

# DEGREE PROGRAMS

The type of degree offered in each major is listed along with the options and the college(s) in which each may be earned. For details, see appropriate department narrative. Major and option codes are included to assist in completing University forms where major and option information is required. Options are also referred to as concentrations in various areas throughout the catalog.

## Undergraduate Degree Requirements A-Z

### A

- Accounting Systems: Cyber Audit, BSBA (p. 2803)
- Accounting: External Reporting, Control, and Auditing, BSBA (p. 2806)
- Accounting: Internal Reporting, Control and Auditing, BSBA (p. 2809)
- Acting, BFA (p. 1907)
- Aerospace Administration and Operations: Aerospace Security, BS (p. 2090)
- Aerospace Administration and Operations: Aviation Management, BS (p. 2093)
- Aerospace Administration and Operations: Professional Pilot, BS (p. 2096)
- Aerospace Administration and Operations: Technical Service Management, BS (p. 2098)
- Aerospace Engineering, BSAE (p. 2368)
- Agribusiness, BSAG (p. 2444)
- Agribusiness: Accounting Double Major, BSAG (p. 2446)
- Agribusiness: Agricultural Communications Double Major, BSAG (p. 2448)
- Agribusiness: Community and Regional Analysis, BSAG (p. 2450)

**B**

- Biochemistry and Molecular Biology, BSAG (p. 2521)
- Biochemistry and Molecular Biology: Biotechnology, BSAG (p. 2523)
- Biochemistry and Molecular Biology: Pre-Medical or Pre-Veterinary Science, BSAG (p. 2525)
- Biochemistry, BS (p. 1085)
- Biology, BS (p. 1359)
- Biology: Allied Health, BS (p. 1362)
- Biology: Environmental Biology, BS (p. 1365)
- Biology: Pre-Medical Sciences, BS (p. 1368)
- Biology: Secondary Teacher Certification, BS (p. 1371)
- Biosystems Engineering: Bioprocessing & Food Processing, BSBE (p. 2537)
- Biosystems Engineering: Biosystems Engineering, BSBE (p. 2539)
- Biosystems Engineering: Environmental and Natural Resources, BSBE (p. 2541)
- Biosystems Engineering: Machine Systems & Agricultural Engineering, BSBE (p. 2543)
- Biosystems Engineering: Pre-Medical, BSBE (p. 2545)

**C**

- Chemical Engineering, BSCH (p. 2229)
- Chemical Engineering: Biomedical/Biochemical, BSCH (p. 2231)
- Chemical Engineering: Pre-Medical, BSCH (p. 2233)
- Chemistry (Approved by the American Chemical Society), BS (p. 1088)
- Chemistry, BS (p. 1091)
- Chemistry: Pre-Health, BS (p. 1094)
- Chemistry: Secondary Teacher Certification, BS (p. 1097)
- Civil Engineering, BSCV (p. 2257)
- Civil Engineering: Environmental, BSCV (p. 2259)
- Communication Sciences and Disorders, BS (p. 1111)
- Computer Engineering, BSCP (p. 2292)
- Computer Engineering: Software Engineering, BSCP (p. 2294)
- Computer Science, BS (p. 1133)
- Construction Engineering Technology: Building, BSET (p. 2266)
- Construction Engineering Technology: Heavy, BSET (p. 2268)

**D**

- Data Analytics, BSBA (p. 2778)

**E**

- Early Child Care and Development, BS (p. 1980)
- Economics, BS (p. 1148)
- Economics, BSBA (p. 2681)
- Economics: Business Economics and Quantitative Studies, BSBA (p. 2683)

### Other Requirements

- Minimum GPA 2.50 with no grade below C.
- Minimum 9 hours in residence at OSU.
- The student's plan of study must be approved by the Associate Dean for Research or designee of the student's college.
- A bachelor's degree from Oklahoma State University is required to be eligible to earn the certificate.

## University Studies, BUS

**Requirements for Students Matriculating in or before Academic Year 2024-2025.** Learn more about University Academic Regulation 3.1 (p. 976).

**Minimum Overall Grade Point Average:** 2.00

**Total Hours:** 120

### Purpose

Individualization and flexibility are features of the program leading to the degree of Bachelor of University Studies. The program is designed for goal-directed, motivated, and mature students who find that the present degree programs (majors) at the University will not enable them to attain their educational objectives. The Bachelor of University Studies degree program allows a student to use the total resources of the University available to accomplish unique educational objectives. The program may or may not prepare a student for a particular occupation or for entry into a professional school.

