This Catalog offers information about the academic programs and support services of the University. This Catalog is as accurate as possible, but the information may not remain current for all of the academic year. Circumstances may prompt changes in courses, course content, credit, fees, regulations, semester calendar, curriculum, degrees offered, and other University matters. Such changes authorized by the University apply both to prospective students and to those previously enrolled, unless the latter are specifically exempted.

For information, write to Oklahoma State University, Stillwater, OK 74078, or call (405)744-5000; in Oklahoma, call toll free 1-800-233-5019. Send electronic mail requests to reg@okstate.edu. Publications concerning a number of topics are also available upon request.

OSU information is available via the Internet:
Main Page: http://osu.okstate.edu
Admission: http://admissions.okstate.edu
Catalog: http://www.okstate.edu/registrar/Catalog.html
Schedule: http://www.okstate.edu/registrar/ClassSchedule.html

The summer and fall class schedule books are usually available in February, and the spring class schedule book in October, and may be obtained via the Internet.

An application packet and viewbook, with information for prospective students on admission, residence halls, financial aid, scholarship, and the Honors Program, is available from the Office of Undergraduate Admissions.

The OSU Catalog may be obtained by new students, free of charge from their student academic services offices, at the beginning of their first semester at OSU. Other persons may purchase the Catalog through the Student Union Bookstore by mail. Reference copies are also available in many administrative offices and libraries, and Oklahoma high schools, junior and community colleges.

To purchase a copy of the OSU Catalog contact the Student Union Bookstore at 1-800-831-4678. The domestic rate is $8.00 (includes $5.00 for the Catalog and $3.00 for first class/priority postage). The international rate is USD ($5.00 for the Catalog plus actual postage costs).

In addition to these publications, many of OSU's colleges, schools and departments have printed material concerning their programs. Contact the individual departments for specific information.

Oklahoma State University, in compliance with Titles VI and VII of the Civil Rights Act of 1964, Executive Order 11246 as amended, Title IX of the Education Amendments of 1972 (Higher Education Act), the Americans with Disabilities Act of 1990, and other federal laws and regulations, does not discriminate on the basis of race, color, national origin, sex, age, religion, handicap, or status as a veteran, in any of its policies, practices or procedures. This provision includes, but is not limited to, admission, employment, financial aid and educational services.

Photographs are courtesy of Centennial Histories, Special Collections, The Daily O'Collegian, and various OSU students, offices, colleges and alumni.

This publication, issued by Oklahoma State University as authorized by the Office of the Registrar, was printed by Von Hoffmann Corporation at a cost of $18,048 for 12,000 copies.
State Regents for Higher Education
James D. "Jimmy" Harrel, Chair, Leedey
Cheryl P. Hunter, Secretary, Oklahoma City
John Massey, Assistant Secretary, Durant
Bill W. Burgess Jr., Member, Lawton
Marlin "Ike" Glass Jr., Member, Newkirk
Joseph Parker, Member, Tulsa
William Stuart Price, Member, Tulsa
Carl R. Renfro, Member, Ponca City
Dr. Ronald H. White, Member, Oklahoma City

Short summer sessions are usually held for three weeks, May 14-June 1 for four weeks, June 4-29 for four weeks, July 2-27
Proportionate dates for fee refunds, dropping, and withdrawing apply to block and short courses.
The University

Oklahoma State University was founded on December 25, 1890, as Oklahoma Agricultural and Mechanical College, just twenty months after the Land Run of 1889. When the first students assembled for class on December 14, 1891, no buildings, books or curriculum existed.

In 1894, two and one-half years after classes began in local churches, 144 students moved into the first academic building, later known as Old Central, on the southeast corner of campus. In 1896, Oklahoma A&M held its first commencement with six male graduates.

On July 1, 1957, Oklahoma A&M College became Oklahoma State University. Technical branches were established in Okmulgee in 1946 and in Oklahoma City in 1961. (In 1990 their names were changed to OSU-Okmulgee and OSU-Oklahoma City.) OSU-Tulsa was formed from a consortium of universities that were originally established in 1982. In July of 1988, the Oklahoma College of Osteopathic Medicine and Surgery (in Tulsa) became the College of Osteopathic Medicine of OSU. In 2001, it became part of the OSU Center for Health Sciences.

OSU is located in Stillwater, a north-central Oklahoma community with a population of more than 38,000. Stillwater is approximately 60 miles from the Tulsa and Oklahoma City metropolitan areas and is readily accessible from other major population centers by interstate highway and air.

This coeducational University has an enrollment of over 32,000 students on four campuses. It offers bachelor’s, master’s and doctor’s degrees in a large number of fields, as well as the professional Doctor of Osteopathic Medicine and Doctor of Veterinary Medicine degrees. Specialist in Education degrees are also offered in selected fields.

Although OSU is a large, comprehensive university, its size does not minimize the personal attention given to each student. The individual is more than just a number at this university. OSU encourages all students, when they first enroll, to identify the college in which they wish to major. Once the student has identified his or her major department, he or she becomes a very important individual to the faculty and advisers of that department. Because the average number of students majoring in any one department is less than 150, the student can count on personal attention in a friendly environment.

As a comprehensive land grant institution, OSU offers student’s many distinct advantages. It has 2 million volumes in the library, modern research laboratories and equipment, excellent physical education, recreation and student union facilities, nationally-recognized residence halls programs, outstanding cultural events, and 36 nationally-affiliated fraternities and sororities, that provide a stimulating educational and social environment.

The Mission

Oklahoma State University, a modern comprehensive land grant university, serves the state, national and international communities by providing its students with exceptional academic experiences and by conducting scholarly research and other creative activities that advance fundamental knowledge. New knowledge is disseminated to the people of Oklahoma and throughout the world.

Research

Research is one of the three parts of OSU’s land-grant mission. It is essential to the fulfillment of the other parts, instruction and extension, since research results become a part of what is taught by faculty, both in the classroom and through outreach. Research findings not only improve the lives of individuals and society through new understandings, products, processes and medicines, but they become the engine for economic development.

One area of research focus that has become more prominent recently is homeland security. Long before the tragic events of September 11, 2001, OSU researchers were engaged in sensor-related research to help ensure the safety of food, environment, and of first responders. OSU was already in position to be a part of the overall research effort to enhance the safety and welfare of the nation. The 2002 Oklahoma Legislature passed legislation that will bring $19 million to OSU over a period of four years for research in this area.

These funds received to date have been used to renovate laboratories and to purchase equipment to augment the existing capabilities of OSU researchers in homeland security.

The Office of Vice President for Research and Technology Transfer (http://www.vpr.okstate.edu) administers research at OSU, encompassing research in all colleges within the University, including the Center for Health Sciences at Tulsa. This office is responsible for a number of units and activities, as follows:

- The Oklahoma Technology and Research Park (http://www.oktechpark.com) is a partnership of OSU, Meridian Technology Center, and the City of Stillwater. Covering 160 acres in a campus setting, it is designed to facilitate collaboration between tenants. It provides custom facilities for technology-based or knowledge driven firms in all stages of development. The Park’s first tenant is already expanding its facilities, and plans to expand again.
- OSU recently moved into Venture I, the first multi-tenant building, and occupies the entire second floor. The first private company has also moved into Venture I. Plans are underway for additional companies to move to the Park in 2005.
- The Office of Intellectual Property Management (http://www.vpr.okstate.edu/ipm) manages OSU’s innovative technologies and other intellectual property for the benefit of the University and the public. In carrying out this mission, personnel work with faculty, staff, administrators, and students to protect OSU’s intellectual property and license it to commercial firms.
- The Office of University Research Compliance (http://www.compliance.vpr.okstate.edu) ensures compliance with federal, state and University regulations that set forth requirements for the responsible conduct of research. Working through committees, it oversees research involving human subjects, animal models, radiological materials, certain hazardous agents, and recombinant DNA.
- The Office of University Research Services (http://www.research.okstate.edu) is the Document Control Center for the routing of all proposals and awards throughout the University. It provides support to researchers (through
information about funding opportunities, Community of Science, and training seminars), posts an online sponsored research report, and provides guidance for compliance with federal export control regulations that govern the conduct of research and export of specific technologies that may have an impact on national security and trade.

The Environmental Institute (http://environ.okstate.edu) promotes sustainable development through interdisciplinary research. It strives to bring the expertise of diverse disciplines to bear on today’s most difficult environmental problems through identifying environmental research needs and funding opportunities, coordinating collaborative research teams, and facilitating proposal preparation. The Institute is also home to the Oklahoma Water Resources Research Institute, which sponsors water-related research in Oklahoma. In addition, the Environmental Institute sponsors conferences, speakers, publications and environmental awards.

The OSU Center for Health Sciences (http://www.healthsciences.okstate.edu), located in Tulsa, includes three comprehensive programs, both professional and graduate. The College of Osteopathic Medicine enrolls approximately 500 medical students and residents in primary and specialty-care medical programs. Three multidisciplinary graduate programs, biomedical sciences, forensic sciences, and a DO/MBA graduate course, include about 60 graduate students. A neurosciences center is emerging, crossing four disciplines and involving six faculty members.

The OSU Education, Research and Economic Development Foundation (EREDF) is responsible for working with both the public and private sectors to provide expansion of the economy especially in rural Oklahoma. EREDF manages large-scale and classified research contracts and grants, as it holds security clearance for the University’s classified research. It is the contracting unit of the University that participates in the Oklahoma Technology and Research Park.

Research Centers. OSU has multiple research centers and facilities throughout the state. For detailed information, consult the Internet (http://www.vpr.okstate.edu/researchcenters).

Athletics Program Mission
Oklahoma State University is committed to providing regionally and nationally competitive athletics programs as an integral part of the overall educational mission of the University.

Sponsored programs shall be in compliance with the highest recognized standards of the institution and the athletic governing bodies. Intercollegiate athletics will operate in harmony with the University’s stated mission and be committed to the intellectual, cultural, physical and social development of the student-athletes as individuals. Opportunities for student-athletes shall be provided without discrimination.

Student Profile
OSU has a diverse student body. Students come not only from Oklahoma, but from across the nation and world. Of OSU’s 32,672 students, approximately 21,576 are on the Stillwater campus, (including 2,050 students at OSU-Tulsa), 2,729 at Okmulgee and 5,721 at Oklahoma City, and 596 students at the College of Osteopathic Medicine in Tulsa. Seventy-seven percent of the undergraduate enrollment is from Oklahoma; 15 percent from other states; and eight percent from more than 115 foreign countries. Of the undergraduate population, 52 percent are men and 48 percent are women. Minorities make up 20 percent of the undergraduate student body. The graduation rate of full-time, degree-seeking undergraduate students is 55 percent.

The graduate student enrollment totals 4,837. Of these students, approximately 754 enroll through OSU-Tulsa. Fifty-four percent are from Oklahoma; 18 percent from other states; and 28 percent from foreign countries. Of the graduate population, 52 percent are men and 48 percent are women. Minorities make up 38 percent of the graduate student body.

An annual report regarding gender equity in OSU’s athletic programs is available upon request from the Athletic Department.

Facilities
The OSU campus is one of exceptional beauty, with modern Georgian style architecture in many of the buildings. The main campus encompasses 840 acres and more than 200 permanent buildings. These facilities include the Edmon Low Library, ranked first in the state of Oklahoma and one of the largest libraries in the entire Southwest. Other facilities include a large Student Union, the Noble Research Center, the Bartlett Center for the Studio Arts and the Seretean Center for the Performing Arts.

In 1995, Willard Hall was completely renovated and rededicated as the new home for the College of Education. Willard Hall was a 1939 vintage women’s dormitory that now celebrates the past and creates a vision for the future. For its efforts in the Willard Hall project, Oklahoma State University received an architectural award for this historic preservation of the building.

In 1996, the University dedicated the Oklahoma Food and Agricultural Products Research and Technology Center. This vital facility undergirds the essential mission of the College of Agricultural Sciences and Natural Resources by allowing faculty and students the opportunity to investigate the ways and means of adding value to Oklahoma’s raw foodstuffs.

In 1997, the University opened its $31 million Advanced Technology Research Center within the College of Engineering, Architecture and Technology. This multidisciplinary building will further enhance the University’s role of being a front runner in basic engineering and related research in a variety of fields that are relevant to Oklahoma, the United States and the world.

In 1998, the University welcomed the complete renovation of the Classroom Building. This building is the principal undergraduate classroom facility for the University. The Classroom Building remodeling effort gives students an updated facility with state-of-the-art teaching systems.

In 1999, construction was completed to add space within the Student Union to incorporate a new area for the Center for Services to Students. This new space houses the offices of Admissions, Bur- sar, Financial Aid, High School and College Relations, Registrar and University Academic Services in one convenient location for a combined effort to better assist students.

In 2000, construction was completed on the new housing for students with the completion of the first of three phases of apartments and suites style accommodations. Fall 2001 saw the completion of Phase II, including family housing, apartments and suites.

In 2001, construction was completed on the newly remodeled Gallagher-Iba Athletic Center that seats approximately 13,000 people for athletic, academic and entertainment activities.

Beginning in 2002, a four-year, $19 million laboratory renovation program will position the University as a leader in sensor technology research. Completion for this work is scheduled for July 2008. Fall 2003 saw Phase III student housing ready for student occupancy, and an expanded campus bus service that serves
both the Stillwater campus and the Stillwater community to aid students, faculty and staff in their educationally related transportation needs. Fall 2004 began the fourth phase of on-campus student housing slated to be completed in 2006. Fall 2004 also saw the finish of Phase I renovations of Boone Pickens Stadium. Phase II is scheduled to be finished in Fall 2006.

OSU is emerging as a leader in network computing resources. The University has applied the student technology fee in concert with other University resources to create a second-to-none networking system on campus that includes new computer laboratories, high speed inter-laboratory connectivity, and a virtually seamless interface to the expanding Internet community. It is OSU’s belief that the “virtual laboratory” made possible by the nearly boundless domain of the Internet will be the research vehicle for the future researcher.

The Lake Carl Blackwell area, located eight miles west of Stillwater, is also owned by OSU. The area includes approximately 21,655 acres, including the 3,000-acre Lake Carl Blackwell that provides the water supply for OSU and the Stillwater community. It is also used for research activities, in addition to being a popular regional recreational area.

Additional properties include 1,900 acres in farm land and facilities in Payne County, as well as 2,900 acres and various structures devoted to research stations around the state.

General Education

Oklahoma State University is committed to producing graduates who have a depth of knowledge in their major fields of study and a breadth of general knowledge to address issues in a complex society. OSU graduates have a mastery of a specific subject matter and solid, diversified general education. With a commitment to breadth in general education, the following philosophy was adopted in 2001:

General Education at Oklahoma State University provides students general knowledge, skills and attitudes conducive to lifelong learning in a complex society. The breadth of general education requirements stimulates intellectual curiosity, original thought and expression, the capacity for critical analysis and problem solving, and the ability to make conscious value judgments consistent with personal needs and the public interest. General education assists graduates to function in and appreciate the human and natural environment.

Accreditation

Oklahoma State University is accredited by the Higher Learning Commission (HLC) (A Commission of the North Central Association of Colleges and Schools), and programs within the colleges are also accredited. (The HLC may be reached at 30 N. LaSalle Street, Suite 2400, Chicago, IL 60602, phone (800) 621-7440. The Internet address is www.ncahigherlearningcommission.org.)

In the College of Agricultural Sciences and Natural Resources, the forestry program is accredited by the Society of American Foresters. The landscape architecture program (Bachelor of Landscape Architecture) is accredited by the American Society of Landscape Architects. The landscape contracting program is certified by the Association of Landscape Contractors of America. In addition, the College’s teacher education program in agriculture education is accredited by the Oklahoma State Department of Education, and the Oklahoma State Department of Vocational-Technical Education.

In the College of Arts and Sciences, the chemistry program is accredited by the American Chemical Society; the program in communication sciences and disorders is accredited by the American Speech-Language-Hearing Association; the School of Journalism and Broadcasting, which offers programs in advertising, broadcast journalism, news editorial, and public relations is accredited by the Accrediting Council on Education in Journalism and Mass Communications (ACEJMC); the medical technology program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences; the music department is accredited by the National Association of Schools of Music; the program in clinical psychology is accredited by the American Psychological Association; and the theater program accredited by the National Association of Schools of Theater.

All programs in the College of Business Administration are fully accredited by AACSB International - The Association to Advance Collegiate Schools of Business. The School of Accounting enjoys separate accreditation by this body.

In the College of Education, the aviation programs are accredited by the Federal Aviation Administration. OSU was the first university in Oklahoma with a program that received this designation. The counseling psychology program and the school psychology program are both accredited by the American Psychological Association. The school of psychology program also is accredited by the National Association of School Psychologists. The leisure studies program is accredited by the National Recreation and Park Association in partnership with the American Association for Leisure and Recreation, with accredited options in leisure service management and therapeutic recreation. Athletic training is accredited by The Commission of Accrediting Allied Health Programs (CAAHEP). All professional education programs are accredited by the National Council for Accreditation of Teacher Education, the Oklahoma State Board of Education and the North Central Association of Colleges and Schools. Technical and industrial education is accredited by the Oklahoma State Department of Vocational-Technical Education.

In the College of Engineering, Architecture and Technology, bachelor’s degree programs are accredited by nationally recognized accreditation organizations. Programs in aerospace engineering, architectural engineering, biosystems engineering, chemical engineering, civil engineering, electrical engineering, industrial engineering and management, and mechanical engineering are accredited by the Engineering Accreditation Commission (EAC) of the Accreditation Board for Engineering and Technology, Inc. (ABET), 111 Market Place, Suite 1050, Baltimore, MD 21202-4012, phone (410) 347-7700, e-mail accreditation@abet.org. Programs in construction management technology, electrical engineering technology, fire protection and safety technology, and mechanical engineering technology are accredited by the Technology Accreditation Commission (TAC) of the Accreditation Board for Engineering and Technology, Inc. (ABET) (address above). The program in architecture is accredited by the National Architectural Accrediting Board (NAAB), Accreditation
i can Dietetic As so ci a tion, 120 South Dietetics Education (CADE), The Amer-
ican Veterinary Medical Association. The Oklahoma State Board of Ed-
ucation for the Education of Young Children (NAEYC). Program approval has
been granted to the early childhood education program by the Oklahoma State
Board of Education. The early childhood cer-
tification program is accredited by the National Council for the Accreditation
of Teacher Education (NCATE). The marriage and family therapy program is
accredited by the Commission on Accredi-
tion for Marriage and Family Therapy
Education (COAMFTE) of the American
Association for Marriage and Family
Therapy. The Didactic Program in Di-
etics (DPD) and the dietetic internship
program at OSU are both accredited
by the Commission on Accreditation for
Dietetics Education (CADE), The Amer-
ican Dietetic Association, 120 South
Riverside Plaza, Suite 2000, Chicago IL
60606-6995, 800-877-1600. The School of
Hotel and Restaurant Administration
is accredited by the Accreditation Com-
misson for Programs in Hospitality
Administration (ACPHA).

The College of Veterinary Medicine
is fully accredited by the American Veter-
inary Medical Association. The Oklahoma
Animal Disease Diagnostic Laboratory is
accredited by the American Association
of Veterinary Laboratory Diagnosticians,
and the Boren Veterinary Medical Teach-
ing Hospital is accredited by the Amer-
ican Animal Hospital Association.

Programs at OSU’s branch campuses
have also received accreditation from
national agencies.

The OSU College of Osteopathic
Medicine is accredited by the Bureau of
Professional Education of the American
Osteopathic Association.

OSU-Oklahoma City is accredited by
the Higher Learning Commission of the
North Central Association of Colleges
and Schools. In addition, other pro-
grams are accredited or certified by the
following institutions: Oklahoma Drug
and Alcohol Professional Counselors
Association, National Association for the
Education of Young Children, Rehabili-
tative Services for Deaf and Hearing
Impaired, State Health Department for
Emergency Medical Technicians, Coun-
cil on Law Enforcement Education and
Training, National League for Nursing
Accrediting Commission, 61 Broadway,
33rd Floor, New York, NY 10006, (212)
363-5555, Oklahoma Board of Nurs-
ing, American Veterinary Medical As-

OSU-Okmulgee is accredited by the
Higher Learning Commission of the
North Central Association of Colleges
and Schools. In addition, programs in
automotive service technology and au-
tomotive collision repair technology are
nationally certified by the National Au-
tomotive Technicians Education Foun-
dation, Inc. (NATEF). The Orthotics and
Prosthetics program is accredited by the
National Commission on Orthotics and
Prosthetics Education (NCOPE). (The
NCA may be reached at 30 N. LaSalle
Street, Suite 2400, Chicago, IL 60601,
phone (800) 621-7440. The Internet
address is www.hcahigherlearningcomm
ission.org.).

Programs at OSU-Tulsa are fully
accredited by the Higher Learning Com-
mision, carrying the same accreditation
as programs on the Stillwater campus.
Refer to individual colleges for the spe-
cific agencies.

Refer to the appropriate college sec-
tions in the Catalog for further infor-
mation on accreditation of specific pro-
grams.

Affirmative Action Program
Carolyn Hernandez, Director

Oklahoma State University is com-
mitted to creating an environment for
all students and employees that is fair
and responsible—an environment where
all members of the OSU community are
treated with dignity and respect and dis-
tinctions are made on the basis of ability
and performance. This commitment is
based on our dedication to educational
justice and the promise of each indi-
vidual, as well as adherence to federal
and state civil rights laws and University
policies and procedures. It is the policy
of OSU to be an equal opportunity Uni-
versity in all phases of operations, to-
ward the attainment of the University’s
basic mission and goals.

OSU is committed to providing equal
employment and educational opportu-
nity on the basis of merit and in a man-
ner which does not discriminate because
of an individual’s race, gender, national
or ethnic origin, color, age, religion,
disability, sexual orientation, or veteran
status. All students are provided equal
educational opportunity in all phases of
the academic program and in all phases of
the student life programs. No known
form of illegal discrimination and/or ha-
rassment will be condoned or tolerated.
Procedures are in place that assure
equal treatment and equal access to
the facilities and educational benefits of
the University for all the members of its
community.

OSU also has a policy prohibiting
sexual harassment of students, staff
and faculty. The University subscribes to
the principle of the dignity of all persons
and their labors. In support of this prin-
ciple, sexual harassment is condemned
in the recruitment, appointment and
advancement of employees and in the
evaluation of students’ academic perfor-
mance. OSU is committed to promoting
equal opportunity in employment and
education for all persons within its con-
stituency in an environment free from
sexual harassment.

Respect for each member of the cam-
pus community is vital to the individual
and community as a whole. OSU’s Af-
firmative Action Program reflects the
University’s commitment to equal op-
portunity and nondiscrimination and
complies with all applicable laws pro-
moting equal educational and employ-
ment opportunity prohibiting unlawful
discrimination.

The Office of Affirmative Action, 408
Whitehurst, may be contacted for infor-
mation concerning unlawful discrimi-
nation and inquiries regarding OSU
compliance with equal opportunity or
affirmative action.

Title IX
Carolyn Hernandez, Coordinator

Title IX of the Education Amendments
and Oklahoma State University policy
prohibit discrimination in the provision
of services or benefits offered by the
University based upon gender. Any per-
son (student, faculty or staff) who be-
lieves that discriminatory practices have
been engaged in based upon gender
discussion their concerns and file in-
formal or formal complaints of possible
violations of Title IX with the OSU Title
IX coordinator. For more information,
contact the Office of Affirmative Action, 408 Whitehurst.
Americans with Disabilities Act (ADA) Compliance Program

Mike Shuttic, Director

Considerable progress has been made to enhance ADA access to OSU programs, services, facilities and grounds. Students with disabilities are encouraged to help with such efforts through the ADA Advisory Council for Individuals with Disabilities. In addition, students may exercise certain ADA appeal “rights” if dissatisfied with student services or accommodations. OSU is committed to improving the full and nondiscriminatory participation in all aspects of campus life for individuals with disabilities. For more information, contact the Office of ADA Compliance, 315 Student Union.

Entering the University — Admissions

Linda Owens, Associate Director
Paulette Cundiff, Coordinator, Admissions Operations
Karen Huff, Coordinator, International Admissions
Karen R. Mott, Coordinator, Transfer Credit Evaluations

Application Procedure

When to Apply

It is advisable to apply for admission several months in advance of the first semester in which enrollment is desired. Applications for admission are processed on a “rolling basis.” Admission decisions are usually made and applicants notified within a week or two of receipt of all necessary documents.

How to Apply

OSU requires a non-refundable application fee of $40 for all applicants. The fee must accompany a student’s Application for Admission.

Freshmen. All applicants seeking admission must complete and submit an Application for Admission. A student should request that his or her high school counselor send to the Office of Undergraduate Admissions a current official high school transcript that contains class rank and grade-point average (6th, 7th, or 8th semester). In addition, at the time of application a request should be made to have the results of the ACT or SAT sent to the Office of Undergraduate Admissions, unless such a request was made at the time of testing.

Transfers. Students who have enrolled in one or more colleges prior to applying to OSU must complete and submit an Application for Admission, and request that the registrar at each college send an official transcript of all work attempted to the Office of Undergraduate Admissions. Students who have earned 23 or fewer hours of college-level credit should also follow the procedure outlined above for first-time freshmen.

Readmission. A student who has attended OSU, but was not enrolled during the immediate past semester (except the summer session) must file an updated Application for Admission. A student who has enrolled in another college or university since last attending OSU, must submit a transcript from each school. Admission status will be determined after an evaluation of all previous work has been made.

Residential Life

All freshmen are required to live on campus their first year. For exceptions, see the “Residential Life” section of the Catalog. The University offers a variety of living and food service arrangements to satisfy most students. A Residence Hall Application is included in the Application Packet or can be found on-line at the OSU homepage and the Residential Life website. The application should be submitted early the year before housing is needed to better ensure a first-choice assignment. Opportunities also abound for transfer students who desire to experience life on campus.

Freshman Admission

For purposes of admission, a freshman student is one who has earned no more than six hours of college level credit after graduation from high school. (This excludes credits earned concurrently with high school enrollment, and credit earned by examination).

Admission Requirements (Residents and Nonresidents)

To be admitted in good standing a student must graduate from an accredited high school or have earned a General Education Diploma (GED) and meet both the performance and curricular requirements listed below. (Accredited high schools are those fully accredited by one of the six regional associations of schools and colleges or by the individual state department of education.)

Performance Requirements. Admission standards to Oklahoma State University will be increasing over the next three years and are outlined briefly below. Additional information may be obtained by contacting the Office of Undergraduate Admissions. To be admitted in good standing, students must satisfy at least one of the following performance standards listed for the year of entry and all of the curricular requirements listed below.

Performance Standards for 2005-2006
1. Achieve a four-year high school GPA of 3.00 or higher (on a 4.00 grading scale), and rank scholastically among the top one-quarter (25%) of their graduating class, or
2. Achieve a GPA of 3.00 or higher (on a 4.00 grading scale) in the required 15 core high school courses and attain either an ACT composite score of 20 or higher or a total SAT score of 940 or higher. (See “Curricular Requirements: listed below), or
3. Attain an ACT composite score of 23 or higher or a total SAT score of 1060 or higher.

Performance Standards for 2006-2007
1. Achieve a four-year high school GPA of 3.00 or higher (on a 4.00 grading scale), and rank scholastically among the top one-third (33.3%) of their graduating class, or
2. Achieve a GPA of 3.00 or higher (on a 4.00 grading scale) in the required 15 core high school courses and attain either an ACT composite score of 21 or higher or a total SAT score of 980 or higher. (See “Curricular Requirements: listed below), or
3. Attain an ACT composite score of 24 or higher or a total SAT score of 1090 or higher.

Performance Standards for 2007-2008
1. Achieve a four-year high school GPA of 3.00 or higher (on a 4.00 grading scale), and rank scholastically among the top one-quarter (25%) of their graduating class, or
2. Achieve a GPA of 3.00 or higher (on a 4.00 grading scale) in the required 15 core high school courses and attain either an ACT composite score of 21 or higher or a total SAT score of 980 or higher. (See "Curricular Requirements: listed below), or
3. Attain an ACT composite score of 24 or higher or a total SAT score of 1090 or higher.

**Curricular Requirements.** All students beginning college work after July 1, 1997 must have completed the following curricular requirements for admission:

<table>
<thead>
<tr>
<th>Subjects</th>
<th>Years</th>
<th>Subjects</th>
<th>Years</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>4</td>
<td>Mathematics</td>
<td>3</td>
</tr>
<tr>
<td>(grammar, composition and literature)</td>
<td></td>
<td>(algebra I and above)</td>
<td></td>
</tr>
<tr>
<td>History &amp; Citizenship</td>
<td>3</td>
<td>Laboratory science</td>
<td>2</td>
</tr>
<tr>
<td>(American history required, plus additional units from economics, geography, government, history, or non-Western culture)</td>
<td></td>
<td>Other</td>
<td>3</td>
</tr>
<tr>
<td>(from any of the above, or foreign language, or computer science)</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

In addition to the above requirements, it is recommended that students also complete the following additional courses:

<table>
<thead>
<tr>
<th>Courses</th>
<th>Years</th>
<th>Courses</th>
<th>Years</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fine arts (music, art, or drama); Speech</td>
<td>additional 2</td>
<td>Lab science</td>
<td>additional 1</td>
</tr>
<tr>
<td>Mathematics</td>
<td>additional 1</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

In addition to the requirements listed above, students who have earned any hours of college-level credit must also meet university retention standards to be admitted in good standing (see "Retention Standards" in "Transfer Admission").

