History of Oklahoma State University

In the latter half of the 1800s, Vermont congressman Justin Smith Morrill saw a need for a new model for higher education. President Abraham Lincoln agreed, signing the Land-Grant College Act of 1862 or the “Morrill Act,” establishing land-grant universities. These institutions ushered in an era of higher education aimed at lifting an entirely new class of citizens toward the American Dream.

From this foundation, the story of Oklahoma State University began on Christmas Eve, 1890, at the McKennon Opera House in Oklahoma’s territorial capital of Guthrie when Territorial Gov. George W. Steele signed legislation establishing an Oklahoma Agricultural and Mechanical College in Payne County. OAMC’s first students assembled for class on Dec. 14, 1891, even though there weren’t any buildings, books or curriculum. The college’s first students attended classes in the Stillwater Congregational Church. The original campus consisted of 200 acres of prairie donated by four local homesteaders. The college’s first six graduates received their diplomas in 1896.

OSU grew rapidly following World War II. The post-war years were marked by an enrollment surge and the “Veteran’s Village” on the northwest edge of campus. The mid-1940s were a golden era for athletics at OAMC. Coaches and players from that era are sports legends. Coach Henry Iba set a national standard in basketball and Edward Gallagher took OAMC wrestling teams to international prominence.

By the 1950s, the college had grown substantially. In 1957, OAMC became The Oklahoma State University for Agriculture and Applied Science. During the next three decades, OSU built academic programs to match its new status. OSU eventually became a statewide university system, adding branches in Okmulgee in 1946 and Oklahoma City in 1961. OSU merged with the Oklahoma College of Osteopathic Medicine in 1988 to create the OSU Center for Health Sciences, and OSU-Tulsa was born in 1999. In 2023, OSU saw 21,219 undergraduate students enrolled for the fall semester, a record-setting first-time freshman class (4,686 students) and highest ever enrollment on the Stillwater campus (25,174). With total OSU System enrollment eclipsing 34,000 students, OSU remains the largest university system in the state.

Visitors to the campus often marvel at its beauty and architecture. Much of the credit goes to legendary president Henry G. Bennett, who served from 1928-51. Dr. Bennett’s 25-year campus master plan envisioned the Edmon Low Library and the OSU Student Union. During his tenure, OSU President Burns Hargis guided unprecedented construction that made OSU more competitive in academics and athletics. In October 2019, OSU opened The McKnight Center for the Performing Arts with a performance from the New York Philharmonic. The Greenwood School of Music connects to the McKnight Center and opened in fall 2021. Construction is underway on New Frontiers Agricultural Hall, a new teaching, research and Extension facility for OSU Agriculture.

OSU alumna Kayse Shrum was named the 19th president of Oklahoma State University and took over the role on July 1, 2021. She previously served as president and dean of OSU-CHS. Dr. Shrum is the first woman to lead the university, and since she has taken office, Shrum has led university-level institutes that are interdisciplinary, integrated and agile including the Hamm Institute for American Energy at OSU; the Oklahoma Aerospace Institute for Research and Education; the Counter-UAS Center for Excellence — a partnership aimed at strengthening national defense — and the Human Performance and Nutrition Research Institute. She also launched a far-reaching and deliberate plan for the future of OSU. The strategy was revealed in October 2022, with a goal for OSU to be the preeminent land-grant university. It includes measurable and audacious goals, designed to meet the needs of students, parents and Oklahoma’s workforce.

In 2023, The Innovation Foundation at Oklahoma State University was created, focusing on advancing and maximizing new discoveries, commercialization, technology transfers and partnerships to fuel OSU’s land-grant mission to serve all of Oklahoma and beyond. The foundation released a vision plan for a 678-acre collaborative research park in southwest Stillwater, that will be adjacent to the OSU Student Farm, a 2023 initiative that allows students to gain hands-on expertise in land cultivation, crop growth and innovative approaches to overcoming challenges in produce distribution. In its inaugural year, the OSU Student Farm produced more than 54,000 pounds of fruits and vegetables for Oklahomans facing food insecurity.

Today, OSU has 35,000 students across five campuses and a presence in every Oklahoma county through its Extension offices and experiment stations. From six graduates in 1896, to 5,000 annually today, the small college on the prairie has prospered far beyond the dreams of its founders. Rooted in our land-grant tradition and united by the Cowboy Code, OSU’s teaching, research, Extension and graduates are making a bigger impact on the lives of people around the world than ever before. It’s a great time to be a Cowboy!

