MSIS 3233 Management Science - Prescriptive Analytics
Prerequisites: MSIS 3223.
Description: Prescriptive analytics applied to resource allocation and operational problems encountered in accounting, economics, finance, management and marketing. Linear programming, goal programming, integer programming, and network models.. Previously offered as MGMT 3233.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 3243 Descriptive Analytics
Prerequisites: MSIS 3223.
Description: Application of descriptive analytics, especially from a "big data" perspective. Previously offered as MGMT 3243.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 3253 Supply Chain Operations and Analytics
Prerequisites: MSIS 3223.
Description: Practical tools that support supply chain operations using relevant data and analytic models.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 3293 Business Analytics Programming
Prerequisites: MSIS 2103 or MSIS 2233.
Description: Fundamental principles of programming for business analytics, with a focus on data wrangling concepts and tools.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 3333 Database Systems Development
Description: This class is intended for those technically oriented students earning a MIS, DA, ACCT, MATH, STATS, or CS degree and/or taking classes to fulfill Data Science options or other certificate programs that require a data base course. Database design principles focusing on database modeling with hands-on creation, population and querying of transactional databases using SQL. May not be used for degree credit with MSIS 5643. Course previously offered as MSIS 4013.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 3363 Web Application Development
Prerequisites: MSIS 2203 and MSIS 3333.
Description: Develop web applications involving database development, user interface design, and asynchronous client-side programming.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 3393 Advanced Spreadsheet Modeling and Programming
Prerequisites: MSIS 2103 and permission of instructor.
Description: This class provides students with advanced spreadsheet skills, including the ability to formulate math programming models, simulations, risk analysis, and other business decision-making tools. The class will also provide students with an introduction to spreadsheet programming (VB, macros, etc.), building decision support systems in spreadsheets, etc.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 3931 Diversity Impacts in Information Systems (D)
Description: Critical analysis of the impact of technology on socially-defined classifications such as race, ethnicity, age, gender, sexuality, and disability; and how those groups affect technology industries. Through reading, observation, discussion, and writing; students will have their own perceptions challenged to better understand technology interaction through and with diverse populations, and how relationships between those groups may be improved or worsened as a result of mediated communications.
Credit hours: 1
Contact hours: Lecture: 1 Contact: 1
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
General Education and other Course Attributes: Diversity

MSIS 4003 Systems Analysis and Design
Prerequisites: MSIS 3363.
Description: This course covers the core concepts and skills for developing software in an organizational context, including agile software development techniques, as well as the socio-cultural aspects of the systems analysis and design process. May not be used for degree credit with MSIS 5653. Course previously offered as MSIS 3303 and MGMT 3033.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4010 Applied Analytics and Information System Studies
Prerequisites: Departmental permission.
Description: Structured internship, field study or independent project with supporting academic study. Intended primarily for students pursuing a Data Analytics or MIS degree, or related areas or certificate programs. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.
Credit hours: 1-6
Contact hours: Contact: 1-6 Other: 1-6
Levels: Undergraduate
Schedule types: Independent Study
Department/School: Mgmt Sci & Info Sys

MSIS 4020 Applications Software Tools and Techniques
Prerequisites: Permission of instructor and/or department.
Description: Hands-on experience with selected software-based tool or programming languages such as SAP, SQL, PERT/CPM, etc. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4033 Information Systems Project Management and Communication
Description: This class discusses the multi-faceted dimensions critical to successfully leading information systems projects. Topics will include behavioral, strategic, technical, quantitative and communications issues faced by those directing projects. May not be used for degree credit with MSIS 5033. Course previously offered as MSIS 3033.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4053 Supply Chain Security and Risk Analysis
Description: This course examines the threats and vulnerabilities to an organization's supply chain and identifying controls that can be used to mitigate such threats. Physical and cyber will be examined.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4063 STUDY ABROAD: Contemporary Global Impacts in IT, Analytics and Cybersecurity (G)
Description: A study of business in a country and region that will provide an integrated approach to the rich cultural, commercial, historical, technological, political, economic, and religious issues. The country's role as a political and economic power will be examined. Comparisons of technology, policies, and economies will be made, as well as investigating hurdles and synergies to doing business between that country and the U.S. An increased focus will be placed on IT, Analytics, Cybersecurity and Supply Chain Management issues.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
General Education and other Course Attributes: International Dimension

MSIS 4111 Technology Success Skills Application
Prerequisites: Senior standing and 12 hours of upper division MSIS classes.
Description: Advanced professional development and networking for information systems and analytics students. Intended primarily for Data Analytics and MIS majors, as well as those outside the department (and college) pursuing certificates in related areas such as Data Systems, Supply Chain Management, and other areas.
Credit hours: 1
Contact hours: Lecture: 1 Contact: 1
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4123 Cybersecurity Systems Management
Description: A broad investigation of the elements of cybersecurity with an emphasis on the management impact and risk assessment and mitigation for all types of information and privacy threats to corporations and businesses. May not be used for degree credit with MSIS 5213. Previously offered as MSIS 3123, MSIS 4223 and MGMT 4223.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4133 Information Technologies for Electronic Commerce
Prerequisites: MSIS 4003.
Description: The Internet and web-based technologies, systems and applications that allow organizations to overcome the barriers of time and distance for conducting commerce. Scripting and markup languages, web programming tools, and the connectivity technologies for designing and developing electronic commerce and systems.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4153 Supply Chain Systems and Technologies
Description: This course covers the underpinning technologies, systems, platforms and models that enable the design, management and control of digitally connected supply chains.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4233 Applied Ethical Hacking
Prerequisites: MSIS 4123, MSIS 4523.
Description: Technical aspects of attacking and guarding against (cybersecurity) attacks in information systems. Course content includes ethical hacking concepts and defense protection topics. May not be used for degree credit with MSIS 5233.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4243 Digital Forensics and Incident Response
Prerequisites: MSIS 4123.
Description: Procedures for identification, preservation and extraction of electronic evidence. Provides an understanding of underlying theory and strategy of investigations. May not be used for degree credit with MSIS 5243.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4253 System Certification and Accreditation
Prerequisites: MSIS 4123.
Description: Introduction to the certification and accreditation process. Risk analysis, system security analysis, and other topics. Previously offered as MGMT 4253. May not be used for degree credit with MSIS 5253.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4263 Business Intelligence and Predictive Analytics
Description: Applied knowledge management tools and techniques for organizational decision support. Predictive analytics, machine learning, and other emerging techniques.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4273 Legal and Ethical Issues in Information Systems
Description: Reviews the current status of information systems law in regard to rights of privacy, freedom of information, confidentiality, work product protection, copyright, security, legal liability, ethical issues, and a range of additional legal and information policy topics. Investigates the legal difficulties that technological innovations are causing in all of these areas. Legal options for dealing with the conflicts caused by technological change and likely adaptations of the law over time in response to societal changes will be explored. May not be used for degree credit with MSIS 5273.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4283 Operating Systems for Information Assurance
Description: Operating Systems (OS) concepts for security. Vulnerabilities and threats. Security models. User authentication. Smart cards: architectures, technologies, application environments, and case studies. System availability. Software and data integrity. Auditing. Sensitive data confidentiality. Access control. Secure OS development: design principles, design methodologies, security certification. Case studies: Unix/Linus, MS/Windows XP/2000.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4333 Data Wrangling
Prerequisites: MSIS 3293 and MSIS 3333.
Description: Foundations of data wrangling, specifically the skills needed to load, clean, transform, and structure data from diverse sources, in both traditional and cloud-based data warehousing architectures.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4363 Advanced Application Development
Prerequisites: MSIS 4003 and MSIS 3363.
Description: Managing the software development pipeline. Topics include creating build/release pipelines for continuous integration/deployment, containerizing applications and emerging DevOps topics.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4373 Advanced Topics in Management Information Systems
Prerequisites: Senior standing and consent of instructor.
Description: Current and emerging advanced topics in the field of management information systems. Advanced network management, advanced electronic commerce issues, international management information systems and legal and regulatory issues in telecommunications.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4443 Advanced Topics in Analytics and Artificial Intelligence
Description: Emerging topics in analytics, including simulation, business dynamics, blockchain/cryptocurrency, artificial intelligence, supply chain, among others. Previously offered as MGMT 4443.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4523 Infrastructure Development
Description: Broad coverage of network types and protocols used to drive the diverse voice, video and data needs of today's business. Network vocabulary and the understanding of how telecommunications components function are stressed. May not be used for degree credit with MSIS 5203. Previously offered as MGMT 4523.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4623 Data Science Programming
Prerequisites: MSIS 3293
Description: Programming concepts and applications for data science, analytics, and business intelligence. May not be used for degree credit with MSIS 5193.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4673 Data Visualization
Description: This course will provide an understanding of the role of descriptive analytics, visualization, and dashboarding in direct support of managerial decision making (business intelligence and analytics). May not be used for degree credit with MSIS 5673.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4713 Scripting Essentials
Description: Application of scripting languages (e.g. BASH, PowerShell, Python) for general business, data and information assurance solutions. May not be used for degree credit with MSIS 5713.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 4943 Sports Management Analytics
Prerequisites: MSIS 2233
Description: Useful decision tools such as analytics, visualization, optimization, decision analysis, forecasting and simulation are used to address decisions faced by sports administrators and decisions made during sporting contests. Current 'hot' issues in sports decision-making will also be examined.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5020 Advanced Applications Software Tools
Description: Advanced hands-on experience with selected software-based tool or programming languages such SAP, SQL, PERT/CPM, etc. For graduate credit only. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5033 Information Systems Project Management
Prerequisites: Graduate standing.
Description: This class covers the important multi-faceted dimensions of directing and leading information systems projects. Topics will include behavioral, strategic, technical and quantitative issues faced by information system project teams. May not be used for degree credit with MSIS 4033.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5123 Enterprise Resource Planning
Prerequisites: Admission to a graduate program.
Description: Challenges of data integration and redesign of processes in organizations. Introduction to enterprise resource planning (ERP) concepts, software, and practices. ERP issues architecture, planning, design, implementation, and project management. Extensions of ERP Technologies for managing supply chains and customer relationships. Emerging trends.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5133 Advanced Web Based Application Development
Prerequisites: Graduate standing and MSIS 5643 or equivalent.
Description: Development of n-tier web-based applications, including concepts and technologies relating to the presentation, business, and data tiers. Technologies include (but are not limited to) browser and other client programming, server-side programming, data tier programming and XML technologies.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5193 Programming for Data Science and Analytics I
Prerequisites: Graduate standing and computer programming proficiency, or consent of instructor.
Description: Programming concepts and applications for data science, analytics, and business intelligence covering data manipulation, data derivation, web content mining, visualization, text mining, and other topics. May not be used for degree credit with MSIS 4623.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5203 Advanced Infrastructure Development
Description: Broad coverage of the underlying infrastructure necessary for information systems operation. Understanding and experience with essential network connectivity as well as server and service architecture to support information systems is emphasized. May not be used for degree credit with MSIS 4523.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5213 Cybersecurity Systems Management
Description: A broad investigation of the elements of cybersecurity with an emphasis on the management impact and risk assessment and mitigation for all types of information and privacy threats to businesses. Course previously offered as TCOM 5223. May not be used for degree credit with MSIS 4123.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5223 Programming for Data Science and Analytics II
Prerequisites: MSIS 5193 and graduate standing.
Description: Programming concepts and applications for data science, analytics, and business intelligence.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5233 Advanced Applied Ethical Hacking
Prerequisites: MSIS 5213 and MSIS 5203.
Description: Advanced technical aspects of ethical hacking concepts and defense protection strategies for information systems. May not be used for degree credit with MSIS 4233.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5243 Information Technology Forensics and Incident Response
Description: Review of systems for vulnerabilities and analysis of systems that have been breached including incident response. May not be used for degree credit with MSIS 4243. Course previously offered as TCOM 5243.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5253 Advanced System Certification and Accreditation
Prerequisites: MSIS 5213.
Description: Preparing information systems for operational status requires significant planning and sound execution. Covers the key components of the certification and accreditation process, including risk assessment and mitigation, system security analysis, controls and system documentation. May not be used for degree credit with MSIS 4253. Course previously offered as TCOM 5253.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5263 Information Assurance Offense
Prerequisites: MSIS 5233 and graduate coordinator permission.
Description: Learning successful computer attacks so as to recognize and apply appropriate security controls for system vulnerabilities.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5273 Legal and Ethical Issues in Information Technology
Description: This course reviews the current status of information systems law in regard to rights of privacy, freedom of information, confidentiality, work product protection, copyright, security, legal liability, ethical issues and a range of additional legal and information policy topics. May not be used for degree credit with MSIS 4273. Course previously offered as TCOM 5273.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5283 Secure Information Systems Administration
Prerequisites: MSIS 5213 and MSIS 5773 and graduate coordinator permission.
Description: Introduction to basic concepts and technologies relevant to secure information systems administration. The topics covered in this course include, but are not limited to, operating system (OS) hardening, securing servers, network protection, and various access control mechanisms.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5293 Information Assurance Capstone
Prerequisites: Final semester in program; graduate coordinator permission.
Description: This capstone course takes a strategic view of corporate information assurance. The goal is to provide an overarching view of an information assurance program to include physical, personnel, operational, and cyber security, including the underlying legislation and Federal and state regulations that drive corporate IA programs and policy.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5303 Prescriptive Analytics
Prerequisites: Admission to a SSB graduate program.
Description: Application of prescriptive analytic techniques to business problems. Some descriptive analytics may also be covered.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5313 Supply Chain Analytics
Prerequisites: Graduate standing.
Description: Introduction to supply chain analytics including forecasting, scheduling, inventory, distribution, site selection, and other analytical tools and techniques.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5393 Advanced Spreadsheet Modeling
Description: Advanced spreadsheet modeling skills critical to business problem solving. Presentation, analysis, solution and communication facets are emphasized.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5410 Advanced Topics in Information Assurance
Prerequisites: Graduate standing and consent of program director.
Description: Advanced topics in information assurance and security. Course previously offered as TCOM 5410. Offered for fixed credit, 3 credit hours.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5413 Advanced Data Science Applications
Prerequisites: Graduate standing and permission of instructor.
Description: Special topics with an emphasis on emerging tools and techniques in the broad field of data science.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5503 Statistics for Data Science
Prerequisites: Graduate standing.
Description: Data Science focuses on the analysis of large secondary data sets. This course focuses on understanding and applying statistical models and techniques to obtain useful information from large data sets. These techniques are part of supervised statistical machine learning.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5600 Special Projects in Business Information Systems
Prerequisites: Consent of MS in MIS director.
Description: Study of advanced topics not covered directly in other classes or directed study under the supervision of a faculty member. Offered for variable credit, 1-12 credit hours, maximum of 12 credit hours.
Credit hours: 1-12
Contact hours: Contact: 1-12 Other: 1-12
Levels: Graduate
Schedule types: Independent Study
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5613 Advanced Supply Chain Analytics
Prerequisites: MSIS 5313.
Description: Advanced tools and analytic techniques used in the supply chain field.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5623 Information and Network Technology Management
Prerequisites: Admission to a SSB graduate program or consent of MBA director.
Description: Major principles and impact of information technology from a manager's perspective in relation to the operation and success of businesses in today's global digital economy. Topics include the Internet, networks and wireless systems, database management systems, decision support systems, social media and e-business applications.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5633 Predictive Analytics Technologies
Prerequisites: Graduate standing.
Description: A comprehensive analysis of contemporary business intelligence tools and techniques used in managerial decision-making, including decision support systems, data and text mining, knowledge management, expert systems, neural networks, and other tools and techniques.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5643 Graduate Database Management
Prerequisites: Graduate standing.
Description: Practical foundations of database systems. Current and emerging issues in the database field. May not be used for degree credit with MSIS 3333.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5653 Advanced Systems Analysis and Design
Prerequisites: Graduate standing.
Description: Systems thinking. Systems life cycle, modeling approaches, methods, tools, and techniques of systems analysis and design for the development of modern organizational information systems. May not be used for degree credit with MSIS 4003.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5663 Advanced Data Wrangling
Description: Provides an introduction of the major activities involved in data engineering. These activities include understanding fundamental principles and concepts, design principles, and prototype development to include table definitions, ETL logic, and example report definitions.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5673 Descriptive Analytics and Visualization
Description: This course will provide an understanding of the role of descriptive analytics, visualization, and dashboarding in direct support of managerial decision making (business intelligence and analytics). Specifically, knowledge about managerial decision making, business intelligence, analytics, decision support systems and how they relate to other types of information systems; knowledge about human visual processing in relation to data presentation; knowledge of dashboard design and management; and knowledge about software packages and hands-on capabilities. May not be used for degree credit with MSIS 4673.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5683 Advanced Analytics Technologies
Description: Project-based study of advanced application of analytic and data wrangling/data engineering type tools for large scale systems. Cannot be used for Degree credit with CS 6583.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5693 Digital Transformation Strategy
Prerequisites: Graduate standing.
Description: This course covers a variety of practical and timely managerial and technical challenges faced by organizations as the new digital society and workplace continues to evolve.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5713 Scripting Essentials
Description: Application of scripting languages (e.g. BASH, PowerShell, Python) for general business, data and information assurance solutions. May not be used for degree credit with MSIS 4713.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5773 The Upper Layers of Telecommunications Systems
Description: This course is designed to develop a solid and deep understanding of data/telecommunications networks. The course covers various technical components and their functions in today's communication networks, with a special focus on the upper layers of the TCP/IP protocol suite (i.e., Network, Transport, and Application). The topics covered in the course will include, but not be limited to IP packet delivery, forwarding, and routing, UDP and TCP, dynamic host configuration (DHCP), domain name (DNS) lookup, and other widely used Internet applications (e.g., Web and email). Course previously offered as TCOM 5123.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5793 Business Applications of Artificial Intelligence
Prerequisites: Graduate Standing.
Description: Project-based study of advanced practical business applications of Artificial Intelligence.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 5900 Practicum in Management Information Systems
Prerequisites: Consent of director of and admission to the MS in MIS program.
Description: Application of MIS-related methods and skills in a business environment. Integration of knowledge through real-world problem solving situations in organizational contexts. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.
Credit hours: 1-6
Contact hours: Contact: 1-6 Other: 1-6
Levels: Graduate
Schedule types: Independent Study
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5950 Advanced Practicum
Prerequisites: Consent of director of and admission to the MS in MIS program.
Description: Application of MIS-related methods and skills in a business environment beyond the normal practicum/internship timeframe. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.
Credit hours: 1-6
Contact hours: Contact: 1-6 Other: 1-6
Levels: Graduate
Schedule types: Independent Study
Department/School: Mgmt Sci & Info Sys
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

MSIS 5990 Directed Studies in Information Assurance
Prerequisites: Graduate standing and consent of program director.
Description: Special advanced topics, projects and independent study in information assurance and security. Course previously offered as TCOM 5990. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.
Credit hours: 1-6
Contact hours: Lecture: 1-6 Contact: 1-6
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 6200 Advanced Topics in Management Information Systems
Prerequisites: Doctoral student status and consent of instructor.
Description: Special advanced topics in management information systems for doctoral students. Offered for variable credit, 3-6 credit hours, maximum of 12 credit hours.
Credit hours: 3-6
Contact hours: Contact: 3-6 Other: 3-6
Levels: Graduate
Schedule types: Independent Study
Department/School: Mgmt Sci & Info Sys

MSIS 6300 Contemporary Topics in MSIS Research
Prerequisites: Doctoral standing.
Description: In depth study in one or more topics in MSIS field. An ongoing conversation about major issues in the field. Topics related to any one of the areas within the broad, interdisciplinary field of management science and information systems, such as management information systems, management science, telecommunications, and operations management. Offered for variable credit, 1-12 credit hours, maximum of 12 credit hours.
Credit hours: 1-12
Contact hours: Lecture: 1-12 Contact: 1-12
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 6303 Overview of Information Systems Research
Prerequisites: Doctoral Standing.
Description: The purpose of this seminar is to become familiar with research streams and domains within Information Systems including theory, methods, paradigms, and various perspectives. Students will develop critical thinking and logical reasoning skills, as well as oral and written communication.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 6313 Privacy and Security Research in Information Systems
Prerequisites: Doctoral Standing.
Description: The purpose of this seminar is to develop an understanding of the research domains of privacy and security in Information Systems. Potential topics covered include conceptualization of concepts (e.g. intention vs. behavior, traits and states), contextual influences (e.g. e-commerce, healthcare, social media, data breaches), and methods (e.g. behavioral economic vs. hypothetical).
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 6323 Seminar on Qualitative and Mixed-Methods Research
Prerequisites: Doctoral Standing.
Description: The purpose of this seminar is to provide an introduction to qualitative and mixed methods and their use in scholarly research. Drawing upon well regarded courses by top IS scholars, the course balances understanding qualitative research with the application of that understanding to business research. Within a seminar class format, this course develops skills in designing, evaluating, and understanding qualitative research methods.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 6333 Overview of MSIS Research
Prerequisites: Doctoral standing.
Description: Recent research studies that fall within the broad, interdisciplinary field of management science and information systems. An introduction to the academic "way of life", focusing on research productivity.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 6343 Advanced Methods in MSIS Research
Prerequisites: Doctoral standing.
Description: Development of advanced methodological skills necessary to carry out research in the chosen area of study within the field of MSIS. Skills related to any one of the areas within the broad, interdisciplinary field of management science and information systems, such as management information systems, management science, telecommunications, and operations management. Same course as BADM 6343.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

MSIS 6353 Seminar in Data Analytics
Prerequisites: Doctoral Standing.
Description: The objective of this course is for the PhD student to develop an in-depth understanding and appreciation of business analytics and data science as viable research streams.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Mgmt Sci & Info Sys

Undergraduate Programs

- Data Analytics, BSBA (p. 2916)
- Management Information Systems, BSBA (p. 2923)
- Management Information Systems: Data Science, BSBA (p. 2926)
- Management Information Systems: Information Assurance, BSBA (p. 2928)

Graduate Programs

The Department of Management Science and Information Systems also offers courses that lead to the completion of the Master of Business Administration (MBA), the Master of Science in management information systems (MIS) and the Doctor of Philosophy in business administration (PhD).

The Master of Business Administration (MBA) Degree

(See "Business Administration (p. 2992).")

The Master of Science in Management Information Systems (MIS) Degree

This degree program combines strong practical concepts with intense hands-on instruction, helping graduates not only to understand business processes and the concepts behind the information systems they work with, but also develop, modify, use, and protect these rapidly changing computing systems through their technical expertise.

The MS in MIS is a 30 hour program featuring a core of 21 hours, including a business practicum. Admission requirements for the MS in MIS are like the admission requirements for the other master's programs in the Spears School of Business. Information about the program is available on the Internet at https://go.okstate.edu/graduate-academics/programs/masters/management-information-systems-and-information-assurance-ms.html.

Graduate Certificate in Health Analytics

There is a dire need for professionals with practical knowledge and skills in health analytics—ones who can convert large data repositories into actionable insight for better decisions to enhance effectiveness and efficiency in the ever more complex and highly competitive health care domain. OSU's internationally ranked MS in MIS program has collaborated with the Center of Health Sciences' MS in Health Care Administration (HCA) program and the Center of Health Systems Integration (CHSI) research center focused on the intersection of health, healthcare, informatics and analytics/data sciences to create a new, unique interdisciplinary program – a Certificate in Health Analytics.

The program requires taking four courses (each three credit hours, totaling 12 credit hours) of coursework. This certificate program allows for the courses to double-count toward a master's degree and this certificate degree.

The Doctor of Philosophy (PhD) Degree

The PhD in business administration program administered through the Department of Management Science and Information Systems provides intensive study in the general field of management information systems (including specialties in areas such as data science, cybersecurity, etc.). The program prepares the student for significant professional contributions in university teaching and research.

The program is flexible and individually structured to meet the needs and objectives of the candidate. Emphasis is placed on understanding the analytical and theoretical foundations of the MIS field, applications in the depth area of specialization and development of research capabilities in the discipline.

Competence in planning and executing research must be demonstrated in a dissertation. In addition, each candidate must pass a series of comprehensive qualifying examinations, written and oral, and a separate, final oral examination of the dissertation. To enhance teaching skills, all PhD students in residence are required to teach on a quarter-time or half-time basis for at least one semester while earning the degree.

Outstanding students with master's degrees in any field of study may apply. The application for admission to the program is evaluated based on the following:

1. undergraduate and graduate grade-point averages,
2. the score on the Graduate Management Admissions Test (GMAT) or Graduate Record Examination (GRE)
3. TOEFL score for international applicants,
4. a two- or three-page statement describing goals and academic interests,
5. three letters of recommendation,
6. evidence of research potential, and
7. a personal interview when feasible.

Minors

- Data Science (DS), Minor (p. 2918)
- Information Assurance (IA), Minor (p. 2920)
- Management Information Systems (MIS), Minor (p. 2922)

Certificates

- Business Analytics, UCRT (p. 2914)
- Cyber Systems, UCRT (p. 2915)
- Data Systems, UCRT (p. 2919)
- Information Systems Development, UCRT (p. 2921)
- Supply Chain Management, UCRT (p. 2931)

Faculty

Rick L. Wilson, PhD—Professor and Head
Regents Professors: Dursun Delen, PhD; Ramesh Sharda, PhD
Professors: Ali Amiri, PhD
Associate Professors: Corey Baham, PhD; Jin Kyu Lee, PhD; Andy Luse, PhD

Assistant Professors: Chenzhang Bao, PhD; Matt Baucum, PhD; Samia Cornelius Bhatti, PhD; Wenting (Kayla) Jiang, PhD; Zhuqi Miao, PhD; Xuecheng (Ethan) Yin, PhD
Professors of Professional Practice: Ali Bagheri, PhD; Shoumen Bardhan, MBA; James Burkman, PhD; Jason Morgan, MS; Kim Strom, MBA
Other Faculty: Bradford Cary, MS; Evan Davis, PhD

Upper-division MSIS		
Upper-division MATH		
Upper-division STAT		
Select 3 hours from the following:		3
Any upper-division ACCT, ECON, FIN, EEE, MKTG, MGMT, MSIS, HTM, MATH, and STAT.		
Any CS courses except CS 1111, CS 4113, and CS 4883.		
Hours Subtotal		**64**
Electives		

Select 13 hours [3]	13
May be selected from any upper- or lower-division area except activity courses in LEIS and PE and lower-division AERO and MLSC. Twelve credit hours earned in advanced AERO and MLSC, exclusive of credit earned for summer camp, may be included in the 120 hours.	
Hours Subtotal	**13**
Total Hours	**120**

[1] Courses also meet College and Departmental Requirements and cannot be waived with an Associate's degree.

[2] MGMT 3013 Fundamentals of Management (S) is a common body requirement, but is counted in general education requirements.

[3] If ACCT 2103 and ACCT 2203 are substituted for ACCT 2003, hours in the Elective block are reduced by 3.

Other Requirements

1. A minimum of 50 percent of the business hours required for a degree must be OSU delivered in residence or OSU online courses.
2. Forty-five hours of upper-division courses required.

Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2032.

Example Plan of Study

Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

MSIS 4443	Advanced Topics in Analytics and Artificial Intelligence	
MSIS 4263	Business Intelligence and Predictive Analytics	
MSIS 4673	Data Visualization	
Total Hours		**15**

Other Requirements

- 12 of the 15 hours must be in residence at OSU.

Additional OSU Requirements

Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf).

- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf).

Degree Requirements

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about University Academic Regulation 3.1 (p. 1040).

Minimum Overall Grade Point Average: 2.50
Total Hours: 120

Code	Title	Hours
General Education Requirements		
English Composition		
See Academic Regulation 3.5 (p. 1041)		
ENGL 1113	Composition I	3
or ENGL 1313	Critical Analysis and Writing I	
ENGL 1213	Composition II	3
or ENGL 1413	Critical Analysis and Writing II	
American History & Government		
HIST 1103	Survey of American History	3
or HIST 1483	American History to 1865 (H)	
or HIST 1493	American History Since 1865 (DH)	
POLS 1113	American Government	3
Quantitative Thought & Logical Reasoning (Q)		
3 hours of MATH or STAT designated "Q"		3
Understanding Humanities-Human Heritage & Cultures (H)		
Courses designated (H)		6
Reasoning in the Natural Sciences (N)		
Must include one Laboratory-Based Inquiry (L) course		
Courses designated (N) with one (L)		6
Exploring Society & Human Behavior (S)		
MGMT 3013	Fundamentals of Management (S) [1, 2]	3
Diversity (D)		
Courses designated (D)		3
Global Cultural Competency (G)		
Courses designated (G)		3
Additional General Education		
Additional general education credit hours may be required to meet the total 40-hour minimum of general education credit if courses carry more than one general education designation and can be used to meet multiple general education designation hour requirements above.		
Courses designated (Q), (H), (N), (S), (D), (G), or (F).		1
MSIS 2233	Business Analytics Fundamentals (Q) [1]	3
Hours Subtotal		**40**
College/Departmental Requirements		
UNIV 1111	First Year Seminar	1
BADM 2111	Career Planning for Business Success	1
BADM 3111	Professional Development for Business Success	1
Hours Subtotal		**3**
Major Requirements		
A minimum GPA of 2.20 is required in these 67 hours		
Common Body [2]		
ACCT 2003	Survey of Accounting [3]	3
or ACCT 2103 & ACCT 2203	Financial Accounting and Managerial Accounting	
BADM 3113	Practical Business and Interpersonal Skills	3
ECON 2003	Microeconomic Principles for Business	3
EEE 2023	Introduction to Entrepreneurship	3
FIN 3113	Principles of Finance	3
LSB 3213	Legal and Regulatory Environment of Business	3
MGMT 4513	Strategic Management	3
MKTG 3213	Marketing (S)	3
MSIS 2103	Business Data Science Technologies	3
MSIS 3223	Principles of Data Analytics	3
Management Information Systems Major Requirements		
A GPA of 2.00 is required in these 37 hours of Management Information Systems Major Requirements		
21 of these 37 hours must be in residence at OSU		
MSIS 2203	Computer Programming for Business	3
MSIS 3363	Web Application Development	3
Select one of the following:		3
MSIS 3233	Management Science - Prescriptive Analytics	
MSIS 3243	Descriptive Analytics	
MSIS 3253	Supply Chain Operations and Analytics	
MSIS 3293	Business Analytics Programming	
MSIS 4443	Advanced Topics in Analytics and Artificial Intelligence	
MSIS 4943	Sports Management Analytics	
MSIS 4263	Business Intelligence and Predictive Analytics	
MSIS 4623	Data Science Programming	
MSIS 4673	Data Visualization	
MSIS 3333	Database Systems Development	3
MSIS 4003	Systems Analysis and Design	3
MSIS 4033	Information Systems Project Management and Communication	3
MSIS 4111	Technology Success Skills Application	1
MSIS 4123	Cybersecurity Systems Management	3
MSIS 4133	Information Technologies for Electronic Commerce	3
or MSIS 4363	Advanced Application Development	
MSIS 4523	Infrastructure Development	3
Select 9 hours of the following:		9
Any upper-division course from ACCT, BADM, ECON, FIN, EEE, LSB, MKTG, MGMT, MSIS, and HTM.		
Any CS courses except CS 1111, CS 4113 and CS 4883.		
Hours Subtotal		**67**
Electives		
Select 10 hours [3]		10

May be selected from any upper- or lower-division area except activity courses in LEIS and PE and lower-division AERO and MLSC. Twelve credit hours earned in advanced AERO and MLSC, exclusive of credit earned for summer camp, may be included in the 120 hours.

Hours Subtotal	**10**
Total Hours	**120**

[1] Courses also meet College and Departmental Requirements and cannot be waived with an Associate's degree.

[2] MGMT 3013 Fundamentals of Management (S) is a common body requirement, but is counted in general education requirements.

[3] If ACCT 2103 and ACCT 2203 are substituted for ACCT 2003, hours in the Elective block are reduced by 3.

Other Requirements

1. A minimum of 50 percent of the business hours required for a degree must be OSU delivered in residence or OSU online courses.
2. Forty-five hours of upper-division courses required.

Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2032.

Example Plan of Study

Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Total Hours		**18**

Other Requirements

- A minimum of 50 percent of the business hours required for the certificate must be OSU delivered in residence or OSU online courses.

School of Accounting

The School of Accounting offers degree programs at the undergraduate, master's, and doctoral levels. At each level, students have various options to choose the plan of study that best prepares them to achieve their career objectives.

Accounting plays a critical role in supporting a prosperous society. The School of Accounting prepares students to become trusted consultants, accountants, managers, and analysts who support businesses and organizations in the global marketplace. Our graduates have many possible career paths, including practicing as public, private, or governmental accountants, or working in managerial positions that require an understanding of key accounting concepts. Our faculty members are known for their dedication to students and for advancing the practice of accounting and accounting education through active research programs and continuing professional development.

The BS and MS accounting programs are designed to prepare students for success in a wide range of professional accounting careers. Both programs prepare students to complete market-relevant professional accounting certifications and acquire critical knowledge and skills that are vital in an ever-changing professional landscape.

The specific objective of the BS accounting program is to provide fundamental knowledge as a foundation for accounting career development, with a focus on having students complete the CIA and CMA professional exams or enter an MS-accounting program as preparation for the Uniform CPA Examination.

The specific objective of the MS accounting program is to provide students with a greater breadth and depth in accounting than is possible in the BS program. The MS program has a specific focus on preparing graduates for careers as professional accountants who will complete the Uniform CPA Examination.

Students who have the objective of becoming a CPA must meet the education, experience, and other requirements mandated by the U.S. jurisdiction (state or territory) in which they intend to be licensed. More information about jurisdiction-specific requirements may be obtained from each individual jurisdiction's board of accountancy.

Accreditation

The School of Business is fully accredited by AACSB International, and the School of Accounting has supplemental accreditation from AACSB.

Courses

ACCT 1012 Introductory Accounting and Finance for Tribal Entities
Description: This course introduces the fundamentals of tribal finance, accounting, and legal frameworks with an emphasis on federal Indian law, auditing, compliance, ethics, and grant management. Participants will develop professional competencies in tribal government financial reporting, cost principles, indirect cost rate negotiation, and the SEFA schedule. Designed for entry-level professionals, the program provides both technical knowledge and applied learning opportunities to support tribes in building sustainable financial and administrative practices.

Prerequisites: 3 hours of MATH or STAT with 'Q' designation.
Description: Introduction to financial and managerial accounting concepts and objectives. May not be used for degree credit with ACCT 2103 and ACCT 2203.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Accounting

ACCT 2103 Financial Accounting
Prerequisites: 24 semester credit hours, including ENGL 1113 and MATH 1483 or equivalent.
Description: Financial accounting concepts and the use of financial accounting information in decision-making. May not be used for degree credit with ACCT 2003.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Accounting

ACCT 2203 Managerial Accounting
Prerequisites: ACCT 2103.
Description: Managerial accounting concepts and objectives, planning and control of sales and costs, analysis of costs and profits. May not be used for degree credit with ACCT 2003.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Accounting

ACCT 3001 Practicum in Professional Accounting I
Prerequisites: ACCT 2003 with a grade of "C" or better or both ACCT 2103 and ACCT 2203 with a grade of "C" or better.
Description: Study of current and emerging issues in the accounting profession. Graded on a pass-fail basis.
Credit hours: 1
Contact hours: Lecture: 1 Contact: 1
Levels: Undergraduate
Schedule types: Lecture
Department/School: Accounting

ACCT 3003 Foundational Accounting Skills
Prerequisites: ACCT 2003 with a grade of "C" or better (or ACCT 2103 and ACCT 2203 with a grade of "C" or better).
Description: Foundational skills and concepts underlying financial accounting and reporting. May not be used for degree credit with ACCT 3004.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Accounting

ACCT 3004 Foundational Accounting and Data Skills
Prerequisites: (MSIS 2103 or AGEC 3213) with a grade of "C" or better and ACCT 2003 (or both ACCT 2103 and ACCT 2203) with a grade of "C" or better.
Description: Foundational skills and concepts underlying financial accounting and reporting and data analytics in accounting. May not be used for degree credit with ACCT 3003.
Credit hours: 4
Contact hours: Lecture: 3 Lab: 2 Contact: 5
Levels: Undergraduate
Schedule types: Lab, Lecture, Combined lecture and lab
Department/School: Accounting

ACCT 3013 Federal Income Taxation
Prerequisites: ACCT 3103 or ACCT 3104 with a grade of "C" or better.
Description: Federal income tax and its relationship to business decision-making; primary emphasis on recognition of the important tax consequences that attach to business transactions and the impact on decision-making. Same course as ACCT 4003. May not be used for degree credit with ACCT 5353.
Credit hours: 3

Levels: Undergraduate
Schedule types: Lecture
Department/School: Accounting

ACCT 3103 Intermediate Accounting I
Prerequisites: ACCT 3003 or ACCT 3004 with a grade of "C" or better (or ACCT 2103 and ACCT 2203 with a grade of "C" or better and satisfactory score on a qualifying exam covering basic accounting concepts).
Description: Theory and concepts underlying financial accounting and reporting. Previously offered as ACCT 3433 and ACCT 3303. May not be used for degree credit with ACCT 3104.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Accounting

ACCT 3104 Intermediate Accounting I and Data Analysis
Prerequisites: ACCT 3004 or ACCT 3003 with a grade of "C" or better.
Description: Theory and concepts underlying financial accounting and reporting. Foundational accounting data analytics skills. May not be used for degree credit with ACCT 3103.
Credit hours: 4
Contact hours: Lecture: 3 Lab: 2 Contact: 5
Levels: Undergraduate
Schedule types: Lab, Lecture, Combined lecture and lab
Department/School: Accounting

ACCT 3113 Intermediate Accounting II
Prerequisites: ACCT 3104 or ACCT 3103 with a grade of "C" or better
Description: Theory and concepts underlying financial accounting and reporting. Continuation of ACCT 3103. Previously offered as ACCT 4433 and ACCT 3403.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Accounting

ACCT 3203 Cost Accounting
Prerequisites: ACCT 3004 or ACCT 3003 with a grade of "C" or better and STAT 2013 or STAT 2023 or STAT 2053 with a grade of "C" or better.
Description: Cost accounting knowledge and skills required of early career accountants. Topics covered likely to include cost accumulation systems, allocating product costs, planning and controlling costs, standard costing, and profitability analysis.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Accounting

ACCT 3603 Accounting Information Systems and Data Analytic Tools
Prerequisites: ACCT 3004 or ACCT 3003 with a grade of "C" or better.
Description: Accounting information systems knowledge and skills required of early career accountants. Topics likely to include accounting system design and installation, and related internal controls, as well as relevant data analytic tools. Course previously offered as ACCT 4603.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Accounting

ACCT 4033 Advanced Federal Income Taxation
Prerequisites: ACCT 3013 with a grade of "C" or better.
Description: Federal income tax law applicable to individuals, corporations, partnerships, trusts and estates, and other specialized topics. Previously offered as ACCT 4013.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Accounting

ACCT 4073 Tax Planning for Financial Professionals
Prerequisites: ACCT 3104 with a grade of "C" or better.
Description: Fundamental tax law, income taxation for individuals and businesses, and advanced tax reduction strategies. Emphasis on practical application, teaching students how to understand the tax implications of various financial decisions. May not be used for degree credit with ACCT 5073.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Accounting

ACCT 4133 Advanced Accounting
Prerequisites: ACCT 3113 with a grade of "C" or better.
Description: Advanced accounting knowledge and skills required of early career accountants. Topics likely to include accounting for business combinations and consolidations, accounting for governmental and not-for-profit entities. Previously offered as ACCT 4403.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate

Levels: Graduate
Schedule types: Lecture
Department/School: Accounting

ACCT 5603 Advanced Accounting-based Information Systems
Prerequisites: Admission to MS in accounting.
Description: Concepts underlying the design and use of an effective accounting information system.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Accounting

ACCT 5623 Contemporary Issues in Taxation
Prerequisites: Admission to the MS in Accounting Program and ACCT 5013.
Description: Contemporary issues in taxation.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Accounting

ACCT 5723 Expanding Accounting Horizons in the US
Prerequisites: Admission to MS in accounting.
Description: A visit to a region or regions within the United States. An integrated approach to the organizational, economic, political, historical, and technological issues impacting the firms, industries, and standard settlers visited. Effect on the accounting profession of the firms, industries, and standard settlers visited is also examined.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Accounting

ACCT 5763 International Accounting Abroad
Prerequisites: Admission to MS in accounting.
Description: A visit to a location or locations outside the United States. An integrated approach to the cultural, economic, political, historical, and technological effects of the region on international accounting. Comparison of the accounting issues of the region to that of the U.S.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Accounting

ACCT 5783 MBA International Acct
Prerequisites: ACCT 5183 and admission to MBA program or consent of MBA director.
Description: Diversity in financial reporting across countries and its effect on global capital flows. Corporate financial information across borders. Accounting in emerging markets.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Accounting

ACCT 5833 Graduate Internship in Accounting
Prerequisites: Admission to MS in accounting. Completion of either MSIS 5393 or department approved Excel program.
Description: Minimum 320-hour supervised internship in an accounting-related function. May be counted as elective hours only. May not be used for degree credit with ACCT 4933. Graded on a pass-fail basis. Supervised internship in public accounting, industry, or not-for-profit organizations. May be counted as elective hours only. Previously offered as ACCT 5900 and ACCT 5830. May not be used for degree credit with ACCT 4933. Graded on a pass-fail basis.
Credit hours: 3
Contact hours: Contact: 3 Other: 3
Levels: Graduate
Schedule types: Independent Study
Department/School: Accounting

ACCT 5840 Special Topics and Individual Work in Accounting
Prerequisites: Admission to MS in accounting and consent of instructor.
Description: Individual work on special topics, projects or readings selected to acquaint students with significant accounting literature. Previously offered as ACCT 5110. Offered for variable credit, 1-10 credit hours, maximum of 10 credit hours.
Credit hours: 1-10
Contact hours: Lecture: 1-10 Contact: 1-10
Levels: Graduate
Schedule types: Lecture
Department/School: Accounting

ACCT 5880 MBA Special Topics in Accounting
Prerequisites: ACCT 5183 and admission to MBA program or consent of MBA director.
Description: Individual work on special topics, projects or readings to acquaint students with accounting literature. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.
Credit hours: 1-3
Contact hours: Contact: 1-3 Other: 1-3
Levels: Graduate
Schedule types: Independent Study
Department/School: Accounting

ACCT 5980 CPA Review
Prerequisites: Admission to MS in accounting program.
Description: Review of content and skills tested on the Certified Public Accountant exam. May not be used for degree credit with ACCT 4943, ACCT 4953, ACCT 4963, or ACCT 4970. Please see Program Coordinator for additional costs associated with the course and related materials. Previously offered as ACCT 5990 and ACCT 5994. Offered for variable credit, 1-4 credit hours, maximum of 4 credit hours.
Credit hours: 1-4
Contact hours: Contact: 1-4 Other: 1-4
Levels: Graduate
Schedule types: Independent Study
Department/School: Accounting
Additional Fees: Business Graduate Program fee of $6 per credit hour applies.

ACCT 6000 Doctoral Research and Thesis
Prerequisites: Approval of advisory committee.
Description: For students working on the doctoral degree. Offered for variable credit, 1-18 credit hours, maximum of 36 credit hours.
Credit hours: 1-18
Contact hours: Contact: 1-18 Other: 1-18
Levels: Graduate
Schedule types: Independent Study
Department/School: Accounting

ACCT 6110 Graduate Readings and Special Topics in Accounting
Prerequisites: Consent of supervising professor and coordinator of graduate programs in accounting.
Description: Supervised reading of significant literature and study of special topics not covered in regularly scheduled accounting courses. Offered for variable credit, 1-3 credit hours, maximum of 20 credit hours.
Credit hours: 1-3
Contact hours: Contact: 1-3 Other: 1-3
Levels: Graduate
Schedule types: Independent Study
Department/School: Accounting

ACCT 6703 Seminar in Accounting Research
Prerequisites: Doctoral student status and consent of coordinator of graduate programs in accounting.
Description: The theoretical literature and research methodology in accounting.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Accounting

ACCT 6803 Capital Markets Research in Accounting
Prerequisites: Consent of supervising professor and coordinator (or director) of the doctoral program in accounting.
Description: This course introduces empirical accounting research literature, particularly in the areas of capital markets, security valuation, and determinants of accounting choices made by managers. Students read and discuss several papers that examine a broad range of research questions and that use a variety of empirical research techniques. The course is designed to enable the student to understand and appreciate extant research, and help the student develop the skills necessary to conduct their own research.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Accounting

ACCT 6903 Analytical and Archival Research
Prerequisites: Consent of supervising professor and coordinator (or director) of the doctoral program in accounting.
Description: This course introduces analytical research literature in the areas of accounting, finance, and economics. Students read and discuss several papers that examine a broad range of research questions and that address those questions using analytical and archival research techniques. The course is designed to enable the student to understand and appreciate extant research, and help the student develop the skills necessary to conduct their own research.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Accounting

Undergraduate Programs

- Accounting Systems: Cyber Audit, BSBA (p. 2942)
- Accounting Systems: Data Analytics, BSBA (p. 2944)
- Accounting: External Reporting, Control, and Auditing, BSBA (p. 2947)
- Accounting: Internal Reporting, Control and Auditing, BSBA (p. 2949)

Graduate Programs

The Master of Science in Accounting Degree

The objective of the MS accounting program is to provide students with a greater breadth and depth in accounting than is possible in the BS program. The MS program has a specific focus on preparing graduates for careers as professional accountants who will complete the Uniform CPA Examination. Students who complete our master's program will be technically adept, resourceful, and ready to compete in a fast-changing, increasingly-global world. In addition to technical competence, the program places particular emphasis on professional ethics, personal responsibility, continuing development of leadership skills, and communication skills. Advanced courses provide a theoretical foundation for insight into significant problems practitioners in the accounting profession will confront. Candidates enter the program as a cohort in the summer semester and may select one of five concentrations: (1) Tax, (2) Financial Reporting and Auditing, (3) Data Analytics and Systems, (4) Corporate Finance, and (5) Research Methods. The program consists of 33 or 34 hours depending on the selected concentration. Please note that some concentrations may not be available every year. Please check with the Program Coordinator if you have questions about a specific concentration, as not all concentrations may be available each year.

Admissions are decided on a holistic approach, with the following criteria preferences being considered: an undergraduate degree, an upper-division grade-point average in accounting of 3.25, an overall grade-point average of 3.0, and a GMAT score of 550.

The Doctor of Philosophy Degree

The PhD in the Spears School of Business with a major in accounting provides the highest degree of preparation for the individual student, enabling the student to make significant contributions in research, teaching, and professional engagement in a university setting. Admission to the program is very competitive.

Graduates of recognized colleges and universities whose records indicate appropriate academic achievement and intellectual capacity may qualify for admission to the program. Additional factors considered in the admissions process include interpersonal skills and professional accounting experience. Satisfactory scores on the GMAT and TOEFL (for non-US applicants) are also required.

Students in the PhD program take a series of seminars that provides an overview of relevant accounting academic literature, along with additional methods coursework that prepares students to conduct high-quality academic research. A student's advisory committee assists in developing a plan of study that adequately covers the student's research and teaching interests. Our PhD students have teaching and research-related responsibilities throughout their program.

Certificates

- Accounting, Systems, and Auditing, UCRT (p. 2946)

Minors

- Accounting (ACCT), Minor (p. 2941)

Faculty

Angela Wheeler Spencer, PhD, CPA—Head
Associate Professors: Brad Lawson, PhD, CPA; Rick Laux, PhD, CPA; Teresa Lightner, PhD, CPA; William C. Schwartz, PhD, CPA; Craig A. Sisneros, PhD; Michael Stuart, PhD, CPA; Michael Wolfe, PhD
Assistant Professors: William Cather, PhD, CPA; John Schomburger, PhD, CPA; Alan Sohn, PhD; Jacqueline Tan, PhD, CFE
Instructors of Professional Practice: Angela Baker, MS, CPA; Rachel Cox, MS, CPA; Rachel Domnick, MS, CPA; Sarah Johnson, MS, CPA; Alyssa Vowell, MBA, CPA; Julie Ward, MS, CPA
Other Faculty: Samantha Baratz, JD, MS, CPA; Steve Crall, MS, CPA; Gaylene Hargrove, MBA, CPA; Bret Little, MS, CPA; Kolby Miller, MS, CPA

Accounting (ACCT), Minor

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about University Academic Regulation 3.1 (p. 1040).