**English Proficiency Requirement.** All new applicants for undergraduate study for whom English is a second language are required to present either a minimum paper-based score of 500 or a minimum computer-based score of 173 on the Test of English as a Foreign Language (TOEFL), or a minimum score of 6.0 on the International English Language Testing System (IELTS).

Beginning September 2005, a new Internet based TOEFL exam will be replacing both the computer-based and paper-based exams. Consult the Internet regarding minimum score requirements (http://admissions.okstate.edu).

**Special Freshman Admission Programs**

**Alternative Admission.** Students whose high school achievement is below the standards specified in the performance requirements and/or who are deficient in no more than one curricular requirement, may be eligible for admission under the Alternative Admission Program. Space is limited and only those applicants showing the best promise of academic success, consistent with OSU’s enrollment goals and objectives, will be admitted. Priority will be given to those who apply early.

**Adult Admission.** Adults 21 years of age or older or individuals on active military duty may be admitted, after careful consideration is given in determining the probability of academic success of the student. It is the opinion of Oklahoma State University that factors such as maturity of the individual, job skills and life experiences, motivation, ability to benefit, and access to educational programs should be considered in addition to past academic achievement in determining probability of academic success.

**Summer Provisional Admission.** Individuals not meeting requirements for admission under another category may be eligible for enrollment in the summer session immediately following high school graduation. Students must have graduated from high school or have earned the GED, meet all 15 curricular requirements, and meet at least one of the following: HS GPA greater than or equal to 2.5 or ACT composite greater than or equal to 18 or SAT total score greater than or equal to 850.

Students must also "place" into college-level course work in the areas of English, Math, Reading and Science by earning a minimum ACT subscore of 19 in all areas or minimum SAT subscores of 460 verbal and 460 math or by passing required placement exams.

Students must enroll in both a college level mathematics and freshman composition course at Oklahoma State University and earn a "C" or better in each course to be fully admissible for the fall semester.

**Opportunity Admission Program.** Students who have not graduated from high school but whose composite score on the ACT, or combined verbal and mathematics scores on the SAT places them at the 99th percentile, may apply for full admission. Admissibility will depend on test scores, evaluation of maturity level, and whether the experience will be in the best interest of the student, both intellectually and socially.

**Home Study or Unaccredited High Schools.** An individual who is a graduate of a private, parochial, or other nonpublic high school which is not accredited by a recognized accrediting agency is eligible for admission to the University if:

1. The student has graduated from high school or a home study program, and
2. The student has attained an ACT composite score of 23 or higher, or a total SAT composite score of 1060 or higher, and
3. The student has satisfied the high school curricular requirements as certified by the school official or, if home study, the parent.

**Independent Study Enrollment.** Admission to the University is not required for enrollment in independent study courses. However, academic credit for these courses will not be applicable toward a degree until the student has been formally admitted to the University and has secured the approval of the appropriate academic officer for such credit.

**Non-degree Option.** Students who wish to enroll in courses without intending to pursue a degree may be permitted to enroll in up to nine credit hours without satisfying admission requirements. If a student wishes to enroll in additional course work (over the nine hours allowed) he or she will be required to satisfy admission requirements. Enrollment for this program opens two weeks prior to classes beginning.

**Concurrent Enrollment as a High School Student.**

1. A senior student enrolled in an accredited Oklahoma high school may, if he or she meets the requirements below, be admitted provisionally as a special student.
   a. for 2005 graduates, attain an ACT composite score of 23 or higher or a total SAT score of 1060 or higher, (for 2006 and 2007 graduates, attain an ACT composite score of 24 or a total SAT score of 1090), or
   b. for 2005 and 2006 graduates, achieve a current cumulative high school grade-point average of 3.00 or higher on a 4.00 scale and rank scholastically among the top third of his or her graduating class. (for 2007 graduates, achieve a current cumulative high school grade point average of 3.00 or higher on a 4.00 scale and rank scholastically among the top quarter of his or her graduating class.)
c. be eligible to complete requirements for graduation from high school (including curricular requirements for college admission) no later than the spring of the senior year, as attested by the high school principal. Students must also provide a letter of recommendation from their counselor, principal, and written permission from their parents or legal guardian

2. An eleventh grade student enrolled in an accredited Oklahoma high school may be admitted provisionally as a special student, if he or she meets requirement 1.c. above, and the additional requirements listed below.

a. attain an ACT composite score of 25 or higher or a total SAT score of 1130 or higher; or
b. achieve a current cumulative high school grade-point average of 3.50 or higher on a 4.00 scale.

3. A student receiving high-school-level instruction at home or from an unaccredited high school may be admitted provisionally as a special student if he or she meets requirement 1.c. above and the requirements listed below:

a. for 2005 graduates, 17 years of age or older and achieve an ACT composite score of 23 or higher or a total SAT score of 1060 or higher; (for 2006 and 2007 graduates, 17 years of age or older and achieve an ACT composite score of 24 or higher or a total SAT score of 1090 or higher),

b. be 16 years of age and have achieved a composite score of 25 or higher on the ACT or a total SAT score of 1130 or higher.

A high school student admitted as a concurrent student may enroll in a combined number of high school and college courses per semester not to exceed a full-time college work load of 19 semester credit hours. For purposes of calculating work load, one high school credit course is equivalent to three semester credit hours of college work. For calculation of workload for students in "blocked" courses, contact the Office of Admissions.

A student who is otherwise eligible under this policy may enroll in a maximum of nine semester credit hours during a summer session, without the necessity of being concurrently enrolled in high school classes during the summer term. The completion of the high school curricular requirements shall not be required of concurrently enrolled high school students for purposes of admission. However, students may only enroll in curricular areas where they have met the assessment requirements for college placement. Concurrently admitted high school students will not be allowed to enroll in any zero-level courses designed to remove high school deficiencies.

Assessment/Course Placement. To help ensure that a student possesses the skills necessary to be successful in college, he or she must obtain a 19 ACT subject score(s) in science reasoning, mathematics, and/or English to enroll in course work in the respective subject area(s). The student must score at 19 or higher in reading to enroll in any other collegiate course(s) outside the subjects of science, mathematics and English.

Once a student is concurrently enrolled at OSU he or she may continue enrollment, provided that during the concurrent enrollment period the student achieves a college grade-point average of 2.00 or higher, and upon graduation from high school meets both the performance and curricular requirements for admission.

Transfer Admission

OSU requires a non-refundable application fee of $40 for all applicants. The fee must accompany a student’s Application for Admission.

For the purpose of determining admission, a transfer student is one who has earned a minimum of seven or more semester hours of college-level credit after graduation from high school. (Students with fewer than seven semester hours of college-level credit are classified as freshmen, and should refer to the "Freshman Admission" section.)

Transfer Admission Standards

For both Oklahoma residents and nonresidents; effective for Academic Year 2005-2006:

1. Students who have earned between 7-23 hours of college credit must satisfy both freshman admission requirements and achieve a minimum transfer GPA of 2.25 or higher in all college-level course work attempted.

2. Students who have earned 24-59 hours of college credit must achieve a minimum transfer GPA of 2.25 or higher in all college-level course work attempted.

3. Students who have earned 60 or more hours of college credit must achieve a minimum transfer GPA of 2.00 or higher in all college-level course work attempted.

Transfer Credit Evaluation

Transfer credit evaluation in the Office of Undergraduate Admissions determines acceptable transfer credit on a course-by-course basis for college-level credit earned at institutions who are fully accredited by any of the six U.S. regional associations. The evaluation is based on course content, as described in the catalogs of those institutions and in consultation with appropriate academic units at OSU. All transferred courses are recorded on the student’s academic record. No part of the previous collegiate record may be disregarded.

Courses completed at institutions located outside of the U.S. will be reviewed for transfer credit based on U.S. regional accreditation standards or post-secondary recognition in the country for which the institution is located. It is highly recommended that the program requirements and course syllabi be submitted for all courses completed overseas.

Pre-engineering (Nonresidents of Oklahoma). Engineering is a competitive program; therefore, enrollment preference is given to Oklahoma residents. In addition to the above requirements, a nonresident of Oklahoma applying for admission to pre-engineering must meet requirements determined by the College of Engineering. These requirements may exceed those required for residents of Oklahoma. (See "Admission Requirements" in the "College of Engineering, Architecture and Technology" section.)

English Proficiency Requirement. All new applicants for undergraduate study for whom English is a second language are required to present either a minimum paper-based score of 500 or a minimum computer-based score of 173 on the Test of English as a Foreign Language (TOEFL), or a minimum score of 6.0 on the International English Language Testing System (IELTS), taken within the last two years.

Beginning September 2005, a new Internet-based TOEFL exam will be replacing both the computer-based and paper-based exams. Consult the Internet regarding minimum score requirements (http://admissions.okstate.edu).

Readmission. A student who has attended OSU but was not enrolled during the immediate past semester (except the summer session) must file an updated Application for Admission and current application fee. A student who has enrolled in another college or university since last attending OSU, must submit a
transcript from each school. Admission status will be determined after an evaluation of the previous work has been made.

International Admission

International students are required to meet academic performance standards which are equivalent to those established for all nonresident applicants.

Application Procedure. For purposes of admission, an international student is defined as "a student who is, or will be, in the United States on a non-immigrant student visa." This specifically refers to the Student (F) and Exchange Visitor (J) visas. All international students are considered nonresident students.

The University will process the International Student Application and Financial Guarantee form for undergraduate admission (freshman and transfer) only after all the following items have been submitted:

1. Application for Admission and a fee of U.S. $50.00 made payable to OSU.
2. One official or certified true copy of each academic record with a certified English translation. Students enrolled at U.S. institutions may have certified true copies of their foreign records sent by their current institution. Academic records may comprise one or more of the following:
   a. Secondary school records (yearly mark sheets or transcripts).
   b. Records from each college or university attended (yearly mark sheets or transcripts).
   c. National examination results.
3. All new applicants for undergraduate study for whom English is a second language are required to present either a minimum paper-based score of 500 or a minimum computer-based score of 173 on the Test of English as a Foreign Language (TOEFL), or a minimum score of 6.0 on the International English Language Testing System (IELTS), taken within the last two years.

Beginning September 2005, a new Internet-based TOEFL exam will be replacing both the computer-based and paper-based exams. Consult the Internet regarding minimum score requirements (http://admissions.okstate.edu).
4. Documented evidence of financial support.

Freshman Admission (International Students). For the purpose of determining admission, a freshman student is one who has earned fewer than seven semester hours of college-level credit. Students completing their secondary level education outside of the U.S. are required to meet equivalent U.S. high school performance standards. Students who have not earned any college-level credit should refer to the "Freshman Admission" section. Students who have earned one to six semester hours of college-level credit should refer to both the "Freshman Admission" and the "Transfer Admission" sections.

Transfer Admission (International Students). For the purpose of determining admission, a transfer student is one who has earned seven or more semester hours of college-level credit. Students who have earned fewer than 24 semester hours of college-level credit should refer to both the "Freshman Admission" and "Transfer Admission" sections for nonresidents of Oklahoma. Students who have earned 24 or more semester hours of college-level credit should refer to the "Transfer Admission" section.

In evaluating college-level credit for course work completed outside of the U.S., OSU requires that the institution where the credit was earned and the program of study be recognized as tertiary level through the standards set by the country where the institution is located. OSU evaluates semester credit hours and grades earned based on U.S. equivalency standards.

Readmission (International Students). An international student who has attended OSU but was not enrolled during the immediate past semester must file an updated Application for Admission, Financial Guarantee, and current application fee. A student who has attended another college or university since last attending OSU must submit a transcript from each school. Admission status will be determined after an evaluation of the previous work has been made.

Engineering Program Admission (International Students). Engineering is a competitive program; therefore, enrollment preference is given to Oklahoma residents. In addition to the above requirements, an international student applying for admission to pre-engineering must meet requirements determined by the College of Engineering. These requirements may exceed those required for residents of Oklahoma. (See "Admission Requirements" in the "College of Engineering, Architecture and Technology" section.)

Transfer Credit Evaluation

Transfer credit evaluation in the Office of Undergraduate Admissions determines acceptable transfer credit on a course-by-course basis for college-level credit earned at institutions who are fully accredited by any of the six U.S. regional associations. The evaluation is based on course content, as described in the catalogs of those institutions and in consultation with appropriate academic units at OSU. All transferred courses are recorded on the student’s academic record. No part of the previous collegiate record may be disregarded.

Courses completed at institutions located outside of the U.S. will be reviewed for transfer credit based on U.S. regional accreditation standards or post-secondary recognition in the country for which the institution is located. It is highly recommended that the program requirements and course syllabi be submitted for all courses completed overseas.

Immigration Issues. The U.S. Citizenship and Immigration Services (UCIS) requires that international students file a statement with the University showing adequate financial support for their education. OSU has its own financial guarantee form that international students need to complete as a requirement to receive the I-20 or DS-2019. Oklahoma State University has almost no financial assistance for international students.

Students should not plan to finance their education with employment. Students who are maintaining their immigration status, and making appropriate progress toward their degrees are eligible to apply for on-campus University employment for 20 hours per week. However, students should take into consideration that campus employment
opportunities are limited. Students holding F-1 or J-1 visas are almost never permitted by UCIS to work outside of the University, and can be deported from the United States if they are found to be in violation of this regulation.

As of January 2003 electronic registration of immigration records into the UCIS Student Exchange and Visitor Information System (SEVIS) became mandatory for all international students pursuing education within the United States. International students must update their records in SEVIS prior to any change in their immigration information. This includes dropping below full-time status, changing local address, transferring to another institution, changing majors, withdrawing from classes, etc.

The OSU Office of International Students and Scholars (ISS) is responsible for entering those records into SEVIS. However, it is the student’s responsibility to obtain and maintain the correct immigration status while in the U.S. Conditions that apply to F-1 and J-1 status are summarized on the I-20 or DS-2019 forms and explained in detail at the mandatory ISS international student orientation program. This orientation program occurs the week before classes begin each fall and spring semester. Students should make their travel plans accordingly. ISS (076 Student Union) should be contacted with questions related to SEVIS or individual immigration status issues.

It is the responsibility of each international student to understand and abide by the UCIS regulations affecting his or her stay in the U.S.

Beginning the Enrollment Process

Enrollment Information. After admission is granted, all students will receive detailed enrollment information. The fall semester enrollment process for freshmen is completed during scheduled orientation sessions conducted on campus during the summer. Parents are welcome and are encouraged to participate in the enrollment process with the student.

Immunization Requirements and Health History. All new students are required by Oklahoma law to provide evidence of having been immunized against measles, mumps, and rubella, (two shots), and against Hepatitis B, (three shot series). Read instructions carefully regarding the requirements to provide supporting documentation of these immunizations (copies of shot records). In addition, students are required to complete a brief medical history found on the Immunization and Health History form. This form is mailed to all new students or can be downloaded from the Internet (www.okstate.edu/UHS/). If this information is not received during the student’s first semester, a hold will be placed on future enrollment until the requirement is met.

Tuberculosis testing. Certain students are required to comply with the OSU TB testing policy. This is explained in detail on the Immunization and Health History form. The students affected are those who:

a. Hold a visa for study in the U.S.

b. A U.S. born student who has resided overseas for more than 8 continuous weeks.

c. Have a medical condition that suppresses the immune system.

d. Has been exposed to someone known to have TB disease.

To comply with this policy, the student must provide a copy of a TB skin test performed within the prior six months in the U.S., or if prior skin tests have been positive, documentation of a negative chest x-ray performed in the U.S. All these records must include the dates and results of the tests. Specific instructions are on the Immunization and Health History form. Prior vaccination with BCG does not exempt the student from this testing requirement.

Physical Examination. New students have a choice of 1.) submitting a physical examination performed in the prior six months; OR 2.) the student may complete the Health Risk Assessment provided by the Seretean Wellness Center. If students choose the physical examination option, their bursar accounts will be credited the $20 Health Risk Assessment fee.

Residence Classification

Administration of the state’s residence policy as it applies to Oklahoma State University students is designated to the Office of Admissions. Questions concerning interpretation of the policy should be directed to the admissions director for a ruling.

Regulations governing the residence status of students are the responsibility of the Oklahoma State Regents for Higher Education and apply to all colleges and universities of the Oklahoma State System of Higher Education.

Basic Principles Governing Residence.

Article XIII-A of the Constitution of Oklahoma creates The Oklahoma State System of Higher Education and establishes the Oklahoma State Regents for Higher Education as the coordinating board of control for all public institutions supported by legislative appropriations. Title 70 O.S. 3218.9 authorizes the State Regents to establish the proposed fees to be charged at public institutions to Oklahoma residents and nonresidents alike. The policy statement set forth in the paragraphs to follow establishes principles, definitions, criteria, and guidelines to assist institutional officials in the classification of students as residents or nonresidents for fee and tuition-payment purposes. Also, the policy statement should be helpful to prospective students in the determination of their own residence status prior to enrollment or for those nonresident students seeking to be reclassified as residents of Oklahoma after having been classified originally as nonresidents. Determination of residence status for purposes of attendance at an institution in The Oklahoma State System of Higher Education is based primarily on the issue of domiciliary intent.

Section I. Philosophy

Since 1890, it has been public policy in Oklahoma to provide comprehensive, low-cost public higher education for citizens, in order to make educational opportunities available for Oklahoma individuals to improve themselves, to help upgrade the knowledge and skills of the Oklahoma work force, and to enhance the quality of life in Oklahoma generally. Therefore, residents of Oklahoma are afforded subsidies covering a majority of their educational costs at all colleges and universities of The Oklahoma State System of Higher Education. Nonresidents of Oklahoma are also provided substantial educational subventions, although at lower levels than those provided for permanent residents of the state.

Section II. Principles

1. Attendance at an educational institution, albeit a continuous and lifelong experience, is interpreted as temporary residence; therefore, a student neither gains nor loses residence status solely by such attendance.

2. Students attending an Oklahoma college or university may perform many objective acts, some of which are required by law (i.e. payment of taxes), and all of which are customarily done by some nonresidents who do not intend to remain in Oklahoma.
Section III. Definitions
1. Resident of Oklahoma—A resident of Oklahoma is one who has lived continuously in Oklahoma for at least 12 months duration and whose domicile is in Oklahoma. A person’s domicile is his or her true, fixed, permanent home or habitation. It is the place where he or she intends to remain and to which he or she expects to return. A person can have more than one residence, but only one domicile. Domicile has two components—residence and the intention to remain. When these two occur, there is domicile.

2. Independent Person—An independent person is one enjoying majority privileges (or is legally emancipated from the parental domicile) and who is responsible for his or her own care, custody, and support.

3. Dependent Person—A dependent person is one who is under the care, custody, and support of a parent or legal guardian.

4. Full-time Student—a full-time undergraduate student is one enrolled in a minimum of 12 credit hours per semester in an academic year or a minimum of six credit hours in a summer session. A full-time graduate student is one enrolled in a minimum of nine credit hours per semester in an academic year or a minimum of four credit hours in a summer session.

Section IV. Independent Persons
If a person enjoying majority privileges and who is independent of parental domicile can provide adequate and satisfactory proof of his or her having come to Oklahoma with the intention of establishing domicile, he or she may be granted resident student classification at the next enrollment occurring after expiration of 12 months following the establishment of domicile in Oklahoma. The spouse of such person must establish proof of his or her own domiciliary status on a separate basis, except as provided in other sections of this policy.

Section V. Dependent Persons
The legal residence of a dependent person is that of his or her parents, or the legal residence of the parent who has legal custody or the parent with whom the student habitually resides. If the student is under the care of those other than his or her parents, the legal residence is that of his or her legal guardian.

The dependent person may become emancipated (freed from his or her parental domicile) through marriage, formal court action, abandonment by parents, or positive action on his or her own part evidential or his or her alienation of parental domicile. To qualify under the latter category, a dependent person must have completely separated himself or herself from the parental domicile and have proved that such separation is complete and permanent. Mere absence from the parental domicile is not proof of its complete abandonment. If an applicant can provide adequate and satisfactory proof of complete emancipation and his or her having come to Oklahoma with the intention of establishing domicile, he or she may be granted resident student classification at the next enrollment occurring after expiration of 12 months following establishment of domicile in Oklahoma.

Section VI. Foreign Nationals
An individual who is not a United States national may become eligible for classification as an Oklahoma resident provided that he or she holds lawful permanent residence status as defined by U.S. Citizenship and Immigration Services (USCIS), evidenced by whatever documents may be required under applicable federal law, who has resided in Oklahoma for at least 12 consecutive months, and who meets other applicable criteria for establishment of domicile as set forth in this policy or who has come to Oklahoma for the purpose described in Section VIII of this policy.

In accordance with Senate Bill 596 of the 2003 Oklahoma legislature (70 O.S., Section 3242), an individual who is not a United States national and has not obtained lawful permanent residence status with the USCIS but who has graduated from a public or private high school in Oklahoma or successfully completed the General Education Development (GED) exam may be eligible for enrollment, resident tuition, and state student financial aid if he or she meets the following criteria:

1. Resided in the state with a parent or legal guardian for at least the two years prior to graduation from high school or successful completion of the GED;
2. Satisfied admission standards for the institution; and
3. Either holds a valid temporary visa or has filed an affidavit with the institution stating that he or she has done one of the following with the USCIS toward legalizing their immigration status: a) filed an application; b) has a petition pending; or c) will file an application as soon as he or she is eligible to do so.

Section VII. Military Personnel
A student attending an institution while on full-time active duty in the armed forces is considered as having
a temporary residence in the state in which he or she is attending school; therefore, a student neither gains nor loses residence status solely by such military service. Members of the armed services stationed in Oklahoma, their spouses and dependent children shall be admitted without the payment of nonresident tuition and without the 12 month domiciliary requirement, so long as they continue to be stationed in the state in full-time military service and under military orders.

While the policy clearly states that nonresident tuition will be waived for military personnel, such a waiver does not constitute Oklahoma residency status. Military personnel and their dependents who provide proof of a legal change in their state of residence to Oklahoma (such as claiming Oklahoma for income tax purposes) may have the full benefits of residence status.

Dependent children of military personnel that establish residency as described in Section II of this policy shall maintain residence status if their parents are subsequently stationed out-of-state. Dependents of military personnel who have not established residency according to policy may maintain nonresident waiver status if their parents are subsequently stationed out-of-state.

Section VIII. Full-time Professional Practitioner or Worker

An individual who provides evidence of having come to Oklahoma to practice a profession on a full-time basis, conduct a business full-time, or work on a full-time basis shall be immediately declared an Oklahoma resident along with his or her spouse and dependent children without the 12 month domiciliary requirement so long as they continue in such full-time employment capacity or until such time that they establish residency as described in Section II of this policy.

Dependent children of the above professionals that establish residency as described in Section II of this policy may maintain residence status if their parents subsequently leave the state.

Likewise, a full-time professional practitioner or worker who is temporarily assigned to another location but maintains his or her residency in Oklahoma (such as claiming Oklahoma for income tax purposes) shall be considered a resident for tuition and state scholarship and financial aid purposes, along with his or her spouse and dependent children.

Section IX. Reclassification

In addition to the aforementioned criteria, an independent person seeking to be reclassified as a resident of Oklahoma must meet the following criteria for the current and immediately preceding year.

1. The person must not have been claimed as an exemption for state and federal tax purposes by his or her nonresident parents.

2. The person must be self-supporting as evidenced by having provided the majority of funds for his or her own upkeep.

3. The person must have maintained a continuous residence in Oklahoma for the period set forth in Section IV above.

Section X. Administration of Policy Statement

Each institution should designate the admissions officer or some other individual to be responsible for administration of the policy, and should make appropriate provision for a student’s appeal of an adverse decision.

Section XI. Tuition Waivers

Nothing in this policy precludes the waiving of fees or tuition for nonresidents by any institution upon authorization by the State Regents based on criteria other than residence status provided that the residence status classification will not be affected by any such waiver alone.

First-time Students (Freshmen and Transfer)

The fall enrollment and orientation period for new freshmen takes place during the summer months, while enrollment for new transfer students begins in the spring. New students receive information about these programs after being admitted to the University. Enrollment and orientation activities include career counseling, academic advising and course selection, and an introduction to campus facilities and services. During the program, students meet with academic advisers who are available to assist in the planning of academic programs and the exploration of interest areas. Parents are encouraged to participate in these programs.

ALPHA Program

ALPHA is the orientation program for new students at Oklahoma State University. The program is held the week before classes begin each fall semester. ALPHA is coordinated through the Office of the Vice President for Student Affairs, but is the combined effort of OSU staff, faculty and students. The mission of ALPHA is to help new students make the transition to OSU by providing resources for social and academic support, and by helping students establish connections to people and traditions. ALPHA begins on Thursday prior to the beginning of fall classes the following Monday. Information about ALPHA is available on the
Internet (www.okstate.edu). Printed information is also available during freshman enrollment sessions each summer.

Continuing Students

Students currently enrolled at OSU may enroll for the subsequent semester during specified periods of the current semester. Priority for these enrollment periods addresses the needs of students in relation to graduation proximity, with priority based on number of hours earned. Prior to the specific enrollment periods, students and academic advisers consult regarding course selections. Advisers clear all students for enrollment on the computer. Advisers may sign a Trial Schedule form for students wishing to enroll in the Registration Service office of the Student Union, or students wishing to self-enroll may do so on the Internet. An overdue account with the University or other enrollment holds will prevent completion of the enrollment process.

Priority Enrollment. Currently enrolled/continuing students register for summer and fall classes during the latter part of the preceding spring semester, and for spring classes during the latter part of the preceding fall semester. In order to facilitate access to courses required for timely degree completion, a student’s priority for enrollment generally follows academic class level with seniors having the highest priority. Some exceptions to this basic priority may be necessary to accommodate bona fide student needs, such as a special priority for physically disabled students. The Office of Academic Affairs determines enrollment priorities, and enrollment schedules and priorities are in the Schedule of Classes each semester and on the OSU Internet web site.

Full-time staff members may utilize priority enrollment to help ensure they are given an opportunity to identify a section(s) at a time that is least disruptive to work in the office. This benefit of priority enrollment is extended to full-time (100% FTE), regular staff members. Staff employed at less than one hundred percent are not eligible for priority enrollment.

Late Enrollment

A student is permitted to enroll during the first two weeks of a semester or through the fifth day of a summer session or on the first day of a summer short course. A student enrolling late will pay a late enrollment fee. The late enrollment fee will not be charged on or prior to the first day of a summer short course.

Identification Cards

As part of the enrollment process, each new student is issued a photo identification card. This card, along with the current fee receipt, establishes the student’s identity as an OSU student and authorizes access to certain University facilities. Lost or stolen identification cards will be replaced at a nominal fee with proper photo identification from the student.

Change of Schedule

Adding Courses. Approval of the student’s adviser is required for adding a course. The sixth day of a regular semester or the third class day of a summer session is the last day a course may be added (nonrestrictive). A short course may be added no later than the first day of the short course. With instructor approval, a course may be added during the second week of classes of a regular semester or the fourth or fifth day of a summer session (restrictive).

Dropping Courses. Dropping refers to the dropping of one or more courses while remaining enrolled in at least one other OSU course for a given semester. Courses may not be dropped without the approval of the student’s academic adviser.

Beginning with the Fall 2002 semester, at anytime through the sixth day of a regular semester or through the third day of the eight-week summer session, or during the proportionate period for block or short courses, a student may drop a course, and no record of the course will appear on the student’s academic record.

Beginning with the Fall 1998 semester, after the deadline for dropping with no record, but prior to the end of the 12th week of a regular semester or the sixth week of a summer session, or proportionate periods for block or short courses, a student may drop a course and the grade of “W” (dropped) will be recorded on the student’s academic record.

After the 12th week of a regular semester, or the sixth week of a summer session, or proportionate periods for block or short courses, a student may not drop a course and will be assigned only the grade of “A”, “B”, “C”, “D” or “F” or, when appropriate “I,” “NP,” “P,” “S,” “U,” or “R” by the instructor at the end of the semester. (Exceptions to this policy may be allowed by petition due to verifiable extraordinary circumstances. The petition process is initiated in the student’s dean’s office. A petition requires the signatures of the student’s instructor, adviser and dean with the grade of “W” or “F” assigned by the instructor.)

A student may not drop any course in which a formal charge of academic dishonesty is pending against the student. If the student is absolved of the formal charge, he or she may drop the course with either a “W” or “F,” (according to the drop grade policy), appearing on the academic record. If the student is found guilty, the instructor may take appropriate disciplinary action, including assigning the grade “F” for the assignment or the course.

International students need to consult with the Office of International Students and Scholars (ISS) before dropping courses or withdrawing for the semester. Under new reporting regulations required by the Student and Exchange Visitor Information System (SEVIS), dropping below full-time can put a student’s visa status in jeopardy.

Withdrawing from the University

Withdrawing refers to withdrawing from all courses for which a student is enrolled for a given semester, and therefore the student is no longer enrolled. The withdrawal process is initiated in the student’s dean’s office. The student should appear in person, request an official withdrawal, and hand carry the form to the appropriate offices to complete the process. If the student is unable to appear in person, the request for withdrawal may be initiated through the mail or by fax to the student’s dean’s office.