MESSAGE FROM THE PRESIDENT

Class of 2024,

Well done!

You have made it to graduation day! Your journey at Oklahoma State University has been fueled by a relentless drive and determination, and the entire Cowboy family celebrates you and your success.

The class of 2024 graduates in The Year of the Cowboy at OSU. Throughout your time here, you demonstrated the spirit and resilience of the original Pistol Pete, Frank Eaton, and now join more than 230,000 alumni who honor his legacy every day.

You are connected to those who have gone before you through a shared history, experience and a mission to make a positive difference in the world and turn every obstacle into an opportunity. Your experiences at OSU have shaped you into a problem-solver ready to turn your knowledge into action.

As you begin your journey beyond our great university, always be guided by the Cowboy Code. It will help you achieve great things, and you will never be afraid of a challenge. And always remember to dream big. If your dreams don't scare you just a little, then you're not dreaming big enough.

I am honored to recognize you and your accomplishments at our Commencement ceremonies.

Congratulations, and Go Pokes!

Sincerely,

Dr. Kayse Shrum
President, Oklahoma State University

MESSAGE FROM THE OSU ALUMNI ASSOCIATION PRESIDENT

To the Class of 2024,

On behalf of the Oklahoma State University Alumni Association and OSU graduates around the globe, I would like to welcome you to the alumni family!

Earning your degree from OSU is a tremendous accomplishment. As the Cowboy Code says, we finish what we start. You have persevered and proven that being a Cowboy isn't in our clothes; it's in our character.

It's important to remember your time as a Cowboy is really just beginning, and that's why the Alumni Association is here. I encourage you to connect with us before leaving campus by downloading the Orange Connection app and reviewing the section for new graduates. Within the app, you can also learn about the best way to remain connected to your alma mater – membership in the Alumni Association.

We help new graduates secure employment, connect them with chapters of alumni throughout the nation and keep them informed on what's happening back at OSU in Stillwater. We also have virtual programming for alumni and fans, and we hope you'll take advantage of all of these great benefits wherever your journey takes you.

Congratulations again on this tremendous accomplishment. We look forward to serving you for many years to come.

Go Pokes!

Alma Mater Hymn of Oklahoma State University

Words by Robert McCulloh, '49

Proud and immortal, Bright shines your name;
Oklahoma State, We herald your fame.
Ever you'll find us loyal and true,
To our Alma Mater, O. S. U.

Oklahoma

Written by Oscar Hammerstein II

Music by Richard Rodgers

Oklahoma, where the wind comes sweepin' down the plain,
And the wavin' wheat can sure smell sweet
When the wind comes right behind the rain.
Oklahoma, ev'ry night my honey lamb and I
Sit alone and talk and watch a hawk makin' lazy circles in the sky
We know we belong to the land
And the land we belong to is grand!
And when we say -Yeeow! A-yip-i-o-ee-ay!
We're only sayin' You're doin' fine, Oklahoma!
Oklahoma - O.K.

UNDERGRADUATE CEREMONIES COMMENCEMENT SPEAKER

Stephanie Bice
United States Representative

Congresswoman Stephanie Bice is a fourth generation Oklahoman. She graduated from Oklahoma State University with a Bachelor of Science in Marketing. Bice worked in the private sector for more than 20 years focusing on sales, marketing and consulting services. She also started her own marketing firm and later led a boutique digital marketing agency as vice president of business development.

Bice began her public service career in 2014 where she was elected to the Oklahoma State Senate. During her tenure, she was the assistant majority floor leader and chair of the Senate Finance Committee. In 2020, she was elected to Congress to represent Oklahoma's Fifth Congressional District.

In her inaugural term, Rep. Bice was elected by her peers to serve as the Republican Freshman Class President, the first female member of Congress to ever hold that title. She currently serves as the Sophomore Class Representative to the Elected Leadership Committee and on the Appropriations Committee; the Science, Space, and Technology Committee along with the Committee on House Administration.

Bice and her husband, Geoffrey, have two daughters. One is a recent OSU alumna and another is an enrollee at OSU.