Chesapeake Energy Business Student Success Center, 155 Business Building, 405-744-2772

Minimum Overall Grade Point Average: 2.50
Total Hours: 18

Code	Title	Hours
Minor Requirements		
ACCT 2003	Survey of Accounting	3
ACCT 3004	Foundational Accounting and Data Skills	4
ACCT 3104	Intermediate Accounting I and Data Analysis	4
ACCT 3001	Practicum in Professional Accounting I	1
Select six hours of upper-division accounting from the following:		6
ACCT 3013	Federal Income Taxation	
ACCT 3113	Intermediate Accounting II	
ACCT 3203	Cost Accounting	
Total Hours		**18**

Other Requirements

- "C" or better in each accounting course, 12 of the 18 required accounting hours must be completed at OSU.

Additional OSU Requirements

Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf).

MSIS 3333	Database Systems Development	3
MSIS 4003	Systems Analysis and Design	3
or MSIS 4523	Infrastructure Development	
MSIS 4123	Cybersecurity Systems Management	3
MSIS 4673	Data Visualization	3
or MSIS 4263	Business Intelligence and Predictive Analytics	
Major Electives/Option Requirements:		
Select 3 hours from upper-division MSIS classes		3
Select 3 hours from upper-division ACCT classes		3
Hours Subtotal		**69**
Electives		
Select 8 hours [3]		8
May be selected from any upper- or lower-division area except activity courses in LEIS and PE and lower-division AERO and MLSC. Twelve credit hours earned in advanced AERO and MLSC, exclusive of credit earned for summer camp, may be included in the 120 hours.		
Hours Subtotal		**8**
Total Hours		**120**

1. Courses also meet College and Departmental Requirements and cannot be waived with an Associate's degree.
2. MGMT 3013 Fundamentals of Management (S) is a common body requirement, but is counted in general education requirements.

[3] If ACCT 2103 and ACCT 2203 are substituted for ACCT 2003, hours in the Elective block are reduced by 3.

Other Requirements

1. A minimum of 50 percent of the business hours required for a degree must be OSU delivered in residence or OSU online courses.
2. Forty-five hours of upper-division courses required.

Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2032.

Example Plan of Study

Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

LSB 4323	Law of Commercial Transactions and Debtor-Creditor Relationships	3
Hours Subtotal		**74**
Electives		
Select 3 hours [3]		3

May be selected from any upper- or lower-division area except activity courses in LEIS and PE and lower-division AERO and MLSC. Twelve credit hours earned in advanced AERO and MLSC, exclusive of credit earned for summer camp, may be included in the 120 hours.

Hours Subtotal	**3**
Total Hours	**120**

[1] Courses also meet College and Departmental Requirements and cannot be waived with an Associate's degree.

[2] MGMT 3013 Fundamentals of Management (S) is a common body requirement, but is counted in general education requirements.

[3] If ACCT 2103 and ACCT 2203 are substituted for ACCT 2003, hours in the Elective block are reduced by 3.

Other Requirements

1. A minimum of 50 percent of the business hours required for a degree must be OSU delivered in residence or OSU online courses.
2. Forty-five hours of upper-division courses required.

Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2032.

Example Plan of Study

Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

School of Entrepreneurship

The 21st century is the age of entrepreneurship. It is a time of dynamic change where organizations must be faster, more adaptable and flexible, more aggressive and more innovative in order to survive. The program in entrepreneurship helps prepare students for the entrepreneurial age. Students are encouraged to recognize and develop their innate entrepreneurial potential, and to apply an entrepreneurial mindset to both their professional and personal lives. The program emphasizes the role of entrepreneurial attitudes and behaviors in a wide variety of contexts, including new start-up ventures, growth-oriented small firms, family firms, non-profit entities and public sector organizations. Students are further encouraged to apply entrepreneurial thinking and acting within other disciplines, from architecture and engineering to social work and theatre.

Entrepreneurship is approached as opportunity-driven behavior. It is a process where individuals put resources together in new and novel ways to create value. The value created can be for customers in conventional markets, or it can be social value created for the community. The program centers on helping students develop competencies that will enable them to be more entrepreneurial in a wide variety of contexts. Eleven core competencies are emphasized, including recognizing opportunity, assessing opportunity, mastering your creativity, leveraging resources, guerrilla skills, mitigating and managing risk, planning when nothing exists, innovation-developing ideas that work, building and managing social networks, the ability to maintain focus yet adapt, and implementation of something novel or new. A leading-edge entrepreneurship curriculum is built around these competencies.

As a field of study, entrepreneurship helps students see themselves as agents of change and better equips them to implement creative solutions to emerging opportunities in literally any organizational context. To foster these abilities, the program places considerable emphasis on experiential learning. Innovative experiential opportunities are built into each of the entrepreneurship courses at the undergraduate and master's levels. In addition, the School partners with the Riata Center for Innovation and Entrepreneurship, which manages an incubator, where students can start ventures, a campus-wide business Pitch & Poster Competition, and other student engagement initiatives.

In addition to graduate offerings, the program offers an undergraduate major and minor in entrepreneurship as well as a cross-campus program involving the integration of entrepreneurship into other disciplines (e.g., engineering, art, psychology).

Courses

EEE 1010 Creativity, Innovation and Entrepreneurship
Description: Examination of the creative process. Exploration of underlying premises of creativity, exposure to basic frameworks and concepts, and examination of obstacles to creativity. Emphasis on practical applications. Intended for students in Creativity, Innovation and Entrepreneurship Learning Community. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 1020 Creativity, Innovation and Entrepreneurship II
Description: Examination of the underpinnings of entrepreneurship and innovation as each relates to the creative process. An applied perspective is adopted in exploring the interfaces between creativity, innovation and entrepreneurship. Intended for students in Creativity, Innovation and Entrepreneurship Learning Community. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 1661 Free Enterprise Essentials
Description: An exploration of the free enterprise system on the basis of both wealth creation and societal justice.
Credit hours: 1
Contact hours: Lecture: 1 Contact: 1
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 2003 Imagination In Entrepreneurship
Description: Students will learn creative theory, creativity tools and design thinking tools in order to develop and strengthen their creative thinking skills. Students will apply their learning to discover, define, analyze, and present creative solutions to important current interdisciplinary issues.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 2023 Introduction to Entrepreneurship
Description: Focuses on both the entrepreneurial mindset and the process of launching and growing a new business. Reviews opportunities, innovation, new value creation, business context, existing firms and any area of business or life that pertains to entrepreneurship.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 2083 Entrepreneurship & Society
Description: In this unique course we study the relationship between entrepreneurship and society. Core questions are: How does society, politics, culture, etc. affect entrepreneurship? And how does entrepreneurship affect society, politics, and the economy? Students gain a uniquely broad understanding of entrepreneurship and political economy.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 2890 Introductory Honors Add-On for Entrepreneurship
Prerequisites: Honors College participation and concurrent enrollment in a designated course.
Description: A supplemental introductory honors experience to partner concurrently with designated entrepreneurship course(s). This course adds a different intellectual dimension to the designated course(s). Offered for variable credit, 1-3 credit hours, maximum of 9 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship
General Education and other Course Attributes: Honors Credit

EEE 3020 Business Plan Laboratory
Description: Provides any student regardless of background with a fundamental understanding of the logic and structure of a business plan and a knowledge of basic tools and concepts for putting together a great business plan for an original idea or concept. Applies to for-profit and non-profit ventures. Offered for variable credit, 1-3 credit hours, maximum of 3 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 3023 Introduction to Entrepreneurial Thinking and Behavior
Prerequisites: EEE 2023.
Description: Overview of entrepreneurial thinking and behavior and its role in our lives. Examination of what it takes to start and sustain new concepts and ventures. Central focus is on the issues surrounding effective implementation of the entrepreneurial process across a variety of contexts. May not be used for degree credit with EEE 3673.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 3031 Entrepreneurial Value Creation in Society
Description: This 1-hour seminar presents an intellectual framework for understanding the economic and ethical implications of the forces that promote or hinder the creation of value in society. In particular, students will engage in readings, discussions, and interactions with guest lecturers, related to topics such as: individual liberty and responsibility, economic freedom, fairness and equality, scarcity and property rights, intellectual property, competition and anti-competition, cronyism, authoritarianism, and globalization and free trade. The aforementioned topics will be examined and discussed within the context of governments, institutions, business entities, and consumers, and their collective impact on innovation, entrepreneurship, and advances in social well-being. This seminar should be of interest to students from diverse majors and backgrounds.
Credit hours: 1
Contact hours: Lecture: 1 Contact: 1
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 3033 Women and Minority Entrepreneurship
Description: The course covers race, gender, and ethnicity as factors that impact entrepreneurship. Students look at the theoretical underpinnings of minority and women's entrepreneurship and their opportunities, challenges, and strategies when creating ventures.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 3673 Business Model Discovery
Description: Course teaches the fundamentals of testing the feasibility of a business idea and building an effective business model around a business concept. May not be used for degree credit with EEE 3023.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 3890 Advanced Honors Add-On for Entrepreneurship
Prerequisites: Honors College participation and concurrent enrollment in a designated course.
Description: A supplemental advanced honors experience to partner concurrently with designated entrepreneurship course(s). This course adds a different intellectual dimension to the designated course(s). Offered for variable credit, 1-3 credit hours, maximum of 9 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship
General Education and other Course Attributes: Honors Credit

EEE 4010 Special Topics in Entrepreneurship
Description: Examination of entrepreneurship issues. Specific topics vary from semester to semester. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.
Credit hours: 1-6
Contact hours: Lecture: 1-6 Contact: 1-6
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4080 Riata Internship Program
Prerequisites: Consent of the Director of the Riata Center for Entrepreneurship.
Description: Professionally supervised experience building career-related skills, interests and personal development while making valuable contacts and references. Allows testing skills in real life projects with host companies. Periodic reports, both oral and written, required as specified by the instructor. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.
Credit hours: 1-6
Contact hours: Contact: 1-6 Other: 1-6
Levels: Undergraduate
Schedule types: Independent Study
Department/School: Entrepreneurship

EEE 4090 Study Abroad in Entrepreneurship
Prerequisites: Consent of the School of Entrepreneurship Department Head.
Description: Participation in a School of Entrepreneurship Study Abroad program. May not be used for degree credit with EEE 5090. Previously offered as EEE 3090. Offered for variable credit, 1-6 credit hours, maximum of 18 credit hours.
Credit hours: 1-6
Contact hours: Lecture: 1-6 Contact: 1-6
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4103 Entrepreneurship & the Economy
Description: Explore the role of entrepreneurship in the economy. Learn why the market economy is best understood not as a system or equilibrium but as an unfolding process with entrepreneurship as its driver. The course introduces the teachings of the Austrian school of economics, which focuses on economic understanding through reasoning and logic, not statistical analysis and mathematical modeling. Austrian economics recognizes entrepreneurial value creation as the core of the market process, that value lies in the eyes of the beholder, and that productive capital exists in complex structures intended to produce specific goods and services. Same course as ECON 4353. May not be used for degree credit with EEE 5103 or ECON 5353.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4113 Dilemmas and Debates in Entrepreneurship
Description: Designed around a series of critical dilemmas confronted by entrepreneurs when creating and growing a venture. Entrepreneurs explore with students the issues surrounding these dilemmas in a structured format.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4123 Entrepreneurship and The Arts
Description: Introduces entrepreneurship as a way of thinking and acting within the arts, including fine art, theatre, music and design. Key entrepreneurial competencies are explored, including opportunity recognition, risk management, resource leveraging, and innovation. May not be used for degree credit with EEE 5123. Previously offered as EEE 3123.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4223 Entrepreneurial Marketing
Prerequisites: MKTG 3213.
Description: Examination of the roles of marketing in entrepreneurial ventures and entrepreneurship in the marketing efforts of any organization. Emphasis on marketing as it relates to risk management, resource leveraging and guerrilla approaches. Same course as MKTG 4263. May not be used for degree credit with EEE 5223 or MKTG 5223. Previously offered as EEE 3263.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4253 International Entrepreneurship
Description: The course provides a survey of entrepreneurship under different global settings and the social, economic, cultural, and political challenges found in these settings. May not be used for degree credit with EEE 5253.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4263 Corporate Entrepreneurship
Prerequisites: EEE 3023 or instructor permission.
Description: Examination of the application of entrepreneurship concepts and behaviors within established organizations, assessment of factors contributing to a company's entrepreneurial orientation, and identification of ways to foster high levels of entrepreneurship within firms. No credit for students with credit in EEE 5263.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4313 Emerging Enterprise Consulting
Description: Students nearing the end of their studies work in teams in addressing problems and opportunities within existing entrepreneurial ventures. Using an established methodology, teams work with local entrepreneurs in establishing priorities and producing tangible deliverables that solve business needs. No credit for students with credit in EEE 5313.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4333 Launching a Business: The First 100 Days
Description: Addresses operational challenges in launching a new venture in its very formative stage. Attention is devoted to business formation, risk management, recordkeeping, go-to-market strategy, contracts, facilities, dealing with suppliers, and intellectual property, among other issues. May not be used for degree credit with EEE 5333. Previously offered as EEE 3333.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4403 Social Entrepreneurship
Description: An examination of the application of entrepreneurship concepts and principles in addressing vexing social needs such as hunger, homelessness, environmental degradation, disease, domestic violence and inadequate access to education. Exploration of unique challenges in and approaches for developing and implementing viable business models for social ventures. May not be used for degree credit with EEE 5403. Previously offered as EEE 3403.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4503 Designing, Prototyping, Testing
Description: This course provides students' a hands-on experience in making things. Students conceptualize, design, prototype, manufacture and sell a new product. The class exposes students to using 3D printers along with other makerspace tools. May not be used for degree credit with EEE 5503. Previously offered as EEE 3503.
Credit hours: 3
Contact hours: Lecture: 2 Lab: 2 Contact: 4
Levels: Undergraduate
Schedule types: Lab, Lecture, Combined lecture and lab
Department/School: Entrepreneurship

EEE 4533 Growing Small and Family Ventures
Prerequisites: EEE 3023 or Instructor permission.
Description: Exploration of unique challenges involved when growing small and family-owned ventures. The life stages of emerging enterprises are examined. Issues addressed include resource needs, skill requirements, functional area development, and work-life balance. May not be used for degree credit with EEE 5513. Previously offered as EEE 3513.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4603 Entrepreneurship Empowerment in South Africa
Prerequisites: Instructor permission required.
Description: Introduction to the supporting emerging enterprises assessment model. Includes focused attention on consulting within all the functional areas of an emerging enterprise operating under conditions of adversity. Periodic guest lectures by subject matter experts. Exposure to the local customs, business environment, and culture of entrepreneurs in a South African context. No credit for students with credit in EEE 5603.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4610 Entrepreneurship Practicum
Prerequisites: EEE 3023 and instructor permission.
Description: Transfer of knowledge from entrepreneurship course work into practice through hands-on experiences, such as business development consulting projects, management of a venture capital fund and creation of a student-owned business. Course previously offered as MGMT 4610. Offered for variable credit, 1-6 credit hours, maximum of 6 credit hours.
Credit hours: 1-6
Contact hours: Lecture: 1-6 Contact: 1-6
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4653 Venture Capital
Description: Approaches to raising and managing working capital in emerging enterprises. Examination of the many sources of financing for start-up and early stage ventures. Attention devoted to determining financial needs of new ventures and formulating, determining valuations and formulating deal structures. Course previously offered as MGMT 4653.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4663 Applied Creativity & Design Thinking
Description: Exploration of creativity and ideation as they relate to entrepreneurship. Perspectives on opportunity discovery and assessment are examined. Theoretical and conceptual foundations for the application of creativity to business problem solving are investigated. May not be used for degree credit with EEE 5663. Previously offered as EEE 3663.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4703 Project Management for Entrepreneurship
Description: Understanding invaluable basic project management skills for startup entrepreneurs and innovators within existing organizations (intrapreneurs) and to successfully manage projects in general. No credit for students with credit in EEE 5703.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

EEE 4813 The Entrepreneur: Hero or Villain (H)
Description: An exploration of the entrepreneur in both historic and contemporary settings through the lens of ideas, events, and fine arts. May not be used for degree credit with EEE 5813. Previously offered as EEE 3813.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship
General Education and other Course Attributes: Human Heritage & Cultures

EEE 4863 Developing Innovative Ideas
Prerequisites: Permission of instructor.
Description: Course teaches the fundamentals of testing the feasibility of a business idea and building an effective business model around a business concept.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Entrepreneurship

Undergraduate Programs

- Entrepreneurship, BSBA (p. 2958)

Graduate Programs

The School of Entrepreneurship offers a concentration in Entrepreneurship as part of the Master of Business Administration. A PhD in business administration with concentration in entrepreneurship is available to prepare students for careers in academia.

The Master of Business Administration (MBA) Degree with Entrepreneurship Concentration

(See "Business Administration (p. 2992)".)

The Doctor of Philosophy Degree

The PhD in business administration with concentration in entrepreneurship is primarily focused on producing scholars who will be thought leaders in the discipline of entrepreneurship. The program prepares students primarily for careers in academia. Coordinated by the School of Entrepreneurship, students are given an intense exposure to theory and research methods.

The doctoral program involves sixty credit hours beyond the master's degree, of which approximately forty-two hours are coursework, depending upon the student's background, the remaining hours are associated with dissertation work. It is a four-year program, with two years devoted to coursework, followed by comprehensive exams and a dissertation proposal, and then the writing and defending of the dissertation. Students complete fifteen hours of core doctoral seminars in entrepreneurship and management, twelve hours of statistics and research methods courses, nine hours of doctoral or equivalent hours in a minor field, and six hours of approved doctoral-level or equivalent electives. Students typically minor in such fields as psychology, sociology, anthropology, public policy or finance.

Doctoral students are expected to publish while in the program, and also to teach entrepreneurship courses. Faculty mentors work closely with students on research projects while they are in the program, initially involving the student in ongoing research projects, and ultimately working on projects initiated by the student. Students are expected to develop and refine their research interests over the first two years of the program, culminating in the identification of a dissertation topic. The School of Entrepreneurship, with a world-class cadre of entrepreneurship researchers, is well-positioned to support a wide range of topical areas that fit the student's interests.

Outstanding individuals with master's degrees in any field of study may apply. The application for admission to the program is evaluated based on the following:

1. undergraduate and graduate grade-point averages,
2. the student's score on the Graduate Management Admission Test (GMAT),
3. a two- to three-page statement describing career goals, academic interests and research questions that intrigue the applicant,
4. three letters of recommendation, and
5. evidence of research potential.

Based on this review, a personal interview is arranged with selected candidates, and then a final acceptance decision is made. Applicants are responsible for ensuring all relevant materials are submitted to the School prior to deadlines.

Total Hours		**15**

Other Requirements

- Maximum of 6 non-EEE course credit hours.

Additional OSU Requirements

Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf).

Select 9 hours from any upper-division Entrepreneurship course.		9
Select an additional 12 upper-division hours from fields in the Spears School of Business		12
Hours Subtotal		**66**
Electives		
Select 11 hours [3]		11
May be selected from any upper- or lower-division area except activity courses in LEIS and PE and lower-division AERO and MLSC		
Twelve credit hours earned in advanced AERO and MLSC, exclusive of credit earned for summer camp, may be included in the 120 hours		
Hours Subtotal		**11**
Total Hours		**120**

1. Courses also meet College and Departmental Requirements and cannot be waived with an Associate's degree.
2. MGMT 3013 Fundamentals of Management (S) is a common body requirement, but is counted in general education requirements.
3. If ACCT 2103 and ACCT 2203 are substituted for ACCT 2003, hours in the Elective block are reduced by 3.

Other Requirements

1. A minimum of 50 percent of the business hours required for a degree must be OSU delivered in residence or OSU online courses.
2. Forty-five hours of upper-division courses required.

Additional State/OSU Requirements

- **At least:** 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 and 50% of the upper-division hours in the major field completed at OSU.

- **Limit of:** one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2032.

Example Plan of Study

Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

- A minimum of 50 percent of the business hours required for the certificate must be OSU delivered in residence or OSU online courses.

School of Marketing and International Business

The School of Marketing and International Business supports two primary undergraduate majors in the Spears School of Business, (1) **Marketing** and (2) **International Business**. In addition, the department is home to the Center for Sales and Service Excellence and the associated **Certificate in Sales and Service Excellence**. Marketing is an exciting field of study leading to a variety of job opportunities both in the private sector and in not-for-profit organizations. In addition, it provides an excellent career path to top management within an organization. Because almost every business has international operations or is affected by events, competitors, and conditions in the global economy, a degree in International Business can open career opportunities both internationally as well as in the United States.

Marketing

Companies become successful by delivering products and services that satisfy their customers' needs. That sounds easy—but getting to that point requires a lot of hard work, much of which is performed by marketing professionals. Marketing is one of the most popular majors on campus, and for good reason: Everyone in an organization is involved in marketing, even if "marketing" isn't in their job titles! (We explain why everyone is a marketer in the basic marketing course in the Spears core curriculum.)

Marketing professionals perform many activities within organizations. They identify buyers' needs (often through marketing research), develop and manage products/services to meet those needs, develop and manage the supply chain, set prices, communicate with current and potential buyers in a variety of different ways (including professional selling, advertising, and so on), develop and implement service processes, and lots more. In addition, they recruit, train, and manage employees in all these areas. The buyers may be individuals (business-to-consumer marketing, B2C) or organizations (business-to-business marketing, B2B). In many ways, "marketing" is synonymous with "doing business." A business can't last long if it doesn't sell anything. And it won't sell anything if it can't help buyers satisfy their needs.

Marketing professionals enjoy careers in many different areas—professional selling, communications management, supply chain management, product and brand management, pricing, recruiting, customer service, and marketing research and analytics. Marketing professionals work across a wide variety of industries and not-for-profit organizations.

OPTIONS: Marketing is a broad area of study. We have designed the marketing major so that students may choose to get a taste of many different areas or to focus their studies in more specific areas.

- **Marketing Major (general).** For students who want the widest understanding of marketing, we offer the general marketing major degree program. This program offers the greatest degree of flexibility in terms of coursework.
- **Marketing: Option in Professional Selling and Sales Management.** Many (or most) marketing students pursue careers in which they get to interact and form relationships with buyers, clients, or others who purchase products and services from their companies. Opportunities are everywhere for professional salespeople or those who want to work in a retail setting. These careers typically offer high earning potential and are likely the best place to enter an organization for those who want to really understand customers' needs and how the products and services of a company can satisfy those needs. Plus, being able to relate to customers and form relationships with them are skills that are not easily automated and will always be in demand. Students pursuing the Professional Selling and Sales Management option may also be interested in applying to participate in the ***Certificate in Sales and Service Excellence*** program (see below).
- **Marketing: Option in Sports Marketing and Revenue Generation.** The Sports Marketing Option provides students with a unique blend of marketing principles and sports industry knowledge, preparing them for a dynamic career. Students learn to develop and implement marketing strategies, social media, sports events, and understand consumer behavior specific to sports. This option often includes practical experiences such as internships with sports teams, agencies, and media outlets, giving students hands-on experience and networking opportunities.
- **Marketing: Option in Supply Chain Management.** The Supply Chain Management Option equips students with the skills to oversee and optimize the flow of goods and services from production to consumption. This option covers key areas such as logistics, inventory management, and strategic sourcing, preparing graduates for dynamic roles in various industries. By combining theoretical knowledge with practical applications, students learn to enhance efficiency and reduce costs in supply chain operations.

CERTIFICATE IN SALES AND SERVICE EXCELLENCE: The ***Center for Sales and Service Excellence*** is housed within the School of Marketing and International Business. The Center is designed to provide instruction to students and promote original scholarly research in the area of organizational frontline marketing management. Interactions between frontline employees and their customers form the building blocks from which businesses are made. Many undergraduate students join organizations at entry-level positions where the focus is on customer-related activities, including sales, retailing and customer service. Students who apply and are accepted into the Certificate in Sales and Service Excellence program get specialized training, can participate in regional and/or national sales competitions, and interact with representatives of our Industry Partner companies on a regular basis. Such training will benefit not only students who plan on professional selling careers or customer service, but also those who intend to practice law, medicine, or own their own businesses. Successfully managing customer interactions forms the foundation for success regardless of industry.

International Business

The **International Business** degree program is a cross-disciplinary program of study that provides the foundation of business and how it intersects with culture, diversity, and language. The program has the flexibility to be tailored to an individual student's specific interests. One of the biggest advantages of the program is its focus on helping students become culturally aware and able to detect important differences in how business is conducted in different regions of the world. International business majors might choose to focus on specific areas of the world by including geography, history, or political science courses relative to those areas. International Business majors can also increase their knowledge and abilities of a specific business discipline by adding a second business major, minor, or certificate (e.g., the Certificate in Sales and Service Excellence).

Many international business majors take advantage of the opportunities afforded by Oklahoma State University to either study abroad or take an international internship. The Cagle Center is the Spears School of Business' launching pad for taking short-term, faculty-led study abroad trips to exciting locations such as China, England, France, Greece and many other locales. OSU's study abroad office, located in the Student Union, is a great place to get information about all of the long-term study opportunities available. What surprises many students is the amount of financial assistance available. When you stop by the Cagle Center or the OSU study abroad office, make sure to ask about scholarship and grant programs.

Courses

MKTG 3112 Marketing
Credit hours: 2
Contact hours: Lecture: 2 Contact: 2
Levels: Undergraduate
Schedule types: Lecture
Department/School: Marketing

MKTG 3213 Marketing (S)
Description: Marketing strategy and decision-making. Consumer behavior, marketing institutions, competition and the law.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture

Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Marketing

MKTG 6913 Measurement and Experimental Design
Description: An analysis of measurement issues from both psychometric and marketing perspectives. Scale construction and validation. The design, analysis, and evaluation of marketing experiments.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Graduate
Schedule types: Lecture
Department/School: Marketing

Undergraduate Programs

- International Business, BSBA (p. 2972)
- Marketing, BSBA (p. 2978)
- Marketing: Marketing Communications Management, BSBA (p. 2980)
- Marketing: Marketing Research and Analytics, BSBA (p. 2982)
- Marketing: Professional Selling and Sales Management, BSBA (p. 2984)
- Marketing: Sports Marketing and Revenue Generation, BSBA (p. 2986)
- Marketing: Supply Chain Management, BSBA (p. 2988)

Graduate Programs

The School of Marketing and International Business offers work leading to the Master of Business Administration, the Master of Business Analytics and the Doctor of Philosophy in business administration degrees. In addition, the School of Marketing and International Business offers work leading to Graduate Certificate in Business Data Mining and Graduate Certificate in Marketing Analytics.

The Master of Business Administration (MBA) Degree

See "Business Administration (p. 2992)."

The Master of Science in Business Analytics and Data Science (BAnDS) Degree

This is an interdisciplinary program that offers hands-on application of data analysis along with a unique blend of coursework in Analytics, Marketing, Statistics, Business, MIS and Industrial Engineering. The structure of the curriculum has been carefully designed in consultation with our advisory board companies to balance the need of understanding quantitative approaches, statistical modeling and machine-learning algorithms; data visualization and exploration; and interpretation of results and the ability to apply these results for solving business problems.

The MS in BAnDS is a 37-hour program featuring a core of 25 hours (18 for part time), including a business practicum. The 12 hours of electives allow students to specialize in areas such as business, statistics, information science or industrial engineering. In addition to the MS in BAnDS degree, students in this program may also receive the following three certificates depending on elective courses taken, credentials achieved and so on: SAS® and OSU Data Mining Certificate (core level), SAS® and OSU Predictive Analytics Certificate (advanced level) and SAS® and OSU Marketing Data Science Certificate (expert level).

Admission requirements for the MS in BAnDS are similar to the admission requirements for the other master's programs in the Spears School of Business. Information about the program is available on the Internet at https://go.okstate.edu/graduate-academics/programs/masters/business-analytics-and-data-science-ms.

The Doctor of Philosophy Degree

The PhD in business administration program through the School of Marketing and International Business provides intensive study in marketing. It prepares the student for significant professional contributions in university teaching and research or staff positions in business or government.

The program is quite flexible and individually structured to meet the needs and objectives of each candidate. The program is designed to create scholars and researchers in the field of marketing. Highly student-oriented, the program focuses on training individuals in current marketing theory and research techniques. Collaboration between students and faculty is strongly encouraged.

Program Content

The student will take 15 hours of PhD seminars in marketing. The student must also complete a nine-hour minor in another discipline such as economics, management, sociology or psychology. As support for the major and minor fields of study, extensive coursework (normally 18 credit hours) in the area of quantitative/research methodology is required.

In preparation for the program, it is advisable for candidates to have completed appropriate basic courses in calculus and statistics. Likewise, candidates are expected to have a basic competence in the major functional areas of business—accounting, finance, operations management, organizational theory, economics and marketing. Competence in the functional areas is usually assumed for candidates having recently completed an appropriate graduate course in each area in an MBA program accredited by the Association to Advance Collegiate Schools of Business (AACSB).

Application Procedure

Outstanding undergraduate or graduate students from any field of study may apply. For those with an MBA, the program will normally consist of two years of coursework and two years of dissertation work. For those without a master's degree, the plan of study for the PhD degree will typically allow for the granting of an MBA prior to completion of the PhD degree. Applications for admission to the program are evaluated on the basis of the following:

1. undergraduate and graduate grade-point averages,
2. the score on the Graduate Management Admissions Test or Graduate Record Examination,
3. a two- or three-page statement describing goals and academic interests,
4. three letters of recommendation,
5. evidence of research potential, and
6. a personal interview when feasible.

It is the responsibility of each applicant to ensure that all materials related to the above criteria are submitted to the Graduate College and received by the School of Marketing and International Business. Application forms are available online through the Graduate College. A detailed explanation of the PhD degree in business administration with an emphasis in marketing is available through the department.

Graduate Certificate in Business Data Mining

This certificate program is designed to help working professionals with technical background who do not want to pursue a full master's degree yet want to acquire data mining or predictive analytics skills by taking a series of courses online. Working professionals admitted in this program can complete coursework in 12-24 months by taking courses online. Those enrolled in the graduate certificate in business data mining may be able transfer the credit hours to the MS in Business Analytics if they choose to apply for admission into the MS degree at a later date. Along with the graduate certificate in business data mining, students in this program may also receive all of the following three certificates (depending on courses taken, credentials achieved, etc.): SAS and OSU Data Mining Certificate (core level), SAS and OSU Predictive Analytics Certificate (advanced level) and SAS and OSU Marketing Data Science Certificate (expert level).

More details about this program (including procedure and admission requirements) are on the website: https://osuonline.okstate.edu/programs/certificates/business-analytics-data-science.html.

Certificates

MGMT 3013	Fundamentals of Management (S)	
MKTG 3213	Marketing (S)	
Select 3 hours of any upper division business class or AGEC 4343.		3
Total Hours		**27**

Additional OSU Requirements

Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.

For additional information on requirements on minors, click here (https://adminfinance.okstate.edu/site-files/documents/policies/requirements-for-undergraduate-and-graduate-minors.pdf).

Select an additional 18 hours of upper-division business courses from any field in the Spears School of Business. A minor in a selected business field is highly recommended.		18
Hours Subtotal		**66**
Electives		
Select 11 hours [3]		11

May be selected from any upper- or lower-division area except activity courses in LEIS and PE and lower-division AERO and MLSC. 12 credit hours earned in advanced AERO and MLSC, exclusive of credit earned for summer camp, may be included in the 120 hours.	
Hours Subtotal	**11**
Total Hours	**120**

[1] Courses also meet College and Departmental Requirements and cannot be waived with an Associate's degree.

[2] MGMT 3013 Fundamentals of Management (S) is a common body requirement, but is counted in general education requirements.

[3] If ACCT 2103 and ACCT 2203 are substituted for ACCT 2003, hours in the Elective block are reduced by 3.

Other Requirements

1. A minimum of 50 percent of the business hours required for a degree must be OSU delivered in residence or OSU online courses.
2. Forty-five hours of upper-division courses required.
3. The student must indicate international cultural proficiency as evidenced by a combination of 9 hours of course credit in any of the following areas:
   a. Modern foreign language
   b. Study abroad programs
   c. Semester study abroad program
   d. Upper-division "I" designation coursework

Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2032.

Example Plan of Study

Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

May be selected from any upper- or lower-division area except activity courses in LEIS and PE and lower-division AERO and MLSC. Twelve credit hours earned in advanced AERO and MLSC, exclusive of credit earned for summer camp, may be included in the 120 hours.		
Hours Subtotal		**14**
Total Hours		**120**

1. Courses also meet College and Departmental Requirements and cannot be waived with an Associate's degree.
2. MGMT 3013 Fundamentals of Management (S) is a common body requirement, but is counted in general education requirements.
3. If ACCT 2103 and ACCT 2203 are substituted for ACCT 2003, hours in the Elective block are reduced by 3.

Other Requirements

1. A minimum of 50 percent of the business hours required for a degree must be OSU delivered in residence or OSU online courses.
2. Forty-five hours of upper-division courses are required.

Additional State/OSU Requirements

- **At least:** 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 and 50% of the upper-division hours in the major field completed at OSU.

- **Limit of:** one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2032.

Example Plan of Study

Finish in Four Plan of Study

The plan below is an example of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Select an additional 9 hours of upper-division courses from any field in the Spears School of Business.		9
Hours Subtotal		**63**
Electives		
Select 14 hours [3]		14
May be selected from any upper- or lower-division area except activity courses in LEIS and PE and lower-division AERO and MLSC. Twelve credit hours earned in advanced AERO and MLSC, exclusive of credit earned for summer camp, may be included in the 120 hours.		
Hours Subtotal		**14**
Total Hours		**120**

[1] Courses also meet College and Departmental Requirements and cannot be waived with an Associate's degree.

[2] MGMT 3013 Fundamentals of Management (S) is a common body requirement, but is counted in general education requirements.

[3] If ACCT 2103 and ACCT 2203 are substituted for ACCT 2003, hours in the Elective block are reduced by 3.

Other Requirements

1. A minimum of 50 percent of the business hours required for a degree must be OSU delivered in residence or OSU online courses.
2. Forty-five hours of upper-division courses required.

Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2032.

Example Plan of Study

Finish in Four Plan of Study

The plan below is an **example** of how students can successfully complete degree requirements in four years. This suggested class schedule plan may be used as a guide and can be adjusted based on individual needs. Students are required to meet with an academic advisor prior to enrollment each semester to plan their class schedule, and students are ultimately responsible for completing all degree requirements.

Watson Graduate School

Watson Graduate School of Management provides support for several collegewide and departmental graduate programs. Links to all the program options are provided below, but the collegewide programs are described first.

Many of our Masters programs have dual degree agreements to let prospective students pursue two graduate degrees. In addition, many programs have "4+1" options so that OSU undergraduate students can apply for a Masters degree while pursuing their undergraduate degree and begin work towards their graduate degree to be able to accelerate completion of the masters degree coursework. Program websites identify these arrangements and steps.

The Master of Business Administration Degree

The Master of Business Administration program provides graduate professional education for individuals preparing for administrative careers in either the private or public sectors. It is a comprehensive yet flexible program providing the knowledge and analytical tools to cope with the complexities of management within diverse environments. There are a number of delivery options for the MBA: full-time, part-time and online.

Full-Time MBA

The full-time MBA is a 36-credit-hour semi-lockstep program designed for individuals who want a cohort-based experience. Applicants must have earned a four-year undergraduate degree or equivalent from an accredited university and have competitive GPA and GMAT/GRE scores. Students choosing a general MBA are free to select 9 hours of electives in functional areas of business such as marketing, finance or management. Students seeking a more in-depth area of study may embed a graduate certificate program into their MBA elective coursework.

Part-Time MBA

The part-time MBA is a 36-credit-hour program (with 3-hour credit for relevant prior experience leading to effectively 33-hours) designed for individuals who wish to enroll on a part-time basis. The self-paced program allows students to take classes as their schedules permit. Students seeking a more in-depth area of study may embed a graduate certificate program into their MBA elective coursework. Applicants must have earned a four-year undergraduate degree or equivalent from an accredited university and have competitive GPA and GMAT/GRE scores if significant post-completion work experience hasn't yet been established. See program website for more details.

Online

The MBA part-time program can be completed through a distance-learning format. The online MBA is a 36-credit-hour program (with 3-hour credit for relevant prior experience leading to effectively 33-hours). Distance learning is an ideal educational format for individuals seeking an alternative to the traditional on-campus classroom experience. Classes are delivered via video streaming on the Internet. Interaction with faculty and other students occurs through a web-based environment. Students seeking a more in-depth area of study may embed a graduate certificate program into their MBA elective coursework.

Regardless of the delivery option, admission is granted on a competitive basis to those students whose potential for successful graduate study is clearly indicated by the undergraduate grade-point average, the scores on the Graduate Management Admissions Test or GRE, letters of recommendation from two sources, past work experience, extracurricular and community activities and stated career goals.

The required number of credit hours for the MBA degree and consideration of a waiver for GMAT/GRE scores for admission under exceptional circumstances are subject to changes after approval by the OSRHE.

MS BAnDS

The MS in Business Analytics and Data Science (MS BAnDS) is a STEM designated program that develops the next generation of analytics and data science professionals to tackle real-world challenges. We use state-of-the-art enterprise level analytics software from multiple vendors such as Alteryx, Azure, Power BI, Tableau, SAS, Snowflake as well as open source software such as Google Colab, Python and R which provide great advantages in the competitive job market.

The MS BAnDS (https://business.okstate.edu/analytics/) program requires 38 credit hours (with 5-hour credit for relevant prior experience leading to effectively 33 hours for online students). Check our Plan of Study (https://business.okstate.edu/analytics/plan_of_study.html) page for core course details, electives and software used in each core course, and graduates typically find employment (https://business.okstate.edu/analytics/student_placement.html) as data scientists, data/business analysts or consultants, or statistical analysts. It is a 21-months program (for full-time on campus students) of which up to 7 months may be used for internships. Beyond core courses, all students have the choice of specializing in various pre-approved options or, creating a completely customized set of electives to fit their career goals.

Admissions

Admissions are decided on a holistic approach with successful candidates meeting the following preferences:

- GMAT or GRE are required with minimum recommended scores above the 51st percentile in each of the test areas.
- Work experience is considered during the application review process and is strongly encouraged for all candidates.

The Doctor of Philosophy Degree

The PhD in business administration is an interdepartmental program in the Spears School of Business, including accounting, entrepreneurship, finance, hospitality and tourism management, management, management science and information systems, marketing and an executive research option. The degree emphasizes flexibility to meet the particular needs and objectives of individual candidates. The program is designed to provide the highest degree of preparation for the individual student, enabling him or her to make significant professional contributions in research, teaching or business or governmental positions.

Requirements

Students select one major area of study from either accounting, entrepreneurship, finance, hospitality and tourism management, management, management information systems/management science or marketing, and two minor areas. The dissertation is usually written in

the student's major area. One of the minor areas must be taken in the Spears School of Business. The second minor may be taken from another department within the Spears School of Business or from a department outside the Spears School.

All candidates for the PhD degree in business administration are expected to have a basic competence in all the major functional areas of business administration—accounting, economics, finance, management, management information systems/management science and marketing. In addition, basic competence is expected in research methods and statistics. Students who possess a recent master's degree in business from a program accredited by the Association to Advance Collegiate Schools of Business (AACSB International) will generally have satisfied most of the basic competence requirements in these areas.

Administration

The program is administered by the dean of the Graduate College and the department in which the student enrolls with the assistance of a faculty advisory committee.

Major and Minor Areas

The candidate's advisory committee is responsible for assisting in the development of a plan of study that assures competence in the major and minor areas and in economics and quantitative analysis. All PhD students in residence are required to do teaching or research on a half-time basis while earning the degree.

For additional information about the PhD see the respective departments.

In addition, Spears Business offers several specialized masters and graduate certificate programs. Information on these is linked below.

Doctor of Business Administration (DBA)

This AACSB-accredited Doctor of Business Administration is designed for experienced professionals in business and management. It is a terminal degree that combines rigorous coursework with applied research to develop advanced skills in critical thinking and decision-making. The DBA curriculum focuses on solving real-world business challenges and aims to develop industry leaders who can make significant contributions in their fields. Students will engage in specialized studies within a chosen area of concentration and complete a doctoral thesis that contributes new knowledge to the field of business administration. It is offered in a hybrid format with a mix of in-person residencies and the opportunity to specialize through online coursework.

PhD in Business for Executives

Oklahoma State University offers an AACSB accredited Ph.D. in Business Administration for Executives that allows organizational leaders to earn a doctorate while continuing their full-time careers. The program is designed to bridge rigorous academic study and business practice through a rich research-based curriculum and practical research. It is offered in a hybrid format with in-person residencies.

THE HONORS COLLEGE

Richard Frohock, PhD—Associate Dean
Stephanie Miller, PhD—Teaching Associate Professor
John Andrews, PhD—Teaching Assistant Professor
Nicole Colston, PhD—Teaching Assistant Professor
Ebonie Hill—Program Manager
Shelley Schauer—Executive Administrative Assistant
Andrea Bradley, PhD—Honors Senior Academic Advisor II
Kerri Farnsworth Hoback, PhD—Honors Academic Advisor III
Celeste Luna, PhD—Honors Academic Advisor III
Christine Thomas, PhD—Honors Academic Advisor III
Isaac Carroll—Honors Academic Advisor I
Breyanna Mitchell—Honors Academic Advisor I
Emma Speer—Honors Academic Advisor I

Oklahoma State University is an active member of the National Collegiate Honors Council and the Great Plains Honors Council. The Honors College Degree is composed of a university-wide General Honors component and specialized upper-division components at the departmental or college levels. The Honors College provides motivated students with the opportunity to study, conduct research, and exchange ideas in an exciting and supportive academic environment. Honors sections are offered in many general education courses, and special honors seminars, add-ons and interdisciplinary honors courses also are available. Honors classes are taught by outstanding faculty members and the classes are small in size to facilitate active student involvement. Additionally, the honors experiential learning program allows students to earn honors credit for meaningful, substantive activities that take them beyond the classroom. A wide range of specified activities (arranged under the headings Academics, Arts, Leadership, Study Away, and Service) can qualify for honors points (equivalent to hours) that can be applied toward the general honors award (GHA), to maintain active status, and/or toward additional hours needed for the honors degree after completion of the GHA and departmental/college awards.

Completion of the requirements for the General Honors Award leads to special designation on the student's OSU transcript, as does completion of the requirements for the Departmental or College Honors Award in the student's academic major. Students who complete both the General Honors Award and the Departmental Honors award and earn a minimum of 30 honors credit hours, with a 3.50 cumulative grade-point average at graduation, receive the Honors College Degree, indicated with a special entry on their transcripts and special honors diplomas.

Additional advantages for active participants in The Honors College include priority enrollment, access to various engagement and social activities exclusive to honors students, and an honors housing option in Stout Hall (on a rooms-available basis).

Admission of new first-year students to The Honors College is based on a high school grade-point average of 3.75 and an ACT composite score of 27 (or comparable SAT-R score). Students who do not meet one or both of these requirements may petition for admission. The petition form is available when the student applies to The Honors College through the OSU admissions application or the Common App. Oklahoma State University uses the highest cumulative GPA (weighted or unweighted based on a 4.0 scale) indicated on a student's official high school transcript for admission and scholarship purposes. GPAs not using a 4.0 scale will be converted to a 4.0 scale.

Students other than new first-year students may be admitted to The Honors College on the basis of their overall grade-point average (7-59 hours earned: 3.30; 60-93 hours earned: 3.40; 94 or more hours earned: 3.50). Transfer students must have completed at least seven college credit hours (not including concurrent enrollment while in high school) to be eligible on the basis of college performance if they do not have the required high school grade-point average and ACT score.
In addition to meeting the Honors criteria, admission to The Honors College is contingent on space being available. The final deadline to apply to The Honors College is February 1st. Students must be admitted to OSU to apply to The Honors College. Apply online at admissions.okstate.edu/apply (https://admissions.okstate.edu/apply). There is no additional fee to apply to The Honors College. Honors eligibility is subject to periodic review, so be sure to check with The Honors College for current requirements.

For additional information about The Honors College, interested students should consult the Program Manager of The Honors College, 101 Old Central, or visit https://honors.okstate.edu (http://honors.okstate.edu).

OSU-Tulsa Honors Award

This award was created for OSU-Tulsa students and is ideal for transfer students. In general, the OSU-Tulsa Honors Award requires a minimum of 18 honors credit hours with a grade of "A" or "B", including a 3-hour thesis prep and 3-hour thesis or creative component, with a cumulative graduation/retention GPA of 3.50 or higher. Up to nine of the 18 honors credit hours can be transferred in from eligible honors programs. Students who earn the OSU-Tulsa Honors Award receive a certificate, and the award is posted to their undergraduate transcripts.

For additional information about the OSU-Tulsa Honors Award, interested students should consult the Program Manager of The Honors College, 101 Old Central, or visit https://honors.okstate.edu.

