This Catalog offers information about the academic programs and support services of the University. This Catalog is as accurate as possible, but the information may not remain current for all of the academic year. Circumstances may prompt changes in courses, course content, credit, fees, regulations, semester calendar, curriculum, degrees offered, and other University matters. Such changes authorized by the University apply both to prospective students and to those previously enrolled, unless the latter are specifically exempted.

For information, write to Oklahoma State University, Stillwater, OK 74078, or call (405)744-5000; in Oklahoma, call toll free 1-800-233-5019. Send electronic mail requests to cjd5818@okway.okstate.edu. Publications concerning a number of topics are also available upon request.

OSU information is available via the Internet:
Admission:  www.okstate.edu/registrar/admiss.html
Catalog:  home.okstate.edu/okstate/evp/registrar/coursecat.nsf
Schedule:  www.okstate.edu/registrar/scsinfo.html

The summer and fall class schedule books are usually available in February, and the spring class schedule book in October, and may be obtained from the student academic services offices, or through the mail from the Office of the Registrar.

An application packet and viewbook, with information for prospective students on admission, residence halls, financial aid, scholarship, and the Honors Program, is available from the Office of High School and College Relations.

The OSU Catalog may be obtained by new students, free of charge from their student academic services offices, at the beginning of their first semester at OSU. Other persons may purchase the Catalog through the Student Union Bookstore or through the mail. Reference copies are also available in many administrative offices and libraries, and Oklahoma high schools, junior and community colleges.

To purchase a copy of the OSU Catalog through the mail, send a check or money order for $6.75 for Library Rate or $8.50 for First Class, payable to Oklahoma State University, to Central Mailing Service, Attn: Catalog Requests, Publishing and Printing East, Oklahoma State University, Stillwater, OK 74078.

In addition to these publications, many of OSU's colleges, schools and departments have printed material concerning their programs. Contact the individual departments for specific information.

Oklahoma State University, in compliance with Titles VI and VII of the Civil Rights Act of 1964, Executive Order 11246 as amended, Title IX of the Education Amendments of 1972 (Higher Education Act), the Americans with Disabilities Act of 1990, and other federal laws and regulations, does not discriminate on the basis of race, color, national origin, sex, age, religion, handicap, or status as a veteran, in any of its policies, practices or procedures. This provision includes, but is not limited to, admission, employment, financial aid and educational services.

Photographs are courtesy of Centennial Histories, Special Collections, The Daily O'Collegian, and various OSU students, offices, colleges and alumni.

This publication, issued by Oklahoma State University as authorized by the Office of the Registrar, was printed by Phillips Brothers Printers at a cost of $13,044.00 for 13,000 copies.
State Regents for Higher Education
LEONARD J. EATON, JR., Chair, Tulsa
JOE L. MAYER, Vice-Chair, Guymon
CARL RENFRO, Secretary, Ponca City
MARLIN “IKE” GLASS, JR., Assistant Secretary, Newkirk
BILL W. BURGESS, JR., Member, Lawton
JOSEPH E. "JOE" CAPPY, Member, Tulsa
JIMMY HARREL, Member, Leedey
CHERYL P. HUNTER, Member, Edmond
JOHN MASSEY, Member, Durant
DR. HANS BRISCH, Chancellor, Oklahoma City

Board of Regents for Oklahoma State University

University Administration
Selected administrators directly responsible for academic and service programs for students.
JAMES E. HALLIGAN, Ph.D., Chief Executive Officer, Oklahoma State University System, and President of OSU
MARVIN S. KEENER, Ph.D., Executive Vice President
JERRY D. CARROLL, Ed.D., Provost and President of OSU-Oklahoma City
ROBERT E. KLARENES, Ph.D., Provost and President of OSU-Okmulgee
GARY L. TRENNEPOHL, Ph.D., President of OSU-Tulsa
HARRY W. BIRDWELL, J.D., Vice President for Business and External Relations
JOSEPH W. ALEXANDER, D.V.M., M.S., Interim Vice President for Research and Dean of the College of Veterinary Medicine
LEE E. BIRD, Ph.D., Vice President for Student Affairs
THOMAS C. COLLINS, Ph.D., President, Education and Research Foundation
RON G. AREA, Ed.D., President, OSU Foundation
SAMUEL E. CURL, Ph.D., Dean of the College of Agricultural Sciences and Natural Resources; Director of the Agricultural Experiment Station; and Director of the Cooperative Extension Service
JOHN M. DOBSON, Ph.D., Dean of the College of Arts and Sciences
JAMES R. LUMPKIN, Ph.D., Dean of the College of Business Administration
ANN C. CANDLER LÖTVEN, Ed.D., Dean of the College of Education and Director of Teacher Education
KARL N. REID, Sc.D., P.E., Dean of the College of Engineering, Architecture and Technology
TIMOTHY J. PETTIBONE, Ph.D., Dean of the Graduate College
PATRICIA K. KNAUB, Ph.D., Dean of the College of Human Environmental Sciences
THOMAS WESLEY ALLEN, D.O., Dean of the College of Osteopathic Medicine and Vice President for Health Affairs (Tulsa)
MICHAEL D. LORENZ, D.V.M., Interim Dean of the College of Veterinary Medicine
JAMES G. HROMAS, Ph.D., Dean of University Extension, Economic and International Development
EDWARD R. JOHNSON, Ph.D., Dean of Libraries
GORDON L. REESE, B.S., Director of Admissions
ROBERT E. DIXON, JR., M.Ed., Bursar
LARRY F. KRUSE, Ed.D., Director of High School and College Relations
ROBERT L. SPURRER, JR., Ph.D., Director of Honors College
ROBERT E. GAAALMAN, Ph.D., Director of Scholar Development and Recognition
CHARLES W. BRUCE, Ph.D., Director of Scholarships and Financial Aid
C. WESLEY HOLLEY, Ph.D., University Registrar

Proportionate dates for fee refunds, dropping, and withdrawing apply to block and short courses.
The University

Oklahoma State University was founded on December 25, 1890, as Oklahoma Agricultural and Mechanical College, just twenty months after the Land Run of 1889. When the first students assembled for class on December 14, 1891, no buildings, books or curriculum existed.

In 1894, two and one-half years after classes began in local churches, 144 students moved into the first academic building, later known as Old Central, on the southeast corner of campus. In 1896, Oklahoma A&M held its first commencement with six male graduates.

On July 1, 1957, Oklahoma A&M College became Oklahoma State University. Technical branches were established in Okmulgee in 1946 and in Oklahoma City in 1961. (In 1990 their names were changed to OSU-Okmulgee and OSU-Oklahoma City.) In July of 1988, the Oklahoma College of Osteopathic Medicine and Surgery became the College of Osteopathic Medicine of OSU.

OSU is located in Stillwater, a north-central Oklahoma community with a population of more than 38,000. Stillwater is approximately 60 miles from the Tulsa and Oklahoma City metropolitan areas and is readily accessible from other major population centers by interstate highway and air.

This coeducational University has an enrollment of approximately 26,000 students on four campuses. It offers bachelor’s, master’s and doctor’s degrees in a large number of fields, as well as the professional Doctor of Osteopathic Medicine and Doctor of Veterinary Medicine degrees. Specialist in Education degrees are also offered in selected fields.

Although OSU is a large, comprehensive university, its size does not minimize the personal attention given to each student. The individual is more than just a number at this university. OSU encourages all students, when they first enroll, to identify the college in which they wish to major. Once the student has identified his or her major department, he or she becomes a very important individual to the faculty and advisers of that department. Because the average number of students majoring in any one department is less than 150, the student can count on personal attention in a friendly environment.

The size of the University has many distinct advantages. It has 2 million volumes in the library, modern research laboratories and equipment, excellent physical education, recreation and student union facilities, nationally-recognized residence halls programs, outstanding cultural events, and 36 nationally-affiliated fraternities and sororities, that provide a stimulating educational and social environment.

The Mission

Oklahoma State University, a modern comprehensive land grant university, serves the state, national and international communities by providing its students with exceptional academic experiences and by conducting scholarly research and other creative activities that advance fundamental knowledge. New knowledge is disseminated to the people of Oklahoma and throughout the world.

Athletics Program Mission

Oklahoma State University is committed to providing regionally and nationally competitive athletics programs as an integral part of the overall educational mission of the University. Sponsored programs shall be in compliance with the highest recognized standards of the institution and the athletic governing bodies. Intercolligate athletics will operate in harmony with the University’s stated mission and be committed to the intellectual, cultural, physical and social development of the student-athletes as individuals. Opportunities for student-athletes shall be provided without discrimination.

Student Profile

OSU has a diverse student body. Students come not only from Oklahoma, but from across the nation and world. Of OSU’s 27,907 students, approximately 21,112 are on the Stillwater campus, (including 1388 students at OSU-Tulsa), 2,369 at Okmulgee and 3,900 at Oklahoma City, and 526 students at the College of Osteopathic Medicine in Tulsa. Eighty-two percent of the undergraduate enrollment is from Oklahoma; 14 percent from other states; and four percent from more than 115 foreign countries. Of the undergraduate population, 53 percent are men and 47 percent are women. Minorities make up 19 percent of the undergraduate student body. The graduation rate of full-time, degree-seeking undergraduate students is 50 percent.

The graduate student enrollment totals 4,183. Of these students, approximately 310 enroll through OSU-Tulsa. Fifty-nine percent are from Oklahoma; 19 percent from other states; and 22 percent from foreign countries. Of the graduate population, 56 percent are men and 44 percent are women. Minorities make up 27 percent of the graduate student body.

An annual report regarding gender equity in OSU’s athletic programs is available upon request from the Athletic Department.

Facilities

The OSU campus is one of exceptional beauty, with modified Georgian style architecture in many of the buildings. The main campus encompasses 840 acres and more than 200 permanent buildings. These facilities include the Edmon Low Library, ranked first in the state of Oklahoma and one of the largest libraries in the entire Southwest. Other facilities include a large Student Union complete with hotel facilities, the Colvin Recreational Center, the Noble Research Center, the Bartlett Center for the Studio Arts and the Seretean Center for the Performing Arts.

In 1995, Willard Hall was completely renovated and rededicated as the new home for the College of Education. Willard Hall was a 1939 vintage women’s dormitory that now reflects the past and creates a vision for the future.

In 1996, the University dedicated the Oklahoma Food and Agricultural Products Research and Technology Center. This vital facility undergirds the essential mission of the College of Agricultural Sciences and Natural Resources by allowing faculty and students the opportunity to investigate the ways and means of adding value to Oklahoma’s raw foodstuffs.

In Fall 1997, the University opened its $31 million Advanced Technology Research Center within the College of Engineering, Architecture and Technology. This multidisciplinary building will further enhance the University’s role of being a
front runnner in basic engineering and related research in a variety of fields that are relevant to Oklahoma, the United States and the world.

In Fall 1998, the University welcomed the complete renovation of the Classroom Building. This building is the principal undergraduate classroom facility for the University. The Classroom Building remodeling effort gives students an updated facility with state-of-the-art teaching systems.

In Spring 1999, groundbreaking occurred for the remodeling of the existing Gallagher-Iba Arena. The expanded arena will seat up to 13,000 people for athletic, academic and entertainment activities.

In Fall 1999, construction was completed to add space within the Student Union to incorporate a new area for the Center for Services to Students. This effort houses the offices of Admissions, Bursar, Financial Aid, High School and College Relations, Registrar and University Academic Services in one convenient location for a combined effort in better assistance to students.

In Fall 2000, construction was completed on the new housing for our students with the completion of the first of three phases of apartments and suites style accommodations. Fall 2001 will usher in Phase II to include family housing, apartments and suites.

OSU is emerging as a leader in network computing resources. The University has applied the student technology fee in concert with other University resources to create a second-to-none networking system on campus that includes new computer laboratories, high speed inter-laboratory connectivity, and a virtually seamless interface to the exploding Internet community. It is OSU’s belief that the ‘virtual laboratory’ made possible by the nearly boundless domain of the Internet will be the research vehicle for the future researcher.

The Lake Carl Blackwell area, located eight miles west of Stillwater, is also owned by OSU. The area includes approximately 21,655 acres, including the 3,000-acre Lake Carl Blackwell that provides the water supply for OSU. It is also used for research activities, in addition to being a popular regional recreational area.

Additional properties include 1,900 acres in farm land and facilities in Payne County, as well as 2,900 acres and various structures devoted to research stations around the state.

**General Education**

Oklahoma State University is committed to producing graduates who have a depth of knowledge in their major fields of study and a breadth of general knowledge to address issues in a complex society. OSU graduates have a mastery of a specific subject matter and solid, diversified general education. With a commitment to breadth in general education, the following philosophy was adopted in 2001:

General Education at Oklahoma State University provides students general knowledge, skills and attitudes conducive to lifelong learning in a complex society. The breadth of general education requirements stimulates intellectual curiosity, original thought and expression, the capacity for critical analysis and problem solving, and the ability to make conscious value judgements consistent with personal needs and the public interest. General education assists graduates to function in and appreciate the human and natural environment.

**Accreditation**

Oklahoma State University is accredited by the Higher Learning Commission NCA (A Commission of the North Central Association (NCA) of Colleges and Schools, and programs within the colleges are also accredited. The NCA may be reached at 30 N. LaSalle Street, Suite 2400, Chicago, IL 60601, phone (800) 621-7440. The internet address is www.hcachigherlearningcommission.org.)

In the College of Agricultural Sciences and Natural Resources, the forestry program is accredited by the Society of American Foresters. The landscape architecture program (Bachelor of Landscape Architecture) is accredited by the American Society of Landscape Architects. The landscape contracting program is certified by the Association of Landscape Contractors of America. In addition, the College’s teacher education program in agricultural education is accredited by the Oklahoma State Department of Education, and the Oklahoma State Department of Vocational-Technical Education.

In the College of Arts and Sciences, the medical technology program is accredited by the National Accrediting Association of Clinical Laboratory Science; the chemistry program is accredited by the American Chemical Society; the School of Journalism and Broadcasting as well as the programs in advertising, broadcast journalism, news editorial, and public relations are accredited by the Accrediting Council on Education in Journalism and Mass Communications; the music department is accredited by the National Association of Schools of Music, and the theater department by the National Association of Schools of Theater. The program in clinical psychology is accredited by the American Psychological Association; the program in communication sciences and disorders is accredited by the American Speech-Language-Hearing Association.

All programs in the College of Business Administration are fully accredited by the American Assembly of Collegiate Schools of Business, (AACSB) the International Association for Management Education. The School of Accounting enjoys separate accreditation by this body.

In the College of Education, the aviation programs are accredited by the Federal Aviation Administration. OSU was the first university in Oklahoma with a program that received this designation. The counseling psychology program and the school psychology program are both accredited by the American Psychological Association. The leisure studies program is accredited by the National Recreation and Park Association and the American Association for Leisure and Recreation, with accredited options in leisure service management and therapeutic recreation. All professional education programs are accredited by the National Council for Accreditation of Teacher Education, the Oklahoma State Board of Education and the North Central Association of Colleges and Schools. Technical and industrial education is accredited by the Oklahoma State Department of Vocational-Technical Education.

In the College of Engineering, Architecture and Technology, bachelor’s degree programs are accredited by nationally recognized accreditation organizations. Programs in aerospace engineering, architectural engineering, biosystems engineering, chemical engineering, civil engineering, electrical engineering, industrial engineering and management, and mechanical engineering are accredited by the Engineering Accreditation Commission (EAC) of the Accreditation Board for Engineering and Technology, Inc. (ABET), 111 Market Place, Suite 1050, Baltimore, MD 21202, phone (410) 347-7700, email accreditation@abet.org. Programs in construction management technology, electrical engineering, fire protection and safety technology, and mechanical engineering technology are accredited by the Technology Accreditation Commission (TAC) of the Accreditation Board for Engineering and Technology, Inc. (ABET) (address above). The program in architecture is accredited by the National
Programs culminating in a B.S. in the College of Human Environmental Sciences are accredited by specialized agencies. The Foundation for Interior Design Education Research (FIDER) has accredited the undergraduate interior design program. The pre-production and the production management apparel curricula has received approval from the American Apparel Manufacturer’s Association (AAMA), one of 12 in the United States. The Child Development Laboratory is licensed by the state of Oklahoma Department of Human Services (DHS) and has received a Two Star Differential Quality Certification from DHS. The Child Development Lab is also accredited by the accrediting branch of the National Association for the Education of Young Children (NAEYC). Program approval has been granted to the early childhood education program by the Oklahoma State Board of Education. The American Association for Marriage and Family Therapists (AAMFT) has accredited the master’s program in marriage and family therapy. The Commission on Accreditation/Approval for Dietetics Education (CADE) of the American Dietetic Association has approved the Didactic Program in Dietetics (DPD) and accredited the post-baccalaureate Dietetic Internship Program (DI). The School of Hotel and Restaurant Administration is accredited by the Accreditation Commission for Programs in Hospitality Administration (AChPA).

The College of Veterinary Medicine is fully accredited by the American Veterinary Medical Association. The Oklahoma Animal Disease Diagnostic Laboratory is accredited by the American Association of Veterinary Laboratory Diagnosticians, and the Boren Veterinary Medical Teaching Hospital is accredited by the American Animal Hospital Association.

Programs at OSU's branch campuses have also received accreditation from national agencies.

The OSU College of Osteopathic Medicine is accredited by the Bureau of Professional Education of the American Osteopathic Association.

OSU-Oklahoma City is accredited by the Commission on Institutions of Higher Education of the North Central Association of Colleges and Schools. In addition, other programs are accredited or certified by the following institutions: Oklahoma Drug and Alcohol Professional Counselors Association, National Association for the Education of Young Children, Rehabilitative Services for Deaf and Hearing Impaired, State Health Department for Emergency Medical Technicians, Council on Law Enforcement Education and Training, National League for Nursing Accreditation Commission, Oklahoma Board of Nursing, American Veterinary Medical Association.

OSU-Okmulgee is accredited by the Commission on Institutions of Higher Education of the North Central Association of Colleges and Schools. In addition, programs in automotive service technology and automotive body technology are nationally certified by the National Automotive Technicians Education Foundation, Inc. (NATEF). The dietician technology program is accredited by the American Dietetic Association.

Programs at OSU-Tulsa are fully accredited by the North Central Association of Colleges and Schools (NCA) and other specific accrediting agencies as a branch campus of OSU.

Refer to the appropriate college sections in the Catalog for further information on accreditation of specific programs.

Affirmative Action Program
Carolyn Hernandez, Director

It is the policy of OSU to be a complete equal opportunity University in all phases of operations, toward the end of attaining the University’s basic mission and goals. OSU is committed to providing equal employment and educational opportunity on the basis of merit and without regard to race, ethnicity, color, age, religion, sex, national origin, disability, status as a veteran of the Vietnam Era, or veteran with a disability. All students are provided equal educational opportunity in all phases of the academic program and in all phases of the student life programs.

In support of these principles, OSU also has a policy prohibiting sexual harassment of students, staff, and faculty. The University subscribes to the principle of the dignity of all persons and their labors. In support of this principle, sexual harassment is condemned in the recruitment, appointment and advancement of employees and in the evaluation of students’ academic performance. OSU is committed to promoting equal opportunity in employment and education for all persons within its constituency in an environment free from sexual harassment.

Respect of each member of the campus community is vital to the individual and the community as a whole. OSU’s Affirmative Action Program reflects the University’s commitment to equal opportunity and complies with the legal requirements of federal and state civil rights laws.

To adequately meet the needs of protected groups, such as the qualified disabled, self-identification of employees is encouraged so those eligible can be afforded every opportunity to take advantage of the services offered. All information is protected by privacy laws and used only for affirmative action purposes.

Americans with Disabilities Act (ADA) Compliance Program
Ken Chance, Director

Considerable progress has been made to enhance ADA access to OSU programs, services, facilities and grounds. Students with disabilities are encouraged to help with such efforts through the ADA Advisory Council for Individuals with Disabilities. In addition, students may exercise certain ADA appeal “rights” if dissatisfied with student services or accommodations. OSU is committed to improving the full and non-discriminatory participation in all aspects of campus life for individuals with disabilities. For more information, contact the Office of ADA Compliance, 316 Student Union.
the immediate past semester (except the summer session) must file an updated Application for Admission. A student who has enrolled in another college or university since last attending OSU, must submit a transcript from each school. Admission status will be determined after an evaluation of all previous work has been made.

**Residential Life**

All freshmen are required to live on campus their first year. For exceptions, see the "Residential Life" section of the Catalog. The University offers a variety of living and food service arrangements to satisfy most students. A Residence Hall Application is included in the Application Packet and should be submitted early in the senior year of high school to ensure a first-choice assignment. Opportunities also abound for transfer students who desire to experience life on campus.

**Freshman Admission**

For purposes of admission, a freshmen student is one who has earned no more than six hours of college level credit after graduation from high school. (This excludes credits earned concurrently with high school enrollment, and credit earned by examination).

**Admission Requirements (Residents and Nonresidents)**

To be admitted in good standing a student must graduate from an accredited high school or have earned a General Education Diploma (GED) and meet both the performance and curricular requirements listed below. (Accredited high schools are those fully accredited by one of the six regional associations of schools and colleges or by the individual state department of education.)

**Performance Requirements.** To be admitted in good standing for the 2001-2002 academic year, students must satisfy at least one of the following performance requirements:

1. achieve a four-year high school grade-point average of 3.00 or higher on a 4.00 grading scale, and rank scholastically among the top one-third of their graduating class; or
2. achieve a grade-point average of 3.00 or higher on a 4.00 grading scale in the required 15 core high school courses listed below; or
3. attain an ACT composite score of 22 or higher or a total SAT composite score of 1200 or higher.

**Curricular Requirements.** All students beginning college work after July 1, 1997 must have completed the following curricular requirements for admission:

<table>
<thead>
<tr>
<th>Subjects</th>
<th>Years</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>4</td>
</tr>
<tr>
<td>(grammar, composition and literature)</td>
<td></td>
</tr>
<tr>
<td>Mathematics</td>
<td>3</td>
</tr>
<tr>
<td>(algebra I and above)</td>
<td></td>
</tr>
<tr>
<td>History</td>
<td>2</td>
</tr>
<tr>
<td>(American history required)</td>
<td></td>
</tr>
<tr>
<td>Laboratory science</td>
<td>2</td>
</tr>
<tr>
<td>Citizenship</td>
<td>1</td>
</tr>
<tr>
<td>(economics, geography, government, or non-Western culture)</td>
<td></td>
</tr>
<tr>
<td>Other</td>
<td>3</td>
</tr>
<tr>
<td>(from any of the above, or foreign language, or computer science)</td>
<td></td>
</tr>
</tbody>
</table>

In addition to the above requirements, it is recommended that students also complete the following additional courses:

- Fine arts (music, art, or drama); Speech additional 2
- Lab science additional 1
- Mathematics additional 1

In addition to the above, students who have earned any hours of college-level credit must also meet university retention standards to be admitted in good standing (see "Retention Standards" in "Transfer Admission").

**English Proficiency Requirement.** All new applicants for undergraduate study for whom English is a second language are required to present a minimum paper-based score of 500 or a minimum computer-based score of 173 on the Test of English as a Foreign Language (TOEFL).

**Special Freshman Admission Programs**

**Alternative Admission.** Students whose high school achievement is below the standards specified in the performance requirements and/or who are deficient in no more than one curricular requirement, may be eligible for admission under the Alternative Admission Program. Space is limited and only those applicants showing the best promise of academic success, consistent with OSU’s enrollment goals and objectives, will be admitted. Priority will be given to those who apply by January 15, 2001.

**Adult Admission.** Adults 21 years of age or older or individuals on active military duty may be admitted, after careful consideration is given in determining the probability of academic success of the student. It is the opinion of Oklahoma State University that factors such as
maturity of the individual, job skills and life experiences, motivation, ability to benefit, and access to educational programs should be considered in addition to past academic achievement in determining probability of academic success.

Opportunity Admission Program. Students who have not graduated from high school but whose composite score on the ACT, or combined verbal and mathematics scores on the SAT places them at the 99th percentile, may apply for full admission. Admissibility will depend on test scores, evaluation of maturity level, and whether the experience will be in the best interest of the student, both intellectually and socially.

Home Study or Unaccredited High Schools. An individual who is a graduate of a private, parochial, or other nonpublic high school which is not accredited by a recognized accrediting agency is eligible for admission to the University if:
1. The student has graduated from high school or a home study program, and
2. The student has attained an ACT composite score of 22 or higher, or a total SAT composite score of 1020 or higher, and
3. The student has satisfied the high school curricular requirements as certified by the school official or, if home study, the parent.

Correspondence Study Enrollment. Admission to the University is not required for enrollment in correspondence work. However, academic credit for correspondence work will not be applicable toward a degree until the student has been formally admitted to the University and has secured the approval of the appropriate academic officer for such credit.

Non-degree Option. Students who wish to enroll in courses without intending to pursue a degree may be permitted to enroll in up to nine credit hours without satisfying admission requirements. If a student wishes to enroll in additional course work (over the nine hours allowed) he or she will be required to satisfy admission requirements.

Concurrent Enrollment as a High School Student. A senior student enrolled in an accredited Oklahoma high school may, if he or she meets the requirements below, be admitted provisionally as a special student.
1. a. attain an ACT composite score of 22 or higher or a total SAT score of 1020 or higher, or
b. achieve a current cumulative high school grade-point average of 3.00 or higher on a 4.00 scale and rank scholastically among the top one-third of his or her graduating class.
2. c. be eligible to complete requirements for graduation from high school (including curricular requirements for college admission) no later than the spring of the senior year, as attested by the high school principal. Students must also provide a letter of recommendation from their counselors and written permission from their parents or legal guardian.
3. 2. An eleventh grade student enrolled in an accredited Oklahoma high school may be admitted provisionally as a special student, if he or she meets requirement 1.c. above, and the additional requirements listed below.
   a. attain an ACT composite score of 25 or higher or a total SAT score of 1130 or higher; or
   b. achieve a current cumulative high school grade-point average of 3.50 or higher on a 4.00 scale.
4. 3. A student receiving high-school-level instruction at home or from an unaccredited high school may be admitted provisionally as a special student if he or she meets requirement 1.c. above and the requirements below:
   a. 17 years of age or older and achieve an ACT composite score of 22 or higher or a total SAT score of 1020 or higher; or
   b. be 16 years of age and have achieved a composite score of 25 or higher on the ACT or a total SAT score of 1130 or higher.