The list of spring degree candidates was prepared before final grades were reported, and inclusion herein does not constitute evidence of graduation. Final action to ensure an accurate listing of names of all persons qualified for degrees could not be compiled before this program went to print. The listing of a name in this program should not be construed as an indication that the person will in fact receive a spring degree from Oklahoma State University. Conversely, the absence of a student's name from this list does not necessarily mean the person will not be awarded a degree. Final certification of degree and academic distinction will be made by the Colleges and the Registrar after candidates have completed all degree requirements.

GRADUATION WITH DISTINCTION

The following final grade-point-average distinctions are determined at degree completion and will appear on undergraduate diplomas and transcripts:

Summa cum laude	3.90-4.00
Magna cum laude	3.80-3.89
Cum laude	3.70-3.79

Degree Abbreviations:

BA	Bachelor of Arts
BAR	Bachelor of Architecture
BEN	Bachelor of Engineering
BFA	Bachelor of Fine Arts
BLA	Bachelor of Landscape Architecture
BM	Bachelor of Music

Additional Fall 2023 Degree Recipients

OSU fall degree candidates are invited to participate in the OSU fall commencement ceremony, and their names are listed in the fall commencement book. However, because the fall commencement book goes to print shortly after November 1st, it is not possible to include candidates who apply for graduation after that date. This section recognizes these degree recipients, some of whom will participate in today's ceremony.

ACADEMIC REGALIA

The robes, hats and hoods worn by faculty members and graduates as they march into the commencement hall, and even the different colors you see on them, have historical origins and significance.

During the Middle Ages, scholars at the earliest English and European universities wore wool or fur garments to stay warm in the drafty, stone buildings that were poorly heated. Most of the scholars were also monks or priests, and as such had the hair shaved from the crowns of their heads in the distinctive clerical tonsure. Most wore cloaks that included a hood that could be pulled up to keep their heads warm. The academic gowns and hoods were adapted from both secular and clerical garments of the time, and the hood was chosen by the early scholars to indicate by color, trim or binding the degree held by the wearer.

The style of academic dress most frequently worn in the United States dates back to colonial times, although it was not formally adopted until near the end of the 19th Century, when it was chosen as appropriate attire by the Intercollegiate Commission during a meeting in New York. It has remained the general standard in America since, although some variations occur at individual institutions. In the United States, black is the traditional color for academic gowns, although some institutions allow holders of doctoral degrees to wear robes in the university's colors.

The sleeves of the robes vary, depending on the degree held by the wearer. The bachelor's robe has long, pointed sleeves. The master's robe has sleeves that are oblong and closed at the ends, with slits through which the arms may be extended. The doctoral robe has a full sleeve with a velvet facing on the front and at the neck, and three velvet bars on each sleeve. The velvet may be black or of a color that symbolizes the degree held by the wearer.

The head covering most commonly used in the United States is the square, tasseled "mortarboard." Some American universities, however, use berets, and in other countries a variety of styles of head coverings is worn with academic regalia. The tassel is usually black and is worn over the left front quarter of the mortarboard. Holders of doctoral degrees may wear gold tassels.

The hood is the most distinctive feature of American academic dress, which through color and design may indicate the wearer's degree and the institution at which that degree was earned. Hoods are lined with the colors of the institution that awards the degree, and may be faced with the color designating the degree awarded. Hoods vary in length. The bachelor's hood is about three feet long, the master's slightly longer and the doctoral version is longer still and is decorated with broad color panels.

The colors of Oklahoma State University are embodied in the lining of the hood (orange and black chevron). The colors of the hoods of faculty and guests are those of the institution conferring the degree. In addition to the academic regalia described above, some students wear cords, sashes, ribbons, and other symbols of heritage or achievement in academics, service, and leadership.

Candidates for advanced or professional degrees wear hoods symbolic of the degree. The color of the trim of the hood and the sleeve chevrons and panels of the academic gown are distinctive of the degree as follows:

<u>Degree</u>	<u>Gown</u>	<u>Hood</u>
Doctor of Philosophy	Black Velvet Panels	Blue Velvet Collar and Sleeve Chevrons
Doctor of Education	Light Blue Velvet	Light Blue Collar Panels and Sleeve Chevrons
Doctor of Osteopathic Medicine	Kelly Green Velvet	Kelly Green Velvet Collar Panels and Sleeve Chevrons
Doctor of Veterinary Medicine	Steel Gray Panels	Steel Gray Collar and Sleeve Chevrons
Master of Arts	White Collar	
Master of Science	Golden Yellow Collar