### Degree Requirements

1. All students who intend to present a program for the University Studies degree should be enrolled in one of the colleges of the University or the Office of University College Advising.
2. The study plan must include no fewer than 40 upper-division semester credit hours which are selected from two or more disciplines and which in their aggregate comprise a rational combination of concepts and skills.
3. The study plan must meet all general education requirements of the University and the college of enrollment.
4. A minimum of 120 semester credit hours shall be required for granting the degree.

### Procedure

Students who believe their educational objectives can best be fulfilled through a Bachelor of University Studies degree program will be responsible for complying with the following procedures:

1. Obtain the declaration of major and plan of study forms for the Bachelor of University Studies from the Director of Student Academic Services in the college that will grant the degree, University College Advising, or the Advising Center at OSU-Tulsa. This form will list the General Education requirements for the college.
2. Meet with an advisor to determine the student's educational objectives and the two or three areas of concentration.
3. Obtain approval from a departmental representative (faculty member or advisor) if the area of concentration does not represent a minor or certificate.
4. Submit the completed form to the Office of the Dean in the college of enrollment for approval. The form will be forwarded to the Office of the Provost.
5. Any necessary changes in the approved program should be requested by the student through the student's advisor and dean.
6. Fulfill the approved graduation requirements for the degree and apply for graduation before the final semester of coursework.

### Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2030.

## University Studies: Multidisciplinary Studies, BUS

**Requirements for Students Matriculating in or before Academic Year 2024-2025.** Learn more about University Academic Regulation 3.1 (p. 976).

**Minimum Overall Grade Point Average:** 2.00

**Total Hours:** 120

### Purpose

The bachelor's degree in multidisciplinary studies is a four-year degree plan for students who find that current University degree programs will not allow them to meet their educational objectives and who wish to tailor course choices to meet individual goals. The program allows students to prepare for professional careers that require extensive knowledge in a broad array of subjects. The multidisciplinary program allows students to focus on two or three areas of study that are selected by the student.

### Degree Requirements

1. The student must complete a minimum of 120 semester hours of which at least 40 hours must be upper-division.
2. The major requires two or three areas of concentration. If the student selects two areas of concentration, each area will include at least 27 hours of coursework; for three areas of concentration, each area will include at least 18 hours of coursework. Of the 54 hours of concentration, at least 27 hours must be upper-division. A course may not be used to fulfill the requirements of more than one area of concentration. The remaining coursework, to total at least 120 hours, may be selected from different disciplines.
3. Areas of concentration may include coursework from the requirements for a minor or certificate or a group of related courses approved by a departmental representative (faculty member or advisor). A study plan may use 18 hours of 'major' courses from an AA, AS or AAS degree to fulfill one of three areas of concentration. The other two areas of concentration will include at least 27 hours of upper-division coursework.
4. All students who intend to present a program for multidisciplinary studies must enroll in one of the colleges of the University (select one of the colleges responsible for an area of concentration).
5. The study plan must meet all General Education requirements of the University and the college of enrollment.
6. A multidisciplinary studies faculty advisory committee will oversee program quality and conduct an annual curriculum review.

### Area of Concentration

Code	Title	Hours
Concentration 1		27
Concentration 2		27
OR		
Concentration 1		18
Concentration 2		18
Concentration 3		18

### Procedure

Students who believe their educational objectives can best be fulfilled through a multidisciplinary studies program will be responsible for complying with the following procedures:

1. Obtain the multidisciplinary studies declaration of major and plan of study forms from the Director of Student Academic Services in the college that will grant the degree, University College Advising or the Advising Center at OSU-Tulsa. The form will list the General Education requirements for the college.
2. Meet with an advisor to determine the student's educational objectives and the two or three areas of concentration.
3. Obtain approval from a departmental representative (faculty member or advisor) if the area of concentration does not represent a minor or certificate.
4. Submit the completed form to the Office of the Dean in the college of enrollment for approval. The form will be forwarded to the Office of the Provost.
5. Any necessary changes in the approved program should be requested by the student through the student's advisor and dean.
6. Fulfill the approved graduation requirements for the degree and apply for graduation before the final semester of coursework.

### Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2030.