Beginning with the Fall 1998 semester, a student who withdraws prior to the end of the 12th week of a regular semester or the sixth week of a summer session, or proportionate periods for block or short courses, will receive a grade of “W” (withdrawn) on the student’s academic record. A student who withdraws after the 12th week of a regular semester or the sixth week of a summer session but prior to “Pre-finals Week,” will receive a grade of “W” (withdrawn) or “F” (failing) as assigned by the instructor of each course. The grade of “W” or “F” will be recorded on the student’s academic record and the grade of “F” will be calculated in the grade-point average.

After the beginning of “Pre-finals Week” a student may not withdraw from the University and will be assigned only the grade of “A,” “B,” “C,” “D,” or “F” or (when appropriate) “I,” “NP,” “P,” “S,” “U,” or “R” by the instructor of each course at the end of the semester or summer session.

International students need to consult with the Office of International Students and Scholars (ISS) before dropping
Courses or withdrawing for the semester. Under new reporting regulations required by the Student and Exchange Visitor Information System (SEVIS), dropping below full-time can put a student's visa status in jeopardy.

Vehicle Registration and Parking Regulations

Any motor vehicle parked on University property between the hours of 5:00am and 5:00pm, Monday through Friday, must display a valid OSU paid parking permit or pass. The color and type of permit indicates the area where the vehicle may be parked. Use of a motor vehicle on University property is a privilege, not a right, and is made available only under the policies established in the University Parking and Traffic Regulations manual currently in effect. Any vehicle driven or parked on the campus of the University by an OSU student or employee should be registered with the OSU Parking Services.

Free bicycle registration with the OSU Department of Parking and Transit Services is advantageous in the event the bicycle is stolen or lost. When bicycles are recovered by the department they are checked against bicycle serial numbers maintained in the registration files for return of the bicycles to the rightful owners.

The purpose of these regulations is to expedite the safe and orderly conduct of University business and to provide parking facilities in support of that function within the limits of available spaces. Permits may be purchased either on-line or in person at the Parking and Transit Services Department office. A copy of the OSU Parking Rules and Regulations booklet is available from the Parking Office, 104 USDA Building, located at Farm Road and Orchard Street or on the Internet (www.parking.okstate.edu).

On-campus Transit. The BUS is the campus and community transit service operated by the Department of Parking and Transit Services. THE BUS offers fixed route transit and on-demand Paratransit service year-round. Bus transportation is available from 6:30am until 10:30pm Monday through Friday. Route and time information are available at the Parking and Transit services office, located at 104 USDA building, or on the Internet (www.transit.okstate.edu).

Veteran Services

Oklahoma State University maintains a full-time office of veteran services for the convenience of veterans and their dependents. OSU is an approved institution for students to receive education benefits by the Department of Veteran Affairs (DVA). Information and assistance is available for completion of appropriate forms necessary to apply for education benefits. The DVA has specific requirements regarding course work and attendance; contact the veterans representative for further information. The office is located in the Office of the Registrar, 322 Student Union.

Faculty and Staff Enrollment in University Courses

Employees may audit courses after securing an audit form and paying one-half the general fee. Any individual 65 years or older may audit a class at no charge.

Faculty. Permanent (tenure track), full-time (100%) members of the faculty may enroll for credit in one course per semester or a maximum of five hours during normally scheduled working hours and pay one-half the general and 100% of designated fees in effect at that time. Exceptions may be permitted only with approvals of the department head, dean and appropriate vice-president. If enrollment does not exceed one course, only the department head's approval is needed to receive a fee waiver. If the employee is enrolled in more than one course, the employee's dean and vice-president must also give approval for a fee waiver. Some courses taught through extension and correspondence study are excluded. For more information, refer to the Policy and Procedures Letters.

Administrative/Professional and Classified Staff. Permanent, full-time (100%) active status staff members who meet the academic requirements of the University may enroll for credit and pay one-half the general and 100% of designated fees in effect at that time. Enrollment in University courses which meet during the staff member's normal working hours will be limited to one course or a maximum of five hours. There is no limit on the number of courses a staff member may enroll in after normal working hours. If enrollment does not exceed one course, only the department head's approval is needed to receive a fee waiver. If the staff member is enrolled in more than one course, his or her dean and vice-president must also give approval for a fee waiver. Some courses taught through extension and correspondence study are excluded. For more information, refer to the Policy and Procedures Letters.

Official Records

Mid-term Progress Reports

Beginning Fall 2004, faculty will report grades for all students (regardless of classification) enrolled in 1000- and 2000-level classes. This will normally occur during the sixth week of classes. Student athletes will have all grades reported, not just 1000- and 2000-level. Progress reports are made available to students and to the students' advisers through the Internet (SIS).

Grade Reports

Reports of the grades of all students are compiled and released shortly after the end of each semester by the Office of the Registrar. These reports are made available electronically to the students, the students' advisers and the students' deans.

Official Transcripts

All official transcripts of students’ academic records at OSU are prepared and released by the Office of the Registrar. The official transcript includes the academic record, both undergraduate and graduate. It contains the signature of a University official and the official, imprinted seal of the University. Primary usage of the official transcript is for application to transfer to other academic institutions and for employment purposes.

Transcripts of academic records at the University may be ordered in person, by mail from the Office of the Registrar, or by signed fax at 405-744-8426, Transcripts Section, 322 Student Union, Oklahoma State University, Stillwater, Oklahoma 74078-1013. Official transcripts will not be available until approximately one week after final examinations. Requests should include the following:

1. Student's full name (include maiden or other name if applicable).
2. Student I.D. number.
4. The last semester the student attended.
5. Whether the current semester grades and degree are to be included when a transcript is ordered near the end of a semester.
6. Full names of the recipients of the transcripts, whether they are agencies, colleges, or individuals. Complete mailing addresses should also be included.
7. Student’s signature. (This is the student's authorization to release the records to the designee.)

A student having delinquent financial obligations to the University will not be granted a transcript.

Copies of transcripts from other institutions cannot be furnished.

**Students' Rights to Privacy**

The Family Educational Rights and Privacy Act of 1974 (Buckley Amendment) was designed to protect the privacy of educational records, to establish the right of students to inspect and review their educational records in all offices, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings.

An OSU student has the right to:

1. Inspect and review information contained in his or her educational records.
2. Challenge the contents of the educational record.
3. Have a hearing if the outcome of a challenge is unsatisfactory.
4. Submit an explanatory statement for inclusion in the educational record, if the outcome of the hearing is unsatisfactory.
5. Secure a copy of the institutional policy, which includes the location of all educational records.
6. Prevent disclosure, with certain exceptions, of personally identifiable information from the educational record.

**Withholding Disclosure of Information.** Currently enrolled students may withhold disclosure of directory information. A student may file with the Office of the Registrar a written request not to release directory information. The University assumes that failure on the part of any student to specifically request the withholding of directory information indicates individual approval for disclosure.

**Access to Records.** No other information regarding students' educational records may be disclosed to anyone without written consent of students, except to "school officials" who have a "legitimate educational interest" in the student.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Students, or parents of dependent students, may inspect and review their educational records. Some form of photo identification must be displayed before access to educational records will be allowed. Parents of a dependent student may challenge denial of access by producing the most current copy of Internal Revenue Form 1040.

**Definitions.** "Educational Record" refers to those records which are directly related to a student and are maintained by an educational institution.

"Directory Information" includes: student's name; local and permanent addresses; electronic mail addresses assigned or provided by the institution or provided to the University by the student; telephone number; date and place of birth; major field of study; weight and height of students participating in officially recognized sports; dates of attendance at Oklahoma State University; degrees, honors, and awards granted or received; academic classification such as freshman, sophomore, junior, senior, etc.; sex; educational institutions previously attended; degree(s) held, date(s) granted, and institution(s) granting such degree(s); dissertation or thesis title; adviser or thesis adviser; participation in officially recognized organizations, activities, and sports.

"School official" is defined as an individual currently serving as a member of the Oklahoma State University Board of Regents or classified as faculty, administrative, or professional, and the staff such school officials supervise. "Legitimate educational interest" is defined as an interest which results from the duties officially assigned to a school official and which are related to such a school official's responsibility for facilitating the student's development.
## Costs

### Fees and Tuition

It is extremely important that students carefully consider the total financing of their education, from the entering term to the completion of the degree. If financial help will be needed beyond those funds which the student or the family is able to provide, the student should make the necessary applications for financial assistance well in advance of enrollment. Students should pay particular attention to early deadlines for application for grants, scholarships, work-study, and Perkins Loans. While the needs and resources of each student differ, the University can provide a general list of fees and expenses normally encountered.

Students are given information at the time they complete their enrollment on the procedures and deadlines for payment of tuition and fees. (See "Financial Obligations" elsewhere in the Catalog.)

The required fees and nonresident tuition for Oklahoma State University are listed below. General fees and nonresident tuition are based on the undergraduate (upper- and lower-division) and graduate level of the course. All course offerings are listed by four-digit numbers with the first digit indicating level of course. Lower-division courses are all courses with the first digit 0 through 2. Upper-division courses are all courses with the first digit 3 or 4. Graduate-division courses are all courses with the first digit 5 or above.

The figures that follow are for the 2005-2006 academic year. These fees are subject to change without notice, as provided by University, Board of Regents, and OSRHE policies.

Consult the colleges of Osteopathic Medicine and Veterinary Medicine for current fees and tuition.

For the most recent fees and tuition refer to the Internet page (http://bursar.okstate.edu/tuition.html). Included on this page are a form for estimating expenses, a section of frequently asked questions, as well as fee definitions.

# Fees for Special Services
All students pay special fees each semester to contribute to the betterment and general welfare of the campus community.

The academic service fee maintains and enhances advising services, technology, student/adviser ratio, and graduation rate.

The activity fee provides partial support to such programs, services and organizations as the Student Government Association, collegial student councils and related student organizations, Allied Arts, fine arts, athletics, intramural activities and sports clubs, minority student organizations, and the Student Activities Office. User’s fees, other fund-raising activities, and, in some cases, membership dues provide the remaining support to make these positive, constructive, and meaningful programs and services available to all students.

The assessment fee provides for skills assessment and evaluation of students’ capabilities at various stages of their academic careers, and to get feedback from students regarding their course work.

Campus life administration fee supports Student Union programs and the SUAB. The development initiative fee supports student participation in orientation, recruitment and retention efforts, as well as development and leadership opportunities for minority students. The living group fee supports off-campus student organization initiatives.

The career services fee provides development, employment and internships, and interview opportunities.

Consumable materials fee provides for special services, supplies or equipment not covered by tuition or departmental operating budgets.

The facilities fee entitles students to use the Student Union, the Colvin Recreation Center and the Wellness Center.

The health services fee includes a fee for comprehensive health and pharmacy services.

The library resource and automation fees defray the cost of equipment, software, and other aspects related to operating the on-line computerized library service. It also provides access to electronic journals and other information services.

The records maintenance fee provides for the basic graduation cost, the maintenance of the academic record system, and issuance of official transcripts.

The technology fee provides for the maintenance of existing facilities, and the expansion and development of central and collegiate facilities, software, and multimedia capabilities. This fee is apportioned between a central (University) fee and a college fee; all courses...
are charged the central fee (per semester credit hour) and the college fee (per semester credit hour) based on the rate approved for the college that teaches the specific course.

The transportation fee provides bus service to the Stillwater campus and community.

Certain groups of students in special courses may be on campus for very short time intervals or may be required by the University to reside off-campus for the entire semester. Such courses will not be charged health and activity fees when enrolled (1) only in a specialized course(s) offered for a special interest group and not in any other course(s) in the University or (2) in a course(s) which requires that the student reside off the campus for the entire semester or summer session (medical technology, geology and forestry summer camps). Such courses typically are offered at unusual times and presented in a concentrated curriculum format. Other extenuating circumstances may be cause to consider denying use of and charge for these facilities or participation in activities sponsored by these fees.

### Special Fees

**Academic excellence fee** (new freshman and transfer students per credit hour): $5.00

**Advanced standing examination fee:**
- Locally developed (no charge)
- Nationally developed national agency rate

**Application fee:**
- International students $75.00
- Undergraduate and graduate students $40.00

**Audit without credit:** same as Oklahoma resident tuition

**Automobile parking permit (per year):**
- Campus residents $44.00
- Off-campus residents $54.00

**Graduation fees:**
- Fourth-year osteopathic medicine $15.00
- Master’s thesis binding fee each $40.00
- Doctoral dissertation binding fee each $60.00
- Dissertation microfilming fee each $50.00

**Health risk assessment fee for first-time students:** $20.00

**International student status maintenance fee:**
- per semester $50.00
- Late enrollment fee: after classes begin $50.00

### Remedial courses:
- **Supplementary fee** (per credit hour, in addition to the general fee) $24.00

### Other Expenses

Books and supplies used by the student are available in the Student Union Bookstore at reasonable prices and may be charged to the student’s Bursar account. Additional incidental and personal expenses such as clothing and entertainment will depend upon the individual student.

**Sponsored International Students.** Oklahoma State University charges a special administrative/management fee for sponsored international students and scholars who need extra assistance or whose sponsors have indicated a requirement for supplementary assistance beyond that of regular university programming. The customary sponsored student fee is $275 per semester. Sponsored programs may also include items such as special training, research costs, equipment, enrichment, required travel or any other needs deemed necessary by the sponsor. It is the charge of the Office of International Students and Scholars (ISS) to provide the most complete and appropriate educational program for sponsored international students and scholars. The ISS sponsored program is designed to coordinate, expedite and administer all aspects of procedures pertaining to related training. Sponsoring agencies should direct all matters to the Office of International Students and Scholars, 076 Student Union. Electronic mail may be sent to tim.huff@okstate.edu. The fax number is (405) 744-8120.

### Fee Policy for Faculty and Staff

The facility fee, the transit fee, the *Daily O’Collegian* fee and the student health center fee are waived for permanent, full-time faculty and staff. These employees are eligible to enroll for credit or audit courses and be charged fees at the rate of one-half the amount charged other students under the University fee waiver policy (one-half the general fee, for auditing only, and one-half the activity fee). To be eligible under this fee policy, an employee-student must submit a completed Request for Faculty-Staff Fee Waiver form to the Office of the Registrar prior to the beginning of classes. If the form is not on file prior to the beginning of classes, the student will not be granted the waiver in fees.

Any individual 65 years or older may audit a class at no charge.

### Refunds

Refunds and deposits that may be due a student will be first applied to encumbrances owed to the University.

### Drop Fee Policy

Beginning with the Fall 2002 semester, a student dropping a course prior to the end of the sixth day of a regular semester or the third day of the eight week summer session, or during the proportionate period for block or short courses, will receive a 100 percent refund of fees. A student dropping a course after the sixth day of a regular semester but prior to the end of the second week, or after the third day of the eight week summer session through the fifth day, or during the proportionate period for block or short courses, will receive a 50 percent refund of fees. No refund of fees will be given for courses dropped after the second week of a regular semester or the first week of the eight week summer session.

### Withdrawal Fee Policy

A student withdrawing from the University during the first six days of a regular semester or during the three days of an eight-week summer session will receive a refund of fees. The percentage of fees to be refunded:

- Prior to the end of the sixth day of a regular semester or the fourth day of an eight-week summer session—100 percent
- After the sixth day of a regular semester or the third day of the eight-week summer session—50 percent
- After the second week of a semester or the first week of a summer session—0 percent

A student withdrawing from a short session will receive a refund during the first one-eighth of the session. Title IV recipients follow federal refund guidelines.

### Repayment Policy

Financial aid is considered to be used first for direct educational costs (tuition and fees) and, if the student is in University housing, for room and board. Therefore, if a student financial aid recipient withdraws and is eligible for a refund of tuition and fees and/or room and board, all or part of this refund will...
be used to reimburse the Title IV financial aid program(s) up to the amount of assistance that the student received from the program(s).

If a student receives cash from financial aid in excess of non-institutional costs, part of this aid may be required to be repaid; the amount of the repayment depends upon how many weeks the student was enrolled and the amount of aid received.

When there are multiple disbursements of aid, the assumption is made that the first disbursement(s) is used to pay institutional charges. Therefore, if cash is disbursed, the cash is derived from the last disbursement(s) prior to the disbursement of cash.

A detailed policy can be obtained from the Office of Scholarships and Financial Aid.

Fee Refund Policy for Students Entering Military Service

If a student is called to active military service during the term in which he or she is enrolled and has not completed sufficient work for receiving grades, but is in good standing academically, the University will waive enrollment fees for the student during the term in which he or she re-enrolls after military service has been completed. The amount of the fee waiver is equal to the amount of fees paid for the semester during which withdrawal occurred. If the University finds that it is not possible to waive the enrollment fees, it will make a refund to the student of the full amount of fees paid.

If a student enters military service during the term and is not in good academic standing at the time, the regular fee refund policy of the University applies.

Residential Life Rates

All rates are approved by the OSU Board of Regents and are subject to change. The rates listed below were effective for the academic year 2004-2005. All rates include room rent and all utilities including electricity, water, local phone, cable television, and Internet connection. All halls are open continuously throughout the academic year. Year round housing (12-month contract) is available in each type of housing offered. Some halls house only non-freshman students; but freshman may be placed there by exception only. See the Residential Life website for the latest information (www.reslife.okstate.edu).

### Residence Halls

**Traditional.** Iba, Parker, and Wentz Halls offer rooms for men and women. Drummond Hall offers rooms for women and Kerr Hall offers rooms for men. Most students are housed in double occupancy rooms, but single rooms can be requested.

### University Apartments

The University operates apartments to house married and single parents, and a limited number of single graduate and upperclass students. Priority is given to families and graduate students. Individuals should apply eight to 10 months in advance to assure choice of apartments.

Furnished apartments include coffee table, end or corner table, one table lamp, a love seat, two occasional chairs, a nightstand, double or single beds as needed, and a study desk.

The following 2004-2005 rates include all utilities (gas, water, electricity, local phone service, cable TV, and Internet connection).

University Dining Services

University Dining Services offers over 30 dining options to choose from on campus including all of the Residential Life dining options, the Student Union Food Court, the Dairy Bar, Java Dave’s @ the Library, West Side Cafe, Taylor’s Dining, The State Room and more. A variety of all-you-care-to-eat cafeterias, specialty restaurants, convenience stores, and a la carte options provide food service from early morning to late night.

By providing some of the most flexible meal plans in the country, University Dining Dollars (UD$) make it easy and convenient to eat anytime and anywhere on campus. Students may choose from several different meal plans, depending on their individual needs. Freshman who are living on-campus are required to have a minimum meal plan (contact Residential Life for more information).

Anyone can purchase a UD$ plan, including on-campus residents, off-campus students, and faculty and staff members, and all plan holders receive a 3% discount in the a la carte options. For more information, contact the Residential Life Office at 405-744-5592 or the website (www.reslife.okstate.edu).

Estimated Total Expenses for Students

An estimated budget (based on 2004-2005 figures) for an undergraduate student at OSU is as follows:

**Resident**
- Tuition and Fees $2,184.00
  (Based on 15 credit hours)
- University Housing and Board $2,828.00
  (Based on average, freshman, residence hall charges)
- Textbooks and Supplies $420.00
- Ave. Misc. Personal Expenses $1,830.00
- Total Per Semester $7,262.00

**Nonresident**
- Tuition and Fees $5,793.00
  (Based on 15 credit hours)
- University Housing and Board $2828.00
  (Based on average, freshman, residence hall charges)
- Textbooks and Supplies $420.00
- Ave. Misc. Personal Expenses $1,830.00
- Total Per Semester $10,871.00

Financial Obligation

Laurie Beets, Bursar
Gaylene Hargrove, Assistant Bursar
Kim Miller, Assistant Director
Joy Meyer, Ph.D., Manager of Student Loans/Debt Management
Margene Payne-Pearce, Manager of Teller Operations
Tonya Chapman-Jones, Financial Counselor

Enrollment at Oklahoma State University incurs a financial obligation and responsibility of the student to pay all amounts owed in a timely manner. In order to remain in favorable financial standing with the University, and thereby continue to participate in its educational programs, services and benefits, a student must fulfill financial obligations incurred at the University on or before the due dates. Federal law limits the information the University may provide to parents of OSU students. Information regarding bursar accounts may only be issued directly to the student.

A monthly statement is produced that reflects any previous balance owed and itemizes the semester charges with payment becoming due by the 15th of the month. Paper bills are no longer mailed but available to view electronically on-line. Students must have an active University e-mail address to receive their e-bill notification and it is the students’ responsibility to maintain accurate addresses. Failure to receive a bill does not relieve the student from their financial obligation, any late charges, and other penalties that may occur if the account is not paid by the due date. A student’s account must be paid in full before they are eligible to enroll for future semesters or receive any records from the University. A late payment penalty of 1.5% will be assessed monthly for any past due charges. All tuition and fees (required and optional) associated with the student’s enrollment are due no later than 4:30 pm on the 15th of the month following billing.

When the student sends a check as payment, the student authorizes Oklahoma State University to clear the check electronically. This electronic transaction will appear on the student’s bank statement although the check will not be presented to the financial institution or returned. Any re-submission due to insufficient funds may also occur electronically. All checking transactions will remain secure and payment by check constitutes acceptance of these terms.

Students experiencing financial difficulties should immediately contact the Office of the Bursar for assistance and guidance. All delinquent accounts will accrue a penalty at the rate 1.5% monthly (19.56 APR). Any charges incurred by the University in an effort to collect on delinquent accounts will be assessed to and will be the responsibility of the account holder. Delinquent account information is disclosed to credit reporting agencies, that could endanger the student’s credit rating on a local or national level. Accounts must be cleared before the student can obtain the release of any academic records such as a transcript, receive a diploma, or enroll at Oklahoma State University for subsequent semesters.

It is the policy of the University to apply all financial aid to the student’s bursar account, withhold all semester charges incurred (tuition, fees, housing, etc.), and refund the excess, if any. The Electronic Direct Deposit Refund Program was developed to provide quicker access to refunds when bursar accounts have credit balances. If the student participates in direct deposit, the refund will electronically transfer to the student’s checking account within 48 hours business hours after the credit balance becomes effective. The local address listed on the student’s bursar account is used as the mailing address. OSU complies with U.S. Department of Education, rules and regulations in accordance with The Federal Student Financial Aid Handbook instructions.

Many students are sponsored through various scholarships from organizations or foundations other than OSU. Typically, the sponsoring organization sends the check directly to the University. These funds are deposited to the student’s account and used to pay any costs associated with attending OSU. The funds are divided into semesters (example $1000 will be split $500 for fall semester and $500 for spring semester) unless otherwise stated on the documentation. If a student receives scholarship funds directly, it is recommended that the student deposit the funds at the Bursar’s Office to process toward the bursar account. Some organizations require a billing invoice from OSU before a scholarship is issued on behalf of the student. If this is the case, our office should receive notification.
Scholarships and Financial Aid

Charles W. Bruce, Senior Director
Lori Wieder, Director, Talent Search
Patrick Smith, Director, Upward Bound
Patrick Kennedy, Associate Director, Administrative Services
Julie Berg-Mattson, Associate Director, Programs
Derwin Simpson, Assistant Director, Client Services

Chad Blew, Coordinator, Community Service Work-Study
Sandra Dearing, Coordinator, Scholarships
Lori Boyd, Counselor
Karen Finley, Counselor
Linda Good, Counselor
Linda Millis, Counselor
Diane Tipling, Systems Manager
Wilma White, Reports Manager

Students who need financial assistance to attend college are encouraged to consider the many types of financial aid available through the OSU Office of Scholarships and Financial Aid. These programs include scholarships, grants, loans, and part-time jobs.

OSU's scholarships are awarded primarily on the basis of academic achievement, academic potential, leadership activities, or community service. Scholarships are awarded by various campus academic and administrative offices, the OSU Foundation, or in conjunction with private industry, private foundations, the Oklahoma State Regents for Higher Education, and the state of Oklahoma.

Tuition Scholarships

Tuition scholarships for Oklahoma residents range from approximately $800 to $2,000 in value, and vary in length from one year to four years. One-year and multiple-year tuition scholarships are awarded to incoming freshman students who have attained high scholastic standing in high school. Transfer tuition scholarships are offered to outstanding students transferring to OSU from two-year and four-year colleges.

Nonresident students entering OSU should inquire about eligibility for nonresident tuition scholarships. Students receiving these awards have their nonresident tuition charges waived and pay in-state tuition rates. These awards are made based on several criteria, including academic accomplishments, being a child or grandchild of an OSU alumnus, or being a member of a federally-recognized Oklahoma Native American tribe.

The priority deadline for students entering OSU in fall is February 1st; the priority deadline for students entering OSU in the spring is October 15th.

Each student with a multiple-year scholarship is required to meet specific renewal criteria to continue receiving his or her scholarship the following year (up to a specified maximum number of years of eligibility).

All current undergraduate students at OSU are encouraged to complete the Scholarship Application for Continuing and Readmitted Undergraduates each year, available on the Internet (www.okstate.edu/finaid). Scholarships for continuing students are awarded based on academic performance, financial need, or both.

Graduate students seeking cash or tuition scholarships should contact their academic departments and the Graduate College regarding application procedures and deadlines.

Cash Scholarships

President's Distinguished Scholarship (PDS). The OSU Foundation offers this prestigious $8,800 per-year cash award. It is available to students who have exhibited outstanding academic ability and involvement as a leader in school and community activities. PDS scholarships are very limited in number (about 75 each year) and the competition for them is highly competitive. Awards are usually made in March.

President's Leadership Council (PLC). This one-year, $1,500 cash scholarship is awarded to a limited number of incoming freshmen based on leadership potential, school and community service, and academic achievement. The PLC is both an honorary and a working organization. The selection process is highly competitive. Awards are usually made in March.

College and Departmental Cash Scholarships. Some colleges and departments award cash scholarships to freshman, continuing, and graduate students who have excelled academically. The number of awards, stipends, and requirements vary, depending on the scholarship's requirements. For more information, contact the college or department.

Oklahoma State Regents for Higher Education (OSRHE) Academic Scholars. Academic Scholars receive resident or nonresident tuition scholarships and up to $5,500 cash annually from the state of Oklahoma for four years. (A fifth year of funding may be requested.) Academic Scholars who are also National Merit Scholars may receive additional funds. Only national ACT or SAT test scores are used in the qualification process. Contact the Office of Scholarships and Financial Aid for eligibility details.

Other Scholarships. The OSU Office of Scholarships and Financial Aid frequently has applications for scholarships sponsored by various local, state and national organizations available in its office in 213 Student Union. Students should visit the office periodically (or the office's Internet site at www.okstate.edu/finaid) to see if there are scholarships with qualifications of interest.

Residual ACT Test. Incoming students at OSU should consider taking the "Residual" ACT test at OSU. Incoming students who have raised their standardized test scores may submit those scores to the Office of Scholarships and Financial Aid to be considered for a higher value scholarship, but must do so by August 1. The Residual ACT is offered on the Stillwater campus five days per week (telephone 405-744-5958).

(Some programs, such as the OSRHE Academic Scholars Program, accept only national ACT or SAT test scores.)
Special Notes
1. Final awards can be made only to applicants who are fully admissible, in good standing, to the University.
2. The student must accept the award within the time designated in the award letter or the offer may be rescinded.
3. The student must begin using the scholarship the first semester it is available and must use the scholarship continuously, with no breaks in attendance at OSU, or it will be rescinded unless a deferment is requested in writing, from the Office of Scholarships and Financial Aid.
4. Tuition scholarships will be made to qualified students only as long as funds remain available.
5. A student may have only one tuition scholarship in effect at a time. However, students may receive multiple cash awards such as PDS, PLC, or college and departmental awards.
6. Selected state programs, such as the OSRHE Academic Scholars Program, accept scores recorded on national test dates only.
7. The OSU scholarship program accepts both national tests scores and residual tests take at OSU.
8. State and University agencies may establish a cap on total scholarship dollars a student may receive from state and University sources, precluding students from receiving funds that exceed legitimate educational costs.

Federal Aid Programs
Federal aid at OSU is awarded on the basis of demonstrated financial need. Each student who wishes to be considered for need-based assistance should complete the Free Application for Federal Student Aid (FAFSA) and submit it to the processing center as soon after January 1 as possible to receive aid for the succeeding academic year. Early application is encouraged due to the high demand for available money.

Students can apply for assistance by submitting the paper FAFSA or they can file electronically by accessing the U.S. Department of Education’s "FAFSA on the Web" application site (www.fafsa.ed.gov).

An analysis of the FAFSA is used to determine demonstrated need for federal, state, and institutional programs such as Federal Pell Grants, Federal Supplemental Educational Opportunity Grants (FSEOG), Oklahoma Tuition Aid Grants (OTAG), Federal Perkins Loans, William D. Ford Federal Direct Loans, Federal Work-Study (FWS), and tuition scholarships.

There are also programs available for students who do not demonstrate financial need. The Federal Direct Parent Loan for Undergraduate Students (PLUS) Program and the William D. Ford Federal Direct Unsubsidized Loan allow graduate students and independent undergraduates, as well as parents of dependent undergraduates, to borrow funds to meet educational expenses.

To be considered for financial aid, a student must:
1. Demonstrate financial need, except for some loan and scholarship programs.
2. Be a U.S. citizen or eligible non-citizen.
3. Be enrolled as a degree or certificate-seeking candidate, including a program of study abroad.
4. Meet minimum satisfactory academic progress standards.
5. Have a high school diploma or GED.
6. Not be in default on any federal loan, not have borrowed in excess of the allowable limits and not owe a refund charge for the purpose of meeting educational expenses.
7. Be prompt in responding to any requests for additional information made by the Office of Scholarships and Financial Aid.