A high school student admitted as a concurrent student may enroll in a combined number of high school and college courses per semester not to exceed a full-time college work load of 19 semester credit hours. For purposes of calculating work load, one high school credit course is equivalent to three semester credit hours of college work. For calculation of workload for students in "blocked" courses, contact the Office of Admissions.

A student who is otherwise eligible under this policy may enroll in a maximum of nine semester credit hours during a summer session, without the necessity of being concurrently enrolled in high school classes during the summer term. The completion of the high school curricular requirements shall not be required of concurrently enrolled high school students for purposes of admission. However, students may only enroll in curricular areas where they have met the assessment requirements for college placement. Concurrently admitted high school students will not be allowed to enroll in any zero-level courses designed to remove high school deficiencies.

Transfer Admission
OSU requires a non-refundable application fee of $25 for all applicants. The fee must accompany a student's Application for Admission.

For the purpose of determining admission, a transfer student is one who has earned a minimum of seven or more semester hours of college-level credit after graduation from high school. (Students with fewer than seven semester hours of college-level credit are classified as freshmen, and should refer to the "Freshman Admission" section.)

Oklahoma Residents
Students may transfer to Oklahoma State University from within the state system according to the following criteria:
1. Students who have earned between seven and 23 hours of college-level credit must satisfy both freshman admission requirements (see "Freshman Admission" section) and the retention standards listed below.
2. Students who have earned 24 or more hours of college-level credit must meet high school curricular requirements (see "Freshman Admission Requirements") and the retention standards listed below.

Retention Standards. The standards pertaining to the retention of students pursuing study in undergraduate programs at OSU are:

0 through 30 semester hours 1.70
31 or more semester hours 2.00

College of Education. The College of Education requires a minimum 2.50 GPA for admission to Professional Education,
1. Transfer students seeking admission to OSU from colleges or universities not accredited by a regional association may be given full recognition for their credits earned when the credit is appropriate to the students’ degree programs and after OSU has validated the courses through examination. To be admissible, applicants must meet the conditions above.

**College of Education (Nonresidents of Oklahoma).** The College of Education requires a minimum 2.00 GPA for admission to Professional Education, student teaching and graduation. This requirement is consistent with state standards for students who complete professional education programs and seek licensure in the state of Oklahoma. The criteria for nonresident students wishing to transfer into the College of Education must meet, or exceed, the following standards:

<table>
<thead>
<tr>
<th>Total Hours Attempted</th>
<th>Minimum GPA Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>fewer than 31 hours</td>
<td>1.75</td>
</tr>
<tr>
<td>31 through 45 hours</td>
<td>2.00</td>
</tr>
<tr>
<td>over 45 hours</td>
<td>2.50</td>
</tr>
</tbody>
</table>

For additional information, see “Admission Requirements” in the “College of Education” section.

**Nonresidents of Oklahoma**

Students may transfer to Oklahoma State University from outside the state according to the following criteria:

1. Transfer students seeking admission to OSU from colleges or universities accredited by the North Central Association or other regional associations will be given full recognition of their credits earned providing:
   
   (a) They are in good academic standing at the institution from which they are transferring, and
   
   (b) They have a cumulative grade-point average of 2.00 or higher (on a 4.00 scale) for all college-level work attempted.
   
   (c) They meet the curricular requirements listed in the “Freshman Admission” section, or have remediated any curricular deficiency.

2. Transfer students who have earned between seven and 23 hours of college-level credit must satisfy both freshman admission requirements (see “Freshman Admission” section) and the requirements listed in 1. above.

3. Transfer students seeking admission to OSU from colleges or universities not accredited by a regional association may be given full recognition for their credits earned when the credit is appropriate to the students’ degree programs and after OSU has validated the courses through examination. To be admissible, applicants must meet the conditions above.

**International Admission**

International students are required to meet academic performance standards which are equivalent to those established for all nonresident applicants.

**Application Procedure.** For purposes of admission, an international student is defined as “a student who is, or will be, in the United States on a non-immigrant student visa.” This specifically refers to the Student (F) and Exchange Visitor (J) visas. All international students are considered nonresident students. The University will process the International Student Application and Financial Guarantee form for undergraduate admission (freshman and transfer) only after all the following items have been submitted:

1. Application for Admission and a fee of U.S. $25.00 made payable to OSU.

2. One official or certified true copy of each academic record with a certified English translation. Students enrolled at U.S. institutions may have certified true copies of their foreign records sent by their current institution. Academic records may comprise one or more of the following:
   
   a. Secondary school records (yearly mark sheets or transcripts).
   
   b. Records from each college or university attended (yearly mark sheets or transcripts).
   
   c. National examination results.

3. An official Test of English as a Foreign Language (TOEFL) with a minimum score of 500 on the paper-based examination or a 173 on the computer-based examination taken within the last two years.

4. Documented evidence of financial support.

**Freshman Admission (International Students).** For the purpose of determining admission, a freshman student is one who has earned fewer than seven semester hours of college-level credit. Students completing their secondary level education outside of the U.S. are required to meet equivalent U.S. high school performance standards. Students who have not earned any college-level credit should refer to the “Freshman Admission” section for nonresidents of Oklahoma. Students who have earned one to six semester hours of college-level credit should refer to both the “Freshman Admission” and the “Transfer Admission” sections for nonresidents of Oklahoma.

**Transfer Admission (International Students).** For the purpose of determining admission, a transfer student is one who has earned seven or more semester hours of college-level credit. Students
who have earned fewer than 24 semester hours of college-level credit should refer to both the “Freshman Admission” and “Transfer Admission” sections for nonresidents of Oklahoma. Students who have earned 24 or more semester hours of college-level credit should refer to the “Transfer Admission” section for nonresidents of Oklahoma.

In evaluating college-level credit for course work completed outside of the U.S., OSU requires that the institution where the credit was earned and the program of study be recognized as tertiary level through the standards set by the country where the institution is located. OSU evaluates semester credit hours and grades earned based on U.S. equivalency standards.

Readmission (International Students). An international student who has attended OSU but did not attend OSU the immediate past semester must file an updated Application for Admission and an updated Financial Guarantee. A student who has attended another college or university since last attending OSU must submit a transcript of all work attempted after leaving OSU. If the student’s grade-point average meets minimum University and department standards, and his or her disciplinary record is satisfactory, he or she will be readmitted to OSU.

College of Education (International Students). The College of Education requires a minimum 2.50 GPA for admission to Professional Education, student teaching and graduation. This requirement is consistent with state standards for students who complete professional education programs and seek licensure in the state of Oklahoma. The criteria for international students wishing to transfer into the College of Education must meet, or exceed, the following standards:

<table>
<thead>
<tr>
<th>Total Hours</th>
<th>Minimum GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Attempted</td>
<td>Required</td>
</tr>
<tr>
<td>up to 45 hours</td>
<td>2.00</td>
</tr>
<tr>
<td>over 45 hours</td>
<td>2.50</td>
</tr>
</tbody>
</table>

For additional information, see “Admission Requirements” in the “College of Education” section.

Engineering Program Admission (International Students). Engineering is a competitive program; therefore, enrollment preference is given to Oklahoma residents. In addition to the above requirements, an international student applying for admission to pre-engineering must meet requirements determined by the College of Engineering. These requirements may exceed those required for residents of Oklahoma. (See “Admission Requirements” in the “College of Engineering, Architecture and Technology” section.)

Immigration Issues. The Immigration and Naturalization Service (INS) requires that international students file a statement with the University showing adequate financial support for their education. OSU has its own financial guarantee form that international students need to complete as a requirement to receive the I-20 or IAP-66. Oklahoma State University has almost no financial assistance for international students.

Students should not plan to finance their education with employment. Students who are maintaining their immigration status, and making appropriate progress toward their degrees are eligible to apply for on-campus University employment for 20 hours per week. However, students should take into consideration that campus employment opportunities are limited. Students holding F-1 or J-1 visas are almost never permitted by INS to work outside of the University campus, and can be deported from the United States if they are found to be in violation of this regulation.

Students must notify INS when transferring from one U.S. institution to another. Students with F-1 status transferring from another U.S. institution must have his or her I-20 processed for transfer by the Office of International Students and Scholars at OSU within 15 days of the first enrollment. The student with J-1 status should contact the foreign student adviser at his or her current institution and the Office of International Student Services at OSU.

It is the student’s responsibility to obtain the correct visa and to maintain his or her status while in the United States. Conditions that apply to F-1 or J-1 status are summarized on the I-20 and IAP-66, and are explained in detail during the mandatory international student orientation program. If a student is out of status, or has questions regarding INS regulations and OSU procedures, he or she should contact the Office of International Students and Scholars at OSU.

It is the responsibility of each international student to understand and abide by the INS regulations affecting his or her stay in the U.S.

Physical Examination. All new students are required to complete a physical examination. OSU Board of Regents policy allows two options to satisfy this requirement: the student may complete a Health Risk Assessment (HRA) furnished by OSU during the first semester; or the student may go to a physician of choice at his or her expense, have a physical exam, and submit the physical exam report to the Seretean Wellness Center.

New students will automatically be billed $20.00 for the HRA during the first semester of enrollment. Students exercising the second option will have the fee waived upon receipt of their physical exam forms at the Seretean Wellness Center by the eighth week of the semester.

Immunizations. A record of immunizations must be submitted by each new student by the sixth week of the semester. This requirement includes proof or documentation of vaccination for measles—two doses of measles vaccine, mumps, polio, rubella, and tetanus—diphtheria.

Students will receive the Medical History and Immunization Record at enrollment, or students may contact University Health Services.

Tuberculosis Testing. All new students at OSU are required to comply with a tuberculosis (TB) testing policy. This policy affects all students based on residency and health status. All students who meet the criteria below must provide evidence of having been tested for tuberculosis within the six months prior to coming to OSU or during the first semester of attendance:

Beginning the Enrollment Process

Enrollment Information. After admission is granted, all students will receive detailed enrollment information. The fall semester enrollment process for freshmen is completed during scheduled orientation sessions conducted on campus during the summer. Parents are welcome and are encouraged to partici-
a. currently holding a visa from the U.S. Immigration Service;
b. being a U.S. citizen presently or previously residing outside the U.S.;
c. having a health or medical condition that suppresses the immune system;
d. knowing of exposure to someone with active tuberculosis disease.

To comply with the testing requirement, the student must provide a medical record in English from a physician, clinic or hospital indicating having been tested for tuberculosis or provide documentation of a negative chest x-ray within the previous six months. These records must include the date of the test(s) and the results of the test(s). The student must:

a. have the following procedure for the skin test using 1.1 ml of Purified Protein Derivative, (Mantoux), solution intradermally to the inner forearm. Results must be read within 48-72 hours of administration and must include measurement of redness and induration in mm.

or

b. submit to a TB skin test at the OSU Student Health Center during the first semester at OSU.

or

c. provide a medical record indicating successful treatment for TB disease.

The student should be aware that the BCG vaccination does NOT exempt the student from the testing requirement.

Residence Classification for Purposes of Admission and Fees

(See also “Admission-Withdrawal” section of the “Academic Regulations.”)

The admission requirements to Oklahoma State University may vary for residents and for nonresidents of the state; therefore, prospective students should determine their resident status before examining the admission requirements. Although the following policy statement is not necessarily inclusive of all regulations governing the classifications of resident and nonresident students for the purpose of fee payment, it should, nevertheless, be of assistance to most students in determining their resident status. Administration of the state’s residence policy as it applies to Oklahoma State University students is designated to the Office of Admissions. Questions concerning interpretation of the policy should be directed to the admissions director for a ruling.

Regulations governing the residence status of students are the responsibility of the Oklahoma State Regents for Higher Education and apply to all colleges and universities of the Oklahoma State System of Higher Education.

Basic Principles Governing Residence.

1. Attendance at an educational institution is interpreted as temporary residence; therefore, a student neither gains nor loses residence status solely by such attendance.

2. A nonresident student attending an Oklahoma college or university on more than a half-time basis is presumed to be in the state primarily for educational purposes.

3. An individual is not deemed to have acquired status as a resident of Oklahoma until he or she has been in the state for at least a year primarily as a permanent resident and not merely as a student. Likewise, an individual classified as a resident of Oklahoma shall not be reclassified as a nonresident until 12 months after having left Oklahoma to live in another state.

4. All married persons shall be treated as equal under this policy. Therefore, each spouse in a family shall establish his or her own residence status on a separate basis. Exceptions include (a) when a nonresident marries an already-established resident of Oklahoma, the nonresident may be considered a resident after documentation of the marriage and proof of domicile are satisfied, and (b) as provided under the “Full-time Professional Practitioner or Worker” provision.

5. The burden of proof of residence status or domicile shall be upon the applicant. Students filing an appeal for reclassification of his or her residence status shall do so on forms provided or approved by the Oklahoma State Regents for Higher Education.

6. Initial classification as a nonresident student shall not prejudice the right of a person to be reclassified thereafter for subsequent semesters or terms of enrollment as an Oklahoma resident provided proof of residence can be established.

Definition of Residence Terms.

Residents of Oklahoma: Residents of Oklahoma are those who have lived continuously in the state for at least 12 consecutive months and whose domiciles are in Oklahoma. Students’ domiciles are their permanent homes—the places where they intend to remain and are expected to return. Students can have more than one residence, but only one domicile.

Independent Persons: Independent persons are those enjoying majority privileges (are legally emancipated from their parent(s) or guardian) and who are responsible for their own care, custody and support.

Dependent Persons: Dependent persons are those under the care, custody and support of their parent(s) or other legally sanctioned parental surrogates.

Full-time Students: Full-time students are those enrolled in a minimum of 12 credit hours per semester in an academic year, or a minimum of six credit hours during a summer session.

Residence Status Criteria.

Independent Student Criteria: Students who have achieved majority privileges (are 18 years of age or older), can provide adequate proof of independence from parental or legal guardian domicile, and have come to Oklahoma with the intention of establishing domicile, may be granted residence classification at the next enrollment period after the expiration of 12 consecutive months following the establishment of domicile in Oklahoma. Spouses must establish proof of residence on a separate basis.

In addition to the aforementioned criteria, independent students seeking reclassification as residents of Oklahoma must meet the following criteria for the current and immediately preceding year:

1. The student must not have been claimed as an exemption for state and federal tax purposes by his or her nonresident parent(s).

2. The student must prove self-support as evidenced by having provided the majority of funds for his or her own upkeep.

3. The student must have maintained a continuous residence in Oklahoma for at least 12 months.

Dependent Student Criteria: For the purpose of establishing residence status, the legal residence of dependent students is that of their parent(s) or legally-appointed guardian. Dependent students may become independent through marriage, formal court action, abandonment by parents, or positive actions demonstrating separation from the parent’s domicile. Students who can provide adequate proof of complete emancipation, and have come to Oklahoma with the intention of establishing domicile may be granted residence classification at the next enrollment period after the expiration of 12 consecutive months following the establishment of domicile in Oklahoma.

International Student Criteria: An individual who is not a citizen of the United States may become eligible for
classification as an Oklahoma resident provided that he or she holds permanent resident status as defined by the Immigration and Naturalization Service, evidenced by the documents required under applicable federal law, who has resided in Oklahoma for at least 12 consecutive months and who meets the criteria for establishment of domicile.

Military Personnel: Students enrolled at Oklahoma State University while on full-time active duty in the Armed Forces are considered to be temporary residents in the state; therefore, they neither gain nor lose resident status. Members of the Armed Forces stationed in Oklahoma, their spouses, and dependent children may be admitted without payment of nonresident tuition so long as they continue to be stationed in the state in full-time military service and under military orders.

Full-time Professional Practitioner or Worker: An individual who provides evidence of having come to Oklahoma to practice a profession on a full-time basis, conduct a business full-time, or work on a full-time basis shall be declared an Oklahoma resident along with his or her spouse and dependent children so long as he or she continues in such full-time employment capacity.

Carol Dobson, Support Specialist

Student Enrollment

Enrollment is the process whereby students are counseled by academic advisers regarding course selection and placement, and the subsequent scheduling of those courses. A student must be admitted to the University prior to the enrollment process. (See “Entering the University.”) All new freshman and transfer students are required to submit an advance fee payment prior to participation in the enrollment process.

First-time Students (Freshmen and Transfer)

The fall enrollment and orientation period for new freshmen takes place during the summer months, while enrollment for new transfer students begins in the spring. New students receive information about these programs after being admitted to the University. Enrollment and orientation activities include career counseling, academic advising and course selection, and an introduction to campus facilities and services. During the program, students meet with academic advisers who are available to assist in the planning of academic programs and the exploration of interest areas. Parents are encouraged to participate in these programs.

ALPHA Program

ALPHA is the fall orientation program designed for all students new to Oklahoma State University. It is coordinated through the Office of Student Affairs. The program is a combined effort of the University and the local community to provide a sense of belonging and well-being for new students. ALPHA provides an opportunity for new students to begin the process of adjusting to the University environment prior to the arrival of upperclass students. The ALPHA experience encourages students to become aware of the services, resources, and people available to them and to begin to develop peer relationships. ALPHA begins on the Friday before classes start in August. Specific information is mailed during the summer months to all new students who have been admitted.

Continuing Students

Students currently enrolled at OSU may enroll for the subsequent semester during specified periods of the current semester. Priority for these enrollment periods addresses the needs of students in relation to graduation proximity, with priority based on number of hours earned. Prior to the specific enrollment periods, students and academic advisers consult regarding course selections. Advisers clear all students for enrollment on the computer. Advisers may sign a Trial Schedule form for students wishing to enroll in the Sectioning Room of the Student Union, or students wishing to self-enroll may do so on the Internet. An overdue account with the University will prevent completion of the enrollment process.

Priority Enrollment. Currently enrolled/continuing students register for summer and fall classes during the latter part of the preceding spring semester, and for spring classes during the latter part of the preceding fall semester. In order to facilitate access to courses required for timely degree completion, a student’s priority for enrollment generally follows academic class level with seniors having the highest priority. Some exceptions to this basic priority may be necessary to accommodate bona fide student needs, such as a special priority for physically disabled students. The Office of Academic Affairs determines enrollment priorities, and enrollment schedules and priorities are published in the Schedule of Classes each semester.

Late Enrollment

A student is permitted to enroll during the first week of a semester or through the third day of a summer session or on
the first day of a summer short course. A student enrolling late will pay a late enrollment fee. The late enrollment fee will not be charged on or prior to the first day of a summer short course.

Identification Cards

As part of the enrollment process, each new student is issued a photo identification card. This card, along with the current fee receipt, establishes the student's identity as an OSU student and authorizes access to certain University facilities. Lost or stolen identification cards will be replaced at a nominal fee with proper photo identification from the student.

Change of Schedule

Adding Courses. Approval of the student’s adviser is required for adding a course. The end of the first week of a regular semester or the third class day of a summer session is the last day a course may be added (nonrestrictive). A short course may be added no later than the first day of the short course. With instructor approval, a course may be added during the second week of classes of a regular semester or the fourth or fifth day of a summer session (restrictive).

Dropping Courses. Dropping refers to the dropping of one or more courses while remaining enrolled in at least one course for a given semester. Courses may not be dropped without the approval of the student’s academic adviser.

At any time prior to the end of the second week of a regular semester or the first week of a summer session, or during the proportionate period for block or short courses, a student may drop a course, and no record of the course will appear on the student’s academic record.

Beginning with the Fall 1998 semester, after the deadline for dropping with no record, but prior to the end of the 12th week of a regular semester or the sixth week of a summer session, or proportionate periods for block or short courses, a student may drop a course and the grade of “W” (dropped) will be recorded on the student’s academic record.

After the 12th week of a regular semester, or the sixth week of a summer session, or proportionate periods for block or short courses, a student may not drop a course and will be assigned only the grade of “A,” “B,” “C,” “D” or “F,” or, when appropriate “I,” “NP,” “P,” “S,” “U,” or “X” by the instructor at the end of the semester. (Exceptions to this policy may be allowed by petition due to extraordinary circumstances. The petition process is initiated in the student’s dean’s office.

A petition requires the signatures of the student’s instructor, adviser and dean with the grade of “W” or “F” assigned by the instructor.)

A student may not drop any course in which a formal charge of academic dishonesty is pending against the student. If the student is absolved of the formal charge, he or she may drop the course with either a “W” or “F,” (according to the drop grade policy), appearing on the academic record. If the student is found guilty, the instructor may take appropriate disciplinary action, including assigning the grade “F” for the assignment or the course.

Withdrawal from the University

Withdrawal refers to withdrawing from all courses for which a student is enrolled for a given semester. The withdrawal process is initiated in the student’s dean’s office. The student should appear in person, request an official withdrawal, and hand carry the form to the appropriate offices to complete the process. If the student is unable to appear in person, the request for withdrawal may be initiated through the mail or by phone to the student’s dean’s office. Beginning with the Fall 1998 semester, a student who withdraws prior to the end of the 12th week of a regular semester or the sixth week of a summer session, or proportionate periods for block or short courses, will receive a grade of “W” (withdrawn) on the student’s academic record. A student who withdraws after the 12th week of a regular semester or the sixth week of a summer session but prior to “Pre-finals Week,” will receive a grade of “W” (withdrawn) or “F” (failing) as assigned by the instructor of each course. The grade of “W” or “F” will be recorded on the student’s academic record and the grade of “F” will be calculated in the grade-point average.

After the beginning of “Pre-finals Week” a student may not withdraw from the University and will be assigned only the grade of “A,” “B,” “C,” “D,” or “F” or (when appropriate) “I,” “NP,” “P,” “S,” “U,” or “X” by the instructor of each course at the end of the semester or summer session.

Vehicle Registration and Parking Regulations

Any vehicle driven on the campus of the University by an OSU student should be currently registered with the Department of Public Safety. When a vehicle is registered, the student will be given an OSU vehicle registration decal at no cost. The decal is solely for the purpose of registration and does not afford the student on-campus parking privileges.

Each student is allowed one paid parking permit. The parking permit fee is charged to a student's OSU account. In order to obtain a parking permit, the following items should be presented to the OSU Police Department: a completed Vehicle Registration form, student I.D., and, if living in a residence hall, a Residence Hall contract.

Parking permits for motorcycles, motor-propelled bicycles and scooters may be purchased, and such permit holders will be provided special parking areas.

Bicycle registration may be obtained without charge, an advantage in the event the bicycle is stolen or lost. When bicycles are recovered by the OSU Police, they are checked against bicycle serial numbers maintained in the registration files for return to the rightful owners.

A copy of the OSU Parking Rules and Regulations is available from the Parking Office, 104 USDA Building, located at Farm Road and Orchard Street. (Internet address is www.osupd.okstate.edu.)

Veteran Services

Oklahoma State University maintains a full-time office of veteran services for the convenience of veterans and their dependents. OSU is an approved institution for students to receive education benefits by the Department of Veteran Affairs (DVA). Information and assistance is available for completion of appropriate forms necessary to apply for education benefits. The DVA has specific requirements regarding course work and attendance; contact the veterans representative for further information. The office is located in the Office of the Registrar, 322 Student Union.

Faculty and Staff Enrollment in University Courses

Employees may audit courses after securing an audit form and paying one-half the general fee. Any individual 65 years or older may audit a class at no charge.

Faculty. Permanent (tenure track), full-time (100%) members of the faculty may enroll for credit in one course per semester or a maximum of five hours during normally scheduled working hours and pay one-half the general and activity fees in effect at that time. Exceptions may be permitted only with approvals of the department head, dean and appropriate vice-president. If enrollment does not exceed one course, only the department head’s approval is needed to receive a
fee waiver. If the employee is enrolled in more than one course, the employee’s dean and vice-president must also give approval for a fee waiver. Some courses taught through extension and correspondence study are excluded. For more information, refer to the Policy and Procedures Letters.

Administrative/Professional and Classified Staff. Permanent, full-time (100%) active status staff members who meet the academic requirements of the University may enroll for credit and pay one-half the general and activity fees in effect at that time. Enrollment in University courses which meet during the staff member’s normal working hours will be limited to one course or a maximum of five hours. There is no limit on the number of courses a staff member may enroll in after normal working hours. If enrollment does not exceed one course, only the department head’s approval is needed to receive a fee waiver. If the staff member is enrolled in more than one course, his or her dean and vice-president must also give approval for a fee waiver. Some courses taught through extension and correspondence study are excluded. For more information, refer to the Policy and Procedures Letters.

Official Records

Grade Reports

Reports of the grades of all students are compiled and released shortly after the end of each semester by the Office of the Registrar. These reports are made available to the students, the students’ advisers and the students’ deans.

Official Transcripts

All official transcripts of students’ academic records at OSU are prepared and released by the Office of the Registrar. The official transcript includes the academic record, both undergraduate and graduate. It contains the signature of a University official and the official, imprinted seal of the University. Primary usage of the official transcript is for application for transfer to other academic institutions and for employment purposes.