Courses

HONR 1000 Introductory Honors Topics
Prerequisites: Introductory Honors Topics.
Description: Introduction to topics in various disciplines by faculty from the undergraduate colleges for freshman and sophomore students in the University Honors College. Offered for variable credit, 1-3 credit hours, maximum of 12 credit hours.
Credit hours: 1-3
Contact hours: Contact: 1-3 Other: 1-3
Levels: Undergraduate
Schedule types: Independent Study
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 1010 Introductory Honors Seminar in Social Sciences
Prerequisites: Honors College participation.
Description: Introduction to topics in social science disciplines by faculty from the undergraduate colleges for freshman and sophomore students in the University Honors College. Offered for variable credit, 1-3 credit hours, maximum of 12 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 1020 Introductory Honors Seminar in STEM
Prerequisites: Honors College Participation.
Description: Introduction to topics in STEM disciplines by faculty from the undergraduate colleges for freshman and sophomore students in the University Honors College. Offered for variable credit, 1-3 credit hours, maximum of 12 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 1030 Introductory Honors Seminar in Arts and Humanities
Prerequisites: Honors College participation.
Description: Introduction to topics in arts and humanities disciplines. Offered for variable credit, 1-3 credit hours, maximum of 12 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 1093 Patterns and Symmetry in Mathematics (Q)
Prerequisites: Honors Program participation.
Description: Tessellations, or repetitive patterns in the plane and in space, and the symmetries, or rigid motions, that preserve them. Illustrations from art, architecture, science, and nature. For the Honors student.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Analytical & Quant Thought, Honors Credit

HONR 1103 The US Presidency (as seen on TV) (S)
Prerequisites: Honors College participation.
Description: This course will focus on the relationship between the U.S. Presidency and the media, starting from the Roosevelt administration. The course also examines the unique communication opportunities Presidents (and those seeking the office) can utilize, from news conferences to debates. Special consideration will be given to the impact of new and social media and whether it is diminishing the impact of television on coverage of the office.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit, Society & Human Behavior

HONR 1113 Active Aging for L.I.F.E (DS)
Prerequisites: Honors College participation.
Description: Active aging allows people to realize their potential for physical, social and mental well-being throughout the life course. In this honors seminar you will acquire a great deal of information on a wide range of topics in order to build your personal understanding of the relationships between Longevity, Independence, Fitness and Engagement for active aging.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Diversity, Honors Credit, Society & Human Behavior

HONR 1123 The Art of Mindful Living (H)
Prerequisites: Honors College Participation.
Description: Meditation and mindfulness are becoming ever-more relevant and important in our busy modern world and life. This course presents the basics for both understanding and practicing mindfulness so to live a more peaceful and fulfilled life.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 1133 Place-As-Text Seminar (H)
Prerequisites: Honors College Participation.
Description: Place-as-Text™ is a curriculum developed and taught by honors colleges and programs around the country. These courses focus on a place, often a city, and explore life and culture there through immersive, experience-based activities. Students will learn to observe closely, "read" what they encounter and experience, and independently analyze how cultural ideas create real living conditions.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 1153 Sex in College Culture Honors (S)
Prerequisites: Honors College Participation.
Description: Within college culture, individual identity and behavior, social expectations, and campus policies coalesce to influence the sexual experiences of college students. This course examines gender; sexual scripts; dating, hooking up, and relationships; sexual orientation; Greek life; and sexual violence as confined within and ultimately shaped by college culture.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit, Society & Human Behavior

HONR 1203 Mapping Mental Illness (DS)
Prerequisites: Honors College Participation.
Description: This course examines mental illness from a sociological perspective, focusing on its social production, distribution, and consequences across time and place. Students analyze how race, class, gender, sexuality, age, location, and ability shape mental health experiences and access to care. Through historical and contemporary perspectives, the course explores stigma, institutions, and systems of power that produce and reproduce inequality in mental health outcomes.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Diversity, Society & Human Behavior

HONR 1503 Integrative Biology: The Mind (N)
Prerequisites: Honors College participation.
Description: The Mind connects biopsychology to real world behavior and shows how millions of years of cognitive evolution have shaped how we see the world and how we make decisions based on our perceptions. This is a natural science course that addresses important contemporary social issues and will be uniquely effective at helping prepare students to not only be successful young academics, but conscientious thoughtful members of society as well.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit, Natural Science Reasoning

HONR 2013 Honors Law and Legal Institutions (S)
Prerequisites: Honors Program participation.
Description: An introduction to law in American society with reference to its European origins; its political, economic, psychological, and sociological dimensions; and the substantive law in selected areas. Introduction to legal reasoning and legal research techniques. For the Honors student.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit, Society & Human Behavior

HONR 2023 Constitutional Dimensions of Diversity (DS)
Prerequisites: Honors College participation.
Description: An introduction to American constitutional law as it relates to diversity issues through the study of landmark Supreme Court decisions affecting the rights of various minorities. Introduction to legal research techniques.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Diversity, Honors Credit, Society & Human Behavior

HONR 2063 Ethical Issues Across Cultural Perspectives (H)
Prerequisites: Honors Program participation.
Description: An introduction to reasoned methods of evaluating ideas and arguments as they pertain to ethical issues from a global perspective. Concepts including obligation, justice, and ethnicity from Lao Tzu, Maimonides, Kant, and Indian wisdom stories. Environmentalism, technology, and cultural knowledge. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2073 The Story of Lizzie Borden: Axe Murder in American Culture (DH)
Prerequisites: Honors College participation.
Description: In 1892, Lizzie Borden was accused of killing her father and stepmother with an axe. She was eventually acquitted, but her story had captured the American cultural imagination. This course examines representations of the Lizzie Borden story in news reports, true crime, short fiction, poems, novels, plays, a ballet, and multiple films, exploring how changing concepts of gender shape the way in which the story is told in different media and in different moments in American history.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Diversity, Human Heritage & Cultures, Honors Credit

HONR 2083 Honors Flash Fiction: A Tiny Genre with a Big Impact (DH)
Prerequisites: Honors College participation.
Description: This honors seminar explores diversity in contemporary American culture through the lens of flash fiction; very short stories.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Diversity, Human Heritage & Cultures, Honors Credit

HONR 2093 Tornadoes in American Culture (H)
Prerequisites: Honors College participation.
Description: This honors seminar will explore how tornadoes shape regional identities, produce diverse narratives, and influence art, literature and film.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2303 Magic Rings Symbol and Allegory (H)
Prerequisites: Honors College participation.
Description: A study of magic rings as symbols in Western philosophy, literature, and music. Works will include Plato's Republic, Wagner's Ring on the Nibelung, and Tolkien's Lord of the Rings.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2313 Don Juan: His Lives and Times (H)
Prerequisites: Honors College participation.
Description: A cultural history of the Don Juan figure in literature and music from the 17th century to the present. Works studied include those by Tirso de Molina, Molière, Mozart, Pushkin, Byron, Shaw, and Walcott.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2323 Witches, Murderers, Pirates, and Thieves: Early American Crime Narratives (H)
Prerequisites: Honors College participation.
Description: Tales of crimes – real, alleged and fictional – were very popular with readers in the 17th, 18th and 19th century Atlantic world, as they are today. As we work our way through tales of sensational crime, we will think about the cultural work that crime stories do; that is, we will consider how they explore ideas about human nature, civil society, authority, transgression, and the origins of evil.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2333 Tattoos as Text (DH)
Prerequisites: Honors College Participation.
Description: Whether viewed as the mark of a criminal, sacred art, or something in between, tattoos have been met with scorn and reverence throughout human history. In this honors seminar, we will explore the history, art, and meaning of tattoos to understand the significance they hold for different peoples and cultures through readings, films, and discussion. Assuming no previous knowledge, this course is designed for students from all majors.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Diversity, Human Heritage & Cultures

HONR 2413 The Ancient World (H)
Prerequisites: Honors Program participation.
Description: Interdisciplinary study of art, history, philosophy and literature from ancient Greece and Rome as well as the religious ideas central to Judaism and Christianity. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student. No degree credit for students with prior credit in HONR 2113. Previously offered as HONR 1013.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2423 The Middle Ages and Renaissance (H)
Prerequisites: Honors Program participation.
Description: Interdisciplinary study of art, history, philosophy and literature from the Middle Ages to the early Renaissance. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student. May not be used for degree credit with HONR 2113. Previously offered as HONR 1023.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2433 The Early Modern World (H)
Prerequisites: Honors Program participation.
Description: Interdisciplinary study of art, history, philosophy and literature from the late Renaissance to the mid-19th century. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student. May not be used for degree credit with HONR 2223. Previously offered as HONR 1033.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2443 Honors Romanticism to Postmodernism: 19th & 20th Centuries (H)
Prerequisites: Honors Program participation.
Description: Interdisciplinary study of art, history, philosophy and literature from the 19th century to the present. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student. May not be used for degree credit with HONR 2223. Previously offered as HONR 1043.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2503 Confronting Pseudoscience
Prerequisites: Honors College participation.
Description: Using the tools of evidential reasoning and critical thinking this course examines the difference between a true scientific endeavor and pseudoscientific belief systems. In doing so it provides students with an understanding of scientific reasoning and its application in everyday life while exposing students to content from a range of the natural sciences.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 2514 Honors Scientific Inquiry
Prerequisites: Honors Program participation.
Description: A team-taught interdisciplinary course dealing with philosophy of science and the application of the scientific method in the natural and social sciences. Selected topics that involve interdisciplinary scientific inquiry. For the Honors student.
Credit hours: 4
Contact hours: Lecture: 3 Lab: 2 Contact: 5
Levels: Undergraduate
Schedule types: Lab, Lecture, Combined lecture and lab
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 2890 Introductory Honors Add-On
Prerequisites: Honors College participation and concurrent enrollment in a designated course.
Description: A supplemental introductory honors experience to partner concurrently with designated course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 3000 Advanced Honors Topics
Prerequisites: Honors Program participation, junior standing.
Description: Topical study in various disciplines taught by faculty from the undergraduate colleges for junior and senior students in the University Honors Program. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.
Credit hours: 1-3
Contact hours: Contact: 1-3 Other: 1-3
Levels: Undergraduate
Schedule types: Independent Study
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 3010 Advanced Honors Seminar in Social Sciences
Prerequisites: Honors College participation.
Description: Advanced investigation of topics in social science disciplines for the Honors College. Offered for variable credit, 1-3 credit hours, maximum of 15 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 3013 Holocaust Studies Seminar (GH)
Prerequisites: Junior standing and Honors College participation.
Description: An interdisciplinary study of one of the great atrocities of human history – the Holocaust. Addresses questions of good and evil, divinity and humanity, and truth and responsibility that arise from this event. For the Honors Student.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit, International Dimension

HONR 3020 Advanced Honors Seminar in STEM
Prerequisites: Honors College participation.
Description: Advanced investigation of topics in STEM disciplines in the Honors College. Offered for variable credit, 1-3 credit hours, maximum of 15 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 3023 Contemporary Cultures of the Western World: Honors (GH)
Prerequisites: Honors College participation.
Description: Interdisciplinary examination of one or more cultures of Europe and/or the western hemisphere. The course will explore characteristics of "Western" cultures and their manifestations in modern societies. Topics of study include diversity in social and cultural practices.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit, International Dimension

HONR 3030 Advanced Honors Seminar in Arts and Humanities
Prerequisites: Honors College participation.
Description: Advanced investigation of topics in arts and humanities disciplines in the University Honors College. Offered for variable credit, 1-3 credit hours, maximum of 15 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit
Additional Fees: OSUG Study Abroad Crse Tuition fee of $550 and Study Abroad fee of $250 apply.

HONR 3033 Contemporary Cultures of the Non-Western World: Honors (GS)
Prerequisites: Honors College participation.
Description: Interdisciplinary study of contemporary cultures of non-western world including lifestyle, housing and food. Team-taught by faculty from appropriate disciplines in a lecture and discussion format.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit, International Dimension, Society & Human Behavior

HONR 3043 Contemporary Cultures of the United States (DS)
Prerequisites: Honors Program participation.
Description: Interdisciplinary study of racial and ethnic diversity in the United States in context of social, political, and economic systems to promote knowledge of racial and ethnic minority groups in the United States and appreciation of their contributions to the mosaic of contemporary American life. Team-taught by faculty from appropriate disciplines in a lecture and discussion format.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Diversity, Honors Credit, Society & Human Behavior

HONR 3053 Biology, Race, and Gender: Honors (DH)
Prerequisites: Junior standing and Honors College participation.
Description: Critical interdisciplinary investigation of relationships between biological theory (especially Darwinism) and social and ethical issues. Attention to views of alleged biological aspects of perceived racial and gender differences and attempts to implement these views socially, legally, and medically in the United States and elsewhere.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Diversity, Human Heritage & Cultures, Honors Credit

HONR 3063 Jane Austen: Life, Art, and Influence (H)
Prerequisites: Honors College participation and concurrent enrollment in a designated course.
Description: An author who continues to speak to generations of readers centuries after her death, Jane Austen wrote a half dozen novels that became classics within a few decades of their creation. This course examines the distinct features of the writing that accounts for her significant accomplishments - not just on the development of the novel but her influence on those novelists who followed her.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 3890 Advanced Honors Add-On
Prerequisites: Honors College participation and concurrent enrollment in a designated course.
Description: A supplemental advanced honors experience to partner concurrently with designated course(s). This course adds a different intellectual dimension to the designated course(s).
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 3990 Honors Thesis Preparation
Prerequisites: Honors College participation, Senior Standing.
Description: A guided preparation course for students completing the requirements for college or departmental honors awards leading to an honors thesis, project or report under the direction of a faculty member from one of the undergraduate colleges, with a second faculty reader. This preparation course is typically taken the semester before HONR 4993. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.
Credit hours: 1-3
Contact hours: Contact: 1-3 Other: 1-3
Levels: Undergraduate
Schedule types: Independent Study
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 4993 Honors Creative Component
Prerequisites: Honors Program participation, senior standing.
Description: A guided creative component for students completing the requirements for college or departmental honors awards leading to an honors thesis, project or report under the direction of a faculty member from one of the undergraduate colleges, with a second faculty reader and oral examination.
Credit hours: 3
Contact hours: Contact: 3 Other: 3

Schedule types: Independent Study
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

Awards

Minimum Overall Grade Point Average: 3.50

Total Hours: 30

Code	Title	Hours
Honors College Degree		
The General Honors Award and the College Honors Award are independent awards and stackable components of the Honors College Degree.		
General Honors Award		
To earn the General Honors Award only, students must complete the required General Honors Award hours and a minimum of 15 total honors hours.		
Complete 9 honors hours breadth requirement.		9
Complete 3 hours in honors seminar credit.		3
Select additional honors hours as needed to reach 15 total.		3
*No more than 12 credits of transfer honors may be used.		
*No Grade Below "B."		
Minimum Overall GPA of 3.5		
College/Departmental Honors Award		
To earn the College Honors Award only, students must complete the required College Honors Award hours and a minimum of 12 upper-division honors hours.		
Select 6 upper-division honors credits in your major field of study,with a minimum of 3 honors hours using major course prefix.		6
Complete 3 hours of honors pre-thesis course credit.		3
Complete 3 hours of honors thesis or creative component course credit.		3
*Upper-division honors seminar hours ordinarily cannot be used and would require departmental permission.		
*Transfer courses may not be used to complete this award.		
*No grade below "B."		
Minimum Overall GPA of 3.5		
*To earn the General Honors Award and the College Honors Award, students must complete required hours for both awards and a minimum of 27 honors hours.		
Honors College Degree		
To earn the Honors College Degree, students must complete requirements for the General Honors Award and the College Honors Award and a minimum of 30 honors hours.		3
HONR 3990 can be used for "Honors Thesis Prep" only		
*No Grade Below "B."		
Minimum Overall GPA of 3.5		
Total Hours		**30**

Code	Title	Hours
Tulsa Honors Award		
Select 6 open honors credits (can be lower- or upper-division)		6
Select 6 upper-division honors credits in your major field of study, with a minimum of 3 honors hours using major course prefix.		6
Complete 3 honors hours of pre-thesis course credit.		3
Complete 3 honors hours of thesis or creative component course credit.		3
*Only available for students enrolled at OSU-Tulsa.		
*No more than 12 credits of transfer honors may be used.		
*No Grade Below "B."		
Minimum Overall GPA of 3.5		
Total Hours		**18**

General Honors Award

Code	Title	Hours
Nine Honors Credits Breadth Requirement		
Humanities		
Honors courses designated "H", classified as humanities by the Honors College, honors points earned through experiential learning, or any of the courses/subjects listed below:		3
ENGL 1313	Critical Analysis and Writing I	
ENGL 1413	Critical Analysis and Writing II	
HIST 3980	Studies in History	
HONR 1000	Introductory Honors Topics (designated "H")	
HONR 1000	Introductory Honors Topics (Sem in Hum)	
HONR 1123	The Art of Mindful Living (H)	
HONR 1030	Introductory Honors Seminar in Arts and Humanities	
HONR 1133	Place-As-Text Seminar (H)	
HONR 2063	Ethical Issues Across Cultural Perspectives (H)	
HONR 2073	The Story of Lizzie Borden: Axe Murder in American Culture (DH)	
HONR 2083	Honors Flash Fiction: A Tiny Genre with a Big Impact (DH)	
HONR 2093	Tornadoes in American Culture (H)	
HONR 2303	Magic Rings Symbol and Allegory (H)	
HONR 2313	Don Juan: His Lives and Times (H)	
HONR 2323	Witches, Murderers, Pirates, and Thieves: Early American Crime Narratives (H)	
HONR 2413	The Ancient World (H)	
HONR 2423	The Middle Ages and Renaissance (H)	
HONR 2443	Honors Romanticism to Postmodernism: 19th & 20th Centuries (H)	
HONR 3013	Holocaust Studies Seminar (GH)	
HONR 3023	Contemporary Cultures of the Western World: Honors (GH)	
HONR 3053	Biology, Race, and Gender: Honors (DH)	
HONR 3030	Advanced Honors Seminar in Arts and Humanities	
HONR 3063	Jane Austen: Life, Art, and Influence (H)	
UNIV 2030	Horizon Scholars Seminar in Arts and Humanities	
AADM, AFAM, AMIS, AMST, ARB, ART, ASL, CHIN, DANC, ENGL, FREN, GREK, GRMN, GWST, HIST, HONR, JAPN, JAZZ, KRN, LATN, LL, LLCE, MSIN, MUSI, PHIL, REL, SPAN, TH (Except those designated "A", "N", or "S")		
Social Sciences		
Honors courses designated "S", classified as social sciences by the Honors College, honors points earned through experiential learning, or any of the courses/subjects listed below:		3
HONR 1000	Introductory Honors Topics (designated "S")	

HONR 1000	Introductory Honors Topics (Sem in Soc Sci)	
HONR 1103	The US Presidency (as seen on TV) (S)	
HONR 1113	Active Aging for L.I.F.E (DS)	
HONR 2013	Honors Law and Legal Institutions (S)	
HONR 1010	Introductory Honors Seminar in Social Sciences	
HONR 2023	Constitutional Dimensions of Diversity (DS)	
HONR 3033	Contemporary Cultures of the Non-Western World: Honors (GS)	
HONR 3010	Advanced Honors Seminar in Social Sciences	
HONR 3043	Contemporary Cultures of the United States (DS)	
UNIV 2010	Horizon Scholars Seminar in Social Sciences	
AECL, AERO, AGCM, AGEC, AGED, AGIN, AGLE, ANTH, AVED, BADM, BHON, CDIS, CIED, CPS, CPSY, CTED, DHM, DIVR, DM, ECON, EDHS, EDLE, EDTC, EEE, EPSY, FDEP, FEMP, FFP, GEOG, GLHE, GLST, GRAD, GS, GTED, HCA, HDFS, HESA, HHP, HLTH, HS, HTM, LA, LSB, MBA, MC, MGMT, MKTG, MLSC, MMJ, MPH, OOS, POLS, PSYC, RM, RMRT, RT, SC, SCFD, SOC, SPCH, SPED, SPM, SPSY, UNIV, WAED (Except those designated "A", "H", or "N")		
STEM (Science, Technology, Engineering, and Mathematics)		
Honors courses designated "A", "N", classified as STEM by the Honors College, honors points earned through experiential learning, or any of the courses/subjects listed below:		3
HONR 1000	Introductory Honors Topics (designated "A" or "N")	
HONR 1000	Introductory Honors Topics (Sem in STEM)	
HONR 1020	Introductory Honors Seminar in STEM	
HONR 1093	Patterns and Symmetry in Mathematics (Q)	
HONR 1503	Integrative Biology: The Mind (N)	
HONR 2503	Confronting Pseudoscience	
HONR 2514	Honors Scientific Inquiry	
HONR 3020	Advanced Honors Seminar in STEM	
UNIV 2020	Horizon Scholars Seminar in STEM	
UNIV 2910	Niblack Research Scholars	
ACCT, AG, ANSI, ARCH, AST, ASTR, BAE, BAN, BIOC, BIOL, BIOM, CBSC, CET, CHE, CHEM, CIVE, CS, ECEN, ENGR, ENSC, EET, ETM, FDSC, FIN, FPST, FRNS, FSEP, GENE, GENG, GENT, GEOL, HORT, IEM, ITOX, LEIS, MAE, MAT, MATH, MERO, MET, MICR, MSE, MSIS, NREM, NSCI, NURS, PA, PBIO, PETE, PHYS, PLNT, PLP, REMS, RES, SMED, SOIL, STAT, VCS, VME, VMED (Except those designated "H" or "S")		
Honors Seminar		
Select a minimum of three credits of HONR coursework designated as honors seminars below		3
These courses may also be used to satisfy a portion of the breadth requirement		
ART 1103	Drawing I	
ART 1303	Visual Thinking: Form and Space	
EEE 3031	Entrepreneurial Value Creation in Society	
EEE 3673	Business Model Discovery	
ENGL 3123	Mythology (H)	
FFP 2613	Financial Perspectives throughout the United States (DS)	
HDFS 2113	Lifespan Human Development (S)	
HDFS 3123	Parenting Across Family Contexts (S)	
HDFS 2433	Romance, Love, and Marriage (S)	
HDFS 3423	Adolescent and Youth Development (S)	
HDFS 4473	Policy, Law and Advocacy	
HIST 2513	Plantation to Plate: Sugar, Bananas, and Coffee in America (H)	
HIST 3980	Studies in History	
HONR 1000	Introductory Honors Topics	
HONR 1010	Introductory Honors Seminar in Social Sciences	
HONR 1020	Introductory Honors Seminar in STEM	
HONR 1030	Introductory Honors Seminar in Arts and Humanities	
HONR 1093	Patterns and Symmetry in Mathematics (Q)	
HONR 1103	The US Presidency (as seen on TV) (S)

The OSU Graduate College - Developing the person, the scholar, and the professional...

Graduate education at Oklahoma State University (OSU) is organized around the scholarly pursuit of new knowledge, both through didactic instruction and independent and group research conducted utilizing the facilities and resources of a major research university. OSU's national and international reputation is grounded in the scholarly research and creative work performed by faculty and students under the auspices of OSU's graduate programs.

The first graduate degree was conferred by OSU in 1912, and the Graduate College was organized in 1929. OSU offers more than 200 graduate degree programs, and certificates, including several interdisciplinary and joint-degree programs.

1.0 Overview

1.1 Graduate Students.

Over 6,000 graduate students currently study at OSU. Part of OSU's mission as a Land Grant University is to serve the people of the region, the state, the nation, and the world by making a first-class education available to all. In response to the growing diversity and demographic changes in the state and in the nation, OSU is committed to preparing graduates to live and work in a culturally pluralistic world. The Graduate College is proud of the diversity of its graduate student population and of their contributions to both the generation and dissemination of new knowledge through their involvement in the University's research and instructional programs.

1.2 The Graduate College.

The Graduate College supervises all graduate work offered by OSU, including graduate degree programs at OSU–Stillwater, OSU–Tulsa, OSU Center for Health Sciences in Tulsa, and OSU College of Veterinary Medicine in Stillwater. Professional medical degrees offered through the College of Veterinary Medicine and the Center for Health Sciences in Tulsa are not under the Graduate College. The Graduate College sets standards for admission to graduate standing and recommends to the Board of Regents those students who have completed work required for earning graduate degrees.

In addition, the Graduate College, collaborating with partners campus-wide, offers a number of student services and professional preparation opportunities specifically designed for graduate student success while at OSU as well as after graduation. These activities in the *360° Critical Skills for Career Success* in the Graduate Student Success center include a wide variety of content to prepare graduate students for career success.

1.3 Graduate College Memberships.

The Graduate College is a member of the Council of Graduate Schools (CGS), the Conference of Southern Graduate Schools (CSGS), and the Midwestern Association of Graduate Schools (MAGS).

1.4 Organization of the Graduate College.

Consistent with its objective of maintaining the highest standards in graduate education, the Graduate College administers the policies and procedures specified and established by the Graduate Faculty, Graduate Council, Board of Regents for the Oklahoma Agricultural and Mechanical Colleges, and the Oklahoma State Regents for Higher Education. The dean of the Graduate College is the senior administrator of the College as well as the dean for graduate students. The Graduate Council is the executive committee of the Graduate Faculty; it is elected by the Graduate Faculty to work with the dean of the Graduate College in the development and administration of applicable policy. The Graduate Council formulates and reviews policies concerning the conduct of graduate study at OSU. All proposed policies and requests related to the initiation and development of graduate curricular offerings and programs are referred to the Graduate Council for review, comment, and approval.

1.5 Accreditation.

OSU is accredited by the Higher Learning Commission (HLC). Several programs within the disciplinary colleges are also accredited by other agencies; see "Accreditation (p. 18)" in "The University (p. 18)" section of the Catalog.

1.6 General Regulation.

Full authority over all academic decisions within the Graduate College rests with the dean of the Graduate College. The Graduate College policies and procedures described in the Catalog are subject to regular review and may be revised at any time by the dean of the Graduate College in consultation with the Graduate Council.

1.7 Responsibilities.

All graduate students are expected to read and to comply with the written regulations of their graduate programs and disciplinary college, as well as the Graduate College and University. The regulations presented in the Catalog may be supplemented by written departmental or program requirements available at departmental offices and/or websites. Admission to a specific graduate program obligates the student to understand and adhere to the policies of that program.

General regulations in the following sections relate to requirements for admission, enrollment, and academic standing. Subsequent sections outline requirements for the following credentials: Graduate Certificate, Masters, Specialist, and Doctoral degrees. Particular attention should be given to timing and substantive requirements for matriculation, especially admission, the Plan of Study, residency, language proficiency, research, dissertation/thesis/creative component/report, and graduation. The regulations are prescribed by the Graduate Council with the intent of assuring high-quality graduate programs and effective interaction of Graduate Faculty members and graduate students.

1.8 Email as Official Correspondence.

OSU uses the institutional O-Key email address as an official means of communication with OSU faculty, staff, administrators, and students. All students have an official OSU email address that is activated when

they set up their O-Key account. Students are expected to activate and check their OSU email on a frequent and consistent basis to remain informed of their official University business and are expected to ensure that adequate email space is available to receive messages.

1.9 Tuition and Fees.

Refer to the "Tuition, Fees and Cost Estimates (p. 79)" section of the Catalog.

1.10 Exception Requests.

Any request for a waiver of, exception to, or deviation from, any requirement set forth in the "Graduate College" section of the Catalog must be in the form of a written petition to the dean of the Graduate College. Such petitions should include a supporting letter from the graduate faculty advisor and/or graduate program coordinator.

2.0 Services for Graduate Students

For a complete list of University services, please visit the "Current Student " link on the "Resources" menu on the Graduate College website (http://gradcollege.okstate.edu) or the "Student Life" link on the OSU website (http://go.okstate.edu).

2.1 Graduate and Professional Student Government Association.

The Graduate and Professional Student Government Association (GPSGA) is an official advisory body to the University President and dean of the Graduate College and serves as the representative voice for graduate and professional students at OSU. Its mission is to improve all aspects of post-graduate education and student life at OSU.

The Association represents each graduate and professional degree program. Representatives are nominated by the graduate programs with membership conferred by the GPSGA president. Each representative is appointed for a term of one year; a representative must be in good academic standing and enrolled full time.

The GPSGA provides funds for graduate and professional student organizations and in collaboration with the Graduate College, travel grants to help students defray costs incurred by attending and presenting at professional meetings. For more information consult gpsga.okstate.edu (http://gpsga.okstate.edu).

3.0 Funding Your Graduate Education

3.1 General Financial Aid.

One of the most common sources of funding for graduate students is graduate assistantships. Graduate teaching and research assistantships (GTAs/GRAs) support OSU's instructional and scholarly activities. Most academic programs routinely evaluate graduate admission applications not only for admission consideration but also for the possibility of assistantship offers. The graduate program makes assistantship offers. These awards assist students in paying for their graduate education and also offer opportunities to gain valuable skills and experience in their discipline and as a professional.

3.2 Office of the Bursar Payment Plan

OSU offers enrolled students a semester-based payment option, as an alternative to the traditional lump-sum payment method. This plan allows for university-billed expenses to be paid in regular monthly installment without a finance charges. The plan has a $25 application fee and additional information can be found at https://bursar.okstate.edu/billing_payment-option-plan (https://bursar.okstate.edu/payment-option-plan)/.

3.3 Federal Financial Aid.

All domestic students who want to qualify for federal financial aid should complete the Free Application for Federal Student Aid (FAFSA). Students are encouraged to complete the FAFSA annually as soon after October 1 as possible to receive aid for the subsequent academic year. The FAFSA is available at www.studentaid.gov/h/apply-for-aid/fafsa.ed.gov (https://studentaid.gov/h/apply-for-aid/fafsa).

3.4 OSU Short-Term Emergency Loans.

In addition to potential federal loans that may be awarded, OSU assists students in need of immediate funds through the Short-Term Emergency Loan Program. This program is designed to help OSU students who are currently enrolled and attending classes to meet educationally-related off-campus unexpected expenses. The program is not designed to pay a debt owed to OSU. Qualified students may borrow up to $500 less a $10 service charge one time per semester. Additional information about the Short-Term Emergency Loan Program can be found at https://financialaid.okstate.edu/aid/loans/stl.

3.5 Graduate Assistantships.

OSU recognizes two types of graduate assistants for students enrolled in master's, specialist, and doctoral degree programs. Graduate certificate seeking only and non-degree seeking students are not eligible for GTA or GRA positions or associated benefits.

A Graduate Teaching Assistant (GTA) must be admitted to and meet the requirements of the Graduate College, be fully admitted to a graduate degree program, enrolled, and be under the supervision of an appropriate graduate faculty member. In consultation with the supervisor, the GTA works to gain instructional skills and an increased understanding of the discipline. The GTA is provided a stipend and their primary responsibilities are to support the University's instructional mission. Services provided by a GTA may include: classroom or laboratory teaching; advising and mentoring of students; proctoring examinations; grading papers, homework, and/or projects; accompanying/coaching musical or vocal performances; providing artistic instruction or assisting with preparation and management of materials and programs that are utilized in imparting knowledge or in the instructional process; or providing other general assistance in the instruction process. A GTA may be assigned primary responsibilities in an extension, outreach, or service role for which those responsibilities support the instructional mission of the University. GTAs may not be given duties to support faculty research or those primarily clerical in nature.

A Graduate Research Assistant (GRA) must be admitted to and meet the requirements of the Graduate College, be fully admitted to a graduate degree program, enrolled, and be under the supervision of an appropriate graduate faculty member. A GRA is provided a stipend and their primary responsibilities are to provide general support to the University's research mission. These responsibilities may or may not relate directly to the student's thesis or dissertation. Duties of the GRA primarily involve applying and mastering research concepts, practices, or methods of scholarship. Services provided by a GRA may include: assisting faculty members in a research or creative activity; performing degree-related professional or administrative services that supports research, instruction, professional development, or outreach missions of the University; developing and evaluating instructional materials or curricula; or assuming responsibility for designated scholarly endeavors.

Assistantship inquiries should be addressed to the unit head or graduate program coordinator of the unit/department/school/program in which the appointment is desired. The service expected is governed by the terms of the appointment.

3.6 Graduate Assistantship Responsibilities.

An offer of an assistantship is a commitment by a unit/department/school/program to provide financial support to admitted graduate students. Assistantships are an investment made by a unit/department/school/program and are granted primarily to enable the student to pursue an advanced degree and gain valuable experience. Accepting an assistantship brings with it a professional obligation to fulfill all of the responsibilities associated with the assistantship assignment. Included in this professional obligation is the expectation that students who have accepted an assistantship will diligently pursue their degree to completion. In recognition of this commitment and to provide adequate time for students holding assistantships to devote to study, employment as a graduate assistant is limited to a total, from all University sources (including external grants and contracts), of 0.50 FTE (an average of 20 hours per week) in the Fall and Spring semesters, and 0.75 FTE (an average of 30 hours per week) between the end of the Spring semester and the beginning of the Fall semester. Exceptions to this limitation may be requested by the employing unit or graduate program to the dean of the Graduate College.

A student with a 0.50 FTE assistantship is expected to devote, on average, 20 hours per week to their duties as a graduate teaching or research assistant; the remainder of academic effort is devoted to his or her own studies and research. The time devoted to the assistantship may vary from day to day and week to week as long as it does not exceed the average given above.

As part of a graduate student's educational experience, OSU makes a number of GRAs available on a routine basis. Graduate students on a GRA are expected to devote full-time effort to their graduate programs. While the GRA appointment provides a modest stipend for an average of 10 or 20 hours per week for a 0.25 or a 0.50 FTE assignment, respectively, in recognition of contributions to the OSU research enterprise, it does not indicate that no additional time and effort may be required of the graduate student who is actively pursuing a graduate research degree. Depending on the stage of the research project and the graduate student's advancement in the program, the student may be enrolled in research credit hours for academic credit or only enrolled in formal coursework. Irrespective of that enrollment, it is expected that the graduate student is working full-time toward completion of the advanced degree. OSU, like most institutions nationwide, does not define the research credit hour as equating to a specific amount of time and effort, as the nature of research is highly dependent on the individual's progress on the project. For instance, general OSU policy only requires a minimum enrollment in two credit hours when a graduate student is working on a research project and using OSU resources unless they are employed as a GTA/GRA.

In addition, all students holding a graduate assistantship are required to be full-time students - see "Enrollment Requirements" below. For fall and spring semesters, students employed 0.50 FTE must be enrolled in at least six credit hours to be considered full-time, while students employed less than 0.50 FTE must be enrolled in at least nine credit hours to be considered full-time. However, full-time enrollment for students admitted to doctoral candidacy is two credit hours. For the summer term, students employed at any level must be enrolled in at least two credit hours during any summer session to be considered full-time.

International students who are dependent upon an assistantship for their financial guarantee must remember that forfeiture of that assistantship may require the re-submission of a newly revised financial guarantee to the Office of International Students and Scholars. Students who forfeit their graduate assistantships risk rescission of tuition waivers, as well as any health insurance coverage for graduate assistants provided by the University.

Note that all graduate student benefit programs, such as tuition waivers, are only available to individuals with a primary classification as a graduate student enrolled in a degree program, which does not include certificate-seeking or non-degree seeking graduate students. OSU employees taking graduate classes do not qualify for graduate student benefit programs, irrespective of whether their employment is a benefit eligible position. One cannot selectively opt-out of certain benefits to seek eligibility for other benefits. Please contact the Graduate College or Human Resources if you have questions.

3.7 Graduate Assistantship General Benefits.

Graduate Teaching or Research Assistants employed at least 0.50 FTE in the fall/spring semester (average of 20 hours per week) are enrolled in a minimum of six (or two for doctoral candidates) eligible graduate hours will receive a tuition waiver (hours of enrollment must be required per the graduate degree program). GTAs and GRAs employed .50 FTE who are admitted solely into approved online graduate programs are eligible for an equivalent tuition waiver awarded for residential programs. International students enrolled in online graduate programs are not eligible for graduate assistantships. Summer tuition waivers for the same GTA or GRA for spring semester will apply during the summer regardless of summer employment. Tuition waivers cannot be applied to leveling, undergraduate, or some outreach type courses. Granting of these tuition waivers is also contingent upon the student submitting an electronic GTA/GRA (GSSI) tuition waiver agreement through the Graduate College website (https://gradcollege.okstate.edu/resources/current-student-resources.html), by the first day of the semester, in which they acknowledge their employment, enrollment, and good academic standing responsibilities. Once enrolled, good academic standing (i.e., not on academic notice – beyond conditional admission) is a requirement for OSU tuition waiver eligibility. For more information regarding tuition waiver benefits or academic standing, please visit the Graduate College website (gradcollege.okstate.edu (http://gradcollege.okstate.edu)).

Any graduate student employed as a GTA and/or a GRA less than 0.50 FTE total per week will not be eligible for any type of tuition waiver benefit.

3.7.1 Health Insurance Benefits.

Graduate Teaching or Research Assistants employed in a 0.25 FTE GTA/GRA position during the fall or spring semesters and who are enrolled in at least nine graduate credit hours throughout that entire semester are eligible for subsidized single-person-coverage health insurance through OSU for the fall (or spring) semester. Note: Spring semester eligibility coverage continues through the following summer regardless of employment or enrollment status.

Graduate Teaching or Research Assistants who are not eligible for health insurance coverage during the summer session by virtue of their eligibility during the previous spring semester but who are employed in a 0.25 FTE GTA/GRA position during the eight-week summer session and enrolled in at least two graduate credit hours are eligible for subsidized single-person-coverage health insurance through OSU for the summer term.

The University subsidizes the student's coverage on a semester-by-semester basis. Students receiving the GTA/GRA insurance are required to pay the semester health fee. Information on the policy is available at OSU Human Resources http://hr.okstate.edu/student-health-plan.

Eligible graduate students are automatically enrolled for the insurance coverage if they meet eligibility requirements. If students have other insurance coverage or choose not to be enrolled in the student health plan, they may complete a declination form to opt out. A declination form can be found at the following site http://hr.okstate.edu/student-health-plan. The form must be submitted by the deadline to OSU Human Resources, Benefits Office.

3.8 Health Insurance for International Students.

The Oklahoma State University Board of Regents requires that all visa-holding (i.e. non-immigrant) students at OSU be covered by health insurance. The OSU Student Insurance Policy is the recommended health insurance and will be billed to all non-immigrant student accounts automatically. Payment for the student insurance is included in the costs listed on the financial affidavit that international students are required to submit to receive a F-1 or J-1 visa.

The insurance premium can be waived for non-immigrant students sponsored by the United States Government, a foreign government recognized by the United States of America, or certain international, government sponsored or non-governmental organizations. Such waivers will be based on the government or organization guaranteeing payment of all health care expenses including evacuation and repatriation.

The insurance premium will also be waived for students who provide documented evidence of health insurance coverage by an employer. Non-immigrant students employed by OSU and eligible for both employer-provided insurance and international student health insurance may select between the two, as long as the insurance selected includes evacuation and repatriation coverage.

Students covered by a private medical insurance plan with benefits comparable to or better than the OSU plan, may request a waiver from OSU's international student health insurance requirement. Coverage must be for the first day of their first semester classes for a 12-month period.

To use alternate insurance, students must complete and submit a waiver request no later than the fifth day of classes. Waiver forms can be found on the International Students and Scholars (ISS) website at http://iss.okstate.edu.

Graduate Teaching or Research Assistants employed in a 0.25 FTE GTA/GRA position during the fall or spring semesters and who are enrolled in at least nine graduate credit hours throughout that entire semester are eligible for subsidized single-person-coverage health insurance through OSU for the fall (or spring) semester.

If a student holds an appointment as at least a 0.25 FTE OSU GTA or GRA position, OSU provides a subsidized, single-person student health insurance policy.

3.9 McNair Graduate Fellowships for former McNair Scholars.

Entering graduate students in residential degree programs who are graduates of a McNair Scholar Program as undergraduates may be eligible to become McNair Graduate Fellows. McNair Graduate Fellows receive a tuition waiver for all degree-eligible courses up to the number of hours in their degree program, irrespective of a qualifying assistantship. Such tuition waivers cannot apply to leveling or outreach-exception type courses. The McNair Graduate Fellow Tuition Waiver Program is competitive and is not guaranteed, irrespective of the McNair application waiver received. Please contact the Graduate College (grad-i@okstate.edu (gradi@okstate.edu)) for more information as restrictions apply. Also, note that all graduate student benefit programs, such as the McNair Graduate Fellow Tuition Waiver Program, are only available to individuals with a primary classification as degree seeking graduate students. OSU employees taking graduate classes do not qualify for graduate student benefit programs, irrespective of whether their employment is a benefit eligible position. One cannot opt-out of certain benefits in an a-la-carte manner to seek eligibility for other benefits. Please contact the Graduate College or Human Resources with additional questions.

3.10 City Year National Service Scholars.

Oklahoma State University is proud to partner with City Year through our shared visions and values of integrating the power of knowledge and service in addressing social problems. The OSU Graduate College City Year National Service Scholars Program provides City Year Alumni an application fee waiver and a tuition waiver for all degree-eligible courses up to the number of hours in their degree program; however, acceptance as an OSU Graduate College City Year National Service Scholar is competitive and is not guaranteed. Please contact the Graduate College or grad-i@okstate.edu for specific requirements.

3.11 Spouse/Partner Tuition Waivers.

A spouse/partner of a graduate teaching or research assistant who is receiving a tuition waiver that is associated with an eligible assistantship is eligible to apply for a waiver of the non-resident portion of tuition for all graduate level/eligible courses taken. Tuition waivers cannot apply to leveling and certain outreach-type courses. Contact the Graduate College for details.

3.12 Student Employment.

Career Services provides assistance to OSU students seeking part-time employment or work study programs. Students are informed of job opportunities on campus and in the Stillwater community. Applications are available in room 360 Student Union. Jobs on campus usually offer 12 to 20 hours of work per week in clerical, technical, food service, or general labor positions. Rate of pay and work schedules vary.

Individual job search assistance is available with the graduate career consultant in the Student Union Career Services Office or with any of the college career consultants located in the respective disciplinary colleges. Services include resume and curriculum vitae development, written correspondence assistance, mock interviews and interview preparation, academic and non-academic job search assistance, workshops, and career fairs.

4.0 Admission to the Graduate College

Holders of baccalaureate or first professional degrees from accredited colleges and universities or those of recognized standing are eligible to seek admission to the Graduate College. Applicants must complete the web-based application and submit transcripts of all academic work and degrees received including any previous graduate coursework and degrees. No application for admission will be reviewed until the application fee is paid.

The prospective student should obtain transcripts for bachelor's degree(s) conferred or pending as well as for any graduate or

professional coursework and upload these transcripts as part of their application (some programs may require applicants to upload transcripts from all institutions previously attended). If an applicant is offered admission to graduate studies, they will be required to have official transcripts submitted to the Graduate College by October 1st for Fall and Summer admissions and by March 1st for Spring admission.

To be official, transcripts must be issued from the school and must show the complete scholastic record, bear the official seal of the institution, be signed by the issuing officer, and be in a sealed envelope, or electronically delivered directly from the issuing institution. All transcripts become the property of OSU and are not released or returned.

When the applicant's file is complete, the faculty in the graduate program of the student's area of interest reviews the material and recommends an admission status to the dean of the Graduate College. The final decision for admission to the Graduate College is made by the graduate dean based on the graduate program's recommendations, prior academic performance of the applicant, and availability of space, facilities, and faculty mentors in the program. Admission decisions may be rescinded for reasons including but not limited to: the discovery of fraudulent statements or documents in the application; official test scores that become invalidated by testing agencies; and/or conduct/communication deemed to be threatening, harassing, or otherwise unprofessional. Admissions decisions are not appealable.

4.1 OSU Faculty Members.

With the faculty member's employing dean's approval, along with the approval of the provost, a career-track, tenure-track, or tenured faculty member may pursue and be granted a graduate degree or graduate certificate from this institution if the requirements for that degree are met. Approval will be documented through a written memorandum from the academic dean to the graduate dean and the provost and a subsequent memorandum from the provost confirming approval. A tenure-track or tenured faculty member cannot seek a degree from their own employing department, division, or school in which the degree is to be granted. Faculty members pursuing a graduate degree or certificate shall complete all coursework, examinations, practica, and other program requirements outside of normal working hours and in a manner that does not interfere with the performance of their assigned duties and responsibilities. Participation in such programs shall not occur during time assigned to employment duties unless expressly authorized in writing by the academic dean and provost.

The head/chair or designee of the unit responsible for the degree pursued may prohibit any faculty member from serving as a committee member for the person pursuing the degree if, in the sole opinion of that head/chair or designee, that committee member would have a conflict of interest.

4.2 Types of Admission.

Admission to a graduate program at OSU is based on an evaluation of an applicant's overall record, experience, personal qualifications, proposed area of study, and fit with the graduate program. For admission without qualification, a GPA of at least 3.00 on a 4.00 scale or the equivalent is expected in undergraduate coursework or a 3.00 in any graduate or professional coursework already completed. Graduate programs are encouraged to evaluate applications holistically and may petition the Graduate College on behalf of an applicant for an exception to the cumulative GPA requirement. Academic programs may set more stringent admission requirements. Please check with the graduate program to which you are applying in order to determine any program specific requirements.

4.2.1 Admission Without Qualification.

Students planning to work toward a graduate degree in a recognized graduate program may be admissible without qualification - meaning they are in good standing - provided they meet all Graduate College and graduate program requirements.

4.2.2 Admission With Qualification.

Students planning to work toward a graduate degree in a recognized graduate program may be admissible with qualification - meaning subject to certain requirements - in order to attain good standing. A student can be offered provisional admission upon recommendation of the graduate program and with concurrence by the dean of the Graduate College. Admission with provisional status is granted to an applicant who does not meet one or more of the graduate program's admission requirements or when the applicant does not have all of the previous coursework. In this case, the graduate program requires specific provisions be met for admission in good standing. For example, a graduate program may require additional leveling coursework or higher test scores. The first obligation of a student admitted provisionally is to successfully meet all the provisions specified at the time of admission. Failure to meet these provisions could result in the dismissal from the program.

4.2.3 Admission With Academic Notice.

A student can be admitted with academic notice upon recommendation of the graduate program with concurrence by the dean of the Graduate College. Admission on academic notice is granted to an applicant who has deficiencies in previous academic coursework. A student admitted on academic notice must make at least a 3.00 GPA through the semester in which they complete nine hours of courses eligible for graduate credit. Upon successful fulfillment of these requirements the student will be granted good academic standing. Failure to meet the required level of academic performance while in probationary status may result in dismissal by the graduate program and/or Graduate College.

4.2.4 Conditional Admission.

Several graduate programs at OSU will consider an applicant for conditional admission. An applicant can be admitted conditionally upon recommendation of the graduate program and with concurrence by the dean of the Graduate College. Conditional admission means that the applicant is academically qualified for admission to the graduate degree program but lacks a minimum English proficiency test score which satisfies the University's or graduate program's minimum (see "4.4 International Student Admission" for minimum requirements).

4.3 Non-Degree Seeking Student Status.

An applicant may be admitted to the Graduate College as a non-degree seeking student if they do not have immediate plans to become a degree candidate but wants to take graduate courses. Admission to the Graduate College as a non-degree seeking student means only that the student will be permitted to enroll in courses through the Graduate College. It does not imply that the student has been or will be admitted to a graduate program leading to an advanced degree or that the student will be able to obtain a graduate degree from OSU. Non-degree seeking students are not eligible for GTA or GRA positions or associated tuition waiver benefits.

4.3.1 Non-Degree Seeking Student Status Requirements.

Non-degree seeking students are subject to the same admission standards as degree-seeking students, including English language proficiency. Applicants for non-degree seeking student status are not

automatically admitted without due deliberation of their past academic performance. A non-degree seeking applicant can be considered for admission "Without Qualification" provided their overall GPA is 3.00 or higher for all courses on their bachelor's degree transcript and/or transcripts from their graduate or professional coursework. An applicant whose GPA does not meet these criteria can be considered for admission after consultation and recommendation of the Graduate College's non-degree seeking student advisor who may consider additional factors in making a decision, such as the following:

- length of time since last attendance at an institution of higher learning,
- a written appeal from the applicant explaining exceptional circumstances that warrant admission, and/or
- a letter of recommendation written by faculty who can speak to the applicant's potential for graduate work.

The prospective student is responsible for filing a new application for admission to the Graduate College should they wish to become a degree-seeking candidate. The new application will be evaluated by the graduate program and the dean of the Graduate College to ascertain admissibility to the degree program.

Given that non-degree seeking coursework is not guided by a Plan of Study or approved by an advisor, no more than nine semester credit hours of coursework taken while a non-degree seeking student may be used on a Plan of Study to meet requirements for a graduate degree (including a graduate certificate) program. In addition, only three semester credit hours of coursework taken while a non-degree seeking student may be used on a Plan of Study toward an MBA degree. Non-degree seeking students may not enroll in more than nine hours of courses eligible for graduate credit without permission of the dean of the Graduate College. To ensure that non-degree seeking students do not inadvertently exceed this limitation, an enrollment hold will be placed on each student's record in this status after the student has registered for six or more credit hours. This hold may be removed by the Graduate College (see below) once the student has formally re-acknowledged this nine-hour limitation.

Non-degree seeking students are subject to the same academic regulations as those graduate students admitted into degree programs. Such students are strongly encouraged to consult with the instructor of any course in which they intend to enroll in order to ensure they are adequately prepared for that course.

Non-degree seeking students may not enroll in thesis (5000) or dissertation (6000) courses.

Generally, International students with an F-1 visa, except students on Optional Practical training (OPT) or Curricular Practical training (CPT), may not be admitted or enroll as non-degree seeking students.

Academic advising for non-degree seeking student is provided by an advisor in the Graduate College. Students should contact the Graduate College at 405-744-6368 or grad-academici@okstate.edu for details.

4.4 International Student Admission.

International applicants are expected to submit applications, financial affidavits, transcripts and/or mark sheets, and, if required, official scores from an English proficiency examination. Completed applications and program recommendations for international applicants are due no later than February 1 for summer enrollment; May 1 for fall enrollment; and October 1 for spring enrollment. Applications that become complete after these deadline dates may be reviewed, but the Graduate College cannot guarantee application processing and an admissions decision be made in time. In these cases, applicants may request admission deferral.

4.4.1 English Proficiency.

As a condition of admission to graduate study at OSU, all persons for whom English is a second language are required to present proof of English competency regardless of the number of semesters or terms completed at OSU or in other institutions of higher education. A waiver of this requirement can be obtained for students who have completed a baccalaureate or graduate degree from an accredited institution of higher learning, at which English is the primary language of instruction, located in a country in which English is a recognized primary language. Note, that additional testing on-campus may be still necessary if employment as a graduate teaching assistant is desired. Graduate programs may have additional requirements.