Students and parents are invited to contact the Office of Scholarships and Financial Aid for information regarding financial assistance programs or to make an appointment with a financial aid counselor to discuss specific eligibility requirements. The office has information about programs and services available on the Internet (www.okstate.edu/finaid/).

Federal Work-Study
This program is designed to help students meet their educational expenses through part-time employment. The Office of Scholarships and Financial Aid determines award amounts on the basis of financial need. While all Federal Work-Study student employees are paid at least the current federal minimum wage, the actual rate of pay depends on their qualifications and the types of jobs they hold.

Eligible students may be employed by any participating office or department at OSU or at an off-campus, non-profit agency. While working in positions directly related to their curricula, students form strong links with the community.

Loans
OSU has several loan funds for students who need financial assistance. These funds are available to students who meet the eligibility requirements of the various programs and are making satisfactory progress in their college work.

Institutional loans include short- and long-term loans. The short-term loan program provides up to a maximum of $300 per semester (less a $10 service charge) for the purpose of meeting educationally-related expenses which are not charged to a student’s University account. Students are billed for the loan through the Office of the Bursar on the billing statement of the month in which they apply. Applications must be made in person at the Office of Scholarships and Financial Aid.

Long-term loan programs consist of the Federal Perkins Loan, William D. Ford Federal Direct Subsidized and Unsubsidized Loans and the Federal Direct

Grants
Undergraduate students who have not completed their first bachelor's degree are eligible to apply for the Federal Pell Grant and Federal Supplemental Education Opportunity Grant. Undergraduate students who are Oklahoma residents are eligible to apply for the state grant program, the Oklahoma Tuition Aid Grant.

Federal Pell Grant eligibility is determined by the U.S. Department of Education by using a congressionally-approved formula.

Federal Supplemental Education Opportunity Grants are awarded to students who demonstrate financial need as reflected in the FAFSA. Funding in this program is limited and is usually awarded to applicants who demonstrate the most financial need.

Oklahoma Tuition Aid Grants are awarded to eligible undergraduate Oklahoma residents who may apply by correctly completing the FAFSA. Grant amounts are determined by the applicant’s enrollment status, demonstrated need, and by the availability of funds. Students are notified of their eligibility and award amounts by the Oklahoma State Regents for Higher Education, not by OSU.
Parent Loan for Undergraduate Students (PLUS).

The rate of interest on a Federal Perkins Loan during the period of repayment is five percent simple interest per annum on the unpaid balance. Funding in this program is limited and is awarded to applicants who demonstrate significant financial need.

The rate of interest on the William D. Ford Loan varies for first-time borrowers, but cannot exceed 8.25 percent. The rate of interest on a Federal Direct Parent Loan is variable but cannot exceed 9 percent.

Enrollment Requirements

To be considered for loan funds, undergraduates must be enrolled in at least six hours in the fall, spring or summer semester. Undergraduates who plan to enroll in fewer than six hours for the semester may still be eligible for limited grant funding. Undergraduate tuition scholarship recipients must be enrolled in at least 12 hours to receive the award for the fall or spring semester; tuition scholarships are not available for the summer.

Graduate students must be enrolled in at least four hours in the fall or spring semester and at least two hours in the summer to be considered for financial assistance for that semester. Graduate students receiving tuition scholarships from their academic departments or the Graduate College as special students and life skills development; parent/guardian services; personal counseling; college selection and admission; academic advisement; career counseling; college financial planning; college selection and admission; parent/guardian services; personal and life skills development; technology skills; test preparation and score analysis; tutoring.

Teacher Education Certification

To receive financial assistance, students who are classified by the Graduate College as special students and who are also pursuing Teacher Education certification must be enrolled in a required program for elementary or secondary teacher certification or recertification in Oklahoma (must be required to teach), and be enrolled in at least six hours in the fall or spring semesters or three hours in the summer term.

Teacher education students are eligible to apply for consideration in Federal Work-Study, Oklahoma Tuition Aid Grant (OTAG), Federal Perkins Loan, and Direct Loans (Subsidized and Unsubsidized). The maximum Direct Loan eligibility for teacher education students is $5,500 in the Subsidized Loan. Independent students may have an additional $5,000 of eligibility in the Unsubsidized Loan. At no time may the student borrow more than the cost of attendance minus any other financial aid.

Due to the unique nature of the Teacher Education program, students are encouraged to schedule an appointment with a financial aid counselor to discuss the required documentation needed for financial aid eligibility.

Prerequisite Course Work for Admission to a Graduate Program

To be considered for federal assistance, students generally must be enrolled in a recognized academic program leading to a degree or certificate. However, if a student is enrolled at least half-time in course work that is required for admission to a graduate program at OSU, the student may be eligible for loan consideration for one calendar year (12 months) beginning on the first day of the loan period.

Students are only eligible for Federal Direct Loan consideration. Federal law sets the maximum Subsidized Loan eligibility at $5,500 for course work necessary to enter a graduate program; independent students may also qualify for an additional $5,000 in Unsubsidized Loan. At no time may the student borrow more than the cost of attendance minus any other financial aid.

Preparatory students who wish to be considered for assistance should schedule an appointment with a financial aid counselor to discuss their particular circumstances.

TRIO Programs

The TRIO Programs at Oklahoma State University are funded through the U.S. Department of Education. The programs are designed to provide support and motivation to youth and adults who have the potential for academic success and who meet government income requirements and/or whose parents have not graduated from college.

While the Upward Bound and Educational Talent Search programs each serve different groups of students, both programs provide the following services: academic advisement; career counseling; college financial planning; college selection and admission; parent/guardian services; personal and life skills development; technology skills; test preparation and score analysis; tutoring.
Scholar Development and Recognition

Bob Graalman, Director
Gail Gillilan, Senior Unit Assistant

Some outstanding OSU students compete for a wide range of prestigious national and international scholarships at the end of their undergraduate careers, such as the Rhodes, Marshall, Truman, Goldwater, Udall, and others. In addition, there is a host of lesser-known but still valuable opportunities that require students to prepare competitive applications.

This office monitors student progress, provides important information, supplies support, and plans courses and activities that can lead to success in these areas. Interested students can contact the office to inquire about opportunities and strategies; often faculty will nominate candidates who have been performing at a high level academically and displaying other qualities through leadership and community service. Early identification of freshmen and sophomores is especially important in order for the student to gain the most from these programs.

Additionally, as an incentive for the kinds of students who are considered OSU’s best and brightest, the Lew Wentz Foundation has provided substantial private funding to OSU for several scholarship programs that are managed in this office. The programs are:

1. Wentz Projects - an opportunity for outstanding undergraduates to plan and perform high-level research under the direction of a faculty mentor ($4,000 each);
2. Wentz Scholarships - traditional awards based on academic excellence and well-rounded campus activities ($2,500 each);
3. Wentz Non-Traditional and Transitional Student Text Book Award - full-time or part-time (up to $750).

Finally, along with the Office of Undergraduate Admissions, this office now manages OSU’s Freshman Research Program. Contact this office for further information.

Student Services

Residential Life

Bob Huss, Director of Residential Life
Eddie Denman, Assistant Director of Residential Life–Administrative and Business Services
Carol Hackerott, Assistant Director of Residential Life
Leonard Edmond, Assistant Director of Residential Life
Dave Stoddart, Assistant Director of Residential Life

The Department of Residential Life’s vision is to change lives to improve society. To that end the department offers more than 20 residence halls, seven family-first neighborhoods, nine special interest housing options, over 30 dining options, and countless leadership activities for students. Students who live on campus graduate sooner and maintain higher grades than their off-campus counterparts. More than 500 students are involved in planning and leading educational, recreational and social activities within the halls.

All freshmen are required to live on campus. Exceptions can be made for one of the following reasons: being married; being 21 years of age or older; living with parents in Stillwater or the surrounding area; being a veteran; living in a fraternity or sorority house (sorority pledges generally live in residence halls due to limited sorority house space); or having completed 27 credit hours. Exceptions must be requested in writing, and approved by the Department of Residential Life.

All accommodations are rented on a contract date priority basis. While there is no deadline to apply for housing, prospective students are encouraged to return their applications and contracts at least nine months before the desired occupancy. This will improve the chances of receiving the preferred on-campus housing location.

Traditional Halls, Deluxe Suites, and Apartments

OSU traditional halls, deluxe suites, and apartments offer a variety of living accommodations. Traditional residence halls include Iba, Kerr-Drummond, Parker, Stout, and Wentz. Deluxe suites are offered in Allen, Bennett, Jones, Patchin, Zink, and Suite Buildings A and B. Apartments can be found in Bost, Davis, Kamm, Morsani-Smith, Peterson-Friend, Sitlington, and Young halls.

All halls are open continuously throughout the academic year. Year round housing (12-month contract) is available in each type of housing offered. Some halls house only non-freshman students, but freshmen may be assigned by exception. Further information may be found on the Internet (www.reslife.okstate.edu).

Studies show that living on campus can be more affordable than living off campus. Some students save as much as $500 per academic year by living on campus. Just one bill pays for a student’s rent, meal plan, and all utilities including local telephone, cable TV, and Internet connection. Rates rarely increase during the academic year, even when roommate(s) move out.

Students are offered several lifestyle options. Kerr Hall houses men only, while Drummond Hall houses women only. All other halls are co-ed. The first three floors of Stout Hall are open to students who are active participants in the Honors Program. Zink Hall houses participants in the FIT (Freshmen in Transition) program through the College of Agriculture. Allen Hall is home to the Ketchum House Native American floor, as well as housing students interested in engineering. Engineering floors can also be found in Kerr, Drummond, and Bost Halls. Men that are computer science majors may choose to live on the special interest floor in Kerr Hall. Jones Hall is home to the Uhuru House, the African Centered Cultural House. Students interested in developing leadership skills may be interested in the Kamm Hall Leadership House. Spanish majors or Spanish speaking students may be interested in living on the Spanish floor located in Parker Hall. The Wellness Hall, located in Suite Hall B, is open to residents who wish to adopt a total wellness lifestyle.

In every residence hall there is a well-trained professional staff to coordinate the day-to-day operations of the building, as well as student staff whose primary function is to see that students benefit educationally from their residential living experience. Each floor or wing has a live-in student staff member (resident assistant or community facilitators) responsible for assisting and guiding the residents. Resident assistants and community facilitators are undergraduate students specially trained in all aspects of residential area living with the experience and knowledge to answer questions and act as an adviser for student governments and programs.
University Dining Services

University Dining Services offers over 30 dining options to choose from on campus including all of the Residential Life dining options, the Student Union Food Court, The Dairy Bar, Java Dave’s @ the Library, West Side Café, Taylor’s Dining, and The State Room. A variety of all-you-care-to-eat cafeterias, specialty restaurants, convenience stores, and à la carte options provide food service from early morning to late night.

By providing some of the most flexible meal plans in the country, University Dining Dollars (UD$) make it easy and convenient to eat anytime and anywhere on campus. Students may choose from several different meal plans, depending on their individual needs. Freshmen who are living on-campus required to have a minimum meal plan. (Contact Residential Life for more information.)

Anyone can purchase a UD$ plan including on-campus residents, off-campus students, and faculty and staff members, and all plan holders receive a 3% discount in the à la carte options.

For more information, contact the Office of Residential Life, Oklahoma State University, Iba Hall, Stillwater, Oklahoma 74078, or the Internet (www.reslife.okstate.edu).

Mobility Impaired Student Housing

All residence halls and many university apartments offer some housing for students who have impaired mobility. Upon notification, the Department of Residential Life routinely modifies rooms and apartments to meet an individual's special needs. This modification may take several months, so advance notification is critical.

University Apartments

More than 700 apartments are available to serve students in the following priority: families, single graduate students, and single, upperclass, undergraduate students. Priority for single students is given to those who have lived in the residence halls.

Most apartments are two-bedroom units with optional furnishings. The Morrison Neighborhood features some three-bedroom units. The apartments have sidewalks, off-street parking, play areas, and two laundry facilities. Residents of the Morrison Neighborhood have full-size washers and dryers in their apartment units.

School bus transportation is provided to the Stillwater High, Junior High, and Middle schools, and to Westwood and Will Rogers elementary schools.

The Family Resource Center, located in the University Apartments area, offers a variety of programs to meet the needs of University Apartment residents. These programs vary depending upon the needs of the clientele. Typical programs include: English as a Language class (ESL), after-school programs, children's programs, and potluck dinners. The Laundry Mart convenience store is located inside of the University Laundry.

University Apartments provide an on-site staff member, an apartment assistant who is readily available to the residents. Each apartment assistant has responsibility for about 90 apartments. The assistant's duties include helping residents resolve inter-apartment conflicts, meet neighbors and find appropriate community services. They also provide information about the facilities and the University, and provide referrals to appropriate University offices for residents’ needs. The apartment assistant can be a very helpful person for all residents.

For more information contact the University Apartments Office, 120 Brumley, Oklahoma State University, Stillwater, Oklahoma 74078, or the Internet (www.reslife.okstate.edu).

Students with Children

Information on child care in the Stillwater community is available at the following locations on campus:

Family Resource Center — 719 N. Walnut

University Counseling Services

Suzanne M. Burks, Director
Baiba Ercum, M.D., Consulting Psychiatrist
Joni Hays, Coordinator, Career Resource Center
Deborah Bransford, Career and Outreach Specialist
Tim Mulligan, Senior Clinical Counselor
Julia Shcherbakova, Senior Clinical Counselor
Chris Spera, Senior Clinical Counselor
Rebecca Walls, Senior Clinical Counselor
Jason White, Senior Clinical Counselor
Cindy Washington, Clinical Counselor

The University Counseling Services provides confidential professional personal and career counseling for OSU students. Both individual and group counseling is available.

Assistance is offered for emotional problems, as they affect personal and academic goals, intellectual functioning or relationships with others. Among the variety of concerns dealt with in counseling are stress, anxiety, depression, eating disorders, substance use/abuse, interpersonal relationships, and career indecision. Psychiatric consultation is available as needed.

University Counseling Services also assists students with problems, concerns, and experiences relating to educational difficulties; i.e. study habits, test-taking stress, lack of motivation, or attitudes related to school. University Counseling Services also offers comprehensive assessment for diagnosis of learning disabilities and attention deficit disorder.

University Counseling Services operates the Career Resource Center. The center provides walk-in assistance for OSU students. It contains books, handouts and computerized resources on careers, study strategies, scholarship and graduate school searches.

A broad range of developmental and proactive programming is offered.
through University Counseling Services in outreach and service to living groups, organizations and academic classes.

Minimal fees are assessed for individual and group counseling, for certain tests, for specific programs or workshops and for some career assessments. Depending upon the need, tests and other University services may be used in conjunction with counseling.

All information regarding appointments and content of counseling is strictly confidential.

The University Counseling Services is an accredited member of the International Association of Counseling Services, Inc.

Student Disability Services
Mike Shuttic, Coordinator

Student Disability Services (SDS) offers academic support services to students with disabilities. SDS is committed to providing assistance to students that will facilitate academic access and independence of each individual student. Appropriate services are determined on an individualized basis and may include academic advisement, specialized testing, recorded textbooks, classroom access, assistive tech, and other services based on disability-related need. Students must initiate a request for services by contacting Student Disability Services.

University Health Services
Steve Rogers, C.H.E., M.B.A., Director
Michael W. Strange, M.D., Medical Director

Oklahoma State University is interested in the student’s physical and emotional well-being as it is in his or her intellectual and cultural development. Good health will not guarantee academic success, but it will help; while poor health, either physical or emotional, can impair both the academic and the extracurricular career.

University Health Services maintains a staff of full-time physicians, mental health professionals, nurses, laboratory, pharmacists and x-ray technicians, and other necessary support personnel who make a specialty of providing the best possible care at the least possible expense for the student. Along with this full-time help, there are part-time specialists in psychiatry and radiology.

University Health Services is an ambulatory primary care facility, designed to provide cost-effective, physician-directed health care to students. A fee is charged to cover direct costs on laboratory, x-ray, pharmacy and elective services. In the event a medical condition exists that is beyond the scope of the services offered, referrals can be made to a family physician, or a local physician in Stillwater. Emergency services are offered by Stillwater Medical Center 24 hours a day.

Health Requirements.

1. All new students are required to complete the OSU Health History and Immunization form. Oklahoma law requires that students report their compliance with certain required immunizations, specifically measles, mumps, rubella, and hepatitis B. Information about the requirements for compliance are explained in detail on the OSU Health History form that is mailed to all new students and is available for download from the Internet (www.okstate.edu/UHS). Failure to comply with these guidelines will prevent future enrollment.

2. Students meeting the following criteria must provide a record of having a negative tuberculosis skin test (PPD) within six months of arrival at OSU, or, if the TB skin test is positive, must provide a negative chest x-ray: students who
   - are visa holders,
   - are U.S. citizens who previously resided outside the U.S.,
   - have a medical condition that suppresses the immune system,
   - are known to have been exposed to tuberculosis.

Refer to the Immunization and Health History form for specific guidelines and information. Failure to comply with these guidelines may affect future enrollment.

For more information contact the University Health Services, 1202 West Farm Road, Oklahoma State University, Stillwater, Oklahoma, 74078, or download the form from the Internet (www.okstate.edu/UHS).

Special Programs, Services and Facilities

Special Programs

The Honors College
Robert L. Spurrier, Jr., Director
K. Celeste Campbell, Assistant Director
Rachel Dillin, Honors Academic Counselor
Jessica Roark, Honors Academic Counselor

Oklahoma State University is an active member of the National Collegiate...
Honors Council and the Great Plains Honors Council. The Honors College is composed of a university-wide General Honors component and specialized upper-division components at the departmental or college levels. The Honors College provides academically talented students with the opportunity to study, conduct research, and exchange ideas in an exciting and supportive academic environment. Honors sections are offered in many general education courses, and special honors seminars and interdisciplinary honors courses also are available. Honors classes are taught by outstanding faculty members, and the classes are small in size to facilitate active student involvement.

Completion of the requirements for the General Honors award leads to special designation on the student's OSU transcript, as does completion of the requirements for the Departmental or College Honors award in the student's academic major. Students who earn a minimum of 39 honors credit hours and complete the Departmental or College Honors award, as well as the General Honors award, with 3.50 OSU and cumulative grade-point averages at graduation, receive The Honors College degree, including a special entry on their transcripts and special honors diplomas.

Additional advantages for active participants in The Honors College (minimum of six honors credit hours per semester and 12 honors credit hours for each two consecutive semesters for freshmen and sophomores and three honors credit hours per semester for juniors and seniors) include use of The Honors College Study Lounge in the Edmon Low Library (with a computer lab), extended check-out privileges for library materials, priority enrollment for the following semester, and an honors housing option in the residence halls.

Admission of new freshmen to The Honors College is based on an ACT composite score of 27 or higher (or comparable SAT score) with a high school grade-point average of 3.75 or higher. Application forms are included in the OSU Application for Admission. Students other than new freshmen may be admitted to the program on the basis of their OSU and cumulative grade-point averages (7-59 hours earned: 3.25, 60-93 hours earned: 3.37, 94 or more hours earned: 3.50). Transfer freshmen must have completed at least seven college credit hours (not including concurrent enrollment while in high school) to be eligible on the basis of college performance if they do not have the required high school grade-point average and ACT score.

For additional information about The Honors College, interested students should consult the director of The Honors College, 509 Edmon Low Library.

Credit By Exam

Oklahoma State University Testing and Evaluation Service is a national test site for the College Board's College Level Examination Program (CLEP). National CLEP testing centers offer two kinds of examinations: general examinations and subject examinations. OSU only grants college credit for subject examinations. Credit earned through these examinations are normally recognized by other colleges and universities throughout the nation.

OSU grants credit for acceptable scores in the Advanced Placement Program (AP) as administered by the College Entrance Examination Board in Princeton, New Jersey. AP tests are taken by high school students while in high school. High school counselors can be of assistance in making testing arrangements.

Oklahoma State University recognizes credit earned through the International Baccalaureate (IB) Program in a limited number of subject areas. Credit will be awarded to students who have taken Higher Level courses through the International Baccalaureate Program and scored at least a 4 (on a seven point scale) on the Higher Level course examination. This credit will be awarded on a course-by-course basis.

Military personnel and veterans who wish to establish credit for military training should submit to the Office of Undergraduate Admissions a copy of their DD214, (Armed Forces of the United States Report of Transfer or Discharge) or their DD295 (Application for the Evaluation of Educational Experiences During Military Service), and any certificates of completion for military schools attended. OSU also accepts credits earned through the DANTES Subject Standardized tests for active military personnel.

Academic departments on campus at OSU may offer advanced standing examinations in subject areas not offered by the CLEP or AP. Any currently enrolled student whose travel, employment, extensive readings or educational experience appear to have given the student proficiency in a subject that is offered at OSU, equivalent to the proficiency ordinarily expected of those students who take the subject in a regular class, may apply for an examination on the subject.

Information pertaining to these examinations may be obtained from the Office of Undergraduate Admissions. See also the "Academic Regulations" section of the Catalog.
Gerontology Institute
Kathleen Briggs, Director

The Gerontology Institute is housed in the Department of Human Development and Family Science. The Gerontology Institute sponsors a multidisciplinary gerontology program committed to promoting academic excellence in the study of aging throughout the life course, through scientific research, education and service. It functions as a multidisciplinary program allowing students an opportunity to study in the field of aging. The Institute provides a university-wide focus in coordinating a curriculum in gerontology.

The Gerontology Institute was created in response to a widespread interest in course offerings in gerontology. Students can receive an M.S. in gerontology through natural and applied sciences or they can pursue a graduate certificate in gerontology. There is also a undergraduate minor in gerontology through the department of Human Development and Family Science. Doctoral students can include gerontology as an area of specialization in their programs.

The Institute sponsors an annual Ethics and Aging Conference in the Tulsa area for professionals and students in the field of aging. Many other programs are conducted with groups and agencies.

The headquarters for the Partnerships For Aging, the largest regional professional gerontological association in the U.S., is located at the Institute. This partnership allows students an opportunity to network with professionals in the field of aging.

The Gerontology Institute serves as a link between the University and the community in the field of aging, and sponsors student internships in community agencies. For more information contact the Department of Human Development and Family Science (hes-hdfs@okstate.edu).

Independent Study
Sharon Nivens, Associate Director

Independent Study (IS) provides individual study opportunities to learners whose work, family responsibilities, physical isolation, or medical condition may preclude participation in regularly scheduled class meetings. IS offers over 125 courses for college credit and continuing education units.

Students may enroll in independent study courses at any time without being admitted to OSU and take up to a year to complete course work. Some courses are web-assisted and some are video-assisted telecourses. IS also offers some semester-based courses in which students must be admitted to OSU, enroll through regular campus registration, and complete during one campus semester.

For more information or enrollment, contact OSU Independent Study, 309 Wes Watkins Center or e-mail to ics-inf@okstate.edu.

National Student Exchange

The National Student Exchange (NSE) enables OSU students to spend a semester or a year at one of over 170 colleges and universities. Students may select from institutions in 47 states of the U.S., the District of Columbia, and three US territories. Four Canadian universities in British Columbia, Newfoundland and Quebec have also been added to the NSE site offerings. Students pay tuition and fees to OSU or resident tuition and fees to the host institution, depending on the plan through which they participate.

Through the NSE, students have access to designated study abroad programs offered by participating institutions at resident program fees. The NSE also enables students from member colleges and universities to attend OSU while paying their own university's tuition and fees or while paying OSU resident tuition rates. For additional information and application materials, contact the Study Abroad/NSE Office, 060-G Student Union, or e-mail to: abroad@okstate.edu.

Oklahoma Scholar Leadership Enrichment Program

The Oklahoma Scholar-Leadership Enrichment Program (OSLEP) is a statewide academic program designed to develop scholarship and leadership abilities of outstanding students. Students study in intensive, five-day seminars with a distinguished scholar and are selected from Oklahoma's 21 four-year colleges and universities. OSU's sophomore, junior and senior students with a 3.00 GPA are eligible to apply. OSLEP seminars may be taken for two or three hours of credit. The only cost to students is the tuition - the program provides books and room and board during the seminar. The seminars are graded on a satisfactory/unsatisfactory basis and are transferred to OSU as Pass/Fail. Application should be made as early in the academic year as possible. Further information and application materials may be obtained from OSU's OSLEP coordinator, The Honors College, 510 Library.

Semester at Sea

Semester at Sea is an opportunity for OSU undergraduates in good academic standing to earn a semester of credit in a wide range of academic areas while traveling around the world on the S.S. Universe. Approximately 50 percent of the semester is spent at sea and 50 percent in various ports allowing students to travel and relate experiences directly to the academic program aboard ship. Specific information may be obtained by contacting the Campus Life director, 060 Student Union, or the Study Abroad/NSE Office, 060-G Student Union.

Study Abroad

OSU students can add an international dimension to their education through study abroad. Students may earn OSU credit through reciprocal exchanges in many European countries, as well as in Asia and Latin America. While participating in reciprocal exchange, students pay tuition and fees to OSU.

Students may also earn OSU credit by enrolling in summer and short-term international courses offered by OSU departments and extension units in countries such as Australia, England, France, Greece, Italy, Japan, Mexico, and Turkey.

Students may earn transfer credit through participation in pre-approved study abroad programs offered by other U.S. universities or study abroad providers such as AIFS, CIEE, and ISA. Some students choose to enroll directly in universities abroad. They may also participate in non-credit work, internship and volunteer opportunities.

Most exchanges and study abroad programs require completion of at least 48 credit hours and good academic standing. Application deadlines for priority consideration for both fall and spring semester reciprocal exchanges, many fall semester study abroad programs, and short-term international courses are at the end of January or the beginning of February. Deadlines for spring study abroad programs are usually in mid October or early November.

Financial assistance is available through scholarships and federal grants and loans. Outstanding OSU undergraduates and graduates may apply for the Baily Memorial Trust Scholarship for study abroad in the Liberal Arts. The scholarship is budget based. Informa-
Special Services

Academic Advising

Academic advising is a major function within the University and serves the student first and foremost and not a particular discipline, department or college. Advising assists students in developing their intellectual potential through effective use of all resources available at the University—academic, cultural and social. The role of the student's academic adviser is to (1) assist in educational planning, including clarification of career and educational goals, curriculum planning, and short-term course selection, (2) become aware of and make appropriate referrals to campus support services, (3) provide information to prospective majors, and (4) prepare degree plans for graduating seniors and submit these to the respective college graduation certification office.

Advising is performed within each of the undergraduate colleges and in the Office of University Academic Services. Each college structures its advising system based upon the college's philosophy and perceived student needs. In most colleges, freshmen and undeclared students are advised through the college's office of student academic services, while declared majors are advised in their major department.

Each college has an office of student academic services to represent the dean in matters concerning undergraduate students. Students should contact their office of student academic services when questions arise regarding advising, academic programs and requirements, and academic support services.

The locations of the offices of student academic services are:

- Agricultural Sciences and Natural Resources–136 Agricultural Hall
- Arts and Sciences–202 Life Science East
- Business–201L Business Building
- Education–325 Willard
- Engineering, Architecture and Technology–101 Engineering North
- Human Environmental Sciences–101
- Human Environmental Sciences University Academic Services–214 Student Union

Students should keep in mind that while the University provides advising as a service and resource, the ultimate responsibility for identifying and completing degree requirements rests with the student.

University Academic Services

The Office of University Academic Services (UAS) provides informal advising and enrollment services to the entire University campus. Target audiences assigned to UAS include: students admitted to OSU through the Alternative Admission Program, probationary students enrolled through the University Academic Assessment Program, and transfer students admitted on academic probation or unsure about their majors. The overall goal of UAS is to provide personal attention and assistance to students as they develop successful study habits and explore the various academic options available at OSU.

Alternative Admission. The Alternative Admission Program allows eight percent of OSU's entering freshman class to be admitted without meeting all of the initial requirements. UAS provides Alternative Admission students with orientation classes suited to their particular needs, clarification of University policies, assistance in exploring career goals and degree programs. Through intrusive advising techniques, UAS strives to create a setting of academic success for the students to carry throughout their years at OSU. Academic Counselors in UAS also enforce the required remediation of curricular deficiencies. After remediating any deficiencies they might have and completing at least 24 semester hours with a minimum 2.00 GPA, students generally transfer to their college of choice.

University Academic Assessment. The University Academic Assessment Program (UAAP) is designed for students who have experienced academic difficulty at the college level. These students include:

- those probationary students who are referred by the colleges;
- those in good academic standing, according to State Regents' policy, but are ineligible for admission to their desired college or major;
- those suspended by OSU and have stayed out of college for a minimum of one regular semester and show a potential for success; and
- those select transfer students on academic probation who are admitted due to special circumstances.

UAS helps these students evaluate their career and educational goals in an attempt to develop a realistic and successful educational plan. In addition to intrusive academic advising, UAS assists students in the development of their plans of study through graduation. UAS also keeps UAAP students aware of important policies and requirements, specifically the minimum grade-point averages required by the Oklahoma State Regents for Higher Education and those required by specific majors, and the repeat and reprieve options. In an effort to assist students in achieving academic success, UAAP students are required to enroll in and complete UNIV 2001, the Academic Assessment and Evaluation course. This course is designed to help students identify their reasons for experiencing academic difficulty and determine ways to overcome those academic challenges. Once UAAP students complete at least one or two semesters with a 2.00 GPA or above, they generally transfer to the college or major of choice.