Transcripts of academic records at the University may be ordered in person, by mail from the Office of the Registrar, or by signed fax, Transcripts Section, 322 Student Union, Oklahoma State University, Stillwater, Oklahoma 74078-1013. Official transcripts will not be available until approximately one week after final examinations. Requests should include the following:

- Student’s full name (include maiden or other name if applicable).
- Student I.D. number.
- Birthdate.
- The last semester the student attended.
- Whether the current semester grades and degree are to be included when a transcript is ordered near the end of a semester.
- Full names of the recipients of the transcripts, whether they are agencies, colleges, or individuals. Complete mailing addresses should also be included.
- Student’s signature. (This is the student’s authorization to release the records to the designee.)
- A student having delinquent financial obligations to the University will not be granted a transcript.
- Copies of transcripts from other institutions cannot be furnished.

Students’ Rights to Privacy

The Family Educational Rights and Privacy Act of 1974 (Buckley Amendment) was designed to protect the privacy of educational records, to establish the right of students to inspect and review their educational records in all offices, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings.

An OSU student has the right to:

1. Inspect and review information contained in his or her educational records.
2. Challenge the contents of the educational record.
3. Have a hearing if the outcome of a challenge is unsatisfactory.
4. Submit an explanatory statement for inclusion in the educational record, if the outcome of the hearing is unsatisfactory.
5. Secure a copy of the institutional policy, which includes the location of all educational records.
6. Prevent disclosure, with certain exceptions, of personally identifiable information from the educational record.

Withholding Disclosure of Information. Currently enrolled students may withhold disclosure of directory information. A student may file with the Office of the Registrar a written request not to release directory information. The University assumes that failure on the part of any student to specifically request the withholding of directory information indicates individual approval for disclosure.

Access to Records. No other information regarding students’ educational records may be disclosed to anyone without written consent of students, except to “school officials” who have a “legitimate educational interest” in the student.

Students, or parents of dependent students, may inspect and review their educational records. Some form of photo identification must be displayed before access to educational records will be allowed. Parents of a dependent student may challenge denial of access by producing the most current copy of Internal Revenue Form 1040.

Definitions. “Educational Record” refers to those records which are directly related to a student and are maintained by an educational institution.

“Directory Information” includes: student’s name; local and permanent addresses; electronic mail addresses assigned or provided by the institution or provided to the University by the student; telephone number; date and place of birth; major field of study; weight and height of students participating in officially recognized sports; dates of attendance at Oklahoma State University; degrees, honors, and awards granted or received; academic classification such as freshman, sophomore, junior, senior, etc.; sex; educational institutions previously attended; degree(s) held, date(s) granted, and institution(s) granting such degree(s); dissertation or thesis title; adviser or thesis adviser; participation in officially recognized organizations, activities, and sports.

“School official” is defined as an individual currently serving as a member of the Oklahoma State University Board of Regents or classified as faculty, administrative, or professional, and the staff such school officials supervise. “Legitimate educational interest” is defined as an interest which results from the duties officially assigned to a school official and which are related to such a school official’s responsibility for facilitating the student’s development.
Costs

Fees and Tuition

It is extremely important that students carefully consider the total financing of their education, from the entering term to the completion of the degree. If financial help will be needed beyond those funds which the student or the family is able to provide, the student should make the necessary applications for financial assistance well in advance of enrollment. Students should pay particular attention to early deadlines for application for grants, scholarships, work-study, and Perkins Loans. While the needs and resources of each student differ, the University can provide a general list of fees and expenses normally encountered.

Students are given information at the time they complete their enrollment on the procedures and deadlines for payment of tuition and fees. (See “Financial Obligations” elsewhere in the Catalog.)

The required fees and nonresident tuition for Oklahoma State University are listed below. General fees and nonresident tuition are based on level of course. All course offerings are listed by four-digit numbers with the first digit indicating level of course. Lower-division courses are all courses with the first digit 0 through 2. Upper-division courses are all courses with the first digit 3 or 4. Graduate-division courses are all courses with the first digit 5 or above.

The figures that follow are for the 2001-2002 academic year. These fees are subject to change without notice, as provided by University, Board of Regents, and OSRHE policies.

**Students enrolled in six or fewer hours pay $7.00, without use of medical services.

## Fees for Special Services

All students pay special fees each semester to contribute to the betterment and general welfare of the campus community. The activity fee provides partial support to such programs, services and organizations as the Student Government Association, collegiate student councils and related student organizations, Allied Arts, fine arts, athletics, intramural activities and sports clubs, minority student organizations, and the Student Activities Office. User’s fees, other fund-raising activities, and, in some cases, membership dues provide the remaining support to make these positive, constructive, and meaningful programs and services available to all students.

The assessment fee provides for skills assessment and evaluation of students’ capabilities at various stages of their academic careers, and to get feedback from students regarding their course work.

Students regularly enrolled in the University are assessed facility, health and activity fees that entitle them to use the Student Union, the Colvin Physical Education Center, and the Health Clinic, and that provide support for student governance, organizations and programs. Certain groups of students in special courses may be on campus for very short time intervals or may be required by the University to reside off-campus for the entire semester. Such students will not be charged health and activity fees when enrolled (1) only in a specialized course(s) offered for a special-interest group and not in any other course(s) in the University or (2) in a course(s) which requires that the student reside off the campus for the entire semester or summer session (medical technology, geology and forestry summer camps). Such courses typically are offered at unusual times and presented in a concentrated curriculum format. Other extenuating circumstances may be cause to consider denying use of and charge for these facilities or participation in activities sponsored by these fees.

The library resources fee defrays the cost of equipment, software, and other aspects related to operating the on-line computerized library service.

The technology fee provides for the maintenance of existing facilities, and the expansion and development of central and collegiate facilities, software, and multimedia capabilities. This fee is apportioned between a central (University) fee and a college fee; all courses are charged the central fee (per semester credit hour) and the college fee (per semester credit hour) based on the rate...
approved for the college that teaches the specific course.

Students enrolled in seven or more hours per semester will be assessed a health services fee that includes a fee for comprehensive health and pharmacy services. Health and pharmacy services are available to students enrolled in six or fewer hours if the student chooses to pay the full fee.

The records maintenance fee provides for the basic graduation cost, the maintenance of the academic record system, and issuance of official transcripts.

Special Class Charges
In certain courses, special services, supplies or equipment may be used. Costs for these are not normally covered by fees, tuition or departmental operating budgets, and, therefore, the cost is incurred by the student. Special charges are listed in each semester’s class schedule book.

Special Fees
Advanced standing examination fee
Locally developed (no charge)
Nationally developed national agency rate
Application fee for all undergraduate, osteopathic medicine, and graduate students $25.00
Audit without credit same as Oklahoma resident tuition
Automobile parking permit (per year):
Campus residents $44.00
Off-campus residents $54.00
Graduation fees:
Fourth-year osteopathic medicine $15.00
Master’s thesis binding fee each $40.00
Doctoral dissertation binding fee each $60.00
Dissertation microfilming fee each $50.00
Health risk assessment fee for first-time students $20.00
International student status maintenance fee:
per semester $25.00
per summer session $20.00
Late enrollment fee:
after classes begin $25.00
Remedial
Supplementary fee (per credit hour, in addition to the general fee) $24.00

Other Expenses
Books and supplies used by the student are available in the Student Union Bookstore at reasonable prices and may be charged to the student’s Bursar account. Additional incidental and personal expenses such as clothing and entertainment will depend upon the individual student.

Sponsored International Students. It is the long-established practice of Oklahoma State University to charge a special administrative/management/programming fee for sponsored international students who need extra assistance and/or whose sponsors have indicated a requirement for supplementary assistance. This assistance is beyond the scope of the regular University program established for domestic students. The customary fee is $275.00 per semester. It is the established practice and policy of the University to charge appropriate amounts for such items as special training, research costs, enrichment, necessary travel and transportation, and other costs as may be required to provide a comprehensive and appropriate program of education for sponsored international students. The Office of International Students and Scholars is designated to coordinate, expedite, and administer all aspects of procedures pertaining to such programs of education and training. Sponsors should direct all matters to the University’s Office of International Students and Scholars, 076 Student Union. Electronic mail may be sent to thuff@okway.okstate.edu. The fax number is (405) 744-8120.

Fee Policy for Faculty and Staff
The facility fee, the Daily O’Collegian fee and the student health center fee are waived for permanent, full-time faculty and staff. These employees are eligible to enroll for credit or audit courses and be charged fees at the rate of one-half the amount charged other students under the University fee waiver policy (one-half the general fee, for auditing only, and one-half the activity fee). To be eligible under this fee policy, an employee-student must submit a completed Request for Faculty-Staff Fee Waiver form to the Office of the Registrar prior to the beginning of classes. If the form is not on file prior to the beginning of classes, the student will not be granted the waiver in fees. Any individual 65 years or older may audit a class at no charge.

Fee Policy for Graduate Assistants
The University will waive the nonresident tuition for graduate assistants employed at least one-fourth time in instruction, research or extension. Such waiver will include the summer term immediately following employment as a graduate assistant for the spring semester, even though the student is not employed for that summer term.

Refunds
Refunds and deposits that may be due a student will be first applied to encumbrances owed to the University.

Drop Fee Policy
A student dropping a course prior to the end of the second week of a regular semester or the first week of a summer session will receive a 100 percent refund of fees. No refund of fees will be given for courses dropped after the second week of a regular semester or the first week of a summer session.

Withdrawal Fee Policy
A student withdrawing from the University during the first two weeks of a regular semester or during the first week of a summer session will receive a refund of fees. The percentage of fees to be refunded:
Prior to the third week of a semester or the second week of a summer session—100 percent
After the second week of a semester or the first week of a summer session—0 percent
A student withdrawing from a short session will receive a refund during the first one-eighth of the session. Title IV recipients follow federal refund guidelines.

Repayment Policy
Financial aid is considered to be used first for direct educational costs (tuition and fees) and, if the student is in University housing, for room and board. Therefore, if a student financial aid recipient withdraws and is eligible for a refund of tuition and fees and/or room and board, all or part of this refund will be used to reimburse the Title IV financial aid program(s) up to the amount of assistance that the student received from the program(s).

If a student receives cash from financial aid in excess of non-institutional
costs, part of this aid may be required to be repaid; the amount of the repayment depends upon how many weeks the student was enrolled and the amount of aid received.

When there are multiple disbursements of aid, the assumption is made that the first disbursement(s) is used to pay institutional charges. Therefore, if cash is disbursed, the cash is derived from the last disbursement(s) prior to the disbursement of cash.

A detailed policy can be obtained from the Office of Scholarships and Financial Aid.

Fee Refund Policy for Students Entering Military Service

If a student enters military service during the term in which he or she is enrolled and has not completed sufficient work for receiving grades, but is in good academic standing academically, the University will waive enrollment fees for the student during the term in which he or she re-enrolls after military service has been completed. The amount of the fee waiver is equal to the amount of fees paid for the semester during which withdrawal occurred. If the University finds that it is not feasible to waive the enrollment fees, it will make a refund to the student of the full amount of fees paid.

If a student enters military service during the term and is not in good academic standing at the time, the regular fee refund policy of the University applies.

Residential Area Rates

All rates are approved by the OSU Board of Regents and are subject to change. The rates listed below were effective for the academic year 2000-2001.

Bennett Apartments

(Air-conditioned, room cable TV, computer jack, and are open continuously from the beginning of the fall semester to the end of the spring semester).

The Bennett Apartments are available for men and women. The apartments range from two bedroom, two bath and a living room for three or four residents, to two bedrooms, or a living room and one bedroom with bath for two residents. To request an apartment the student should write Bennett Apartments as one of the hall choices.

University Apartments

Rates include a telephone instrument and local phone service in each apartment. Basic cable TV service is included in the rent.

The University operates apartments to house married and single parents, and a limited number of single graduate and upperclass students. Priority is given to families and graduate students. Individuals should apply eight to 10 months in advance to assure choice of apartments.

Furnished apartments include coffee table, end or corner table, one table lamp, a love seat, two occasional chairs, a nighstand, double or single beds as needed, and a study desk.

The following 2000-2001 rates include all utilities (gas, water, electricity and local digital telephone service.)

22 The University
Estimated Total Expenses for Students

An estimated budget (based on 2000-2001 figures) for an undergraduate student at OSU is as follows:

Resident
Tuition and Fees $1,170.00
(Based on 14 credit hours)
University Housing and Board $2,225.00
(Based on average, freshman, residence hall charges)
Textbooks and Supplies $435.00
Ave. Misc. Personal Expenses $1,405.00
Total Per Semester $7,265.00

Nonresident
Tuition and Fees $3,200.00
(Based on 14 credit hours)
University Housing and Board $2,225.00
(Based on average, freshman, residence hall charges)
Textbooks and Supplies $435.00
Ave. Misc. Personal Expenses $1,405.00
Total Per Semester $5,235.00

Financial Obligation

Robert E. Dixon, Bursar
Laurie Beets, C.P.A., Assistant Bursar
John C. Smith, Manager, Bursar Systems
Rosemary M. Stallbaumer, Assistant Director, Student Loans/Debt Management

Enrollment at Oklahoma State University incurs certain obligations and commitments on the part of an individual student, one of which is the student's responsibility to pay in a timely manner all financial amounts owed to the University.

In order to remain in good financial standing with the University, and thereby continue to participate in its educational programs, services and benefits, a student must meet all financial obligations incurred at the University on or before the due dates. Students with financial difficulty should immediately contact the Office of the Bursar for assistance and guidance.

Fees and tuition will appear on the regular monthly statement mailed to the student's local address or specified billing address. Students are responsible for ensuring the university maintains an accurate mailing address. Address updates may be accomplished via the Internet address (http://prodosu.okstate.edu/) or at the Office of the Bursar. Failure to receive a bill does not relieve the student from the financial obligation, any finance charges, and other penalties that may occur if the account is not paid by the monthly due date.

All tuition fees (required and optional) associated with the student's enrollment are due in the Office of the Bursar no later than 4:30 p.m. on the 15th day of each month following billing. Fall semester fees are due by September 15, spring semester fees are due by February 15, and summer session fees due dates vary depending on the session.

All delinquent accounts will accrue an interest penalty at the rate of 1.5 percent monthly (19.56 APR). Any charges incurred by the University in an effort to collect on delinquent accounts will be assessed to and will be the responsibility of the account holder. Delinquent account information is disclosed to credit reporting agencies, which could endanger the student's credit rating on a local or national level.

Accounts must be cleared before the student can obtain the release of any records, obtain a transcript, receive a diploma, or enroll at Oklahoma State University for subsequent semesters. Students having difficulty in meeting their financial obligations should contact the Office of the Bursar for assistance.

It is the policy of the University to apply all financial aid to the student's account, withheld an amount equal to all charges showing on the student's account for the semester (fees, tuition, housing, etc.) and then refund the balance. Your refund may be issued through electronic direct deposit upon request. OSU complies with the U.S. Department of Education, rules and regulations in accordance with The Federal Student Financial Aid Handbook instructions.

Linda Mills, Counselor
Lori Wieder, Counselor

Leadership Awards
Through the President’s Distinguished Scholarship, the OSU Foundation provides awards ($8,800) for the high school graduates with superior academic and leadership skills.

The President’s Leadership Council consists of approximately 100 freshman leaders who study a special curriculum in leadership seminars and receive scholarships ($1,500).

Other OSU Scholarships
Both undergraduate, graduate and professional students are encouraged to explore other scholarship opportunities that may be offered by the various colleges and academic departments at OSU. The Office of Scholarships and Financial Aid and the student academic services office of each college are excellent resources for specific scholarship information.

Federal Aid Programs
Students who need financial assistance to attend college are encouraged to consider the many types of financial aid available through the OSU Office of Scholarships and Financial Aid. These programs include scholarships, grants, loans, and part-time jobs.

Financial aid at OSU is awarded on the basis of demonstrated financial need. Each student who wishes to be considered for need-based assistance should complete the Free Application for Federal Student Aid (FAFSA) and submit it to the processing center as soon after January 1 as possible to receive aid for the succeeding academic year. FAFSA packets are available at the Office of Scholarships and Financial Aid as well as at most colleges and high schools. Early application is encouraged due to the high demand for available money.

Students can apply for assistance by submitting the paper FAFSA or they can file electronically by accessing the U.S. Department of Education’s “FAFSA on the Web” application site (www.fafsa.ed.gov).

An analysis of the FAFSA is used to determine demonstrated need for federal, state, and institutional programs such as Federal Pell Grants, Federal Supplemental Educational Opportunity Grants (FSEOG), Oklahoma Tuition Aid Grants (OTAG), Federal Perkins Loans, William D. Ford Federal Direct Loans, Federal Work-Study (FWS), and tuition waivers.

There are also programs available for students who do not demonstrate financial need. A number of tuition waivers are awarded solely on the basis of academic achievement, for which standardized test scores and high school and college grade-point averages are used as awarding criteria.

The Federal Direct Parent Loan for Undergraduate Students (PLUS) Program and the William D. Ford Federal Direct Unsubsidized Loan allow graduate students and independent undergraduates, as well as parents of dependent undergraduates, to borrow funds to meet educational expenses.

To be considered for financial aid, a student must:
1. Demonstrate financial need, except for some loan and scholarship programs.
2. Be a U.S. citizen or eligible non-citizen.
3. Be enrolled as a degree or certificate-seeking candidate, including a program of study abroad.
4. Meet minimum satisfactory academic progress standards.
5. Have a high school diploma or GED.
6. Not be in default on any federal loan, not have borrowed in excess of the allowable limits and not owe a refund to any federal grant program (including the Oklahoma Tuition Aid Grant program).
7. Be prompt in responding to any requests for additional information made by the Office of Scholarships and Financial Aid.

Students and parents are invited to contact the Office of Student Financial Aid for information regarding financial assistance programs or to make an appointment with a financial aid counselor to discuss specific eligibility requirements. The office has information about programs and services available on the World Wide Web (www.okstate.edu/finaid).

Teacher Education Certification
To receive financial assistance, students who are classified by the Graduate College as special students and who are also pursuing Teacher Education certification must be enrolled in a required program for elementary or secondary teacher certification or recertification in Oklahoma (must be required to teach); and be enrolled in at least six hours in the fall or spring semesters or three hours in the summer term.

Teacher education students are eligible to apply for consideration in Federal Work-Study, Oklahoma Tuition Aid Grant (OTAG), Federal Perkins Loan, and Direct Loans (Subsidized and Unsubsidized). The maximum Direct...
Loan eligibility for teacher education students is $5,500 in the Subsidized Loan. Independent students may have an additional $5,000 of eligibility in the Unsubsidized Loan. At no time may the student borrow more than the cost of attendance minus any other financial aid.

Due to the unique nature of the Teacher Education program, students are encouraged to schedule an appointment with a financial aid counselor to discuss the required documentation needed for financial aid eligibility.

**Prerequisite Course Work for Admission to a Graduate Program**

To be considered for federal assistance, students generally must be enrolled in a recognized academic program leading to a degree or certificate. However, if a student is enrolled at least half-time in course work that is required for admission to a graduate program at OSU, the student may be eligible for loan consideration for one calendar year (12 months) beginning on the first day of the loan period.

Students are only eligible for Ford Federal Direct Loan consideration. Federal law sets the maximum Subsidized Loan eligibility at $5,500 for course work necessary to enter a graduate program; independent students may also qualify for an additional $5,000 in Unsubsidized Loan. At no time may the student borrow more than the cost of attendance minus any other financial aid.

Preparatory students who wish to be considered for assistance should schedule an appointment with a financial aid counselor to discuss their particular circumstances.

**Grants**

Undergraduate students who have not completed their first undergraduate degree are eligible to apply for the Federal Pell Grant and Federal Supplemental Education Opportunity Grant. Undergraduate and graduate students who are Oklahoma residents are eligible to apply for the state grant program, the Oklahoma Tuition Aid Grant.

Federal Pell Grant eligibility is determined by the U.S. Department of Education by using a congressionally-approved formula.

Federal Supplemental Education Opportunity Grants are awarded to students who demonstrate financial need as reflected in the FAFSA. Funding in this program is limited and is usually awarded to applicants who demonstrate the most financial need.

Oklahoma Tuition Aid Grants are awarded to eligible Oklahoma residents who may apply by correctly completing the FAFSA. Grant amounts are determined by the applicant’s enrollment status, demonstrated need, and by the availability of funds. Students are notified of their eligibility and award amounts by the Oklahoma State Regents for Higher Education, not by OSU.

**Federal Work-Study**

This program is designed to help students meet their educational expenses through part-time employment. The Office of Scholarships and Financial Aid determines award amounts on the basis of financial need. While all Federal Work-Study student employees are paid at least the current federal minimum wage, the actual rate of pay depends on their qualifications and the types of jobs they hold.

Eligible students may be employed by any participating office or department at OSU or at an off-campus, non-profit agency. The community service agencies must meet federal and OSU regulations, including being nonprofit or governmental agencies whose services are available to everyone, regardless of ability to pay. While working in positions directly related to their curricula, students form strong links with the community.

**Student Loans**

OSU has several loan funds for students who need financial assistance. These funds are available to students who meet the eligibility requirements of the various programs and are making satisfactory progress in their college work.

Institutional loans include short- and long-term loans. The short-term loan program provides up to a maximum of $300 per semester (less a $10 service charge) for the purpose of meeting educationally-related expenses which are not charged to a student’s University account. Students are billed for the loan through the Office of the Bursar on the billing statement of the month in which they apply. Applications must be made in person at the Office of Scholarships and Financial Aid.

Long-term loan programs consist of the Federal Perkins Loan, William D. Ford Federal Direct Subsidized and Unsubsidized Loans and the Federal Direct Parent Loan for Undergraduate Students (PLUS). The rate of interest on a Federal Perkins Loan during the period of repayment is five percent simple interest per annum on the unpaid balance. Funding in this program is limited and is awarded to applicants who demonstrate significant financial need.

The rate of interest on the William D. Ford Loan varies for first-time borrowers, but cannot exceed 8.25 percent. The rate of interest on a Federal Direct Parent Loan is variable but cannot exceed 10 percent.

**Scholar Development and Recognition**

**Bob Graalman, Director**

**Gail Gillian, Senior Unit Assistant**

Some outstanding OSU students are competitive for a wide range of prestigious national and international scholarships at the end of their undergraduate careers, such as the Rhodes, Marshall, Truman, Goldwater, Udall, and others. In addition, there is a host of lesser-known but still valuable opportunities that require students to prepare competitive applications.

This newly-established office at OSU monitors student progress, provides important information, supplies support, and plans courses and activities that can lead to success in these areas. Interested students can contact the office to inquire about opportunities and strategies; often faculty will nominate candidates who have been performing at a high level academically and displaying other qualities through leadership and community service. Early identification of freshmen and sophomores is especially important in order for the student to gain the most from these programs.

Additionally, as an incentive for the kinds of students who are considered OSU’s best and brightest, the Lew Wentz Foundation has provided substantial private funding to OSU for several scholarship programs that are managed in this office. The programs are:

1. Wentz Projects - an opportunity for outstanding undergraduates to plan and perform high-level research under the direction of a faculty mentor ($4,000 each);
2. Wentz Scholarships - traditional awards based on academic excellence and well-rounded campus activities ($2,500 each);
3. Wentz Humanities Scholarships - various awards for students in English, history, foreign languages, philosophy, and related scholarly disciplines;
4. Wentz Education Scholarships - various awards for those intending to become teachers in primary and secondary school situations. Please contact this office for information on programming.

Student Services

Residential Life

Bob Huss, Senior Director of Residential Life

Eddie Denman, Assistant Director of Residential Life–Administrative and Business Services

Carol Hackerott, Assistant Director of Residential Life

Doug Hallenbeck, Assistant Director of Residential Life

Dave Stoddart, Assistant Director of Residential Life

The Department of Residential Life exists to aid its residents’ academic pursuits. Students who live on campus graduate faster and maintain higher grades than their off-campus counterparts. The Department of Residential Life provides on-campus housing for more than 5,000, and a dining service program, available to all students and staff, that is nutritional, convenient and enjoyable. All freshmen are required to live on campus. Exceptions can be made for one of the following reasons: being married; being 21 years of age or older; living with parents in Stillwater or the surrounding area; being a veteran; living in a fraternity or sorority house (sorority pledges generally live in residence halls due to limited sorority house space); or having completed 27 credit hours. Exceptions must be requested in writing, and approved by the Department of Residential Life.

All accommodations are rented on a contract date priority basis. Prospective students’ applications and contracts are encouraged to be sent in nine months before the desired occupancy in order to receive the preferred on-campus housing location.

Residence Halls, Deluxe Suites, and Apartments

OSU residence halls, deluxe suites and apartments offer a variety of living accommodations: air-conditioned apartments in Peterson-Friend and Kamm, air-conditioned deluxe suites in Bennett, Patchin and Jones, air-conditioned residence hall rooms in Iba, Kerr-Drummond, Parker, Wentz, and Willham North and South. Traditional non-air-conditioned residence hall rooms are available in Bennett. Patchin, Kamm and Peterson-Friend provide year-round housing. Students who need continuous housing should request Patchin, Kamm or Peterson-Friend. Bennett does not close for academic year breaks, but is closed for the summer. Wentz and Iba are available for students who are sophomores or above. Parker is open only to students active in the Honors Program.

The Department of Residential Life emphasizes the development of interpersonal skills by having the staff teach leadership, group development, personal interaction, and study skills in noncredit seminars and credit classes. These programs are the formal aspect of helping students become involved in the residential area. Residence halls, suites and apartments and dining centers offer numerous opportunities for student leadership. More than 500 students are involved in planning and leading educational, recreational and social activities within the residence halls, suites and apartments.

Residential area living is relatively inexpensive. Over $1,400 per year is saved by the average student living in residence halls, suites and apartments versus living off campus. Residential area rates include all utilities, telephone, cable TV and computer jacks except in Bennett. The 325 passes per semester meal plan costs approximately $3.64 per meal. The in-hall laundry facilities are convenient and economical as is the on-campus parking. Residential area rates rarely increase during the academic year.

