History of Oklahoma State University

In the latter half of the 1800's, Vermont congressman Justin Smith Morrill saw a need for a new model for higher education. President Abraham Lincoln agreed, signing the Land-Grant College Act of 1862 or the "Morrill Act," establishing land-grant universities. These institutions ushered in an era of higher education aimed at lifting an entirely new class of citizens toward the American Dream.

From this foundation, the story of Oklahoma State University began on Christmas Eve, 1890, at the McKennon Opera House in Oklahoma's territorial capital of Guthrie when Territorial Governor George W. Steele signed legislation establishing an Oklahoma Agricultural and Mechanical College (OAMC) in Payne County. OAMC's first students assembled for class on Dec. 14, 1891, even though there weren't any buildings, books or curriculum. The college's first students attended classes in the Stillwater Congregational Church. The original campus consisted of 200 acres of prairie donated by four local homesteaders. The college's first six graduates received their diplomas in 1896.

OSU grew rapidly following World War II. The post-war years were marked by an enrollment surge and the "Veteran's Village" on the northwest edge of campus. The mid-1940s were a golden era for athletics at Oklahoma A&M. In a 90-day period in early 1945, OAMC teams won the Cotton Bowl, the NCAA championship in wrestling, and the NCAA championship in basketball. Coaches and players from that era are sports legends. Coach Henry Iba set a national standard in basketball and Edward Gallagher took OAMC wrestling teams to international prominence.

By the 1950s, the college had grown substantially. In 1957, OAMC became The Oklahoma State University for Agriculture and Applied Science. During the next three decades, OSU built academic programs to match its new status. Enrollment more than doubled from 10,385 in 1957 to more than 23,000 in the 1980s. OSU became a statewide university system, adding branches in Okmulgee in 1946 and Oklahoma City in 1961. OSU merged with the Oklahoma College of Osteopathic Medicine in 1988 to create the OSU Center for Health Sciences, and OSU-Tulsa was born in 1999. Under the leadership of Burns Hargis, OSU's 18th president, the university saw record enrollment and fundraising. OSU raised more than \$2.2 billion in private support during Hargis' 13 years as president. OSU welcomed the six largest freshmen classes in school history in 2012, 2015, 2017, 2018, 2019 and again in 2021. In 2022, multiple enrollment records were broken, including a new record for the largest freshman class.

Visitors to the campus often marvel at its beauty and architecture. Much of the credit goes to legendary president, Henry G. Bennett, who served from 1928-1951. Dr. Bennett's 25-year campus master plan envisioned the Edmon Low Library and the OSU Student Union. During his tenure, OSU President Burns Hargis guided unprecedented construction that made OSU more competitive in academics and athletics. In October 2019, OSU opened The McKnight Center for the Performing Arts with a performance from the New York Philharmonic. The Greenwood School of Music connects to the McKnight Center and opened in fall 2021. Construction is underway on a new teaching, research and Extension facility for OSU Agriculture. The New Frontiers Agricultural Hall embodies OSU's land-grant mission and will elevate the important work completed on campus and throughout the OSU system.

OSU alumna Kayse Shrum was named the 19th president of Oklahoma State University and took over the role on July 1, 2021. She previously served as president and dean of the OSU Center for Health Sciences. Dr. Shrum is the first woman to lead the university, and since she has taken office, Shrum has spearheaded university-level institutes that are interdisciplinary, integrated and agile including the Hamm Institute for American Energy at Oklahoma State University; the Oklahoma Aerospace Institute for Research and Education; and the Counter-UAS Center for Excellence, a partnership aimed at strengthening national defense. She also launched a far-reaching and deliberate plan for the future of OSU. The strategy was revealed in October 2022, with a goal for OSU to be THE preeminent land-grant university. It includes measurable and audacious goals, designed to meet the needs of students, parents and Oklahoma's workforce.

Today, OSU has 35,000 students across five campuses and a presence in every Oklahoma county through its Extension offices and experiment stations. From six graduates in 1896, to 5,000 annually today, the small college on the prairie has prospered far beyond the dreams of its founders. Rooted in our lang-grant tradition and united by the Cowboy Code, OSU's teaching, research, Extension and graduates are making a bigger impact on the lives of people around the world than ever before. It's a great time to be a Cowboy!