Transfer Students. Transfer students may work with a UAS adviser to develop several plans of study that capitalize on their strengths and interests while pursuing possible majors. During one-on-one meetings with the student, the UAS adviser explains differences between majors and their requirements, so that a college degree remains the main goal of course selection. After taking chosen courses, and achieving an appropriate GPA, the student declares a specific major and moves to the advising office of the corresponding college. UAS received a 2005 State Regents' grant to improve and provide additional services for transfer students.

Concurrent High School. Oklahoma State University provides the opportunity for high school students with specific ACT scores or grades to enroll concurrently in college-level courses through UAS. High school students who desire to participate in concurrent enrollment must be recommended and have verification from their high school principals. A strong effort is made to communicate with and assist these students.
in their transition to being a college student while still in high school.

**International Students.** UAS offers a unique orientation course for incoming freshman international and incoming transfer international students. The course is designed to help students become better acquainted with OSU, the new culture, and academic requirements and expectations. International students are encouraged to drop by the UAS to speak with an adviser on education, life and career goals.

**Student Academic Mentor Program.** The Student Academic Mentor (SAM) Program is a campus-wide service that pairs new freshmen and transfers students with upper class students in an effort to ease the transition to OSU. These "SAMS" are carefully selected among continuing students at OSU to work with new students individually during ALPHA, the week prior to the beginning of the fall semester. Their goals are to help students feel welcome and to assimilate them into campus life.

**UAS Tutoring Program.** The UAS Tutoring Program is a free tutoring service offered for students campus-wide. Qualified tutors who have been approved by both UAS and their academic department at OSU, are available to students for one-on-one tutoring. This program was funded as a gift from an OSU graduate who is dedicated to helping students succeed and is now funded by University advising fees. Tutoring is available Monday and Friday, 8am to 5pm. Students may contact the UAS office to arrange for this individualized personal tutoring.

**University Assessment Program**

The University Assessment Program at OSU provides public assurance of program quality and accountability by documenting progress toward meeting the institution's educational goals. Assessment involves collecting, reviewing and using information about educational programs for the purpose of program improvement and, ultimately, improvement of student learning and development. The assessment process provides feedback to campus leaders about the effectiveness of academic and student programs, thereby allowing informed decisions about the need for changes. Assessment is, therefore, an integral part of the institution’s commitment to sustain and enhance academic quality and the student educational experience.

The OSU Assessment Council guides the Assessment Program. The Council membership consists of faculty from each college and representatives from the offices of Student Affairs, Institutional Research and student government. The Council's mission is to serve as a liaison to the Provost and Senior Vice President, the OSU Long-Range Planning Committee (of the Faculty Council), and Student Affairs. It supports academic units by providing funding and information to (1) measure the effectiveness of academic and student programs, (2) utilize the results of strategies developed to improve student learning and (3) determine the overall educational impact of the university experience on students.

Assessment activity at OSU, coordinated by the Office of University Assessment and Testing, is divided into four primary initiatives:

1. **Entry-Level Assessment** is conducted to assist advisors and faculty in making placement decisions that will give first-time OSU students the best chance of academic success.

2. **General Education Assessment** is aimed at evaluating student achievement of institutionally recognized general education competencies, including communication, analytical and critical thinking skills.

3. **Program Outcome Assessment** is an evaluation of student achievement of the educational objectives in the major.

4. **Student and Alumni Satisfaction Assessment** evaluates student perceptions of academic and campus programs and services. Results of these assessments provide feedback for improvement of programs and services.

The Office of University Assessment and Testing submits yearly reports to the Oklahoma State Regents for Higher Education that summarize the assessments in the above areas. The objectives, methods used, student population involved, results, and uses of assessment data are reported for assessment in each initiative area, including separate outcome assessment reports prepared by each academic program.

**Career Services**

Career Services assists OSU students and alumni with job search activities related to internships and part-time employment while attending college, and full-time professional employment following graduation. On-campus interviewing is an easy and convenient way to obtain interviews without leaving campus. On-campus interviews can be an important source of opportunities but should be only one of the 10 suggested strategies for a total job search. Registering with "7 of 10," Career Services' on-campus interviewing program, can help students looking for internship and full-time employment opportunities. Last year over 300 companies conducted 4000 interviews on campus.

**Resume Referral.** Registering and uploading a resume on 7 of 10 allows a student’s resume to be sent out to employers when they request resumes for a particular major.

**Posting of Job Vacancies.** Job postings can be accessed on the Internet (www.hireOSUgrads.com). Entries are posted on a daily basis. Job listings include part-time on-campus, part-time off-campus, work study, education jobs, business, industry, and government jobs and internships. Last year more than 1,950 job opportunities were posted.

**Career Fairs.** Career fairs are held on campus each year to provide opportunities for interaction between students and employers. Employers have information booths and distribute literature about their companies and various job opportunities. Current career fairs include College of Engineering, Architecture and Technology Career Fair; OSU Career Fair; OSU Business and Information, Telecommunications and Technologies Career Fair; OSU Hospitality Days; Agricultural, Food, Environmental, and Natural Sciences Career Fair; Education and Teacher Job Fair, Summer Camp Fair.

**Career Consultants** are located in each college. Services provided by the career consultants include individual advising, mock interviews, internship and co-op information, cover letter assistance, resume development, job search strategies, interviewing preparation, graduate and professional school assistance, career exploration and information on specific majors. For the names and contact information of these professionals, refer to Career Services on the Internet (www.hireOSUgrads.com).

Career Services is located in 350, 360, and 370 Student Union.

**The Center for Early Childhood Teaching and Learning**

The Department of Human Development and Family Science has a rich tradition of excellence in early childhood education. The Center for Early Childhood Teaching and Learning (CECTL) is located on the first floor of the College of Human Environmental Sciences West building.

The CECTL has three components
that support the professional education of early childhood educators--The Model Teaching Classroom, the Child Development Laboratory, and the Resource Room. The Model Teaching Classroom is an innovative learning environment for adult students where education courses are taught within the physical setting of an early childhood classroom. This provides students with opportunities to make meaningful connections between course content and practical application. The Model Teaching Classroom is used for instruction of early childhood education majors, continuing education of early childhood professionals, and research about the preparation of teachers.

The Child Development Laboratory (CDL) is nationally accredited three-star facility with two classrooms serving children from two to five years of age that serves as a field placement for early childhood education majors. Equipped with observation booths the CDL is also used as a site for observation and interpretation of human growth and development by students in courses across campus. Research on developmentally appropriate practice, children’s learning and development, and the preparation of teachers is conducted in the facility. The CDL is licensed by the Department of Human Services and is accredited by the National Association for the Education of Young Children. The program offers planned learning activities that are developmentally appropriate; frequent and positive interactions between children and students; nutritious meals and snacks; regular communication with parents; high adult-to-child ratio; well educated and Early Childhood-certified staff; and on-going systematic program evaluation. The Resource Room is available during both day time and evening hours, most appointments are scheduled on Wednesday and Thursday evenings. When an individual contacts the Center to seek marital and family therapy services, a staff member will ask a few questions about the family and the reasons for seeking the services, in order to assign the most appropriate therapist. Usually within 24 hours, an initial appointment will be scheduled. If time allows, an information packet will be sent before the first appointment.

The marriage and family therapy program is accredited by the Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE).

The Center for Family Services

The Center for Family Services is sponsored by the Department of Human Development and Family Science in the College of Human Environmental Sciences West building.

The Center's dual mission is to provide high-quality, low cost marital and family therapy services to the public and to provide a training environment for master's degree students specializing in marriage and family therapy. Because the Center for Family Services is a training facility, advanced graduate students in marriage and family therapy conduct the majority of the therapy. While conducting therapy, therapists-in-training are under the direct supervision of clinical faculty members who are licensed marriage and family therapists. The Center's facility allows for observation of sessions by clinical supervisors and videotaping of sessions.

The Center for Family Services is open to any individual, couple or family that desires help with personal or relationship issues. Issues may include marital concerns, family violence, adjustment to divorce or other life changing events, child behavior and school problems, parenting concerns, anxiety and depression, and family reunification. Fees are determined on a sliding fee scale based on income and family size, ranging from $5 to $50.

Appointments are available on request. While appointments are available during both day time and evening hours, most appointments are scheduled on Wednesday and Thursday evenings. When an individual contacts the Center to seek marital and family therapy services, a staff member will ask a few questions about the family and the reasons for seeking the services, in order to assign the most appropriate therapist. Usually within 24 hours, an initial appointment will be scheduled. If time allows, an information packet will be sent before the first appointment.

The marriage and family therapy program is accredited by the Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE).

The CDL is licensed by the Department of Human Services and is accredited by the National Association for the Education of Young Children. The program offers planned learning activities that are developmentally appropriate; frequent and positive interactions between children and students; nutritious meals and snacks; regular communication with parents; positive guidance techniques; high adult-to-child ratio; well trained and experienced CE&C degree staff and on-going, systematic program evaluation.

Subject to availability, families have an opportunity to enroll in a model early childhood program. Children enrolled in the program range in age from two through five years.

Information and Technology Division

The Information Technology Division provides administrative and academic computing services and support, data communications and telephone services for Oklahoma State University. Services include network and communications infrastructure, software development, enterprise application systems management, data warehousing, computer training, publications, desktop computing support and a comprehensive Help Desk.

The IT Help Desk provides diagnostic support and assistance by phone, by e-mail or in person. The Help Desk is open Monday through Friday from 7:00 am until 1:00 am, Saturday 10:00 am to 5:00 pm and Sunday 2:00 pm to 11:00 pm. More Help Desk information may be found on the Internet (http://help.okstate.edu).

Student technology resources are provided via an Ethernet-based network. All campus residences provide each resident and common living space with a 10/100 megabit per second dedicated connection to the Internet. OSU’s Edmon Low Library, Classroom Building, Student Union and various other areas provide wireless access for central campus. An extensive data communications network provides interfaces to OneNet, the Internet and Internet 2. Students receive computer access, network data storage space and electronic mail as soon as they enroll at OSU.

Five general campus labs (three of which are open 24 hours a day, seven days a week) and 24 departmental labs provide easy on-campus access to computing resources for students. The labs provide general word processing, spreadsheet, database, graphics, electronic mail and Internet access on IBM-compatible and Apple Macintosh.

Oklahoma State University 37
computers with connections to the campus network. Multimedia and CD capabilities are also available. All labs have one or more workstations and wheelchair access and feature Adaptive Technology software.

OSU students are eligible for free Microsoft products through OSU’s Microsoft Campus Agreement, discounted pricing on computer with Dell computers and Internet service at reduced rates through Chickasaw Telecommunications.

Additional information about the Information Technology Division at Oklahoma State University can be found on the Internet (http://it.okstate.edu).

Mathematics Learning Resource Center

The Mathematics Learning Resource Center (MLRC) is intended to be the hub of undergraduate mathematics instruction at OSU. The MLRC is located in the basement of South Murray Hall and is open to students on a walk-in basis. The MLRC consists of a 40-station networked microcomputer lab, a 10-station video lab, and a tutoring room. Instructional software and several programming languages are available, as is a library of video cassettes that contain lessons on almost all levels of mathematics courses through calculus and differential equations.

Undergraduate students majoring in mathematics are available in the Center to tutor students and to assist students in the use of the equipment.

Psychological Services Center

The Psychological Services Center was established in 1971 as a training, service and research facility at Oklahoma State University. It is operated by the Department of Psychology through the College of Arts and Sciences. It is located in 118 North Murray on the OSU campus. The building is accessible to the handicapped.

Services are provided to children, adolescents and adults and are available to residents of Stillwater and the surrounding community as well as OSU students, faculty and staff. The Center offers a variety of psychological services such as but not limited to: individual, group, family, and marital therapy; parent counseling and training; treatment of phobias and anxiety disorders; relaxation training; assertiveness training; stress management; depression; intellectual and personality assessment; assessment of attention deficit and learning disorders; and school consultation.

The Center’s staff includes doctoral and postdoctoral students in the clinical psychology training program, that is accredited by the American Psychological Association. The staff also includes supervising clinical psychologists from the Department of Psychology. Although the exact composition of the staff may change from year to year, the staff is generally composed of individuals from diverse ethnic and cultural backgrounds.

There is a graduated fee structure ranging from $10 to $80 per session, depending on one’s financial situation.

The Center is open from 8:00 a.m. until 9:00 p.m. Monday, Tuesday and Thursday. On Wednesday and Friday, it is open from 8:00 a.m. until 5:00 p.m. Appointments can be made by contacting the Center.

Special Facilities

Bartlett Center for the Studio Arts and the Gardiner Art Gallery

The Bartlett Center, formerly known as Gardiner Hall, was built in 1910 as a women’s residence hall and has since served as a classroom building for women’s physical education, speech, agriculture extension and the College of Business Administration. The building was originally named to recognize Maude Gardiner, founder of the University’s home economics program. Gardiner Hall was renamed the Bartlett Center in 1984, when Mr. and Mrs. F.M. "Pete" Bartlett made a generous gift to Oklahoma State University that was designated for renovation of the building then occupied by the Department of Art.

The Bartlett Center renovation has enhanced the capabilities for instruction in the visual arts at OSU. It has also provided an environment for activities that have brought regional and national recognition to the visual arts at OSU. The Department of Art has ten instruction studios, in the Bartlett Center including three computer laboratories, and a 100-seat auditorium for instruction in art history. This auditorium is equipped with state-of-the-art multimedia equipment. Additional studios for sculpture, ceramics, printmaking and 3D design are in new facilities located on the northwest corner of campus. These new facilities provide students with studio environments designed with health and safety as paramount.

Maude Gardiner continues to be recognized through the Gardiner Art Gallery, a significant part of the Bartlett Center serving both instructional and outreach needs of the Department of Art. The Gallery provides exhibitions of regional and national importance to OSU and the community. Exhibitions have included the work of Manuel Neri, Deborah Butterfield, Lucas Samaras, and traveling exhibitions such as “American Works on Paper: 100 years of American Art” and “Watercolor USA.” Faculty and student work is also exhibited on a regular basis.

Colvin Recreation Center

The newly expanded and renovated Colvin Recreation Center opened to the University community in July of 2004. This $23 million project has created a facility that truly provides OSU students with an incredible experience socially as well as physically. The new Colvin, with over 240,000 square feet of activity space, includes: 10 basketball-volleyball courts, a large multi-purpose court, over 30,000 sq. ft. of weight and fitness equipment, cardio-theater, indoor climbing wall, golf practice area including two golf simulators, four-lane jogging track indoor and outdoor swimming pools, 12 racquetball-handball courts, and five large multi-purpose activity rooms. The Center is generally open for student use from 6:00 am to midnight and is home to the Campus Recreation Department and all of its programs and activities.

Facilities are also available at Lake Carl Blackwell and Camp Redlands for a challenge course, sailing, water skiing, canoeing and crew. Reservation for socials, workshops and other retreats can be made for nominal rental rates in the lodge and cabins.

Oklahoma Museum of Higher Education-Old Central

Historic Old Central, dedicated June 15, 1894, was the first permanent building on campus. Classes began in the new "ultra-modern" structure September 12, 1894. Originally referred to as "The College," this building housed both academics and administration for six years. In 1900, the Department of Chemistry moved from the basement of the College to a new building; in 1906 administration moved into the new Morrill Hall.

The Friends of the Oklahoma Museum of Higher Education (OMHE) is a group composed of influential Oklahomans interested in raising funds to complete development of the museum. In 1994 the Oklahoma Higher Education Hall of Fame, created by the Friends, inducted the first members. The Hall of Fame
currently displays prominent educators, administrators and supporters from all areas of Oklahoma. Inductions occur annually in October from nominations made by alumni, colleagues, friends and family; nomination forms are available at the museum.

When fully developed, OMHE will represent all higher education institutions in Oklahoma. Current exhibits center on OAMC/OSU’s well documented history. One room contains an exhibit on Bacone College, at Muskogee, the oldest continuously operating school in the state (1880). Rotating exhibits feature selected educational institutions in Oklahoma.

Major structural restoration has been completed to present Old Central as it was in 1894. Interior photos published in the 1980s are being used as guides for re-creating five period rooms.

Tour groups, orientation classes and group use of Old Central can be arranged at the museum office, or by calling (405) 744-2828. (Classes are not charged and education-related groups are given preferential rates. OSU groups are not charged for use during regular museum hours; they are charged for usage for other times.) Museum hours are 9:00 a.m. to 5:00 p.m. Wednesday through Friday, (Tuesday’s by appointment), and 10:00 a.m. to 4:00 p.m. Saturday; closed Sunday, Monday, and state holidays. (Home football game day hours are adjusted according to game time.) Donations of $1.00 per adult and 50 cents per child are requested, but not mandatory; any amount helps keep the museum open. Larger donations are always appreciated; tax verification provided on request.

OSU Libraries

The OSU Library is a premier electronic library, with three branch libraries and a combined collection of over 2.4 million volumes, 23,800 serials, more than 4.5 million microforms and 420,000 maps and aerial photographs. Its primary mission is to serve as the "intellectual commons" of the University, providing high-quality resources, services, and gateways to information to meet the needs of OSU's diverse instructional, research and outreach programs. To fulfill this continuing role effectively, the Library strives to be flexible and responsive to the needs of its constituents, to emphasize cooperative arrangements with other libraries, and to maximize the application of state-of-the-art technology to facilitate speedier and ever wider access to needed information.

The OSU Library subscribes to more than 200 specialized databases to assist students, faculty and staff in their research. A growing number of these databases provide access to the full text of documents. Members of the OSU community can access dozens of these resources (including online, full-text journals with more than 22,000 titles), regardless of their location, from any computer with Internet access and a Web browser. Library users can submit interlibrary loan requests and book renewal requests electronically using forms on the Library's Web pages. Many users are taking advantage of the Library's Electronic Reserves to provide access to supplemental course materials. OSU students may check out laptop computers for two-hour periods. There are 100 laptops available. They are paid for by the Library and have the same software used in campus computer labs. The library building is also equipped for wireless Internet connections. Library laptops or personal laptops can access the network. The Library offers a variety of free training sessions throughout the year, including sessions on using the Library’s Online Catalog and other databases, searching the Web, creating Web pages, and using the student electronic mail system.

Government Documents. Many people consider the OSU Library's Documents Department to be the best Regional Depository for U.S. Government publications in the Southwest. Non-depository materials as well as publications of the state of Oklahoma, foreign governments, and international organizations are obtained to support fields of interest to OSU. The Documents Department has a growing collection of indices and data files issued by the United States and commercial companies. These files include the 1990 Census, the 1992 Economic Census and indices to congressional publications and international trade information. Whenever possible, the department provides Internet access to U.S. government information via the OSU Library's Internet site (www.library.okstate.edu).

M. B. Seretean Center for the Performing Arts

The M.B. Seretean Center for the Performing Arts provides a modern and well-equipped home for the departments of Music and Theatre. Constructed in 1970 at a cost of three million dollars and named in honor of its principal benefactor, M.B. "Bud" Seretean, a 1947 OSU graduate, the Center is the focal point of all major dramatic and musical events on the OSU campus. The center's 75,000 square feet include the 800-seat Concert Hall and the 600-seat Vivia Locke Theatre which attract a myriad of fine arts activities such as ballet, concerts, mime, opera, plays, faculty and student recitals, and a host of summer conventions.

In addition to the auditorium and theater, the Seretean Center houses teaching studios for music, a variety of classrooms, a specially-designed choral room, a rehearsal hall for band and orchestra, costume and scene shops, computer labs, and a well-equipped audio center, all designed to provide an excellent atmosphere in Oklahoma for the teaching of the fine arts.

Student Union

Dating back to 1815, college unions have always been thought of as "places where all may meet on common ground." The OSU Student Union certainly is no exception to this tradition as it has been serving the University community since 1950 and has become the place to be on the OSU campus. With a facility consisting of 611,652 square feet, it stands as the largest and most comprehensive union in the world. It provides the University with such services as the Bookstore, retail shops, banking services, a travel agency, a campus post office, restaurants, lounges, meeting rooms and an 81-room hotel.

The primary purpose of the OSU Student Union is to serve the members of the University community through an organization that provides necessary and convenient goods and services; offers educational, social, cultural and leadership programs; and fosters an atmosphere of open interaction and exchange among all students, faculty, staff, alumni and guests.

In the Student Union is a full Campus Life facility housing a computer lab and the University's more than 370 campus organizations. Many activities such as movies, late night events and speakers are provided for students by the Union's student programming organization, the Student Union Activities Board also located in the Union.

Through its meeting and conference center, the Student Union hosts many conferences throughout the year. The variety of meeting rooms located throughout the building are also available to OSU student organizations and faculty meetings, typically at no charge.

Although the OSU Student Union's annual budget exceeds $16.65 million, less than 10 percent of the total cost of operating the Union is funded from student fees. More than 85 percent of the Student Union budget is derived from self-generated sales of goods and services offered within the Union such
as the Bookstore and the Student Store. More information about the Student Union and its offerings, can be found on the Internet (http://osunet.okstate.edu).

Telecommunications Center
The Telecommunications Center is a visible commitment to the University’s desire to keep pace with the communications revolution. Educational Television Services (ETS) occupies the facility and is equipped with two independent, fully operational studios with a capacity of eight cameras. A third studio is a self-contained, instructor-controlled, classroom-style studio for videotaping courses and live two-way presentations via compressed video fiber optic lines. There are two off-line and one on-line editing suites and two remote camera units.

ETS has the ability to transmit or receive on either the C-band or Ku-band satellite format, including using a Ku-band satellite truck from remote locations. ETS produces over 1400 live and taped programs per year consisting of video teleconferences, educational programs, documentaries, OSU classes, video training tapes, and public service announcements for the University, state agencies and for state and federal grants.

ETS employs a full-time staff of 35 in the areas of production, engineering and art. Each of these areas is also staffed with students working to earn practical experience under the guidance of professionals. For those students who meet the prerequisites, who are conscientious and who are willing to work, there are three methods of entry into employment at ETS. One method is through an internship which allows the student to earn college credit. Another method is through part-time employment at ETS, usually reserved for those students who have completed an internship, and the third is through the University’s work-study program.

Seretean Wellness Center
The Seretean Wellness Center houses a 130-seat theater, demonstration kitchen and dining room, group exercise area, weight room, computer lab, a full-service wellness laboratory, and physical therapy clinic. Meeting rooms are available to recognized OSU student groups.

Campus Life
Kent Sampson, Director, Campus Life
Joe Ray, Coordinator, Allied Arts & Special Events
Stephen Haseley, Manager, Leadership Development
Marie Basler, Coordinator, Nontraditional Student Services
Kathleen Kennedy, Coordinator, Student Union Activities Board
Joyce Montgomery, Coordinator, Volunteer Center
Ival Gregory, Manager, Greek Life
Sharla McClendon, Coordinator, Greek Life
Tim Huff, Manager, International Students and Scholars
Regina Henry, Coordinator, Immigrations, ISS
Linda Dunbar, Coordinator, International Tax, ISS

The Department of Campus Life is in the forefront of co-curricular activities on campus. It is responsible for the facilitation and implementation of programming for students and student organizations at the University. Campus Life’s commitment is to provide an environment that encourages interaction among students, faculty, staff and the community at large through organizations to provide the best quality of services with integrity and respect for a diverse population.

Services provided by the Campus Life Center, 060 Student Union, include Student Union display case scheduling, insurance for OSU sponsored trips, a calendar of events, scheduling of Bennett Chapel, notary public, registering posters, fliers and signs, scheduling use of campus grounds, student organization records, motor pool requests, campus work orders for student groups, scholarship, and membership applications, and a resource center that offers a wide variety of brochures on various subjects.

Campus Life at OSU encompasses these administrative and programming areas:

Allied Arts
Allied Arts is the oldest university performing arts series in Oklahoma. The program has brought thousands of outstanding performances to Stillwater, as part of its mission to enrich university life and provide the university community with a broad range of professional-level musical, dance and theatrical events. Allied Arts performers are selected by a committee composed of students, faculty and staff, and each year six or seven performances are scheduled for the series. Students, faculty and staff can purchase a subscription for all events, or individual tickets to specific shows. For ticket information and schedule, contact the Allied Arts office.

Fraternity and Sorority Affairs
Oklahoma State University benefits from the presence of 18 North American Interfraternity Conference fraternities, eight National Panhellenic Council sororities, six National Panhellenic Council fraternities and sororities and two Multicultural Greek Council organizations, one fraternity and one sorority. The Greek experience stresses academic excellence, leadership growth, community involvement, professional development and athletic competition. Greek life has been a part of OSU since 1908. The system provides student leaders with the opportunity to participate in a wide variety of activities, including numerous philanthropies that Greek members support. The Office of Fraternity and Sorority Affairs, located in 050 Student Union, provides guidance and resources to all Greek organizations. The full-time staff consists of Greek alumni who have extensive background and knowledge of the Greek system.

Honor and Service Organizations
OSU offers opportunities for personal and professional development through many nationally-affiliated honor and service organizations. These organizations provide opportunities for
leadership and program development, new friendships and recognition of achievement. University-wide organizations include:

Blue Key (junior and senior honor society)
Golden Key (junior and senior honor society)
Iota Kappa (honor society for sophomores)
Mortar Board (junior and senior honor society)
National Society of Collegiate Scholars
Order of Omega (honor society for sorority and fraternity members)
Phi Eta Sigma (freshman and sophomore honor society)
Phi Kappa Phi (national honor society for seniors and graduate students)

(See college sections for organizations within each college.)

International Students and Scholars

The Office of International Students and Scholars (ISS) provides assistance to more than 2000 nonimmigrant students and scholars from 120 countries around the world. The goals of ISS are to assist international students and scholars with education on U.S. immigration regulations, orientation to the OSU environment, exposure to the University resources available, and familiarization with the campus and community.

ISS is responsible for advisement and support to students, faculty and staff on matters specifically related to international students and scholars. Additional international related services include employment and tax assistance, immigration consultation, liaison with embassies, consulates and sponsoring agencies, legal referrals, academic referrals, orientation programs, community involvement and logistical support for special and nonacademic short term programs.

ISS provides numerous services to newly admitted international students prior to and after their arrival in the U.S. Some of the services include pre-arrival information, ground transportation from the Oklahoma City airport to OSU, temporary housing, banking, orientation, enrollment assistance, employment clearances, and support as needed. ISS informs continuing students on events and immigration issues through its weekly ISS listserv and web page. ISS also provides various public presentations on internationally-related issues as needed.

ISS supports numerous events and activities that encourage American and international students, faculty and staff participation. ISS is located at 076 Student Union within the Department of Campus Life.

Lectures

Oklahoma State University, through its academic organizations and student groups, has a significant number of speakers each year, enriching the intellectual life on campus. Individuals, from both off-campus and on-campus, share their expertise with faculty, students, staff, and town’s people on a wide variety of topics.

Many of the academic units as well as student groups invite speakers to their meetings in order to enhance the educational component of the University. These lectures are generally of interest to specific academic areas, rather than to the general campus.

The Student Government Association, through its Speaker’s Board, brings major figures in politics, entertainment, and business to the campus. The Student Union Activities Board also has a speaker’s program related to topics of general student interest. Other student organizations conduct active lecture programs concerning their interest areas.

Allied Arts conducts lecture-demonstrations in conjunction with its classical arts performances. In this manner, students can gain additional knowledge of classical arts and artists.

Nontraditional Student Services

The primary goal is to assist nontraditional students, anyone with at least a two-year break in education, by providing support, information and referrals. The coordinator serves as a resource person for the entire campus community and seeks to raise the awareness of faculty, administrators and students with regard to the needs of this special group. All nontraditional students are encouraged to stop by the Campus Life Center, 060 Student Union to discuss their concerns or questions. The coordinator also advises students who have rent-related difficulties, such as landlord disputes, or who are looking for housing off-campus.

Campus Recreation

Campus Recreation programs are designed to provide equipment, space and professional assistance in helping University students, faculty, staff members and their families pursue individual recreation interests. Located in the Collin Recreation Center are facilities for activities including racquetball, basketball, volleyball, badminton, table tennis and strength and cardiovascular conditioning. In addition, areas for soccer, football, rugby, softball, archery, tennis, sailing, canoeing and hiking are made available for student and staff use.

FIT First Program. The staff of the Collin Recreation Center offers a variety of noncredit classes each semester to students, faculty and staff. Other instructional programs for adults include CPR, first aid, scuba, tennis, ballroom and swing, martial arts, tai chi, and yoga.

Intramural Sports. The vision of the intramural sports program is to improve the quality of life at OSU, and the mission is to develop students mentally and physically, provide quality programs and services, and to encourage all participants to value recreation. These programs are important for all students attending OSU because they provide an opportunity to meet new people, cultivate present relationships by participating with friends, and stimulate personal physical fitness through sports. Programs are available at differing skill levels, as well as opportunities to compete in specific divisions for men, women and co-recreational leagues. With over 50 activities to choose from, intramural sports offers something for every student.

Sport Clubs. The Campus Recreation program advises and helps organize the active sport clubs on campus, which are governed by the Sport Club Council. This Council develops sports club policies, sets priorities, and functions as the official representative for all sports clubs. The Campus Recreation program provides the adviser for this Council. Membership in all sports clubs is open to all students. If a group of students is interested in starting a sport club, the coordinator will assist them.

Active sports clubs are Crew, Cricket, Cycling, Karate, Lacrosse, Polo, Rugby, Sailing, Scuba, Soccer, Snow Skiing, Volleyball, Waterskiing, Weightlifting, Adaptive Sports and Wilderness Pursuits.