Students are offered several lifestyle options. The Independent Living Centers of Iba and Wentz provide more student responsibility including a 24-hour visitation option.

In every residence hall, deluxe suite and apartment there is a well-trained professional staff to coordinate the day-to-day operations of the building, as well as student staff whose primary function is to see that students benefit educationally from their residential area living experience. Each floor or wing has a live-in student staff member (resident assistant) responsible for assisting and guiding the residents. Resident assistants/community facilitators are undergraduate students specially trained in all aspects of residential area living with the experience and knowledge to answer questions and act as an adviser for student government and programs.

Students may choose from five different meal plans, (freshmen are required to take at least 175 passes per semester) depending on their individual needs. Some non-freshman students choose not to be on the meal plan. A variety of offerings are available in the four dining centers (Bennett, Kerr-Drummond, Scott-Parker-Wentz, and Willham.) Any student may eat any meal in any of the four dining centers. Each dining center offers a unique menu. Specialty menus include delicatessen, health club, country cooking, Italian, fast food, Mexican, wok cooking, and others. These specialty plans vary as the students’ needs change. A pizzeria restaurant and a convenience store are housed in Kerr-Drummond, and a bakery in Scott-Parker-Wentz. Dining is available more than 16 hours a day.

For more information, contact the Department of Residential Life, Oklahoma State University, Iba Hall, Stillwater, Oklahoma 74078.

Mobility Impaired Student Housing

All residence halls and many university apartments offer some housing for students who have impaired mobility. Upon notification, the Department of Residential Life routinely modifies rooms and apartments to meet an individual’s special needs. This modification may take several months, so advance notification is critical.

University Apartments

More than 700 all-brick apartments are available within walking distance of all classrooms and the library. These apartments serve students in the follow-
Students with Children

Information on child care in the Stillwater community is available at the following locations on campus:

Family Resource Center — 719 N. Walnut
Nontraditional Student Services — 060 Student Union, Marie Basler, Coordinator
Adult Student Organization — 045 Student Union

University Counseling Services

Suzanne M. Burks, Director
Baiba Ercum, M.D.
Jack Davis, Clinical Counselor
Connie Fox, Senior Clinical Counselor
Rex Finnegan, Senior Clinical Counselor
Judith Gibbons, Senior Clinical Counselor
Joni Hays, Senior Clinical Counselor
Kim McKay, Senior Clinical Counselor
Cindy Washington, Clinical Counselor

The University Counseling Services provides confidential professional personal and career counseling for OSU students. Both individual and group counseling is available.

Assistance is offered for emotional problems, as they affect personal and academic goals, intellectual functioning or relationships with others. Among the variety of concerns dealt with in counseling are stress, anxiety, depression, eating disorders, substance use/abuse, interpersonal relationships, career counseling, career and personality assessment. Psychiatric consultation is available as needed.

University Counseling Services also assists students with problems, concerns, and experiences relating to educational difficulties; i.e. study habits, unusual test-taking stress, lack of motivation, or attitudes related to school.

University Counseling Services operates the Career Resource Center. The center provides walk-in assistance for OSU students. It contains books, handouts and computerized resources on careers, study strategies, scholarship and graduate school searches, resumes, cover letters and job search development strategies.

A broad range of developmental and proactive programming is offered through University Counseling Services in outreach and service to living groups, organizations and academic classes.

Minimal fees are assessed for individual and group counseling, for certain tests, for specific programs or workshops and for some career assessments. Depending upon the need, tests and other University services may be used in conjunction with counseling.

All information regarding appointments and content of counseling is strictly confidential.

The University Counseling Services is an accredited member of the International Association of Counseling Services, Inc.

Student Disability Services

Mike Shuttic, Coordinator

Student Disability Services (SDS) offers academic support services to students with disabilities. SDS is committed to providing assistance to students that will facilitate the academic progress and independence of each individual student. Appropriate services are determined on an individualized basis and may include academic advisement, specialized testing, recorded textbooks, classroom access, assistive tech, and other services based on disability-related need. Students must initiate a request for services by contacting Student Disability Services.

University Health Services

Steve Rogers, C.H.E., M.B.A., Director
Michael W. Strange, M.D., Medical Director

Oklahoma State University is as interested in the student’s physical and emotional well-being as it is in his or her intellectual and cultural development. Good health will not guarantee academic success, but it will help; while poor health, either physical or emotional, can impair both the academic and the extracurricular career.

The OSU Health Services maintains a staff of full-time physicians, mental health professionals, nurses, laboratory, pharmacists and x-ray technicians, and other necessary supportive and ancillary personnel who make a specialty of providing the best possible care at the least possible expense for the student. Along with this full-time help, there are part-time specialists in psychiatry and radiology.

The University Health Services is an ambulatory primary care, facility, designed to provide cost-effective, physician-directed health care to students. A fee is charged to cover direct costs on laboratory, x-ray, pharmacy and elective services. In the event a medical condition exists that is beyond the scope of the services offered, referrals can be made to a family physician, or a local physician in Stillwater. Emergency services are offered by Stillwater Medical Center 24 hours a day.

Health Requirements. All new students are required to provide an immunization
history and to comply with guidelines regarding tuberculosis testing; specifically,

- all students born after 1957 must provide documentation of having had two measles immunizations, (MMR), and
- all students must provide documentation of having been immunized for tetanus within the previous 10 years and having been immunized for polio, diphtheria, and pertussis.

Students meeting the following criteria must provide a record of having a negative tuberculosis skin test (PPD) within six months of arrival at OSU, or, if the TB skin test is positive, must provide a negative chest xray: students who:

- are visa holders,
- are U.S. citizens currently or previously residing outside the U.S.,
- have a medical condition that suppresses the immune system,
- are known to have been exposed to tuberculosis.

Refer to the Immunization and Health History form for specific guidelines and information. Failure to comply with these guidelines may affect future enrollment.

For more information contact the University Health Services, 1202 West Farm Road, Oklahoma State University, Stillwater, Oklahoma, 74078.

Multicultural Development and Assessment Center

Howard Shipp, Director
Pete G. Coser, Coordinator
Liza Longoria, Coordinator
Teresa Newsom, Coordinator

The Multicultural Development and Assessment Center (MDAC) is a comprehensive support service for African-American, Hispanic, Native American and Vietnamese-American students. The program provides educational and personal growth opportunities to enhance the university experience for minority students matriculating at Oklahoma State University. Support services are provided through one-to-one counseling, group counseling, outreach programs, academic skill development programs, and tutoring. The following areas of student development are emphasized: academic development, personal adjustment/development, motivation, and career goals.

The MDAC staff work closely with other offices of the University. These efforts include direct and indirect assistance in the following areas: recruitment and retention; financial assistance; and career development and employment opportunities.

To enhance the social and cultural opportunities for minority students, MDAC staff members serve as a resource to various minority student groups and organizations in an advisory or consultative capacity. These organizations include: Hispanic Student Association, Afro-American Student Association, Minority Women's Association, Native American Student Association, Vietnamese-American Student Association, American Indian Science and Engineering Society, Burnin' Black Choir, NAACP, Society of Black Engineers, Technicians and Architects, the Black Greek organizations, and the Society of Hispanic Professional Engineers.

Special Programs, Services and Facilities

Special Programs

The Honors College
Robert L. Spurrier, Jr., Director
K. Celeste Campbell, Assistant Director
Sarah Phelps, Honors Academic Counselor
Diana Watkins, Honors Academic Counselor

Oklahoma State University is an active member of the National Collegiate Honors Council and the Great Plains Honors Council. The Honors College is composed of a university-wide General Honors component and specialized upper-division components at the departmental or college levels. The Honors College provides academically talented students with the opportunity to study, conduct research, and exchange ideas in an exciting and supportive academic environment. Honors sections are offered in many general education courses, and special honors seminars and interdisciplinary honors courses also are available. Honors classes are taught by outstanding faculty members, and the classes are small in size to facilitate active student involvement.

Completion of the requirements for the General Honors award leads to special designation on the student's OSU transcript, as does completion of the requirements for the Departmental or College Honors award in the student's academic major. Students who earn a minimum of 39 honors credit hours and complete the Departmental or College Honors award, as well as the General Honors award, with 3.50 OSU and cumulative grade-point averages at graduation, receive The Honors College degree, including a special entry on their transcripts and special honors diplomas.

Additional advantages for active participants in The Honors College (minimum of six honors credit hours per semester and 12 honors credit hours for each two consecutive semesters for freshmen and sophomores and three honors credit hours per semester for juniors and seniors) include use of The Honors College Study Lounge in the Edmon Low Library (with a computer lab), extended check-out privileges for library materials, early enrollment for the following semester, and an honors housing option in the residence halls.

Admission of new freshmen to The Honors College is based on an ACT composite score of 27 or higher (or comparable SAT score) with a high school grade-point average of 3.75 or higher. Application forms are included in the OSU Application for Admission. Students other than new freshmen may be admitted to the program on the basis of the OSU and cumulative grade-point averages (7-59 hours earned: 3.25, 60-93 hours earned: 3.37, 94 or more hours earned: 3.50).

For additional information about The Honors College, interested students should consult the director of The Honors College, 509 Edmon Low Library.

Pre-law, Premedicine and Other Preprofessional Programs

Students planning to enter a professional school should visit with their advisors and consult professional school admission and course work requirements listed in the specific school catalog. Many professional schools select students with a variety of bachelor's degrees, although others may require a minimum basic core curriculum of varying length and grade-point average. Information about preprofessional programs is available in such areas as dental hygiene, dentistry, engineering, law, library science, medical technology, medicine, nursing, nutritional sciences, occupational therapy, optometry, osteopathic medicine, pharmacy, physical
therapy, physician’s associate, radiologic technology, social work, and veterinary medicine. For more information, students should consult their advisers or the director of student academic services of the appropriate college.

**Bachelor of University Studies**

Individualization and flexibility are the features of the program leading to the degree of Bachelor of University Studies. This program is designed for the goal-directed, motivated and mature student who finds that the present degree programs (majors) at the University will not enable the student to attain his or her educational objectives; it is not intended for students whose educational objectives are undetermined. The Bachelor of University Studies degree permits a student to utilize the total resources of the University available in accomplishing unique educational objectives. The program may or may not prepare a student for a particular occupation or entry into a professional school.

A student who believes that his or her educational objectives can best be fulfilled through a Bachelor of University Studies degree program can obtain information on the program from the office of student academic services in the college in which the student is to be enrolled, or in the Office of the Executive Vice President (Academic Affairs).

All students who intend to present a program for the Bachelor of University Studies degree must enroll in one of the colleges of the University. The Bachelor of University Studies degree program must meet requirements stated in the "University Academic Regulations" in the Catalog.

**Credit By Exam**

Oklahoma State University Testing and Evaluation Service is a national test site for the College Board’s College Level Examination Program (CLEP). National CLEP testing centers offer two kinds of examinations: general examinations and subject examinations. OSU only grants college credit for subject examinations. Credit earned through these examinations are normally recognized by other colleges and universities throughout the nation.

OSU grants credit for acceptable scores in the Advanced Placement Program (AP) as administered by the College Entrance Examination Board in Princeton, New Jersey. AP tests are taken by high school students while in high school. High school counselors can be of assistance in making testing arrangements.

OSU awards credit for a limited number of Regents College Examinations (RCE). OSU is not a test site for RCE. Contact the Office of Admissions for additional information regarding RCE.

Oklahoma State University recognizes credit earned through the International Baccalaureate (IB) Program in a limited number of subject areas. Credit will be awarded to students who have taken Higher Level courses through the International Baccalaureate Program and scored at least a 4 (on a seven point scale) on the Higher Level course examination. This credit will be awarded on a course-by-course basis.

Military personnel and veterans who wish to establish credit for military training should submit to the Office of Admissions a copy of their DD214, (Armed Forces of the United States Report of Transfer or Discharge) or their DD295 (Application for the Evaluation of Educational Experiences During Military Service), and any certificates of completion for military schools attended. OSU also accepts credits earned through the DANTES Subject Standardized tests for active military personnel.

Academic departments on campus at OSU may offer advanced standing examinations in subject areas not offered by the CLEP or AP. Any currently enrolled student whose travel, employment, extensive readings or educational experience appear to have given the student proficiency in a subject that is offered at OSU, equivalent to the proficiency ordinarily expected of those students who take the subject in a regular class, may apply for an examination on the subject.

A student may apply to take a validation examination for a course taken at an institution that OSU does not recognize as accredited. The dean of the college in which the course is offered appoints a committee of three to construct, administer and evaluate the examination.

Information pertaining to these examinations may be obtained from the Office of Admissions. See also the “Academic Regulations” section of the Catalog.

**Gerontology Institute**

The Gerontology Institute is housed in the College of Human Environmental Sciences. The Gerontology Institute’s mission is to meet the growing demand for instruction, outreach and research excellence in the field of aging. It functions as a multidisciplinary program allowing students an opportunity to study in the field of aging. The Institute provides a university-wide focus in coordinating departmental curriculum in gerontology.

The Gerontology Institute was created in response to a widespread interest in course offerings in gerontology. Students can receive an M.S. in gerontology through natural and applied sciences or they can pursue a graduate certificate in gerontology. There is also a bachelor's program in gerontology through the departments of Sociology and Family Relations and Child Development. Doctoral students can include gerontology as an area of specialization in their programs.

The Institute sponsors an annual Ethics and Aging Conference in the Tulsa area for professionals and students in the field of aging.

The headquarters for the Southwest Society on Aging, the largest regional professional gerontological association in the U.S., is located at the Institute. This partnership allows students an opportunity to network with professionals in the field of aging.

The Gerontology Institute serves as a link between the University and the community in the field of aging, and sponsors student internships in community agencies. The future holds limitless opportunities for the continuation of innovative partnerships and shared programming between the Gerontology Institute and the community.

**Independent and Correspondence Study**

*Charles E. Feasley, Director*

Independent and Correspondence Study (I&CS) provides independent study opportunities to learners whose work, family responsibilities, physical isolation, or closed course sections may preclude participation in regularly scheduled class meetings. I&CS offers over 150 courses...
for college credit and continuing education units. Students may enroll in correspondence study courses at any time without being admitted to OSU and take up to a year to complete course work. Some courses are also offered as video-assisted telecourses or standardized independent study. For these courses, students must be admitted to OSU, enroll through regular campus registration, and complete these courses during one campus semester.

For more information or enrollment, contact OSU Independent and Correspondence Study, 470 Student Union or electronic mail to ics-inf@okstate.edu.

**National Student Exchange**

The National Student Exchange (NSE) enables OSU students to spend a semester or a year at one of over 150 colleges and universities. Students may select from institutions in 47 states of the U.S., the District of Columbia, and three US territories. Four Canadian universities in British Columbia, Newfoundland and Quebec have also been added to the NSE site offerings. Students pay tuition and fees to OSU or resident tuition and fees to the host institution, depending on the plan through which they participate.

Through the NSE, students have access to designated study abroad programs offered by participating institutions at resident program fees. The NSE also enables students from member colleges and universities to attend OSU while paying their own university’s tuition and fees or while paying OSU resident tuition rates. For additional information and application materials, contact the Study Abroad/NSE Office, 072 Student Union, or electronic mail auel@okstate.edu.

**Oklahoma Scholar-Leadership Enrichment Program**

The Oklahoma Scholar-Leadership Enrichment Program (OSLEP) is a statewide academic program designed to develop scholarship and leadership abilities of outstanding students. Students study in intensive, five-day seminars with a distinguished scholar and are selected from Oklahoma’s 21 four-year colleges and universities. OSU’s sophomore, junior and senior students with a 3.00 GPA are eligible to apply. Freshmen who have demonstrated exceptional academic achievement are also considered. OSLEP seminars carry two hours of credit, and the only cost to students is the tuition for two credit hours and a transcript fee. The seminars are graded on a satisfactory/unsatisfactory basis and are transferred to OSU as Pass/Fail. Application should be made as early in the academic year as possible. Further information and application materials may be obtained from OSU’s OSLEP coordinator, The Honors College, 510 Library.

**Semester at Sea**

Semester at Sea is an opportunity for OSU undergraduates in good academic standing to earn a semester of credit in a wide range of academic areas while traveling around the world on the S.S. Universe. Approximately 50 percent of the semester is spent at sea and 50 percent in various ports allowing students to travel and relate experiences directly to the academic program aboard. Specific information may be obtained by contacting the director, 060 Student Union.

**Study Abroad**

OSU students can add an international dimension to their education through study abroad. Students may earn OSU credit through reciprocal exchanges in many European countries, as well as in Asia and Latin America. While participating in reciprocal exchange, students pay tuition and fees to OSU.

Students may also earn OSU credit by enrolling in summer and short-term international courses offered by OSU departments and extension units in countries such as Australia, England, France, Greece, Italy, Japan, Mexico, and Turkey.

Students may earn transfer credit through participation in pre-approved study abroad programs offered by other U.S. universities or study abroad providers such as AIFS, CIEE, and ISA. Some students choose to enroll directly in universities abroad. They may also participate in non-credit work, internship and volunteer opportunities.

Most exchanges and study abroad programs require completion of at least 48 credit hours and good academic standing. Application deadlines for priority consideration for both fall and spring semester reciprocal exchanges, many fall semester study abroad programs, and short-term international courses are at the end of January or the beginning of February. Deadlines for spring study abroad programs are usually in mid October or early November.

Financial assistance is available through scholarships and federal grants and loans. Outstanding OSU undergraduates and graduates may apply for the Baily Memorial Trust Scholarship for study abroad in the Liberal Arts. The scholarship is budget based. Information and applications are available at the College of Arts and Sciences Student Academic Services Office, 202 Life Sciences East. The Department of Foreign Languages and Literatures, 303 Gunderson Hall offers several scholarships for language study abroad. Information on national and regional scholarships for study abroad is available in the Study Abroad Office. Students may often use federal financial aid to offset the cost of an academic program abroad.

Information on studying, working or volunteering abroad is available from the Study Abroad Office and Library, 072 Student Union, or by electronic mail auel@okstate.edu.

**Special Services**

**Academic Advising**

Academic advising is considered a major function within the University and is student-centered in that it serves the student first and foremost and not a particular discipline, department or college. Academic advising is designed to assist students in developing their intellectual potential through effective use of all resources available at the University—academic, cultural and social. Thus, the role of the student’s academic adviser is (1) to assist in educational planning, including clarification of career and educational goals, curriculum planning, and short-term course selection, (2) to become aware of and make appropriate referrals to campus support services, (3) to provide information to prospective majors, and (4) to prepare degree plans for graduating seniors and submit these to the respective college graduation certification office.

The advising function is performed within each of the undergraduate colleges and in the Office of University Academic Services. Each college structures its advising system based upon the college’s philosophy and perceived student needs. In most colleges, freshmen and undeclared students are advised through the college’s office of student academic services, whereas students who have declared majors are advised by an adviser in their major department.

Each academic dean has established an office of student academic services to represent him or her in matters concerning undergraduate students. Students are encouraged to contact their office of student academic services when questions arise regarding advising, academic programs and requirements, and academic support services.
The locations of the offices of student academic services are:
Agricultural Sciences and Natural Resources–136 Agricultural Hall
Arts and Sciences–202 Life Science East
Business–201L Business Building
Education–325 Willard
Engineering, Architecture and Technology–101 Engineering North
Human Environmental Sciences–114 Human Environmental Sciences
University Academic Services–214 Student Union

Students should keep in mind that while the University provides advising as a service and resource, the ultimate responsibility for identifying and completing degree requirements rests with the student.

University Academic Services

The Office of University Academic Services (UAS) provides advising and enrollment services to the following student groups: (1) students admitted to OSU through the Alternative Admission Program; (2) students admitted to OSU through the Adult Admission Program; (3) probationary students enrolled through the University Academic Assessment Program, including transfers admitted on academic probation; and (4) transfer students unsure about their majors. The overall goal of UAS is to provide personal attention and assistance to students as they develop successful study habits and explore the various academic options available at OSU.

Alternative Admission. The Alternative Admission Program allows approximately eight percent of OSU’s entering freshman class to be admitted without meeting all of the normal criteria. UAS provides Alternative Admission students with orientation classes suited to their particular needs, clarification of University policies, assistance in exploring career goals and various degree programs in the undergraduate academic colleges and monitoring of curricular deficiency remediation. Through intrusive advising, UAS strives to create a setting of academic success for the students to carry throughout their years at OSU. After remediating any deficiencies they might have and completing at least one full-time semester of satisfactory work, students may generally transfer to the college or major of choice.

Adult Admission. The Adult Admission Program allows students who are 21 or older and those on active military duty an opportunity to gain admission to OSU, provided they have not completed more than six hours of college work. As with Alternative Admission students, Adult Admission students benefit from intensive academic advising and a special orientation course to meet their particular needs. After completing 12 hours with a 2.00 GPA or above in college-level work, these students are considered to be in good standing and are generally eligible for transfer to their college or major of choice.

University Academic Assessment. The University Academic Assessment Program (UAAP) is designed for students who have experienced academic difficulty at the college level. These students include:
- those who are placed on academic probation while in UAS;
- probationary students who are referred by the colleges;
- those in good academic standing, according to State Regents’ policy, but are ineligible for admission to their desired college;
- those suspended by OSU and have stayed out of college for a minimum of one regular semester and show a potential for success; and
- transfer students on academic probation who are admitted due to special circumstances.

UAS helps these students evaluate their career and educational goals in an attempt to develop a realistic and successful educational plan. Besides the intrusive academic advising offered to Alternative and Adult Admissions, UAS assists students in the development of their plans of study through graduation. UAS also keeps UAAP students aware of requirements to continue, specifically the minimum grade-point averages required by the Oklahoma State Regents for Higher Education, and the repeat and reprieve options. In an effort to assist students in exploring various career and educational opportunities, UAAP students are required to enroll in and complete UNIV 2001, the Academic Assessment and Evaluation course. This course is designed to help students identify their reasons for experiencing academic difficulty and determine ways to overcome their academic weaknesses. Once UAAP students complete at least one semester with a 2.00 GPA or above, they may generally transfer to the college or major of choice.

Undecided Transfer Students. Transfer students undecided on their major, or any student in the above groups who is undecided on a major, may work with a UAS adviser to develop several plans of study that capitalize on their strengths and interests while pursuing possible majors. During one-on-one meetings with the student, the UAS adviser explains differences between majors and their requirements, so that a college degree remains the main goal of course selection. After taking chosen courses, receiving UAS’s academic advising services, and maintaining at least a 2.00 GPA for the previous full-time semester, the student declares a specific major and moves to the advising office of the corresponding college.

Campus-wide Assistance. UAS offers extra assistance to students campus-wide through four unique services: the SAM program, the RISE program, Referrals and Tutors.

Student Academic Mentor Program. The Student Academic Mentor (SAM) Program is a campus-wide service that pairs each new freshman, transfer, and adult student with an upper class student in effort to ease the transition to OSU. These “SAMs” are carefully selected among continuing students at OSU to work with new students individually and in small groups during ALPHA, the week prior to the beginning of the fall semester. Their goals are to help students feel welcome and to assimilate them into campus life.

Retention Initiative for Student Excellence Program (RISE). RISE is a peer-mentoring program that gives support to first year minority students who are making the transition from high school to college. The program’s primary purpose is to facilitate academic success, but RISE also aids students in identifying a supportive social and cultural environment. Mentors are selected from student leaders who are committed to helping others through volunteer service and to providing guidance and feedback. Supplemental training in community development and cultural identity theory
is offered through a directed study class during the fall semester.

**Referrals.** In addition to the teaching, academic advising and counseling functions of UAS, the office serves as a central information center whereby referral to a variety of campus and non-academic support services is given.

**Tutorial Service.** Qualified tutors for common general education courses are available free of charge for all students campus-wide. Tutors are paid by UAS unless the student fails to keep the appointment. In such cases, the student will be billed directly for the cost. Tutor applicants are thoroughly screened to guarantee quality tutoring and are matched with students who need their services. Information on this tutoring program, or any other UAS services identified above, is available through the Office of University Academic Services, 214 Student Union.

**University Assessment Program**

The University Assessment Program at OSU provides public assurance of program quality and accountability by documenting progress toward meeting the institution’s educational goals. Assessment involves collecting, reviewing and using information about educational programs for the purpose of program improvement and, ultimately, improvement of student learning and development. The assessment process provides feedback to campus leaders about the effectiveness of their programs, thereby allowing informed decisions about the need for changes. Assessment is, therefore, an integral part of the institution’s commitment to sustain and enhance academic quality and the student educational experience.

The OSU Assessment Council guides the Assessment Program. The Council membership consists of faculty from each college and representatives from the offices of Student Affairs, Institutional Research and student government. The Council’s mission is to serve as a liaison to the Executive Vice President, the OSU Long-Range Planning Committee (of the Faculty Council), and Student Affairs. It supports academic units by providing funding and information to (1) measure the effectiveness of academic and student programs, (2) utilize the results of strategies developed to improve student learning and (3) determine the overall educational impact of the university experience on students.

Assessment activity at OSU, coordinated by the Office of University Assessment, is divided into four primary initiatives:

1. **Entry-Level Assessment** is conducted to assist advisers and faculty in making placement decisions that will give first-time OSU students the best chance of academic success.
2. **Mid-Level, or General Education Assessment** is aimed at evaluating student achievement of institutionally recognized general education competencies, including communication, analytical and critical thinking skills.
3. **Program Outcome Assessment** is an evaluation of student achievement of the educational objectives in the major.
4. **Student and Alumni Satisfaction Assessment** evaluates student perceptions of academic and campus programs and services. Results of these assessments provide feedback for improvement of programs and services.

The Office of University Assessment submits yearly reports to the Oklahoma State Regents for Higher Education that summarize the assessments in the above areas. The objectives, methods used, student population involved, results, and uses of assessment data are reported for assessment in each initiative area, including separate outcome assessment reports prepared by each academic program.