Proof of English competency can be in the form of an official examination that must have been completed within the last two years.

Applicants who present a TOEFL score of at least 79 iBT (or 4.0 on the new scoring scale effective 21 January 2026)/550 PBT, a PTE academic test score of at least 53, an IELTS academic stream score of at least 6.5 or a DET score of at least 115 satisfy the Graduate College's English proficiency requirements for admission to a graduate program. Note that some graduate programs require an English proficiency score or other tests above these levels, and applicants should contact the program for specific language requirements.

4.4.2 Spoken English Proficiency for Employment.

OSU policy requires all persons for whom English is a second language to demonstrate an acceptable level of spoken English before being employed in an instructional capacity, including laboratory assignments. Graduate students who serve only as laboratory assistants (e.g., setting up and/or maintaining equipment) or graders are not required to comply with these provisions. Any new international teaching assistant (ITA) who was required to present results of an approved English proficiency exam for admission is required to have a qualifying score of 26 or greater on the speaking portion of the iBT (or 5.5 or higher on the new scoring scale effective 21 January 2026); a qualifying score of 8.5 or greater on the speaking portion of the IELTS academic test; or, pass the ITA Exam prior to being approved for instructional assignments. All new ITAs are also required to participate in the international teaching assistant orientation. Any new ITA who submits a PTE or DET is required to pass the ITA Exam prior to being approved for instructional assignments. See https://gradcollege.okstate.edu/prospective-students/ita-exam-overview/index.html (https://gradcollege.okstate.edu/prospective-students/international-teaching-assistant-test.html) for specific policy requirements.

5.0 Transfer of Graduate Credits

Transfer credit for "non-aged" courses must be recommended by the graduate student's advisory committee through the submission of a Plan of Study, which requires approval by the dean of the Graduate College. See Section 7.0 for additional information on coursework time limits.

Transfer credit will only be considered if it was earned when the student was post-baccalaureate (i.e., after earning a bachelor's degree) at an accredited institution and the applicable course(s) was/were certified as graduate credit by that institution. All courses used as transfer credit must have a grade of "B" or better. Requests for transfer credit must include an official transcript.

Transfer of credits from medical professional programs (e.g., DO, DVM and MD) to graduate degrees may also be considered when a student was admitted to a medical professional program at an accredited institution and the applicable courses were certified for enrollment restricted to professional-level study. All courses used as transfer credit must have a grade of "B" or better or a grade of "pass" for those institutions which only offer professional courses as a "pass/fail" grading system. An official transcript must be submitted to the Graduate College in order to receive approval for transfer credit on the plan of study.

Up to three hours of transfer credit may be used toward an OSU graduate certificate and up to 30 percent of the credits for an OSU master's degree (e.g. 9 credits for a 30-credit master's degree) may be transfer credit. A doctoral student may transfer more than 30 percent if they have completed a master's degree and if the courses are approved by their advisory committee. Doctoral students must include a minimum of 30 hours of OSU credit on their Plan of Study. Grades earned in courses transferred to Oklahoma State University will not be used in calculating the cumulative GPA.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

6.0 Enrollment Policies

6.1 Initial and Continuous Enrollment Policy.

A prospective student must enroll in courses at OSU within the time frame specified in the admission letter to retain active status. A prospective student who does not conform to these conditions must reapply for admission.

Any student who interrupts enrollment for one year (i.e., a consecutive period of one fall semester plus one spring semester plus one summer term) must re-apply for admission and will be subject to the regulations in effect at the time of reapplication. See section 6.5 below for additional doctoral candidacy enrollment requirements.

6.2 Full-Time Enrollment.

To be considered enrolled full time, a graduate student must be enrolled in at least nine hours in either fall or spring semester and at least three hours during the summer sessions. Full-time enrollment for Graduate Teaching/Research Associate/Assistants (GTAs/GRAs) with a 0.50 FTE appointment is at least six hours in the fall and spring semesters and at least two hours during a summer session.

6.3 Minimum and Maximum Enrollment.

Students are required to be enrolled in at least two credit hours in each semester in which they are using University resources (e.g., physical - laboratory, studios; electronic – library holdings; computing; human - faculty, staff). Students holding graduate assistantships should note that additional requirements apply (see below). Regardless of the number of hours taken, a student may not enroll in more than 12 (16 for the Spears School of Business graduate programs; 24 for the Physician Assistant Studies program; 18 for the Global Health and Health Care Administration programs, 15 per eight week session for the Forensic Sciences programs, and 13 in the spring semester for the Athletic Training program) credit hours in the fall or spring semester without permission of the dean of the Graduate College. During the summer session, a student may not enroll in more than nine (15 for the Physician Assistant Studies program) credit hours taken in any session during the eight-week summer period. No more than three credit hours can be taken during the first summer session (intersession). Summer intersession is defined as any course that begins after the end of the spring semester and ends prior to the beginning of the eight-week summer session. For any short course session less than eight weeks in length, enrollment shall not exceed one credit hour for each week.

International students on F-1 or J-1 visas must maintain full-time status (as defined above) during the first semester of enrollment, and during each fall and spring semester thereafter.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

6.4 Graduating Semester Enrollment.

Degree-seeking graduate students must be enrolled in at least two credit hours of courses eligible for graduate credit during their graduating semester (defined as the semester in which they satisfactorily complete all degree requirements). However, a student would not need to be enrolled during their graduating semester if they meet all of the following conditions:

1. has been assigned an "Incomplete" (grade of I) in a non-research or creative component course;
2. the course is required for graduation; and,
3. the course in which the incomplete was received is the only graduation requirement left to fulfill.

Students must enroll in research, thesis, or dissertation hours, as appropriate, during each semester in which they are involved in research leading to a thesis or dissertation, irrespective of the number of credit hours of such courses either required or permitted for the degree.

6.5 Doctoral Candidacy Enrollment Requirements.

Doctoral students who have completed the requirements for admission to doctoral candidacy and had their "Admission to Doctoral Candidacy" form approved by the dean of the Graduate College may enroll in a minimum of at least two credit hours during any term and be considered full-time. This post-candidacy reduced enrollment option applies to all qualified graduate students, including GTAs, GRAs, international students, and veterans receiving VA benefits. A student is normally expected to primarily enroll in research hours or in program-approved courses after being admitted to doctoral candidacy.

Continuous enrollment post-candidacy is required of all students. Enrollment of a minimum of at least two credits per semester is required for every semester of a student's candidacy (summer session excluded, unless utilizing university resources) until graduation. It is ultimately the responsibility of each student to ensure that they meet this enrollment requirement. Students who are not able to maintain active status are strongly encouraged to consult with their program, advisor, and the Graduate College to determine whether requesting a Leave of Absence (LOA) is the most appropriate course of action.

6.6 Reinstatement Fee.

Post-candidacy students who do not maintain continuous enrollment will be assessed a reinstatement fee based upon their residency status at the time of last enrollment as follows:

- Resident: $750/semester (summer session excluded) of non-enrollment
- Nonresident: $1,900/semester (summer session excluded) of non-enrollment

In addition to the reinstatement fee, students whose continuous enrollment disruption exceeds one academic year also must apply for readmission to the graduate program (see Enrollment).

During the readmission process, previous coursework will be evaluated for applicability in accordance with coursework (10 years) and time-to-degree (9 years) time limits (see Time to Degree Requirements).

Notification of the conditions of readmission and reinstatement will be provided if an acceptance occurs. New program requirements may apply based on the aforementioned enrollment policy. Please note that reinstatement and readmission are not guaranteed and significant challenges may occur that hinder a student's ability to complete a degree after a lapse in enrollment, such as the reapplication process (e.g., new letters of recommendation and unexpired standardized test scores); availability of the same graduate advisor, project and/or grant support; and new/revised program requirements, and/or core courses for degree.

6.7 Enrollment and Financial Assistance.

For the purpose of receiving monetary assistance through the Office of Scholarships and Financial Aid, the amount of the award is related to the total number of enrolled credit hours that apply toward the degree (for graduate students, such courses must be offered for graduate credit), such as 5000 and 6000 level courses. OSU graduate certificate and master's, specialist, and doctoral degree programs are federal aid-eligible programs, depending on a person's personal circumstances.

In general, a graduate student must be enrolled in four hours of courses eligible for graduate credit each fall and spring semester, and two hours of courses eligible for graduate credit in the summer term, to be eligible for federal financial aid. Some students may be required to enroll in more hours in the fall or spring or summer to receive the full amount of federal financial aid. Students should verify with their financial aid advisor in the OSU Office of Scholarship and Financial Aid about the number of hours they are required to take. Certifiable enrollment status, based upon a combination of enrollment and employment, only assists with the deferral of loan repayments, never qualification for aid, which is based solely on enrollment.

6.8 Enrollment as a Non-Degree Seeking or Degree-Seeking Graduate Student.

Students with a bachelor's degree are expected to enroll in the Graduate College unless they want to obtain another bachelor's degree. If they enroll as an undergraduate student, the courses taken cannot be given graduate credit at a later date.

6.9 Graduate Student Enrollment in Undergraduate Courses.

Students admitted to the Graduate College may enroll in, or audit, undergraduate courses or course sections that do not carry graduate credit if approved to do so by their graduate faculty advisor. Such courses cannot subsequently be used as part of a graduate Plan of Study and are not generally covered by graduate tuition waiver programs.

6.10 Undergraduate Student Enrollment in Graduate Courses.

An OSU undergraduate senior may take a limited number of courses for graduate credit toward an OSU degree program. Undergraduates admitted to an approved OSU accelerated master's degree program may utilize some of these credits for both a baccalaureate degree and graduate degree as outlined in section 11.16 of the Graduate College section of the University Catalog. All other undergraduates are subject to the graduate credit rules below.

The credits may not be utilized for both a baccalaureate degree and a graduate degree. The courses in question must be approved for graduate credit (as listed in the Course Catalog). The applicability of such graduate courses to a specific graduate program will be determined by the student's graduate advisory committee when the student enrolls in the Graduate College and submits a Plan of Study for an advanced degree.

To receive graduate credit for hours taken when not admitted to an approved OSU accelerated master's degree program, a Graduate Credit for Seniors form must be completed by the student to receive graduate credit for courses taken. This form must be submitted prior to the end of the second week of class instruction of a regular semester, or the first week of a regular summer session. The required form is available on the Registrar's website or upon request to grad-i@okstate.edu.

Such credit may be earned only if the following conditions are satisfied at the time of application:

1. Students must have a minimum overall (cumulative graduation/retention) undergraduate GPA of 3.00.
2. The total semester enrollment must not exceed 18 credit hours for a regular semester or nine credit hours for a summer session.
3. The student must be within 12 semester credit hours of completing requirements for the baccalaureate degree at the beginning of the semester or summer session in which courses are taken for graduate credit.
4. Admission to courses taken for graduate credit must have approval of the course instructor, the dean of the disciplinary college associated with the student's major, and the dean of the Graduate College.

No more than 9 semester credit hours taken while a senior may be approved for graduate credit. The student must earn a grade of "B" or higher in those courses for which he or she seeks graduate credit. Students are cautioned that institutions other than OSU may or may not allow courses taken for graduate credit during the senior year to be transferred into one of their graduate degree programs.

7.0 Time to Degree

Graduate College matriculation starts when a student first enrolls as an admitted, degree-seeking graduate student. That date will be used in calculating time limits for degree completion.

Students are expected to complete the degree requirements from first enrollment after admission within the following time limits: seven years for a graduate certificate degree program, seven years for a master's or specialist degree program, and nine years for a doctoral degree program. After that time, a student must submit a written petition to the Graduate College requesting an extension of time-to-degree limits. Credit for all courses on a graduate Plan of Study must have been awarded within ten years of completion of all degree requirements. Any exception to these time limits must be approved by the dean of the Graduate College.

7.1 Leave of Absence.

OSU graduate students are expected to maintain active status through continuous enrollment from the time they matriculate until they graduate. Students who are not able to maintain active status are strongly encouraged to consult with their program, advisor, and Graduate College to determine whether requesting a Leave of Absence (LOA) is the most

appropriate course of action. International students must consult with the International Students and Scholars (ISS) office to ensure compliance with Federal immigration policy. Example situations that may lead a student to explore a Leave of Absence request are medical, personal, and employment (see below for students seeking a leave of absence for military service). Students who do not have an approved leave of absence and are not continuously enrolled may experience negative consequences related to academic, visa, financial aid, and other student issues – see University policies and guidelines for additional information. A student status of “good standing” (academic and conduct) is generally required for a Leave of Absence. However, students placed on academic probation one semester prior to the semester that the LOA is requested to begin are eligible. Additionally, those students placed on academic probation in an earlier semester and remain on academic probation, but whose academic performance has consistently improved since the onset semester of probationary status, are eligible. Please see https://gradcollege.okstate.edu/resources/current-student-resources.html for additional Leave of Absence information.

Students who are members of the Armed Forces (including reserve components) who receive orders to perform a period of service should refer to OSU Leave of Absence for Military Service regulations.

8.0 Enrollment Procedure

Students are strongly encouraged to review the course offerings for the upcoming semester prior to attempting to enroll. For more information about enrollment and classes go to http://my.okstate.edu.

First semester graduate students must first obtain their advisor's clearance prior to enrolling.

Non-degree seeking students may be granted enrollment clearance through the Graduate College. Non-degree seeking students will be provided assistance with selecting coursework, issues surrounding the transferability of special student credits, applying to degree-seeking programs, and other academic topics.

If the student has not completed a Plan of Study or if this is the first semester as a graduate student, the student should consult with the graduate faculty advisor. The graduate faculty advisor can provide information about required courses, course sequencing, and other information in order to select appropriate courses. The advisor should give approval for course selections prior to enrollment.

If a Plan of Study has been completed, the student should verify that all planned courses are listed on the Plan of Study. Students should consult with their advisor any time they deviate from courses listed on the Plan of Study. The ultimate responsibility for completing degree requirements rests with the student.

Students who have active academic, financial, transcript or advising holds must clear these holds prior to attempting to enroll. Students can view any holds by logging into the Self Service portal at http://my.okstate.edu.

8.1 Last Day to Enroll.

Information regarding dates to enroll, when courses begin, and last days to drop are listed in the Class Schedule available at the Office of the Registrar's website at http://registrar.okstate.edu.

Generally, the sixth class day of a regular semester or the third class day of an eight-week session is the last day a course may be added (nonrestrictive) via the student enrollment system. A short course may be added no later than the first day of the short course.

8.2 Late Enrollment.

Graduate students should enroll prior to the end of the official enrollment deadline for the semester. If they do not, there are limited options to enroll in classes. The options available to the student depend on the number of weeks past the deadline and the student's current enrollment status.

During the second week of fall/spring or first week of an eight-week session:

- If a student wishes to add course hours or is not currently enrolled, they must submit a drop/add card signed by their advisor giving permission to enroll.
- If the student is adding a course they must have the instructor's signature on the add/drop card.
- If a student is non-degree seeking, they must have the signature of the dean of the Graduate College and the instructor of the course in which they wish to enroll.

After the second week of fall/spring or first week of an eight-week session graduate students may add any course which has not started.

After the Late Enrollment (restrictive deadline) period, due to special circumstances and under certain conditions, students may complete the Petition to Add a Course After the Restrictive Deadline (https://registrar.okstate.edu/site-files/documents/petition-to-add-course-after-restrictive-deadline.pdf) form to add a course. Submitting the petition does not guarantee approval of the request.

8.3 Other Enrollment.

In order to enroll in a given semester, a student must have received grades for at least six semester credit hours (including "I" and "R" and excluding "W") in the 12 months prior to the beginning of that semester.

9.0 Online and Outreach Courses

Courses offered online are considered equivalent to courses offered through traditional formats. However, some online courses classified as outreach may not be eligible for tuition waivers. Check with the Graduate College for eligibility before enrolling. Any student wishing to enroll in a graduate credit course offered online or through outreach must apply for admission to the Graduate College at OSU. Some limitations apply to International students on F-1 or J-1 visas and students on spousal/partner waivers (see Section 3.11).

10.0 Individual Study Credit (formerly Correspondence Education)

OSU does not offer graduate-level courses by individual study (formerly correspondence education) and does not accept credit taken by individual study toward an advanced degree. Graduate students may enroll in individual study courses; however, such courses will not be considered as part of minimum graduate degree or certificate requirements. Tuition waiver programs are not applicable to courses taken through individual study. Courses taken through individual study do not count toward minimum enrollment requirements for any graduate student.

11.0 Academic Regulations

Also refer to "University Academic Regulations (p. 1038)" section in the Catalog.

11.1 Graduate Credit Courses.

Courses numbered 5000 and above are for graduate students. Seniors who have obtained prior approval from the Graduate College may enroll in graduate level courses in accordance with the provisions of "Enrollment" stated earlier.

11.2 Number of Times a Course Can be Used to Earn Multiple Degrees.

Typically, a graduate course can be used in more than one certificate or degree. For example, a student may initially earn a graduate certificate and later use the certificate coursework to earn a master's degree. Similarly, coursework from a master's degree may also be applied toward a doctoral degree. In both cases, the course credit has been used twice in earning the two graduate credentials – the certificate and the master's degree and a master's and a doctoral degree, respectively.

With approved Plans of Study, graduate courses can be used to earn no more than three degrees, (degrees include undergraduate and graduate certificates). This applies to both OSU courses and courses approved for transfer credit. This policy does not refer to the use of research credits, which cannot be used for multiple degrees.

11.3 Grades for Thesis (5000) and Dissertation (6000).

The grade of "SR," indicating satisfactory research progress, "UR" indicating unsatisfactory progress, or "IUR" indicating an incomplete (see section 6.2 "Grade Interpretation" in the "University Academic Regulations" chapter of the Catalog) will be assigned to thesis (5000) and dissertation (6000) courses at the end of the semester in which the course is taken. These grades are permanent and have no impact on a student's grade point average, but affect the graduate student's academic standing. Only courses in which a grade of "SR" (or a previously-awarded grade of "R," "A," "B," or "C") is earned may be used toward minimum degree requirements.

11.4 Grades for Creative Component Courses.

The "R" grade can be assigned in a course identified as a creative component portion of a master's degree by a graduate program. The grade of "R" may be assigned if more than one semester is required to complete the creative component. Upon completion of the creative component, the advisor submits a Change of Grade form to have the final grade entered.

11.5 Pass-No Pass Grading System.

Graduate students may take a course utilizing the Pass-No Pass grading system with the consent of their faculty advisors, but courses taken under this system cannot be used on a Plan of Study to meet graduate degree requirements. A student who chooses the pass-no pass option must do so by the last date on which a course may be added. See section 6.6 "Grades and Grading" in the "University Academic Regulations (p. 1038)" chapter of the Catalog.

11.6 Pass-Fail Grading System.

Graduate students may take courses utilizing the Pass-Fail grading with the consent of their faculty advisors; however, only a limited number of these hours can be used on a Plan of Study to meet graduate degree requirements, and these require advance permission of the dean of the Graduate College. Pass-Fail courses are typically internship, practicum, clinicals, seminar, special problems, and student teaching. See section 6.7 "Grades and Grading" in the "University Academic Regulations (p. 1038)" chapter of the Catalog.

11.7 Minimum Grade Requirements.

A grade-point average of "B" (3.00) is required to maintain good standing as a graduate student and meet requirements for a degree. No course with a grade of "D" or "F" can be used on the Plan of Study to satisfy the degree course requirements. At the graduate level, a grade of a "D" or "F" is a failing grade that can result in dismissal by the dean of the Graduate College, regardless of academic standing. To receive a graduate degree, a student must have a minimum 3.00 GPA in the coursework taken for graduate credit.

No course with a grade below "C" can be used as part of the minimum number of semester credit hours required for the graduate degree.

Some programs have more stringent requirements. The graduate program should be consulted concerning minimum grade requirements.

11.8 Graduate Course Repeat Policy.

With approval from the student's graduate program, a graduate student may repeat a single course* in which a grade of "C" or lower was earned to achieve a higher grade. A course may only be repeated once. Only the highest grade from the two attempts will be used in the GPA calculation. All attempts shall be recorded on the transcript, with the earned grade for each course listed in the semester in which it was earned. This provision may be used only once during a graduate student's degree program.

*if the course is available

11.9 Annual Review of Student Progress.

The graduate program in which a student is seeking a graduate degree will provide a mechanism for assessing the student's progress toward degree completion at least once annually. If it is determined that the student is not making adequate progress, then a specific plan to address and correct any inadequacies in progress will be prepared in a written document provided to the student and the dean of the Graduate College. Failure to correct these inadequacies may result in dismissal by the graduate program and/or Graduate College. Graduate coordinators will report completion and results of the annual review process, including any written performance improvement plans, for their graduate program(s) annually by June 30 to the Graduate College via Slate form (https://grad.okstate.edu/register/academic-progress-report).

11.10 Academic Progress.

Each semester, the dean of the Graduate College reviews the academic progress of any graduate student who receives a grade of "F", "NP," "C" or lower in a class or "UR" in research. At the discretion of the dean of the Graduate College, one of four actions based on the student's current semester performance and past academic history will be taken as follows:

1. Program Notice. The graduate program is notified by their college and is encouraged to review the student's performance to determine if any program intervention is needed.
2. Academic Notice. If a student's overall GPA drops below a 3.00, if a "F," "NP," or "UR" grade is earned, or if the dean of the Graduate College judges the student's overall academic performance so warrants then they are subject to being placed on academic notice. At the discretion of the dean of the Graduate College, this notice may be removed

at the end of the semester only after the student brings his or her cumulative GPA for courses eligible for graduate credit taken at OSU to 3.00 or greater, earns a "P" or "SR" grade, and/or completes all degree requirements, whichever comes first.

3. No Further Enrollment Without Program Consent (NFEWPC).
   a. If the student was admitted on academic notice and did not meet the requirements of this admission, or
   b. If they have received two consecutive grades of "F", "NP," and/or "UR", or
   c. If the student was on academic notice the previous semester, or
   d. If the dean of the Graduate College believes the student's overall academic performance warrants program intervention, then the student is not permitted to enroll further without the consent of the program. To continue in the program, the student must submit a written petition to the dean of the Graduate College requesting reinstatement and outlining a plan to remedy the academic situation. This petition must be accompanied by a letter of support from the unit head or graduate program coordinator. Failure to submit such a reinstatement petition could result in the cancellation of any pre-enrollment for the upcoming semester.
4. No Further Enrollment (NFE). The student has consistently performed below the acceptable standards for graduate students. The student is not permitted to continue graduate study at OSU.

11.11 Course Grade Appeals.

A student may appeal a grade given by an instructor in a case in which they believe the grade awarded is inconsistent with the announced grading policy. The student should consult the "Student Rights and Responsibilities" or contact the Office of Academic Affairs for information regarding initiating the appeals process.

11.12 Appeals of Research Grades and Non-grade Issues.

A student wishing to appeal a "UR" grade issued for a research course (5000 or 6000), or an academic issue not involving a grade should contact the dean of the Graduate College about the appeals process available to graduate students.

11.13 Advisory Committee Decisions-Criteria for Passing.

In decisions resulting from a vote of a graduate student advisory committee (e.g., PhD candidacy exam, final thesis defense, or approving a dissertation), a pass requires that no more than one member of the committee dissent.

11.14 Discontinuance from a Program.

In instances when a student reaches a situation when it is no longer possible to complete the intended degree (e.g., failure of all permitted attempts of the PhD qualifying exam, comprehensive exam or candidacy exam), and is still in good academic standing with the Graduate College, a domestic student may be considered for transfer to non-degree seeking student status and be subject to all non-degree seeking student rules (including maximum number of hours that can later be used toward a graduate degree or certificate program). If visa restrictions prohibit an international student's matriculation as a non-degree seeking student, the Graduate College will inform the Office of International Students and Scholars of the student's impending dismissal from the program; the student will have until the end of the semester to be admitted into another graduate program. This change in status is initiated with a letter from the unit head or graduate program coordinator to the student, copied to the dean of the Graduate College, and should detail the reasons for the student's potential dismissal from the program. In accordance with graduate program policies, students have a limited number of days from the intent to dismiss letter date to initiate the appeals process in the program. Graduate students should contact the dean of the Graduate College about the appeals process.

11.15 Second Graduate Degrees.

The Oklahoma State Regents for Higher Education (OSRHE) do not allow students to obtain a second degree in the same "major" as the first degree, even if the options are different. For example, it is not possible to earn both an M.S. degree in Electrical Engineering with an option in Control Systems and an M.S. degree in Electrical Engineering with an option in Optics and Photonics.

Completion of requirements for more than one option may be noted on the official transcript, but a second degree will not be awarded. Additionally, because of the OSRHE requirement for a coursework common core within master's degree options, it should not be assumed that obtaining an additional option within the same degree program and level will be possible. Careful discussions and planning with the graduate program coordinator prior to admission is imperative, if such study is desired.

While graduate and professional students may simultaneously pursue more than one degree and/or certificate, pursuing a second doctoral degree is not allowed without preapproval of the dean of the Graduate College prior to the application for admission.

11.16 Accelerated Master's Degree

Accelerated master's degree programs offer a streamlined path to a master's degree, reducing the time to earn a master's degree by sharing up to 30 percent of the coursework required for the stand-alone master's degree with the undergraduate degree. All shared courses must be approved for graduate credit. For example, a 30-hour master's degree may share 9 hours with the undergraduate degree, while a 45-hour master's degree may share 14 hours. The curriculum of an accelerated master's degree program is designed to fulfill all requirements of both the undergraduate and graduate degrees. Accelerated bachelor to master's degree programs require approval of the deans of the Graduate College and the relevant undergraduate college(s).

11.17 Awarding of Certificates and Degrees

The retroactive awarding of a newly approved graduate degree or certificate for prior coursework is prohibited. The majority of the coursework (greater than 50 percent) for a graduate certificate must be completed after the student is admitted to and enrolled in the degree program.

11.17.1 Publication Not a Prerequisite

External publication is not a requirement for the completion of a graduate degree.

11.18 Theses and Dissertations

All students' theses, dissertations, and derivatives of these works are considered Personal Works under Section 7.02 of OSU's IP Policy 1-0202, and the student will own the copyright unless otherwise provided by the IP Policy. The University, however, retains a non-exclusive, irrevocable, royalty-free license to reproduce, distribute, and publish the works for any purpose without appropriate attribution.

12.0 Responsible Conduct of Research

All graduate students must complete Responsible Conduct of Research (RCR) training requirements prior to the end of their first semester. Students should consult with their graduate program coordinators as to what these requirements are in their programs. Graduate programs may impose more stringent requirements. A Plan of Study will not be approved by the dean of the Graduate College until the graduate program has certified RCR completion. Information and University policies regarding RCR can be found at https://research.okstate.edu/compliance/policies.html.

12.1 Research Involving Human Subjects.

If the thesis, dissertation, formal report, creative component, or other research that involves the use of human subjects, the research project is governed by federal regulations that require review by the OSU Institutional Review Board (IRB). Approval to conduct the research must be obtained from the IRB before the research is started.

Failure to obtain IRB approval will result in the University's rejection of the thesis or dissertation. While the Graduate College does not monitor degree capstone/creative components/formal reports/etc., this does not negate the student's responsibility to obtain IRB approval if human subjects are involved in that capstone/creative activity.

This section is meant to be informational only and does not contain a complete description of the IRB review process. All of the forms and guidance for completing the application are available on the IRB website https://research.okstate.edu/compliance/irb/forms.html.

13.0 Graduation Clearance Process

At the time of enrollment for the last semester or summer session of work toward a degree, graduate students must complete a Graduation Application with the Office of the Registrar. Completing the Graduation Application indicates that a student has met or will meet by the end of the semester in question, all program and Graduate College requirements to earn the degree they are seeking. If these requirements are not met, the student must complete a new Graduation Application for a future semester. The Graduation Application should be submitted as early as possible in the graduating semester but no later than the deadlines listed on the Graduate College Calendar.

13.1 Graduate Commencement and Diplomas.

The University holds one Graduate Commencement Ceremony at the close of the fall and spring semesters. Students who plan to meet graduation requirements at the close of the summer session are invited and encouraged to participate in the Graduate Commencement Ceremony at the close of the previous spring semester or return for the next ceremony on the fall. Although attendance is not compulsory, the University encourages all candidates for advanced degrees to participate in the Graduate Commencement Ceremony. Candidates should also notify the Office of the Registrar of the address to which the diploma should be mailed.

13.2 Graduate Records and Transcripts.

All permanent records are in the Office of the Registrar. Requests for grades, transcripts, diplomas, and degree-completion letters should be made to that office.

A graduate student who does not complete the requirements in time to receive the degree at the end of the semester may secure a statement from the Office of the Registrar when all requirements for the degree have been satisfied. Such a statement will not be issued until all grades for the semester have been recorded.

14.0 Interdisciplinary Studies, MS

Carol Powers, PhD — General Program Coordinator

The MS in Interdisciplinary Studies offers students the flexibility to create a program of study to fit background, experience, and career goals. By stacking graduate certificates and/or other focused graduate coursework, students can tailor their degree to make the most of their education. The MS is for students who wish to increase their competence in a particular thematic area(s) by taking a series of courses in several disciplines. This multidisciplinary approach provides educational opportunities leading to a variety of careers. Interdisciplinary studies consist of no fewer than two separate fields of study. The advisory committee will assist the student in formulating the Plan of Study.

14.1 Admission Requirements.

An undergraduate grade-point average of 3.00 is required for unqualified admission. Students with a grade-point average less than 3.0 may be admitted on academic notice with approval of the dean.

Applications to the program should include:

1. a cover letter indicating the personal goals and professional objectives to be obtained from the program;
2. transcripts from all schools previously attended;
3. three letters of recommendation from persons who can describe abilities, interest, and motivation as a student;
4. a proposed course of study.

Particular courses are not specified for the degree, though a research methods course is required; the advisory committee can assist in selecting appropriate courses. Up to 30% of graduate hours may be transferred from a regionally-accredited graduate program with consent of the advisory committee. The student chooses one of the two master's degree plans:

1. 30-hour plan, thesis, includes six-hours of research;
2. 32-hour plan, non-thesis. May include a culminating experience (e.g., internship, practicum, comprehensive exam, portfolio, or capstone project); may include a final report with no more than three hours of research

15.0 Graduate Certificate Programs

Graduate certificate programs offer students the opportunity for focused study of a body of knowledge at the graduate level, leading to the award of a transcripted academic credential that can be earned in a relatively short time. Graduate certificate programs can serve both as a steppingstone onto more advanced study leading to a master's or doctoral degree or as a stand alone educational achievement to assist an individual in their career. Many OSU graduate certificate programs are offered online or on the graduate-serving campuses (OSU-Stillwater, OSU-Tulsa and OSU-Center for Health Sciences in Tulsa). In addition, many graduate certificate programs allow students to enroll as either a certificate-seeking or a degree-seeking graduate student. Certificate-seeking students are not eligible for GTA or GRA positions or associated benefits but may be eligible for federal financial aid (https://

go.okstate.edu/scholarships-financial-aid/). For the current graduate certificate offerings at OSU please see the university catalog.

15.1 Admission to a Graduate Certificate Program.

Any student admitted to the Graduate College may apply for admission to a graduate certificate program. Some certificate programs may have additional requirements, such as official scores on standardized tests, letters of recommendation, etc. Contact the appropriate graduate program for specifics.

15.2 Basic Requirements.

A graduate certificate requires completion of a minimum of 12 credit hours of coursework eligible for graduate credit. Specific certificate programs may have more stringent requirements.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

15.3 Transfer of Courses.

With the approval of the graduate program and the Graduate College, up to three hours of graduate-level credit with a grade of "B" or higher from another institution may be used toward certificate requirements. The GPA must be at least 3.0 on any transfer credit.

15.4 Academic Standing.

A grade-point average of "B" (3.00) is required to earn a graduate certificate. No grade lower than a "C" may be used as part of the minimum requirements for the certificate. Individual certificate programs may have more stringent requirements.

15.5 Plan of Study and Certificate Completion Procedures.

Upon application to a graduate certificate program, a student must complete a Plan of Study, listing the courses intended to be used in earning the certificate before the end of their first semester in the certificate program. This plan must be approved by the graduate program and the Graduate College prior to recording the credential on the student's academic record. During the semester of anticipated certificate completion, the student must complete a Graduate Application. This action will cause the graduate certificate to be recorded on the official transcript and a certificate will be printed, provided all requirements have been met. Unfortunately, due to space limitations, standalone graduate certificates are not recognized at commencement.

16.0 Graduate Minors

Graduate minors offer students the opportunity to pursue coursework outside, or ancillary to, the requirements for the degree earned. Minors may not be earned independently of a degree granted by OSU.

16.1 Basic Requirements.

A graduate minor must include between nine and eighteen hours, inclusive, of coursework eligible for graduate credit.

Transfer of courses: No more than one-third of the credit for the minor may be earned through transfer credit of courses taken at other institutions, with the approval of the coordinator of the minor and the dean of the Graduate College. Transfer credit will only be considered if it was earned when the student was post-baccalaureate (i.e., after earning a bachelor's degree) at another accredited institution. All courses used as transfer credit must have a grade of "B" or better.

16.2 Academic Standing.

A grade-point average of "B" (3.00) is required on courses applicable to a graduate minor. No grade lower than a "C" may be used as part of the minimum requirements for the minor. Individual minors may have more stringent requirements.

16.3 Plan of Study and Minor Completion Procedures.

Graduate students can declare a minor by entering it in the appropriate section of an original or revised Plan of Study submitted to the Graduate College prior to conferral of the degree. The pursuit of graduate minors is not denoted on the academic transcript while in progress. Graduate students can file for minor completion in the semester that the required courses for that minor will be finished. At that time, the graduate student should ask the coordinator for that minor area to submit a memorandum to the Graduate College certifying the completion of the minor requirements and listing the courses required for the minor. A notation of the minor will be added to the student's transcript with the conferral of a degree. The courses required for a graduate minor may be included on a Plan of Study for any graduate degree or they may be in addition to the degree requirements, depending on the overlap between the minor and the degree Plan of Study. However, the graduate minor must be earned in an academic field other than the student's graduate program or degree option (for example, a graduate student who is majoring in economics could not receive a graduate minor in economics).

16.4 Time Limits.

Requirements for the graduate minor must be completed at the time of conferral of the primary degree. All graduate courses used to complete the minor must have been taken within ten years prior to the date of completion of the graduate minor requirements.

17.0 Master's Degree Programs

17.1 Abbreviations.

MA - Master of Arts
MAG - Master of Agriculture
MAT - Master of Athletic Training
MBA - Master of Business Administration
MEN - Master of Engineering
MFA - Master of Fine Arts
MM - Master of Music
MPH - Master of Public Health
MS - Master of Science

17.2 Current Degree Inventory.

For the current listing of master's degrees offered at OSU see the Graduate College website: https://gradcollege.okstate.edu/programs/listing-by-degree.html#Masters.

17.3 Basic Requirements.

The master's degree may be earned by one of four plans as follows:

Plan I—thesis. Minimum 30 credit hours. Six hours of research required with a grade of "SR."

Plan II—non-thesis, creative component. Minimum of 30 credit hours. May include no more than three hours of research or creative component with a grade of "SR."

Plan III—non-thesis, (formal) report. Minimum of 30 credit hours. Requires one to three hours of research with a grade of "SR" or a departmental course.

Plan IV—non-thesis, coursework only. Minimum of 30 credit hours.

The numbers of credits specified for each plan are minimums set by the Graduate College. Graduate program requirements may exceed these minimums.

The graduate program, with the approval of the dean of the Graduate College, decides which alternatives are open to the students.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

17.4 Residency Requirements.

Candidates for a master's degree must complete a minimum of 21 semester credit hours from OSU. Nine semester credit hours may be graduate courses taken at another accredited college or university with appropriate approvals.

17.5 Advisory Committee.

Upon recommendation of the graduate program and approval of the dean of the Graduate College, an advisory committee of no fewer than three voting members will be appointed. The advisory committee must include a minimum of three members of the Graduate Faculty. The chair of the committee need not necessarily serve as the student's research advisor, but must hold an OSU Graduate Faculty appointment and have familiarity with the academic requirements of the degree sought. To view the roles and responsibilities associated with members of advisory committees, go to https://gradcollege.okstate.edu/resources/best-practices.html.

17.6 Level of Courses Applied to Graduate Degree.

Graduate students must complete all semester credit hours at the graduate level through OSU as presented on the Plan of Study to meet requirements for the master's degree.

17.7 Plan of Study.

The Plan of Study for the degree must be submitted online to the Graduate College prior to completion of the second semester of enrollment for a master's program. The student should develop the Plan of Study with the advisory committee using the online Plan of Study application (Current Student Resources | Oklahoma State University (https://gradcollege.okstate.edu/resources/student-resources)). The online submission request requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College. The Plan of Study is subject to modification. All changes must have the approval of the advisory committee and the student's graduate coordinator, and a final Plan of Study incorporating all changes should be submitted to the Graduate College by the eighth week of the semester in which the degree is to be conferred. See the Graduate College Calendar.

Graduate credit, up to a maximum of nine hours, used to obtain one master's degree may, with the approval of the advisory committee, be counted toward completion of another master's degree.

17.8 Language Requirements.

A candidate for a master's degree may be required to demonstrate a reading knowledge of a modern foreign language. Any such requirement of the graduate program included on the Plan of Study and is noted at the time the preliminary plan is approved by the student's advisor.

A foreign language requirement for a master's degree may be met either by examination or by college credit, according to individual graduate program requirements.

17.9 Written Examinations.

Some graduate programs require a written examination covering the major and/or minor fields. It is usually taken before the thesis or report has been completed. Arrangements for taking the examination should be made with the graduate program at least three weeks in advance. The written examination must be passed before a final examination is scheduled, if a thesis or report option is used.

A student who fails all or part of the written examination should consult the chair of the examination committee to find out what must be done before taking another examination.

17.10 Thesis.

Any student working on a thesis should obtain a copy of the Graduate College Thesis/Dissertation Handbook available from the Graduate College at https://gradcollege.okstate.edu/resources/current-student-resources.html. A thesis must conform to the format specifications set forth in this document. The style of the document is to be determined by the advisory committee and should be reflective of publications in the student's discipline. Any graduate student writing a thesis must attend a Thesis/Dissertation format workshop prior to submission of their approved thesis. The dates for the workshops are on the Graduate Calendar and a webinar version is available on the Graduate College website.

It is strongly recommended that a graduate student submit complete copies of their thesis to committee members at least two weeks prior to the defense date, that the defense presentation be publicized, and that the thesis defense occur on a date during the normal academic semesters and sessions. Graduate programs may have additional or more restrictive requirements for thesis defenses.

Immediately after the defense, the Thesis Oral Defense Results form, initiated by the student, must be submitted online (Current Student Resources | Oklahoma State University (https://gradcollege.okstate.edu/resources/student-resources)). In addition, the student must electronically submit the Thesis Document Approval form (see template on the Graduate College website) with committee signatures to the Graduate College via grad-academici@okstate.edu. The thesis must have the necessary approval signatures before online submission. Directions to submit the thesis through the OSU website are given to the student after they submit the Thesis Document Approval form. Both the Thesis Document Approval form and the electronic submission of the thesis must occur no later than the final submission deadline date stated on the Graduate College Calendar.

17.11 Final Examination.

If the thesis or report option is used, the student should arrange with the graduate program for the final examination and to distribute a copy as described in the preceding section. The final examination may be oral or written or both.

The final examination is primarily a defense of the thesis or report. If the defense is judged inadequate, a decision on whether to permit re-examination will be made by the advisory committee. Another examination cannot be given for at least two months after a failure, and a graduate program may limit the number of times that the examination may be repeated.

Following satisfactory completion of the final examination, the candidate will make changes to the thesis or report as required by the committee and submit it in final form as described in the preceding sections.

Please see the Graduate College's Best Practices: Advisory Committees and Defenses document for additional guidance (https://gradcollege.okstate.edu/resources/best-practices.html).

18.0 Specialist in Education (EdS) Degree Program

The Specialist in Education degree is conferred as an appropriate recognition of achievement as evidenced by the following:

1. Successful professional performance in the area of the student's specialization.
2. Satisfactory completion of a program of graduate study of approximately two academic years.
3. Satisfactory performance on examinations designed to reveal the student's understanding of the field of specialization and its relation to other areas; and
4. Preparation of a thesis dealing with some aspect of concern to the student's profession and its defense before a committee of the Graduate Faculty.

18.1 Temporary Advisor.

At the beginning of a student's Specialist in Education program, the school head may designate a member of the Graduate Faculty to serve as temporary advisor to the student. The temporary advisor will guide the student in the selection of courses for the first semester.

18.2 Advisory Committee.

Upon recommendation of the school head or the graduate committee of the school and approval of the dean of the Graduate College, an advisory committee of no fewer than three voting members will be appointed. At least one member of the advisory committee must be designated as the Graduate College Representative and be a Full member of the OSU Graduate Faculty from a school or department outside the student's department. This committee:

1. conducts the preliminary examination and conference,
2. approves the proposed Plan of Study,
3. supervises the student's progress in the program,
4. supervises the research, and
5. arranges for and conducts the final examination.

The chair of the committee need not necessarily serve as the student's research advisor but must hold an OSU Graduate Faculty appointment and have familiarity with the academic requirements of the degree sought. To view the roles and responsibilities associated with members of advisory committees, go to https://gradcollege.okstate.edu/resources/best-practices.html.

18.3 Plan of Study.

The original Plan of Study for the degree must be submitted to the Graduate College prior to the end of the second semester (excluding summer sessions) of enrollment for a specialist in education program. The student should develop the Plan of Study with the advisory committee using the online Plan of Study application (Current Student Resources | Oklahoma State University (https://gradcollege.okstate.edu/resources/student-resources)). The online submission requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College.

The Plan of Study is subject to modification. All changes must have the approval of the advisory committee and the student's graduate coordinator, and a final Plan of Study incorporating all changes should be submitted to the Graduate College by the eighth week of the semester in which the degree is to be conferred. See the Graduate College Calendar.

18.4 Credit Hour Requirements.

A minimum of 60 credit hours beyond the bachelor's degree or 33 credit hours beyond the master's degree are required for the Specialist in Education degree. This may include as many as 10 credit hours for the practicum study and accompanying report.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

18.5 Character of Work.

The satisfactory completion of coursework (see "General Regulations") is only one requirement for receiving the degree. The student must also:

1. pass a qualifying examination,
2. conduct an appropriate study of education,
3. show qualities of professional leadership, and
4. pass a final examination.

18.6 Residence Requirements.

While the Graduate College does not have a specific residence requirement that applies to all graduate programs, programs may require a period of time in residence for students enrolled in departmental graduate programs. Programs must inform students of any residence requirements upon their admission to departmental graduate programs. No more than nine hours may be transferred from another university.

18.7 Qualifying Examination.

A qualifying examination is required of all candidates for the Specialist in Education degree. The nature of this exam is determined within each specialization.

18.8 Credit Toward an EdD or a PhD.

A student holding an EdS may have the credit hour requirements for a PhD or EdD reduced to 30 hours subject to recommendation by the advisory committee and approval of the dean of the Graduate College.

19.0 Professional Doctorate (DBA, DFS, DHA) Degrees

Professional doctoral degrees prepare students for advanced professional knowledge with a practice perspective to learning, and variable levels of scholarly work. Frequently, professional doctoral degrees will contain training and advanced knowledge that is required by a relevant licensing board and professional organization. The professional doctoral degree requirements are components that provide examination and capstone experiences consistent with the profession's standards and the Graduate College's expectations for professional doctoral programs.

The following professional doctoral degrees are offered at Oklahoma State University:

Doctor of Business Administration, D.B.A., for degree requirements see the Spears School of Business

Doctor of Forensic Sciences, D.F.S., for degree requirements see the School of Forensic Sciences, Center for Health Sciences

Doctor of Health Care Administration, D.H.A., for degree requirements see the School of Health Care Administration, Center for Health Sciences

19.1 Basic Requirements

Professional doctoral degrees requires a minimum of 60 semester credit hours beyond the bachelors degree. Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

19.2 Plan of Study

The student should develop the Plan of Study with the advisory committee using the online Plan of Study application (Current Student Resources | Oklahoma State University (https://gradcollege.okstate.edu/resources/student-resources)). The online submission requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College.

The original Plan of Study must be submitted to the Graduate College prior to the end of the third semester (excluding summer sessions) of enrollment in the doctoral program.

The Plan must include all the acceptable graduate work that has been completed and all that will be taken for the degree. All courses on the plan should be taken at the 5000-6000 level. Credit for all courses on a graduate Plan of Study must have been awarded within 10 years of completion of all degree requirements.

The Plan of Study is subject to modification. All changes must have the approval of the advisory committee and the student's graduate coordinator, and a final Plan of Study incorporating all changes should be submitted to the Graduate College by the eighth week of the semester in which the degree is to be conferred. See the Graduate College Calendar.

19.3 Character of Work

The satisfactory completion of coursework (see "General Regulations") is only one requirement for receiving the degree. The student must also comply with any other requirements of the major department.

19.4 Residence Requirements

A minimum of 30 credit hours must be taken at OSU. While the Graduate College does not have a specific residency requirement that applies to all programs, some may require a period of time in residence for students. Programs must inform students of any residency requirements upon their admission to the graduate program.

20.0 Doctor of Education (EdD) Degree Programs

The degree of Doctor of Education is a professional degree conferred in recognition of outstanding ability as an educator in some special field or fields as shown by:

1. satisfactory completion of a program of study;
2. passing examinations showing an understanding of the field of specialization and its relation to allied subjects;
3. the preparation of a dissertation demonstrating ability to approach problems with a high degree of originality and independence; and
4. passing an examination covering the dissertation and related fields.

20.1 Basic Requirements.

The Doctor of Education degree requires a minimum of 90 semester credit hours beyond the bachelor's degree, or a minimum of 60 semester credit hours beyond the master's degree in a related discipline. The Plan of Study must include ten hours, with a grade of "SR," for the doctoral dissertation. Students may use 90 hours beyond the bachelor's degree as a degree total only if admitted directly into the doctoral program from the bachelor's degree.

A student who holds a DVM, MD, DO, DDS, LLB, JD, or equivalent professional degree may also have the minimum credit hour requirement reduced to 60 hours, subject to the recommendation of their advisory committee and the approval of the dean of the Graduate College.
A student may receive only one 30-hour credit reduction in the EdD requirement regardless of the number of master's or professional degrees that he or she holds.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

20.2 Temporary Advisor.

At the beginning of a student's doctoral program, the school head will designate a member of the Graduate Faculty to serve as temporary advisor to the student. The temporary advisor will guide the student in the selection of courses for the first semester.

20.3 Advisory Committee.

Upon recommendation of the head of the graduate program and approval of the graduate dean, an advisory committee of no fewer than four voting members will be appointed. The duties of the advisory committee consist of:

1. advising the student,
2. assisting the student in preparing a Plan of Study,
3. assisting in planning and conducting the research,
4. supervising the writing of the dissertation, and
5. conducting the dissertation defense.

The chair of the committee need not necessarily serve as the student's research advisor but must hold an OSU Graduate Faculty appointment with doctoral chairing privileges, and have familiarity with the academic requirements of the degree sought. At least one member of the advisory committee must be designated as the Graduate College Representative and be a Full member of the OSU Graduate Faculty from a school or department outside the student's department. To view the roles and responsibilities associated with members of advisory committees, go to https://gradcollege.okstate.edu/resources/best-practices.html.

The student should consult the members of the advisory committee frequently and keep them informed on the progress of their work.

20.4 Preliminary Conference.

As soon as the student is notified that an advisory committee has been appointed, the student should arrange with the chair for a conference with the committee. During the conference, the preparation and qualifications of the student for graduate work will be discussed and appropriate plans made for future study.