Outdoor Adventure. The goal of Outdoor Adventure is to provide opportunities for adventure, education and excitement. With a variety of local,
national and international trips as well as adventure and leadership workshops at all skill levels, opportunities are provided for enrichment for the whole community.

In addition to trips and workshops, an extensive low-and-high-elements challenge course is offered at Camp Redlands. A state-of-the-art indoor climbing facility is also available in the Colvin Recreation Center. To facilitate the trips program, as well as the University and local communities’ pursuits, the Outdoor Adventure Rental Shop in the Colvin Recreation Center provides access to everything from snow shoes to sleeping bags.

Whether it is sea kayaking in the Baja Peninsula, a day at the challenge course, or the annual climbing competition, the common elements in all programs are quality leadership and lots of fun.

The Adaptive Sports Program. The Adaptive Sports Program is designed for students with disabilities to their upper or lower extremities or confined to a power or manual wheelchair. The program offers various wheelchair-sporting events, such as wheelchair basketball, weight lifting, tennis, and track and field.

The Campus Recreation center offers diverse activities and programs for students and students with disabilities. The campus recreation center facility can mainstream students with disabilities into various activities including intramural sports programs, Outdoor Adventure programs, Sports Clubs and anaerobic and aerobic workout programs. A student with any disability can have fun with other students while exercising body and mind.

Religious Life

Campus religious centers, supported by state and national church bodies specifically to serve the University community, provide opportunity for worship in both traditional and contemporary services; religious education commensurate with higher learning for the development of the whole person; counseling that maintains a spiritual basis for the cohesion and meaning of life; and social activities which allow relationships and life views to deepen. The 18 religious centers have strategic locations close to campus and, in addition to their own ministry, coordinate many of their efforts with each other and the University administration through the Interfaith Council.

Residence Hall Student Organizations

Residence halls are popular places to live on the OSU campus. The housing and food service programs have a proud tradition of excellence recognized nationwide. Much of the success of the residence halls is the strong and vital student government system consisting of floor governments, councils for each hall or complex and the Residence Halls Association, which represents all halls on campus.

All residence halls on campus combine to form the Residence Halls Association (RHA). The Residence Halls Association acts as the voice of residential area students to the University administration concerning policies and regulations, and coordinates campus-wide activities for the enrichment of residential area living. Each hall has its own elected officers and constitution, and is a part of the RHA system of representative government. There are numerous opportunities for involvement in the halls, such as floor officer, social committees, food committees, and sports and athletic activities.

Service Learning Volunteer Center

The focus of the Volunteer Center is to provide each student with opportunities that reflect the student’s academic needs and personal interests. Working with local, state and national non-profit agencies, students at Oklahoma State University are provided with opportunities to grow and excel through meaningful hands-on involvement in service activities. The Volunteer Center assists students with the desire to become leaders in culturally diverse and challenging societal settings. Through recruitment, interviewing and training, the Volunteer Center staff identifies and places students in engaging and meaningful civic service while promoting academic and learning outcomes. Students are exposed to various issue ideas and community needs on a first-come, first serve basis through interviews with the Volunteer Center staff.

Civic engagement is broadly defined as activities which reinvigorate the public purposes and civic mission of higher education. Civic engagement activities within higher education include objectives such as developing civic skills, inspiring engaged citizenship, promoting civil society and building the commonwealth.

Since 1984 countless numbers of OSU students have served hundreds of non-profit agencies through dedicated and thorough service activities, building a reputation of civic responsibility within higher education and other communities in Oklahoma. Working together toward a common goal, these diverse students, by sharing their cultures, ideas and talents, have influenced communities worldwide.

Through information sessions and an annual service-learning fair, a traditional fall event, the Volunteer Center keeps students informed about upcoming events and needs in the local community.

With multiple service sites, located both on and off the OSU campus, students learn more about themselves, their new community in which they live and other communities as they become a valuable force. OSU’s Volunteer Center partners with a variety of programs that teach students, faculty and staff the importance of civic engagement. Those programs include: Campus Compact. A national coalition of 850 college and university presidents committed to the civic purposes of higher education. To support this civic mission, Campus Compact promotes community service that develops students’ citizenship skills and values, encourages partnerships between campuses and communities, and assists faculty who seek to integrate public and community engagement into their teaching and research.

Smart Start. An Oklahoma State Regents for Higher Education initiative to identify, recruit, train and place 3,600 mentors and tutors with Oklahoma children, youth and adults in existing school and community programs aimed at reducing educational failure and increasing chances for success. Service-Learning. OSU offers a number of courses that enrich students’ lives through service-learning. Through service-learning, students learn and develop through active participation in thoughtfully organized service experiences that meet actual community needs. Often the service learning is integrated into the students’ academic curriculum and enhances what is taught in school by extending student learning beyond the classroom and into the community.

Further information is available on the Internet (http://osunet.okstate.edu/volunteer).
Student Development Transcript

The Student Development Transcript (SDT) gives OSU students the opportunity to record their co-curricular activities in a format similar to an academic transcript. Involvement in all campus organizations and volunteer service may be included. The transcript can be used with applications for scholarships, honorary organizations and with resumes for job applications. Contact the Campus Life office at 060 Student Union for more information on this valuable tool, or on the Internet (http://campus.link.okstate.edu).

Student Union Activities Board

Through the Student Union Activities Board (SUAB), OSU is enriched by cultural and recreational activities. Students coordinate events that are as diverse in nature as the students at OSU, such as FallFest, Bedlam Bonfire Bash, SpringFest, administrative discussion panels, live entertainment, Freshman Follies, Cowboy Showcase, internationally recognized speakers, weekend movies, independent movies, Bingo, TK’s Casino, student art exhibits and slam poetry.

SUAB has six programming committees, a special promotions committee, and four executive chairs. It is one of the most active campus organizations at OSU. SUAB also hosts Union After Dark weekend line-up that is sure to entertain and provide great fun for all Cowboys.

Theater

Live theater productions are an important part of the cultural life of the campus. OSU Theatre produces six to eight plays each academic year from a wide variety of dramatic and musical theater literature. Two separate productions series are offered. Each year, four fully-mounted large-scale productions are presented in the 600-seat Vivia Locke Theatre. Four student-directed, designed and performed studio productions are presented in the 100-seat Gundersen Studio Theatre. Each production’s cast and crews are made up of theater majors and minors as well as nonmajors from across the campus. Auditions are open to all students on campus regardless of major.

Alumni Programs and Services

The OSU Alumni Association (OSUAA) serves as a connection between alumni and the University. Its mission is to provide services to its members and alumni, and to support the needs of Oklahoma State University, its students, faculty, staff and friends.

Membership is open to all graduates, current students, former students and friends of Oklahoma State University. Members may join through an annual membership fee or a one-time life membership fee.

The OSUAA is the orange connection to OSU and to an array of benefits enjoyed by members of the association, including college publications, the Spirit magazine, discounts from the on-line Alumni Store (www.orangeconnection.com), alumni events, hotel and car rentals.

Communication. The OSU Alumni Association communicates with its members in a variety of ways, including the Internet (www.orangecommunication.org) and via electronic mail. Alumni Association members receive the award-winning OSU Magazine and the Orange Connection.

Chapters. OSUAA has about 60 alumni chapters across Oklahoma, and additional chapters in such cities as Houston, Dallas, Atlanta, Austin, Washington, D.C., Chicago and Denver. Chapter activities include alumni networking, student scholarships, athletic event watch parties, and other programs that support OSU.

Homecoming. OSU’s award-winning Homecoming is one of the few homecoming celebrations in the country jointly coordinated by students and alumni. The OSUAA provides staff support to student committees selected each year. Homecoming includes a variety of events, including the Harvest Carnival for children; the popular WalkAround, where Homecoming decorations are viewed by thousands of spectators; a pep rally; a parade; and the crowning of Homecoming royalty at halftime of the football game.

OSU Legacy Program. The OSUAA is securing the future of OSU by communicating with legacies from birth to ensure their future at Oklahoma State through the OSUAA Legacy Program. Gifts and communications begin at birth and continue through the legacy’s enrollment at OSU.

Alumni Awards. The OSU Alumni Association administers and produces three award programs each year. The awards are the Alumni Hall of Fame, Distinguished Alumni and Distinguished International Seniors. The awards recognize personal and professional achievements and service to OSU and the Alumni Association.

Cowboys for Higher Education. The OSU Alumni Association provides alumni the opportunity to be advocates for OSU at the legislative level.

OSU Foundation

The Oklahoma State University Foundation is a 501(c)(3) not-for-profit corporation. Gifts to the Foundation are deductible under Section 170 of the Internal Revenue Code. Established in 1961, the Foundation encourages the commitment of personal and financial resources from the private sector toward the priority objectives established by the University, balancing the interest of the donor with the needs of the University and managing those resources efficiently and effectively.

The OSU Board of Regents, through a resolution passed in 1966, recommended that gifts or donations made for the benefit of Oklahoma State University be made to the OSU Foundation.

Although it is a separate and distinct legal entity from the Oklahoma State University System, the OSU Foundation maintains a close and cooperative working relationship with the University.
OSU-Oklahoma City

Jerry Carroll, President of Oklahoma State University-Oklahoma City

Larry Edwards, Vice-President for Academic Affairs

Jerry Brooks, Vice-President for Finance and Operations

Phillip Birdine, Vice-President for Student Services

Oklahoma State University-Oklahoma City (OSU-Oklahoma City) is a North Central Association accredited, state-assisted public two-year college serving one of the fastest growing metropolitan cities in the country. Located in the heart of Oklahoma City at the crossroads of Interstate 44 and Interstate 40, this campus enrolls approximately 5,500 full- and part-time students each semester. OSU-Oklahoma City has grown from a campus of one building with fewer than 100 students in 1961 to a campus that today consists of 110 acres, nine modern buildings, 227 faculty members, and a staff of 157 caring and committed people.

Offering 29 associate in applied science degree programs, seven associate of science programs, a variety of certificate programs, and developmental education courses, the Oklahoma City campus takes pride in its student-centered approach to collegiate education. Curriculum is designed in response to local employment needs and input from professionals who serve on OSU-Oklahoma City advisory committees. All energies are directed toward one goal—blending both academic and student support services to create a collegiate educational experience—that addresses the needs of the individual student. Degrees awarded at OSU-Oklahoma City are listed below.

Associate In Applied Science. The Associate in Applied Science degree signifies the completion of at least 60 semester credit hours of collegiate course work that will place the graduate on a career path. Oklahoma State University-Oklahoma City offers 29 Associate in Applied Science degree programs in five divisional areas.

Agriculture Technology
Horticulture Technology
Turfgrass Management
Veterinary Technology
Business Technology
Accounting
Business Technology
Computer Information Systems
Information Technology
Management
Supply Chain Management
Technical Communications
Engineering Technology
Applied Technology
Applied Trades
Architectural Technology
Civil/Surveying Technology
Construction Technology
Electronics Engineering Technology
General Engineering Technology
Industrial Drafting and Design Technology
Occupational and Environmental Safety
Power Transmission and Distribution Technology
Health Services
Health Technology
Nurse Science
Human Services
Crime Victim/Survivor Services
Early Care Education
Emergency Medical Services
Interpreter Training
Municipal Fire Protection
Police Science
Public Safety
Sign Language Interpretation
Cooperative Programs
Crime Victim/Survivor Services, with Northern Oklahoma College
Nurse Science, with Panhandle State University

Associate of Science. The Associate of Science degree is a program designed for transfer to an upper-division baccalaureate degree program. The Associate of Science degree is typically awarded to those who wish to major in subjects with heavy undergraduate requirements in mathematics and science, including, but not limited to, fields such as engineering and agriculture. It represents successful completion of a minimum of 60 credit hours, excluding any physical education courses. Oklahoma State University-Oklahoma City offers eight Associate of Science degree programs.

Agriculture Technology
Horticulture Technology
Arts and Sciences
Public Service
Business Technology
Health Care Administration
Engineering Technology
Fire Protection and Safety Technology

Human Services
Alcohol and Substance Abuse Counseling
American Sign Language
Police Science
General Education
Division of Arts and Sciences
English and Language Arts
Humanities
Life Science
Mathematics
Natural Sciences
Physical Sciences
Social Sciences

Philosophy. Oklahoma State University-Oklahoma City operates in the belief that each person should be treated with dignity and respect; afforded equal opportunity to acquire a complete educational experience; given an opportunity to discover and develop special aptitudes and insights; and provided an opportunity to be equipped for a fulfilling life and responsible citizenship in a world characterized by change.

The Mission. The mission of Oklahoma State University-Oklahoma City is to provide collegiate level career and transfer educational programs and supportive services, that will prepare individuals to live and work in an increasingly technological and global community.

Institutional Effectiveness. The Institutional Effectiveness effort provides for a long-term commitment to institutional change through assuring effective, ongoing institutional self-study processes. These efforts are an integral part of institutional decision-making system and the student learning and growth process. The purpose of the Institutional Effectiveness effort on campus is to ensure that systems are in place that: determine institutional effectiveness, are improvement oriented, maximize limited resources, provides meaningful and quality information to faculty, service providers and students to assist in decision making, provide an effective guide for future planning.

The process for determining institutional effectiveness is linked to the major functions of the mission—to provide collegiate-level career and transfer educational programs and supportive services, developmental education, continuing education, and access that will prepare individuals to live and work in an increasingly technological and global community. It is driven by a process of critical self-examination and is directly related to improving curriculum and the quality of teaching and learning within the institution. OSU-Oklahoma City’s plan calls for a continuous quality improvement process across the campus that engages faculty in thinking about
the purpose and mission of education; and ultimately develops a program that will assess and document student academic achievement.

Functions of OSU-Oklahoma City. OSU-Oklahoma City maintains an open-door policy that provides access to higher education for all eligible individuals, and treats all students fairly and equally and with no discrimination, regardless of social, economic or academic background. It provides learning opportunities for students to complete an Associate in Applied Science degree, an Associate of Science degree or Certificate Program primarily in technical education. It prepares students for upper-division academic study at a four-year college or university.

When appropriate, OSU-Oklahoma City participates in reciprocal and cooperative relationships with educational and various other types of institutions.

OSU-Oklahoma City provides students the opportunity to acquire the knowledge and skills that enable them to accomplish specified career or personal educational goals. It provides a developmental studies program to enable students to be successful at the college level. It provides a complete student services program, including academic advisement, career planning and placement, enrollment management, counseling services, campus judicial programs, admissions and records, minority student programs and services, veterans services, student activities, financial aid, assessment, student support services and child development services.

OSU-Oklahoma City conducts workshops, seminars and conferences to accommodate the needs of local business, industry and community groups on a noncredit basis. It engages in a broad campus-wide program of assessment and improvement, including regular and systematic review of program and funding sources, in order to conduct long- and short-range planning, and to provide and encourage faculty and staff development activities to meet stated goals and to improve efficiency and effectiveness.

OSU-Okmulgee

Robert Klabenes, Provost and President of Oklahoma State University-Okmulgee
Linda Avant, Executive Vice President, Academic Affairs
Ken Morris, Vice President, Business Affairs
Heather Hancock, Dean, Student Affairs and Enrollment Management

OSU-Okmulgee is a residential branch campus of OSU that focuses upon offering quality education in advancing technological and academic programs. Graduates earn the associate in applied science, associate in science or Bachelor of Technology degree.

OSU-Okmulgee’s core curriculum is as diverse and innovative as its student body. Individuals receive the comprehensive education required to prepare them as competitive members of a world-class workforce and to be contributing members of society.

OSU-Okmulgee’s college credit courses are unique in Oklahoma. The Okmulgee campus blends the best of emerging technologies, enhanced computer applications and general education to prepare students for rewarding careers in business and industry. Each program curriculum is carefully reviewed twice each year by a team of industry and business advisers to make certain course content and instructional aids remain relevant. Students enjoy the low faculty-student ratio, the emphasis upon hands-on learning, and industry-experienced faculty.

OSU-Okmulgee has established an extensive array of business and industry partnerships that enhance participating programs. Many national and international corporations have chosen to partner with OSU-Okmulgee. These partnerships support the college with scholarships, training aids and equipment. Students benefit by having greater access to sponsoring partners and employers at graduation.

Students in most programs of study also participate in internships, closely monitored, authentic work experience in a business or industry within their career choice. Most interns receive pay during their internship.

The combination of the college’s high quality educational programs, business and industry partnerships, the internship program, and modern and well-equipped instructional facilities, ensures OSU-Okmulgee graduates are highly marketable in a competitive job-seeking environment. Job placement for OSU-Okmulgee graduates is among the highest in Oklahoma. Graduates from many OSU-Okmulgee programs often have several job offers prior to graduation.

The college’s educational programs are divided into eight instructional divisions, each with several instructional programs. They include: transportation - automotive service, automotive collision repair, diesel and heavy equipment technologies; information technologies; construction technologies - air conditioning and refrigeration technology and construction technologies; engineering technologies - electrical-electronics technologies, instrumentation, civil, engineering graphics, watchmaking and manufacturing technologies; Arts and Sciences division; hospitality services - culinary; Health and Environmental Technologies division - orthotics and prosthetics, pedorthics; and registered nurse; and visual communications - graphic design, multimedia, and photography. Students enrolled in the associate in science degrees typically transfer to four-year colleges after first earning their associate degree at OSU-Okmulgee.

Students may also pursue the Bachelor of Technology degrees in civil engineering technology, information assurance and forensics, instrumentation engineering technology.

OSU-Okmulgee operates on a year-around, three-semester system. New semesters begin in late August, in early January and mid-April.

The college participates in both national and state financial aid programs. Deadline is March 1 for financial aid applications. Most scholarship deadlines also are March 1.

Oklahoma State University-Okmulgee is located at 1801 E. 4th Street, Okmulgee, Oklahoma 74447-3901. The toll-free phone number at OSU-Okmulgee is 1-800-722-4471. Information can also be found on the Internet (www.osu-okmulgee.edu). Visitors are always welcome.
OSU-Tulsa

Gary L. Trennepohl, President
Raja Basu, Vice-President for Academic Affairs

Oklahoma State University offers undergraduate and graduate courses at OSU-Tulsa. For undergraduate programs, lower-division courses (1000- and 2000-level) are available at Tulsa Community College. Upper-division courses (3000- and 4000-level) are offered at OSU-Tulsa. Both master and doctoral level graduate degrees are available.

Each student wishing to attend OSU-Tulsa must be admitted to the academic degree program of choice. All students must comply with admission procedures of OSU. Once admitted, regulations published in the OSU Catalog govern the student's pursuit and completion of the degree program.

OSU provides admission, enrollment, financial aid and academic advising services at OSU-Tulsa. Scholarships are also available from OSU-Tulsa. Students may enroll in classes in Tulsa or Stillwater and pay tuition at either location. The students' official academic records and transcripts are maintained by OSU at the Stillwater campus. Faculty are hired by OSU and the college offering the degree program. Upon completion of an academic program, OSU grants the degree. Students are responsible for making certain each course taken will apply toward the chosen degree or certificate program. Courses taken from other participating universities are treated as transfer credit courses. Transfer credit hours are applied to a student's degree program in accordance with regulations of OSU.

OSU-Tulsa is administered by a Board of Trustees and under the governing authority of the OSU Board of Regents. Classes are held at 700 N. Greenwood Ave., Tulsa, OK 74106-0700. Semester class schedules are published by OSU-Tulsa and distributed on the Stillwater campus through the OSU Office of Admissions and the Graduate College. For more information, contact the OSU-Tulsa campus at 918-594-8270 or visit the OSU-Tulsa Internet site (www.osu-tulsa.okstate.edu).
A resolution of the Board of Regents for Oklahoma State University to further clarify existing student regulations. Section 1, “Legal Obligation of the Student,” as it pertains to the disruption of the educational process, was adopted in the regular monthly meeting at Stillwater, Oklahoma, on July 11, 1970:

Be it resolved by the Board of Regents of Oklahoma State University:

I. That this statement known as "Emergency Disciplinary Procedure in Cases of Disruption to the University’s Educational Process" containing the following provisions be enacted:

A. Definition of Disruptive Conduct

Oklahoma State University has long honored the right of the individual to free discussion and expression, of peaceful demonstration, and of petition and peaceful assembly. That these rights are a part of the fabric of this institution and of the nation as stated in the Bill of Rights is not questioned. They must remain secure. It is equally clear, however, that in a community of learning, willful disruption of the educational process, destruction of property, and interference with the rights of other members of the community cannot be tolerated.

B. Responsibility of the Student

Any student, who willfully by use of violence, force, coercion, threat, intimidation or fear, obstructs, disrupts or attempts to obstruct or disrupt, the normal operations or functions of the University, or who orally or in writing advises, procures, or incites others to do so, shall be subject to dismissal from the University.

The following, while not intended to be exclusive, illustrates the offenses encompassed herein: occupation of any University building or part thereof with intent to deprive others of its use; blocking the entrance or exit of any University building or corridor or room therein; setting fire to or by any other means substantially damaging any University building or property, or the property of others on University premises; any possession or display of or attempt or threat to use or of use of firearms, explosives, other weapons or destructive means or devices, except as necessary for law enforcement, in any University building or on the University campus; prevention of the convening, continuation or orderly conduct of any University class or activity or of any lawful meeting or assembly in any University building or on the University campus; inciting or organizing attempts to prevent student attendance at classes; and, interfering with or blocking normal pedestrian or vehicular traffic on the University campus.

C. Responsibility of the President

When it appears that there is a violation of Section I-A or I-B, it shall be the duty of the president (and he or she is fully authorized to act) to take all steps which the president deems advisable to protect the assumed and designated interests of Oklahoma State University and to see that its rules, regulations and policies are enforced. The president shall ensure that any person or persons found guilty after proper hearing shall be disciplined in accordance with the existing Oklahoma State University student disciplinary regulations.

In carrying out these duties, the president may call upon any member of the University administration, or any member of the faculty, and the president may call upon any agency of the University created to deal with cases arising under Section A. Action by any state or federal court shall not preclude the University from exercising its disciplinary authority.

D. Responsibility of the Board of Regents

The Board of Regents recognizes that by the Constitution and Statutes it has the power to make such rules and regulations for the management of the University as it may deem necessary and expedient, not inconsistent with the Constitution and laws of the state. While the Regents fully appreciate their obligations in this respect, they further recognize that in dealing with those offenses against the University defined in Section A hereof, they must impose the duty and authority of enforcing the policies set forth herein in the principal executive officer of the University—the president. It will be the responsibility of the Board of Regents to furnish all possible assistance to the president when requested by the president.

II. Subject to the provisions of Sections I-A through I-D, it shall be the duty of the president to exercise full authority in the regulation of student conduct and in matters of student discipline. In the discharge of this duty, delegation of such authority may be made by the president to administrative or other officers of the institution, in such manner and to such extent as may by the president be deemed necessary and expedient; provided, that in the discharge of this duty it shall be the duty of the president to secure to every student the right of due process.

III. The text of this resolution shall be printed in the "Student Regulations" section of the Student Handbook of the University and in the University Catalog.

Student Rights and Responsibilities

By enrolling at OSU, students become members of an academic community in which self-discipline and respect for the rights and privileges of others is essential to the educational process. Therefore, students take on the responsibility to observe and help maintain standards of personal behavior that are a positive contribution to the academic community. OSU expects students to accept responsibility for compliance with all University policies and contracts (including financial obligations to the University), to show respect for lawful authority, to represent themselves truthfully and accurately at all times, and take responsibility for their actions, and actions of their guests. Students may be held accountable for the violations of local, state and federal laws on campus and for law violations that occur off campus that affect the University community or the University’s mission.
The University

The purpose of the document Student Rights and Responsibilities Governing Student Behavior is to inform the student body of the standards of behavior expected of students in the OSU community, the processes in place for enforcing the rules, and the University’s response to violations. The University makes this document available on the Internet (http://www.okstate.edu/ucs/srr.html). Additionally, printed copies are available in the offices of the Provost and Senior Vice President for Academic Affairs, Vice President for Student Services, Student Council Office, student academic services offices of each college, Residential Life Office in each building, and Campus Life.

University Police Services

Public Safety

Philosophy and Service

The Oklahoma State University Police Department is dedicated to enhancing the opportunity for students, faculty and staff to participate in the educational experience by providing a safe, protected and orderly environment. As a service organization, the department offers a full range of police resources, including area patrols, criminal investigations, crime prevention, facilities security analysis, event planning, and parking management and enforcement. In addition, members of the department serve on University and community committees, provide training and specialized presentations to campus organizations and living groups, participate in the design and installation of safety and traffic control devices, and act as special advisers to all campus departments and administration. The professional police men and women, full-time staff members, and part-time employees are all handpicked to meet the high standards and multidimensional mission of a public safety department.

The OSU Police Department was recently the recipient of Community Policing grants allowing for an increase of sworn officers to a total of 32. The department employs a number of part-time employees (student employees) to perform low-threat duties such as parking enforcement, entrance and motorist assists, and selected assignments dealing with traffic and crowd control. Through efficient management of resources and success in gaining grant funding, the department continues to provide highly trained officers with appropriate communications and police equipment.

Policies and procedures have been adopted that stress conservation of equipment and supplies. Grants from the Department of Justice and other sources have allowed the complete computerization of the records keeping, and data management functions, as well as the hiring of six additional police officers. A problem-solving grant has focused attention on larcenies and thefts on campus, and has resulted in better methods of securing and protecting individual property. Overall, the department has gained more than four hundred thousand dollars in grant support to provide the OSU community with better protection and police services. All officers are trained in the principles of Community Oriented Policing.

OSU Police and cadet officers provide a positive image to visitors and members of the campus community, whether it is providing directions, parking information, or just a friendly welcome. Officers represent the University as a group of caring and professional people, intent upon enhancing a friendly community atmosphere. Necessary enforcement includes using alternatives to arrest when reasonable, and full cooperation with administrative services and functions that have an impact on student conduct. Enforcement efforts are geared toward providing a safe community.

OSU Police participation in athletic and special event staging and planning ensures that all aspects of safety and security of participants are considered. OSU Police officers provide professional crowd control and traffic regulation before, during, and after such events. As first responders to emergency situations, OSU Police are often cited by citizens for decisiveness and professionalism.

Students and staff find the OSU Police willing to share statistics, insights, and experiences as a basis for class reports or vocational interest. OSU Police managers seek proactive means to avoid problems and situations, whether it is suggesting added security measures, providing insight on planned activities, or using investigative analysis to assign a deterrent force.

For the OSU Police, "service" is not just a word or a part of a catchy slogan, but a way of life. People programs, such as motorist assistance, money escorts, and emergency notifications are a part of the department's efforts to be involved in the community. OSU's emergency phone system was recently updated and expanded, and there are currently 46 emergency phones strategically located on campus. These phones, with immediate response from the police, have been in operation since 1979 and are still being copied by other universities. The department employs 16 cadet officers for largely parking enforcement, but campus organizations needing reliable and professional-appearing drivers often arrange to use members of the cadet corps.

Operating under a 1989 grant from the Oklahoma Highway Safety Office, the OSU Police launched the program Campus Community Alcohol Safety Effort (C-CASE), aimed at promoting seatbelt use and educating citizens, primarily students, about the effects and penalties of alcohol use and abuse. A second positive effect of the C-CASE effort was the strict enforcement of alcohol-related laws, that has shown dramatic results in getting the drunk driver off campus streets and consequently preventing alcohol-related accidents. This program continues with a combination of education and enforcement efforts.

Thousands of visitors, campers, fishermen, and sightseers visit Lake Carl Blackwell and surrounding recreational areas. OSU Police officers provide friendly and efficient police protection, including lake patrol and rescue operations on the water.

Overall, the OSU Police Department believes in providing proactive law enforcement and service to the University community.

Crime Awareness

Security, Prevention, Statistics, Intervention

Crime

It is an unfortunate fact that criminal incidents of all types occur on college campuses. Many campuses around the country investigate and make public the nature of crimes, the number, and how they are investigated. Oklahoma State University subscribes to that approach and further believes that the public should know how active the OSU Police are in crime prevention and detection.

The OSU Police sponsor a number of special programs for faculty, staff and students designed to provide information about campus security practices and procedures. During freshman
parents' orientation each summer and monthly new employee seminars, procedures, suggested practices, availability of pertinent information, and individual responsibilities are discussed. The OSU Police crime prevention staff provide additional safety and security programs as requested. (See also "Avoiding Victimization.")

The crime statistics for the past three years for OSU may be found on the Internet (www.osupd.okstate.edu)

Reporting Crimes
Crime victims, regardless how seemingly insignificant the crime, are encouraged to promptly report the incident to the OSU Police or the appropriate police agency. To report a crime, a victim or witness need only call the police phone number, 311 (non-emergency) and 911 for emergencies, and a police officer will meet the person to gather the information. An official report is made with copies available to the victim. Each day the incidents from the previous day, excluding names, are summarized and made available to the OSU president, key OSU staff, other law enforcement agencies, the media, and published on the Public Safety Internet page. Each month the number of incidents in each category of crime are counted and reported to the Oklahoma State Bureau of Investigation, who in turn provides the information to the Federal Bureau of Investigation. Each year, the FBI publishes a book of crime statistics called Crime in the United States, that includes accurate accounting of the criminal incidents that occurred on the OSU campus. OSU has reported crime statistics in this manner since the FBI began publishing campus crime statistics in 1971.