**Career Services**

Career Services assists OSU students and alumni with job search activities related to internships, part-time employment while attending college, and full-time professional employment following graduation.

**On-campus interviewing** is an easy and convenient way to obtain interviews without leaving campus. On-campus interviews can be an important source of opportunities but should be only one of the strategies for a total job search. Subscribing to OSU CareerWeb can help sophomores looking for an internship, and it can help the alumni trying to connect to a new employment situation. Last year over 350 companies conducted 5200 interviews on campus.

**Resume Referral.** A student’s resume is sent out to employers when they request resumes in a particular major. Last year over 400 companies requested resume referrals. Students must subscribe to OSU Career Web for this service.

**Posting of Job Vacancies.** Job postings can be accessed on the Internet (http://home.okstate.edu/career). Entries are posted on a daily basis. Job listings include part-time on-campus, part-time off-campus, work study, education jobs, business, industry, and government, internships, and OSU jobs (full-time).
CIS supports six computing facilities in various locations around campus with more than 400 microcomputers. A SUN Workstation cluster is located in 113 Engineering South.

The central mainframe computer at OSU is an IBM 9672-R32 Enterprise Server operating MVS/ESA and VM/ESA. Two time-sharing systems, TSO and CMS, are available on the mainframe. CIS also has a DEC System 3000-600 VMS and a DEC 2100A-4/275 RISC DIGITAL UNIX machine.

Additional information about CIS and computing at Oklahoma State University can be found on the Internet (home.okstate.edu). It is updated frequently with timely announcements.

The Center for Family Services

The Center for Family Services is sponsored by the Department of Family Relations and Child Development in the College of Human Environmental Sciences West building. This multipurpose facility also houses the OSU Child Development Laboratory.

The Center's dual mission is to provide high-quality, low cost marital and family therapy services to the public and to provide a training environment for master's degree students specializing in marriage and family therapy. Because the Center for Family Services is a training facility, advanced graduate students in marriage and family therapy conduct the majority of the therapy. While conducting therapy, therapists-in-training are under the direct supervision of clinical faculty members who are all licensed marriage and family therapists. The Center's state-of-the-art facility allows for observation of sessions by clinical supervisors and videotaping of sessions.

The Center for Family Services is open to any individual, couple or family that desires help with relationship issues, including marital concerns, parent-child relationships, or other family issues. Fees are determined on a sliding fee scale based on income and family size, ranging from $5 to $50. No one will be denied services because of inability to pay.

Appointments are available on request. While appointments are available during both day time and evening hours, most appointments are scheduled on Wednesday and Thursday evenings. When an individual contacts the Center to seek marital and family therapy services, a staff member will ask a few questions about the family and the reasons for seeking the services, in order to assign the most appropriate therapist. Usually within 24 hours, an initial appointment will be scheduled. If time allows, an information packet will be sent before the first appointment.

The marriage and family therapy program is accredited by the American Association of Marriage and Family Therapists.

Child Development Laboratories

The Oklahoma State University Child Development Laboratories (CDL) have a rich tradition of excellence in early childhood education. Originally established in 1924, the labs presently reside in a two million dollar facility opened in 1983. A state-of-the-art outdoor learning laboratory was completed in 1999.

The Child Development Laboratories program offers a site for quality educational programming for young children; training of pre-service teachers in early childhood education; observation and interpretation of human growth and development; research designed and implemented by OSU faculty and students to further the knowledge base in such areas as early childhood curriculum, social interaction, language development and cognitive development; and community service in the form of child care, parenting programs and in-service teacher education.

The CDL is licensed by the Department of Human Services and is accredited by the National Association for the Education of Young Children. The program offers planned learning activities that are developmentally appropriate; frequent and positive interactions between children and students; nutritious meals and snacks; regular communication with parents; positive guidance techniques; high adult-to-child ratio; (well trained and experienced) ECE degreed staff and on-going, systematic program evaluation.

Subject to availability, families have an opportunity to enroll in a full day, year-round program. The Child Development Labs are open from 7:45 a.m. to 5:15 p.m. Monday through Friday. Children enrolled in the program range in age from six months through kindergarten age.

Mathematics Learning Resource Center

The Mathematics Learning Resource Center (MLRC) is intended to be the hub of undergraduate mathematics instruction at OSU. The MLRC is located in the basement of South Murray Hall and is open to students on a walk-in basis. The MLRC consists of a 40-station networked microcomputer lab, a 10-station videolab, and a tutoring room. Instructional software and several programming languages are available, as is a library of video cassettes that contain lessons on almost all levels of mathematics courses through calculus and differential equations.

Undergraduate students majoring in mathematics are available in the Center to tutor students and to assist students in the use of the equipment.

Psychological Services Center

The Psychological Services Center was established in 1971 as a training, service and research facility at Oklahoma State University. It is operated by the Department of Psychology through the College of Arts and Sciences, and the College of Education. It is located in 118 North Murray on the OSU campus. The building is accessible to the handicapped.

Services are provided to children, adolescents and adults and are available to residents of Stillwater and the surrounding community as well as OSU students, faculty and staff. The Center offers a variety of psychological services such as but not limited to: individual, group, family, and marital therapy; parent counseling and training; play therapy for children; treatment of phobias and anxiety disorders; relaxation training; assertiveness training; stress management; depression; intellectual, personality, and neuropsychological assessment; assessment of attention deficit and learning disorders; and school consultation.

The Center's staff includes master's, doctoral, and postdoctoral students in
the clinical, counseling and school psychology training programs, that are accredited by the American Psychological Association. The staff also includes supervising clinical, counseling, and school psychologists from the Department of Psychology and the School of Applied Health and Educational Psychology. Although the exact composition of the staff may change from year to year, the staff is generally composed of individuals from diverse ethnic and cultural backgrounds.

There is a graduated fee structure ranging from $10 to $80 per session, depending on one’s financial situation.

The Center is open from 8:00 a.m. until 9:00 p.m. Monday, Tuesday and Thursday. On Wednesday and Friday, it is open from 8:00 a.m. until 5:00 p.m. Appointments can be made by contacting the Center.

Special Facilities

Bartlett Center for the Studio Arts and the Gardiner Art Gallery

Old Gardiner Hall, as the Bartlett Center was formerly known, was built in 1910 as a women’s residence hall and has served also as a classroom building for women’s physical education, speech, agriculture extension and the College of Business. The building was named to recognize Maude Gardiner, founder of the University’s home economics program. Gardiner Hall was renamed the Bartlett Center when Mr. and Mrs. F. M. “Pete” Bartlett gave Oklahoma State University a generous gift designated for the renovation of the hall.

The Bartlett Center has greatly enhanced the image of the visual arts at OSU. The Center provides activities which have brought regional and national recognition to OSU in the visual arts. The department contains eleven studios, and two computer laboratories, a computer lab, and a 3-D lab. The special features of the center include computerized environmental control systems; motorized windows, blinds, and draperies; and adjustable-height work centers. The center provides a base of knowledge for students, builders, architects, interior designers, and other professionals who work with clients experiencing life span changes.

Colvin Recreation Center

The Colvin Center, one of the finest facilities in the nation, encompasses a wide variety of organized and informal recreation activities for all University students. Campus recreation programs include intramurals, sports clubs, cardiovascular fitness, non-credit activity classes and outdoor recreation programs. Activity areas include racquetball, indoor and outdoor swimming, fencing, billiards, dance, golf, table tennis, wrestling, weight-lifting, basketball, volleyball, badminton, squash and indoor climbing wall. Over 50 intramural activities are conducted for women, men and co-rec (co-ed) teams.

Outdoor facilities available for student recreational use include tennis courts, basketball courts, archery range, golf driving range, jogging track and fields for soccer, rugby, football and softball. Facilities are also available at Lake Carl Blackwell and Camp Redlands for a challenge course, sailing, canoeing and crew. Additional information about recreation programs may be found in the “Student Life” section, and on the Internet (http://home.okstate.edu/homepages.nsf/toc/osurechome.html).

Oklahoma Museum of Higher Education-Old Central

Historic Old Central, dedicated June 15, 1894, was the first permanent building on campus. Classes began in the new "ultra-modern" structure September 12, 1894. Originally referred to as "The College," this building housed both academic and administration for six years. In 1900, the Department of Chemistry moved from the basement of the College to a new building; in 1906 administration moved into the new Morrill Hall.

The Friends of the Oklahoma Museum of Higher Education (OMHE) is a group composed of influential Oklahomans interested in raising funds to complete development of the museum. In 1994 the Oklahoma Higher Education Hall of Fame, created by the Friends, inducted the first members. The Hall of Fame currently displays 60 prominent educators, administrators and supporters from all areas of Oklahoma. Inductions occur annually in October from nominations made by alumni, colleagues, friends and family; nomination forms are available at the museum.

When fully developed, OMHE will represent all higher education institutions in Oklahoma. Current exhibits center on OAMC/OSU’s well documented history. One room contains an exhibit on Bacon College, at Muskogee, the oldest continuously operating school in the state (1880). Rotating exhibits feature selected educational institutions in Oklahoma.

Major structural restoration has been completed to present Old Central as it was in 1894. Interior photos published in the 1894-95 Catalog are being used as guides for re-creating five period rooms.

Tour groups, orientation classes and group use of Old Central can be arranged at the museum office, or by calling (405) 744-2828. (Classes are not charged and education-related groups are given preferential rates. OSU groups are not charged for use during regular museum hours; they are charged for usage for other times.) Museum hours are 9:00 a.m. to 5:00 p.m. Tuesday through Friday, and 10:00 a.m. to 4:00 p.m. Saturday; closed Sunday, Monday, and state holidays. (Home football game day hours are adjusted according to game time.) Donations of $1.00 per adult and 50 cents per child are requested, but not mandatory; any amount helps keep
OSU Libraries

The OSU Library is a premier electronic library, with four branch libraries and a combined collection of two million volumes, 17,550 serials, more than 2.7 million microforms and 240,000 maps and aerial photographs. Its primary mission is to serve as the "intellectual commons" of the University, providing high-quality resources, services, and gateways to information to meet the needs of OSU’s diverse instructional, research and outreach programs. To fulfill this continuing role effectively, the Library strives to be flexible and responsive to the needs of its constituents, to emphasize cooperative arrangements with other libraries, and to maximize the application of state-of-the-art technology to facilitate speedier and ever wider access to needed information.

The OSU Library subscribes to more than 120 specialized databases to assist students, faculty and staff in their research. A growing number of these databases provide access to the full text of documents. Members of the OSU community can access dozens of these resources (including online, full-text journals with more than 5,000 titles), regardless of their location, from any computer with Internet access and a Web browser. Library users can submit interlibrary loan requests and book renewal requests electronically using forms on the Library’s Web pages. Many users are taking advantage of the Library’s Electronic Reserves to provide access to supplemental course materials. The Library offers a variety of free training sessions throughout the year, including sessions on using the Library’s Online Catalog and other databases, searching the Web, creating Web pages, and using the student electronic mail system.

Government Documents. Many people consider the OSU Library’s Documents Department to be the best Regional Depository for U.S. Government publications in the Southwest. Non-depository materials as well as publications of the state of Oklahoma, foreign governments, and international organizations are obtained to support fields of interest to OSU. The Documents Department has a growing collection of indices and data files issued by the United States and commercial companies. These files include the 1990 Census, the 1992 Economic Census and indices to congressional publications and international trade information. Whenever possible, the department provides Internet access to U.S. government information via the OSU Library’s Internet site (www.library.okstate.edu).

M. B. Seretean Center for the Performing Arts

The M.B. Seretean Center for the Performing Arts provides a modern and well-equipped home for the departments of Music and Theater. Constructed in 1970 at a cost of three million dollars and named in honor of its principal benefactor, M.B. “Bud” Seretean, a 1947 OSU graduate, the Center is the focal point of all major dramatic and musical events on the OSU campus. The center’s 75,000 square feet include the 900-seat Concert Hall and the 600-seat Vivia Locke Theatre which attract a myriad of fine arts activities such as ballet, concerts, mime, opera, plays, faculty and student recitals, and a host of summer conventions.

In addition to the auditorium and theatre, the Seretean Center houses teaching studios for music, a variety of classrooms, a specially-designed choral room, a rehearsal hall for band and orchestra, costume and scene shops, and a well-equipped audio center, all designed to provide an excellent atmosphere in Oklahoma for the teaching of the fine arts.

Student Union

The primary purpose of the OSU Student Union is to serve the members of the University community through an organization that provides a myriad of necessary and convenient goods and services; offers programs to enhance the educational, social, cultural, and leadership development of individuals; and fosters an atmosphere conducive to open interaction and exchange among all students, faculty, staff, alumni and guests.

Dating back to 1815, college unions have always been thought of as "places where all may meet on common ground." In their early years, the college unions were debating halls for university students. Through the years, student unions have added to these halls such facilities as recreation centers, dining halls and meeting rooms. Today student unions bring together students, faculty, staff, alumni and guests in a friendly, casual atmosphere. They are not merely buildings, but serve as the community center—the heart of the campus.

The OSU Student Union is certainly no exception to this tradition as it has been serving the University community and state since opening in 1950. With a facility consisting of 611,652 square feet, it stands as the largest and most comprehensive union in the world. It provides the University with such services as an 81-room hotel, the Bookstore, a variety of lounges, a theater, extensive food services, a shopping mall, a post office, a travel agency and many University offices.

The Student Union is the center of campus life as it houses the offices for major student organizations. Many activities such as movies, dances and speakers are provided for students by the Union’s student programming organization, the Student Union Activities Board.

Through its conference center, the Student Union hosts many continuing education conferences throughout the year. The variety of meeting rooms located throughout the Union are also available for OSU student organizations and faculty meetings, normally at no charge.

Although the OSU Student Union’s annual budget exceeds $14 million, less than 10 percent of the total cost of operating the Union is funded from student fees. As the Union receives no state funds for its operations, the remainder of its budget is generated from the sale of goods and services, thereby making it virtually a self-supporting University facility.

Telecommunications Center

The Telecommunications Center is a visible commitment to the University’s desire to keep pace with the communications revolution. Educational Televison Services (ETS) occupies the facility and is equipped with two independent, fully operational studios with a capacity of eight cameras. A third studio is a self-contained, instructor-controlled, classroom-style studio for videotaping courses and live two-way presentations via compressed video fiber optic lines. There are two off-line and one on-line editing suites and two remote camera units.

ETS has the ability to transmit or receive on either the C-band or Ku-band satellite format, including using a Ku-band satellite truck from remote locations. ETS produces over 1400 live and taped programs per year consisting of video teleconferences, educational programs, documentaries, OSU classes, video training tapes, and public service announcements for the University, state agencies and for state and federal grants.

ETS employs a full-time staff of 35 in the areas of production, engineering and art. Each of these areas is also staffed...
with students working to earn practical experience under the guidance of professionals. For those students who meet the prerequisites, who are conscientious and who are willing to work, there are three methods of entry into employment at ETS. One method is through an internship which allows the student to earn college credit. Another method is through part-time employment at ETS, usually reserved for those students who have completed an internship, and the third is through the University’s work-study program.

**Wellness Center**

The OSU Wellness Center offers a variety of health-related programs for all OSU students. These programs include free wellness screening (cholesterol, blood pressure, body composition, and computerized health risk appraisal), nutrition counseling, wellness education classes, certification of aerobics and weight training instructors, and campus-wide health promotion activities.

The Wellness Center offers opportunities to undergraduate and graduate students to participate in practicum and internship programs in the disciplines of computer science, counseling and psychology, exercise science, health education, marketing, nutrition, pre-physical therapy, and wellness.

The Wellness Center houses a 140-seat theater, demonstration kitchen and dining room, aerobics area, weight room, computer lab, resource center, a full-service wellness laboratory, and physical therapy clinic. These rooms are available to OSU student groups for OSU-sponsored events, in cooperation with the Wellness Center.

**Campus Life**

- **Kent Sampson**, Director, Campus Life
- **Bonnie Dudley-Schroeder**, Administrative Assistant, Campus Life
- **Joe Ray**, Coordinator, Allied Arts & Special Events
- **Ival Gregory**, Manager, Greek Life
- **Pamela Walters-Wilson**, Coordinator, Greek Life
- **Regina Henry**, Coordinator of Immigrations, ISS
- **Tim Huff**, Manager, International Students and Scholars
- **Stephen Haseley**, Manager, Leadership Development
- **Marie Basler**, Coordinator, Nontraditional Student Services
- **Muhrizah Brunken**, Coordinator, SUAB and Student Union Programs
- **Joyce Montgomery**, Coordinator, Volunteer Center

The Department of Campus Life is in the forefront of co-curricular activities on campus. It is responsible for the facilitation and implementation of programming for students and student organizations at the University. Campus Life’s commitment is to provide an environment that encourages interaction among students, faculty, staff and the community at large through organizations to provide the best quality of services with integrity and respect for a diverse population.

The Campus Life Center services, 060 Student Union, include Student Union display case scheduling, insurance for OSU sponsored trips, a calendar of events, scheduling of Bennett Chapel, notary public, registering posters, fliers and signs, scheduling use of campus grounds, student organization records, motor pool requests, campus work orders for student groups, scholarship and membership applications, and a resource center that offers a wide variety of brochures on various subjects.

Campus Life at OSU encompasses these administrative and programming areas:

**Allied Arts**

Allied Arts is the oldest university performing arts series in Oklahoma. The program has brought thousands of outstanding performances to Stillwater, as part of its mission to enrich university life and provide the university community with a broad range of professional musical, dance and theatrical events. Allied Arts performances are selected by a committee composed of students, faculty and staff, and each year five or six performances are scheduled for the series. Students, faculty and staff can purchase a subscription for all events, or individual tickets to specific shows. For ticket information and schedule, contact the Allied Arts office.

**Greek Life**

Oklahoma State University benefits from the presence of 19 national Interfraternity Conference Fraternities, 11 National Panhellenic Conference Sororities, and six National Panhellenic Council Fraternities and Sororities. The Greek experience stresses campus and community involvement, academic excellence, leadership, athletic competition, and professional development. Greek life has been a part of OSU since 1917. The system provides student leaders with the opportunity to participate in a wide variety of activities, including numerous philanthropies that Greek members support. The Department of Greek Life, located in OSU Student Union, provides guidance and resources to all Greek organizations. The full-time staff consists of Greek alumni who have extensive background and knowledge of the Greek system.

**Honor and Service Organizations**

OSU offers opportunities for personal and professional development through many nationally-affiliated honor and service organizations. These organizations provide opportunities for leadership and program development, new friendships and recognition of achievement. University-wide organizations include:

- **Blue Key** (junior and senior honor society)
- **Golden Key** (junior and senior honor society)
- **Iota Kappa** (honor society for sophomores)
- **Mortar Board** (junior and senior honor society)
- **National Society of Collegiate Scholars**
- **Orange and Black Quill** (honor society for juniors)
- **Order of Omega** (honor society for sorority and fraternity members)
- **Phi Eta Sigma** (freshman and sophomore honor society)
- **Phi Kappa Phi** (national honor society for seniors and graduate students)

(See college sections for organizations within each college.)
International Students and Scholars

The International Students and Scholars (ISS) office provides assistance to more than 2,000 international students and scholars from countries as far away as Singapore and Zambia and as close as Canada and Mexico. The goals of the office are to assist international students to: learn about their new surroundings; use the resources of the University and community; and be advocates for students throughout the University and the community.

The staff in the International Students and Scholars office is responsible for advisement to students and faculty on matters which are unique to international students and scholars. Personal consultation, financial planning, liaison with embassies, consulates and sponsors, legal referrals, academic referrals, immigration matters, and orientation programs, are among the services offered. Non-immigrant students and scholars can apply for internal-employment clearances in the office.

Pre-arrival information is sent to new students. Orientation and assistance with housing, banking, enrollment, etc., are offered to newly-arrived students. A newsletter is published monthly, as well as weekly updates to the list ISS information is located on the Internet. ISS presents a variety of programs throughout the year in which student volunteers participate and assist.

The International Students and Scholars office encourages international and American students, faculty, staff and community members to use its services and participate in the programs.

Lectures

Oklahoma State University, through its academic organizations and student groups, has a significant number of speakers each year, enriching the intellectual life on campus. Individuals, from both off-campus and on-campus, share their expertise with faculty, students, staff, and town’s people on a wide variety of topics.

Many of the academic units as well as student groups invite speakers to their meetings in order to enhance the educational component of the University. These lectures are generally of interest to specific academic areas, rather than to the general campus. The Student Government Association, through its Speaker’s Board, brings major figures in politics, entertainment, and business to the campus. The Student Union Activities Board also has a speaker’s program related to topics of general student interest. Other student organizations conduct active lecture programs concerning their interest areas.

Allied Arts conducts lecture-demonstrations in conjunction with a number of its classical arts performances. In this manner, students can gain additional knowledge of classical arts and artists.

Nontraditional Student Services

The primary goal is to assist nontraditional students, anyone with at least a two-year break in education, by providing support, information and referrals. The coordinator serves as a resource person for the entire campus community and seeks to raise the awareness of faculty, administrators and students with regard to the needs of this special group. All nontraditional students are encouraged to stop by the Campus Life Center to discuss their concerns or questions. The coordinator also advises students who have rent-related difficulties, such as landlord disputes, or who are looking for housing off-campus.

Campus Recreation

Campus recreation programs are designed to provide equipment, space and professional assistance in helping University students, staff members, and their families pursue individual recreation interests. Located in the Colvin Recreation Center and Annex are facilities for 32 activities including racquetball, climbing wall, basketball and swimming. In addition, areas for soccer, football, rugby, softball, archery, tennis, jogging, sailing, canoeing and hiking are made available for student and staff use.

Personal Enhancement Program. The staff of the Colvin Recreation Center offers a variety of noncredit classes each semester to students, faculty and staff. All land aerobic classes are free of charge to students. Other instructional programs for adults include CPR, first aid, lifeguarding, scuba, swimming, tennis, ballroom and swing, martial arts, water aerobics, tai chi, yoga. A summer day camp for children, ages 6-12, emphasizes physical activity. Swim lessons are also available to children during the summer session.

Intramural Sports. The vision of the intramural sports program is to improve the quality of life at OSU, and the mission is to develop students mentally and physically, provide quality programs and services, and to encourage all participants to value recreation. These programs are important for all students attending OSU because they provide an opportunity to meet new people, cultivate present relationships by participating with friends, and stimulate personal physical fitness through sports. Programs are available at differing skill levels, as well as opportunities to compete in specific divisions for men, women and co-recreational leagues. With over 50 activities to choose from, intramural sports offers something for every student.

Sports Clubs. The campus recreation program advises and helps organize the active sport clubs on campus, which are governed by the Sports Club Council. The Council is chartered by the University and its officers are elected students. This Council develops sports club policies, sets priorities, and functions as the official representative for all sports clubs. The campus recreation program provides the adviser for this Council. Membership in all sports clubs is open to all students. If a group of students is interested in starting a sports club, the coordinator will assist them.

Outdoor Adventure. The goal of Outdoor Adventure is to provide opportunities for fun, adventure, education and excitement. With a variety of local, national and international trips as well as workshops at all skill levels, opportunities are provided for enrichment for the whole community.

In addition to trips and workshops, an extensive low-and high-elements challenge course is offered at Camp Redlands. A state-of-the-art indoor climbing facility is also available in the Colvin Recreation Center. To facilitate the trips program, as well as the University and local communities’ pursuits, the Outdoor Adventure Rental Shop in the Colvin Recreation Center provides access to everything from in-line skates to sleeping bags.

Whether it is sea kayaking in the Baja Peninsula, a day at the challenge course, or the annual climbing competition, the common elements in all programs are quality leadership and lots of fun.
Religious Life

Campus religious centers, supported by state and national church bodies specifically to serve the University community, provide opportunity for worship in both traditional and contemporary services; religious education commensurate with higher learning for the development of the whole person; counseling that maintains a spiritual basis for the cohesion and meaning of life; and social activities which allow relationships and life views to deepen. The 18 religious centers have strategic locations close to campus and, in addition to their own ministry, coordinate many of their efforts with each other and the University administration through the Association of University Ministries.

Residential Area Organizations

Residence halls, suites and apartments are popular places to live on the OSU campus. The housing and food service programs have a proud tradition of excellence recognized nationwide. Much of the success of the residence halls, suites and apartments is the strong and vital student government system consisting of floor governments, councils for each hall or complex and the Residence Halls Association, which represents all halls, suites and apartments on campus.

The Residence Halls Association acts as the voice of residential area students to the University administration concerning policies and regulations, and coordinates campus-wide activities for the enrichment of residential area living. All residence halls, suites and apartments on campus combine to form the Residence Halls Association (RHA). Each hall, suite and apartment has its own elected officers and constitution, and is a part of the RHA system of representative government. There are numerous opportunities for involvement in the hall, suites and apartments, such as floor officer, social committees, food committees, and sports and athletic activities.

Student Development Transcript

The Student Development Transcript (SDT) gives OSU students the opportunity to record their co-curricular activities in a format similar to an academic transcript. Involvement in all campus organizations and volunteer service may be included. The transcript can be used with applications for scholarships, honorary organizations and with resumes for job applications. Contact the Campus Life office for more information on this valuable tool.

Student Union Programs

Student Union Programs (SUP) offer a variety of programs and activities for the campus and Stillwater communities, including Cowboy Christmas and Cowboy Country arts and crafts fairs, Holiday Interlude and the Madrigal Dinner Concert. SUP also presents regular evening programs in the Union, including bingo, casino night, coffeehouse and world culture programs. Late Night in the Union, a special finals week program providing a free pancake breakfast for students is held at the end of every semester. SUP also provides musical entertainment in the Food Court during lunch hour on a regular basis as well as summer programs for students, faculty, staff and their families. The Student Union Activities Board (SUAB) provides diverse activities and events for students and the OSU community. SUAB coordinates special cultural, educational, and thought-provoking events such as Freshman Follies, the Bonfire Bash, Springfest, and Network Event Theatre first run movies.