MESSAGE FROM THE PRESIDENT

Class of 2022,

Congratulations on your accomplishment! I know the road has been long to reach this point in your academic career, and it traversed some of the most unusual and challenging times in university history.

From the entire OSU community – faculty, staff, alumni and donors – we are proud of you for persevering. You have dreamed big, overcome challenges and raised the bar. As we celebrate this milestone with each of you, we also celebrate your integrity. The Cowboy Code calls us to do what's right, even when it's hard. You've done that, and we know you will continue to embody the values and spirit of Oklahoma State University.

OSU graduates have been leaving their mark on the world for well over a century in every discipline. From engineering to medicine, from the sciences to the humanities and more, OSU alumni make the world a better place. I cannot wait to see what you accomplish in the years to come.

We are delighted to recognize you and your accomplishments at our commencement ceremonies. After the ceremony closes, keep the momentum. Set goals, make plans and continue to dream big. One step at a time, march toward your next goal. We will continue to celebrate you, our fellow Cowboys, and your accomplishments.

Congratulations, and Go Pokes!

Sincerely,

MESSAGE FROM THE OSU ALUMNI ASSOCIATION PRESIDENT

To the Class of 2022,

On behalf of the Oklahoma State University Alumni Association and OSU graduates around the globe, I would like to welcome you to the alumni family!

Earning your degree from OSU is something to be extremely proud of under normal circumstances, but as you're well aware, the past few years have been anything but normal. As the Cowboy Code says, we finish what we start. You have persevered and proven that being a Cowboy isn't in our clothes; it's in our character.

It's important to remember your time as a Cowboy is really just beginning, and that's why the Alumni Association is here. I encourage you to connect with us before leaving campus by downloading the Orange Connection app and reviewing the section for new graduates. Within the app, you can also learn about the best way to remain connected to your alma mater – membership in the Alumni Association.

We help new graduates secure employment, connect them with chapters of alumni throughout the nation and keep them informed on what's happening back at OSU in Stillwater. We also have virtual programming for alumni and fans, and we hope you'll take advantage of all of these great benefits wherever your journey takes you.

Congratulations again on this tremendous accomplishment. We look forward to serving you for many years to come.

Go Pokes!

Oklahoma

Written by Oscar Hammerstein II

Music by Richard Rodgers

Oklahoma, where the wind comes sweepin' down the plain,
And the wavin' wheat can sure smell sweet
When the wind comes right behind the rain.
Oklahoma, ev'ry night my honey lamb and I
Sit alone and talk and watch a hawk makin' lazy circles in the sky
We know we belong to the land
And the land we belong to is grand!
And when we say -Yeeow! A-yip-i-o-ee-ay!
We're only sayin' You're doin' fine, Oklahoma!
Oklahoma - O.K.

UNDERGRADUATE CEREMONY COMMENCEMENT SPEAKER

Frank Lucas ***United States Representative***

Congressman Frank Lucas is a fifth-generation Oklahoman whose family has lived and farmed in Oklahoma for more than a century. He graduated from Oklahoma State University in 1982 with a degree in agricultural economics. As an undergraduate at OSU, he served as the chair of the College Republicans.

In 1988, Lucas was elected to the Oklahoma House of Representatives, serving three terms from 1989 to 1994. During his service to Blaine, Dewey, Ellis, Harper, Roger Mills and Woodward Counties in the Oklahoma State House, Lucas also served as the House Republican Caucus Secretary and later as the Caucus Chairman.

He was first elected to the United States House of Representatives in a special election in 1994. Lucas represents Oklahoma's Third Congressional District, which includes all or portions of 32 counties in northern and western Oklahoma, stretching from the Oklahoma Panhandle to parts of Tulsa, and from Yukon to Altus in the southwest. It takes up almost half the state's land mass and is one of the largest agricultural regions in the nation.