Students and others are encouraged to report crimes or incidents to persons on campus with significant counseling responsibilities. The OSU Public Safety Department has further developed procedures for collecting information on crimes and violations pertaining to liquor laws, drug-related violations, and weapons violations from such counseling personnel and persons referred for campus disciplinary actions on these offenses. Such violations are published along with other criminal statistics.

Should a student need assistance in reporting crimes or incidents on or off campus, university counselors or police will provide guidance, direction or assistance.

Crimes in Progress
To report a crime in progress, a person, victim or witness, can dial 911 or use one of the outside emergency telephones, or call one of the police phone numbers. Either reporting method will stimulate the response of police, fire, ambulance, or other first responders. In addition, the victim of serious crimes can request support personnel, such as ministers, rape crisis or domestic violence counseling, during or after reporting.

Additionally, crime victims may be eligible for funds through victim compensation laws administered by the Office of the District Attorney.

Actual Crime at OSU
When comparing crime at OSU to other institutions of similar size, OSU's crime statistics are among the lowest. While a part of the former Big Eight athletic conference, OSU boasted having fewer crimes than any of the other Big Eight universities. As members of the Big Twelve conference, OSU has been among the lowest in crime according to the UCR Part I crime statistics.

The crime and arrest statistics reported are those which occurred within the jurisdictional boundaries of campus. They do not include "off campus" organizations or "off campus" private housing; these are within the city's police jurisdiction. It is the responsibility of the Stillwater Police Department to monitor and record criminal activities at "off campus" organizations or "off campus" private housing. Crime statistics concerning these locations or areas are available at the Stillwater Police Department.

Crime Statistics
The OSU Public Safety Department collects and publishes crime statistics for the three most recent calendar years concerning the occurrence on campus, in or on non-campus buildings, or property and on public property adjacent to OSU, of the following offenses reported to the local police agencies or to the OSU Police: Criminal Homicide, Murder and Non-negligent Manslaughter, Negligent Manslaughter, Sex Offenses, Forcible Sex Offenses, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, and Arrests for liquor law violations, drug law violations, and illegal weapons possessions. Crime statistics are also reported by category of prejudice for any Hate Crimes reported.

All of these statistics are published on the OSU Public Safety Internet site (www.osupd.okstate.edu) and are also available in paper form. A paper copy can be obtained by calling the Public Safety Office or by writing to OSU Public Safety, 104 USDA Building, OSU, Stillwater, OK 74078 or by requesting a copy electronically at the above Internet site.

Future
Although it is believed that the low incidence of crime will continue, this report is not intended to give a false sense of security. Crime will occur, but prevention efforts can be effective in reducing the opportunities for criminal activity. Citizens play a key role in crime prevention efforts by being cautious, careful, alert to personal safety and protective of personal and University possessions. The crime prevention tips noted below should be followed.

Security and Access Control
It is OSU's policy to lock the doors of buildings that are not in use. However, when working or studying in buildings after normal working hours, it is suggested that individual offices be locked, based upon an assumption that unrestricted access to the building is possible. Some buildings on campus are rarely locked, at the department's request, since students study and work on projects all hours of the day and night. Again, individual offices should be locked by the user on a presumption that the building is accessible. Residence halls have open access between the hours of 6 a.m. to midnight, Sunday through Thursday, and 6 a.m. to 2 a.m. on Friday and Saturday. During non-open access hours, all residence hall doors are locked except the front desk entrance. Instances of propped open doors have occurred, and residents are encouraged to take security precautions in the halls and rooms. Individual rooms should be locked at all times for safety.

Crime Prevention
OSU has experienced success at reducing and preventing crime. Some of the more notable efforts are:
- Emergency telephone system
- Emergency 911 dialing
- 24-hour preventive patrols
- Campus foot patrol by uniformed officers
- Police officer bicycle patrol
- Burglar alarms in key areas
- 24-hour staff in Residence Halls
- Custodial staff in academic buildings after hours
The University

Crime prevention seminar presentations to groups
Crime prevention pamphlets for students and employees
Monitoring of some parking lots by surveillance cameras
Crime stopper telephone line - 744-TIPS (744-8477)

In addition to preventing crime, considerable effort is devoted to crime intervention. All reported crimes are investigated immediately. Follow-up investigation occurs to identify the offenders. Where multiple incidents occur, surveillance techniques are implemented to help apprehend violators. When caught, offenders are processed through the county court system and OSU when appropriate.

Police Protection
The OSU campus is protected by a campus police agency consisting of 32 sworn officers, 7 support persons, and 10 part-time persons. The agency is operated and available 24 hours a day, 365 days a year. Authority of the sworn officers is derived from state statutes; these allow for full police powers on OSU property. In addition by agreement with the City of Stillwater, campus police and city police enjoy an excellent working relationship. All campus police officers undergo an extensive selection process and meet state-mandated training requirements.

Community Policing
The department subscribes to the concepts of community policing. The officers have been practicing problem-solving concepts for years. The department now employs six officers through federal funding for community policing. A police officer bicycle patrol was established to provide an opportunity for the officers to have closer contact with students.

Avoiding Victimization
Tips for personal safety and property security:
Be cautious of strangers.
Avoid getting into vulnerable no-exit places.
Do not hesitate to call police when confronted by unknown persons.
Keep house or residence hall room locked.
At night, walk in groups of at least two.
Walk with confidence, and avoid walking near bushes and parked cars.
Become familiar with the location of emergency telephones.
When parking, remove valuables from plain view and lock the vehicle.
Engrave valuables with driver's license number and record serial numbers.
Make copies of credit cards and lists of other valuables carried on person.
Write name and ID number in several places in textbooks.
Lock bicycle in a bicycle rack.
Report all incidents and losses to police immediately.

When serious crimes occur on or off campus that are considered to be a threat to the campus community, that information will be provided to faculty, staff and students. The medium for this information dissemination will be the campus newspaper, faculty/staff newsletters, or in special instances, specific notices to on-campus residences. Such notices may be posted on residence hall entrance doors, in residents' mail boxes, or placed on electronic voice mail. In addition, the OSU Department of Public Safety maintains an Internet page (www.osupd.okstate.edu). This page allows access to the daily crime log, crime prevention tips, and links to other sites providing similar information pertinent to the OSU campus.

Persons may dial the campus phone number 744-6063 and have voice mail access to crime tip information, crime update, crime prevention tips, and parking information.

Alcoholic Beverages and Other Drugs
As set forth in local, state and federal laws, and the rules and regulations of the University, Oklahoma State University prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees in buildings, facilities, grounds, or other property owned and/or controlled by the University or as part of University activities.

Under OSU regulations, no low-point beer or other alcoholic beverage is allowed in OSU housing, including fraternities and sororities, except for married student housing, regardless of age. Furthermore, under the same regulations, the possession/consumption of low-point beer or alcohol by those of legal age (over 21) is allowed only in certain designated, non-public places on the OSU campus, properties and facilities. For further explanation, see the pamphlet "OSU Dangers of Drugs and Alcohol Abuse."

Drug and alcohol laws are vigorously enforced on the OSU campus. Violators are subject to criminal prosecution in the District Court of Payne County. The enforcement techniques range from plain view violation to long-term undercover investigations by local, state, or federal agents and agencies.

University Counseling Services and the Employee Assistance Program have counseling and rehabilitation programs for students and employees, respectively. Should these programs not meet an individual's needs, there are other programs in the community or nearby that may be better suited. A number of such programs are listed in the "OSU Dangers of Drugs and Alcohol Abuse" pamphlet.

Students should be aware that a student who has been convicted of any offense under any federal or state law involving the possession or sale of a controlled substance shall not be eligible to receive any grant, loan or work asssistance under this title during the period beginning on the date of such conviction and ending after the interval specified in the table below (the Conference Report on the Higher Education Amendments of 1998 [H.R. 6], September 25, 1998, Suspension of Financial Aid for Drug Convictions, Sec. 483. Student Eligibility).

If convicted of an offense involving the possession of a controlled substance, ineligibility period is:
First offense 1 year
Second offense 2 years
Third offense Indefinite

If convicted of an offense involving the sale of a controlled substance, ineligibility period is:
First offense 2 years
Second offense Indefinite

Sexual Assault
What To Do If Victimized
Oklahoma State University's prevention efforts in the area of sexual assault (including rape) involve the entire community. Many groups are involved in sexual assault prevention. These groups include the OSU Police Department, Residential Life, University Counseling, OSU faculty, Greek Life, University Conduct Office, OSU Student Health Center, OSU Mental Health, PanOK (students who are peer educators), and OSU staff personnel. They provide training programs, presentations, and workshops to any interested individuals or groups.

Program topics generally include stranger rape, date and acquaintance rape, rapist characteristics, rape trauma syndrome, and victim recovery. An
increasing number of presentations, explaining the male's role in sexual assaults, are directed to all male audiences, such as fraternities and athletic teams.

**Procedures to Follow**

A victim of sexual assault should follow certain procedures and consider several options. These procedures and options are clearly outlined in the rape avoidance seminars mentioned previously and "Rape Prevention" pamphlets made available to the OSU community. These educational programs and pamphlets also outline techniques and strategies that help people recognize and avoid sexual assault threats.

**Evidence.** Preserving evidence is of paramount importance after a sexual assault. Victims should be careful not to bathe, douche, wash clothing, or tamper with other potential evidence after a sexual assault. The first inclination may be to do one or more of these; however, the temptation should be resisted. Evidence is critical in a criminal prosecution.

**Contacting the Police Department.** When a sexual assault is reported to the OSU Police Department or to the Stillwater Police Department, an officer is dispatched. Determining the extent of physical and emotional trauma that the victim has suffered will be the officer's first concern. If the attack just occurred, the officer will want a brief review of the events, a description of the assailant, the direction of travel, and a description of the vehicle used by the assailant, if any. This information is necessary in order to apprehend the assailant as soon as possible. After the initial interview, the officer or whomever is designated by the victim, will assist in getting a complete change of clothes.

**Agreeing to have a Sexual Assault Examination.** An officer or designee will take the victim to the Student Health Clinic or the Stillwater Medical Center to be examined by a physician. A complete physical examination will be given as well as treatment for any injuries. A friend or relative may be permitted to accompany the victim. In addition, the victim may be examined for the purpose of obtaining evidence that would be needed in court. Appropriate antibiotic therapy can be given to decrease the chances of developing venereal disease. After the examination at the hospital, the officer may bring the victim back to the police headquarters or another location to complete the interview. Again, a counselor is encouraged to be present.

The victim of a rape is not responsible for legal expenses related to the criminal prosecution. The case is prosecuted by the Office of the District Attorney. The victim only has to contribute time. The Stillwater Medical Center can provide initial medical services for rape victims. The Crime Victims Compensation Board can provide payment for medical services and counseling, even if charges are not filed. The victim need only file an application with the Office of the District Attorney.

**Police Investigation.** Later, at police headquarters, the victim will be asked to be more specific about the events of the attack. A person of the victim's choosing may accompany the victim during this period. This questioning is done to help the investigation and to help arrange the events firmly in mind. The victim's comments will probably be tape recorded for future reference. This will make testifying in court much easier and less frightening. It will be handled considerately and courteously. Only the investigating officer will ask questions. Based on conversations with the officer, the victim can then decide whether or not to file charges. Threats or harassment of a rape victim after charges have been filed are rare. When finished at police headquarters, the victim can go to a place of their choice. OSU and Stillwater Police officers have been trained to deal with sexual assault victims. However, if the victim should feel uncomfortable speaking to a male officer, every effort will be made to notify a female officer, a female counselor, or a female volunteer.

A rape or sexual assault may be reported to the hall director, a university counselor, or health worker at the Student Health Center. Charges do not have to be filed against the attacker if a rape is reported. However, it is wise to give information to the police anyway. The information and suspect description may help locate a suspect in other offenses and possibly prevent another person from becoming the victim of a rape. The police will not know that there is a rapist on campus unless they are told. The police will not pressure the victim to file charges.

Victims of sexual assault can elect to have personal information eliminated from police reports.

**Support Services**

**University Conduct Office.** If the victim does not want the case to

   7.2 Residence Requirements
   7.3 College Enrollment Requirement
   7.4 Residence Waiver for Certain Premedical Students
   7.5 Minimum Hours for Graduation
   7.6 Grade-point Average for Graduation
   7.7 Payment of Graduation Fees
   7.8 Requirements for Honors Degree
   7.9 Diploma Application
   7.10 Presence at Commencement Exercises
   7.11 Graduation with Distinction
   7.12 Professional Education

In addition to these minimal regulations, additional college, department or program requirements may apply. Students are advised to review all steps of their academic progress with their academic adviser.

1. Admission—Withdrawal
1.1 Admission of Freshmen. Policies and procedures governing the admission of new freshmen are detailed in another section of the Catalog. (See "Admission" section.)

1.2 Admission of Transfer Students. Policies and procedures governing the admission of transfer students are detailed in another section of the Catalog. (See "Admission" section.)

1.3 Admission to Certain Professional Programs. Admission to certain programs as approved by the University may be restricted. (See "Admission" section and college sections in the Catalog.)

1.4 English Proficiency Requirement. As a condition of admission to undergraduate study at OSU, all persons for whom English is a second language shall be required to present evidence of English proficiency. (See "Admission" section of the Catalog.)

1.5 Satisfactory Academic Progress. Students not under academic suspension from the University are judged to be making satisfactory progress toward their educational objectives. They are eligible to enroll in any of the undergraduate colleges except as may be restricted. (See "Admission to Certain Professional Programs.")

1.6 Scholastic Requirements for Continuing Enrollment of a Student under Academic Probation in an Undergraduate College. For continued enrollment in an undergraduate program, a student must have earned a retention grade-point average as follows:

<table>
<thead>
<tr>
<th>Total retention/graduation hours attempted</th>
<th>Minimum retention/graduation grade-point average required</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 through 30</td>
<td>1.70</td>
</tr>
<tr>
<td>31 or more</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Students, (30 or fewer credit hours, as defined by OSRHE policy), with a retention/graduation GPA of 1.70 to less than 2.00 will be placed on academic notice. These students should remain in contact with their student academic service offices regarding special academic support services and procedures.

Any student not maintaining a retention/graduation GPA as indicated above will be placed on probation for one semester. At the end of that semester, he or she must have a semester GPA of 2.00, not to include activity or remedial courses, or meet the minimum standard required above, in order to continue as a student.

All courses in which a student has a recorded grade will be counted in the calculation of the grade-point average for retention purposes excluding any courses repeated or reenrolled, and excluding remedial courses and physical education activity courses. These calculations are made three times per year, to coincide with the conclusion of the fall and spring semesters, and the collective summer term. Grades submitted

A junior, with 90 or more hours in a specified degree program, who has failed to meet the retention grade-point average of 2.00 or the semester GPA of 2.00, may enroll, at the discretion of the institution, in an additional 15 semester hours in a further attempt to achieve the requirements for retention. Such students will be afforded this extension one time only.

Juniors must achieve a 2.00 GPA or above for each semester of course work comprising this one-time exception. To continue beyond the 15-hour exception, the junior must raise the retention/graduation GPA to 2.00. A part-time junior would be permitted to take up to 15 additional hours if the student achieves a minimum 2.00 GPA each semester.

A student enrolling on probation should seek help from an academic advisor and a counselor in the University Counseling Services when deciding on an academic load and extracurricular activities. A student whose poor grades may have been caused by health problems should seek the help of a physician.

### 1.7 Academic Suspension

A student on probation will be suspended when he or she earns a semester GPA of less than a 2.00 in regularly-graded course work not including activity or remedial courses, and the retention grade-point average for all hours attempted falls below the following:

<table>
<thead>
<tr>
<th>Total retention/graduation hours attempted</th>
<th>Minimum retention/graduation grade-point average required</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 through 30</td>
<td>1.70</td>
</tr>
<tr>
<td>31 or more</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Students, (30 or fewer credit hours, as defined by OSRHE policy), with a retention/graduation GPA of 1.70 to less than 2.00 will be placed on academic notice. These students should remain in contact with their student academic service offices regarding special academic support services and procedures.

All courses in which a student has a recorded grade will be counted in the calculation of the grade-point average for retention purposes excluding any courses repeated or reprinted and excluding remedial courses and physical education activity courses. These calculations are made three times per year, to coincide with the conclusion of the fall and spring semesters, and the collective summer term. Grades submitted after these calculations are carried forward to the next calculation. (See also “Grade-point Average Calculating” and “Academic Forgiveness.”)

A junior, with 90 or more hours in a specified degree program, who has failed to meet the retention grade-point average of 2.00 or the semester GPA of 2.00, may enroll, at the discretion of the institution, in an additional 15 semester hours in a further attempt to achieve the requirements for retention. Such students will be afforded this extension one time only.

Juniors must achieve a 2.00 GPA or above for each semester of course work comprising this one-time exception. To continue beyond the 15-hour exception, the junior must raise the retention/graduation GPA to 2.00. A part-time junior would be permitted to take up to 15 additional hours if the student achieves a minimum 2.00 GPA each semester.

### 1.8 Reinstatement after Academic Suspension

A student who has been suspended from the University for academic reasons may not be readmitted until one regular semester (fall or spring) has elapsed (unless the faculty appeals committee grants immediate reinstatement). Students who wish to appeal suspension status should inquire about procedures and deadlines from the Office of the Executive Vice President.

Readmission after one regular semester has elapsed will be considered on the merits of the individual case. Suspended students can be readmitted only one time. If a student is suspended a second time, he or she must attend another institution and raise the retention/graduation GPA before readmission to OSU can be considered.

Beginning with the Spring and Summer semesters of 1998, a student suspended from OSU at the end of the spring semester may continue in the summer semester at OSU if this spring suspension was the student’s first suspension. The student must complete a minimum of six hours and must achieve a 2.00 summer semester GPA, or raise the retention/graduation GPA to the OSRHE standard, in order to continue in the subsequent fall semester. The student should contact his or her dean’s office for additional information and restrictions. (See also “Academic Suspension.”)

### 1.9 Readmission

A student who has attended OSU but was not enrolled during the immediate past semester (except the summer session) must submit an updated Application for Admission and current application fee. A student who has enrolled in another college or university since last attending OSU, must submit a transcript from each school. Admission status will be determined after an evaluation of the previous work has been made.

### 1.10 Withdrawing from the University

Withdrawing refers to withdrawing from all courses for which a student is enrolled for a given semester, and therefore the student is no longer enrolled. The withdrawal process is initiated in the student’s dean’s office.

Beginning with the Fall 1998 semester a student who withdraws prior to the end of the 12th week of a regular semester or the sixth week of a summer session, or proportionate periods for block or short courses, will receive a grade of "W" (withdrawn) on the student’s academic record. A student who withdraws after the 12th week of a regular semester or the sixth week of a summer session but prior to "Pre-finals Week," will receive a grade of "W" (withdrawn) or "F" (failing) as assigned by the instructor of each course. The grade of "W" or "F" will be recorded on the student’s academic record and the grade of "F" will be calculated in the grade-point average.

After the beginning of "Pre-finals Week" a student may not withdraw from the University and will be assigned only the grade of "A," "B," "C," "D," or "F" or (when appropriate) "I," "NP," "P," "S," "U," or "R" by the instructor of each course at the end of the semester or summer session.

International students need to consult with International Students and Scholars (ISS) before dropping courses or withdrawing for the semester. Under new reporting regulations required by the Student and Exchange Visitor Information System (SEVIS), dropping below full-time can put a student’s visa status in jeopardy.

### 2. Student Status

#### 2.1 Classification of Students

Undergraduate classification is determined by the criteria below:

- **Freshman** fewer than 28 semester credit hours passed
- **Sophomore** 28 to 59 semester credit hours passed
- **Junior** 60 to 93 semester credit hours passed
- **Senior** 94 or more semester credit hours passed

These hours are calculated on graduation/retention hours earned.

#### 2.2 Full-time Students

Regular semesters: undergraduate students who are enrolled in 12 or more semester credit hours are classified as "full-time" students. Graduate students enrolled in nine or more semester credit hours are classified as "full-time." Summer session: undergraduate students who are enrolled in six or more semester credit hours, or graduate students who are
enrolled in four or more semester credit hours, are classified as "full-time." Credit hours enrolled in through correspondence study are not counted toward full-time status, unless the course is independent study taken through regular enrollment.

Students engaged in an internship or cooperative education program assignment that requires full-time work on the assignment are regarded as full-time students when they are enrolled in the number of credit hours deemed appropriate for the academic credit they receive for the assignment.

A student holding a 0.50 FTE graduate assistant appointment, and enrolled in a minimum of six hours during the fall or spring semester, and three hours during the summer semester will be certified as a full-time graduate student. Any FTE appointment less than 0.50 requires nine hours of enrollment for the fall or spring semester, and four hours of enrollment for the summer semester in order for the student to be classified as a full-time student. There is no reduction in credit hour requirements in the final semester of enrollment for graduate assistants.

A student enrolled for the final semester of a bachelor's degree program may be classified as a full-time student if enrolled in fewer than 12 hours during that semester.

2.3 Part-time Students. Students who are enrolled but not meeting the definition of full-time students are classified as "part-time." Undergraduate students are classified as "half-time" if they are enrolled in six hours in a regular semester (or three hours in a summer session). Graduate students are classified as "half-time" if they are enrolled in four hours in a regular semester (or two hours in a summer session).

2.4 Special Students. A student who does not have immediate plans to enter a degree program but wants to take courses, may be classified as a "special student." A student on an F-1 visa may not enroll as a special student since he or she must be admitted to a degree program.

3. Requirements

3.1 Date of Matriculation. Matriculation occurs when a student first enrolls in an accredited institution of higher education. That date will be used in calculating the time limit for the use of a given plan of study.

3.2 Changes in Degree Requirements. When a student first enrolls at OSU, the degree requirements are made available. Although the curriculum may be revised before a student graduates, a student who makes normal progress toward graduation (completing a four-year degree in not more than six years) will be held responsible for the degree requirements in effect at the time of matriculation, and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation. A student has the option of adopting the new requirements that have been established since matriculation.

3.3 Honors Programs. (See "Honors Programs" in the Catalog.)

3.4 General Education Requirements. Although the University has a general education program, each college determines and publishes the general education requirements for its degree programs. College requirements may exceed the minima for general education established by the University, which are 48 semester credit hours (exclusive of physical education activity courses by OSRHE policy):

a. six semester credit hours of English composition;

b. three semester credit hours of American history (HIST 1103 or equivalent), and three semester credit hours of American government (POLS 1113);

c. at least six semester credit hours in each of the approved general education designated areas of Analytical and Quantitative Thought, Humanities, Natural Sciences, and Social and Behavioral Sciences (at least one course in each of these four areas must come from the approved general education lower-division course list, and at least three hours of each must be general education MATH course); and

d. at least one course designated as International Dimension and one course in Scientific Investigation.

Substitution of general education courses is allowed when background for the major demands greater depth in an area in which a general education requirement is stated. Only in the Analytical and Quantitative Thought (A) and Natural Sciences (N) areas is substitution of the more advanced lower-division course permitted. Such a substitution requires the recommendation of the student's academic adviser and dean and the approval of the Office of the Provost and Senior Vice-President.

Courses used to fulfill general education requirements are identified by code letters that appear preceding the course titles listed in the back of the Catalog and in the class schedule book. The code letters designate the general education category for which the course may be used:

A Analytical and Quantitative Thought
H Humanities
I International Dimension
L Scientific Investigation
N Natural Sciences
S Social and Behavioral Sciences

General Education courses are also identified in the Student Information System (SIS) and on the Internet site, maintained by the Office of Academic Affairs.

In 1998 the Oklahoma State Regents for Higher Education enacted requirements for computer science proficiency prior to graduation. This requirement could be met by:

a. successfully completing a high school computer science course that meets State Regent's high school curricular requirements;

b. satisfying an institution's computer proficiency assessment; or

c. successfully completing college-level course work that the institution designates.

The method by which a student demonstrates computer science proficiency at OSU varies by major. This requirement does not increase the number of courses required to earn a degree. The use of computers is an integral part of every degree program, hence a student demonstrates proficiency by satisfactorily completing degree requirements.

3.5 English Composition Requirement. The University requires a minimum of six semester credit hours in English composition for a baccalaureate degree. The required sequence of courses is ENGL 1113 and ENGL 1213. For those who qualify, ENGL 1013 or 1313 may be substituted for ENGL 1113. Students who earn an "A" or "B" in ENGL 1113 (or ENGL 1013 or 1313) or who earn three semester credit hours in English composition through credit by exam, and who have the consent of their college, may substitute ENGL 3323 for ENGL 1213. Students who qualify may substitute ENGL 1033 or 1413 for ENGL 1213. A third course may be required by the student's college to satisfy either an additional composition or oral communication requirement.

3.6 English Proficiency Examination. Effective October, 1993, the English Proficiency Examination was waived for students who matriculated Fall 1988 through Spring 1994.

3.7 Substitution of Required Courses. In meeting degree requirements a lower-division course may not be substituted for an upper-division course requirement. Substitution policy is governed by the individual colleges.
3.8 Waiving of Required Courses. A maximum of six semester credit hours may be waived. Required courses in English, American history and American government cannot be waived, and the total number of semester credit hours required for the degree cannot be reduced. Waiver requests must be signed by the student's advisor, the head of the student's major department, and the dean of the college.

3.9 Changing Majors. Students are advised to select a specific major no later than the end of the sophomore year. Students on probation, or not making satisfactory progress toward a degree, may change majors only with the approval of the dean of the college in which they wish to pursue a different degree.

3.10 Deadline for Completion of Requirements. Degrees are conferred only on specific commencement dates. If a student completes requirements for a degree after a commencement date, the degree will be granted at the next scheduled commencement after the student files a diploma application. (See “Diploma Application.”) The student may request a certified statement of completion of graduation requirements at the Office of the Registrar.

3.11 Second Baccalaureate Degree. A student who receives a baccalaureate degree from OSU may use all applicable courses toward a second baccalaureate degree. A minimum of 30 semester credit hours of additional work, including all requirements of the second baccalaureate degree, is required. The Bachelor of University Studies degree has separate requirements.

3.12 Final Exam Week. Final examinations are scheduled at the end of each semester and are preceded by pre-finals week, which begins seven days prior to the first day of finals. During pre-finals week, all normal class activities will continue; however, no assignment, test, or examination accounting for more than five percent of the course grade may be given; and no activity or field trip may be scheduled that conflicts with another class. This excludes makeup and laboratory examinations, out-of-class assignments or projects made prior to pre-finals week, and independent study courses. No student or campus organization may hold meetings, banquets, receptions, or may sponsor or participate in any activity, program, or related function that requires student participation. Additional information may be obtained from the student services office of each college or the Office of Academic Affairs.

3.13 Final Exam Overload. In the event that a student has three or more final exams scheduled for a single day, that student is entitled to arrange with the faculty member instructing the highest numbered course (4-digit course number) to reschedule that examination at a time of mutual convenience during final exam week. (Common final exams are not among those to be rescheduled.) The affected student should submit this request in writing two weeks prior to the beginning of final exam week. In seeking to provide the relief to the student, the faculty member may request that the student provide a copy of his or her schedule to confirm the difficulty. The faculty member has one week prior to the beginning of final exam week to arrange a mutually convenient time for administration of the final exam, after which the student may take the request to the Office of the Executive Vice President. This policy took effect Spring 2001.

3.14 Double Majors and Minors. A double major can be earned by satisfying the field of concentration requirements for the second major and any additional requirements that the department may require. If the general education courses are met from one college, they do not need to be met for the second major if it is in another college. Whether additional hours are required generally depends upon the number of electives allowed by the first major and the degree of overlap between courses in the two fields of concentration.

Minors are available for several departments. A student should check with the department to find out what the requirements are to obtain a minor in that area.

If a student majoring in one field also completes the specified requirements for a major or minor in other fields, the additional major or minor may be noted on the student’s transcript upon completion of degree requirements. This is the only place that it is noted that a student completed either a minor or a double major. The student should contact the Office of Student Academic Services of the college in which the student is enrolled concerning procedures to have the additional major or minor recorded.

4. Credits

4.1 Residence Credit. Residence credit is awarded for work taken on campus (not through correspondence or credit earned by examination) or at a location officially designated as a residence center by the governing board of the institution (e.g., in-state military bases and OSU courses at OSU-Tulsa.)

4.2 Courses offered through Outreach and Correspondence. Academic credit is awarded for courses offered through the outreach offices of the six colleges, by the Independent Study Center of OSU, or by transfer of work certified as extension or correspondence credit by another fully accredited institution.

Extension Credit. OSU will accept, toward a degree, a maximum of eight semester credit hours earned through extension at another institution if that institution is fully accredited.

Correspondence Credit. OSU will accept, toward a degree, a maximum of eight semester credit hours earned through correspondence at another institution if that institution is fully accredited. Credits earned through correspondence cannot exceed one-fourth of the credits required for a baccalaureate degree. (See also “Full-time Status.”)

4.3 Transfer Credit from Other Accredited Four-year Institutions. Except as excluded in the section on “Transfer of Credits from Junior Colleges” and “Residence Requirements,” credits transferred from accredited senior colleges will apply toward baccalaureate degrees in the same way that they would apply had they been earned in residence at OSU. Students may not use transfer credits to satisfy more than one-half the major course requirements for a department unless they have the approval of the head of that department and the academic dean.