Theater

Live theater productions are an important part of the cultural life of the campus. OSU Theatre produces six to eight plays each academic year from a wide variety of dramatic and musical theater literature. Two separate productions series are offered. Each year, four fully-mounted large-scale productions are presented in the 600-seat Vivia Locke Theatre. Two to four student-directed, designed and performed studio productions are presented in the 100-seat Gundersen Studio Theatre. Each production’s cast and crews are made up of theater majors and minors as well as nonmajors from across the campus. Auditions are open to all students on campus regardless of major.

Volunteer Center

The Volunteer Center serves students, staff and faculty at OSU. The goal is to introduce volunteerism as a way to bring together different groups of people on campus and within the Stillwater community. Volunteering helps build transferable work skills, and such experiences are also important to be reflected in a resume. Volunteering can also help one gain experience in one’s major area of study or another area of interest.

Alumni Programs and Services

The OSU Alumni Association (OSUAA) serves as a connection between alumni and the University. Its mission is to provide services to its members and alumni, and to support the needs of Oklahoma State University, its students, faculty, staff and friends.

Membership is open to all graduates, former students and friends of Oklahoma State University. Members may join through an annual membership fee or a one-time life membership fee.

The OSU Alumni Association offers a wide variety of benefits to its members through information and news about OSU, discounts on insurance, hotel rooms, rental cars and moving expenses; opportunities for business networking; student scholarships; chapter activities; special events on campus, including Homecoming; alumni awards; and travel packages.

Communication. The OSU Alumni Association communicates with its members in a variety of ways, including the Internet (www.okstate.alumni.org) and via electronic mail. Alumni Association members receive the award-winning OSU Magazine and the OSU Spirit.

Chapters. OSUAA has about 50 alumni chapters across Oklahoma, and additional chapters in such cities as Houston, Dallas, Atlanta, Austin, Washington, D.C., Chicaco and Denver. Chapter activities include alumni networking, student scholarships, athletic event watch parties, and other programs that support OSU.

Homecoming. OSU’s award-winning Homecoming is one of the few homecoming celebrations in the country jointly coordinated by students and alumni. The OSUAA provides staff support to student committees selected each year. Homecoming includes a variety of events, including the Harvest Carnival for children; the popular WalkAround, where Homecoming decorations are viewed by thousands of spectators; a pep rally; a parade; and the crowning of Homecoming royalty at halftime of the football game.

Student Recruitment. The OSU Alumni Association helps alumni chapters sponsor programs for the top academic achievers in Oklahoma’s high schools. Alumni also help recruit out-of-state students.
students and provide scholarships to students in their areas.

Alumni Awards. The OSU Alumni Association administers and produces four award programs each year. The awards are the Alumni Hall of Fame, Distin-
guished Alumni and Distinguished Inter-
national Alumni, Alumni Service and Top Ten Seniors. The awards recognize personal and professional achievements and service to OSU and the Alumni Asso-
ciation.

Travel. The OSU Alumni Association offers educational and fun travel pack-
eges to locations around the world.

Cowboys for Higher Education. The OSU Alumni Association provides alumni the opportunity to be advocates for OSU at the legislative level.

OSU Foundation

The OSU Foundation was created in 1961 with the basic mission of finding private donors who were interested in providing additional scholarships for the best minds and finest leaders Oklahoma’s high schools had to offer. The OSU Foundation is the only agency designated to solicit, receive and admin-
ister all private gifts on behalf of OSU. Although it is a separate corporation, the OSU Foundation maintains a close and cooperative working relationship with the University. The mission of the OSU Foundation is to secure and manage private support for the Oklahoma State University system. The Foundation exists to support Okla-
homa State University in its mission to provide its students with exceptional academic experiences, to conduct scholarly research and other creative activities that advance fundamental knowledge, and to disseminate knowl-
edge to the people of Oklahoma and the world.

OSU-Oklahoma City

Jerry Carroll, Provost and President of Oklahoma State University-
Oklahoma City
Brenda J. Harrison, Vice-President for Academic Affairs
Jerry Brooks, Vice-President for Finance and Operations
Phillip Birdine, Vice-President for Student Services

Oklahoma State University-Oklahoma City (OSU-OKC) is a North Central Asso-
ciation accredited, state-assisted public two-year college serving one of the fast-
est growing metropolitan cities in the country. Located in the heart of Okla-
ahoma City at the crossroads of Interstate 44 and Interstate 40, this campus enrolls approximately 4,500 full- and part-time students each semester. OSU-OKC has grown from a campus of one building with fewer than 100 students in 1961 to a campus that today consists of 80 acres, nine modern buildings, 227 faculty mem-
bers, and a staff of 157 caring and com-
mitt ed people.

Offering 23 associate in applied sci-
ence degree programs, eight associate of science programs, a variety of certifi-
cation programs, and developmental edu-
cation courses, the Oklahoma City cam-
pus takes pride in its student-centered approach to collegiate education. Curr-
iculum is designed in response to local employment needs and input from pro-
fessionals who serve on OSU-OKC advis-
ory committees. All energies are di-
rected toward one goal—blending both academic and student support services to create a collegiate educational experi-
ence—that addresses the needs of the individual student. Degrees awarded at OSU-OKC are listed below.

Associate In Applied Science. The Associate in Applied Science degree signifies the completion of at least 60 semester credit hours of collegiate course work that will place the graduate on a career path. Oklahoma State Uni-
versity-Oklahoma City offers 23 Associate in Applied Science degree programs in five divisional areas.

Agriculture Technology
  Horticulture Technology
  Veterinary Technology (A.A.S.)

Business Technology
  Accounting
  Computer Information Systems
  Management
  Quality Management
  Technical Communications

Engineering Technology
  Aerospace Technology
  Architectural Technology
  Civil Engineering Technology
  Construction Technology
  Electronics Engineering Technology
  Fire Protection Technology
  General Engineering Technology
  Heating, Ventilation and Air Conditioning Technology (HVAC)
  Industrial Drafting and Design Technology
  Occupational and Environmental Safety
  Surveying Technology

Health Services
  Nurse Science

Human Services
  Crime Victim/Survivor Services
  Early Care
  Education Administration
  Interpreter Training
  Municipal Fire Protection
  Police Science

Cooperative Programs
  Crime Victim/Survivor Services, with Northern Oklahoma College
  Nurse Science, with Panhandle State University

Associate of Science. The Associate of Science degree is a program designed for transfer to an upper-division baccalaureate degree program. The Associate of Science degree is typically awarded to those who wish to major in subjects with heavy undergraduate requirements in mathematics and science, including, but not limited to, fields such as engineering and agriculture. It represents successful completion of a minimum of 60 credit hours, excluding any physical education courses. Oklahoma State University-
Oklahoma City offers eight Associate of Science degree programs.

Agriculture Technology
  Horticulture Technology

Arts and Sciences

  Social Sciences

Oklahoma State University   39
Philosophy, Oklahoma State University-Oklahoma City operates in the belief that each person should be treated with dignity and respect; afforded equal opportunity to acquire a complete educational experience; given an opportunity to discover and develop special aptitudes and insights; and provided an opportunity to be equipped for a fulfilling life and responsible citizenship in a world characterized by change.

The Mission. The mission of Oklahoma State University-Oklahoma City is to provide collegiate level career and transfer educational programs and supportive services, that will prepare individuals to live and work in an increasingly technological and global community.

Institutional Effectiveness. The Institutional Effectiveness effort provides for a long-term commitment to institutional change through assuring effective, ongoing institutional self-study processes. These efforts are an integral part of institutional decision-making system and the student learning and growth process. The purpose of the Institutional Effectiveness effort on campus is to ensure that systems are in place that: determine institutional effectiveness, are improvement oriented, maximize limited resources, provides meaningful and quality information to faculty, service providers and students to assist in decision making, provide an effective guide for future planning.

The process for determining institutional effectiveness is linked to the major functions of the mission—to provide collegiate-level career and transfer educational programs and supportive services, developmental education, continuing education, and access that will prepare individuals to live and work in an increasingly technological and global community. It is driven by a process of critical self-examination and is directly related to improving curriculum and the quality of teaching and learning within the institution. OSU-OKC’s plan calls for a continuous quality improvement process across the campus that engages faculty in thinking about the purpose and mission of education; and ultimately develops a program that will assess and document student academic achievement.

Functions of OSU-OKC. OSU-OKC maintains an open-door policy that provides access to higher education for all eligible individuals, and treats all students fairly and equally and with no discrimination, regardless of social, economic or academic background. It provides learning opportunities for students to complete an Associate in Applied Science degree, an Associate of Science degree or Certificate Program primarily in technical education. It prepares students for upper-division academic study at a four-year college or university.

When appropriate, OSU-OKC participates in reciprocal and cooperative relationships with educational and various other types of institutions.

OSU-OKC provides students the opportunity to acquire the knowledge and skills that enable them to accomplish specified career or personal educational goals. It provides a developmental studies program to enable students to be successful at the college level. It provides a complete student services program, including academic advisement, career planning and placement, enrollment management, counseling services, judicial programs and services, admissions and records, minority student programs and services, veterans services, student activities, financial aid, assessment, student support services and child care.

OSU-OKC conducts workshops, seminars and conferences to accommodate the needs of local business, industry and community groups on a noncredit basis. It engages in a broad campus-wide program of assessment and improvement, including regular and systematic review of program and funding sources, in order to conduct long- and short-range planning, and to provide and encourage faculty and staff development activities to meet stated goals and to improve efficiency and effectiveness.

OSU-Okmulgee

Robert Klabenos, Provost and President of Oklahoma State University-Okmulgee

Linda Avant, Associate Vice President, Academic Support and Development

Sandra Massey, Interim Dean, Student Support and Development

Ken Morris, Vice Provost, Business Services

Larry Williams, Vice President for University Services and Advancement

Oklahoma State University-Okmulgee offers collegiate advancing technology programs of study that culminate in an associate in applied science degree. This residential branch campus is noted for the quality of its facilities and equipment, as well as its benchmark quality of technological and academic education.

OSU-Okmulgee’s core curriculum is as diverse and innovative as its student body. Individuals receive the comprehensive education required to prepare them as competitive members of a world-class workforce and to be contributing members of society.

OSU-Okmulgee offers more than 35 degrees and six diplomas in addition to the General Studies department for students who are undecided about their majors. Included in the diversified instructional departments are the following fields of study: air conditioning and refrigeration technology; automotive technology; business technology; computer systems technology; construction technology; diesel and heavy equipment technology; electrical and electronics technology; engineering graphics technology; hospitality services technology; distinctive manufacturing technology; small business occupations; and visual communications.

OSU-Okmulgee’s college credit courses are unique in Oklahoma. The Okmulgee campus blends the best of emerging technologies, enhanced computer applications and general education to prepare students for rewarding careers in business and industry. The comprehensive higher education received by students at OSU-Okmulgee makes these students highly marketable. Graduates from the college usually go directly from graduation to a waiting job and a bright future in terms of potential advancement. Today, there are OSU-Okmulgee graduates with outstanding skills and professional ethics working in jobs in virtually every corner of the world. The educational experience at OSU-Okmulgee is "hands on" from the day the student enters college.

OSU-Okmulgee operates on a year-round, three semester basis. New semesters begin in early January, late April and late August, each lasting for 15 weeks. The academic programs offered each semester are complemented by contemporary facilities and state-of-the-art instructional equipment.

The first college in the state to issue a warranty for its graduates, and the developer of the model adopted throughout Oklahoma, OSU-Okmulgee awards a Graduate Performance Guarantee. This guarantee assures the student and first employer that the graduate will enter the workplace with a set of pre-determined skills and competencies. The Graduate Performance Guarantee from OSU-Okmulgee is a "win-win" situation for the student, the campus, business and industry. The Graduate Performance Guarantee is tangible evidence of the confidence in the quality of the comprehensive high technology education offered to students at OSU-Okmulgee.
Oklahoma State University-Okmulgee is located at 1801 E. 4th Street, Okmulgee, Oklahoma 74447-3901. The toll-free phone number at OSU-Okmulgee is 1-800-722-4471. Information can also be found on the Internet site (www.osu-okmulgee.edu).

OSU-Tulsa

Gary L. Trennepohl, President
Anthony Brown, Interim Associate Vice-President for Academic Affairs

Oklahoma State University, Langston University, Northeastern State University, and the University of Oklahoma offer undergraduate and graduate courses at OSU-Tulsa. Each institution is authorized to offer specific degree and certificate programs. For undergraduate programs, lower-division courses (1000- and 2000-level) are available at Tulsa Community College. Upper-division courses (3000- and 4000-level) are offered at OSU-Tulsa by the institution delivering the degree program. Both master and doctoral level graduate degrees are available.

Each student wishing to attend OSU-Tulsa must be admitted to one of the four participating institutions. A student must seek admission into the university offering the academic degree program of choice. All students must comply with admission procedures of their home university. Once admitted, regulations published in the home university catalog govern the student’s pursuit and completion of the degree program.

Each participating university provides admission, financial aid and academic advising services at OSU-Tulsa. Financial aid for students is available through their home universities. Scholarships are also available from OSU-Tulsa. Students must enroll and pay tuition at OSU-Tulsa. The students’ home university maintains their official academic records and transcripts. Faculty are hired by the university offering the degree program. Upon completion of an academic program, the student’s home university grants the degree. Students are responsible for making certain each course taken will apply toward the chosen degree or certificate program. Courses taken from other participating universities are treated as transfer credit courses. Transfer credit hours are applied to a student’s degree program in accordance with regulations of the student’s home university.

OSU-Tulsa is administered by a Board of Trustees and under the governing authority of the OSU Board of Regents.

Classes are held at 700 N. Greenwood Ave., Tulsa, OK 74106-0700. Semester class schedules are published by OSU-Tulsa and distributed on the Stillwater campus through the OSU Office of Admissions and the Graduate College. For more information, contact the OSU-Tulsa campus at 918-594-8270 or visit the OSU-Tulsa Internet site (www.osu-tulsa.okstate.edu).

Regents’ Resolution on Disruption of the Educational Process

A resolution of the Board of Regents for Oklahoma State University to further clarify existing student regulations. Section 1, “Legal Obligation of the Student,” as it pertains to the disruption of the educational process, was adopted in the regular monthly meeting at Stillwater, Oklahoma, on July 11, 1970:

Be it resolved by the Board of Regents of Oklahoma State University:

I. That this statement known as “Emergency Disciplinary Procedure in Cases of Disruption to the University’s Educational Process” containing the following provisions be enacted:

A. Definition of Disruptive Conduct

Oklahoma State University has long honored the right of the individual to free discussion and expression, of peaceful demonstration, and of petition and peaceful assembly. That these rights are a part of the fabric of this institution and of the nation as stated in the Bill of Rights is not questioned. They must remain secure. It is equally clear, however, that in a community of learning, willful disruption of the educational process, destruction of property, and interference with the rights of other members of the community cannot be tolerated.

B. Responsibility of the Student

Any student, who willfully by use of violence, force, coercion, threat, intimidation or fear, obstructs, disrupts or attempts to obstruct or disrupt, the normal operations or functions of the University, or who orally or in writing advises, procures, or incites others to do so, shall be subject to dismissal from the University.

The following, while not intended to be exclusive, illustrates the offenses encompassed herein: occupation of any University building or part thereof with intent to deprive others of its use; blocking the entrance or exit of any University building or corridor or room therein; setting fire to or by any other means substantially damaging any University building or property, or the property of others on University premises; any possession or display of or attempt or threat to use or use of firearms, explosives, other weapons or destructive means or devices, except as necessary for law enforcement, in any University building or on the University campus; prevention of the convening, continuation or orderly conduct of any University class or activity or of any lawful meeting or assembly in any University building or on the University campus; inciting or organizing attempts to prevent student attendance at classes; and, interfering with or blocking normal pedestrian or vehicular traffic on the University campus.

C. Responsibility of the President

When it appears that there is a violation of Section I-A or I-B, it shall be the duty of the president (and he or she is fully authorized to act) to take all steps which the president deems advisable to protect the assumed and designated interests of Oklahoma State University and to see that its rules, regulations and policies are enforced. The president shall ensure that any person or persons found guilty after proper hearing shall be disciplined in accordance with the existing Oklahoma State University student disciplinary regulations.

In carrying out these duties, the president may call upon any member of the University administration, or any member of the faculty, and the president may call upon any agency of the University created to deal with cases arising under Section A. Action by any state or federal court shall not preclude the University from exercising its disciplinary authority.

D. Responsibility of the Board of Regents

The Board of Regents recognizes that by the Constitution and Statutes it has the power to make such rules and regulations for the management of the University as it may deem necessary and expedient, not inconsistent with the Constitution and laws of the state. While the Regents fully appreciate their obligations in this respect, they further recognize that in dealing with those offenses against the University defined in Section A hereof, they must impose the duty and authority of enforcing the policies set forth herein in the principal executive officer of the University—the president. It will be the responsibility of the Board of Regents to furnish all possible assistance to the president when requested by the president.

II. Subject to the provisions of Sections I-A through I-D, it shall be the duty of the president to exercise full authority in the regulation of student conduct and in
Student Rights and Responsibilities

By enrolling at OSU, students accept the responsibility for complying with all applicable laws and University policies, while retaining the rights guaranteed under the Constitution of the United States. OSU expects students to show respect for the rights of others and for lawful authority, to represent themselves truthfully and accurately at all times, to respect private and public property, to fulfill contractual obligations including those that are financially made with the University, and to take responsibility for their own actions and the actions of their guests. Students are held accountable for their actions on and off campus in the Stillwater community.

In order to help ensure that students understand their rights and responsibilities, the OSU "Student Rights and Responsibilities Governing Student Behavior" policy statement codifies and clarifies major areas of student rights and responsibilities. The University makes this document available on the OSU homepage on the Internet. Additionally, printed copies may be obtained by students on request in the offices of the Executive Vice-President, the Vice-President for Student Affairs, the Associate Vice-President for Multicultural Affairs, Director of Affirmative Action, student academic services office of each college, Student Conduct Office, University Residential Life, Student Activities, the Student Union Information Desk and the Edmon Low Library Reserve Desk.

University Police Services

Public Safety

Philosophy and Service

The Oklahoma State University Police Department is dedicated to enhancing the opportunity for students, faculty and staff to participate in the educational experience by providing a safe, protected and orderly environment. As a service organization, the department offers a full range of police resources, including area patrols, criminal investigations, crime prevention, facilities security analysis, event planning, and parking management and enforcement. In addition, members of the department serve on University and community committees, provide training and specialized presentations to campus organizations and living groups, participate in the design and installation of safety and traffic control devices, and act as special advisors to all campus departments and administration. The professional police men and women, full-time staff members, and part-time employees are all handpicked to meet the high standards and multidimensional mission of a public safety department.

The OSU Police Department was recently the recipient of Community Policing grants allowing for an increase of sworn officers to a total of 32. The department employs a number of part-time employees (student employees) to perform low-threat duties such as parking enforcement, entrance and motorist assists, and selected assignments dealing with traffic and crowd control. Through efficient management of resources and success in gaining grant funding, the department continues to provide highly trained officers with state-of-the-art communications and police equipment.

Policies and procedures have been adopted that stress conservation of equipment and supplies. Grants from the Department of Justice and other sources have allowed the complete computerization of the records keeping, report writing and data management functions, as well as the hiring of six additional police officers. A problem-solving grant has focused attention on larcenies and thefts on campus, and has resulted in better methods of securing and protecting individual property. Overall, the department has gained more than four hundred thousand dollars in grant support to provide the OSU community with better protection and police services. All officers are trained in the principles of Community Oriented Policing.

OSU Police and cadet officers provide a positive image to visitors and members of the campus community, whether it is providing directions, parking information, or just a friendly welcome. Officers represent the University as a group of caring and professional people, intent upon enhancing a friendly community atmosphere. Necessary enforcement includes using alternatives to arrest when reasonable, and full cooperation with administrative services and functions that have an impact on student conduct. Enforcement efforts are geared toward providing a safe community.

OSU Police participation in athletic and special event staging and planning ensures that all aspects of safety and security of participants are considered. OSU Police officers provide professional crowd control and traffic regulation before, during, and after such events. As first responders to emergency situations, OSU Police are often cited by citizens for decisiveness and professionalism.

Students and staff find the OSU Police willing to share statistics, insights, and experiences as a basis for class reports or vocational interest. OSU Police managers seek proactive means to avoid problems and situations, whether it is suggesting added security measures, providing insight on planned activities, or using investigative analysis to assign a deterrent force.

For the OSU Police, "service" is not just a word or a part of a catchy slogan, but a way of life. People programs, such as motorist assistance, money escorts, and emergency notifications are a part of the department’s efforts to be involved in the community. OSU’s emergency phone system was recently updated and expanded, and there are currently 46 emergency phones strategically located on campus. These phones, with immediate response from the police, have been in operation since 1979 and are still being copied by other universities. The department employs 16 cadet officers for largely parking enforcement, but campus organizations needing reliable and professional-appearing drivers often arrange to use members of the cadet corps.

Operating under a 1989 grant from the Oklahoma Highway Safety Office, the OSU Police launched the program Campus Community Alcohol Safety Effort (C-CASE), aimed at promoting seatbelt use and educating citizens, primarily students, about the effects and penalties of alcohol use and abuse. A second
positive effect of the C-CASE effort was the strict enforcement of alcohol-related laws, that has shown dramatic results in getting the drunk driver off campus streets and consequentially preventing alcohol-related accidents. This program continues with a combination of education and enforcement efforts.

Thousands of visitors, campers, fishermen, and sightseers visit Lake Carl Blackwell and surrounding recreational areas. OSU Police officers provide friendly and efficient police protection, including lake patrol and rescue operations on the water.

Overall, the OSU Police Department believes in providing proactive law enforcement and service to the University community.

Crime Awareness

Security, Prevention, Statistics, Intervention

Crime

It is an unfortunate fact that criminal incidents of all types occur on college campuses. Many campuses around the country investigate and make public the nature of crimes, the number, and how they are investigated. Oklahoma State University subscribes to that approach and further believes that the public should know how active the OSU Police are in crime prevention and detection.

The OSU Police sponsor a number of special programs for faculty, staff and students designed to provide information about campus security practices and procedures. During freshman parents' orientation each summer and monthly new employee seminars, procedures, suggested practices, availability of pertinent information, and individual responsibilities are discussed. The OSU Police crime prevention staff provide additional safety and security programs as requested. (See also "Avoiding Victimization.")

The crime statistics for the past three years for OSU may be found on the Internet (www.osupd.okstate.edu.)

Reporting Crimes

Crime victims, regardless how seemingly insignificant the crime, are encouraged to promptly report the incident to the OSU Police or the appropriate police agency. To report a crime, a victim or witness need only call the police phone number, 311 (non-emergency) and 911 for emergencies, and a police officer will meet the person to gather the information. An official report is made with copies available to the victim. Each day the incidents from the previous day, excluding names, are summarized and made available to the OSU president, key OSU staff, other law enforcement agencies, the media, and published on the Public Safety Internet page. Each month the number of incidents in each category of crime are counted and reported to the Oklahoma State Bureau of Investigation, who in turn provides the information to the Federal Bureau of Investigation. Each year, the FBI publishes a book of crime statistics called Crime in the United States, that includes accurate accounting of the criminal incidents that occurred on the OSU campus. OSU has reported crime statistics in this manner since the FBI began publishing campus crime statistics in 1971.

Students and others are encouraged to report crimes or incidents to persons on campus with significant counseling responsibilities. The OSU Public Safety Department has further developed procedures for collecting information on crimes and violations pertaining to liquor laws, drug-related violations, and weapons violations from such counseling personnel and persons referred for campus disciplinary actions on these offenses. Such violations are published along with other criminal statistics.

Should a student need assistance in reporting crimes or incidents on or off campus, university counselors or police will provide guidance, direction or assistance.

Crimes in Progress

To report a crime in progress, a person, victim or witness, can dial 911 or use one of the outside emergency telephones, or call one of the police phone numbers. Either reporting method will stimulate the response of police, fire, ambulance, or other first responders. In addition, the victim of serious crimes can request support personnel, such as ministers, rape crisis or domestic violence counseling, during or after reporting.

Additionally, crime victims may be eligible for funds through victim compensation laws administered by the Office of the District Attorney.

Actual Crime at OSU

When comparing crime at OSU to other institutions of similar size, OSU's crime statistics are among the lowest. While a part of the former Big Eight athletic conference, OSU boasted having fewer crimes than any of the other Big Eight universities. As members of the Big Twelve conference, OSU had the lowest crime rate according to the 1999 UCR Part I crime statistics.

The crime and arrest statistics reported are those which occurred within the jurisdictional boundaries of campus. They do not include "off campus" organizations or "off campus" private housing; these are within the city's police jurisdiction. It is the responsibility of the Stillwater Police Department to monitor and record criminal activities at "off campus" organizations or "off campus" private housing. Crime statistics concerning these locations or areas are available at the Stillwater Police Department.

Crime Statistics

The OSU Public Safety Department collects and publishes crime statistics for the three most recent calendar years concerning the occurrence on campus, in or on non-campus buildings, or property and on public property adjacent to OSU, of the following offenses reported to the local police agencies or to the OSU Police: Criminal Homicide, Murder and Non-negligent Manslaughter, Negligent Manslaughter, Sex Offenses, Forcible Sex Offenses, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, and Arrests for liquor law violations, drug law violations, and illegal weapons possessions. Crime statistics are also reported by category of prejudice for any Hate Crimes reported.

