BVSc; Chakravarthi Raiamohan, MS; Hafez Sadeghi, PhD; Vanessa Santos, PhD; Miruthula Selvan, BVSc; Pabasara Weerarathne, MS; Nishani Wijesekera, BVSc

**Graduate Research Associates:** Pramila Lamichhane, MS; Mego Terhuja, BVSc, MVSc; Brittanie Peake, MS; Rakshya Shrestha, PhD; Miruthula Tamil Selvan, PhD; Crystal Villalva, PhD

**\*Board Certification in Specialty Area**

## Physiological Sciences

\*Board Certification in Specialty Area

Martin Furr, DVM, Ph.D., Department Head

The Department of Physiological Sciences at Oklahoma State University contributes substantially to the teaching, research and service components of the College of Veterinary Medicine.

The department currently has 18 tenure/tenure-track, ten adjunct and four research track faculty members, three postdoctoral fellows and approximately 18 graduate students.

Teaching responsibilities within the department include the areas of veterinary morphology, physiology, pharmacology and toxicology, providing professional coursework leading to the DVM degree and graduate coursework leading to the Masters and Doctor of Philosophy degrees. Departmental faculty have a wide range of research interests including neurotoxicology, lung biology, enzymology of drug metabolism, exercise physiology, reproductive physiology, therapeutics, comparative aging, and cardiovascular physiology. Extramural funding in support of research from agencies including NIH, DoD, USDA, American Cancer Society and others totals over \$2 million annually.

## Faculty

Martin Furr, PhD—Professor, Department Head and Assistant Dean - Professional Programs

**Regents Professors:** Lin Liu, BS, PhD (Lundberg-Kienlen Professor of Biomedical Research); Carey N. Pope, PhD (Sitlington Chair in Toxicology) (emeritus)

**Professors:** Nicholas L. Cross, PhD (emeritus); \*Michael S. Davis, DVM, MS, PhD (Oxley Chair in Equine Sports Medicine); Veronique Lacombe, DVM, PhD, Diplomate ACVIM, Diplomate ECEIM; Jerry R. Malayer, PhD; Lara K. Maxwell, DVM, PhD; Charlotte L. Ownby, MS, PhD (emeritus); Ashish Ranjan, BVSc, PhD (Kerr Endowed Chair); Alastair G. Watson, BVSc, PhD (emeritus)

**Associate Professors:** Jill Akkerman, DVM, PhD; Guangping Chen, MS, PhD; Myron Hinsdale, DVM, PhD; Sudahkar Jha, PS, MS, PhD; James W. Lish, MS, PhD (emeritus); Pamela G. Lovern, BA, PhD; Joseph P. McCann, PhD (emeritus); \*Sandra E. Morgan, MS, DVM (emeritus); Larry E. Stein, PhD (emeritus)

**Assistant Professors:** Joshua Butcher, M.S., PhD; Madhan Subramanian, BVSc, PhD; Xufang Deng, BS, MS, PhD

**Teaching Associate Professor:** Deon van der Merwe, BVSc, MSc, PhD, ERT

**Teaching Assistant Professor:** Girish Patil, PhD

**Assistant Research Professors:** Chaoqun Huang, MD, PhD

**Research Associate:** Yurong Liang, BS, PhD

**Research Scientist:** Danny Maples, PhD; Akansha Singh, PhD

**Post-Doctoral Fellows:** Happy Argarwal, PhD; Kishor Vaddadi, PhD; Poonam Yadav, PhD

**Graduate Teaching Associates:** Raisa Monteiro, BVSc; Bhuvana Plakkot, BVSc, MVSc; Sai Narayan Sankara, BVSc, MVSc; Shoroq Shatnawi, BS, MS; Mahesh Sivasubramanian, BVSc

**Graduate Research Associates:** Kainat Ahmed, BVSc, MVSc; Mohammad Asad, PhD; Landon Butler, BS; Sri Yidhaya Chandrasekar, PhD; Xiang Chi, PhD; Quanjin Dang, BS; Matthew Gallman, BS; Mike Gorbet, BS; Sankha Hewawasam, BS; Samuel Jeyasingh, BVSc; Bableen Kaur, PhD; Emily Nunan, BS; Bhuvana Plakkot, MVSc; Matthew Rochowski, BS; Akshaya Surendran, PhD; Xiaoming Zhang, PhD; Zhengyu Zhu, BVSc

**Staff:** Emma Dillsaver, BS; Dallas Karcher, BS; Erin Langford-Loftis, BS; Christopher H. Pivinski, BS; Lana Schler, BS; Jessica Schultz, MS, BS

## **Degree Programs**

---

### **Graduate Programs**

- Comparative Biomedical Science, MS (p. 3223)
- Comparative Biomedical Science, PhD (p. 3224)

### **Professional Programs**

- Veterinary Medicine, DVM (p. 3225)

## Comparative Biomedical Sciences, MS

### Requirements for Students Matriculating in or before Academic Year

2023-2024. Learn more about Graduate College Academic Regulation 7.0 (p. ).

**Total Hours:** 30

Code	Title	Hours
<b>Required Courses</b>