4.4 Transfer Credit from Junior Colleges. Credits will be accepted by transfer from a junior college to meet lower-division (i.e., 1000- and 2000-level courses) requirements only. A minimum of 60 semester credit hours must be earned at a senior college. Within these guidelines, transfer credits are subject to the individual colleges’ degree requirements.

4.5 Transfer Credit from International Colleges and Universities. Credit is accepted based on equivalent standards as outlined in Academic Regulations 4.3 and 4.4. Credit is accepted on a pass-no pass basis. U.S. grade equivalents of “A,” “B” and “C” are posted with a grade of “P” and grade equivalents “D” and “F” are posted with a grade of “NP.”

4.6 Credit by Exam. The academic regulations listed below apply to the following examinations: Advanced Placement Program (AP), International Baccalaureate Program (IB), College Level Examination Program (CLEP), and OSU Advanced Standing Examinations.

a. credit earned by examination will not be placed on a student’s transcript unless he or she is currently enrolled and has successfully completed 12 or
more semester credit hours of academic work at OSU;

b. credit will be recorded with a neutral grade of "P" (Pass) if the student earns the equivalent of a "C" or better on the examination. No grade is recorded if the student fails the exam;

c. credit earned by examination does not count toward the minimum of 30 hours that must be earned in residence (see "Residence Requirements");

d. a native speaker of a foreign language (one whose high-school level instruction was conducted principally in that language) cannot earn credit toward graduation in lower-division (1000-2000 level) courses in that language (see "Foreign Language Credit for Native Speakers");

OSU Advanced Standing Examinations may be offered by academic departments on campus in subject areas not offered through the examination programs listed above. Any currently enrolled student whose travel, employment, extensive readings or educational experience appear to have given the student proficiency in a subject that is offered at OSU, equivalent to the proficiency ordinarily expected of those students who take the subject in a regular class, may apply for an examination on the subject.

In addition to the regulations listed above, to qualify for an OSU Advanced Standing Examination the student must:

e. be enrolled at OSU;

f. not have taken an Advanced Standing exam over the course within the preceding six months;

g. receive the approval of the head of the department and the associate dean in which the course is offered;

h. present a valid student I.D. at the examination.

Information and application forms pertaining to OSU Advanced Standing Examinations may be obtained from the Office of Undergraduate Admissions.

Military Credit. OSU awards credit as recommended by the American Council on Education (ACE), as published in "The Guide to the Evaluation of Military Experiences in the Armed Services," for selected educational experiences provided by the armed forces. OSU also accepts credit earned through the DANTES Subject Standardized tests for active military personnel.

Students who wish to establish credit for military training should submit a copy of their DD214, Armed Forces of the United States Report of Transfer or Discharge, or their DD295, Application for the Evaluation of Educational Experiences During Military Service, to the Office of Undergraduate Admissions. Course Completion Certificates may be used to supplement other records or when service schools are not reflected on the DD214 or 295.

An official AARTS Transcript (Army/ACE Registry Transcript Service) is available to Army enlisted, active duty personnel, and veterans who entered the service after October 1, 1981. An official SMART transcript (Sailor/Marine ACE Registry Transcript) is available to active duty and reserve Sailors and Marines, Navy veterans who separated or retired after January 1975, and Marines who separated or retired on or after June 1999.

Training Programs. OSU awards credit as recommended by the American Council on Education (ACE) in the "National Guide to Educational Credit for Training Programs." Students may present certificates of completion or a transcript from the ACE Registry of Credit Recommendations to the Office of Undergraduate Admissions for evaluation. OSU also awards credit based on the recommendation of the Board of Regents of the University of the State of New York in the "Director of the National Program on Non-collegiate Sponsored Instruction."

4.7 Validation Examination Credit. Effective Spring semester 2003, this option was no longer provided. (See 4.6 above.)

4.8 Graduate Credit Hours for a Senior. A senior who is graduating from OSU at the end of a semester or summer session may take a limited number of courses for graduate credit during the last two semesters or summer sessions. The written request to receive graduate credit must be made before the end of the second week of class instruction of a regular semester or the first week of a regular summer session. Such credit may be earned under the following conditions:

a. the student must meet the same admission requirements and be subject to the same possible probationary or provisional restrictions as students admitted in graduate status. The student must achieve an overall 3.00 grade-point average in all courses and make no less than a "B" in those courses for which he or she wants graduate credit;

b. the credits must not be required or needed for the baccalaureate degree;

c. the total registration must not exceed 18 credit hours for a semester or nine credit hours for a summer session;

d. the student must either complete the requirements for the baccalaureate degree at the end of the semester or summer session or be within 12 semester credit hours of completing such requirements at the beginning of the semester or summer session in which graduate credit is requested;

e. admission to courses taken for graduate credit must have the approval of the course instructor, the head of the department in which the courses are offered and the dean of the Graduate College;

f. not more than 15 semester credit hours taken while a senior may be approved for graduate credit, and a minimum of 15 semester credit hours must be completed in residence after the student registers in the Graduate College. Courses taken for graduate credit during the senior year may not be accepted for graduate credit at institutions other than OSU;

g. the use to be made of the graduate courses will be determined by the adviser when the student registers in the Graduate College and submits a plan of study for an advanced degree.

4.9 Semester Credit Hour. A semester credit hour is equivalent to (a) 16 50-minute class sessions (including examinations) conducted under the guidance of a qualified instructor plus 32 hours of preparation time, or (b) 16 3-hour laboratory sessions, or (c) 16 2-hour laboratory sessions plus 16 hours of preparation time. These same equivalencies apply to outreach courses, short courses and other learning formats for which academic credit is awarded.

4.10 Foreign Language Credit for Native Speakers. A native speaker of a foreign language cannot enroll in or earn credit toward graduation in lower-division (1000-2000-level) courses in that language. A native speaker of a foreign language is defined as a person whose high-school level instruction was conducted principally in that language.

Native speakers may occasionally have valid reasons for establishing credit in a lower-division course. Requests for such consideration should be directed to the dean of the student’s college for recommendation to the head of the Department of Foreign Languages and Literatures.

5. Enrollment

5.1 Course Numbering System. All courses are identified by numbers composed of four digits. The first digit indicates the class year in which the subject is ordinarily taken, although enrollment is not exclusive to student classification; the second and third digits identify the course within the field; and the last digit indicates the number of semester
credit hours the course carries. For example, a course numbered 1123 should be interpreted as a freshman, or beginning, level course carrying three hours of credit. A course number beginning with zero indicates that the course does not carry University credit. A course number ending in zero indicates that the course carries variable credit.

5.2 Maximum Semester Credit Hour Load. Excessive hours will be limited to the number of semester credit hours 50 percent greater than the number of weeks in the applicable academic semester or summer session.

5.3 Adding Courses. The sixth class day of a regular semester or the third class day of a summer session is the last day a course may be added (nonrestrictive). A short course may be added no later than the first day of the short course. With instructor and academic adviser approval, a course may be added during the second week of classes (seventh through 10th class days) of a regular semester or the fourth or fifth class day of a summer session (restrictive).

5.4 Dropping Courses. Dropping refers to the dropping of one or more courses while remaining enrolled in at least one other OSU course for a given semester. Courses may not be dropped without the approval of the student’s academic adviser.

Beginning with the Fall 2002 semester, at anytime through the sixth day of a regular semester or through the third day of the eight-week summer session, or during the proportionate period for block or short courses, a student may drop a course, and no record of the course will appear on the student’s academic record.

Beginning with the Fall 1998 semester, after the deadline for dropping with no record, but prior to the end of the 12th week of a regular semester or the sixth week of a summer session, or proportionate periods for block or short courses, a student may drop a course and the grade of "W" (dropped) will be recorded on the student’s academic record.

After the 12th week of a regular semester, or the sixth week of a summer session, or proportionate periods for block or short courses, a student may not drop a course and will be assigned only the grade of "A," "B," "C," "D," or "F," or (when appropriate) "I," "NP," "P," "S," "U," or "R" by the instructor at the end of the semester. (Exceptions to this policy may be allowed by petition due to verifiable extraordinary circumstances. A petition requires the signatures of the student’s instructor, adviser and dean with the grade of "W" or "F" assigned by the instructor.)

A student may not drop any course in which a formal charge of academic dishonesty is pending against the student. If the student is absolved of the formal charge, he or she may drop the course with either a "W" or "F" (according to the drop grade policy), appearing on the academic record. If the student is found guilty, the instructor may take appropriate disciplinary action, including assigning the grade "F" for the assignment or the course.

International students need to consult with International Students and Scholars (ISS) before dropping courses or withdrawing for the semester. Under new reporting regulations required by the Student and Exchange Visitor Information System (SEVIS), dropping below full-time can put a student’s visa status in jeopardy.

5.5 Concurrent Enrollment. A student who desires to earn credits concurrently at another institution or through correspondence, or DANTES (Defense Activity for Non-traditional Education Support) examinations while enrolled for residence credit at OSU, must secure approval in advance from his or her dean if he or she expects this institution to accept those credits. Armed Forces personnel will be granted 60 days from the date of their first enrollment to establish, through DANTES examinations, advanced standing in subject matter that they mastered while in the Armed Forces.

5.6 Prerequisites to Upper-division and Graduate-division Courses. When no prerequisites are listed for courses numbered 3000 or 4000, it is understood that the prerequisite is approval of the student’s adviser. The prerequisite for courses at the 5000 or 6000 level is graduate standing in addition to any other prerequisites listed. Instructors may waive prerequisites when the student’s background justifies this action. Prior approval of the instructor may be required in problems courses, independent study, internships, thesis and dissertation courses, and courses taught in a professional school.

5.7 Class Enrollment Maxima. The maximum number of students permitted to be enrolled in each section of a course is determined by the department head and can be increased or decreased only by the department head or dean.

5.8 Priority Enrollment. Currently enrolled/continuing students register for summer and fall classes during the latter part of the preceding spring semester, and for spring classes during the latter part of the fall semester. In order to facilitate access to courses required for timely degree completion, a student’s priority for enrollment generally follows academic class level with seniors having the highest priority. Some exceptions to this basic priority may be necessary to accommodate bona fide student needs, such as a special priority for physically disabled students. The Office of Academic Affairs determines enrollment priorities, and enrollment schedules and priorities are in the Schedule of Classes each semester and on the OSU Internet web site.

Full-time staff members may utilize priority enrollment to help ensure they are given an opportunity to identify a section(s) at a time that is least disruptive to work in the office. This benefit of priority enrollment is extended to full-time (100% FTE), regular staff members. Staff employed at less than one hundred percent are not eligible for priority enrollment.

5.9 Late Enrollment. A student is permitted to enroll during the first two weeks of a semester or through the fifth day of a summer session or on the first day of a summer short course. A student enrolling late will pay a late enrollment fee. The late enrollment fee will not be charged on or prior to the first day of a summer short course.

5.10 Payment of Tuition and Fees. A monthly statement is produced that reflects any previous balance owed and itemizes the semester charges with payment becoming due by the 15th of the month. Paper bills are no longer mailed but are available to view electronically online. Failure to receive a bill does not relieve the student of financial obligation, any late charges, and other penalties that may occur if the account is not paid by the due date. All tuition and fees (required and optional) associated with the student’s enrollment are due in the Office of the Bursar no later than 4:30 p.m. on the 15th day of each month following billing. All delinquent accounts will accrue an interest penalty at the rate of 1.5 percent monthly (19.56 APR). Any charges incurred by the University in an effort to collect delinquent accounts will be assessed to and will be the responsibility of the account holder. Delinquent account information is disclosed to credit reporting agencies, which could endanger the student’s credit rating on a local or national level. Accounts must be cleared before the student can obtain the release of any academic records, such as a transcript, receive a diploma, or enroll at OSU for subsequent semesters.

When a check is sent as payment, the student authorizes Oklahoma State University to clear the check electronically. This electronic transaction will appear on the bank statement although
the check will not be presented to the financial institution or returned. Any resubmission due to insufficient funds may also occur electronically. All checking transactions will remain secure and payment by check constitutes acceptance of these terms.

5.11 Audit. A student who does not wish to receive credit in a course may, with the approvals of the student's adviser and the instructor of the course concerned, attend the class strictly as a visitor. A student who applies to audit a course promises that he or she will not use the audit to avoid the rule against excessive hours, and that he or she will not petition or ask in any way for the privilege of taking an examination to obtain credit after he or she has audited the course. The audit form is available in the Office of the Registrar. (Laboratory courses, private music lessons and studio art courses are not open for audit.)

If a student is already enrolled for credit in a course, but wishes to change to audit, the student must officially drop the course (or, if appropriate, withdraw) at the time the student changes to audit.

A student who has established a permanent record at OSU may have the audited course recorded on his or her transcript with "AU" appearing in place of the grade. Not later than one week after the close of that semester, the student must present to the Office of the Registrar an audit form with a signed statement from the instructor, on the reverse side, that it is appropriate for the course to be recorded on the student's transcript.

Any individual 65 years or older may audit a class at no charge.

5.12 Minimum Class Size. The minimum number of students required in order for a class to meet is as follows: 20 students for lower-division classes, 12 students for upper-division classes, and eight students for graduate-level classes.

6. Grades and Grading

6.1 Official Transcripts. All official transcripts of the student's academic record at OSU are prepared and released by the Office of the Registrar. Copies of transcripts from other institutions cannot be furnished.

6.2 Grade Interpretation. The quality of student performance in all classes is indicated by the following letter grades: "A," "B," "C," "D," "F," "I," "NP," "P," "S," "U," "W," or "R." Descriptions of the grades are:

Grade "A" Excellent
Grade "B" Good
Grade "C" Average
Grade "D" Below average
Grade "F" Failure

Grade "I." This grade is given to a student who satisfactorily completed the majority of the course work and whose work averaged "D" or better, but who has been unavoidably prevented from completing the remaining work of the course. A condition that the student must repeat the course in order to remove the "I" is not permitted. The maximum time allowed for a student to remove an "I" is one calendar year. The dean of the student's college may recommend to the Office of the Registrar the adjustment of this period in exceptional circumstances. It is the responsibility of the student to satisfy the requirements stipulated by the instructor at the time the "I" is assigned; it is the responsibility of the instructor to initiate action to have the new grade entered as soon as possible after the student fulfills the requirement. Prior to Fall 1999, the new grade does not result in the deletion of the "I" symbol from the transcript. Upon completion of the course requirements, a second entry is posted beside the original "I" on the transcript to show the final grade for the course. The incomplete grade which is not removed within the allotted period becomes a permanent incomplete.

Grade "NP." This grade is given for unsatisfactory work (including that evaluated as "D") in courses on the pass-no pass grading system. Both credit hours and grade-points are ignored in calculating grade-point averages.

Grade "P." This grade is given for passing work in OSU courses approved for pass-no pass and pass-fail grading systems. Both credit hours and grade-points are ignored in calculating grade-point averages.

Grade "S" or "U." This grade is given for satisfactory (equivalent to a "C" or better) or unsatisfactory work in remedial courses in English, mathematics, reading, and science. Both credit hours and grade-points are ignored in calculating grade-point averages, and neither grade is counted in total hours.

Grade "W." This grade indicates that the student dropped the course.

Grade "R." This grade is given to a student in a thesis or dissertation course (5000 or 6000) or a master's degree creative component course, when course work is still in progress. It is the responsibility of the instructor to initiate action to have the grade entered as soon as possible after the student completes the course work. The new grade does not result in the deletion of the "R" symbol from the transcript, but a second entry is posted beside the original "R" on the transcript to show the final grade.

Mark of "AU." An "AU" indicates that the student audited the course, and requested that it be recorded on the academic record. An "AU" is not a grade and is not used in calculating grade-point averages.

Mark of "N." An "N" indicates that at the time grades were due in the Office of the Registrar, a final grade was not reported by the student's instructor. An "N" is not a grade and will be changed to the grade earned within a reasonable time. It is not used in calculating grade-point averages.

6.3 Grade-point System. The following grade-point system is used in calculating the grade-point average.

Grade "A" yields 4 grade points per semester credit hour.
Grade "B" yields 3 grade points per semester credit hour.
Grade "C" yields 2 grade points per semester credit hour.
Grade "D" yields 1 grade point per semester credit hour.
Grade "F" yields 0 grade points per semester credit hour.

6.4 Grade-point Average Calculating. In calculating grade-point averages, the total number of grade points earned is divided by the total number of hours attempted. The grade of "I," "NP," "P," "S," "U," "W," "R" or the mark of "AU" or "N" will not affect the grade-point average.

Semester Grade-point Average. For purposes other than retention, all grades are included in the calculation. For retention purposes, activity and remedial courses are excluded from the calculation. These courses remain on the transcript with a notation that they are excluded from the GPA.

Retention and Graduation Grade-point Averages. All courses in which a student has a recorded grade are included in the calculation, excluding any courses repeated (with an original grade of "D" or "F") or reprieved and excluding remedial courses and physical education activity courses. (See "Academic Forgiveness.")

Cumulative Grade-point Average. All courses in which a student has a recorded grade are included in the calculation.

6.5 Mid-term Progress Reports. Beginning Fall 2004, the faculty will report grades for all students (regardless of classification) enrolled in 1000- and 2000-level classes. This will normally occur during the sixth week of classes. Student athletes will have all grades
reported, not just 1000- and 2000-level. Progress reports are made available to students and to the students' advisers through the computer (SIS) website. (The Spring Semester 1999 was the last production of Freshman Progress Reports in its previous form.)

6.6 Pass-No Pass Grading System. An undergraduate student may elect to take no more than four courses or 15 hours (whichever is greater) during his or her academic career with the pass-no pass grading option. The option is restricted to those students who:

a. have passed 28 or more semester credit hours;

b. have at least a 2.50 grade-point average in all hours attempted;

c. have met all of the prerequisites for enrollment in the course in question;

d. do not need the course in question for meeting any requirements for graduation or certification other than as a (general) (unrestricted) elective;

e. have approval of the academic adviser.

A student who chooses the pass-no pass option must do so by the last date on which a course may be added. Once the deadline has passed, a student may not change the choice of grading systems. The pass-no pass option is not identified on the official class roll and thus is not known to the instructor. The instructor assigns a normal grade based on the quality of the work performed. The grades of "A," "B" and "C" are recorded on the transcript as "P;" the grades of "D" and "F" are recorded as "NP, "W" and "I" grades are recorded without change. The pass-no-pass grade will not affect the grade-point average.

Graduate students should refer to the "Graduate College" section of the Catalog.

6.7 Pass-Fail Grading System. Some courses are taught only on a pass-fail basis. Such courses are so designated in the "Course Listings" section of the Catalog. Students who pass the course are awarded the grade of "P;" those who fail the course are awarded the grade of "F."

Graduate students should refer to the "Graduate College" section of the Catalog.

6.8 Grade Reports. Reports of the grades of all students are compiled shortly after the end of each semester and are made available electronically to the students, the students' advisers and the students' deans.

6.9 Correcting Grades Reported in Error. An instructor who reports an incorrect grade to the Office of the Registrar may request that office to correct the grade. The request must be in writing and must have both the department head's and the dean's approvals. In no case will a grade be lowered after the student has been graduated.

6.10 Grade Appeals. A student may appeal a grade given by an instructor in cases in which he or she believes the grade awarded is inconsistent with announced grading policy. (See "Student Rights and Responsibilities" or contact the Office of the Provost and Senior Vice-President.)

6.11 Honor Rolls. Full-time Students. Full-time undergraduate students (12 or more semester credit hours in a regular semester or six or more in a summer session) who complete all enrolled hours with a semester (not cumulative) grade-point average of 4.00 (i.e., all "A's") and with no grade of "I" in any course are placed on the President's List of Distinguished Students. The grade of "P," "S" or "W" or grades earned through correspondence may not be included in meeting the minimum enrollment required or grade-point average required for an honor roll. Students who have completed their courses under the same requirements as outlined above, with a grade-point average of 3.50 or higher and no grade below "C," are placed on the Dean's List of Distinguished Students. (See also "Grade-point Average Calculating.")

Part-time Students. Part-time undergraduate students (11 or fewer semester credit hours in a regular semester or five or fewer in a summer session) who have accumulated at least 12 semester credit hours of "A" during the most recent consecutive enrollments at OSU, and who complete all enrolled hours with a combined grade-point average of 4.00 (i.e., all "A's") and with no grade of "I" in any course, are placed on the President's List of Distinguished Students. The grade of "P" or "S," or grades earned through correspondence may not be included in meeting the minimum enrollment required or grade-point average required for an honor roll. Dropping a course prohibits a part-time student from being listed on an honor roll. Dropping a course prohibits a part-time student from being listed on an honor roll. Special (non-degree-seeking) students are not included on an honor roll. Students who have completed their courses under the same requirements as outlined above, with a combined grade-point average of 3.50 or higher and no grade below "C," are placed on the Dean's List of Distinguished Students. (See also "Grade-point Average Calculating.")

Once a part-time student is placed on an honor roll, the student must complete an additional 12 credit hours, before the student is considered again for an honor roll. The student must meet all the above criteria at the time of subsequent consideration.

(Beginning Spring 1995, and retroactive to include Fall 1994, the Dean's List grade-point average was 3.50.)

6.12 Academic Dishonesty or Misconduct. Academic dishonesty or misconduct is neither condoned nor tolerated at Oklahoma State University. Academic dishonesty is behavior in which a deliberately fraudulent misrepresentation is employed in an attempt to gain undeserved intellectual credit, either for oneself or for another. Academic misconduct is behavior that results in intellectual advantage obtained by violating specific directions, rules, or accepted academic standards, but without deliberate intent or use of fraudulent means. (See also Policy and Procedure Letters.)

6.13 Academic Forgiveness (Undergraduates). Repeated Courses. A student may repeat a course and have only the second grade, even if it is lower than the first grade, included in the calculation of the retention and graduation grade-point averages up to a maximum of four courses but not to exceed 18 credit hours in which the original grade was a "D" or "F." If a course is repeated more than once, all grades except the first attempt are included in the grade-point averages. The original course and grade remain on the transcript identified with a statement under the course "Repeated (excluded from GPA)." All other repeated courses, those in excess of the 18-hour, four-course maximum and those with a grade of "C" or better in the original course, are included in the grade-point averages and identified with a statement under the course "Repeated (included in GPA)."

Academic Reprieve. A student may request an academic reprieve for all courses in one semester or two consecutive semesters if the following conditions are met: (a) at least three years must have elapsed between the period in which the grades being requested reprieved were earned and the reprieve request; (b) the student must have earned a GPA of 2.00 or higher with no grade lower than a "C" in all regularly graded course work (a minimum of 12 hours) excluding activity, performance and remedial courses since the semester requested to be reprieved; (c) the student has not previously been granted an academic reprieve for a semester; (d) there were extenuating circumstances which caused the student to perform poorly during the semester.

The request for an academic reprieve must be submitted on the appropriate form to the Office of the Provost and Senior Vice-President. A faculty committee appointed by that office reviews
7. Residence Waiver for Certain Premedical Students. Students who complete at least 94 semester credit hours in a recognized premedical science program and then transfer to a professional program leading to the doctoral degree at an accredited professional school of medicine, osteopathic medicine, veterinary medicine, dentistry or optometry will be awarded the appropriate baccalaureate degree upon the successful completion of 30 semester credit hours in basic medical science courses applicable to the OSU major. This option is available only to students who have completed all other degree requirements for the major and have taken at least the last 30 semester credit hours of work at OSU prior to transferring to a professional school. (See "Residence Requirements.")

7.9 Diploma Application. Each candidate for graduation shall file a diploma application in the Office of the Registrar within two weeks following enrollment in a regular semester or one week in a summer session in which the student wishes to be graduated.

To stay in compliance with BCIS, international students must file their diploma applications no later than these deadlines.

7.10 Presence at Commencement Exercises. The University will hold one Commencement exercise at the close of the fall semester and one at the close of the spring semester. Students who plan to meet the graduation requirements at the close of the following summer session are invited and encouraged to participate in the Commencement exercises at the close of the previous spring semester. Students who plan to meet requirements during the summer session (whether they are currently enrolled or not) should contact their student academic services offices to participate in Commencement.

The University encourages all candidates for degrees to be present at the Commencement exercises. Attendance is not compulsory. Candidates should notify the Office of the Registrar of the addresses to which diplomas can be mailed.

7.11 Graduation with Distinction. Beginning with the Fall 1997 semester, students who earn an OSU undergraduate degree can also earn a level of distinction based upon the final retention/graduation grade-point average. (See also "Grade-point Average Calculating.") The level of distinction added to the diploma and transcript is:

<table>
<thead>
<tr>
<th>Graduation/retention grade-point average</th>
<th>Distinction</th>
</tr>
</thead>
<tbody>
<tr>
<td>3.90 to 4.00</td>
<td>Summa cum laude</td>
</tr>
<tr>
<td>3.80 to 3.89</td>
<td>Magna cum laude</td>
</tr>
<tr>
<td>3.70 to 3.79</td>
<td>Cum laude</td>
</tr>
</tbody>
</table>

This grade-point average calculation is two decimal places only, e.g., 3.69. In actuality, this GPA may be 3.69785 if additional digits were to be added. However, the value used to determine distinction is 3.69 which does not qualify for a level of distinction.

7.12 Professional Education. Professional Education requires a minimum 2.50 GPA for admission to Professional Education, student teaching and graduation. This requirement is consistent with state standards for students who complete professional education programs and seek licensure in the state of Oklahoma.
Degree Programs Offered

The type of degree offered in each major is listed along with an indication of the college(s) in which each may be earned. (Some majors are offered with more than one type of degree, e.g., Bachelor of Arts and Bachelor of Science. Many have options within the major. See the department narrative for details.)

Chemistry (B,M,D) A&S/Gr
Civil Engineering (B,M,D,) En/Gr
Communication Sciences and Disorders (B,M) A&S/Gr
Computer Science (B,M,D) A&S/Gr
Conservation Science (B,M,D) A&S/Gr
Construction Management Technology (B) T
Control Systems Engineering (M) Gr
Counseling (M) Gr
Design, Housing and Merchandising (B,M) HES/Gr
Economics (B,M,D) A&S/Bus/Gr
Quantitative Financial Economics (M) Gr
Education (B,S,D) Ed/Gr
Elementary Education (B) Ed
Secondary Education (B) Ed
Educational Leadership Studies (M) Gr
Educational Psychology (M,D) Gr
Electrical Engineering (B,M,D) En/Gr
Electrical Engineering Technology (B) T
Engineering and Technology Management (M) Gr
English (B,M,D) A&S/Gr
Entomology (B,D) Ag/Gr
Entomology and Plant Pathology (M) Gr
Environmental Engineering (M) Gr
Environmental Science (B,M,D) Ag/Gr
Finance (B) Bus
Fire and Emergency Management Administration (M) Gr
Fire Protection and Safety Technology (B) T
Food Science (M,D) Gr
Foreign Language
French (B) A&S
German (B) A&S
Russian Language and Literature (B) A&S
Spanish (B) A&S
Forensic Science (M) OM
Forensic Science Administration (M) OM
Forest Resources (M) Gr
Forestry (B) Ag
General Business (B) Bus
Geography (B,M,D) A&S/Gr
Geology (B,M) A&S/Gr
Health Promotion (B) Ed
Health, Leisure and Human Performance (D) Gr
Health and Human Performance (M) Gr
Higher Education (D) Gr
History (B,M,D) A&S/Gr
Horticulture (B,M) Ag/Gr
Hospitality Administration (M) Gr
Hotel and Restaurant Administration (B) HES
Human Development and Family Science (B,M) HES/Gr
Human Environmental Sciences (B,M,D) HES/Gr
Industrial Engineering and Management (B,M,D) En/Gr
International Business (B) Bus
International Studies (M) Gr
Journalism and Broadcasting (B) A&S
Mass Communications (B) A&S

Landscape Architecture (B) Ag
Landscape Contracting (B) Ag
Leisure Studies (B,M) Ed/Gr
Liberal Studies (B) A&S
Management (B) Bus
Management Information Systems (B,M) Bus/Gr
Management Science and Computer Systems (B) Bus
Marketing (B) Bus
Mathematics (B,M,D) A&S/Gr
Mechanical Engineering (B,M,D) En/Gr
Mechanical Engineering Technology (B) T
Medical Technology (B) A&S
Microbiology (B) A&S
Microbiology, Cell and Molecular Biology (M,D) Gr
Music (B) A&S
Music Education (B) A&S
Natural and Applied Sciences (M) Gr
Nutritional Sciences (B,M) HES/Gr
Osteopathic Medicine (DO) OM
Pedagogy and Performance (M) Gr
Philosophy (B,M) A&S/Gr
Photonics (D) Gr
Physical Education (B) Ed
Physics (B,M,D) A&S/Gr
Physiology (B) A&S
Plant Pathology (D) Gr
Plant and Soil Sciences (B,M) Ag/Gr
Crop Science (D) Gr
Soil Science (D) Gr
Plant Science (D) Gr
Political Science (B,M) A&S/Gr
Pre-veterinary Science (B) Ag
Psychology (B,M,D) A&S/Gr
School Administration (D) Gr
Sociology (B,M,D) A&S/Gr
Statistics (B,M,D) A&S/Gr
Teaching, Learning and Leadership (M) Gr
Telecommunications Management (M) Gr
Theater (B,M) A&S/Gr
University Studies (B) All colleges
Veterinary Medicine (DVM) VM
Veterinary Biomedical Sciences (M,D) Gr
Zoology (B,M,D) A&S/Gr

Summary of degrees offered:
Bachelor’s 87
Master’s 68
Specialist 1
Doctor’s 45