All of these statistics are published on the OSU Public Safety Internet site (www.osupsd.okstate.edu) and are also available in paper form. A paper copy can be obtained by calling the Public Safety Office or by writing to OSU Public Safety, 104 USDA Building, OSU, Stillwater, OK 74078 or by requesting a copy electronically at the above Internet site.

Future

Although it is believed that the low incidence of crime will continue, this report is not intended to give a false sense of security. Crime will occur, but prevention efforts can be effective in reducing the opportunities for criminal activity. Citizens play a key role in crime prevention efforts by being cautious, careful, alert to personal safety and protective of personal and University possessions. The crime prevention tips noted below should be followed.

Security and Access Control

It is OSU’s policy to lock the doors of buildings that are not in use. However,
when working or studying in buildings after normal working hours, it is suggested that individual offices be locked, based upon an assumption that unrestricted access to the building is possible. Some buildings on campus are rarely locked, at the department’s request, since students study and work on projects all hours of the day and night. Again, individual offices should be locked by the user on a presumption that the building is accessible. Residence halls have open access between the hours of 6 a.m. to midnight, Sunday through Thursday, and 6 a.m. to 2 a.m. on Friday and Saturday. During non-open access hours, all residence hall doors are locked except the front desk entrance. Instances of propped open doors are locked except the front desk open access hours, all residence hall on Friday and Saturday. During non—hours of 6 a.m. to midnight, Sunday halls have open access between the projects all hours of the day and night. Again, individual offices should be locked by the department’s re—sponsible. Some buildings on campus are based upon an assumption that unre— and meet state-mandated training re—

Crime Prevention

OSU has experienced success at reducing and preventing crime. Some of the more notable efforts are:

- Emergency telephone system
- Emergency 911 dialing
- 24-hour preventive patrols
- Campus foot patrol by uniformed officers
- Police officer bicycle patrol
- Burglar alarms in key areas
- 24-hour staff in Residence Halls
- Custodial staff in academic buildings after hours
- Crime prevention seminar presentations to groups
- Crime prevention pamphlets for students and employees
- Monitoring of some parking lots by surveillance cameras
- Crime stopper telephone line - 744-TIPS (744-8477)

In addition to preventing crime, considerable effort is devoted to crime intervention. All reported crimes are investigated immediately. Follow-up investigation occurs to identify the offenders. Where multiple incidents occur, surveillance techniques are implemented to help apprehend violators. When caught, offenders are processed through the county court system and OSU when appropriate.

Avoiding Victimization

Tips for personal safety and property security:
Be cautious of strangers.
Avoid getting into vulnerable no-exit places.
Do not hesitate to call police when confronted by unknown persons.
Keep house or residence hall room locked.
At night, walk in groups of at least two.
Walk with confidence, and avoid walking near bushes and parked cars.
Become familiar with the location of emergency telephones.
When parking, remove valuables from plain view and lock the vehicle.
Engrave valuables with driver’s license number and record serial numbers.
Make copies of credit cards and lists of other valuables carried on person.
Write name and ID number in several places in textbooks.
Lock bicycle in a bicycle rack.
Report all incidents and losses to police immediately.

When serious crimes occur on or off campus that are considered to be a threat to the campus community, that information will be provided to faculty, staff and students. The medium for this information dissemination will be the campus newspaper, faculty/staff newsletters, or in special instances, specific notices to on-campus residences. Such notices may be posted on residence hall entrance doors, in residents’ mail boxes, or placed on electronic voice mail. In addition, the OSU Department of Public Safety maintains an Internet page (www.osupdp.okstate.edu). This page allows access to the daily crime log, crime prevention tips, and links to other sites providing similar information pertinent to the OSU campus.

Persons may dial the campus phone number 744-6063 and have voice mail access to crime tip information, crime update, crime prevention tips, and parking information.

Alcoholic Beverages and Other Drugs

As set forth in local, state and federal laws, and the rules and regulations of the University, Oklahoma State University prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees in buildings, facilities, grounds, or other property owned and/or controlled by the University or as part of University activities.

Under OSU regulations, no low-point beer or other alcoholic beverage is allowed in OSU housing, including fraternities and sororities, except for married student housing, regardless of age. Furthermore, under the same regulations, the possession/consumption of low—point beer or alcohol by those of legal age (over 21) is allowed only in certain designated, non-public places on the OSU campus, properties and facilities. For further explanation, see the pamphlet “OSU Dangers of Drugs and Alcohol Abuse.”

Drug and alcohol laws are vigorously enforced on the OSU campus. Violators are subject to criminal prosecution in the District Court of Payne County. The enforcement techniques range from plain view violation to long-term undercover investigations by local, state, or federal agents and agencies.

University Counseling Services and the Employee Assistance Program have counseling and rehabilitation programs for students and employees, respectively. Should these programs not meet an individual’s needs, there are other programs in the community or nearby that may be better suited. A number of such programs are listed in the "OSU Dangers of Drugs and Alcohol Abuse" pamphlet.

Students should be aware that a student who has been convicted of any offense under any federal or state law involving the possession or sale of a controlled substance shall not be eligible to receive any grant, loan or work assistance under this title during the period beginning on the date of such conviction and ending after the interval specified in the table below (the Conference Report

If convicted of an offense involving the possession of a controlled substance, ineligibility period is:

- First offense: 1 year
- Second offense: 2 years
- Third offense: Indefinite

If convicted of an offense involving the sale of a controlled substance, ineligibility period is:

- First offense: 2 years
- Second offense: Indefinite

Sexual Assault

What To Do If Victimized

Oklahoma State University’s prevention efforts in the area of sexual assault (including rape) involve the entire community. Many groups are involved in sexual assault prevention. These groups include the OSU Police Department, Residential Life, University Counseling, OSU faculty, Greek Life, University Conduct Office, OSU Student Health Center, OSU Mental Health, PaNOK (students who are peer educators), and OSU staff personnel. They provide training programs, presentations, and workshops to any interested individuals or groups.

Program topics generally include stranger rape, date and acquaintance rape, rapist characteristics, rape trauma syndrome, and victim recovery. An increasing number of presentations, explaining the male’s role in sexual assaults, are directed to all male audiences, such as fraternities and athletic teams.

Procedures to Follow

A victim of sexual assault should follow certain procedures and consider several options. These procedures and options are clearly outlined in the rape avoidance seminars mentioned previously and “Rape Prevention” pamphlets made available to the OSU community. These educational programs and pamphlets also outline techniques and strategies that help people recognize and avoid sexual assault threats.

Evidence. Preserving evidence is of paramount importance after a sexual assault. Victims should be careful not to bathe, douche, wash clothing, or tamper with other potential evidence after a sexual assault. The first inclination may be to do one or more of these; however, the temptation should be resisted.

Evidence is critical in a criminal prosecution.

Contacting the Police Department.

When a sexual assault is reported to the OSU Police Department or to the Stillwater Police Department, an officer is dispatched. Determining the extent of physical and emotional trauma that the victim has suffered will be the officer’s first concern. If the attack just occurred, the officer will want a brief review of the events, a description of the assailant, the direction of travel, and a description of the vehicle used by the assailant, if any. This information is necessary in order to apprehend the assailant as soon as possible. After the initial interview, the officer or whomever is designated by the victim, will assist in getting a complete change of clothes.

Agreeing to have a Sexual Assault Examination. An officer or designee will take the victim to the Student Health Clinic or the Stillwater Medical Center to be examined by a physician. A complete physical examination will be given as well as treatment for any injuries. A friend or relative may be permitted to accompany the victim. In addition, the victim may be examined for the purpose of obtaining evidence that would be needed in court. Appropriate antibiotic therapy can be given to decrease the chances of developing venereal disease. After the examination at the hospital, the officer may bring the victim back to the police headquarters or another location to complete the interview. Again, a counselor is encouraged to be present.

The victim of a rape is not responsible for legal expenses related to the criminal prosecution. The case is prosecuted by the Office of the District Attorney. The victim only has to contribute time. The Stillwater Medical Center can provide initial medical services for rape victims. The Crime Victims Compensation Board can provide payment for medical services and counseling, even if charges are not filed. The victim need only fill an application with the Office of the District Attorney.

Police Investigation. Later, at police headquarters, the victim will be asked to be more specific about the events of the attack. A person of the victim’s choosing may accompany the victim during this period. This questioning is done to help the investigation and to help arrange the events firmly in mind. The victim’s comments will probably be tape recorded for future reference. This will make testifying in court much easier and less frightening. It will be handled considerately and courteously. Only the investigating officer will ask questions. Based on conversations with the officer, the victim can then decide whether or not to file charges. Threats or harassment of a rape victim after charges have been filed are rare. When finished at police headquarters, the victim can go to a place of their choice. OSU and Stillwater Police officers have been trained to deal with sexual assault victims. However, if the victim should feel uncomfortable speaking to a male officer, every effort will be made to notify a female officer, female counselor, or female volunteer.

A rape or sexual assault may be reported to the hall director, a university counselor, or health worker at the Student Health Center. Charges do not have to be filed against the attacker if a rape is reported. However, it is wise to give information to the police anyway. The information and suspect description may help locate a suspect in other offenses and possibly prevent another person from becoming the victim of a rape. The police will not know that there is a rapist on campus unless they are told. The police will not pressure the victim to file charges.

Victims of sexual assault can elect to have personal information eliminated from police reports.

Support Services

University Conduct Office. If the victim does not want the case to be addressed through the criminal justice system, another alternative is available. Cases involving students who are accused of non-academic misconduct might be assigned to the Office of Student Conduct. Persons found guilty of sexual assault, forcible or non-forcible, could be placed on probation or suspended from OSU. Both the accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary hearing, and both are entitled to be informed of the outcome of any disciplinary proceeding. Further information can be obtained by contacting the Office of Student Conduct at 744-5470. Also, a copy of the “Student’s Rights and Responsibilities” can be obtained at various locations on campus.

Role of Housing. The hall directors and resident assistants who work in the residence halls continually attend sexual assault training programs, and they learn how to respond to a student who has been victimized by a sexual or physical
Role of Counseling Services. The OSU Student Health Center and University Counseling Services provide individual and group counseling services for those victimized by sexual or physical assault. Services are available to all Oklahoma State University students, regardless of gender, and their significant others.

The psychological and emotional trauma after a sexual assault can be painful. Possible symptoms include: eating disorders, sleep disturbances, lack of trust, guilt feelings, depression, mood swings, and relationship and communication problems. Sexual assault incidents can only be greatly reduced when men and women understand the dynamics involved in sexual assaults and are willing to participate in educational programming and ongoing communication.

In addition to these minimal regulations, additional college, department or program requirements may apply. Students are advised to review all steps of their academic progress with their academic adviser.

1. Admission—Withdrawal

1.1 Admission of Freshmen. Policies and procedures governing the admission of new freshmen are detailed in another section of the Catalog. (See "Admission" section.)

1.2 Admission of Transfer Students. Policies and procedures governing the admission of transfer students are detailed in another section of the Catalog. (See "Admission" section.)

1.3 Admission to Certain Professional Programs. Admission to certain programs as approved by the University may be restricted. (See "Admission" section and college sections in the Catalog.)

1.4 International Student English Proficiency Requirement. As a condition of admission to undergraduate study at OSU, all persons for whom English is a second language shall be required to present a minimum paper-based score of 500 or a minimum computer-based score of 173 on the Test of English as a Foreign Language (TOEFL). (See "Admission" section of the Catalog.)

1.5 Satisfactory Academic Progress. Students not under academic suspension from the University are judged to be making satisfactory progress toward their educational objectives. They are eligible to enroll in any of the undergraduate colleges except as may be restricted. (See "Admission to Certain Professional Programs.

1.6 Scholastic Requirements for Continuing Enrollment of a Student under Academic Probation in an Undergraduate College. For continued enrollment in an undergraduate program, a student must have earned a retention grade-point average as follows:

- 2.0 or better in the student's major field of study.
- 2.0 or better in the student's cumulative grade-point average.

For OSU, all persons for whom English is a second language shall be required to present a minimum paper-based score of 500 or a minimum computer-based score of 173 on the Test of English as a Foreign Language (TOEFL). (See "Admission" section of the Catalog.)

1.7 Undergraduate Degree Requirements. The OSU catalog lists requirements for certain undergraduate degrees. (See "Admission" section.)

1.8 Reinstatement after Academic Suspension. Policies and procedures governing the reinstatement of a student under academic suspension are detailed in another section of the Catalog. (See "Admission" section.)

1.9 Graduation Requirements. Policies and procedures governing the graduation of students are detailed in another section of the Catalog. (See "Admission" section.)

1.10 Graduation with Distinction. Policies and procedures governing the graduation with distinction of students are detailed in another section of the Catalog. (See "Admission" section.)

1.5 Satisfactory Academic Progress
1.6 Scholastic Requirements for Student under Academic Probation in an Undergraduate College
1.7 Academic Suspension
1.8 Reinstatement after Academic Suspension
1.9 Readmission
1.10 Withdrawing from the University

2. Student Status

2.1 Classification of Students
2.2 Full-time Students
2.3 Part-time Students
2.4 Special Students

3. Requirements

3.1 Date of Matriculation
Freshman students, (30 or fewer credit hours, as defined by OSRHE policy), with a retention GPA of 1.70 to less than 2.00 will be placed on academic notice. These students should remain in contact with their student academic service offices regarding special academic support services and procedures.

Any student not maintaining a retention GPA as indicated above will be placed on probation for one semester. At the end of that semester, he or she must have a semester GPA of 2.00, not to include activity or remedial courses, or meet the minimum standard required above, in order to continue as a student.

All courses in which a student has a recorded grade will be counted in the calculation of the grade-point average for retention purposes excluding any courses repeated or reprieved, and excluding remedial courses and physical education activity courses. These calculations are made three times per year, to coincide with the conclusion of the fall and spring semesters, and the collective summer term. Grades submitted after these calculations are carried forward to the next calculation. (See also "Grade-point Average Calculating" and "Academic Forgiveness.")

A senior, with 90 or more hours in a specified degree program, who has failed to meet the retention grade-point average of 2.00 or the semester GPA of 2.00, may enroll, at the discretion of the institution, in an additional 15 semester hours in a further attempt to achieve the requirements for retention. Such students will be afforded this extension one time only.

Seniors must achieve a 2.00 GPA or above for each semester of course work comprising this one-time exception. To continue beyond the 15-hour exception, the senior must raise the retention GPA to 2.00. A part-time senior would be permitted to take up to 15 additional hours if the student achieves a minimum 2.00 GPA each semester.

A student enrolling on probation should seek help from an academic adviser and a counselor in the University Counseling Services when deciding on an academic load and extracurricular activities. A student whose poor grades may have been caused by health problems should seek the help of a physician.

1.7 Academic Suspension. A student on probation will be suspended when he or she earns a semester GPA of less than a 2.00 in regularly-graded course work not including activity or remedial courses, and the retention grade-point average for all hours attempted falls below the following:

<table>
<thead>
<tr>
<th>Total graduation/retention hours attempted</th>
<th>Minimum retention grade-point average required</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 through 30</td>
<td>1.70</td>
</tr>
<tr>
<td>31 or more</td>
<td>2.00</td>
</tr>
</tbody>
</table>

A student who has been placed on academic notice for the first time, or is placed on academic notice a second time, will be placed on academic notice. At the end of the semester, he or she must have a semester GPA of 2.00, not to include activity or remedial courses, or meet the minimum standard required above, in order to continue as a student.

All courses in which a student has a recorded grade will be counted in the calculation of the grade-point average for retention purposes excluding any courses repeated or reprieved, and excluding remedial courses and physical education activity courses. These calculations are made three times per year, to coincide with the conclusion of the fall and spring semesters, and the collective summer term. Grades submitted after these calculations are carried forward to the next calculation. (See also "Grade-point Average Calculating" and "Academic Forgiveness.")

A senior, with 90 or more hours in a specified degree program, who has failed to meet the retention grade-point average of 2.00 or the semester GPA of 2.00, may enroll, at the discretion of the institution, in an additional 15 semester hours in a further attempt to achieve the requirements for retention. Such students will be afforded this extension one time only.

Seniors must achieve a 2.00 GPA or above for each semester of course work comprising this one-time exception. To continue beyond the 15-hour exception, the senior must raise the retention GPA to 2.00. A part-time senior would be permitted to take up to 15 additional hours if the student achieves a minimum 2.00 GPA each semester.

1.8 Reinstatement after Academic Suspension. A student who has been suspended from the University for academic reasons may not be readmitted until one regular semester (fall or spring) has elapsed (unless the faculty appeals committee grants immediate reinstatement). Students who wish to appeal suspension status should inquire about procedures and deadlines from the Office of the Executive Vice President.

Readmission after one regular semester has elapsed will be considered on the merits of the individual case. Suspended students can be readmitted only one time. If a student is suspended a second time, he or she must attend another institution and raise the retention GPA before readmission to OSU can be considered.

Beginning with the Spring and Summer semesters of 1998, a student suspended from OSU at the end of the spring semester may continue in the summer semester at OSU if this spring suspension was the student’s first suspension. The student must complete a minimum of six hours and must achieve a 2.00 summer semester GPA, or raise the graduation/retention GPA to the OSRHE standard, in order to continue in the subsequent fall semester. The student should contact his or her dean’s office for additional information and restrictions. (See also "Academic Suspension.")

1.9 Readmission. A student who has attended OSU but was not enrolled during the immediate past semester (except the summer session) must submit an updated Application for Admission. A student who has enrolled in another college or university since last attending OSU, must submit a transcript from each school. Admission status will be determined after an evaluation of the previous work has been made.

1.10 Withdrawing from the University. Withdrawing refers to withdrawing from all courses for which a student is enrolled for a given semester. The withdrawal process is initiated in the student’s dean’s office.

Beginning with the Fall 1998 semester a student who withdraws prior to the end of the 12th week of a regular semester or the sixth week of a summer session, or proportionate periods for block or short courses, will receive a grade of "W" (withdrawn) on the student’s academic record. A student who withdraws after the 12th week of a regular semester or the sixth week of a summer session but prior to “Pre-finals Week,” will receive a grade of “W” (withdrawn) or “F” (failing) as assigned by the instructor of each course. The grade of “W” or “F” will be recorded on the student’s academic record and the grade of “F” will be calculated in the grade-point average.

After the beginning of “Pre-finals Week” a student may not withdraw from the University and will be assigned only the grade of “A,” “B,” “C,” “D,” or “F” (or when appropriate) “I,” “NP,” “P,” “S,” “U,” or “R” by the instructor of each course at the end of the semester or summer session.

2. Student Status

2.1 Classification of Students. Undergraduate classification is determined by the criteria below:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Credit Hours Passed</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>fewer than 28</td>
</tr>
<tr>
<td>Sophomore</td>
<td>28 to 59</td>
</tr>
</tbody>
</table>
2.2 Full-time Students. Regular semesters: undergraduate students who are enrolled in 12 or more semester credit hours are classified as "full-time" students. Graduate students enrolled in nine or more semester credit hours are classified as "full-time." Summer session: undergraduate students who are enrolled in six or more semester credit hours, or graduate students who are enrolled in four or more semester credit hours, are classified as "full-time." Credit hours enrolled in through correspondence study are not counted toward full-time status, unless the course is independent study taken through regular enrollment.

Students engaged in an internship or cooperative education program assignment that requires full-time work on the assignment are regarded as full-time students when they are enrolled in the number of credit hours deemed appropriate for the academic credit they receive for the assignment.

A student holding a 0.50 FTE graduate assistant appointment, and enrolled in a minimum of six hours during the fall or spring semester, and three hours during the summer semester will be certified as a full-time graduate student. Any FTE appointment less than 0.50 requires nine hours of enrollment for the fall or spring semester, and four hours of enrollment for the summer semester in order for the student to be classified as a full-time student.

A student enrolled for the final semester of a bachelor's degree program may be classified as a full-time student if enrolled in fewer than 12 hours during that semester.

A student in the terminal phase of the plan of study leading to a master's or doctoral degree, may be classified as a full-time student if enrolled in fewer than nine hours during the semester in which the degree will be conferred. If the dissertation, thesis, report, or creative component is the only item left to complete the plan of study, the student is designated as being enrolled full-time upon the approval of the department head and dean of the Graduate College.

2.3 Part-time Students. Students who are enrolled but not meeting the definition of full-time students are classified as "part-time." Undergraduate students are classified as "half-time" if they are enrolled in six hours in a regular semester (or three hours in a summer session). Graduate students are classified as "half-time" if they are enrolled in four hours in a regular semester (or two hours in a summer session).

2.4 Special Students. A student who does not have immediate plans to enter a degree program but wants to take courses, may be classified as a "special student." A student on an F-1 visa may not enroll as a special student since he or she must be admitted to a degree program.

3. Requirements

3.1 Date of Matriculation. Matriculation occurs when a student first enrolls in an accredited institution of higher education. That date will be used in calculating the time limit for the use of a given plan of study.

3.2 Changes in Degree Requirements. When a student first enrolls at OSU, the degree requirements are made available. Although the curriculum may be revised before a student graduates, a student who makes normal progress toward graduation (completing a four-year degree in not more than six years) will be held responsible for the degree requirements in effect at the time of matriculation, and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation. A student has the option of adopting the new requirements that have been established since matriculation.

3.3 Honors Programs. (See "Honors Programs" in the Catalog.)

3.4 General Education Requirements. Although the University has a general education program, each college determines and publishes the general education requirements for its degree programs. College requirements may exceed the minima for general education established by the University, which are 40 semester credit hours (exclusive of physical education activity courses by OSRHE policy):

   a. six semester credit hours of English composition;
   b. three semester credit hours of American history (HIST 1103), and three semester credit hours of American government (POLS 1113);
   c. at least six semester credit hours in each of the approved general education designated areas of Analytical and Quantitative Thought, Humanities, Natural Sciences, and Social and Behavioral Sciences (at least one course in each of these four areas must come from the approved general education lower-division course list, and at least three hours of (A) must be a general education MATH course);
   d. at least one course designated as International Dimension and one course in Scientific Investigation.

Substitution of general education courses is allowed when background for the major demands greater depth in an area in which a general education requirement is stated. Only in the Analytical and Quantitative Thought (A) and Natural Sciences (N) areas is substitution of the more advanced lower-division course permitted. Such a substitution requires the recommendation of the student's academic adviser and dean and the approval of the Office of the Executive Vice-President.

Courses used to fulfill general education requirements are identified by code letters which appear preceding the course titles listed in the back of the Catalog and in the class schedule book. The code letters designate the general education category for which the course may be used:

A Analytical and Quantitative Thought
H Humanities
I International Dimension
L Scientific Investigation
N Natural Sciences
S Social and Behavioral Sciences

General Education courses are also identified on the Internet, maintained by the Office of Academic Affairs.

3.5 English Composition Requirement. The University requires a minimum of six semester credit hours in English composition for a baccalaureate degree. The required sequence of courses is ENGL 1113 and ENGL 1213. For those who qualify, ENGL 1013 or 1313 may be substituted for ENGL 1113. Students who earn an "A" or "B" in ENGL 1113 (or ENGL 1013 or 1313) or who earn three semester credit hours in English composition through credit by exam, and who have the consent of their college, may substitute ENGL 3323 for ENGL 1213. Students who qualify may substitute ENGL 1033 or 1413 for ENGL 1213. A third course may be required by the student's college to satisfy either an additional composition or oral communication requirement.

3.6 English Proficiency Examination. Effective October, 1993, the English Proficiency Examination was waived for students who had matriculated since Fall 1988 through Spring 1994.

3.7 Substitution of Required Courses. In meeting degree requirements a lower-division course may not be substituted for an upper-division course requirement. Substitution policy is governed by the individual colleges.

3.8 Waiving of Required Courses. A maximum of six semester credit hours may be waived. Required courses in
English, American history and American government cannot be waived, and the total number of semester credit hours required for the degree cannot be reduced. Waive cards must be signed by the student’s adviser, the head of the student’s major department and the dean of the college.

3.9 Changing Majors. Students are advised to select a specific major no later than the end of the sophomore year. Students on probation, or not making satisfactory progress toward a degree, may change majors only with the approval of the dean of the college in which they wish to pursue a different degree.

3.10 Deadline for Completion of Requirements. Degrees are conferred only on specific commencement dates. If a student completes requirements for a degree after a commencement date, the degree will be granted at the next scheduled commencement after the student files a diploma application. (See "Diploma Application.") The student may request a certified statement of completion of graduation requirements at the Office of the Registrar. All candidates for degrees must have their names listed in the commencement program.

3.11 Second Baccalaureate Degree. A student who receives a baccalaureate degree from OSU may use all applicable courses toward a second baccalaureate degree. A minimum of 30 semester credit hours of additional work, including all requirements of the second baccalaureate degree, is required. The Bachelor of University Studies degree has separate requirements.

3.12 Pre-finals Week. Final examinations are scheduled at the end of each semester and are preceded by pre-finals week, which begins seven days prior to the first day of finals. During pre-finals week, all normal class activities will continue; however, no assignment, test, or examination accounting for more than five percent of the course grade may be given; and no activity or field trip may be scheduled that conflicts with another class. This excludes makeup and laboratory examinations, out-of-class assignments or projects made prior to pre-finals week, and independent study courses. No student or campus organization may hold meetings, banquets, receptions, or may sponsor or participate in any activity, program, or related function that requires student participation. Additional information may be obtained from the student services office of each college or the Office of Academic Affairs.

4. Credits

4.1 Residence Credit. Residence credit is awarded for work taken on campus (not through correspondence or credit earned by examination) or at a location officially designated as a residence center by the governing board of the institution (e.g., in-state military bases and OSU courses at the University Center at Tulsa.)