20.5 Plan of Study.

The student should develop the Plan of Study with the advisory committee using the online Plan of Study application (Current Student Resources | Oklahoma State University (https://gradcollege.okstate.edu/resources/student-resources)). The online submission requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College.

Because the acceptance of work that the student desires to use toward the degree rests with the advisory committee, it is important to plan a complete program and have it approved by the dean of the Graduate College as soon as possible.

The original Plan of Study must be submitted to the Graduate College prior to the end of the third semester (excluding summer sessions) of enrollment in the doctoral program.

The Plan must include all the acceptable graduate work that has been completed and all that will be taken for the degree. The plan should include:

1. all courses taken at the 5000-6000 level,
2. a minimum of 60 hours beyond the master's degree or 30 hours beyond the EdS, and
3. at least 10 hours of dissertation credit. Courses from a master's degree or EdS are not listed on the doctoral Plan of Study.

Credit for all courses on a graduate Plan of Study must have been awarded within 10 years of completion of all degree requirements.

The Plan of Study is subject to modification. All changes must have the approval of the advisory committee and the student's graduate coordinator, and a final Plan of Study incorporating all changes should be submitted to the Graduate College by the eighth week of the semester in which the degree is to be conferred. See the Graduate College Calendar.

20.6 Character of Work.

The satisfactory completion of coursework (see "General Regulations") is only one requirement for receiving the degree. The student must also:

1. pass a qualifying examination,
2. prepare an acceptable dissertation,
3. demonstrate the ability to do independent study,
4. pass a defense of dissertation, and
5. comply with any other requirements of the major department.

20.7 Residence Requirements.

A minimum of 30 credit hours must be taken at OSU. While the Graduate College does not have a specific residency requirement that applies to all graduate programs, some may require a period of time in residence for students. Programs must inform students of any residency requirements upon their admission to graduate programs.

20.8 Language and Research Instruments Proficiency.

All candidates will be expected to have a command of those instruments necessary in the study of educational problems. The doctoral advisory committee of each candidate may require evidence of proficiency in one or more foreign languages, educational research, statistics and/or computer usage.

20.9 Admission to Doctoral Candidacy.

Admission to doctoral candidacy marks the transition into the research phase of a doctoral degree and indicates agreement that the student has demonstrated the ability to do acceptable graduate work and that satisfactory progress has been made toward a degree. Consideration for candidacy requires the presentation of a written research proposal for doctoral research to the doctoral advisory committee, who will assess the proposal and offer the student pertinent counsel, advice and feedback. The approval of the research proposal by the advisory committee is the basic requirement for admission to doctoral candidacy; individual programs will normally impose additional requirements, such as the successful completion of oral and/or written comprehensive or qualifying examinations. These additional requirements may occur in conjunction with the presentation of the research proposal, or they may occur at different times within the course of doctoral study. Admission to doctoral candidacy is conferred with the approval of the dean of the Graduate College, on behalf of the Graduate Council, acting upon the recommendation of program faculty. Admission to candidacy should occur fairly early in the graduate degree program. When the student has completed all requirements for Candidacy, they must initiate the Admission to Doctoral Candidacy form (Current Student Resources | Oklahoma State University (https://gradcollege.okstate.edu/resources/student-resources) for committee members' and the Graduate College's approval.

20.10 Dissertation Hours Taken as a Doctoral Candidate.

Admission to candidacy must occur at least six months prior to the date of the final dissertation defense. Since admission to candidacy may occur at various times related to the academic calendar, the student will need to be admitted to candidacy early in the fall semester to be eligible to schedule their final dissertation defense and graduate in the spring; early in the spring semester for summer graduation; and early in the summer session for fall graduation. (See the Graduate College Calendar for term-specific dates.) If a student is admitted to candidacy prior to the first day of a given term, all dissertation hours taken that term and following may be included in the hours of dissertation research required as a doctoral candidate.

20.11 Dissertation.

A dissertation is required of each candidate for the EdD degree. The dissertation has three principal functions:

1. training in research,
2. promoting professional growth, and
3. contributing to professional knowledge in education. Not every dissertation will be expected to serve these three functions in the same way or to the same extent.

The format specifications, procedures and regulations for the dissertation are the same as for the PhD. The EdD candidate should refer to the "Doctor of Philosophy" section in the Graduate College chapter of the Catalog on dissertations and submission procedures. The style of the document is to be determined by the advisory committee and should be reflective of publications in the student's discipline. Any graduate student writing a dissertation must attend a Thesis/Dissertation format workshop prior to submission of their approved dissertation. The dates for the workshops are on the Graduate Calendar and a webinar version is available on the Graduate College website.

21.0 Doctor of Philosophy (PhD) Degree Programs

The Doctor of Philosophy (PhD) degree is granted in recognition of high achievement in scholarship and independent investigation. The student must prove his or her acceptability by:

1. successfully completing a series of courses comprising a Plan of Study;
2. passing various examinations demonstrating academic competence;
3. carrying out a research program under supervision and preparing an acceptable dissertation; and
4. demonstrating initiative, creative intelligence, and ability to plan and carry out research in his or her chosen field.

21.1 Current Degree Inventory.

For the current listing of doctoral programs offered at OSU see the Graduate College website: https://gradcollege.okstate.edu/programs/listing-by-degree.html#Doctoral.

21.2 Basic Requirements.

The Doctor of Philosophy degree requires the number of credit hours as specified by the degree program with a minimum of 60 credit hours beyond the bachelor's degree. These hours must include a minimum of 15 dissertation hours (6000) with a grade of "SR." The maximum number of dissertation hours (6000 with a grade of "SR") permissible on a Plan of Study must not exceed three-fourths of the total credit hours in the approved graduate degree program.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

21.3 Temporary Advisor.

At the beginning of a student's doctoral program, the graduate program will designate a member of the Graduate Faculty to serve as temporary advisor to the student, if an advisor is not already determined. The temporary advisor will assist the student in the early selection of courses. Often, it is the graduate coordinator who serves as the temporary advisor.

21.4 Advisory Committee.

Upon recommendation of the graduate program and approval of the dean of the Graduate College, an advisory committee of not fewer than four voting members will be appointed. The duties of the advisory committee consist of:

1. advising the student,
2. assisting the student in preparing a Plan of Study,
3. assisting in planning and conducting the research,
4. supervising the writing of the dissertation, and
5. conducting the dissertation defense.

The chair of the committee need not necessarily serve as the student's research advisor, but must hold an OSU Graduate Faculty appointment with doctoral chairing privileges, and have familiarity with the academic requirements of the degree sought. At least one member of the advisory committee must be designated as the Graduate College Representative and be a Full member of the OSU Graduate Faculty from a school or department outside the student's department. To view the roles and responsibilities associated with members of advisory committees, go to https://gradcollege.okstate.edu/resources/best-practices.html.

The student should consult the members of the advisory committee frequently, keeping them informed on the progress of their work.

21.5 Preliminary Conference.

As soon as the student is notified that an advisory committee has been approved, the student should arrange with the chairperson for a conference with the committee. During the conference, the preparation and qualifications of the student for graduate work will be discussed and appropriate plans made for future study.

21.6 Plan of Study.

The student should develop the Plan of Study with the advisory committee using the online Plan of Study application (Current Student Resources | Oklahoma State University (https://gradcollege.okstate.edu/resources/student-resources)). The online submission requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College.

The original Plan of Study must be submitted to the Graduate College prior to the end of the third semester (excluding summer sessions) of enrollment in the doctoral program. The Plan of Study should include:

1. all courses taken at the 5000-6000 level,
2. a minimum of 60 hours, and
3. a minimum of 15 (maximum of 45) dissertation hours (6000) with a grade of "SR" for the 60 hour doctorate or a minimum of 15 (maximum of 60) dissertation hours (6000) for the 90 hour doctorate.

Credit for all courses on a graduate Plan of Study must have been awarded within 10 years of completion of all degree requirements.

The Plan of Study is subject to modification. All changes must have the approval of the advisory committee and the student's graduate coordinator, and a final Plan of Study incorporating all changes should be submitted to the Graduate College by the eighth week of the semester in which the degree is to be conferred. See the Graduate College Calendar..

21.7 Character of Work.

The satisfactory completion of coursework (see "General Regulations") is only one requirement for earning the degree. The student must also:

1. pass a qualifying examination*
2. prepare an acceptable dissertation,
3. demonstrate the ability to do independent study,
4. pass a defense of dissertation, and
5. comply with any other requirements of the graduate program.

*Normally, programs include successful completion of oral and/or written comprehensive or qualifying examinations.

21.8 Residency Requirements.

A minimum of 30 credit hours must be taken at OSU. While the Graduate College does not have a specific residency requirement that applies to all programs, graduate programs may require a period of time in residence for students enrolled in departmental graduate programs. Programs must inform students of any residence requirements upon their admission to their graduate programs.

21.9 Language Requirement.

Foreign language or other proficiency requirements may be specified to meet the need for specific skills and areas of knowledge that facilitate research and contribute to wider understanding. Specific requirements are determined by graduate programs. In many fields, a reading knowledge of one or two modern foreign languages is an important part of scholarship and necessary for research. In other fields, proficiency in special and related disciplines may be required that will contribute to the needs of the individual program.

21.10 Admission to Doctoral Candidacy.

Admission to doctoral candidacy marks the transition into the research phase of a doctoral degree and indicates agreement that the student has demonstrated the ability to do acceptable, doctoral-level graduate work and that satisfactory progress has been made toward a degree. Consideration for candidacy requires the presentation of a written research proposal for doctoral research to the doctoral advisory committee, who will assess the proposal and offer the student pertinent counsel, advice and feedback. The approval of the research proposal by the advisory committee is the basic requirement for admission to doctoral candidacy; individual programs will normally impose additional requirements, such as the successful completion of oral and/or written comprehensive or qualifying examinations. These additional requirements may occur in conjunction with the presentation of the research proposal, or they may occur at different times within the course of doctoral study. Admission to doctoral candidacy is conferred with the approval of the dean of the Graduate College, on behalf of the Graduate Council, acting upon the recommendation of program faculty. When the student has completed all requirements for Candidacy, they must initiate the Admission to Doctoral Candidacy form through GC Round Up (http://planofstudy.okstate.edu) for committee members' and the Graduate College's approval.

21.11 Dissertation Hours Taken as a Doctoral Candidate.

Admission to candidacy must occur at least six months prior to the end of the graduating semester.

Since admission to candidacy may occur at various times related to the academic calendar, the student will need to be admitted to candidacy early in the fall semester to be eligible to schedule their final dissertation defense and graduate in the spring; early in the spring semester for summer graduation; and early in the summer session for fall graduation. See the Graduate College Calendar for term-specific dates.

21.12 Dissertation.

A dissertation is required of each doctoral candidate. The subject of the dissertation must be approved by the advisory committee and the dissertation is prepared under the direction of members of the committee or a special dissertation committee approved by the advisory committee chair.

The dissertation must follow specifications in the Graduate College Thesis/ Dissertation Guidelines, available at Current Student Resources | Oklahoma State University (https://gradcollege.okstate.edu/resources/student-resources). The style of the document is to be determined by the advisory committee and should be reflective of publications in the student's discipline. Any graduate student writing a dissertation complete a Thesis/Dissertation format webinar prior to submission of their approved dissertation.

It is strongly recommended that a graduate student submit complete copies of the dissertation to the advisory committee members at least two weeks prior to the defense date, that the defense presentation be publicized, and that the dissertation defense occur on a date during the normal academic semesters and sessions. Graduate programs may have additional or more restrictive requirements for dissertation defenses.

Immediately after the defense, the online dissertation Oral Defense form, initiated by the student, must be completed by the advisory committee. In addition, the online dissertation Document Approval form, initiated by the student, must be completed by the advisory committee before the electronic submission of the dissertation. Directions to submit the dissertation through the OSU website are given to the student after the dissertation Document Approval form is completed by all committee members. Both the dissertation Document Approval form and the electronic submission of the dissertation must occur no later than the final submission deadline date stated on the Graduate College Calendar (Current Student Resources | Oklahoma State University (https://gradcollege.okstate.edu/resources/student-resources)).

21.13 Final Examination.

The student should arrange with the graduate program for the final examination and to distribute a copy of the dissertation as described in the preceding section. The final examination is primarily a defense of the dissertation. If the defense is judged inadequate, a decision on whether to permit re-examination will be made by the advisory committee. Another examination cannot be given for at least two months after a failure, and a graduate program may limit the number of times that the examination may be repeated. If the advisory committee decides against re-examination, the committee's decision is final. The outcome of the dissertation defense falls under the "professional and scholarly assessment made by faculty and advisory committees" and is not appealable.

Following satisfactory completion of the final examination, the candidate will make changes in the dissertation as required by the committee and submit it in final form as described in preceding section.

Please see the Graduate College's Best Practices: Advisory Committees and Defenses document for additional guidance.

Academic Calendar
Graduate College Academic Calendar

*Graduate College Academic Calendar dates subject to change.

Refer also to the University Academic Calendar (p. 91).

2026-2027

	Fall	Spring	Summer
Class work begins	Aug 17	Jan 11	May 17
Admission to doctoral candidacy for summer graduates due in Graduate College		Jan 29	
Admission to doctoral candidacy for fall graduates due in Graduate College			Jun 4

Thesis/ Dissertation Graduation Review: Watch the online tutorial	Oct 9	Mar 5	Jun 4
Last day to submit a revised plan of study (if needed) to Graduate College	Oct 16	Mar 12	Jun 18
Last day to file a Graduation Application* (formerly diploma application)	Nov 2	March 31	Jun 28
Admission to doctoral candidacy for spring graduates due in Graduate College	Nov 6		
Last day to submit results of Thesis/ Dissertation Oral Defense form to Graduate College to meet semester graduation deadlines	Nov 13	Apr 9	Jul 16
Last day to submit Thesis/ Dissertation Document Approval form to Graduate College to meet semester graduation deadlines	Nov 20	Apr 23	Jul 22
Last day to complete online submission of electronic dissertation or thesis to meet semester graduation deadlines	Nov 30	Apr 30	Jul 26
Term ends; Formal Reports, Creative Components due	Dec 11	May 7	Jul 30
Graduate Commencement	Dec 11	May 7	

* Last day to file for your name to appear in Fall and Spring/Summer Commencement Book. Summer deadline is for graduation clearance only.

Master's Degree Programs

- Accounting Systems: Cyber Audit, MS (p. 3214)
- Accounting Systems: Data Analytics, MS (p. 3215)
- Accounting, MS (p. 3216)
- Accounting: Corporate Finance, MS (p. 3217)
- Accounting: Data Analytics & Systems, MS (p. 3218)
- Accounting: Financial Reporting & Auditing, MS (p. 3219)
- Accounting: Research Methods, MS (p. 3220)
- Accounting: Tax, MS (p. 3221)
- Aging Studies, MS (p. 3222)
- Agricultural Communications, MS (p. 3223)
- Agricultural Economics, MS (p. 3224)
- Agricultural Education and Leadership, MS (p. 3226)
- Animal Science, MS (p. 3227)
- Applied Statistics, MS (p. 3228)
- Art History, MA (p. 3229)
- Artificial Intelligence: Computer Engineering, MS (p. 3230)
- Artificial Intelligence: Computer Science, MS (p. 3232)
- Artificial Intelligence: Health Care Administration, MS (p. 3233)
- Athletic Training, MAT (p. 3234)
- Aviation and Space, MS (p. 3235)
- Biochemistry and Molecular Biology, MS (p. 3236)
- Biomedical Sciences, MS (p. 3237)
- Biosystems Engineering, MS (p. 3240)
- Business Administration, MBA (p. 3241)
- Business Analytics and Data Science, MS (p. 3243)
- Business Analytics and Data Science: Advanced Data Science, MS (p. 3244)
- Business Analytics and Data Science: Cybersecurity Analytics, MS (p. 3245)
- Business Analytics and Data Science: Health Analytics, MS (p. 3246)
- Business Analytics and Data Science: Marketing Analytics, MS (p. 3247)
- Chemical Engineering, MS (p. 3248)
- Chemistry, MS (p. 3249)
- Civil Engineering, MS (p. 3250)
- Communication Sciences and Disorders, MS (p. 3251)
- Comparative Biomedical Sciences, MS (p. 3252)
- Computer Science, MS (p. 3253)
- Counseling Psychology, MS (p. 3254)
- Counseling: Mental Health Counseling, MS (p. 3255)
- Counseling: School Counseling, MS (p. 3257)
- Creative Writing, MFA (p. 3259)
- Data Science: Computer Science, MS (p. 3260)
- Data Science: Engineering, MS (p. 3261)
- Data Science: Mathematics & Statistics, MS (p. 3262)

- Psychological Sciences: Clinical, PhD (p. 3116)
- Psychological Sciences: Experimental Psychology, PhD (p. 3117)
- Psychology, MS (p. 3382)
- Public Health, GCRT (p. 3197)
- Public Health, MPH (p. 3383)
- Public Health: Rural and Underserved Populations, MPH (p. 3384)
- Quantitative Finance, MS (p. 3386)
- Quantum Information Science, GCRT (p. 3198)
- Recreation and Leisure Management, GCRT (p. 3199)
- Recreation Management and Recreational Therapy, MS (p. 3387)
- School Administration, EdD (p. 3118)
- School Library Certification, GCRT (p. 3200)
- School Psychology, EdS (p. 3119)
- School Psychology, MS (p. 3388)
- School Psychology, PhD (p. 3120)
- Social Foundations of Education, MA (p. 3390)
- Sociology, MS (p. 3392)
- Sociology, PhD (p. 3122)
- Soil Science, PhD (p. 3123)
- Special Education, GCRT (p. 3201)
- Sport Communication, GCRT (p. 3202)
- Statistical Methods and Analyses in Educational and Behavioral Sciences, GCRT (p. 3203)
- Statistics, GCRT (p. 3204)
- Statistics, MS (p. 3393)
- Statistics, PhD (p. 3124)
- Student Affairs, GCRT (p. 3205)
- Substance Abuse Counseling, GCRT (p. 3206)
- Supply Chain and Logistics, GCRT (p. 3207)
- Teacher Development, Conflict Transformation, and Compassionate Education, GCRT (p. 3208)
- Teaching English to Speakers of Other Languages, GCRT (p. 3209)
- Teaching, Learning and Leadership: Curriculum and Leadership Studies, MS (p. 3394)
- Teaching, Learning and Leadership: K-12 Education, MS (p. 3395)
- Teaching, Learning and Leadership: Mathematics/Science Education, MS (p. 3397)
- Teaching, Learning and Leadership: Reading and Literacy, MS (p. 3398)
- Teaching, Learning and Leadership: Special Education, MS (p. 3399)
- Tribal Health Care Administration, GCRT (p. 3210)
- Workforce and Adult Education, GCRT (p. 3211)

Faculty

The OSU Graduate Faculty are searchable by name and department in the Graduate Faculty Database (https://apps.okstate.edu/graddb_gfd/) on the Graduate College Website.

Doctoral Degree Programs

- Agricultural Economics, PhD (p. 3033)
- Agricultural Education, Communications, and Leadership, PhD (p. 3034)
- Animal Science, PhD (p. 3035)
- Applied Educational Studies: Aviation and Space Education, EdD (p. 3036)
- Biochemistry and Molecular Biology, PhD (p. 3037)
- Biomedical Sciences, PhD (p. 3038)
- Biosystems Engineering, PhD (p. 3040)
- Business Administration, DBA (p. 3041)
- Business Administration: Accounting, PhD (p. 3042)
- Business Administration: Entrepreneurship, PhD (p. 3043)
- Business Administration: Executive Research, PhD (p. 3044)
- Business Administration: Finance, PhD (p. 3045)
- Business Administration: Hospitality and Tourism Management, PhD (p. 3046)
- Business Administration: Management Science and Information Systems, PhD (p. 3047)
- Business Administration: Management, PhD (p. 3048)
- Business Administration: Marketing, PhD (p. 3049)
- Chemical Engineering, PhD (p. 3050)
- Chemistry, PhD (p. 3051)
- Civil Engineering, PhD (p. 3052)
- Community Health Sciences, PhD (p. 3053)
- Comparative Biomedical Sciences, PhD (p. 3054)
- Computer Science, PhD (p. 3055)
- Counseling Psychology, PhD (p. 3056)
- Crop Science, PhD (p. 3057)
- Curriculum Studies: College Curriculum and Teaching, PhD (p. 3058)
- Curriculum Studies: Curriculum and Leadership, PhD (p. 3059)
- Curriculum Studies: International and Peace Curriculum, PhD (p. 3060)
- Economics, PhD (p. 3061)
- Education: Educational Administration, EdS (p. 3062)
- Education: Learning, Design and Technology, PhD (p. 3063)
- Education: Literacies and Language Arts Education, PhD (p. 3064)
- Education: Mathematics Education, PhD (p. 3065)
- Education: Science Education, PhD (p. 3066)
- Education: Social Foundations of Education, PhD (p. 3067)
- Education: Special Education, PhD (p. 3069)
- Education: Workforce and Adult Education, PhD (p. 3070)
- Educational Leadership and Policy Studies: Educational Administration, PhD (p. 3071)
- Educational Leadership and Policy Studies: Higher Education, PhD (p. 3072)
- Educational Psychology: Educational Psychology, PhD (p. 3073)
- Educational Psychology: Research, Evaluation, Measurement and Statistics, PhD (p. 3074)
- Electrical Engineering, PhD (p. 3075)
- English, PhD (p. 3076)
- Entomology, PhD (p. 3077)
- Environmental Science, PhD (p. 3078)
- Fire and Emergency Management Administration, PhD (p. 3079)
- Food Science, PhD (p. 3080)
- Forensic Sciences, DFS (p. 3081)
- Forensic Sciences, PhD (p. 3083)
- Geography, PhD (p. 3085)
- Geology, PhD (p. 3086)
- Health and Human Performance, PhD (p. 3087)
- Health Care Administration, DHCA (p. 3088)
- Health, Recreation and Human Performance: Health and Human Performance, PhD (p. 3089)
- Health, Recreation and Human Performance: Recreation Services, PhD (p. 3090)
- History, PhD (p. 3091)
- Human Development and Family Science, PhD (p. 3092)
- Human Sciences: Design and Merchandising, PhD (p. 3093)
- Industrial Engineering and Management, PhD (p. 3094)
- Integrative Biology, PhD (p. 3095)
- Language, Literacy, and Culture Education, EdS (p. 3096)
- Learning, Design and Technology, EdD (p. 3097)
- Learning, Design and Technology, PhD (p. 3098)
- Materials Science and Engineering, PhD (p. 3099)
- Mathematics, PhD (p. 3101)
- Mechanical and Aerospace Engineering, PhD (p. 3102)
- Mechanical and Aerospace Engineering: Unmanned Aerial Systems, PhD (p. 3103)
- Microbiology, Cell and Molecular Biology, PhD (p. 3104)
- Natural Resource Ecology and Management, PhD (p. 3105)
- Natural Resource Ecology and Management: Fisheries and Aquatic Ecology, PhD (p. 3106)
- Natural Resource Ecology and Management: Forest Resources, PhD (p. 3107)
- Natural Resource Ecology and Management: Rangeland Ecology and Management, PhD (p. 3108)
- Natural Resource Ecology and Management: Wildlife Ecology and Management, PhD (p. 3109)
- Nutritional Sciences, PhD (p. 3110)
- Petroleum Engineering, PhD (p. 3112)
- Physics, PhD (p. 3113)
- Plant Biology, PhD (p. 3114)
- Plant Pathology, PhD (p. 3115)
- Psychological Sciences: Clinical, PhD (p. 3116)
- Psychological Sciences: Experimental Psychology, PhD (p. 3117)
- School Administration, EdD (p. 3118)
- School Psychology, EdS (p. 3119)
- School Psychology, PhD (p. 3120)
- Sociology, PhD (p. 3122)
- Soil Science, PhD (p. 3123)
- Statistics, PhD (p. 3124)

Agricultural Economics, PhD

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 63

Code	Title	Hours
Core Courses		
ECON 6013	Microeconomic Theory I	3
AGEC 5303	Agricultural Market Policy and Organization	3
AGEC 5233	Primary Data Analysis in Economic Research	3
AGEC 5990	Advanced Studies [1]	3
AGEC 6213	Advanced Econometrics	3
AGEC 6103	Advanced Applications of Mathematical Programming	3
STAT 5253	Mathematical Statistics I	3
AGEC 6403	Advanced Production Economics	3
AGEC 6303	Advanced Agricultural Marketing [2]	3
AGEC 6102	Teaching Practicum in Agricultural Economics	2
Hours Subtotal		**29**
Electives		
Select at least 11 hours of electives: [3]		11
AGEC 5023	Quantitative Supply Chain Management in Agribusiness	
AGEC 5033	Commodity Futures Markets	
AGEC 5043	Advanced Farm and Ranch Management	
AGEC 5053	Environmental Economics and Resource Development	
AGEC 5073	Rural Economics Development	
AGEC 5203	Advanced Agricultural Prices	
AGEC 5403	Production Economics	
AGEC 5423	Agribusiness Management	
AGEC 5603	Advanced Agricultural Finance	
AGEC 5703	American Agricultural Policy	
AGEC 5723	Plan & Pol Devlpmnt	
AGEC 6222	Spatial Econometrics	
ECON 5033	Macroeconomic Analysis	
ECON 6023	Microeconomic Theory II	
ECON 6033	Macroeconomic Theory I	
ECON 6043	Macroeconomic Theory II	
ECON 6233	Time Series Econometrics	
ECON 6623	Economic Development I	
ECON 6643	Economic Development II	
ECON 6903	Regional Economic Analysis and Policy	
STAT 5023	Statistics for Experimenters II	
STAT 5053	Time Series Analysis	
STAT 5063	Statistical Machine Learning with R	
STAT 5073	Categorical Data Analysis	
STAT 5213	Bayesian Analysis	
STAT 5263	Mathematical Statistics II	
STAT 5303	Experimental Designs	
FIN 5223	Investment Theory and Strategy	
FIN 5763	Derivative Securities and the Management of Financial Price Risk	
Hours Subtotal		**11**
Dissertation Research		
Total dissertation hours based on advice of student's advisory committee. [3]		20
Hours Subtotal		**20**
Total Hours		**60**

1. Advisor permission required for the specific version of AGEC 5990 needed.
2. Prerequisites of AGEC 5203 or AGEC 5311, 5321, and 5331.
3. Total number of hours for dissertation research must be approved by student's advisory committee and will need to reach a total of 31 hours combined with electives.

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2026-2027 Doctor of Philosophy (PhD) Degree Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Agricultural Education, Communications, and Leadership, PhD

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60 (Beyond the Master's Degree)

Code	Title	Hours
Required Courses		
AECL 5101	Orientation to Graduate Programs in Agricultural Education, Communications and Leadership	1
AGCM 5203	Theory and Practice in Agricultural Communications	3
AGED 5823	Advanced Methods of Teaching Agriculture	3
AGED 6103	History and Philosophical Foundations of Agricultural and Extension Education	3
AGLE 5303	Foundations of Leadership Theory	3
AECL 5863	Methods of Technological Change	3
AECL 6223	Program Evaluation in Agriculture and Extension	3
Hours Subtotal		**19**
Statistics and Research Courses		
AECL 5983	Social Sciences Research in Agricultural Sciences and Natural Resources	3
Select 9 hours from the following:		9
REMS 5953	Statistical Methods in Education (or equivalent)	
STAT 5013	Statistics for Experimenters I	
REMS 6003	Analyses of Variance (or equivalent)	
STAT 5023	Statistics for Experimenters II	
REMS 6013	Multiple Regression Analysis in Behavioral Studies (or equivalent)	
Select one qualitative research methods course.		3
Specialization		
Select 11 hours.		11
Hours Subtotal		**26**
Dissertation Hours		
AECL 6000	Doctoral Dissertation in Agricultural Education, Communications and Leadership	15
Hours Subtotal		**15**
Total Hours		**60**

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2026-2027 Doctor of Philosophy (PhD) Degree Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Animal Science, PhD

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 64 (Beyond the Bachelors Degree)

Code	Title	Hours
Required Courses [1]		
STAT 5013	Statistics for Experimenters I	3
STAT 5023	Statistics for Experimenters II	3
STAT - 3 additional hours		3
ANSI 5110	Seminar	2
or ANSI 6110	Seminar	
Hours Subtotal		**11**
Twenty (20) hours from:		20
ANSI 6000	Doctoral Research and Dissertation	
Hours Subtotal		**20**
Electives		
Select 33 hours of graduate courses (no more than 6 hours of ANSI 5010 and FDSC 5120		33
Hours Subtotal		**33**
Total Hours		**64**

[1] Combined Required Courses, Electives and Other Requirements hours must total 64 hours.

Animal Science Requirements

- At least 75 percent of total credit hours must be 5000/6000 level courses.

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2026-2027 Doctor of Philosophy (PhD) Degree Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Applied Educational Studies: Aviation and Space Education, EdD

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 61

Code	Title	Hours
Required Courses		
AVED 5053	Guided Reading and Research	3
AVED 5593	Influencing Public Policy in the Aerospace Industry	3
AVED 5893	Aerospace Executive Decision Making	3
AVED 6000	Doctoral Thesis	10
AVED 6103	Doctoral Seminar in Aerospace Education	3
AVED 6303	The Application of Qualitative Methods in Aviation Research	3
AVED 6313	Administration of Aviation Institutions	3
AVED 6413	Development of Air and Space Flight	3
AVED 6553	Foundations of Airline Executive Leadership	3
AVED 6613	Aviation Executive Development	3
AVED 6773	Applied Aviation and Space Research	3
Hours Subtotal		**40**
Electives		
Select 21 hours of the following:		21
AVED 5453	Advanced Aviation Security	
AVED 5553	Aerospace Proposal and Procurement	
AVED 5563	Aerospace Leadership and Management	
AVED 5573	Aerospace Defense Acquisition	
AVED 5773	Historical Significance of Aviation	
AVED 5823	Space Science	
AVED 5850	Directed Readings in Aerospace Education	
AVED 5883	Aviation Economics	
AVED 5963	Airport Operations	
AVED 5973	Aerospace Law	
AVED 5993	Ethics in Aviation	
REMS 5013	Research Design and Methodology	
REMS 5953	Statistical Methods in Education	
Hours Subtotal		**21**
Total Hours		**61**

Graduate College Doctor of Education (EdD) Requirements

Learn more about Graduate College 2026-2027 Doctor of Education (EdD) Degree Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Biochemistry and Molecular Biology, PhD

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 90 (Beyond the Bachelor's Degree)

Code	Title	Hours
Required Core Courses (14 hours)		
BIOC 5002	Research Compliance and Biochemistry Graduate Colloquium	2
BIOC 5112	Articulation of Research Logic	2
BIOC 5753	Biochemical Principles	3
BIOC 5853	Molecular and Integrative Metabolism	3
BIOC 6740	Physical Biochemistry	2
To be taken two times at 1 credit hour each		2
BIOC 6110	Seminar	
Select 16 additional hours from the following, including BIOC 5120 and at least three 6000-level BIOC courses:		16
BIOC 5013	Biotechnology Development and Implementation	
BIOC 5102	Molecular Genetics	
BIOC 5113	Molecular Biology	
BIOC 5120	Biochemistry and Molecular Biology Graduate Research Colloquium [1]	
BIOC 5213	Disease and Metabolism	
BIOC 5313	Cancer Immunology and Immunotherapy	
BIOC 5824	Biochemical Laboratory Methods	
BIOC 5930	Advanced Biochemical Techniques (10 Hours Maximum)	
BIOC 6733	Functional Genomics	
BIOC 6753	Epigenetics	
BIOC 6773	Protein Structure and Enzyme Function	
BIOC 6793	Plant Biochemistry	
BIOC 6820	Selected Topics in Biochemistry (15 Hours Maximum)	
Other 6000-level BIOC courses		
Hours Subtotal		**30**
Required Research		
Sixty (60) hours from:		60
BIOC 6000	Research	
Hours Subtotal		**60**
Total Hours		**90**

[1] To be taken at 1 credit hour each year

Total Hours: 60 (Beyond the Master's Degree)

Code	Title	Hours
Required Core Courses (6 hours)		
BIOC 5002	Research Compliance and Biochemistry Graduate Colloquium	2
BIOC 5112	Articulation of Research Logic	2
To be taken two times at 1 credit hour each		2
BIOC 6110	Seminar	
Select 9 additional hours from the following, as required by student's advisor and Graduate Dissertation Advisory Committee, including BIOC 5120		9
BIOC 5013	Biotechnology Development and Implementation	
BIOC 5102	Molecular Genetics	
BIOC 5113	Molecular Biology	
BIOC 5120	Biochemistry and Molecular Biology Graduate Research Colloquium [1]	
BIOC 5213	Disease and Metabolism	
BIOC 5313	Cancer Immunology and Immunotherapy	
BIOC 5753	Biochemical Principles	
BIOC 5824	Biochemical Laboratory Methods	
BIOC 5853	Molecular and Integrative Metabolism	
BIOC 5930	Advanced Biochemical Techniques (10 credits maximum)

BIOC 6820	Selected Topics in Biochemistry	
Hours Subtotal		**15**
Required Research		
Forty-five (45) hours from:		45
BIOC 6000	Research	
Hours Subtotal		**45**
Total Hours		**60**

[1] To be taken at 1 credit hour each year

Other Biochemistry and Molecular Biology, PhD, Requirements

- Pass PhD Preliminary Examination.
- Pass PhD Candidacy Examination: Present and pass the defense of a written research proposal.
- The student's Graduate Committee must approve the written dissertation, and an oral defense on the content of the dissertation must be passed.

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2026-2027 Doctor of Philosophy (PhD) Degree Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Biomedical Sciences, PhD

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60

Code	Title	Hours
Degree Core		
Required Courses		
BIOM 5003	Statistics for Medical Residents	3
BIOM 6662	Research Ethics and Survival Skills for the Biomedical Sciences	2
BIOM 5641	Cornerstones of Vertebrate Paleontology (Substitution for Anatomy and Vertebrate Paleontology track)	1
or BIOM 6922	Scientific Communication in Biomedical Sciences	
20-40 hours from:		20-40
BIOM 6000	Research and Dissertation	
Suggested Electives		
Select from:		14-34
BIOM 5010	Special Topics in Biomedical Sciences	
BIOM 5020	Biomedical Sciences Seminar	
BIOM 5116	Clinical Anatomy	
BIOM 5122	Introduction and Survey of Human Structure	
BIOM 5133	Neuroanatomy	
BIOM 5215	Medical Biochemistry	
BIOM 5316	Medical Microbiology and Immunology	
BIOM 5616	Graduate Biomedical Physiology	
BIOM 5621	Introduction to Translational Research	
BIOM 5631	Disease Research in Medicine	
BIOM 5653	Evolutionary Physiology	
BIOM 5663	Graduate Pharmacology	
BIOM 5672	Scientific Outreach Training for Graduate Students	
BIOM 5683	Chronic Inflammation and Cancer Development	
BIOM 5693	Principle Concepts of Cellular and Molecular Immunology	
BIOM 5983	Principles of Neuroscience	
BIOM 5993	Principles of Neuroanatomy	
BIOM 6175	Molcular And Cellular Biology	
BIOM 6183	Cellular and Molecular Biology of Pain	
BIOM 6193	Paleomammalogy	
BIOM 6214	Advanced Topics in Medical Biochemistry	
BIOM 6233	Enzyme Analysis	
BIOM 6243	Human Nutrition	
BIOM 6263	Techniques in Biomedical Sciences	
BIOM 6333	Immunology	
BIOM 6343	Microbial Physiology	
BIOM 6353	Molecular Virology	
BIOM 6363	Immunobiology of Infectious Disease	
BIOM 6413	Graduate General Pathology and Laboratory Medicine	
BIOM 6523	Cardiovascular Physiology and Pharmacology	
BIOM 6543	Environmental Toxicants and the Brain	
BIOM 6583	Neuroinflammation	
BIOM 6613	Environmental Physiology	
BIOM 6643	Neurophysiology	
BIOM 6653	Graduate Seminar In Signal Transduction	
BIOM 6663	Neuroethology	
BIOM 6673	Genomics	
BIOM 6705	Advanced Gross Anatomy	
BIOM 6723	Field Techniques in Vertebrate Paleontology	
BIOM 6733	Human Microbiome in Health and Disease	
BIOM 6743	Foundations in Medical Genetics, Molecular Biology and Development	
BIOM 6752	Foundations in Medical Cell and Tissue Biology	
BIOM 6771	Foundations in Medical Pharmacology	
BIOM 6781	Foundations in Medical Immunology	
BIOM 6793	Foundations in Medical Microbiology	
BIOM 6800	Critical Readings in Biomedical Sciences	
BIOM 6810	Structure and Function of the Human Cardiovascular System	
BIOM 6820	Structure and Function of the Human Gastrointestinal/Hepatic System	
BIOM 6830	Biomedical Perspectives on Human Hematology	
BIOM 6840	Structure and Function of the Human Musculoskeletal System	
BIOM 6843	Vertebrate Osteology	
BIOM 6850	Structure and Function of the Human Renal System	
BIOM 6860	Structure and Function of the Human Reproductive Systems and Reproductive Biology	
BIOM 6870	Structure and Function of the Human Respiratory System	
BIOM 6880	Biomedical Perspectives on Psychiatry	
BIOM 6810	Structure and Function of the Human Cardiovascular System	
BIOM 6820	Structure and Function of the Human Gastrointestinal/Hepatic System	
BIOM 6830	Biomedical Perspectives on Human Hematology	
BIOM 6840	Structure and Function of the Human Musculoskeletal System	
BIOM 6850	Structure and Function of the Human Renal System	
BIOM 6860	Structure and Function of the Human Reproductive Systems and Reproductive Biology	
BIOM 6870	Structure and Function of the Human Respiratory System	

BIOM 6880	Biomedical Perspectives on Psychiatry
BIOM 6900	Structure and Function of the Human Endocrine System
BIOM 6910	Structure and Function of the Human Nervous System
BIOM 6933	Cornerstones of Graduate Biomedical Sciences
BIOM 6943	Advanced Vertebrate Paleontology
BIOM 6952	Paleohistology Techniques
BIOM 6962	Evolutionary Biomechanics
BIOM 6972	Role of Nicotinic Acetylcholine Receptors in Neuropsychiatric Disorders
Other courses not listed here, but deemed relevant to completion of dissertation research, may satisfy electives requirement with permission from student's Graduate Faculty Advisory Committee.	
Total Hours	**60**

Other Requirements

- Research Proposal
- Qualifying Exam
- Dissertation Defense
- Admission to candidacy must occur at last one academic year prior to the date of graduation.

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2026-2027 Doctor of Philosophy (PhD) Degree Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Biosystems Engineering, PhD

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60

Code	Title	Hours
Required Courses		
BAE 5501	Seminar	1
BAE 6101	Teaching Practicum in Biosystems Engineering	1
Advanced Math (if advanced math was not completed in Master's program)		3
Hours Subtotal		**5**
Specialization and Dissertation		
Combination of Dissertation and Specialization to total 55 hours.		55
Core Courses (By Specialty Area)		
Machine Systems		
BAE 5413	Advanced Data Acquisition and Control	
Environment and Natural Resources		
BAE 6313	Stochastic Methods in Hydrology [1]	
BAE 6333	Fluvial Hydraulics [2]	
BAE 6343	Ground Water Contaminant Transport [3]	
BAE 6520	Problems in Soil and Water Engineering [4]	
Bioprocessing and Biotechnology		
BAE 5213	Renewable Energy Engineering	
BAE 5283	Advanced Bioprocess Engineering	
BAE 5413	Advanced Data Acquisition and Control	
CHE 5123	Advanced Chemical Reaction Engineering	
CHE 5373	Process Simulation	
CHE 5743	Chemical Engineering Process Modeling	
STAT 5303	Experimental Designs	
Research and Additional Requirements		
BAE 6000	Doctoral Research and Dissertation	
Hours Subtotal		**55**
Total Hours		**60**

1 Prerequisites: BAE 4313 or CIVEN 5843 and STAT 4053.
2 Prerequisites: ENGSC 3233 or equivalent.
3 Prerequisites: AGRON 5583 or CIVEN 5913.
4 Prerequisites: CHEM 1515, BAE 4313 or equivalent.

CS 5473	Software Engineering	3
CS 5513	Numerical Computation	3
CS 5723	Artificial Intelligence I	3
or CS 5783	Machine Learning	
Hours Subtotal		**15**
Research Specialization		
Select 12 hours from one area of CS at the 6000 level, excluding CS 6000.		12
Hours Subtotal		**12**
Secondary Area of Study		
Select 6 hours in one area of CS at the 6000 level, outside the area of specialization and excluding CS 6000.		6
Hours Subtotal		**6**
Electives [3, 4]		
Select 6 hours of elective CS courses at the 5000-level or above.		6
Hours Subtotal		**6**
Other Requirements		
Twenty-one hours from:		21
CS 6000	Doctoral Dissertation	
Hours Subtotal		**21**
Total Hours		**60**

1. For Ph.D. students who have not earned a master's degree, at most one grade of "C" in a core course is acceptable providing it is offset by a grade of "A" in another core course.
2. A student who has completed a master's degree at another university may petition to have one or more of the OSU core courses waived in favor of equivalent graduate-level course(s) taken elsewhere. The question or whether or not a course at another university is equivalent to an OSU core course is entirely up to the judgment of the department.
3. These elective hours cannot include any courses claimed Core Requirements, Research Specialization or Secondary Area of Study, nor may they include any courses used on the plan of study for a master's degree, nor may they include any hours of CS 5000 or of CS 6000.
4. Students who have not completed a master's degree must satisfy the above elective requirements in this item plus the elective requirements for the master's degree (under the thesis option) in this department.

Total Hours: 60(Beyond the Master's Degree)

Code	Title	Hours
Common Program Core		
SCFD 6983	Diversity and Equity Issues in Education	3
SCFD 6113	Theoretical Foundations of Inquiry	3
CIED 6503	Doctoral Seminar	3
Hours Subtotal		**9**
Extended Inquiry		
At least six of these hours, selected from courses such as those listed below, should be composed of the same type of research method (i.e., quantitative, qualitative, historical, etc.). Students should work with their advisory committee to select the appropriate 12 hours for their program of study.		12
CIED 6073	Advanced Pedagogical Research	
CIED 6253	Designing and Conducting Mixed Methods Research	
REMS 6003	Analyses of Variance	
REMS 6013	Multiple Regression Analysis in Behavioral Studies	
REMS 6023	Psychometric Theory	
REMS 6033	Factor Analysis in Behavioral Research	
REMS 6663	Applied Multivariate Research in Behavioral Studies	
REMS 5963	Computer Applications in Nonparametric Data Analyses	
SCFD 6123	Qualitative Research I	
SCFD 6190	Qualitative Research: Selected Methods	
SCFD 6193	Qualitative Research II	
Hours Subtotal		**12**
Cognate Area		
The doctoral advisory committee will work with individual students to select the most appropriate graduate courses to enhance their knowledge within their specializations.		6
Hours Subtotal		**6**
Independent Research		
15 hours from:		15
CIED 6000	Doctoral Dissertation	
Hours Subtotal		**15**
Specialization - Science Education		
Required Courses		
SMED 6223	Instruction and Learning in Science and Mathematics Education	3
SMED 6233	Affective Issues in Teaching Mathematics and Sciences	3
SMED 6753	Research in Mathematics and Science Education	3
SMED 5280	Workshop in Science Education	3
Or selected course with advisor's approval		
Hours Subtotal		**12**
Electives		
Select 6 hours from the following or other courses as approved by the advisor:		6
CIED 5850	Directed Study	
CIED 6910	Practicum	
CIED 6850	Directed Reading	
CIED 5720	Education Workshop	
CIED 5850	Directed Study	
CIED 6850	Directed Reading	
CIED 6910	Practicum	
SMED 5050	Seminar in Integrated Mathematics and Science Applications	
SMED 5193	Inquiry and Problem-Based Learning in Science Education	
SMED 5223	Teaching Science in the Schools	
SMED 5243	Environmental Education in the Curriculum	
SMED 5313	Introduction to K-12 Engineering Education	
SMED 5323	Technology for the K-12 STEM Educator	
SMED 5333	Developing Informal and Formal STEM Programs in Schools	
SMED 5813	Assessment in Science Education	
SMED 6123	Teaching the Nature of Science in Secondary Science Education	
Hours Subtotal		**6**

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2026-2027 Doctor of Philosophy (PhD) Degree Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Education: Social Foundations of Education, PhD

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 69

Code	Title	Hours
Common Program Core		
(Typically taken within the first 3 semesters)		
SCFD 6983	Diversity and Equity Issues in Education	3
SCFD 6113	Theoretical Foundations of Inquiry	3
CIED 6503	Doctoral Seminar	3
Hours Subtotal		**9**
Research Courses		
12 credit hours, at least one qualitative and one quantitative course at 6000-level. (Note: all 6000-level REMS quantitative courses require prerequisites of REMS 5013 and REMS 5953, which will not count toward the 69 total hours). Only one 5000-level course (excluding REMS 5013 and REMS 5953) may count toward the required coursework in this category.		
Pending committee approval, appropriate courses include the following:		12
CIED 6073	Advanced Pedagogical Research	
CIED 6163	Advanced Research Strategies in Curriculum	
CIED 6253	Designing and Conducting Mixed Methods Research	
EDLE 6910	Practicum (May only be taken the last term of coursework)	
HIST 5023	Historical Methods	
HIST 6023	Historiography	
REMS 6373	Program Evaluation	
REMS 6383	Program Evaluation II	
Quantitative Approaches		
REMS 6003	Analyses of Variance [1]	
REMS 6013	Multiple Regression Analysis in Behavioral Studies [2]	
REMS 6663	Applied Multivariate Research in Behavioral Studies [3]	
STAT 5033	Nonparametric Methods	
STAT 5043	Sample Survey Designs	
Qualitative Methodologies		
GEOG 5423	Geographic Renderings in Qualitative Methods	
SCFD 5913	Introduction to Qualitative Inquiry	
SCFD 6123	Qualitative Research I	
SCFD 6163	Ethnography	
SCFD 6173	Visual Methodologies	
SCFD 6183	Narrative Research Methodologies	
SCFD 6190	Qualitative Research: Selected Methods	
SCFD 6193	Qualitative Research II	
SOC 6853	Seminar in Symbolic Interactionism	
Hours Subtotal		**12**
Social Foundations Core		
24 credit hours, at least one 6000-level course (except for SCFD 5713, SCFD 5883) from each of the four areas of Social Foundations: Philosophy of Education, History of Education, Anthropology of Education, and Sociology of Education.		24
SCFD 5023	The Comparative Approach: Theory, Method, and Practice	
SCFD 5123	History of Education	
SCFD 5713	Educational Philosophy [4]	
SCFD 5883	Educational Sociology [4]	
SCFD 6853	Anthropology of Education [4]	
SCFD 5873	Culture, Society and Education	
SCFD 5923	Popular Culture and Education	
SCFD 5990	Problems and Issues in Social Foundations	
SCFD 6023	Comparative Education	
SCFD 6443	Ethics and Moral Education	
SCFD 6850	Directed Reading	
SCFD 6883	Transforming Pedagogies	
SCFD 6630	Topics in Philosophy Education	
SCFD 6990	Seminar in Social Foundations	
Hours Subtotal		**24**
Cognate Area		
Students take 9 credit hours in a concentration or cognate area based on their research interest and in consultation with their advisor and dissertation committee. These areas are available at Oklahoma State University, especially in the College of Education, Health and Aviation and the College of Arts and Sciences. They can be, but are not limited to, the following areas:		9
History; Philosophy; Sociology; International Studies; Comparative Education; Gender and Women's Studies; Higher Education; Educational Administration; Educational Technology; Pedagogy; STEM Education; College Teaching; Qualitative Inquiry; Research, Evaluation, Measurement, and Statistics; Special Education; Curriculum Studies; Media and Culture		
Hours Subtotal		**9**
Independent Research		
CIED 6000	Doctoral Dissertation	15
Hours Subtotal		**15**
Total Hours		**69**

[1] Requires REMS 5013 and REMS 5953 as prerequisites.
[2] Requires REMS 6003 as prerequisite.
[3] Requires REMS 6013 as prerequisite.
[4] Must take if no equivalent course has been taken in Master's program.

