

## Spring 2017 Final Exam Schedule

### How to read this chart:

- Each block contains a regular semester class day/time (Ex: MWF 9:30).
- Locate the time of your regular class within the blocks, then refer to the left edge and top edge of the chart (in orange) to determine when your final exam will be held. For example, if your class meets regularly on MWF at 10:30am, your final will be Wednesday, May 10 from 10:00-11:50am.
- Exceptions: Some courses have common final exams, which means all sections of a given course take the final at the same time, regardless of when your section is regularly held. For example, all CHEM 1215 sections take the final on Thursday, May 11 from 4:00-5:50pm.