4.2 Extension and Correspondence Credit. Academic credit is awarded for courses offered through the extension offices of the six colleges, by the Independent and Correspondence Study Center of OSU, or by transfer of work certified as extension or correspondence credit by another fully accredited institution.

Extension Credit: OSU will accept, toward a degree, a maximum of eight semester credit hours earned through extension at another institution if that institution is fully accredited.

Correspondence Credit: OSU will accept, toward a degree, a maximum of eight semester credit hours earned through correspondence at another institution if that institution is fully accredited. Credits earned through correspondence cannot exceed one-fourth of the credits required for a baccalaureate degree. (See also "Full-time Status.")

4.3 Transfer Credit from Other Accredited Four-year Institutions. Except as excluded in the section on "Transfer of Credits from Junior Colleges" and "Residence Requirements," credits transferred from accredited senior colleges will apply toward baccalaureate degrees in the same way that they would apply had they been earned in residence at OSU. Students may not use transfer credits to satisfy more than one-half the major course requirements for a department unless they have the approval of the head of that department and the academic dean.

4.4 Transfer Credit from Junior Colleges. Credits will be accepted by transfer from a junior college to meet lower-division (i.e., 1000- and 2000-level courses) requirements only. A minimum of 60 semester credit hours must be earned at a senior college. Within these guidelines, transfer credits are subject to the individual colleges’ degree requirements.

4.5 Transfer Students with Less than a "C" Grade-point Average. Students who are accepted as transfer students with GPAs below OSU’s retention standards will be placed on academic probation.

4.6 Credit by Exam. The academic regulations listed below apply to the following examinations: Advanced Placement Program (AP), International Baccalaureate Program (IB), College Level Examination Program (CLEP), Regents College Examinations and OSU Advanced Standing Examinations.

a. credit earned by examination will not be placed on a student’s transcript unless he or she is currently enrolled and has successfully completed 12 or more semester credit hours of academic work at OSU;
b. credit will be recorded with a neutral grade of “P” (Pass) if the student earns the equivalent of a “C” or better on the examination. No grade is recorded if the student fails the exam;
c. the amount of credit by exam which may be applied to a degree program is subject only to meeting the residence requirements of OSU (see "Residence Requirements");
d. a native speaker of a foreign language (one whose high-school level instruction was conducted principally in that language) cannot earn credit toward graduation in lower-division (1000-2000 level) courses in that language (see "Foreign Language Credit for Native Speakers");

OSU Advanced Standing Examinations may be offered by academic departments on campus in subject areas not offered through the examination programs listed above. Any currently enrolled student whose travel, employment, extensive readings or educational experience appear to have given the student proficiency in a subject that is offered at OSU, equivalent to the proficiency ordinarily expected of those students who take the subject in a regular class, may apply for an examination on the subject.

In addition to the regulations listed above, to qualify for an OSU Advanced Standing Examination the student must:

e. need the course to meet some requirement for a certificate or degree being pursued at OSU;
f. be enrolled at OSU;
g. not have taken an exam over the course within the preceding six months;
h. receive the approval of the head of the department in which the course is offered and the dean of the student’s college;
i. present a valid student I.D. at the examination.

Information and application forms pertaining to OSU Advanced Standing Examinations may be obtained from the Office of Admissions.

4.7 Validation Examination Credit. A student may apply to take a validation examination for a course taken at an institution that OSU does not recognize as accredited. To qualify for a validation examination, a student must:

a. be enrolled at OSU at the time the student takes the examination;
b. present the necessary evidence to prove that the student has taken the course;
c. obtain the recommendation of the Office of Admissions and the approval of the dean and head of the department in which the course is offered;
d. take the examination within the first semester after entering OSU;
e. take only one such examination in each subject.
f. present a valid student I.D. upon examination.

The student obtains the examination form at the Office of Admissions. The dean of the college in which the course is offered appoints a committee of three to construct, administer and evaluate the examination. The result is reported to the Office of Admissions and the Office of the Registrar where a "P" grade is recorded if the examination result is "C" or better. No fee is required.

4.8 Graduate Credit Hours for a Senior. A senior who is graduating from OSU at the end of a semester or summer session may take a limited number of courses for graduate credit during the last two semesters or summer sessions. The written request to receive graduate credit must be made before the end of the fifth week of class instruction of a regular semester or the second week of a summer session. Such credit may be earned under the following conditions:

   a. the student must meet the same admission requirements and be subject to the same possible probationary or provisional restrictions as students admitted in graduate status. The student must achieve an overall 3.00 grade-point average in all courses and must be completed in residence after the student registers in the Graduate College and submits a plan of study for an advanced degree.

   b. the credits must not be required or needed for the baccalaureate degree;

   c. the total registration must not exceed 18 credit hours for a semester or nine credit hours for a summer session;

   d. the student must either complete the requirements for the baccalaureate degree at the end of the semester or summer session or be within 12 semester credit hours of completing such requirements at the beginning of the semester or summer session in which graduate credit is requested;

   e. admission to courses taken for graduate credit must have the approval of the course instructor, the head of the department in which the courses are offered and the dean of the Graduate College;

   f. not more than 15 semester credit hours taken while a senior may be approved for graduate credit, and a minimum of 15 semester credit hours must be completed in residence after the student registers in the Graduate College. Courses taken for graduate credit during the senior year may not be accepted for graduate credit at institutions other than OSU;

   g. the use to be made of the graduate courses will be determined by the adviser when the student registers in the Graduate College and submits a plan of study for an advanced degree.

4.9 Semester Credit Hour. A semester credit hour is equivalent to (a) 16 50-minute class sessions (including examinations) conducted under the guidance of a qualified instructor plus 32 hours of preparation time, or (b) 16 3-hour laboratory sessions, or (c) 16 2-hour laboratory sessions plus 16 hours of preparation time. These same equivalencies apply to extension courses, short courses and other learning formats for which academic credit is awarded.

4.10 Foreign Language Credit for Native Speakers. A native speaker of a foreign language cannot enroll in or earn credit toward graduation in lower-division (1000- or 2000-level) courses in that language. A native speaker of a foreign language is defined as a person whose high-school level instruction was conducted principally in that language.

Native speakers may occasionally have valid reasons for establishing credit in a lower-division course. Requests for such consideration should be directed to the dean of the student's college for recommendation to the head of the Department of Foreign Languages and Literatures.

5. Enrollment

5.1 Course Numbering System. All courses are identified by numbers composed of four digits. The first digit indicates the class year in which the subject is ordinarily taken, although enrollment is not exclusive as to student classification; the second and third digits identify the course within the field; and the last digit indicates the number of semester credit hours the course carries. For example, a course numbered 1123 should be interpreted as a freshman, or beginning, level course carrying three hours of credit. A course number beginning with zero indicates that the course does not carry University credit. A course number ending in zero indicates that the course carries variable credit.

5.2 Maximum Semester Credit Hour Load. Excessive hours will be limited to the number of semester credit hours 50 percent greater than the number of weeks in the applicable academic semester or summer session.

5.3 Adding Courses. Approval of the student's academic adviser is required for adding a course. The end of the first week of a regular semester or the third class day of a summer session is the last day a course may be added (nonrestrictive). A short course may be added no later than the first day of the short course. With instructor approval, a course may be added during the second week of classes of a regular semester or the fourth or fifth day of a summer session (restrictive).

5.4 Dropping Courses. Dropping refers to the dropping of one or more courses while remaining enrolled in at least one course for a given semester. Courses may not be dropped without the approval of the student's academic adviser.

At any time prior to the end of the second week of a regular semester or the first week of a summer session, or during the proportionate period for block or short courses, a student may drop a course, and no record of the course will appear on the student's academic record.

Beginning with the Fall 1998 semester, after the deadline for dropping with no record, but prior to the end of the 12th week of a regular semester or the sixth week of a summer session, or proportionate periods for block or short courses, a student may drop a course and the grade of "W" (dropped) will be recorded on the student's academic record.

After the 12th week of a regular semester, or the sixth week of a summer session, or proportionate periods for block or short courses, a student may not drop a course and will be assigned only the grade of "A," "B," "C," "D" or "F," or (when appropriate) "I," "NP," "P," "S," "U," or "R" by the instructor at the end of the semester. (Exceptions to this policy may be allowed by petition due to extraordinary circumstances. A petition requires the signatures of the student's instructor, adviser and dean with the grade of "W" or "F" assigned by the instructor.)

A student may not drop any course in which a formal charge of academic dishonesty is pending against the student. If the student is absolved of the formal charge, he or she may drop the course with either a "W" or "F" (accoding to the drop grade policy), appearing on the academic record. If the student is found guilty, the instructor may take appropriate disciplinary action, including assigning the grade "F" for the assignment or the course.

5.5 Concurrent Enrollment. A student who desires to earn credits concurrently at another institution or through correspondence, or DANTES (Defense Activity for Non-traditional Education Support) examinations while enrolled for residence credit at OSU, must secure ap-
proval in advance from his or her dean if he or she expects this institution to accept those credits. Armed Forces personnel will be granted 60 days from the date of their first enrollment to establish, through DANTES examinations, advanced standing in subject matter that they mastered while in the Armed Forces.

5.6 Prerequisites to Upper-division and Graduate-division Courses. When no prerequisites are listed for courses numbered 3000 or 4000, it is understood that the prerequisite is 60 credit hours of work completed, or 45 credit hours of work completed with an overall grade-point average of 3.25. The prerequisite for courses at the 5000 or 6000 level is graduate standing in addition to any other prerequisites listed. Instructors may waive prerequisites when the student’s background justifies this action. Prior approval of the instructor may be required in problems courses, independent study, internships, thesis and dissertation courses, and courses taught in a professional school.

5.7 Class Enrollment Maxima. The maximum number of students permitted to be enrolled in each section of a course is determined by the department head and can be increased or decreased only by the department head or dean.

5.8 Priority Enrollment. Currently enrolled/continuing students register for summer and fall classes during the latter part of the preceding spring semester, and for spring classes during the latter part of the fall semester. In order to facilitate access to courses required for timely degree completion, a student’s priority for enrollment generally follows academic class level with seniors having the highest priority. Some exceptions to this basic priority may be necessary to accommodate bona fide student needs, such as a special priority for physically disabled students. The Office of Academic Affairs determines enrollment priorities, and enrollment schedules and priorities are published in the Schedule of Classes each semester.

5.9 Late Enrollment. A student is permitted to enroll during the first week of a semester or through the third day of a summer session or on the first day of a summer short course. A student enrolling late will pay a late enrollment fee. The late enrollment fee will not be charged on or prior to the first day of a summer short course.

5.10 Payment of Tuition and Fees. Each student may request an estimate of their tuition and fees from the Office of the Bursar. All fees and tuition (required and optional) associated with the student’s enrollment are due in the Office of the Bursar no later than 4:30 p.m. on the 15th day of each month following billing. Failure to receive a bill, which is mailed to the student’s local address or specified billing address, does not relieve the student from the financial obligation, any finance charges, and other penalties that may occur if the account is not paid by the monthly due date. Fall semester fees are due by September 15, spring semester fees are due by February 15, and summer session fee due dates vary depending on the session. All accounts not paid in full by the due date will accrue an interest penalty at the rate of 1.5 percent monthly (19.56 APR). Any charges incurred by the University in an effort to collect on delinquent accounts will be assessed to and will be the responsibility of the account holder. Delinquent account information is disclosed to credit reporting agencies, which could endanger the student’s credit rating on a local or national level. Accounts must be cleared before the student can obtain the release of any records, obtain a transcript, receive a diploma, or enroll at OSU for subsequent semesters.

5.11 Audit. A student who does not wish to receive credit in a course may, with the approvals of the student’s adviser and the instructor of the course concerned, attend the class strictly as a visitor. A student who applies to audit a course promises that he or she will not use the audit to avoid the rule against excessive hours, and that he or she will not petition or ask in any way for the privilege of taking an examination to obtain credit after he or she has audited the course. The audit form is available in the Office of the Registrar. (Laboratory courses, private music lessons and art courses are not open for audit.)

If a student is already enrolled for credit in a course, but wishes to change to auditing that course, the student must officially drop the course (or, if appropriate, withdraw,) at the time the student changes to audit.

A student who has established a permanent record at OSU may have the audited course recorded on his or her transcript with “AU” appearing in place of the grade. Not later than one week after the close of that semester, the student must present to the Office of the Registrar the instructor’s copy of the audit form with a signed statement from the instructor, on the reverse side, that it is appropriate for the course to be recorded on the student’s transcript.

Any individual 65 years or older may audit a class at no charge.

5.12 Minimum Class Size. The minimum number of students required in order for a class to meet is as follows: 20 students for lower-division classes, 12 students for upper-division classes, and eight students for graduate-level classes.

6. Grades and Grading

6.1 Official Transcripts. All official transcripts of the student’s academic record at OSU are prepared and released by the Office of the Registrar. Copies of transcripts from other institutions cannot be furnished.

6.2 Grade Interpretaion. The quality of student performance in all classes is indicated by the following letter grades: "A," "B," "C," "D," "F," "I," "NP," "P," "S," "U," "W," or "R." Descriptions of the grades are:

Grade "A." Excellent
Grade "B." Good
Grade "C." Average
Grade "D." Below average
Grade "F." Failure
Grade "I." This grade is given to a student who satisfactorily completed the majority of the course work and whose work averaged "D" or better, but who has been unavoidably prevented from completing the remaining work of the course. The conditions, including appropriate time limits, for the removal of the "I" are indicated on the official class roll by the instructor. A condition that the student must repeat the course in order to remove the "I" is not permitted. The maximum time allowed for a student to remove an "I" is one calendar year. The dean of the student’s college may recommend to the Office of the Registrar the adjustment of this period in exceptional circumstances. It is the responsibility of the student to satisfy the requirements stipulated by the instructor at the time the "I" is assigned; it is the responsibility of the instructor to initiate action to have the new grade entered as soon as possible after the student fulfills the requirement. The new grade does not result in the deletion of the "I" symbol from the transcript. Upon completion of the course requirements, a second entry is posted beside the original "I" on the transcript to show the final grade for the course. The incomplete grade which is not removed within the allotted period becomes a permanent incomplete.

Grade "NP." This grade is given for unsatisfactory work (including that evaluated as "D") in courses on the pass-no pass grading system. Both credit hours and grade-points are ignored in calculating grade-point averages.

Grade "P." This grade is given for passing work in OSU courses approved for pass-no pass and pass-fail grading systems. Both credit hours and grade-points are ignored in calculating grade-point averages.

Grade "S" or "U." This grade is given for satisfactory (equivalent to a "C" or better) or unsatisfactory work in remedial
courses in English, mathematics, reading, and science. Both credit hours and grade points are ignored in calculating grade-point averages, and neither grade is counted in total hours. Effective Fall 1995, these courses were CIED 0123, ENGL 0003, 0123, MATH 0123, and UNIV 0111.

Grade 'W.' This grade indicates that the student dropped the course.

Grade 'R.' This grade is given to a student in a thesis or dissertation course (5000 or 6000) or a master's degree creative component course, when course work is still in progress. It is the responsibility of the instructor to initiate action to have the grade entered as soon as possible after the student completes the course work. The new grade does not result in the deletion of the 'R' symbol from the transcript, but a second entry is posted beside the original 'R' on the transcript to show the final grade.

Mark of 'AU.' An 'AU' indicates that the student audited the course, and requested that it be recorded on the academic record. An 'AU' is not a grade and is not used in calculating grade-point averages.

Mark of 'N.' An 'N' indicates that at the time grades were due in the Office of the Registrar, a final grade was not reported by the student's instructor. An 'N' is not a grade and will be changed to the grade earned within a reasonable time. It is not used in calculating grade-point averages.

6.3 Grade-point System. The following grade-point system is used in calculating the grade-point average.

Grade 'A' yields 4 grade points per semester credit hour.

Grade 'B' yields 3 grade points per semester credit hour.

Grade 'C' yields 2 grade points per semester credit hour.

Grade 'D' yields 1 grade point per semester credit hour.

Grade 'F' yields 0 grade points per semester credit hour.

6.4 Grade-point Average Calculating. In calculating grade-point averages, the total number of grade points earned is divided by the total number of hours attempted. The grade of 'I,' "NP," 'P,' 'S,' 'U,' 'W,' 'R' or the mark of 'AU' or 'N' will not affect the grade-point average.

Semester Grade-point Average. For purposes other than retention, all grades are included in the calculation. For retention purposes, activity and remedial courses are excluded from the calculation. These courses remain on the transcript with a notation that they are excluded from the GPA.

6.5 Freshman Progress Reports. The Spring Semester 1999 was the last production of Freshman Progress Reports.

6.6 Pass-No Pass Grading System. An undergraduate student may elect to take no more than four courses or 15 hours (whichever is greater) during his or her academic career with the pass-no pass grading option. The option is restricted to those students who:

a. have passed 28 or more semester credit hours;

b. have at least a 2.50 grade-point average in all hours attempted;

c. have met all of the prerequisites for enrollment in the course in question;

d. do not need the course in question for meeting any requirements for graduation or certification other than as a general (unrestricted) elective;

e. have approval of the academic advisor.

A student who chooses the pass-no pass option must do so by the last date on which a course may be added. Once the deadline has passed, a student may not change the choice of grading systems. The pass-no pass option is not identified on the official class roll and is not known to the instructor. The instructor assigns a normal grade based on the quality of the work performed. The grades of 'A,' 'B' and 'C' are recorded on the transcript as 'P,' the grades of 'D' and 'F' are recorded as 'NP.' 'W' and 'I' grades are recorded without change. The pass-no pass grade will not affect the grade-point average.

Grade 'W.' This grade indicates that the student dropped the course. Grade 'F' yields 0 grade points per semester credit hour.

Grade 'D' yields 1 grade point per semester credit hour.

Grade 'C' yields 2 grade points per semester credit hour.

Grade 'B' yields 3 grade points per semester credit hour.

Grade 'A' yields 4 grade points per semester credit hour.

6.7 Pass-Fail Grading System. Some courses are taught only on a pass-fail basis. Such courses are so designated in the "Course Listings" section of the Catalog. Students who pass the course are awarded the grade of 'P,' those who fail the course are awarded the grade of 'F.'

Graduate students should refer to the "Graduate College" section of the Catalog.

6.8 Grade Reports. Reports of the grades of all students are compiled shortly after the end of each semester and are made available electronically to the students, the students' advisers and the students' deans.
are placed on the Dean's List of Distinguished Students. (See also “Grade-point Average Calculating.”)

Once a part-time student is placed on an honor roll, the student must complete an additional 12 credit hours, before the student is considered again for an honor roll. The student must meet all the above criteria at the time of subsequent consideration.

(Beginning Spring 1995, and retroactive to include Fall 1994, the Dean’s List grade-point average was 3.50.)

6.12 Academic Dishonesty or Misconduct. Academic dishonesty or misconduct is neither condoned nor tolerated at Oklahoma State University. Academic dishonesty is behavior in which a deliberately fraudulent misrepresentation is employed in an attempt to gain undeserved intellectual credit, either for oneself or for another. Academic misconduct is behavior that results in intellectual advantage obtained by violating specific directions, rules, or accepted academic standards, but without deliberate intent or use of fraudulent means. (See also Policy and Procedure Letters.)

6.13 Academic Forgiveness (Undergraduates). Repeated Courses. A student may repeat a course and have only the second grade, even if it is lower than the first grade, included in the calculation of the graduation and retention grade-point averages up to a maximum of four courses but not to exceed 18 credit hours in which the original grade was a “D” or “F.” If a course is repeated more than once, all grades except the first attempt are included in the grade-point averages. The original course and grade remain on the transcript identified with a statement under the course “Repeated (excluded from GPA).” All other repeated courses, those in excess of the 18-hour, four-course maximum, and those with a grade of “C” or better in the original course, are included in the grade-point averages and identified with a statement under the course “Repeated (included in GPA).”

Academic Reprieve. A student may request an academic reprieve for all courses in one semester or two consecutive semesters if the following conditions are met: (a) at least three years must have elapsed between the period in which the grades being requested were earned and the reprieve request; (b) the student must have earned a GPA of 2.00 or higher with no grade lower than a “C” in all regularly graded course work (a minimum of 12 hours) excluding activity, performance and remedial courses since the semester requested to be reprieved; (c) the student has not previously been granted an academic reprieve for a semester; (d) there were extenuating circumstances which caused the student to perform poorly during the semester.

The request for an academic reprieve must be submitted on the appropriate form to the Office of the Executive Vice-President. A faculty committee appointed by that office reviews each request and either approves or denies a request based on whether or not the student meets the conditions stated above and the committee’s judgement concerning the extenuating circumstances reported by the student. The courses for a semester that is reprieved are excluded from the graduation and retention grade-point averages and identified with a statement under the course “Rerieved (excluded from GPA).”

7. Graduation

7.1 Graduation Requirements. The responsibility for satisfying all requirements for a degree rests with the student. Advisers, faculty members and administrators offer help to the student in meeting this responsibility.

7.2 Residence Requirements. A minimum of one-half of the upper-division requirements in a student’s major field must be earned in residence at OSU. (See “College Enrollment Requirement.”) Including the last 18 semester credit hours the student must have earned a total of not less than 30 semester credit hours at OSU taken in not less than two semesters, or one semester and one summer session, or three summer sessions. Courses taken as part of a required internship, such as in medical technology, may not be used in meeting this requirement. In the College of Business Administration the last 30 hours must be earned in residence.

7.3 College Enrollment Requirement. A candidate for graduation must be enrolled in the college from which he or she wishes to receive the degree for at least two semesters, or one semester and one summer session, or three summer sessions immediately preceding graduation. For the award of a second baccalaureate degree, this requirement may be waived by the dean of the college awarding the second degree. (See “Residence Requirements” and “Second Baccalaureate Degree.”)

7.4 Residence Waiver for Certain Premedical Students. Students who complete at least 94 semester credit hours in a recognized premedical science program and then transfer to a professional program leading to the doctoral degree at an accredited professional school of medicine, osteopathic medicine, veterinary medicine, dentistry or optometry will be awarded the appropriate baccalaureate degree upon the successful completion of 30 semester credit hours in basic medical science courses applicable to the OSU major. This option is available only to students who have completed all other degree requirements for the major and have taken at least the last 30 semester credit hours of work at OSU prior to transferring to a professional school. (See “Residence Requirements.”)

7.5 Minimum Hours for Graduation. Each degree program requires a specific minimum number of semester credit hours for graduation, as indicated in the Catalog. No degree program shall require fewer than 120 semester credit hours for graduation. (By OSRHE policy, these 120 hours are exclusive of physical education activity courses.) No student shall be permitted to graduate having completed fewer total hours than the requirement specified for that degree. At least 40 hours of upper-division course work shall be required in every baccalaureate degree program. (By OSRHE policy, these 40 hours are exclusive of physical education activity courses.) Hours of “S” or “U” earned in remedial courses may not count toward total hours.

7.6 Grade-point Average for Graduation. A graduation grade-point average of 2.00 or higher is required for all courses in which a student has a recorded grade, excluding any courses repeated or reprieved and excluding remedial courses and physical education activity courses. (See “Academic Forgiveness.”) This is in addition to the 2.00 or higher grade-point average required by the department in the major or minor fields.

7.7 Payment of Graduation Fees. Beginning Fall 1996, the basic graduation cost is included in the records maintenance fee. Information on procedures and deadlines is given to students at the time they complete their enrollment.

7.8 Requirements for Honors Degrees. The individual colleges have specific requirements for degrees with honors. Students should consult the office of their academic dean for information. (See “Honors Programs” in the Catalog.)

7.9 Diploma Application. Each candidate for graduation shall file a diploma application in the Office of the Registrar within two weeks following enrollment in a regular semester or one week in a summer session in which the student wishes to be graduated.

7.10 Presence at Commencement Exercises. The University will hold one Commencement exercise each year at the close of the spring semester. Students who met the graduation requirements the preceding fall semester and students who plan to meet the graduation requirements at the close of the following
summer session are invited and encour-aged to participate in the Commence-
ment exercises. Students who plan to
meet requirements during the summer
session (whether they are currently en-
rolled or not) should contact the Office of
the Registrar to participate in Com-
mencement.

The University encourages all candi-
dates for degrees to be present at the
Commencement exercises. Attendance
is not compulsory. However, candidates
who cannot be present should notify the
Office of the Registrar of the addresses to
which diplomas can be mailed.

7.11 Graduation with Distinction. Be-
ginning with the Fall 1997 semester,
students who earn an OSU undergradu-
ate degree can also earn a level of dis-
tinction based upon the final graduation/
retention grade-point average. (See also
"Grade-point Average Calculating ") The
level of distinction added to the diploma
and transcript is:

<table>
<thead>
<tr>
<th>Graduation/retention grade-point average</th>
<th>Distinction</th>
</tr>
</thead>
<tbody>
<tr>
<td>3.90 to 4.00</td>
<td>Summa cum laude</td>
</tr>
<tr>
<td>3.80 to 3.89</td>
<td>Magna cum laude</td>
</tr>
<tr>
<td>3.70 to 3.79</td>
<td>Cum laude</td>
</tr>
</tbody>
</table>

This grade-point average calculation is
two decimal places only, e.g., 3.69. In
actuality, this GPA may be 3.69785 if
additional digits were to be added. How-
ever, the value used to determine distinc-
tion is 3.69 which does not qualify for a
level of distinction.
Degree Programs Offered

The type of degree offered in each major is listed along with an indication of the college(s) in which each may be earned. (Some majors are offered with more than one type of degree, e.g., Bachelor of Arts and Bachelor of Science. Many have options within the major. See the department narrative for details.)

B Bachelor’s  
M Master’s  
D Doctor’s  
S Specialist

Ag Agricultural Sciences and Natural Resources  
A&S Arts and Sciences  
Bus Business Administration  
Ed Education  
En Engineering  
HES Human Environmental Sciences  
Gr Graduate College