Education: Social Foundations of Education Requirements

- All students admitted into the Ph.D. degree option in Social Foundations are expected to meet all university requirements and the requirements for admission to the Ph.D. in Education. Students with little or no background in social foundations may be required to take additional leveling coursework. The Social Foundations admission committee determines such prerequisite considerations. Specific

graduate courses that may be required as a leveling course include SCFD 5223, SCFD 5873, SCFD 5923, SCFD 5990, SCFD 5998.

- Students will be expected to use technology resources appropriately in course projects, assignments, and research. Ph.D. in Education (69 credit hours minimum, with typically no more than two 5000-level courses (in addition to SCFD 5713, SCFD 5883, if these courses are taken as part of Ph.D. coursework). Leveling courses are not included in the 69 hours.)

Total Hours: 68

Code	Title	Hours
Domain I - Research and Inquiry		
Required Courses for Domain I		
REMS 6003	Analyses of Variance	3
REMS 6013	Multiple Regression Analysis in Behavioral Studies	3
SCFD 6113	Theoretical Foundations of Inquiry	3
Other coursework recommended for expertise in the Research and Inquiry Domain:		9
REMS 5963	Computer Applications in Nonparametric Data Analyses	
REMS 6023	Psychometric Theory	
REMS 6033	Factor Analysis in Behavioral Research	
SCFD 6123	Qualitative Research I	
SCFD 6193	Qualitative Research II	
REMS 6373	Program Evaluation	
REMS 6383	Program Evaluation II	
REMS 6663	Applied Multivariate Research in Behavioral Studies	
REMS 6673	Item Response Theory	
REMS 6683	Multilevel Modeling Methods in Education	
REMS 6693	Structural Equation Modeling for Behavioral and Educational Research	
CIED 6253	Designing and Conducting Mixed Methods Research	
Hours Subtotal		**18**
Domain II: Foundations of Educational Psychology		
Required Courses		
EPSY 5001	Colloquium: Educational Psychology	1
EPSY 6001	Colloquium II: The Job Search in Educational Psychology and Related Fields	1
EPSY 6153	Advanced Research in Educational Psychology	3
EPSY 6213	Advanced Educational Psychology	3
EPSY 6533	Human Motivation	3
Select at least five courses from the following (two must be 6000-level): [1]		15
EPSY 5123	Academic Writing in the Learning Sciences	
EPSY 5403	Issues in Adolescent Development	
EPSY 5473	Psychology of Adult Learning	
EPSY 5603	Developmental Issues in Instruction	
EPSY 5663	Creativity for Teachers	
EPSY 5963	Developing Resources to Support Educational Programs	
EPSY 5983	Instructional Effectiveness in Higher Education	
EPSY 6043	Adult Development	
EPSY 6163	Emotion and Cognition	
EPSY 6443	Theories and Problems in Educational Psychology	
EDTC 6613	Instructional Systems Design	
SCFD 6983	Diversity and Equity Issues in Education	
Although these courses are often completed prior to the doctoral program, they are not pre-requisites for admission and may be counted towards Domain II's electives with committee approval.		
EPSY 5103	Human Development in Psychology	
EPSY 5463	Psychology of Learning	
Hours Subtotal		**26**
Area of Expertise Domain III:		
Select 9 hours		9
Student-scholars select a minimum of 9 hours related to an area of expertise based on student career goals, expertise, interest and background. Examples of areas of expertise may derive from the other domains, such as measurement or program evaluation in a specific context; instructional development for students with diverse needs; studies of gender, race, class, ability; multicultural issues in education; adult development or aging learners; social and emotional needs of children, and many others.		
Hours Subtotal		**9**
Dissertation (Doctoral Thesis)		
EPSY 6000	Doctoral Dissertation	15
Hours Subtotal		**15**
Total Hours		**68**

[1] And other courses approved by graduate advisory committee.

FRNS 5523	Forensic Toxicology	
FRNS 5533	Drug Toxicity	
FRNS 5543	Advanced Forensic Toxicology	
FRNS 5553	Introduction to Forensic Crime Analysis	
FRNS 5563	Theories in Forensic Crime Analysis	
FRNS 5573	Policing Strategies in Forensic Crime Analysis	
FRNS 5583	Data and Statistics in Forensic Crime Analysis	
FRNS 5613	Criminalistics and Evidence Analysis	
FRNS 5622	Crime Scene Laboratory and Moot Court Experience	
FRNS 5643	Law and Expert Evidence: Firearms and Toolmarks	
FRNS 5663	Destructive Devices/Explosives: Law and Regulations	
FRNS 5673	Introduction to Forensic Intelligence Analysis	
FRNS 5683	Digital and Multimedia Evidence for Investigators	
FRNS 5693	Battlefield Forensics and the Global War on Terror	
FRNS 5703	Psychology of Forensic Intelligence Analysis	
FRNS 5713	Forensic Psychology	
FRNS 5723	Advanced Forensic Psychology	
FRNS 5733	Forensic Victimology	
FRNS 5753	Criminal Behavioral Analysis	
FRNS 5803	Circuit Exploitation of Destructive Devices	
FRNS 5813	Building Construction and Fire/Explosion Forensic Examination	
FRNS 5823	Forensic Examination of Fire Protection Systems	
FRNS 5833	Identification of Destructive Device Fuzing Systems	
FRNS 5853	Electrical Theory and Failure Analysis in Forensic Fire Investigations	
FRNS 5873	Firearms and Toolmarks	
FRNS 5883	History of Firearm Identification	
FRNS 5893	Admissibility of Firearm Identification	
FRNS 5943	Forensic Management and Organizational Development	
FRNS 5963	Forensic Statistics	
FRNS 5970	Directed Readings in Forensic Sciences (Maximum of 6 hours can apply to this degree sheet)	

FRNS 5990	Special Topics in Forensic Sciences (Maximum of 15 hours can apply to this degree sheet)
FRNS 6083	Advanced Forensic Statistics
FRNS 6113	Advanced Energetic Materials Chemistry and Engineering
FRNS 6123	Advanced Fire Dynamics
FRNS 6163	Blast Modeling
FRNS 6173	Advanced Interdisciplinary Post Blast Investigation
FRNS 6183	Advanced Computer Fire Modeling
FRNS 6243	Historical Evolution of Forensic Genetics
FRNS 6263	Threat Assessment and Management of Violent Extremism
FRNS 6273	Threat Assessment and Management of Workplace Violence
FRNS 6283	Threat Assessment and Management of Violence in Schools
FRNS 6293	Threat Assessment and Management of Stalking
FRNS 6400	Case Studies in Forensic Science (Maximum of 9 hours can apply to this degree sheet)
FRNS 6423	Advanced Blast Injuries and Effects
FRNS 6513	Advanced Methods in Forensic Genetics
FRNS 6663	Network Forensics
FRNS 6673	Mobile Device Forensics
FRNS 6683	Computer Forensics, Extractions and Analysis
FRNS 6713	Applied Forensic Theory
FRNS 6723	Research Design and Methods
FRNS 6733	Juvenile Issues in Forensic Sciences
FRNS 6743	Doctoral Forensic Science Theory
FRNS 6753	Doctoral Forensic Science Applications
FRNS 6833	Advanced Identification of Destructive Device Fuzing Systems
FRNS 6843	Advanced Destructive Device Circuit Exploitation
FRNS 6853	Advanced Electrical Theory and Failure Analysis in Forensic Fire Investigations
FRNS 6903	Advanced Forensic Examination of Firearms
FRNS 6913	Advanced Toolmark Examination and Identification
FRNS 6923	RCIED - Advanced Analysis and Mitigation
FRNS 6933	Shooting Reconstruction for Examiners
FRNS 6970	Advanced Directed Readings in Forensic Sciences (Maximum of 3 hours can apply to this degree sheet)
FRNS 6990	Advanced Special Topics in Forensic Sciences (Maximum of 9 hours can apply to this degree sheet)
Total Hours	**60**

Students admitted to the program with department approved aged graduate-level coursework are required to take two refresher courses in current theory and application. Upon completion of these courses with a grade of B or better, students can count six hours from the leveling courses and up to 24 credit hours of department approved aged graduate-level coursework towards the 30 hours of credit needed for the 60-credit hour doctoral degree program. The Plan of Study will include these six refresher course hours and up to 24 credit hours from their department-approved aged coursework.

Students admitted to the program with department-approved aged graduate-level coursework are required to take two refresher courses in current theory and practice. Upon completion of these courses with a grade of B or better, students can count six hours from the leveling courses and up to 15 credit hours of approved aged graduate-level coursework toward the 21 hours of credit needed for the 60-credit-hour doctoral degree program. The Plan of Study will include these six refresher course hours and up to 15 credit hours from their department-approved aged coursework.

[1] Combined core and dissertation hours must total 60 hours.

General Graduate College Requirements

- A minimum Grade-Point-Average of 3.00 is required
- A minimum Grade of "C" is required in all degree applicable courses
- No courses utilizing the Pass-No Pass grading system are permitted
- GRAD 5082 or GRAD 5092 may not be used to meet degree requirements

Additional Doctor of Philosophy (PhD.) Requirements

- 90 credits beyond the Bachelor's degree, 60 credits beyond the Master's degree are required
- At least seventy-five percent of coursework on the Plan of Study must include 5000 and 6000 level courses
- A minimum of 15 hours at the 6000 level with a grade of SR for the doctoral dissertation must be complete. The maximum number of dissertation hours (6000 with a grade of SR) permissible on a Plan of Study must not exceed three-fourths of the total credit hours in the approved graduate degree program
- Credit for all courses on a graduate Plan of Study must have been awarded within 10 years of completion of all degree requirements
- A minimum of 30 in-residence credit hours are required

Non-Course Requirements

- Doctoral Candidacy
- Dissertation Defense
- Dissertation Submission/Approval

Graduate College Doctor of Philosophy (PhD) Requirements

Select from the following:		9
MSE 5013	Advanced Thermodynamics of Materials	
MSE 5023	Diffusion and Kinetics	
MSE 5043	Advanced Materials Characterization	
MSE 6010	Materials Science and Engineering Seminar for PhD Students	
Hours Subtotal		**9**
Electives		
Select 21 hours of elective MSE or other approved 5000- and 6000-level courses offered at OSU.		21
From pre-selected list of MSE, CHE, ECEN, or MAE courses, or additional courses in engineering or science per committee approval.		
Hours Subtotal		**21**
Dissertation		
Thirty hours from:		30
MSE 6000	Doctoral Dissertation	
Total Hours		**60**

Total Hours: 60 (Group III - Beyond the Master's Degree from OSU)

Code	Title	Hours
Required Courses		
Group III student must meet the Required Course requirements of MSE 5000- and 6000-level courses offered at OSU. The student in this Group III should have already completed the three required courses for the PhD program during his/her MS degree in Materials Science and Engineering at OSU. If any of the remaining Required Courses were taken as an Elective by the student during his/her MS degree, they will not be required to take them again. However, if the student had not completed any of the remaining Required Courses during his/her MS degree in Materials Science and Engineering at OSU, the student must take them to complete the Required Course requirements for PhD degree in MSE at OSU.		
Select from the following:		9
MSE 5013	Advanced Thermodynamics of Materials	
MSE 5023	Diffusion and Kinetics	
MSE 5043	Advanced Materials Characterization	
MSE 6010	Materials Science and Engineering Seminar for PhD Students	
Electives		
Group III student must complete a minimum of 15 hours and a maximum of 30 hours of required and elective coursework for his/her PhD degree in MSE at OSU. This includes the hours for any Required Courses taken after enrollment in the MSE PhD program at OSU. Elective Courses taken by the student at OSU which were used toward fulfilling his/her MS degree requirements in MSE at OSU, will not be considered toward his/her PhD degree in MSE. The student will be allowed to use a maximum of 15 hours of coursework toward his/her PhD degree in MSE at OSU, i.e., the hours for core courses for the MS degree program.		15-30
Dissertation		
Thirty to forty-five (30-45) hours from:		30-45
MSE 6000	Doctoral Dissertation	
Total Hours		**60**

Additional Materials Science and Engineering, PhD, Requirements

- Upon approval by the committee, students may choose other appropriate elective courses from engineering, physics and chemistry departments.
- Requirement for taking the “Required” courses for Group III Ph.D. students will be waived if they have taken that course while doing their M.S. degree at OSU. The same course however, cannot be counted towards fulfilling the credit hour requirements for two degrees (M.S. and Ph.D.) at OSU. The student will be required to fulfill the remaining coursework credit hour requirement for the Ph.D. degree by taking “Elective” courses.
- Students entering the Ph.D. program without an undergraduate/graduate degree in Materials Science and Engineering or related degree will be required to complete the ENSC 3313 Materials Science (undergraduate course) with an “A” grade or better in their first year at OSU. This will not be counted towards their degree requirements.

MAE 5913	Advanced Aerodynamics	
MAE 5923	Guidance and Control of Aerospace Vehicles	
MAE 5943	Unsteady Aerodynamics and Aeroacoustics	
MAE 5963	Unmanned Aerial Systems Design and Analysis	
MAE 5973	Unmanned Aerial Systems Propulsion	
MAE 5983	Aircraft Certification and Test	
MAE 6313	Atmospheric Flight Control	
Hours Subtotal		**12**
MAE Electives [1]		
Select 9 hours (Any MAE graduate-level course supporting UAS research will be allowed with permission of the student's faculty advisory committee):		9
Technical Electives		
Select 9 hours (Any graduate-level course will be allowed with permission of the student's faculty advisory committee):		9
Hours Subtotal		**18**
Research [1]		
MAE 6010	Advanced Study [2]	6
Twenty-four hours from:		24
MAE 6000	Doctoral Dissertation	
Hours Subtotal		**30**
Total Hours		**60**

1. With the approval of the student's advisory committee, up to 9 credit hours of previous graduate coursework may be transferred to satisfy the program's coursework requirements. Transfer credits must have grades of "B" or better and be less than ten years old at the time of the student's graduation.
2. To be taken the same semester as the Preliminary Examination in order to be assigned a letter grade.

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2026-2027 Doctor of Philosophy (PhD) Degree Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Microbiology, Cell and Molecular Biology, PhD

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 65 (For all students enrolled in the PhD program. Students with a master's degree can apply through their committee to carry over 5 credits from the master's degree.)

Code	Title	Hours
Required Coursework		
Select 9 hours of Microbiology (MICR) 5000- or 6000-level courses (non-zero ending). [1]		9
6 hours of electives: Either Micro or Non-Micro (non-zero ending)		6
MICR 5002	Professionalism for the Microbiologist	2
Seminar should be taken twice [2]		2
MICR 5160	Seminar	
Recent Advances should be taken 4 times [3]		4
MICR 6120	Recent Advances in Microbiology	
Dissertation		
Thirty-six (36) hours from:		36
MICR 6000	Dissertation	
Other (0 or non-zero ending)		6
Hours Subtotal		**65**

1. Classes taken at the 4000 level can not be taken again at the graduate level.
2. Students enrolling must present a Journal article.
3. Students should only enroll in semesters when they will present in Seminar.

Nutritional Sciences, PhD

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60 (Beyond the Master's Degree)

Code	Title	Hours
Degree Program Requirements		
Nutritional Sciences		
Required Core Courses		18-30
NSCI 5033	Macronutrients in Human Nutrition	
NSCI 5043	Micronutrients in Human Nutrition	
NSCI 6960	Seminar: Emerging Topics in Nutrition (Taken twice before graduation.)	
Select one of the following:		
NSCI 6451	Advanced Grant Writing in Nutritional Sciences	
NSCI 5103	Grant Writing for the Professional	
GRAD 5891	Special Topics in Grantmanship	
AGED 5203	Grant Seeking	
Or equivalent		
Suggested courses to complete required core: (p. 3110)		
Human Sciences		
Required Core Courses		3
EDHS 6993	Graduate Seminar in Education and Human Sciences	
Research Support Courses		
Required Core Courses		18-30
Select 3 hours from the following:		
NSCI 5123	Research Approaches and Translation in Nutritional Sciences	
Or equivalent		
Select 3 hours from the following		
STAT 5023	Statistics for Experimenters II	
STAT 5083	Statistics for Biomedical Researchers	
REMS 6003	Analyses of Variance	
Or equivalent		
The remaining 12-24 credits of coursework should consist of courses in intermediate and advanced statistics, advanced research methodology and advanced research methods:		
Select from Electives to complete coursework (courses from this list used for Nutritional Sciences core electives may not be selected): (p. 3110)		
Dissertation		
Required Core Requirement		15-30
NSCI 6000	Doctoral Dissertation	
Total Hours		**60**

Suggested Courses and/or Electives

Code	Title	Hours
NSCI 5023	Advanced Nutrition in the Pathophysiology of Chronic Disease	3
NSCI 5133	Advanced Nutrition for Exercise and Sport	3
NSCI 5363	Maternal and Child Nutrition	3
NSCI 5373	Childhood Nutrition	3
NSCI 5393	Nutrition and Aging	3
NSCI 5553	Global Nutrition and Food Security	3
NSCI 5563	Nutritional Assessment	3
NSCI 5613	Nutrition Education and Behavior Change	3
NSCI 5643	Advanced Medical Nutrition Therapy	3
NSCI 5713	Public Health Nutrition and Food Policy	3
NSCI 5743	Advanced Laboratory Techniques in Nutritional Sciences	3
NSCI 5870	Problems in Nutritional Science	1-4
NSCI 6033	Functional Foods and Phytochemicals	3
NSCI 6870	Independent Study in Nutritional Sciences	1-3
BIOC 4113	Molecular Biology	3
BIOC 5102	Molecular Genetics	2
BIOC 5824	Biochemical Laboratory Methods	4
BIOC 6763	Nucleic Acids and Protein Synthesis	3
BIOC 6773	Protein Structure and Enzyme Function	3
BIOC 6783	Biomembranes and Bioenergetics	3
BIOL 4215	Mammalian Physiology	5
BIOL 5283	Endocrinology	3
CPSY 5173	Gerontological Counseling	3
CPSY 5473	Basic Counseling Skills	3
CPSY 5503	Multicultural Counseling	3
HDFS 5413	Contemporary Perspectives in Adult Development and Aging	3
HDFS 5423	Research Perspectives in Gerontology	3
HDFS 5433	Theories of Aging	3
HHP 5853	Clin Ex Test & Prescript	3
HHP 5873	Human Bioenergetics	3
HLTH 5113	Psychological Aspects of Health	3
HLTH 5323	General Epidemiology	3
HLTH 5453	Cultural Issues In Health	3
MGMT 5113	Individual and Organizational Behavior	3
REMS 5013	Research Design and Methodology	3
REMS 5963	Computer Applications in Nonparametric Data Analyses	3
REMS 6013	Multiple Regression Analysis in Behavioral Studies	3
REMS 6033	Factor Analysis in Behavioral Research	3
REMS 6373	Program Evaluation	3
REMS 6663	Applied Multivariate Research in Behavioral Studies	3
SCFD 5873	Culture, Society and Education	3
SCFD 5913	Introduction to Qualitative Inquiry	3
SCFD 6123	Qualitative Research I	3
SCFD 6193	Qualitative Research II	3
SOC 5213	Techniques of Population Analysis	3
SOC 5273	Qualitative Research Methods	3
SOC 5333	Global Population and Social Problems	3
STAT 4043	Applied Regression Analysis	3
STAT 5033	Nonparametric Methods	3

STAT 5043	Sample Survey Designs	3
STAT 5053	Time Series Analysis	3
STAT 5063	Statistical Machine Learning with R	3
STAT 5073	Categorical Data Analysis	3
STAT 5091	Sas Programming	1
STAT 5303	Experimental Designs	3

Total Hours: 80 (Beyond the Bachelor's Degree)

Code	Title	Hours
Students accepted into the 80-credit PhD option will first complete all requirements for the MS degree in Nutritional Sciences (Nutrition thesis or Dietetics Research non-thesis options). Students will earn the MS in Nutritional Sciences upon successful completion of the thesis, as appropriate, and the first 30 credits.		30
Students will then complete a minimum of 50 credits beyond the MS degree including:		50
A minimum of 15 and maximum of 30 credits of dissertation coursework (NSCI 6000)		
Complete a minimum of 20 hours of coursework including at least one graduate course in NSCI that is not listed below. These 20 hours will include:		
NSCI 6960	Seminar: Emerging Topics in Nutrition (Taken 2 times before graduation.)	
NSCI 6451	Advanced Grant Writing in Nutritional Sciences (or equivalent)	
EDHS 6993	Graduate Seminar in Education and Human Sciences	
Three courses to develop an area of specialization		
Select one of the following:		
STAT 5023	Statistics for Experimenters II	
STAT 5083	Statistics for Biomedical Researchers	
REMS 6003	Analyses of Variance	
Or equivalent		
Total Hours		**80**

Petroleum Engineering, PhD

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 68

Code	Title	Hours
Degree Program Core:		
PETE 5313	Advanced Drilling Modeling and Simulation	3
PETE 5333	Advanced Production and Flow Assurance	3
PETE 5373	Advanced Well Stimulation	3
PETE 6813	Research Methods in Petroleum Engineering	3
Hours Subtotal		**12**
Three hours from:		3
PETE 6010	Petroleum Engineering Seminar	
Degree Progrram Guided Electives:		**21**
Petroleum Engineering (CEAT)		
PETE 5210	Special Topics in Petroleum Engineering	
PETE 5303	Petroleum Geomechanics	
PETE 5343	Advanced Reservoir Engineering	
PETE 5363	Petroleum Economics and Investments	
PETE 5413	Advanced Well Design and Operational Analysis	
PETE 5513	Directional Drilling	
PETE 5613	Advanced Well Completions	
PETE 5990	Special Problems in Petroleum Engineering [1]	
PETE 6110	Advanced Topics in Petroleum Engineering	
Chemical Engineering (CEAT)		
CHE 5123	Advanced Chemical Reaction Engineering	
CHE 5373	Process Simulation	
CHE 5733	Neural Networks	
CHE 5743	Chemical Engineering Process Modeling	
Geology (CAS)		
GEOL 5023	Petroleum Geology	
GEOL 5133	Structural Styles in Oil and Gas Exploration	
GEOL 5353	Advanced Well Log Analysis	
GEOL 5483	Petroleum Water Management	
GEOL 6133	Unconventional Petroleum Reservoirs	
GEOL 6283	Geology of Shales	
GEOL 6503	Rock Fractures	
Mathematics (CAS)		
MATH 5063	Calculus of Several Variables	
MATH 5023	Advanced Linear Algebra	
MATH 5233	Partial Differential Equations	
MATH 5263	Introduction to Partial Differential Equations	
MATH 5553	Numerical Analysis for Linear Algebra	
MATH 5563	Finite Element Methods for Partial Differential Equations	
Statistics (CAS)		
STAT 5013	Statistics for Experimenters I	
Mechanical Engineering (CEAT)		
MAE 5233	Advanced Fluid Dynamics I	
MAE 5253	Multiphase Flow	
MAE 5563	Finite Element Methods	
MAE 5573	Continuum Mechanics	
Hours Subtotal		**24**
PETE 6000	Doctoral Thesis [2]	32
Total Hours		**68**

1. A maximum of 3 credit hours of PETE 5990 may be counted toward the guided electives requirement.
2. 6 hours of PETE 5000 may be substituted for PETE 6000 or 6 Hours of other coursework may be substituted for PETE 6000 at the discretion of Petroleum Graduate Coordinator.

PSYC 6413	Evidence Based Assessment and Therapy	3
PSYC 6640	Clinical Practicum (minimum of 9 hours)	9
PSYC 6650	Practicum (continuously enrolled 1 hour for a minimum of 2 years)	6
PSYC 6990	Advanced Internship in Clinical Psychology (1 hour for three semesters)	3
Hours Subtotal		**33**
Subspecialty Training		
Select 12 from one of the following subspecialties:		12
Adult Psychopathology		
Student must take four elective courses chosen in consultation with program advisor		
Clinical Child Psychology		
The following courses should be taken by students interested in the Clinical Child Psychology subspecialty. Students must take two additional elective courses, to be determined by the student and his or her advisor.		
PSYC 6173	Child Psychopathology and Treatment	
PSYC 6723	Child Diagnostic Methods	
Health Psychology		
The following courses should be taken by students interested in the Health Psychology subspecialty. Student must take two additional elective courses, to be determined by the student and his or her advisor.		
PSYC 6443	Behavioral Medicine	
PSYC 6143	The Psychology of Substance Abuse	
Pediatric Psychology		
The followng courses should be taken by students interested in the Pediatric Psychology subspecialty.		
PSYC 6173	Child Psychopathology and Treatment	
PSYC 6723	Child Diagnostic Methods	
PSYC 6523	Family Treatment Methods	
PSYC 6453	Pediatric Psychology	
Hours Subtotal		**12**
Total Hours		**94**

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2026-2027 Doctor of Philosophy (PhD) Degree Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Psychological Sciences: Experimental Psychology, PhD

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 90 (Beyond the Bachelor's Degree)

Code	Title	Hours
Departmental Core Courses		
PSYC 5304	Quantitative Methods in Psychology I	4
PSYC 5314	Quantitative Methods in Psychology II	4
PSYC 6223	Research Design	3
PSYC 5660	Teaching Practicum	1-2
PSYC 5000	Thesis	6
PSYC 6000	Dissertation	15
Select 3 hours in additional quantitative electives (within or outside department)		3
Select 9 hours from the following:		9
PSYC 5823	Cognitive Processes	
PSYC 6483	Neurobiological Psychology	
PSYC 6563	Advanced Social Psychology	
PSYC 6613	Experimental Learning Theories	
PSYC 5913	Lifespan Social Developmental Psychology	
Hours Subtotal		**45-46**
Experimental Core Courses		
Select 9 hours from the following:		9
Cognitive		
PSYC 4223	Decision Making and Problem Solving	
PSYC 5620	Seminar in Psychology (Stereotyping and Prejudice in Social Cognition)	
PSYC 5823	Cognitive Processes	
PSYC 6393	Language Development	
Comparative-Neurobiology		
PSYC 5620	Seminar in Psychology (Evolutionary Social Sciences)	
PSYC 6483	Neurobiological Psychology	
PSYC 6583	Developmental Psychobiology	
PSYC 6613	Experimental Learning Theories	
Developmental Psychology		
PSYC 4243	Psychology of Aging	
PSYC 5813	Lifespan Cognitive Developmental Psychology	
PSYC 5913	Lifespan Social Developmental Psychology	
PSYC 6583	Developmental Psychobiology	
PSYC 6393	Language Development	
Social-Personality Track		
PSYC 4333	Personality	
PSYC 5620	Seminar in Psychology (Stereotyping and Prejudice in Social Cognition)	
PSYC 5620	Seminar in Psychology (Evolutionary Social Sciences)	
PSYC 5620	Seminar in Psychology	
PSYC 6393	Language Development	
PSYC 6563	Advanced Social Psychology	
Hours Subtotal		**9**
Additional Hours May Be Taken From the Following:		
Hours needed to reach 80 hours		35-36
PSYC 5380	Research	
PSYC 6000	Dissertation	
Hours Subtotal		**35-36**
Total Hours		**90**

Ag Sciences & Natural Resources Land-Grant University Faculty Preparation, GCRT

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
Required Courses		
AECL 5201	Faculty Preparation in Agricultural Sciences and Natural Resources Seminar Series (one credit hour per semester for three semesters)	3
Elective Courses		
Select one course from each of the three following areas:		9
Teaching (select one of the following):		
AGED 5813	College Teaching of Agriculture and Natural Resources	
AGED 5823	Advanced Methods of Teaching Agriculture	
AECL 6363	Experiential Learning Theory in Agricultural Settings	
EPSY 5983	Instructional Effectiveness in Higher Education	
HESA 6713	Effective Teaching in College and Universities	
CIED 5823	Mindfulness, Curriculum, and Teaching	
Research (select one of the following):		
AGCM 5143	Writing for Scholarly Publications in Agricultural Sciences and Natural Resources	
GRAD 5193	Preparing Publishable Manuscripts	
AGED 5203	Grant Seeking	
HORT 5553	Scientific Writing in Horticulture	
Extension/Outreach (section one of the following):		
AECL 6223	Program Evaluation in Agriculture and Extension	
AGED 5623	Volunteer Management in Agricultural and Extension Education	
AECL 5863	Methods of Technological Change	
AGLE 6203	Extension Program Development	
AGED 5123	Adult Programs in Agricultural and Extension Education	
AGIN 5723	Participatory Systems Modeling	
NREM 5313	Human Dimensions of Natural Resources	
MC 5953	Strategic Health Communications Campaigns	
Total Hours		**12**

Graduate College Certificate Requirements

MKTG 5133	Marketing Management	
Hours Subtotal		**9**
Total Hours		**15**

Graduate College Certificate Requirements

Learn more about Graduate College 2026-2027 Graduate Certificate Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Building Level Leadership, GCRT

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
Required Courses		
Select four courses (12 hours) from the following:		12
EDLE 5813	Leadership Theory and Ethical Decision Making	
EDLE 5953	Developing Educational Organizations	
EDLE 5253	The Principalship	
EDLE 5323	School Finance	
EDLE 5723	Education Law	
EDLE 5473	Supervision of Instruction	
EDLE 5893	Field Studies Intern II	
Total Hours		**12**

Completion of the Graduate Certificate in Building Level Leadership fulfills part of the requirements for recommendation to the Oklahoma State Department of Education for principal certification. Additional courses or internship experiences may be required for principal certification. Advisement is provided by EDLE faculty.

Graduate College Certificate Requirements

Learn more about Graduate College 2026-2027 Graduate Certificate Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Business Analytics and Data Science, GCRT

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
Required Courses		
BAN 5733	Descriptive Business Analytics	3
BAN 5743	Predictive Business Analytics	3
Hours Subtotal		**6**
Electives		
Select 6 hours from the following:		6
BAN 5511	Web Analytics and Digital Marketing	
BAN 5521	GIS Applications in Marketing Analytics	
BAN 5551	Optimization Applications in Marketing Analytics	
BAN 5561	Customer Lifetime Value Models in Marketing	
BAN 5563	Strategic Marketing and Business Analytics	
BAN 5753	Advanced Business Analytics	
BAN 5763	Advanced Marketing Research Analytics	
MKTG 5233	Global Competitive Environment	
MKTG 5243	Base SAS Programming for Database Marketing	
MKTG 5253	Advanced SAS Programming for Marketing Analytics	
MKTG 5553	International Marketing Strategy	
MSIS 5193	Programming for Data Science and Analytics I	
MSIS 5223	Programming for Data Science and Analytics II	
MSIS 5303	Prescriptive Analytics	
MSIS 5413	Advanced Data Science Applications	
MSIS 5503	Statistics for Data Science	
MSIS 5633	Predictive Analytics Technologies	
MSIS 5643	Graduate Database Management	
MSIS 5663	Advanced Data Wrangling	
MSIS 5673	Descriptive Analytics and Visualization	
One of the following may be used as an elective for the GCRT BADS:		
IEM 5003	Probability and Statistics for Engineers	
IEM 5013	Introduction to Optimization	
IEM 5603	Project Management	
IEM 5703	Discrete System Simulation	
IEM 5723	Data, Process and Object Modeling	
IEM 5763	Supply Chain Strategy	
Other graduate courses as approved by program director		
Hours Subtotal		**6**
Total Hours		**12**

Graduate College Certificate Requirements

Code	Title	Hours
Required Course		
EM 5111	Introduction to Strategy, Technology and Integration	1
Elective Courses		
Select 11 hours of the following:		11
EM 5143	Strategic Decision Analysis for Engineering and Technology Managers	
EM 5153	Foundations of Engineering Management	
EM 5163	Business Innovation and Technology	
EM 5183	Introduction to Systems Engineering	
EM 5221	Engineering Teaming	
EM 5241	Strategic Project Management	
EM 5253	Engineering Problem Solving and Decision-Making	
EM 5283	Strategic Planning	
EM 5291	Failure Mode and Effects Analysis in Design	
EM 5341	Leadership Strategies for Technical Professionals	
EM 5351	Planning Technical Projects	
EM 5413	Engineering Economic Analysis	
EM 5943	Lean Sigma Implementation	
Total Hours		**12**

Graduate College Certificate Requirements

Learn more about Graduate College 2026-2027 Graduate Certificate Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Entrepreneurship, GCRT

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
Required Courses		
EEE 5233	Ideation, Creativity & Innovation	3
EEE 5333	Launching a Business: The First 100 Days	3
EEE 5863	CIE Scholar Practicum	3
Hours Subtotal		**9**
Electives		
Select 3 hours from the following:		3
EEE 5133	Dilemmas and Debates in Entrepreneurship	
EEE 5223	Entrepreneurial Marketing	
EEE 5263	Corporate Entrepreneurship	
EEE 5313	Emerging Enterprise Consulting	
EEE 5403	Social Entrepreneurship	
EEE 5513	Growing Small and Family Ventures	
EEE 5610	Advanced Entrepreneurship Practicum (Advanced Practicum CIE Scholar - special permission required)	
EEE 5653	Venture Capital	
EEE 5713	Native American Entrepreneurship	
EEE 5993	Preparing Effective Business Plans	
Hours Subtotal		**3**

Graduate College Certificate Requirements

Learn more about Graduate College 2026-2027 Graduate Certificate Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Environmental Science with Regulatory Certifications, GCRT

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
ENVR 5593	Hazardous Waste Operations and Emergency Response: HAZWOPER	3
ENVR 5303	Issues in Environmental Sustainability	3
ENVR 5573	Applied Standards for Environmental Managers	3
ENVR 5583	Safety Aspects for Environmental Managers	3
Total Hours		**12**

Graduate College Certificate Requirements

Learn more about Graduate College 2026-2027 Graduate Certificate Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Facilitating Career Development, GCRT

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
Required Core		
HESA 5223	Career Development for College Students	3
HESA 5213	Student Development Theory	3
HESA 5320	Seminar in Student Development	3
Hours Subtotal		**9**
Guided Electives		
Choose one of the following:		3
HESA 5463	Legal Issues in Student Affairs	
HESA 5813	Leadership and Development of Higher Education Organizations	
HESA 5343	Assessment Techniques for Higher Education and Student Affairs Professionals	
Hours Subtotal		**3**
Total Hours		**12**

Graduate College Certificate Requirements

Learn more about Graduate College 2026-2027 Graduate Certificate Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Family Financial Planning, GCRT

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 18

Code	Title	Hours
Course Requirements		
FFP 5403	Estate Planning for Families	3
FFP 5453	Retirement Planning, Employee Benefits and the Family	3
FFP 5553	Insurance Planning for Families	3
FFP 5603	Investing for the Family's Future	3
FFP 5653	Personal Income Tax for Family Financial Planning	3
FFP 5803	Case Studies in Family Financial Planning	3
Total Hours		**18**

Graduate College Certificate Requirements

Learn more about Graduate College 2026-2027 Graduate Certificate Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Finance and Investment Banking, GCRT

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

A student may not have a grade lower than "C" and must maintain a grade-point-average of 3.0 over all courses applicable to this certificate.
Total Hours: 15

Code	Title	Hours
Required Courses		
FIN 5013	Business Finance [1]	3
FIN 5053	Theory and Practice of Financial Management	3
FIN 5223	Investment Theory and Strategy	3
FIN 5343	Valuation and Financial Modeling	3
Select 1 course from the following:		3
FIN 5653	Bond Markets	
FIN 5213	International Business Finance	
FIN 5813	Portfolio Management	
FIN 5763	Derivative Securities and the Management of Financial Price Risk	
FIN 5363	Energy Finance	
FIN 5833	Student Managed Investment Fund	
FIN 5103	Securities Industry Essentials	
FIN 5633	Computational Finance	
Other graduate courses as approved by program coordinator.		
Total Hours		**15**

[1] If a student has taken the equivalent of FIN 5013, they need to take an extra elective.

Graduate College Certificate Requirements

Learn more about Graduate College 2026-2027 Graduate Certificate Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Food Safety Management, GCRT

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
Core Courses		
FDSC 5143	Food Safety Modernization Act	3
FDSC 5233	Food Safety Audit Schemes	3
Electives		6
FDSC 5243	Researching Consumer Food Preferences	
AGEC 5423	Agribusiness Management	
AGEC 5303	Agricultural Market Policy and Organization	
EEE 5513	Growing Small and Family Ventures	
Total Hours		**12**

Graduate College Certificate Requirements

Learn more about Graduate College 2026-2027 Graduate Certificate Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Food Safety Science, GCRT

Electives		
Select 6 hours from the following:		6
FRNS 5083	Ethics in Forensic Leadership	
FRNS 5090	Internship in Forensic Sciences	
FRNS 5103	The Chemistry of Pyrotechnics	
FRNS 5113	Essential Science for Explosive Operators	
FRNS 5123	Fire Dynamics in Forensic Investigations	
FRNS 5133	Ordnance Identification and Recognition	
FRNS 5143	Methods in Fire and Explosion Investigation NFPA 921/1033	
FRNS 5153	Explosives Research, Testing and Evaluation Methods	
FRNS 5183	Computer Fire Modeling	
FRNS 5273	Forensic Threat Assessment and Management	
FRNS 5293	Violence in Forensic Settings	
FRNS 5333	Forensic Chemistry	
FRNS 5343	Forensic Investigation of Clandestine Laboratories	
FRNS 5413	Forensic Pathology and Medicine	
FRNS 5423	Blast Injuries and Effects	
FRNS 5443	Interdisciplinary Post Blast Investigation	
FRNS 5453	Fingerprints and Their Role in Forensic Science	
FRNS 5463	Blood Stain and Pattern Analysis	
FRNS 5473	Forensic Crime Scene Processing	
FRNS 5513	Forensic Bioscience	
FRNS 5523	Forensic Toxicology	
FRNS 5643	Law and Expert Evidence: Firearms and Toolmarks	
FRNS 5663	Destructive Devices/Explosives: Law and Regulations	
FRNS 5673	Introduction to Forensic Intelligence Analysis	
FRNS 5683	Digital and Multimedia Evidence for Investigators	
FRNS 5693	Battlefield Forensics and the Global War on Terror	
FRNS 5703	Psychology of Forensic Intelligence Analysis	
FRNS 5713	Forensic Psychology	
FRNS 5723	Advanced Forensic Psychology	
FRNS 5743	Forensic Science Seminar	
FRNS 5803	Circuit Exploitation of Destructive Devices	
FRNS 5813	Building Construction and Fire/Explosion Forensic Examination	
FRNS 5823	Forensic Examination of Fire Protection Systems	
FRNS 5833	Identification of Destructive Device Fuzing Systems	
FRNS 5853	Electrical Theory and Failure Analysis in Forensic Fire Investigations	
FRNS 5873	Firearms and Toolmarks	
FRNS 5883	History of Firearm Identification	
FRNS 5893	Admissibility of Firearm Identification	
FRNS 5943	Forensic Management and Organizational Development	
FRNS 5970	Directed Readings in Forensic Sciences (maximum of 3 hours can apply to this degree)	
FRNS 5990	Special Topics in Forensic Sciences (Forensic Evidence Processing for Post-Blast Investigations)	
FRNS 5990	Special Topics in Forensic Sciences (Advanced Forensic Evidence Processing for Post-Blast Investigations)	
FRNS 5990	Special Topics in Forensic Sciences (Introduction to Digital Evidence)	
FRNS 5990	Special Topics in Forensic Sciences (Maximum of 6 hours can apply to this degree program)	
FRNS 5990	Special Topics in Forensic Sciences (Forensic Engineering for Investigators)	
FRNS 5990	Special Topics in Forensic Sciences (Forensic Examination of Firearms)	
FRNS 5990	Special Topics in Forensic Sciences (Advanced Forensic Examination of Firearms)	
FRNS 5990	Special Topics in Forensic Sciences (Forensic Examination of Toolmarks)	
FRNS 5990	Special Topics in Forensic Sciences (Advanced Forensic Examination of Toolmarks)	
FRNS 6113	Advanced Energetic Materials Chemistry and Engineering	
FRNS 6123	Advanced Fire Dynamics	
FRNS 6163	Blast Modeling	
FRNS 6173	Advanced Interdisciplinary Post Blast Investigation	
FRNS 6183	Advanced Computer Fire Modeling	

FRNS 6263	Threat Assessment and Management of Violent Extremism	
FRNS 6400	Case Studies in Forensic Science (Maximum of 3 hours can apply to this degree.)	
FRNS 6423	Advanced Blast Injuries and Effects	
FRNS 6663	Network Forensics	
FRNS 6673	Mobile Device Forensics	
FRNS 6683	Computer Forensics, Extractions and Analysis	
FRNS 6833	Advanced Identification of Destructive Device Fuzing Systems	
FRNS 6843	Advanced Destructive Device Circuit Exploitation	
FRNS 6853	Advanced Electrical Theory and Failure Analysis in Forensic Fire Investigations	
FRNS 6903	Advanced Forensic Examination of Firearms	
FRNS 6913	Advanced Toolmark Examination and Identification	
FRNS 6923	RCIED - Advanced Analysis and Mitigation	
FRNS 6933	Shooting Reconstruction for Examiners	
FRNS 6990	Advanced Special Topics in Forensic Sciences (Maximum of 6 hours can apply to this degree.)	
Hours Subtotal		**6**
Other FRNS courses not listed may be used as an elective with departmental permission.		
No more than 2 courses (6 hours) can overlap between any two or more Graduate Certificates in Forensic Sciences.		
Total Hours		**12**

Total Hours: 12

Code	Title	Hours
Required Coursework		
EPSY 5103	Human Development in Psychology	3
EPSY 5463	Psychology of Learning	3
EPSY 5553	Motivation in Educational Contexts	3
Select one course from the following:		3
EPSY 5473	Psychology of Adult Learning	
EPSY 5603	Developmental Issues in Instruction	
EPSY 5983	Instructional Effectiveness in Higher Education	
Total Hours		**12**

Graduate College Certificate Requirements

Learn more about Graduate College 2026-2027 Graduate Certificate Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Mathematics, GCRT

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
Admission requirements: Bachelor's degree with a GPA of 3.0 and relevant prerequisite course work to enroll in graduate math classes.		
No grade below B. Minimum 9 hours in residence at OSU.		
12 hours of graduate credit math courses (course numbers 5000 or above). No thesis hours allowed (MATH 5000 or MATH 6000). Credits must be tranferrable to OSU.		12
At most 3 hours can be taken from the following list:		
MATH 5033	History of Mathematics	
MATH 5073	Introduction to Analysis	
MATH 5203	Intermediate Differential Equations	
MATH 5263	Introduction to Partial Differential Equations	
MATH 5423	Geometry and Algorithms in Three-Dimensional Modeling	
MATH 5453	Mathematical Interest Theory	
MATH 5503	Introduction to Optimization	
MATH 5513	Introduction to Numerical Analysis	
MATH 5673	Combinatorics	
MATH 5713	Number Theory	
MATH 5753	Introduction to Cryptography	
MATH 5803	Groups and Representations	
Recommended courses for PhD students:		
MATH 5023	Advanced Linear Algebra	
MATH 5043	Advanced Calculus I	
MATH 5053	Advanced Calculus II	
MATH 5143	Real Analysis I	
Recommended courses for electrical engineering students interested in Artificial Intelligence:		
MATH 5073	Introduction to Analysis	
MATH 5513	Introduction to Numerical Analysis	
MATH 5533	Matrix Methods in Machine Learning	
MATH 5553	Numerical Analysis for Linear Algebra	
Recommended courses for students in math education and teaching undergraduate mathematics		
MATH 5003	Abstract Algebra I	
MATH 5023	Advanced Linear Algebra	
MATH 5083	Intermediate Analysis	
MATH 5913	Introduction to Research in Mathematics Education	
Recommended for any student pursuing a graduate certificate.		
MATH 5023	Advanced Linear Algebra	
Total Hours		**12**

Other Requirements		
ART 5013	Theory and Methods in Art History	3
Select 15 hours in ART related to the student's curricular track or geographic areas, or or those pre-approved by the advisory committee.		15
Select 15 hours outside of the art history program but related to the student's area of study and preapproved by the advisory committee		15
Total Hours		**36**

Other Non-Thesis Requirements

- Submission of qualifying paper (after the completion of 27 hours) judged satisfactory by a committee of 3 full-time faculty members with graduate college standing. The qualifying paper must be between 15-20 pages in length. It may take one of the following forms: 1) A research paper on a focused topic (a traditional seminar paper); or 2) A scholarly catalog essay. The public presentation may take place in the department as part of the art history roundtable series of talks or at an academic conference.

Counseling: Mental Health Counseling Requirements

- Complete a minimum of 60 graduate credit hours of coursework for the Mental Health Counseling Option and the School Counseling Option.
- Nine (9) credit hours may be transferred from other recognized graduate programs. Tulsa students may transfer up to fifteen (15) credit hours from the University of Oklahoma-Tulsa campus if approved by faculty first.

- The last eight (8) hours must be taken at Oklahoma State University and taken for resident credit.
- As least 24 credit hours must be in 5000 level courses or above. (Students who choose to write a master's thesis for 6 credit hours must take at least 22 credit hours of 5000 level courses.) 4000 level courses taken for graduate credit will not be approved by the Oklahoma licensing board for professional counselors.
- A minimum overall grade point average of 3.00 "B" is required in all academic coursework.
- A grade of B or better must be earned in CPSY 5473, 5493, 5553, 5563, 5583, 5593, and 5683/5693. Students who earn a grade below a B in any of these courses will be required to repeat the course or may be suspended from the program. Students will only be allowed to repeat a course one time to earn a higher grade.

Twelve hours from:		12
ENGL 5000	Master's Thesis [12 hours limited to MFA]	
Hours Subtotal		**12**
Total Hours		**42**

Other Degree Requirements

- **Creative Writing Requirements**: As the defining focus of work toward the MFA degree, creative writing coursework makes up the majority of credit hours, in a combination of ENGL 5730: Seminar in Fiction Writing, ENGL 5740: Seminar in Poetry Writing, ENGL 6130: Studies in Fiction Writing, ENGL 6140: Studies in Poetry Writing, ENGL 6160: Studies in Creative Nonfiction, ENGL 5723: Craft and Forms of Poetry Writing or ENGL 5763: Craft and Forms of Fiction Writing, as well as thesis hours.
- **Literature Coursework Requirement**: MFA students are required to take six hours of literature course work at the 5000- or 6000-level.
- **Electives**: Students choose the remaining hours of coursework in consultation with their advisory committees. Course selection should take into account the student's thesis genre, artistic interests, and academic and professional goals. For instance, students interested in going on to PhD work at Oklahoma State University upon completion of the MFA would normally include courses to assist in preparing them for the first-year exam for PhD students.
- **Required Hours at 5000/6000 Level**: All MFA students must complete their coursework at the 5000/6000 level.
- **Thesis Hours**: Only MFA students may use up to 12 hours of ENGL 5000 on their Plan of Study.

