International students are required to meet academic performance standards which are equivalent to those established for all domestic applicants; however, freshman students educated outside the United States are not required to participate in the ACT or SAT. Participation in such tests for students educated outside the U.S. is only necessary for students wishing to qualify for certain scholarship opportunities. (See "Undergraduate Admissions" for the academic performance standards.)

Application Procedure

For purposes of admission, an international student is defined as "a student who is, or will be, in the United States on a non-immigrant student visa." This specifically refers to the Student (F) and Exchange Visitor (J) visas.

When to Apply. Applications for international students are processed on a "rolling basis" just as domestic applicants; however, students are encouraged to submit materials by the following dates to ensure adequate time for their VISA interview process (out of country) or SEVIS transfer (in-country):

- Summer term: March 1st for out of country applicants / May 1st for students already in-country
- Fall term: June 1st for out of country applicants / July 1st for students already in-country
- Spring term: November 1st for out of country applicants / December 1st for students already in-country

How to Apply. Students can apply online via the Undergraduate Admissions website. OSU requires a non-refundable application fee of \$90 USD, which can be paid online with the application.

Freshman. For the purpose of determining admission, a freshman student is one who has earned no more than six hours of college-level credit after graduation from high school (Higher Secondary). (This excludes credits earned concurrently with high school enrollment and credit earned by examination.)

Transfer. For the purpose of determining admission, a transfer student is one who has earned seven or more semester hours of college-level credit from an accredited U.S. college or university or a recognized post-secondary level institution located outside of the U.S. after graduation from high school (Higher Secondary).

A student who has previously attended OSU, but was not enrolled during the immediate past semester (except the summer session), must submit an updated Application for Admission/Scholarship and a current application fee. A student who has enrolled in another college or university since last attending OSU must submit a transcript from each institution, an updated Application for Admission/Scholarship

Transfer Admission Standards.

In evaluating college-level credit for coursework completed outside of the U.S., OSU requires that the institution where the credit was earned and the program of study be recognized as tertiary level through the standards set by the country where the institution is located. OSU evaluates semester credit hours and grades earned based on U.S. equivalency standards.

1. Students who have earned between 7-23 hours of college credit must satisfy both freshman admission requirements and achieve a minimum transfer GPA of 2.25 or higher in all college-level coursework attempted.
2. Students who have earned 24-59 hours of college credit must achieve a minimum transfer GPA of 2.25 or higher in all college-level coursework attempted.
3. Students who have earned 60 or more hours of college credit must achieve a minimum transfer GPA of 2.00 or higher in all college-level coursework attempted.

Students who don't meet transfer admission requirements but feel their past academic performance is not indicative of their ability to succeed in college can submit a petition for admission on probation.

Questions related to SEVIS, other visa types, or individual immigration status issues should be sent to international@okstate.edu.

Orientation Information. All international students are required to attend and complete the ISS Immigration and New Student Orientation sessions prior to enrollment. Orientation will include such topics as academic information, immigration regulations, housing, food, Stillwater community, transportation, banking practices, health care and American customs.