Environmental Science: Environmental Management Professional Science Masters, PSM

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 33

Code	Title	Hours
Required Core Curriculum (9 hours)		
ENVR 5123	Environmental Problem Analysis	3
ENVR 5303	Issues in Environmental Sustainability	3
ENVR 5510	Environmental Management Internship	3
Electives (24 hours)		
Select 24 hours of natural or physical science graduate coursework:		24
Examples of Elective Courses (or those pre-approved by advisory committee):		
ENVR 5033	GIS Applications for Water Resources	
ENVR 5313	Clean Air Act: Regulation, Compliance and Reporting	
ENVR 5403	Water Resource Management, Law, and Policy	
ENVR 5443	Hazardous Waste Regulations for Environmental Managers	
ENVR 5523	Industrial Ecology	
ENVR 5543	Environmental Management Systems	
ENVR 5573	Applied Standards for Environmental Managers	
ENVR 5583	Safety Aspects for Environmental Managers	
ENVR 5593	Hazardous Waste Operations and Emergency Response: HAZWOPER	
ENVR 5613	Introduction to Environmental Toxicology & Industrial Hygiene	
ENVR 5633	Physical Geology for Environmental Managers	
ENVR 5673	Applied Hydrology & Hydrogeology for Environmental Managers	
ENVR 5703	Chemical Aspects of Environmental Science I	
ENVR 5713	Chemical Aspects of Environmental Science II	
ENVR 5723	Field Investigation for Environmental Managers	
ENVR 5733	Environmental Site Assessment	
ENVR 5743	Environmental Impact Assessment	
ENVR 5753	Environmental Site Remediation	
ENVR 5823	Watershed Management	
ENVR 5853	Field Stream Assessment	
Total Hours		**33**

Forensic Sciences: Arson, Explosives, Firearms and Toolmarks Investigation, MS

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Non-Thesis (Creative Component)

Total Hours: 32

Code	Title	Hours
Required Courses		
FRNS 5063	Ethical Research and Scientific Writing	3
FRNS 5613	Criminalistics and Evidence Analysis	3
or FRNS 5013	Survey of Forensic Sciences	
FRNS 5653	The Law and Expert Evidence	3
Hours Subtotal		**9**
Electives		
Select a minimum of 23 hours of the following to correspond with subject area of emphasis:		23
FRNS 5013	Survey of Forensic Sciences	
or FRNS 5613	Criminalistics and Evidence Analysis	
FRNS 5073	Quality Assurance in Forensic Science	
FRNS 5083	Ethics in Forensic Leadership	
FRNS 5090	Internship in Forensic Sciences (Maximum of 6 hours can apply to this degree.)	
FRNS 5103	The Chemistry of Pyrotechnics	
FRNS 5113	Essential Science for Explosive Operators	
FRNS 5123	Fire Dynamics in Forensic Investigations	
FRNS 5133	Ordnance Identification and Recognition	
FRNS 5143	Methods in Fire and Explosion Investigation NFPA 921/1033	
FRNS 5153	Explosives Research, Testing and Evaluation Methods	
FRNS 5183	Computer Fire Modeling	
FRNS 5213	Molecular Biology for the Forensic Scientist	
FRNS 5253	Forensic Casework Training	
FRNS 5263	Forensic Casework Experience	
FRNS 5273	Forensic Threat Assessment and Management	
FRNS 5293	Violence in Forensic Settings	
FRNS 5303	Forensic Investigation of Impaired Vehicle Operation	
FRNS 5333	Forensic Chemistry	
FRNS 5343	Forensic Investigation of Clandestine Laboratories	
FRNS 5353	Forensic Investigations Involving Radiological/Nuclear Materials	
FRNS 5363	Forensic Investigations of Chemical/ Biological Incidents	
FRNS 5413	Forensic Pathology and Medicine	
FRNS 5423	Blast Injuries and Effects	
FRNS 5443	Interdisciplinary Post Blast Investigation	
FRNS 5453	Fingerprints and Their Role in Forensic Science	
FRNS 5463	Blood Stain and Pattern Analysis	
FRNS 5473	Forensic Crime Scene Processing	
FRNS 5513	Forensic Bioscience	
FRNS 5523	Forensic Toxicology	
FRNS 5543	Advanced Forensic Toxicology	
FRNS 5553	Introduction to Forensic Crime Analysis	
FRNS 5563	Theories in Forensic Crime Analysis	
FRNS 5573	Policing Strategies in Forensic Crime Analysis	
FRNS 5583	Data and Statistics in Forensic Crime Analysis	
FRNS 5633	Open Source Intelligence	
FRNS 5643	Law and Expert Evidence: Firearms and Toolmarks	
FRNS 5663	Destructive Devices/Explosives: Law and Regulations	
FRNS 5673	Introduction to Forensic Intelligence Analysis	
FRNS 5683	Digital and Multimedia Evidence for Investigators	
FRNS 5693	Battlefield Forensics and the Global War on Terror	
FRNS 5703	Psychology of Forensic Intelligence Analysis	
FRNS 5713	Forensic Psychology	
FRNS 5723	Advanced Forensic Psychology	
FRNS 5733	Forensic Victimology	
FRNS 5743	Forensic Science Seminar	
FRNS 5753	Criminal Behavioral Analysis	
FRNS 5803	Circuit Exploitation of Destructive Devices	
FRNS 5813	Building Construction and Fire/Explosion Forensic Examination	
FRNS 5823	Forensic Examination of Fire Protection Systems	
FRNS 5833	Identification of Destructive Device Fuzing Systems	
FRNS 5853	Electrical Theory and Failure Analysis in Forensic Fire Investigations	
FRNS 5873	Firearms and Toolmarks	
FRNS 5883	History of Firearm Identification	
FRNS 5893	Admissibility of Firearm Identification	
FRNS 5923	Intelligence Investigations for Forensic Genealogy	
FRNS 5933	Introduction to Forensic Genealogy	
FRNS 5943	Forensic Management and Organizational Development	
FRNS 5960	Forensic Problem Solving through Applied Research (Maximum of 3 hours can apply to this degree.)	
FRNS 5963	Forensic Statistics	

FRNS 5970	Directed Readings in Forensic Sciences (Maximum 6 hours can apply to this degree.)
FRNS 5980	Non-Thesis Creative Component in Forensic Sciences (Maximum 3 hours, satisfies capstone requirement.)
FRNS 5990	Special Topics in Forensic Sciences (Maximum of 15 hours can apply to this degree.)
FRNS 6113	Advanced Energetic Materials Chemistry and Engineering
FRNS 6123	Advanced Fire Dynamics
FRNS 6163	Blast Modeling
FRNS 6173	Advanced Interdisciplinary Post Blast Investigation
FRNS 6183	Advanced Computer Fire Modeling
FRNS 6263	Threat Assessment and Management of Violent Extremism
FRNS 6273	Threat Assessment and Management of Workplace Violence
FRNS 6283	Threat Assessment and Management of Violence in Schools
FRNS 6293	Threat Assessment and Management of Stalking
FRNS 6400	Case Studies in Forensic Science (Maximum 9 hours can apply to this degree.)
FRNS 6423	Advanced Blast Injuries and Effects
FRNS 6663	Network Forensics
FRNS 6673	Mobile Device Forensics
FRNS 6683	Computer Forensics, Extractions and Analysis
FRNS 6703	Advanced Forensic Intelligence Analysis
FRNS 6733	Juvenile Issues in Forensic Sciences
FRNS 6833	Advanced Identification of Destructive Device Fuzing Systems
FRNS 6843	Advanced Destructive Device Circuit Exploitation
FRNS 6853	Advanced Electrical Theory and Failure Analysis in Forensic Fire Investigations
FRNS 6903	Advanced Forensic Examination of Firearms
FRNS 6913	Advanced Toolmark Examination and Identification
FRNS 6923	RCIED - Advanced Analysis and Mitigation
FRNS 6933	Shooting Reconstruction for Examiners
FRNS 6990	Advanced Special Topics in Forensic Sciences (Maximum 9 hours can apply to this degree.)
Hours Subtotal	**23**
Other FRNS courses not listed may be used as electives with departmental permission.	
This degree requires completion of a capstone requirement.	
Total Hours	**32**

Graduate College Master's Program Requirements

Learn more about Graduate College 2026-2027 Master's Degree Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

General Agriculture: Agribusiness, MAG

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Formal Report Option

Total Hours: 32

Code	Title	Hours
Required Courses		
Select a minimum of 12 hours in Agricultural Economics not including AGEC 5000 or AGEC 5010: [1]		12
AGEC 5423	Agribusiness Management	
or AGEC 5043	Advanced Farm and Ranch Management	
AGEC 5603	Advanced Agricultural Finance	
MGMT 5113	Individual and Organizational Behavior	
STAT 5543	Applied Regression Analysis	
ECON 5113	Managerial Economics [2]	
or AGEC 5103	Mathematical Economics	
Hours Subtotal		**12**
Electives		
Select 20 hours of electives.		20
Hours Subtotal		**20**
Total Hours		**32**

[1] Students with no background in accounting should take ACCT 5103. Students with strong skills in mathematics and statistics should take STAT 5543 in the fall instead of STAT 5013 and then take AGEC 5213 in the spring. The comprehensive final examination may be administered after the student has completed one year in the program.

[2] Students who have had calculus should take AGEC 5103 instead of ECON 5113. Students with no upper-division training in microeconomics should take ECON 3113 before taking ECON 5113.

Creative Component Option

Hospitality and Tourism Management Requirements

- 50% of coursework must be in Hospitality and Tourism Management (HTM).
- No fewer than 27 semester hours of 5000-level courses.
- A student can only take a maximum of 3 credit hours of independent study (HTM 5870).
- All coursework must be approved by the committee.
- A Hospitality Internship is required of all students (can be waived with appropriate industry experience by graduate admission committee).
- Students may transfer a maximum of nine graduate credit hours with a grade of "B" or better to OSU with the approval of their advisory committee and the Dean of the Graduate College.
- All requirements must be completed within 7 years. No course on plan of study may be more than 10 years old at the time of graduation.
- None of the leveling credit hours can be included in the plan of study.
- Students entering the MS degree program must have a BS/BA degree in hospitality and tourism management or a related field and relevant work experience. Prerequisite courses will be required for students with other degrees and limited professional experience.

Code	Title	Hours
Core Courses		
Choose one of the following tracks:		18
Applied Track		
Select one of the following two courses:		
MATH 5023	Advanced Linear Algebra	
MATH 5043	Advanced Calculus I	
Select one of the following two courses:		
MATH 5543	Numerical Analysis for Differential Equations	
MATH 5553	Numerical Analysis for Linear Algebra	
Select four of the following courses:		
MATH 5203	Intermediate Differential Equations	
MATH 5513	Introduction to Numerical Analysis	
MATH 5503	Introduction to Optimization	
MATH 5213	Fourier Analysis and Wavelets	
MATH 5233	Partial Differential Equations	
MATH 5243	Ordinary Differential Equations	
MATH 5253	Advanced Ordinary Differential Equations	
MATH 5543	Numerical Analysis for Differential Equations	
MATH 5553	Numerical Analysis for Linear Algebra	
MATH 5563	Finite Element Methods for Partial Differential Equations	
MATH 5580	Case Studies in Applied Mathematics	
MATH 5593	Methods of Applied Mathematics	
Pure Track		
Option 1		
Required:		
MATH 5043	Advanced Calculus I	
MATH 5053	Advanced Calculus II	
MATH 5003	Abstract Algebra I	
MATH 5013	Abstract Algebra II	
MATH 5303	General Topology	
MATH 5273	Functions of a Complex Variable	
Option 2		
Required:		
MATH 5043	Advanced Calculus I	
MATH 5053	Advanced Calculus II	
MATH 5003	Abstract Algebra I	
MATH 5013	Abstract Algebra II	
Select two of the following courses:		
MATH 5143	Real Analysis I	
MATH 5153	Real Analysis II	
MATH 5283	Complex Analysis I	
MATH 5293	Complex Analysis II	
MATH 5313	Geometric Topology	
MATH 6323	Algebraic Topology I	
MATH 5613	Algebra I	
MATH 5623	Algebra II	
Math Education Track		
Basic areas:		
Analysis		
Select one of the following:		
MATH 5083	Intermediate Analysis	
MATH 5043	Advanced Calculus I	
Algebra/Number Theory		
Select one of the following:		
MATH 5003	Abstract Algebra I	
MATH 5013	Abstract Algebra II	
MATH 5023	Advanced Linear Algebra	
MATH 5713	Number Theory	
MATH 5803	Groups and Representations	
Mathematics Education		
Required:		
MATH 5913	Introduction to Research in Mathematics Education	
MATH 5893	Advanced Perspectives on Secondary and Collegiate Mathematics	
Topical Areas:		
Select 6 hours from the following, with 3 hours from two of the topical areas listed below.		
Analysis and Differential Equations:		
MATH 5043	Advanced Calculus I (if not selected above)	
MATH 5053	Advanced Calculus II	
MATH 5203	Intermediate Differential Equations	
MATH 5263	Introduction to Partial Differential Equations	
MATH 5513	Introduction to Numerical Analysis	
Algebra and Discrete Mathematics		
MATH 5503	Introduction to Optimization	
MATH 5673	Combinatorics	
MATH 5753	Introduction to Cryptography	
or 3 hours of a course listed above under Algebra/Number Theory which was not used to meet that requirement.		
Geometry:		
MATH 5403	Geometry	
MATH 5423	Geometry and Algorithms in Three-Dimensional Modeling	
MATH 5443	Differential Geometry of Curves and Surfaces	
Statistics:		
STAT 5013	Statistics for Experimenters I	
STAT 5023	Statistics for Experimenters II	
STAT 5043	Sample Survey Designs	
STAT 5123	Probability Theory	
STAT 5253	Mathematical Statistics I	

STAT 5543	Applied Regression Analysis	
Hours Subtotal		**18**
Additional Graduate Courses		
Electives		
Select 9 hours of electives (no more than 6 hours can be outside MATH, STAT or CS).		9

Select 6 hours from the following, with 3 hours from two of the topical areas listed below.		
Analysis and Differential Equations:		
MATH 5043	Advanced Calculus I (if not selected above)	
MATH 5053	Advanced Calculus II	
MATH 5203	Intermediate Differential Equations	
MATH 5263	Introduction to Partial Differential Equations	
MATH 5513	Introduction to Numerical Analysis	
Algebra and Discrete Mathematics		
MATH 5503	Introduction to Optimization	
MATH 5673	Combinatorics	
MATH 5753	Introduction to Cryptography	
or 3 hours of a course listed above under Algebra/Number Theory which was not used to meet that requirement.		
Geometry:		
MATH 5403	Geometry	
MATH 5423	Geometry and Algorithms in Three-Dimensional Modeling	
MATH 5443	Differential Geometry of Curves and Surfaces	
Statistics:		

STAT 5013	Statistics for Experimenters I	
STAT 5023	Statistics for Experimenters II	
STAT 5043	Sample Survey Designs	
STAT 5123	Probability Theory	
STAT 5253	Mathematical Statistics I	
STAT 5543	Applied Regression Analysis	
Hours Subtotal		**18**
Additional Graduate Courses		
Electives		
Select 12 hours of electives (no more than 6 hours can be outside MATH, STAT or CS).		12
Thesis/Report		
MATH 5000	Master's Research and Thesis	3
Hours Subtotal		**15**
Total Hours		**33**

MS enroute to PhD option

Total Hours: 33

Code	Title	Hours
Student must be actively enrolled in PhD program in Mathematics at OSU. Student must have not already earned a MS degree in Mathematics at OSU.		
Core Courses		
Select 15 hours from one of the following tracks:		15
Applied Track		
MATH 5553	Numerical Analysis for Linear Algebra	
MATH 5143	Real Analysis I	
MATH 5283	Complex Analysis I	
MATH 5543	Numerical Analysis for Differential Equations	
MATH 5233	Partial Differential Equations	
Pure Track		
MATH 5023	Advanced Linear Algebra	
MATH 5143	Real Analysis I	
MATH 5283	Complex Analysis I	
MATH 5613	Algebra I	
MATH 5313	Geometric Topology	
Math Education Track		
MATH 5023	Advanced Linear Algebra	
Select 9 hours from the following:		
MATH 5143	Real Analysis I	
MATH 5283	Complex Analysis I	
MATH 5613	Algebra I	
MATH 5313	Geometric Topology	
MATH 5543	Numerical Analysis for Differential Equations	
MATH 5233	Partial Differential Equations	
Select one of the following:		
STAT 5023	Statistics for Experimenters II	
STAT 5063	Statistical Machine Learning with R	
Hours Subtotal		**15**
Additional Math Courses		**12**
Select 12 hours from track used for core courses.		
Applied track		
In addition to the core courses select 12 hours of graduate courses in the mathematical sciences (mathematics, statistics, or computer science).		
Pure track		
In addition to the core courses select 12 hours of graduate courses in the mathematical sciences (mathematics, statistics, or computer science).		
Math Education track		
MATH 5913	Introduction to Research in Mathematics Education	
MATH 6923	Research in Undergraduate Mathematics Education	
Select 6 hours from the following:		
SCFD 6113	Theoretical Foundations of Inquiry	
SCFD 6123	Qualitative Research I	
EPSY 5463	Psychology of Learning	
REMS 5953	Statistical Methods in Education	
Hours Subtotal		**12**
Preliminary Research Project		**6**
MATH 6090	Doctoral Research Project	
Hours Subtotal		**6**
Total Hours		**33**

Graduate College Master's Program Requirements

Learn more about Graduate College 2026-2027 Master's Degree Program Requirements (p. 3005). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Mechanical and Aerospace Engineering, MEN

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 33

Code	Title	Hours
Required Core		
Select 21 credit hours of MAE courses (5000- and 6000-level) that are approved for graduate credit.		21
Technical Electives		
Select 9 hours of graduate-level courses in BAE/CIVE/CHE/ECEN/IEM/MAE/MATH/MSE/PETE with the approval of the student's Graduate Advisory Committee and the MAE Graduate Coordinator. [1]		9
Capstone		
The Capstone requirement will be satisfied by enrollment in MAE 5010 and will require a term project or creative requirement.		
MAE 5010	Mechanical and Aerospace Engineering Projects	3
Total Hours		**33**

[1] Graduate courses from other disciplines may be allowed but will require approval of the student's Graduate Advisory Committee and the MAE Graduate Coordinator prior to enrollment.

Graduate College Master's Program Requirements

Total Hours: 30

Code	Title	Hours
Core Courses		
PETE 5313	Advanced Drilling Modeling and Simulation	3
PETE 5333	Advanced Production and Flow Assurance	3
PETE 5373	Advanced Well Stimulation	3
Hours Subtotal		**9**
Thesis		
PETE 5000	Master's Thesis	6
Hours Subtotal		**6**
Electives		
Graduate-approved elective (PETE or other) courses, selected by the student with approval of the student's advisor.		15
Suggested Elective Courses		
Petroleum Engineering (PETE) Courses		
PETE 5303	Petroleum Geomechanics	
PETE 5343	Advanced Reservoir Engineering	
PETE 5363	Petroleum Economics and Investments	
PETE 5413	Advanced Well Design and Operational Analysis	
PETE 5513	Directional Drilling	
PETE 5613	Advanced Well Completions	
Mathematics (MATH) and Statistics (STAT) Courses		
5000-level advanced mathematics courses as approved by advisor		
5000-level advanced statistics courses as approved by advisor		
Other courses		
Any 4000-level course in PETE, MATH and STAT must be pre-approved by advisor as part of the plan of study.		
Hours Subtotal		**15**
Total Hours		**30**

Physics: Optics and Photonics, MS

Requirements for Students Matriculating in or before Academic Year 2026-2027. Learn more about Graduate College Academic Regulation 7.0 (p.).

Thesis Option

Total Hours: 30

Code	Title	Hours
Required Courses		
PHYS 5453	Mathematical Methods for Physicists	3
PHYS 5613	Quantum Mechanics I	3
Select 9 hours of Photonics core courses from the following with advisor approval:		9
PHYS 5123	Geometrical Optics	
PHYS 5163	Lasers	
PHYS 5303	Physical Optics	
ECEN 5080	Fundamental Topics (Graduate version of ECEN 4843 Design of Lasers and Systems)	
ECEN 5833	Fiber-Optic Communication Systems	
Hours Subtotal		**15**
Electives		
Select 9 hours from the two groups of electives with a minimum of one course and a maximum of two from Group I. Courses at the graduate level from other departments may be substituted for electives in Group II with Physics Department permission, but alternate courses must have a strong connection to optics and photonics.		9
Group I		
PHYS 5110	Seminar (Graduate version of PHYS 4813 Electromagnetic Radiation)	
PHYS 5313	Electromagnetic Theory	
PHYS 6713	Advanced Electromagnetic Radiation	
ECEN 5613	Electromagnetic Theory	
Group II		
PHYS 5133	Laser Spectroscopy	
PHYS 5663	Solid State Physics I	
PHYS 6313	Quantum Mechanics II	
PHYS 6413	Nonlinear Optics	
PHYS 6423	Quantum Optics	
ECEN 5060	Special Topics (Graduate version of ECEN 4823 Design of Optical Systems)	
ECEN 5843	Microelectronic Fabrication	
ECEN 5853	Ultrafast Optoelectronics	
ECEN 5793	Digital Image Processing	
Hours Subtotal		**9**
Thesis/Research		
Select 6 hours (or more) of supervised research with submission of an approved thesis.		
PHYS 5000	Master's Thesis Research or Report (Or equivalent)	6
or PHYS 6000	Doctoral Dissertation Research	
Hours Subtotal		**6**
Total Hours		**30**

Non-Thesis Option

Total Hours: 32

Total Hours: 30

Code	Title	Hours
Course Requirements		
Select 24 hours from the following:		24
A minimum of 15 hours of 5000-level or higher courses that include:		
PLNT 5020	Graduate Seminar	
or SOIL 5020	Graduate Seminar	
SOIL 5131	Professional Development Colloquium in Plant and Soil Sciences	
PLNT 5110	Problems and Special Study	
or SOIL 5110	Problems and Special Study	
9 hours of MATH (including at least 3 hours of STAT in combined BS and MS programs):		
No more than 9 credit hours of 3000- or 4000-level coursework approved for graduate credit.		
Recommended courses at the discretion of the graduate committee that students emphasizing soil science should complete 4 of the 5 courses listed below (or equivalent) during their undergraduate or graduate programs:		
SOIL 5353	Advanced Soil Genesis and Classification	
SOIL 5234	Soil Nutrient Management	
SOIL 5223	Soil Chemical Processes and Impact on Environmental Quality	
SOIL 5683	Soil, Water, and Weather	
or SOIL 6583	Soil Physics Theory	
SOIL 5383	Advanced Soil Microbiology	
A student may take a maximum of 3 research credit hours. Research hours are to be taken to document student effort in areas not associated with the students thesis. All students must indicate on their Plan of Study whether or not their research will involve human subjects. If human subjects are to be used, approval must be received from the Institutional Research Board (IRB) prior to the beginning of the research.		
PLNT 5230	Research	
or SOIL 5230	Research	
Hours Subtotal		**24**
Thesis		
PLNT 5000	Master's Thesis	6
or SOIL 5000	Master's Thesis	
Hours Subtotal		**6**
Total Hours		**30**

SCFD 5713	Educational Philosophy	3
SCFD 5883	Educational Sociology	3
Hours Subtotal		**9**
Research and Inquiry		
SCFD 5913	Introduction to Qualitative Inquiry	3
One additional research and inquiry course selected in consultation with advisor. Appropriate courses include:		3
CIED 5073	Pedagogical Research	
HIST 5023	Historical Methods	
REMS 5013	Research Design and Methodology	
SOC 5243	Social Research Design	
SOC 5263	Quantitative Analysis of Social Research	
SOC 5283	Advanced Qualitative Sociological Research	
STAT 5043	Sample Survey Designs	
SCFD 5223	Role of Teacher in American Schools	
Hours Subtotal		**6**
Electives		
Select 9 hours of the following:		9
SCFD 5850	Directed Study	
SCFD 5873	Culture, Society and Education	
SCFD 5923	Popular Culture and Education	
SCFD 5990	Problems and Issues in Social Foundations	
CIED 5623	Multicultural and Diversity Issues in Curriculum	
CIED 5723	Gender and Curriculum	
EDLE 5813	Leadership Theory and Ethical Decision Making	
EDLE 5953	Developing Educational Organizations	
GWST 5300	Seminar in Gender and Women's Studies	
HIST 5120	Reading Seminar in American History	
HIST 5220	Research Seminar in American History	
HIST 5140	Reading Seminar in European and World History	
HIST 5240	Research Seminar in European and World History	
SOC 5063	Seminar in Social Inequality and Stratification	

SOC 5493	Seminar in Environmental Justice	
SOC 5643	Gender and Society	
SOC 5663	Seminar in Race and Ethnicity	
Hours Subtotal		**9**
Final Project		
SCFD 5020	Master's Final Project	6
Hours Subtotal		**6**
Total Hours		**30**

College of Osteopathic Medicine

As healthcare grows more sophisticated, the supply of primary care physicians will continue to be a challenge. The OSU College of Osteopathic Medicine is helping to address that challenge and to fulfill a critical need in Oklahoma, and beyond, by training physicians who are qualified to treat every member of the family and enhance the healthcare process by applying his or her knowledge to treat the whole person. The mission of the OSU College of Osteopathic Medicine is to educate osteopathic primary care physicians with an emphasis on serving rural and underserved Oklahoma.

The majority of graduates of the OSU College of Osteopathic Medicine practice in the primary care fields—family medicine, pediatrics, internal medicine and obstetrics/gynecology. The remaining graduates do their postdoctoral training in other specialties and subspecialties—anesthesiology, neurology, psychiatry, radiology, surgery, dermatology and oncology, to name a few. Regardless of the field they pursue, our students are trained to be excellent physicians, beginning with a strong background in general osteopathic medicine.

The college was founded in 1972 in response to a physician shortage in the small towns and rural areas of Oklahoma. The college opened its doors in 1974 and graduated its first class in 1977. In 1988, the college was merged with Oklahoma State University and confirmed its mission to prepare students to be primary care physicians with emphasis in rural medicine. In 2001, the Oklahoma legislature added another designation by creating the OSU Center for Health Sciences—the umbrella organization for the College of Osteopathic Medicine; and graduate programs in biomedical and forensic sciences, health care administration, athletic training and physician assistant program.

The OSU Center for Health Sciences is located on 16 acres along the west bank of the Arkansas River with an impressive view of downtown Tulsa. Modern buildings house conference facilities, a hospital simulation center, new anatomy lab, dedicated neuroanatomy lab, state-of-the-art research facility, expanded classroom and study space, wellness center, a medical bookstore and a forensic sciences and biomedical research facility. The OSU Medical Center, located a half-mile north of campus, is the primary teaching hospital for the college. The medical center serves Tulsa and the surrounding communities, and serves as both a teaching clinic for medical students, interns and residents, and a health care resource for residents of Tulsa and the surrounding area. The medical center is a state entity operated by the Oklahoma State University Medical Authority, with management by Saint Francis Health System. The hospital provides comprehensive and specialized health care and is staffed by licensed physicians and other health care professionals who supervise students in the care of patients. The OSU combined clinic system covers a wide variety of specialties. The clinics provide essential health care to the community.

The OSU College of Osteopathic Medicine at the Cherokee Nation is an additional teaching site located in Tahlequah, Oklahoma. The 84,000-square-foot facility includes an anatomy laboratory, clinical skills and OMM labs, standardized patient labs and a simulation center that features state-of-the-art computer programmable manikins. There are also lecture halls, classrooms, a gym, faculty offices and study carrels.

Promoting a patient-centered approach to healthcare, osteopathic physicians are concerned with the entire patient. The doctor of osteopathic medicine is a fully-trained and licensed physician who selectively utilizes all accepted scientific modalities to maintain and restore health. Osteopathic physicians and surgeons are licensed in every state to practice all phases of medicine, and offer their patients the added dimension of health care through osteopathic manipulation, a hands-on technique that uses palpation and manipulative procedures of the musculoskeletal system to diagnose and treat illness.

Minimum Academic Requirements

Prior to matriculation, the applicant must have an overall grade-point average of at least 3.00 (on a 4.00 scale), a pre-professional science GPA of at least 2.75, and a minimum score of 492 on the Medical College Admissions Test (MCAT). All applicants must take the MCAT within three years of the deadline for submitting the AACOMAS application for the application cycle. The last MCAT test date accepted for each application cycle is January in the year of matriculation. Under special circumstances, the College may use discretion to admit students who do not meet these minimum requirements.

At the time of entry, the applicant must have completed:

- Completion of at least three years (90 semester hours) and not less than 75 percent of the courses required for a baccalaureate degree at a regionally accredited college or university.
- Satisfactory completion of the following courses with no grade below “C” (2.0 on a 4.0 scale):

- English, 2 semesters
- Biology, 2 semesters
- Physics, 2 semesters
- General Chemistry, 2 semesters
- Organic Chemistry, 2 semesters

- At least one upper-division (3000-4000) level science course, including but not limited to:
  - Human Anatomy or Comparative Anatomy
  - Biochemistry
  - Microbiology
  - Molecular Biology
  - Histology
  - Cellular Biology
  - Embryology
  - Physiology
- One semester Science Lab Course
  - Lab courses taken in Biology, Chemistry, Organic Chemistry and Physics are eligible to fulfill the lab requirement. Both standalone labs and those combined with lectures are eligible.

The annual AACOMAS application deadline is February 28. The deadline for supplemental application materials is March 30.

An on-campus interview with the Applicant Interview Committee is by invitation only. Interviews are conducted by clinical and adjunct faculty members, as well as alumni. Applicants must participate in the interview to qualify for further consideration. Interview results and other data submitted will be considered when determining which applicants have demonstrated appropriate levels of scholarship, aptitude and motivation for admission to the program. Class size is approved for 165 students (in 2022).

Selection Factors

The College considers applications for admission from all qualified candidates. The Oklahoma State University Center for Health Sciences provides equal employment and/or educational opportunity on the basis of merit and without discrimination because of age, race, ethnicity, color, religion, sex, sexual orientation, genetic information, gender, gender identity or expression, national origin, disability, protected veteran status, or other protected status in any of its policies, practices, or procedures. Preference is given to Oklahoma residents. Applicants must be U.S. citizens or permanent residents of the U.S. Non-U.S. citizens must have a permanent resident visa (“green card”) at the time of application in order to be considered for admission.

College Curriculum

The four-year program emphasizes the integration of biomedical sciences with clinical systems. The curriculum includes early hands-on clinical experiences with patients, patient models, and simulations. Instructional methods are student-centered and include traditional lecture, and small group and team-based learning. Problem-solving and information retrieval skills are emphasized to produce and develop skills that support lifelong learning.

The culture of the OSU College of Osteopathic Medicine encourages students to establish an academic relationship with faculty members and community-based physicians. The curriculum emphasizes integration of biomedical with clinical and behavioral sciences to permit the full comprehension of the clinician’s work and promote a holistic approach to the care of patients and their families. Students receive training in all areas of medicine, with additional emphasis on osteopathic manipulative medicine.

Incorporated within the OSU-COM curriculum is a Rural Medical Track, Tribal Medical Track, Global Medical Track and Urban and Underserved Medical Track. Each of these stresses the unique nature and characteristics of a rural practice, provides a pathway for student matriculation into a rural primary care residency, and supports residency graduates in the establishment of a practice in a rural or underserved Oklahoma location.

The first semester focuses on the foundations of biomedical and clinical sciences along with an introduction to patient care. Starting in the second semester and continuing through the end of the second year, students are introduced to a total of 11 clinical systems that systematically prepare students for addressing conditions typically seen in the primary care environment. The third and fourth years are comprised of clinical rotations, which are community-based, consisting of clerkship experiences in hospitals and clinics where students observe patient care and participate in the evaluation and treatment of patients under physician faculty supervision.

In the Clerkship Program, students are required to complete 22, four-week rotations in the core areas of family medicine, osteopathic manipulative medicine, pediatrics, internal medicine, surgery, obstetrics-gynecology, psychiatry and emergency medicine as well as eight weeks of Internal Medicine. In addition to the core rotations, students are also required to complete two rotations at affiliated teaching sites in rural communities, one of which is focused on gaining experience in a rural hospital setting. Students must also complete one primary care elective, nine general electives and one required wellness rotation. Many rotations are completed at the OSU Medical Center in Tulsa, one of the largest osteopathic hospitals in the United States.

Furthermore, students enrolled in the Rural Medical Track Program take our mission to serve rural Oklahoma to new heights. The Rural Medical Track Program is designed to allow students to complete, whenever possible, the core rotations in rural communities. In addition to the core rotations, the Rural Medical Track students must also complete at least two sub-internships with rural residency programs, as well as three in-state electives.

All medical students will be dually-enrolled in the Graduate College and transfer 30-credit hours to cross-listed courses allowing them to earn a Doctor of Osteopathic Medicine degree and M.S. degree upon graduation. Although more than half of graduates enter primary care, graduates are prepared to enter residencies in all medical specialty fields. This training period lasts a minimum of three years with several specialties requiring up to five years of postgraduate education. To see a full list of residency programs our recent graduates have entered and residency acceptance data, along with OSU-COM’s pass rate on the COMLEX-USA, please visit: https://medicine.okstate.edu/com/admissions/graduates.html (https://health.okstate.edu/com/admissions/graduates.html).

Accreditation

The college is accredited by the Commission on Osteopathic College Accreditation (COCA) of the American Osteopathic Association, the recognized accrediting agency for institutions that educate osteopathic physicians. The Oklahoma State Regents for Higher Education are empowered by the Oklahoma Constitution to prescribe standards for

higher education applicable to each institution in the Oklahoma State System of Higher Education.

Financial Aid

Financing a medical education should be seriously considered. The primary responsibility for meeting your educational costs rests with the student and his or her family; however, the Office of Student Financial Aid makes every attempt to assist prospective students as they navigate this process.

The Office of Student Financial Aid supports the mission of the University by enabling students and families to reduce or eliminate financial barriers that might prohibit their participation in the programs offered by OSU Center for Health Sciences. The office administers financial aid programs funded by federal, state, University and private sources in the form of Federal Stafford loan (Unsubsidized), employment, as well as need- and merit-based scholarships.

Tuition and fees at the College of Osteopathic Medicine (for the 2025-2026 school year) average $28,884.00[1] per year for Oklahoma residents and $56,388.00[1] per year for out-of-state residents.

Most financial aid is renewable on an annual basis, provided there is adequate funding and the student remains eligible (enrolled in a matriculated program, in good academic standing and with continued need for need-based aid). To qualify, each student should file the Free Application for Federal Student Aid (FAFSA).

Office of Financial Aid - OSU College of Osteopathic Medicine
1111 West 17th Street
Tulsa, OK 74107-1898;

Students may apply online at www.fafsa.ed.gov/ (http://www.fafsa.gov/) (School code is G11282).

Graduate Education

The Center for Health Sciences offers graduate degree programs in Biomedical Sciences, Forensic Sciences, Global Health, Health Care Administration, Athletic Training and Physician Assistant studies.

The Biomedical Sciences Graduate Program offers PhD, MS, DO/MS and DO/PhD degree programs. These programs provide students with a foundation in biomedical sciences that is broadly applicable to many disciplines, including anatomy, biochemistry, cell biology, microbiology, pathology, pharmacology and physiology.

The Master of Science in Biomedical Sciences offers a thesis and non-thesis option, with both programs designed to be completed in two years with a minimum of 30 credit hours (thesis) and 32 credit hours (non-thesis). The PhD program is designed to be completed in 4-5 years with a minimum of 60 credit hours. The DO/PhD program is designed to be completed in a minimum of seven years. Dual degree DO/PhD students begin with the PhD curriculum, which culminates with a Final Defense of research and dissertation. Next, dual degree DO/PhD students transition to the DO program, which culminates with clinical sciences. The DO/MS program is designed to be completed in a minimum of five years. The first year is primarily the graduate portion of the program. The last four years consist of the medical portion of the degree, with any remaining graduate work completed during the first year of medical school and subsequent summers.

The Master of Science in Forensic Sciences requires a minimum of 30 credit hours for a thesis track and 32 credit hours for a non-thesis track. For full-time students, the M.S. in Forensic Sciences may be completed in two years. Areas of emphasis include the areas of Forensic Biology/DNA, Forensic Chemistry/Toxicology, Forensic Investigative Sciences, Forensic Crime Analysis, Forensic Threat Assessment and Management, and Forensic Psychology. Concentrations designed for practitioners with related professional experience include Arson, Explosives, Firearms and Toolmarks Investigations. Working professionals may complete the M.S. degree online, usually over three to four years while maintaining full-time careers. The Master of Science in Forensic Sciences degree is designed for individuals pursuing many professional avenues, including careers in federal agencies, crime labs, investigative agencies, or research institutions.

The Doctorate in Forensic Science (DFS) consists of 60 total credit hours. This doctoral degree does not require a dissertation. The curriculum provides exposure to Forensic Psychology, Fire Investigation, Firearms and Toolmarks, Crime Scene Investigation, Forensic Crime Analysis, Leadership, Chemistry/Toxicology, Digital and Multimedia Investigation, as well as Threat Assessment and Management. This degree is designed specifically for forensic science investigative and criminal justice practitioners to improve their knowledge base, tactics, techniques, and procedures. This degree is offered entirely online, and the majority of courses are asynchronous. Those who have completed the MS in Forensic Sciences at OSU may be eligible to count up to 30 of their credit hours towards the program. Transcripts are evaluated after admission and on a case-by-case basis.

The School of Forensic Sciences also has a PHD in Forensic Sciences. This program requires 60 credit hours and successful completion and defense of a research dissertation.

The Master of Science in Health Care Administration consists of 32 total hours with creative component or thesis including 18 hours of general graduate level electives. The curriculum provides exposure to management concepts, processes and techniques associated with administration and entrepreneurship functions in a variety of health care organizations. This degree is ideal for those individuals working in healthcare who wish to move into management or executive positions; however, healthcare experience is not required. All courses for this program are 100% online. The DO/MS-HCA program is designed to be completed simultaneously with COM courses. 9 hours (3 courses) of COM courses are eligible for transfer towards the MS-HCA.

The Doctorate in Health Care Administration (DHA) consists of 62 total credit hours. This is a professional doctoral program, and as such, no thesis or research is required. The curriculum provides exposure to management concepts, processes and techniques associated with administration and entrepreneurship functions in a variety of healthcare organizations. This degree is ideal for those individuals working in healthcare who wish to move into management or executive positions; however, healthcare experience is not required. This degree is offered entirely online, and the majority of courses are asynchronous. Those who have completed the MHA at OSU or a similar degree may be eligible to count up to 30 of their credit hours towards the program. Transcripts are evaluated after admission and on a case-by-case basis.

The DO/MBA is an accelerated program that allows DO students to gain their MBA through the Spears School of Business in a single year.

Six hours of elective credit can be shared from the DO coursework or business electives of the student's choice. The DO/MPH is an accelerated program that allows DO students to gain their MPH through the College of Professional Studies in a single year. Nine hours of elective credits can be shared from the DO coursework toward the MPH degree, and clinic rotations can be substituted for the practicum course option (up to three credits). The MPH program requires completion of 42 credit hours. The remaining 30 hours can be completed within a year as the courses are all offered in spring, fall and summer semesters in eight-week blocks.

The Master of Athletic Training Program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE). Once accepted into the program, students are assigned to a Board of Certification (BOC) Certified Athletic Trainer (AT) where they are responsible to provide for the overall health care of patients over the course of their respective seasons or occupation. Clinical instruction of students is achieved through direct supervision by health care providers. The curriculum is based in the human sciences with anatomy, physiology, biomechanics, pathology, pharmacology, nutrition and psychology providing the theoretical foundation of student inquiry. Students learn how to apply these theoretical concepts while in the clinical setting learning under licensed physicians, athletic trainers, physical therapists and other allied healthcare professionals. This balance of theory and practical application prepares students to sit for the Board of Certification examination where upon successful completion, may earn the credentials ATC. Additional information about these programs can be found at: https://medicine.okstate.edu/athletic-training/index.html (https://medicine.okstate.edu/athletic-training/).

The on-campus Physician Assistant Program recruits, educates and mentors students to provide competent and compassionate health care emphasizing increased access to healthcare in rural and underserved Oklahoma. The Program places an importance on fostering collegial relationships among students within the Physician Assistant, Osteopathic Medicine and Athletic Training disciplines to provide professional team-based healthcare. The Master of Science in Physician Assistant Studies is designed for students to be eligible for certification as a Physician Assistant. The PA program has a directed curriculum of 124 hours. All students are required to be enrolled full-time. Students will spend 13 months in the didactic phase of education where they will receive traditional lectures as well as many hands-on experiences in laboratory and simulation settings. The second phase of training includes 15 months of clinical rotations. Students are required to have experiences in family medicine, internal medicine, emergency medicine, OBGYN, pediatrics, psychiatry, and surgery. Students will also have a minimum of two (2) rotations in a rural location. For additional information regarding admissions requirements please visit https://medicine.okstate.edu/pa/index.html (https://medicine.okstate.edu/pa/).

Honor and Service Organizations

The College emphasizes community service, and many students volunteer their time in giving school and athletic physicals, visiting nursing homes, working with school children and working at College-sponsored health fairs or the annual Osteopathic Scrub Run. Listed below are official student organizations.

- Aerospace Medicine Clu
- American College of Osteopathic Emergency Physicians (ACOEP)
- American College of Osteopathic Surgeons-Medical Student Section (ACOS-MSS)
- American Medical Women's Association (AMWA)
- American Muslim Medical Student Association (AMMSA)
- American Osteopathic College of Physical Medicine and Rehabilitation (AOCPMR)
- Anesthesiology Student Interest Group (ASIG)
- Asian Pacific American Medical Student Association (APMSA)
- Biomedical Sciences Graduate Student Association (BSGSA)
- Business & Leadership in Medical Practice (BLiMP)
- Cardiology Interest Group
- Clinical Skills Club
- Dermatology Interest Group Association (DIGA)
- EmpowHER PA
- Environmental Club of OSU-COM
- Forensic Science Organization (FSO)
- Global Medicine Club (GMC)
- Gold Humanism Honor Society (GHHS)
- Graduate Women in Science
- Latino Medical Student Association (LMSA)
- Medical Ethics Club (MEC)
- Medical Interdisciplinary Specialty Club (MISC)
- Medical Students for Choice (MSFC)
- Native American Students in Osteopathic Medicine (NASOM)
- Oklahoma Osteopathic Obstetrics and Gynecology Student Association (OOOGSA)
- Oklahoma State University Pediatrics Club
- Oncology Student Interest Group (OSIG)
- Ophthalmology and Otolaryngology Interest Club (OOPTIC)
- Sexuality and Gender Alliance (SAGA)
- Sigma Sigma Phi (SSP)—honor society
- Simulation in Medicine (SIM)
- Society for Advancement of Chicanos/Hispanics & Native Americans in Science (SACNAS)
- Sports Medicine Club
- Student American Academy of Osteopathy (SAAO)
- Student American Osteopathic Academy of Orthopedics (SAOAO)
- Student Association of Military Osteopathic Physicians & Surgeons (SAMOPS)
- Student Association of the American College of Osteopathic Family Physicians (SAACOFP)
- Student Government Association (SGA)
- Student Interest Group in Neurology (SIGN)
- Student National Medical Association (SNMA)
- Student Osteopathic Association of Radiology (SOAR)
- Student Osteopathic Internal Medicine Association (SOIMA)
- Student Osteopathic Medical Association (SOMA)
- Student Osteopathic Psychiatry Association (SOPA)
- Student Osteopathic Rural Medicine Club (StORM)
- Student PAs in Rural Communities (SPARC)
- Wilderness Medicine Club (WMS)

Faculty

Center for Health Sciences

President of the Center for Health Sciences—Johnny Stephens, PharmD
Dean of the College of Osteopathic Medicine—Dennis Blankenship, DO

Provost of the Center for Health Sciences and Senior Associate Dean of Operations—Jeffrey S. Stroup, PharmD

Biomedical Sciences and Graduate Studies

Randall Davis, PhD—Associate Dean and Director, Biomedical Sciences

Anatomy and Cell Biology

Nedra Wilson, PhD—Associate Professor and Chair
Professors—Holly Ballard, PhD; Kent Smith, PhD
Clinical Assistant Professor—Ian D. Browne, PhD
Associate Professors—Eric Snively, PhD; Dolores Vazquez Sanroman, PhD; Anne Weil, PhD
Assistant Professors—Jason Avery, PhD; Daniel Barta, PhD; Vikram Gujar, PhD; Zachary Klukkert, PhD

Athletic Training

Jennifer L. Volberding, PhD—Professor and Chair
Professor—Matthew O'Brien, PhD; Aric Warren, PhD

Biochemistry and Microbiology

Gerwald A. Kohler, PhD—Professor and Chair
Professors—Rashmi Kaul, PhD
Assistant Professors—I-Hsiu (George) Huang, PhD; Crystal Nicole Johnson, PhD; Jacob R. Manjarrez, PhD
Associate Professors—Subhas Das, PhD
Clinical Assistant Professors—Malabika Maulik, PhD; Allison Sherier, PhD

Emergency Medicine

Aaron Lane, DO—Chair and Clinical Professor
Clinical Professor—Dennis Blankenship, DO-Dean, College of Osteopathic Medicine; Michael Cannon, DO; Gavin Gardner, DO; David Gearhart, DO; Kelly A. Murray, PharmD
Clinical Associate Professors—Bobby Abernathy, DO; Tyson Bryant, DO; Linden Cowley, DO; Anastasia Fisher, DO; Charles Harris, DO; Mary Moore, DO
Clinical Assistant Professor and Section Chief—Jason Moore, DO
Clinical Assistant Professors—Kenneth Argo, DO; Yakiji Bailey, DO; Joshua Baker, DO; William Bickell, DO; Michael Blose, DO; Taylor Blose, DO; Codi Bowker, DO; Jennifer Briggs, DO; Jamin Brown, DO; John Carlson, DO; Keithen Cast, DO; Nina Cast, DO; Cass Cherry, DO; Levi Duetham, DO; Tyler G. Evilsizer, DO; Gary Fennema, DO; Steven Gearhart, DO; Will Goodrich, DO; Alexander Hall, DO; Tanner Hessman, DO; Shane Hnatusko, DO; Rebecca Hodgin, DO; Jerrod King, DO; James Luth, DO; Michael Money, DO; Allison Moore, DO; Nathan Nelson, DO; Daelor Osen, DO; Roy Reed, DO; Alex Riggs, DO; Jonathan D. Robins, DO; William T Rockwell, DO; Brianne Roepke, DO; Rylan Russell, DO; David Sasser, MD; Matthew Sims, DO; Karen Siren, MD; Heath Spencer, DO; Lucille Stevens, DO; Matthew E. Stiger, DO; William Wylie, DO; Kurtis Young, DO; Garrett Zelkind, DO

Family Medicine

Lora D. Cotton, DO—Professor, Director and Chair
Steffen Carey, DO—Clinical Associate Professor, Vice Chair and Director
Professor—Sarah Hall, DO; Regina Lewis, DO
Clinical Associate Professors—Amanda Carey, DO; Crystal David, PharmD; Chelsey D. Griffin, DO; Erin Kratz, DO
Clinical Assistant Professors—Kristin Browning, DO; Jonathan Bushman, DO; Thomas Dewey, DO; Matt Fowler, DO; John Miller, DO; Sherrita Polk, DO; Marinn Rank, DO; Rachel Ray, DO; Glennda Tiller, DO

Forensic Sciences

Jason Beaman, DO—Chair, Clinical Associate Professor
Professor and Director—Jarrad Wagner, PhD
Clinical Assistant Professor—Jun Fu, PhD; Matthew Green, PhD
Associate Professor and Director—John J. Frucci, EdD

Health Care Administration

Bavette Miller, PhD, MHA—Chair and Assistant Professor
Clinical Professor—Zack Varughese, PhD
Clinical Assistant Professor—Ashley Keener, PhD

Internal Medicine

Damon L. Baker, DO—Professor, Chair and Chief Medical Officer for OSUMC
Professor/DIO—Mousumi Som, DO
Professor—Katherine Cook, DO
Clinical Professor—Jay Johnson, DO; David Wilkett, DO
Clinical Associate Professor—John Carabello, DO; Justin Chronister, DO; Arash Karnama. DO; Steve Kim, DO; Daniel Wildes, DO; William Woods, DO; Shane Yamane, DO
Clinical Assistant Professors—Bradley Anderson, DO; Amanda Bozell, PharmD; Bryan Bozell, PharmD; Kryston Boyer, DO; Rachel Cobbs, DO; Jennifer Cox, DO; Andrew Hale, DO; Gershon Koshy, DO; Alessandra Gearhart, MD; Douglas Owen, DO; Thomas Palmer, DO; Kristina Smith, DO

Medical Education

Nicole Farrar, DO—Clinical Assistant Professor and Chair
Professor—Tony Alfrey, DO; Shawna Segraves Duncan, DO
Clinical Professor and Director—Laurie Clark, DO
Clinical Professor and Associate Dean—Carrie Gilstrap, DO
Clinical Professor—Eric Harp, DO
Clinical Associate Professor—Tamar Baruch-Finkel, DO; Stacy Chronister, DO; Kelly Rudd, DO
Clinical Assistant Professors—Leah Bailey, DO; Amanda Cain, DO; Zachary Fowler, DO; Janel Johnson, DO; Jenny Lessley, DO; John Vogel, DO; Kristy Wingerter, DO

Obstetrics and Gynecology

Erin E. Brown, DO—Clinical Associate Professor and Chair
Clinical Professor—William Po, MD; Katherine Moxley, MD
Clinical Associate Professor—Carlos M. Guevera, DO
Clinical Assistant Professors—Sarah Bradley, DO; Justin Parks, DO; Micah Relic, DO; Jessica Sorelle, DO; Lauren D. Thomas, DO

Osteopathic Manipulative Medicine

Jennifer Wilson, DO—Associate Professor and Chair
Julie Dionne, DO—Clinical Assistant and Vice Chair
Clinical Professor/Executive Director—Mark Thai, DO
Clinical Associate Professor—Leslie Ching, DO
Clinical Assistant Professors—Kim Barron, DO; Darci Coffman, DO; Cameron Henderson, DO; Janell Largent, DO; Courtney Thompson, DO

Pathology

Anthony Alfrey, MD—Associate Professor and Chair

Clinical Assistant Professor—Eric Harp, DO

Pediatrics

Amanda Foster, DO—Clinical Professor and Chair
Laura Bode, DO—Clinical Associate Professor and Vice Chair
Clinical Professor—Christine Clary, DO; Colony S. Fugate, DO; Heather Rector, DO
Clinical Associate Professors—Christel Dixon, DO
Clinical Assistant Professors—Baylee Arreola, DO; Kimberly Harrison, DO; Terri Reed, DO; Philip Tolentino, DO

Pharmacology and Physiology

David R. Wallace, PhD—Chair and Professor
Professors—W. Kyle Simmons, PhD
Clinical Professor—Hugo Arias, PhD
Clinical Associate Professors—Alexis Jones, PhD; Dusti Sloan, PhD
Clinical Assistant Professor—Sheri Core, PhD
Assistant Professor—Bart Ford, PhD; Swarup Mitra, PhD

Physician Assistant

Rebecca Stephen, MHS, PA-C—Director, PA Program and Clinical Assistant Professor
Amy Harrison, MHS, PA-C—Chair and Clinical Assistant Professor
Ashley McCrary, MPAS, PA-C—Clinical Assistant Professor and Director
Clinical Assistant Professors—Courtney Abernathy, MMSc, PA-C; Saura Douglas, MHS, PA-C

Psychiatry and Behavioral Sciences

Sara Coffey, DO—Clinical Associate Professor and Chair
Clinical Professor—Aaron Pierce, DO
Clinical Assistant Professor and Director—Brian Goetsch, PsyD
Clinical Associate Professor—Swapna Deshpande, MD; Alicia Ford, PhD; Samuel Martin, MD; Anna Mazur, PhD; Matt Vassar, PhD
Clinical Assistant Professors—Trevor Anderson, MD; Kelly J. Dunn, MD; Reagan Gill, DO; Amy Gordon, PA-C; Jennifer Hale, PhD; Micah Hartwell, PhD; Tvli Jacob, PhD; Desiree Lyon, MD; Kaelyn Lu, DO; Heath Mueller, MD; Sara Rich, PhD; Osekpamen Wickliffe, MD; Barrett Williams, PhD; Rachel Wirginis, DO
Clinical Director—Christina Brent, MA, LPC
Director—Lana Beasley, PhD

Rural Health

Denna Wheeler, PhD—Chair and Clinical Professor
Professor and Executive Director—Julie M. Croff, PhD, MPH
Clinical Associate Professor—Wenjie Sun, PhD
Clinical Assistant Professor—Chao Li, PhD

Surgery

Michael Thomas, MD—Clinical Professor and Chair
Brian C. Diener, DO—Professor and Vice Chair
Clinical Professor—Laurie Duckett, DO; Brent Norris, DO; Hal H. Robbins, DO
Clinical Associate Professor—Adam Bradley, DO
Assistant Professors—Clint Basener, DO; Trevor Bright, DO; Garrett Decker, DO; Chad Hanson, DO; Bryan Hawkins, DO; Katie Mettler, DO; Aaron Relic; DO; Landon Stallings, DO; Wesley Stotler, DO; Brad White, DO

COLLEGE OF PROFESSIONAL STUDIES

College Administration

Jeanette Mendez, PhD—Provost and Senior Vice President for Academic Affairs
Craig Freeman, JD—Vice Provost and Dean
Cynthia Lamon, EdD, MPH, MS, MHA—Director, Public Health Graduate Program
Zach Litwack—Filmaker in Residence and Director, Entertainment Media
Gina Noble, MS—Director, College of Professional Studies
Michael Thayer, PhD, CHMM—Director, Professional Science Master's Program
Beverly Morris, MS—Director of Academic Advising

College Description

The OSU College of Professional Studies, housed at OSU-Tulsa, is designed to address the workforce needs of local industries and agencies in Tulsa with a special emphasis on working adults with some college credit but no degree.

The College of Professional Studies offers flexible bachelor's degree programs to help working adults complete a bachelor's degree that adds value to their current career. The Bachelor of Professional Studies is adaptable, with a flexible credit for prior learning, transfer credit and military credits.

From an employer's perspective, these degree programs are a new form of workforce development, providing a clear pathway to overcome the college degree barrier and enable employees to advance within their organization. Curricula are designed to meet the needs of students and the companies who employ them. Tulsa-area employers who have partnered with OSU-Tulsa on these degree programs include the Tulsa Police Department and TTCU Federal Credit Union.

Academic Programs

The Bachelor of Professional Studies in Organizational Leadership (p. 3413) is a practical, comprehensive degree option for professionals seeking to advance in their current career by earning a bachelor's degree. In many companies and organizations, advancement opportunities are tied to educational attainment. The Bachelor of Professional Studies in Organizational Leadership is designed to help earn a raise, get a promotion, or meet career goals.

The Bachelor of Professional Studies in Public Safety (p. 3414) is a practical, comprehensive degree option for public safety professionals. Students will gain the knowledge and skills to take on a variety of roles in the public safety sector. The coursework emphasizes essential human skills to successfully work in public safety, including cultural awareness, conflict resolution and effective communication.

The Bachelor of Professional Studies in Health Care Administration (https://tulsa.okstate.edu/undergraduate-academics/healthcareadministration.html) equips a student with the knowledge and skills to develop a career in leading health care organizations such as hospitals, physician offices, care facilities and other health care organizations. Students will learn the aspects of leadership and organizational development to prepare them for service in both small and large healthcare environments.

The Bachelor of Professional Studies in Entertainment Media (https://tulsa.okstate.edu/undergraduate-academics/entertainment-media.html) offers a comprehensive understanding of the entertainment industry. This degree is ideal for those seeking to build or advance careers in filmmaking, television production, digital storytelling, public relations, advertising, music production, and brand management. Students will learn valuable skills from a curriculum that keeps pace with the latest trends and best practices in this ever evolving and rapidly expanding landscape.

The Professional Science Master's Program in Environmental Management (https://tulsa.okstate.edu/graduate-academics/environmental-science-psm) (PSM) provides students an innovative and practical education to ensure they are prepared for careers in nearly every sector of industry. Program graduates work in environmental health and safety roles at companies throughout the Tulsa metro area. The program focuses on environmental regulatory compliance, waste reduction and recycling, energy efficiency and cost reductions, and sustainability.

Master of Public Health (https://tulsa.okstate.edu/graduate-academics/master-public-health) students have a passion to change their communities through injury and disease prevention. Students gain expertise to advance their careers in local, state and federal agencies, nonprofits, hospitals, health departments, universities, businesses and with grant-funded research. The interdisciplinary nature of this program creates a unique support system for the students and faculty.

Transfer Student Success Center

Students who complete degrees in the College of Professional Studies often start their coursework elsewhere and transfer credits to OSU-Tulsa to complete their degree. Academic advisors play an important role in helping prospective students understand how their previous coursework will transfer to meet degree requirements. Students can meet with an advisor in the Transfer Student Success Center before they apply and are admitted. After admission to OSU, students will be assigned an advisor who will help them navigate the enrollment process throughout their academic career. Professional academic advisors are invested in the student's success and help students to develop an academic plan to complete their educational goals with their other commitments in mind. In addition to helping students with enrollment and educational goals, advisors also guide and encourage students and connect them to various campus resources.

COLLEGE VETERINARY MEDICINE

College Administration

Richard Prather, DVM—Dean
Jennifer Rudd, DVM, PhD, DACVM—Interim Associate Dean Academic and Student Affairs
Jefferson Frisbee, PhD, FAHA, FAPS—Interim Associate Dean for Research and Graduate Education
Martin Furr, DVM, PhD, MA Ed, DACVIM—Assistant Dean for Professional Programs

Campus Address and Phone

Address: 205 McElroy Hall, Stillwater, OK 74078
Phone: 405.744.6648
Website: https://vetmed.okstate.edu

College of Veterinary Medicine

The College of Veterinary Medicine (CVM) is the premier provider of animal care in the state of Oklahoma and for the region. The CVM provides quality educational opportunities to prepare our graduates for varied careers within the veterinary profession. The veterinary medical profession is rewarding, exciting, and one that touches the environment as well as the lives of humans and animals alike. The career options available to graduates with a Doctor of Veterinary Medicine (DVM) degree are as varied as the people who make veterinary medicine their life-long commitment. The College of Veterinary Medicine at Oklahoma State University offers a program designed to prepare new graduates for a variety of biomedical careers including private practice, post-DVM clinical training, research, industry, military, and government.

Mission: Innovation in animal and human health.
Vision: To be innovative world leaders in healthcare, research, and professional education.

Core Values:

- Communication: Understanding the importance of good communication for the proper functioning of the team and advancing our common goals.
- Integrity: We will demonstrate at all times, and expect of our colleagues, the highest standards of personal integrity.
- Accountability: We will be accountable for our own actions, work, and words
- Teamwork: Understanding that a team is stronger than the sum of its parts, and that we perform better as a team.
- Leadership: Recognizing that we can all be leaders.

Accreditation

The College is fully accredited by the Council on Education of the American Veterinary Medical Association. Accreditation is based on an assessment of 11 essential factors: the college's organization, its finances, facilities and equipment, clinical resources, library and learning resources, enrollment, admissions, faculty, curriculum, continuing and post-graduate education, and research.

High School Preparation

Preparation for a career in veterinary medicine includes understanding the profession. Volunteering or working with a veterinarian is essential. Students should develop emotional maturity and become aware of how medical decisions include patient, client, and financial issues. Professionalism and ethics are fundamental for veterinarians. Although the OSU DVM Program does not use an applicant's high school information to determine eligibility, K-12 students are strongly encouraged to take advanced placement math and science classes to prepare for more difficult college level coursework.

Admission and Application Requirements

Earning a DVM degree requires dedication and hard work, but the rewards are returned for a lifetime. In general, students must complete three to four years of pre-veterinary undergraduate coursework followed by four years of a professional veterinary medical program.

Students can select any accredited college/university to complete their pre-veterinary coursework. Choosing an undergraduate major related to the student's interest in science and animals is advised. The College requires all applicants to be within 1 year of completing specific required courses to be eligible for application. Other factors can contribute to an applicant's eligibility to the Oklahoma State University DVM Program, so students are encouraged to review all eligibility requirements (https://vetmed.okstate.edu/programs-and-admissions/dvm-requirements).

Early Admission Program

Students pursuing careers in the health sciences often make their career decision prior to undergraduate enrollment. The goal of the Early Admission Program (https://vetmed.okstate.edu/programs-and-admissions/early-admission) is to aid pre-veterinary students with strong academic ability and guide them in their pursuit of a veterinary medical career. The Early Admission Program strives to provide direction, mentorship, and provisional admission for students with superior academic achievement and interpersonal skills that are well-suited to the missions of the veterinary profession. The application opens August 1st to freshman enrolled in the fall in an Oklahoma Institution which confers bachelor's degrees. Eligible applicants must have recently graduated high school by the end of the spring semester prior to August 1st.

Scholarships

The College has a variety of scholarships available to currently enrolled veterinary medical students. The scholarship application portal opens at the end of the fall semester.

Selection Factors

The Admissions Committee seeks to admit students with excellent records of academic achievement, in addition to backgrounds that help predict potential success in a variety of veterinary medical careers. The College of Veterinary Medicine typically admits 106 students annually, of which 69 are Oklahoma residents and 37 are out-of-state.

In selecting applicants for admission, the Admissions Committee will consider both quantitative (grade point averages) and qualitative factors (veterinary experience, background, personal statement, and letters of recommendation).

The CVM requires a minimum of three letters of recommendation, one of which must come from a veterinarian. Strong applications will include

letters of recommendation from individuals who have had recent working or mentorship experiences with the applicant.

An out-of-state applicant's qualitative score is based on their application materials evaluated by members of the Admissions Committee. An in-state applicant's qualitative score is also based on their application materials in addition to a personal interview conducted by members of the Admissions Committee. Interviews are administered to in-state applicants by invitation only and not automatically granted. Personal interviews are not available for out-of-state applicants.

College Curriculum

The Oklahoma State University College of Veterinary Medicine offers a rigorous, hands-on curriculum (https://catalog.okstate.edu/college-veterinary-medicine/degree-programs/veterinary-medicine-dvm/) designed to prepare students for the wide-ranging and evolving demands of the veterinary profession. Spanning four years, the program integrates foundational biomedical sciences with clinical training, emphasizing all common domestic species, especially companion, equine, and food animal medicine. From day one, students are immersed in real-world learning experiences through state-of-the-art facilities, clinical skills labs, and extensive exposure to primary care, specialty services, and rural veterinary practice. The curriculum also fosters critical thinking, ethical decision-making, and professional development to equip graduates for careers in private practice, public health, research, industry, and beyond. Through its comprehensive approach and commitment to excellence, the college ensures that graduates are not only clinically proficient but also compassionate, collaborative, and ready to serve both animals and society.

Graduate Program

Comparative Biomedical Sciences

Jefferson Frisbee, PhD, FAHA, FAPS—Interim Associate Dean for Research and Graduate Education

The comparative biomedical sciences (CBSC) graduate program is a multidisciplinary program intended to provide students with a broad base of research areas to address individual student interests. The program is administered within the College of Veterinary Medicine but may involve faculty from other colleges. Programs of research and study leading to the degrees of Master of Science and Doctor of Philosophy are available within the broad areas of focus: infectious diseases, pathobiology, and physiological sciences. The program is designed to prepare individuals for careers in teaching and research, and specialization is possible within each area dependent upon student and faculty interests and available funding.

Current areas of research focus include molecular, cell and developmental biology, clinical sciences (including laser applications and oncology); infectious and parasitic diseases (including vector-borne diseases, bacterial and viral diseases in wild and domestic animals); pathobiology; and toxicology. Faculty and their specific areas of interest are available through the graduate coordinator (cbsc@okstate.edu (vbsc@okstate.edu)) or online at https://vetmed.okstate.edu/students/comparative-biomedical-sciences/index.html (https://vetmed.okstate.edu/students/comparative-biomedical-sciences/).

Prerequisites

Candidates for admission must possess a bachelor's degree or equivalent, with a background in biological or physical sciences. Although there are no absolute performance level requirements, applicants with GPAs of 3.0 (out of 4.0) or greater, will receive the strongest consideration.

The Master of Science Degree

The MS may be earned with 30 credit hours beyond a bachelor's degree or 21 hours beyond the DVM degree, including not more than six credit hours for the thesis. The plan of study is designed to meet the student's needs and interests and typically includes two credits of seminar, one course in statistics, and courses in molecular or cell biology and pathophysiology. The student must also pass a final oral examination covering the thesis and related course work.

The Doctor of Philosophy Degree

The PhD requires a minimum of 60 credit hours beyond the bachelor's degree or DVM degree, including up to 45 credit hours for research and dissertation. The plan of study is designed to meet the student's needs and interests and typically includes courses in cell and molecular biology, pathophysiology, statistics, and seminar. Written and oral qualifying examinations are required. Students must prepare a research proposal and complete and defend a dissertation based on original research.

Application Procedure

Applications are made to the Graduate College (http://gradcollege.okstate.edu/apply) and are accepted at any time; however, all documents should be received before March 15th for admission to the fall semester and August 15th for admission to the spring semester. Applicants are required to submit transcripts of all college-level work. International applicants are required to take an English proficiency exam, unless a student completed a baccalaureate or graduate degree from an accredited institution of higher learning at which English is the primary language of instruction, located in a country in which English is a recognized primary language. For students seeking graduate teaching assistantships, a score of 22 or greater on the speaking part of the internet-based TOEFL (ibT) or 7.0 on the speaking portion of the IELTS is required. In addition, the applicant will submit a statement of purpose stating their preparation for graduate study as well as how earning a graduate degree will further their educational and career goals and will have three persons knowledgeable of their preparation for graduate study write and submit letters of reference.

Information about faculty research interests is available upon request to the graduate coordinator (cbsc@okstate.edu (vbsc@okstate.edu)). After acceptance to the graduate program, students select a major professor and an advisory committee and develop a plan of study consistent with the CBSC graduate program requirements and subject to the approval of the dean of the Graduate College.

Assistantships

A limited number of graduate teaching and research assistantships are available.

Internship and Residency Programs

Internships and residency programs in clinical medicine and surgery are offered through the Department of Veterinary Clinical Sciences.

Residency programs in pathology are offered through the Department of Veterinary Pathobiology.

Veterinary Clinical Sciences

*Kelly Black, DVM, DACVPM—Hospital Director and Interim VCS Department Head

The Department of Veterinary Clinical Sciences (VCS) is one of three academic departments at the CVM. The Veterinary Clinical Sciences faculty are an integral part of the Boren Veterinary Medical Teaching Hospital. The faculty train veterinary students through didactic teaching and hands-on clinical training and provide the highest quality of care to clients and patients. In addition to training veterinary students, there are several residents and interns in various sections of the hospital who are guided by the VCS faculty.

Visit the Veterinary Medical Teaching Hospital webpage (https://cvhs.okstate.edu/veterinary-medical-hospital/) to learn more about the faculty and staff and the services they provide.

Internship and Residency Programs

The VCS department offers graduate professional programs (internships and residencies). Internships are one-year post-DVM clinical training programs.

Internships are designed in part to prepare DVM graduates for residencies or graduate academic programs. Currently, internships are offered in mixed animal rotating, equine internal medicine and surgery rotating, small animal emergency and critical care, small animal internal medicine, equine surgery & sports medicine, food animal medicine & surgery, shelter medicine and surgery, ophthalmology, theriogenology, and avian, exotics, and zoological medicine.

Residencies are three-year clinical programs in various disciplines designed in part to prepare for specialty board certification. Currently, residencies are offered in equine internal medicine, equine surgery, food animal medicine and surgery, ophthalmology, theriogenology, and avian, exotics, and zoological medicine.

Graduate academic programs may be available in association with residencies.

Application Procedure

Most open positions are listed in the Veterinary Internship/Residency Matching Program at www.virmp.org (https://www.virmp.org/) and applications are submitted through the VIRMP. Some programs may be offered outside the match.

Faculty

Regents Professor and Endowed Chairs: Kenneth Bartels, DVM, MS, and Cohn Family Chair for Animal Care (emeritus); *Ana Costa, DVM, PhD, DACVIM (SAIM) and Tracy Kyle Chair; *Lyndi Gilliam, DVM, PhD, DACVIM (LAIM) and Jack and June Jacobs Chair; G. Reed Holyoak, DVM, PhD, DACT, Regent's Professor and Bullock Professor; *Michael D. Lorenz, DVM, DACVIM, and Regents Service Professor (emeritus); *Amanda Samuels, VMD, PhD, DACVIM (LAIM) and McCasland Clinical Professorship; *Michael J. Schoonover, DVM, MS, DACVS, DACVCMR and Ricks-Rapp Professorship; *Lara Sypniewski, DVM, DABVP, and Henthorne Clinical Professorship; *J.T. Walker, DVM, MS, DACVS-SA and Cohn Family Chair

Professors: *Joseph Alexander, DVM, DACVS (President, CIED) (emeritus); *Kenneth Bartels, DVM, MS (emeritus); *Melanie Boileau, DVM, MS, DACVIM (LAIM); *Lionel J. Dawson, BVSc, MS, DACT; *Lyndi Gilliam, DVM, PhD, DACVIM (LAIM); *Margi A. Gilmour, DVM, MS, DACVO (emeritus); *G. Reed Holyoak, DVM, PhD, DACT; *John P. Hoover, DVM, MS, DACVIM, DABVP (emeritus); *Charles G. MacAllister, DVM, DACVIM (emeritus); *Mark Neer, DVM, DACVIM (emeritus); *Carlos Risco, DVM, DACT (emeritus); *Michael J. Schoonover, DVM, MS, DACVS-LA, DACVSMR; *Richard Shawley, DVM, MS, DACVA (emeritus)

Associate Professors: *Robert J. Bahr, DVM, DACVR (emeritus); *Mary H. Bowles, DVM, DACVIM (emeritus); *John Kirkpatrick, DVM, DABVP (emeritus); Carolynn T. MacAllister, DVM (emeritus); *Gregor L. Morgan, MVSc, PhD, DACT (emeritus); *Megan Williams, DVM, DACVS-LA

Assistant Professors: Gianluca Bini, DVM, MRCVS, DACVAA; Rosslyn Biggs, DVM; Giovana Catandi, DVM, PhD, DACT; Andreza Conti Patara, DVM, MS, PhD, DACVECC; Myriam Jimenez, DVM, MS, PhD; *Dale Kelley, DVM, MS, PhD, DACT; *Shari Kennedy, DVM, DACVIM-LIAM

Clinical Professors: *John Gilliam, DVM, MS, DAVBP (bovine), DACVIM (LAIM); *Marjorie Gross, DVM, MS, DACVA (emeritus); *Robert Streeter, DVM, MS, DACVIM (emeritus); *Lara A. Sypniewski, DVM, DABVP

Clinical Associate Professors: *Ana Costa, DVM, PhD, DACVIM (SAIM); *Paul DeMars, DVM, DABVP; *Marco Lopes, DVM, PhD, DACVS-LA; Katrina Meinkoth, DVM (emeritus); Sarah Peakheart, DVM; *J.T. Walker, DVM, DACVS-SA; *Chase Whitfield, DVM, MS, DACVS-LA

Clinical Assistant Professors: Jason Anton, DVM; David Bailey, DVM; *Kelli Beavers, DVM, DAVBP (equine), DACT; *Kelly Black, DVM, DACVPM; Katie Cantrell, DVM; Daniel Christensen, DVM; Brandy L. Close, PhD, MEd; *Emilia Terradas Crespo, LV, MS, DACVECC; Leandro Fadel, DVM, MSc; Leticia Fanucchi, DVM, PhD; Taylor Farris, DVM; Katharine Hausmann Farris; DVM; Alexis Jennings, DVM; *Dana Liska, DVM, DACVD; Marco Magliacano, DVM, MRCVS; *A.J. Manship, DVM, DACVIM (LAIM); *Emily McCool, DVM, MS, DACVO; *Julianne McCready, DVM, DVSc, DACZM; M. Blake Murray, DVM; Franciele Panato Back, MV; Marcelo Rodrigues de Oliveira, MV; Brandon M. Raczkoski, PhD; Melissa Raymond, DVM; *Amanda Samuels, VMD, PhD, DACVIM (LAIM); Isabelle Soga, DVM; *Kelsey Walker, DVM, MS, CVA, DACVIM (LAIM); Jenny Wyrick, DVM

Teaching Associate Professors: Stephanie Frisbee, PhD

Teaching Assistant Professors: *Allison Biddick, DVM, MS, DACVECC; *Nancy Henslee, DVM; Kaitlin Mielnicki, DVM

Adjunct Associate Professors: *Drew Hanzlicek, DVM, DACVIM (SAIM); *Cheryl Lopate, DVM, MS, DACT

Adjunct Assistant Professors: *Kay Backues, DVM, DACZM; Derek Burney, DVM; *Brent Hague, DVM, DACVS; Gretchin Cole, DVM

Adjunct Clinical Instructors: Kyle Abbott, DVM; Chad Baumwart, DVM; Corynn Cackler, DVM; Laura Embry, DVM; Mika Ford, DVM; Ashley French, DVM; Beverly Fritzler, DVM; Kathy Graf, DVM; *Tiffany Granone, DVM, DACVAA; Mark Higgins, DVM; David Hille, DVM; Steven Hodges, DVM; Tracei Holder, DVM; Ron Hooley, DVM; Mike Jones, DVM; Lauren Lamb, DVM; Joseph Landers, DVM; Aimee Lenz, DVM; Kevin Long, DVM; Troy McNamara, DVM; Jarrod Roach, DVM; Angie Semple DVM; Mark Shackelford, DVM; Kerry Shafer-Ray, DVM; Andrew Willis, DVM

Lecturers: David Wallace, DVM; *Elizabeth Soler, DVM, DACVO

Residents: Larissa Boruk, DVM, Equine Internal Medicine (2026-2029); Alondra Crespo-Rivera, DVM, Food Animal Internal Medicine (2026-2029); Greta Doden, DVM, Zoological Medicine (2024-2027); Amber Hampton, DVM, Theriogenology (2024-2027); Barbara da Silva Andrade, BA, Theriogenology (2025-2028); Martin Garces, DVM, Theriogenology (2025-2028); Chiara Morelli, DVM, Equine Internal Medicine (2025-2028); Santiago Rodriguez, MV, Equine Surgery (2026-2029); Sarah Winkler, DVM, Equine Surgery (2025-2028)

Interns: Cassidy Brunson, DVM, Small Animal ER; Daneeya Guthrie, DVM, Ophthalmology; Usman Khalid, DVM, Equine Medicine and Surgery; Anna Perreand, DVM, Equine Medicine and Surgery, DVM; Kristine Powell, DVM, Mixed Animal Rotating; Margaret Prichett, DVM, Zoological Medicine;

Stephanie Sila, DVM, Zoological Medicine; Jamie Smith, DVM, Mixed Animal Rotating

***Board Certification in Specialty Area**

Veterinary Pathobiology

Theresa E. Rizzi, DVM, DACVP—Clinical Professor and Department Head

The Department of Veterinary Pathobiology conducts advanced research, education and diagnostic services in areas such as bacteriology, mycology, virology, immunology, parasitology, pathology, epidemiology and public health. The department houses the National Center for Veterinary Parasitology and is the academic home of the Director and faculty of the Oklahoma Animal Disease Diagnostic Laboratory. Faculty members participate in research funded by organizations such as the NIH, USDA, and other government agencies, and private industry, focusing on infectious diseases affecting both animals and humans. In addition to research, the department is dedicated to educating future veterinarians, veterinary specialists, and scientists while contributing to the scientific community through publications and presentations at national and international platforms.

Residency Programs

Residency Coordinators: Dr. Valerie McElliott, Anatomic Pathology, and Dr. James H. Meinkoth, Clinical Pathology

The Department of Veterinary Pathology offers residency programs in both anatomic and clinical veterinary pathology. Applicants must hold a DVM or an equivalent degree. Each residency program is three years in length, with the option for residents to enter a PhD program. These programs are intended for individuals interested in diagnostic veterinary pathology and in pursuing board certification through the American College of Veterinary Pathologists. Residency training takes place through the Veterinary Medical Teaching Hospital and the Oklahoma Animal Disease Diagnostic Laboratory.

The program emphasizes extensive diagnostic casework, primarily involving domestic animals, and includes weekly case conferences and seminars. Residents also have access to abundant archival materials that support preparation for specialty board examinations. The program typically includes three anatomic pathology residents and three clinical pathology residents. Information about open residency positions can be found on the American College of Veterinary Pathologist website: (https://www.acvp.org/).

Comparative Biomedical Science Graduate Program

The Comparative Biomedical Sciences Graduate Program in the Oklahoma State University College of Veterinary Medicine offers a multidisciplinary graduate education designed to support diverse student interest in animal and human health research. The program provides both MS and PhD degree options and builds on the college's strong foundation in veterinary medical training to advance animal health and biomedical research. Its mission includes developing a nationally recognized program that contributes to improvements in quality of the life worldwide. Research opportunities are available in several focus areas, including clinical sciences, infectious disease and parasitology, physiology, and stem cell biology. https://vetmed.okstate.edu/programs-and-admissions/cbsc-graduate-program

Faculty

Regents Professors and Endowed Chairs: Clinton J. Jones, PhD, Regents Professor and Sitlington Endowed Chair

Professors: *James H. Meinkoth, DVM, PhD, DACVP; *Akhilesh Ramachandran, BVSc & AH, PhD, DACV; *Jared Taylor, DVM, MPH, PhD, DACVIM, DACVPM; *Jeremiah Saliki, DVM, PhD, DACVM
Clinical Professor: *Theresa Rizzi, DVM, DACVP
Associate Professors: *Fernando Vicosa Bauermann, DVM, PhD, and Sitlington Endowed Chair in Veterinary Medicine; Rudragouda Channappanavar, DVM, MVSc, PhD; *Sunil More BVSc, MVSc, PhD, DACVP; Tom Oomens, PhD; *Jennifer Rudd, DVM, PhD, DACVM; Joy Scaria, PhD, Associate Professor and Sitlington Endowed Chair in Infectious Disease; *Ruth Scimeca, VMD, MSc, PhD, DACVM-P and Krull-Ewing Professorship; *Lindsay Starkey, DVM, PhD, DACVM-P
Clinical Associate Professor: *Susan E. Fielder, DVM, MS, DACVP; *Justin Greenlee, DVM, PhD, DACVP; *Valerie McElliott, DVM, PhD, DACVP; *Brianne Taylor, DVM, MS, DACVP
Assistant Professors: *Sarah Capik, DVM, PhD, DACVPM-E; *Kathryn Duncan, DVM, PHD, DACVM-P; Kelly Harrison, PhD; Mayara Maggioli, DVM, PhD; *Daniel Barrantes Murillo, DVM, MS, PhD, DACVP; Jeff Ostler, PhD
Clinical Assistant Professor: *Clare Brown, DVM, DACVP; Sushim Gupta, PhD
Assistant Research Professor: Fouad Elmayet, PhD
Residents: Hailey Furman, DVM; Estelle Lua, DVM; Cassie McDonald, DVM; Sarah Myers, DVM; Amber Petoney, DVM; Amy Webb, DVM; Erin Willis, DVM, PhD
Graduate Teaching Associates: Patil Basavaraju, BVSc; Lariane de Silva Barcelso, PhD; Blaine Bennett, MS; Rachana Bhusal, PhD; Gouray Biswas, PhD; Ryan Carson, DVM/PhD; Amal Cheemadan, PhD; Roshan Ghimire, PhD; Tanim Islam, PhD; Kaushalya Jayathilake, PhD; Paige Johnson, DVM/PhD; Neeraja Mano, PhD; Jeeviya Murugesan, BVSc, PhD; Sarah Myers, PhD/Resident; Mary Neff, DVM/PhD; Ndode Herman Okah-Nnane, PhD; Sai Mounica Pabbineedi, PhD; Ainslie Reynolds, DVM/MS; Hafez Sadeghi, PhD; Danya Sankaranarayanan, PhD; Rakshya Shrestha, PhD; Rachel Smith, PhD; Vishnu Thyil Valappil, PhD; Binta Varghese, PhD; Cody Whitley, PhD

***Board Certification in Specialty Area**

Physiological Sciences

Jefferson Frisbee, Ph.D. FAHA, FAPS—Department Head

The Department of Physiological Sciences at Oklahoma State University contributes substantially to the teaching, research and service components of the College of Veterinary Medicine.

The department currently has 18 tenure/tenure-track, one adjunct and four research track faculty members, three postdoctoral fellows and approximately 30 graduate students.

Teaching responsibilities within the department include the areas of veterinary morphology, physiology, pharmacology and toxicology, providing professional coursework leading to the DVM degree and graduate coursework leading to the Masters and Doctor of Philosophy degrees. Departmental faculty have a wide range of research interests including neurotoxicology, lung biology, enzymology of drug metabolism, exercise physiology, reproductive physiology, therapeutics, comparative aging, and cardiovascular physiology. Extramural funding in support of research from agencies including NIH, DoD, USDA, American Cancer Society and others totals over $2 million annually.

Faculty

Professor, Department Head: Jefferson Frisbee, PhD, FAHA, FAPS
Regents Professors: Lin Liu, BS, PhD (Lundberg-Kienlen Professor of Biomedical Research)
Professors: Natarajan Aravindan, MS, MPhil, PhD, CCA; *Martin Furr, DVM, Diplomate ACVIM, PhD; *Veronique Lacombe, DVM, PhD, Diplomate ACVIM, Diplomate ECEIM; *Lara K. Maxwell, DVM, PhD; David W. Ussery, PhD
Associate Professors: Jill Akkerman, DVM, PhD; Joshua Butcher, MS, PhD; Henrique Cheng, DVM, MS, PhD; Myron Hinsdale, DVM, PhD; Sudhakar Jha, PS, MS, PhD; Madhan Subramanian, BVSc, PhD
Assistant Professors: Xufang Deng, BS, MS, PhD; Neeraj Singh, BVSc, MVSc, PhD
Teaching Associate Professor: *Deon van der Merwe, BVSc, MSc, PhD, ERT
Teaching Assistant Professor: Girish Patil, PhD
Research Associate Professor: Chaoqun Huang, MD, PhD
Research Assistant Professors: Yurong Liang, BS, PhD; Danny Maples, PhD; Kishore Vaddadi, PhD
Emeriti Faculty: Guangping Chen, MS, PhD; Nicholas L. Cross, PhD; *Michael S. Davis, DVM, MS, PhD; James W. Lish, MS, PhD; Jerry R. Malayer, PhD; Joseph P. McCann, PhD; Sandra E. Morgan, MS, DVM; Charlotte L. Ownby, MS, PhD; Carey N. Pope, PhD (Sitlington Chair in Toxicology); Larry E. Stein, PhD; Alastair G. Watson, BVSc, PhD
Post-Doctoral Fellows: Benny Borin, PhD; Ranabir Majumder, PhD; Loganayaki Periyasamy, PhD
Graduate Research Associates: Kainat Ahmed, PhD; Momtaz Bukharid, PhD; Landon Butler, PhD; Karen Chhetri, PhD; Xiang Chi, PhD; Ashwath Keshav Giri, PhD; Mozafar Hajijafarianaraki, PhD; Nazmul Haque, PhD; Afsana Parveen Jahir Hussain, PhD; Tasnim Islam, PhD; Prince Jhandai, PhD; Xueying Liang, PhD; Anna Claire McMullen, PhD; Sreenidhi Mohanvelu, PhD; Dharanya Muthiah, PhD; Paven Nagdev, PhD; Diani Nanayakkara, PhD; Sivasubramani Narayanan, PhD; Madha Oli Ramamurthy, PhD; Sabir Salim, PhD; Keerthana Santhosh, PhD; Md Samun Sarker, PhD; Komal Shoaib, MS; Yashaswi Raj Subedi, PhD; Poorvi Subramanian, PhD; Akshaya Surendran, PhD; Elizabeth Varghese, PhD; UdayKiran Venugopal, PhD; Qianru Zhang, PhD

Staff: Colin Kokenes, BS; Christopher H. Pivinski, BS; Jessica Schultz, BS, MS; Aake Vaestermark, PhD; Kerrie Williams, AS

VCS 7632	Small Animal Emergency and Critical Care	2
VCS 7662	Large Animal Emergency and Critical Care	2
VCS 7912	Grand Rounds	2

Based on clinician availability, certain courses may not be offered, and the program may substitute electives as needed.

Total Hours	**30**

ELECTIVE ROTATIONS

Code	Title	Hours
Select 10 rotations from the following:		
VCS 7000	Clinical Sciences Elective	
VCS 7092	Equine Medicine Elective	
VCS 7062	Small Animal Primary Care Elective	
VCS 7102	Equine Medicine Clerkship	
VCS 7112	Equine Performance Medicine Elective	
VCS 7122	Equine Surgery and Sports Medicine Elective	
VCS 7182	Externship V	
VCS 7192	Externship VI	
VCS 7202	Field Services and Production Medicine Elective	
VCS 7212	Field Services and Production Medicine Clerkship	
VCS 7232	Food Animal Medicine and Surgery Elective	
VCS 7242	Food Animal Medicine and Surgery Clerkship	
VCS 7252	Hospital Based Theriogenology Elective	
VCS 7272	Small Animal Emergency and Critical Care Elective	
VCS 7292	Bovine Theriogenology Elective	
VCS 7302	Equine Theriogenology Elective	
VCS 7312	Large Animal Theriogenology Elective I	
VCS 7322	Large Animal Theriogenology Elective II	
VCS 7352	Ophthalmology Elective	
VCS 7402	Small Animal Internal Medicine Elective	
VCS 7452	Ultrasound Elective	
VCS 7472	Zoological Medicine Elective I	
VCS 7482	Zoological Medicine Elective II	
VCS 7492	Applied Canine Exercise Physiology Elective	
VCS 7502	Small Animal Internal Medicine Clerkship	
VCS 7532	Applied Diagnostic Medicine Elective	
VCS 7542	Small Animal Emergency and Critical Care Clerkship	
VCS 7552	Public Health Practice for Veterinarians I	
VCS 7562	Public Health Practice for Veterinarians II	
VCS 7582	Externship VII	
VCS 7592	Behavior Medicine Elective	
VCS 7602	Dermatology Elective	
VCS 7642	Small Animal General Medicine Clerkship	
VCS 7652	Small Animal General Surgery and Dentistry Clerkship	
VCS 7672	Dermatology Externship	
VCS 7682	Equine Ambulatory Elective	
VCS 7692	International Externship	
VCS 7702	Neurology Elective	
Or additional approved VCS Courses		
Hours Subtotal		**20**
Total Hours		**20**

Program meets all the educational requirements for eligibility for DVM licensure in all 50 states.

For additional requirements, please refer to the College of Veterinary Medicine page (p. 3415) in the Catalog.

Master of Public Health (MPH) 716
Master's Degree Programs 3212
Materials, Mechatronics and Manufacturing Engineering 2464
Materials Sci & Engineering (MSE) 719
Materials Science and Engineering, MEN 3346
Materials Science and Engineering, MS 3347
Materials Science and Engineering, PhD 3099
Mathematics 1558
Mathematics, BA 1578
Mathematics, BS 1581
Mathematics, GCRT 3188
Mathematics (MATH) 723
Mathematics (MATH), Minor 1577
Mathematics, MS 3350
Mathematics, PhD 3101
Mathematics: Actuarial Science and Financial Mathematics, BS 1584
Mathematics: Applied Mathematics, BS 1587
Mathematics: Data Science, BS 1591
Mathematics: Pre-Law, BS 1594
Mathematics: Pre-Medical Sciences, BS 1597
Mathematics: Secondary Teacher Certification, BS 1600
Meat Science, UCRT 2637
Mechanical & Aerospace Eng (MAE) 740
Mechanical and Aerospace Engineering 2490
Mechanical and Aerospace Engineering, MEN 3353
Mechanical and Aerospace Engineering, MS 3354
Mechanical and Aerospace Engineering, PhD 3102
Mechanical and Aerospace Engineering: Unmanned Aerial Systems, MS 3355
Mechanical and Aerospace Engineering: Unmanned Aerial Systems, PhD 3103
Mechanical Engineering, BSME 2512
Mechanical Engineering Tech (MET) 757
Mechanical Engineering Technology, BSET 2482
Mechanical Engineering: Fire Protection Systems, BSME 2514
Mechanical Engineering: Petroleum, BSME 2516
Mechanical Engineering: Pre-Medical, BSME 2518
Mechatronic Engineering Technology for EET Students (EETM), Minor 2484
Mechatronic Engineering Technology for MET Students (METM), Minor 2485
Mechatronics and Robotics, BS 2486
Mechatronics and Robotics, BSET 2488
Mechatronics and Robotics (MERO) 761
Media and Strategic Communications 1603
Medical Education, GCRT 3189
Medical Sciences, GCRT 3190
Medical Sciences, MS 3356
Medicinal Chemistry, BS 1207
Microbiology and Molecular Genetics 1655
Microbiology, BS 1668
Microbiology, Cell and Molecular Biology, MS 3358
Microbiology, Cell and Molecular Biology, PhD 3104
Microbiology (MICR) 764
Microbiology (MICR), Minor 1667
Microbiology: Medical Laboratory Science, BS 1671
Microbiology: Pre-Medical/Pre-Dental, BS 1674
Microbiology: Pre-Veterinary, BS 1678
Middle East Studies (MES), Minor 1691

Middle Level Education: Mathematics Education, BS 2297
Middle Level Education: Science Education, BS 2299
Military Science 1681
Military Science (MLSC) 774
Military Science (MLSC), Minor 1683
Minors 1684
Multidisciplinary Studies 1693
Multimedia Journalism, BA 1621
Multimedia Journalism, BS 1625
Multimedia Journalism (MMJ) 776
Museum and Curatorial Studies, GCRT 3191
Music 1712
Music, BA 1747
Music Composition and Theory (MUCT), Minor 1738
Music Education: Instrumental/Vocal Certification, BM 1739
Music Industry, BS 1744
Music Industry (MSIN) 801
Music (MUSI) 779
Music (MUSI), Minor 1737
Music: Applied Music, MM 3359
Music: Conducting, MM 3360
Music: Jazz Performance, BM 1750
Music: Multiple Woodwinds, MM 3361
Music: Music Composition, BA 1753
Music: Performance, BM 1756
Musical Theatre, BFA 2002

N

Natural Resource Ecology & Management (NREM) 802
Natural Resource Ecology & Management: Fisheries & Aquatic Ecology, BSAG 2755
Natural Resource Ecology & Management: Forest Ecology & Management, BSAG 2757
Natural Resource Ecology & Management: Rangeland Ecology & Management, BSAG 2759
Natural Resource Ecology & Management: Wildlife Biology & Preveterinary Science, BSAG 2762
Natural Resource Ecology & Management: Wildlife Ecology & Management, BSAG 2765
Natural Resource Ecology and Management 2740
Natural Resource Ecology and Management, MS 3362
Natural Resource Ecology and Management (NREM), Minor 2768
Natural Resource Ecology and Management, PhD 3105
Natural Resource Ecology and Management: Fisheries and Aquatic Ecology, MS 3363
Natural Resource Ecology and Management: Fisheries and Aquatic Ecology, PhD 3106
Natural Resource Ecology and Management: Forest Resources, MS .. 3364
Natural Resource Ecology and Management: Forest Resources, PhD . 3107
Natural Resource Ecology and Management: Rangeland Ecology and Management, MS 3365
Natural Resource Ecology and Management: Rangeland Ecology and Management, PhD 3108
Natural Resource Ecology and Management: Wildlife Ecology and Management, MS 3366
Natural Resource Ecology and Management: Wildlife Ecology and Management, PhD 3109
Neuroscience, GCRT 3192
Neuroscience (NEUR), Minor 1883
Non-Profit Management, GCRT 3193
Nuclear Engineering (NENG), Minor 2339
Nursing, BSN 2145
Nursing Leadership, GCRT 3194
Nursing (NURS) 813
Nursing: RN to BSN, BS 2147
Nutritional Sciences 2089
Nutritional Sciences (NSCI) 817
Nutritional Sciences (NSCI), Minor 2103
Nutritional Sciences, PhD 3110
Nutritional Sciences: Allied Health, BS 2104
Nutritional Sciences: Dietetics, BS 2107
Nutritional Sciences: Dietetics Practice, MS 3367
Nutritional Sciences: Dietetics Research, MS 3368
Nutritional Sciences: Human Nutrition/Pre-Medical Sciences, BS 2110
Nutritional Sciences: Nutrition, MS 3370
Nutritional Sciences: Public Health Nutrition, BS 2113

O

Oceanography (OCEN), Minor 1430
Office of Educator Support 2117
Online Teaching, GCRT 3195
Opportunity Orange Scholars (OOS) 828
Organizational Leadership, BPS 3413
Organizational Leadership (ORGL) 831

P

Peace, Conflict, and Security Studies, MA 3372
Personal Wealth Management and Financial Advising, UCRT 2852
Pest Management (PEST), Minor 2690
Pest Management, UCRT 2691
Petroleum Engineering, MS 3373

Petroleum Engineering (PETE) ... 832
Petroleum Engineering (PETE), Minor ... 2362
Petroleum Engineering, PhD ... 3112
Philosophy ... 1760
Philosophy, BA ... 1781
Philosophy, MA ... 3374
Philosophy (PHIL) ... 835
Philosophy (PHIL), Minor ... 1780
Philosophy: Ethics and Business Essentials, BA ... 1784
Philosophy: Ethics and Public Policy, BA ... 1787
Philosophy: Pre-Law, BA ... 1790
Philosophy: Pre-Ministry, BA ... 1792
Physician Assistant (PA) ... 846
Physician Assistant Studies, MS ... 3375
Physics ... 1798
Physics, BS ... 1810
Physics, MS ... 3376
Physics, PhD ... 3113
Physics (PHYS) ... 851
Physics (PHYS), Minor ... 1809
Physics: Applied Physics, BS ... 1813
Physics: Optics and Photonics, MS ... 3377
Physics: Secondary Teacher Certification, BS ... 1815
Physiological Sciences ... 3421
Physiology, BS ... 1133
Physiology: Pre-Medical Sciences, BS ... 1136
Plant and Soil Sciences ... 2771
Plant and Soil Sciences, MS ... 3379
Plant and Soil Sciences: Agronomic Business, BSAG ... 2784
Plant and Soil Sciences: Crop Production and Management, BSAG ... 2786
Plant and Soil Sciences: Plant Biotechnology and Improvement, BSAG ... 2788
Plant and Soil Sciences: Soil and Water Resources, BSAG ... 2790
Plant Biology, BS ... 1140
Plant Biology, MS ... 3380
Plant Biology (PBIO) ... 860
Plant Biology, PhD ... 3114
Plant Biology (PLB), Minor ... 1139
Plant Biology: Cell Biology and Molecular Genetics, BS ... 1143
Plant Biology: Ecology and Evolutionary Biology, BS ... 1146
Plant Biology: Pre-Forensics, BS ... 1149
Plant Biology: Pre-Law Environmental Policy, BS ... 1152
Plant Biology: Pre-Pharmacy, BS ... 1155
Plant Pathology, PhD ... 3115
Plant Pathology (PLP) ... 865
Plant Science (PLNT) ... 866
Political Science ... 1819
Political Science, BA ... 1837
Political Science, BS ... 1840
Political Science (POLS) ... 872
Political Science (POLS), Minor ... 1835
Political Science: Campaigns and Lobbying, BA ... 1843
Political Science: Campaigns and Lobbying, BS ... 1846
Political Science: Global Politics, BA ... 1849
Political Science: Global Politics, BS ... 1852
Political Science: Pre-Law, BA ... 1855
Political Science: Pre-Law, BS ... 1858
Political Science: Public Policy, BA ... 1861
Political Science: Public Policy, BS ... 1864
Politics and Policy Studies, MA ... 3381
Post-Baccalaureate in Dietetics, UCRT ... 2116
Pre-Art Therapy (PART), Minor ... 1098
Pre-Counseling (PCOU), Minor ... 2149
Pre-Medical Sciences, UCRT ... 1180
Pre-Nursing, UCRT ... 2150
Product Development for Apparel, UCRT ... 2042
Professional Chinese (PRCH), Minor ... 1545
Professional Spanish, UCRT ... 1546
Professional Writing (PRWR), Minor ... 1320
Program Evaluation, GCRT ... 3196
Property and Real Estate Management, UCRT ... 2869
Psychological Sciences: Clinical, PhD ... 3116