Since elected, Lucas has been a crusader for the American farmer. He currently serves as the ranking member on the House Committee on Science, Space and Technology, where he advocates for Oklahoma's energy, technology and aerospace industries. He's committed to ensuring that the nation harnesses American innovation; improves energy efficiency and effectiveness; supports research and basic science labs; improves access to STEM education; builds the American STEM workforce; and maintains American global leadership in space exploration.

As a senior member, and the longest serving Republican on the House Committee on Financial Services, Lucas is committed to ensuring that rural Oklahomans have access to what they need to build a business like credit and capital.

Lucas is a wheat farmer and cattle rancher, carrying on the legacy of his father. In January 2011, he made history as the first Oklahoman to be elected as Chairman of the House Committee on Agriculture.

Lucas prides himself on a common-sense approach to government, and led the committee in passing the 2014 Farm Bill which reformed food stamps and repealed or consolidated nearly 100 government programs.

Lucas and his wife, Lynda, have three children and three grandchildren. They call Cheyenne, Oklahoma, home.

HONORARY DEGREE RECIPIENT

Gene Rainbolt
Entrepreneur/Philanthropist

Beginning his banking career in 1962, Gene Rainbolt acquired the First American Bank in Purcell, Oklahoma and very soon after he purchased the Federal National Bank in Shawnee. Throughout his career, Rainbolt focused on helping struggling banks and founded Thunderbird Financial Corporation, a management service that assisted financial institutions in which invested. With plans to

build a statewide banking network, Rainbolt formed United Community Corporation in 1985 creating Oklahoma's first multi-bank holding company. Twelve banks merged under a single charter, and BancFirst was eventually founded in 1989. BancFirst continues to prosper and is the largest state-chartered bank in Oklahoma where Rainbolt serves as Chairman Emeritus and son, David, serves as the Chief Executive Officer.

Throughout his career, Rainbolt witnessed multi-generational economic hardship and became an advocate of education to bring change and opportunity. He has provided support for faculty and students in a variety of areas at Oklahoma State University, including the Spears School of Business, the Division of Agricultural Sciences and Natural Resources and the Wes Watkins Center for International Trade and Development. He has supported scholarships for students interested in the banking industry, and has supported endowed faculty positions, including his investment in the agricultural finance program in Agricultural Economics. Additionally, the Rainbolt Chair of Agricultural Finance has supported Extension programs for Oklahoma's farmers, ranchers and agribusinesses to ensure sustainable financial success and financial well-being in rural communities. Activities have also provided teaching and research to the state's producers and agribusiness, including lending institutions and other community institutions that support agricultural enterprises.

Rainbolt has provided community support for a variety of areas within Oklahoma including serving on the Board of Governors for the Communities Foundation of Oklahoma; serving as the Founding Chairman of Calm Waters; serving on the Leadership Council for the Charles and Peggy Stephenson Oklahoma Cancer Center; previously serving as a Trustee for the OU Foundation; Chairman of the Oklahoma Arts Institute; Director on the board of the Oklahoma City Philharmonic; President of the Oklahoma Bankers Association; Director on the Oklahoma Medical Research Foundation Board; Advisory Director for Habitat for Humanity and Director of Leadership Oklahoma.

Gene Rainbolt holds an economics undergraduate degree and a masters' degree in finance from the University of Oklahoma, and served in the U.S. Army during the Korean War.

The list of fall degree candidates was prepared before final grades were reported, and inclusion herein does not constitute evidence of graduation. Final action to ensure an accurate listing of names of all persons qualified for degrees could not be compiled before this program went to print. The listing of a name in this program should not be construed as an indication that the person will in fact receive a fall degree from Oklahoma State University. Conversely, the absence of a student's name from this list does not necessarily mean the person will not be awarded a degree. Final certification of degree and academic distinction will be made by the Colleges and the Registrar after candidates have completed all degree requirements.

GRADUATION WITH DISTINCTION

The following final grade-point-average distinctions are determined at degree completion and will appear on undergraduate diplomas and transcripts:

Summa cum laude	3.90-4.00
Magna cum laude	3.80-3.89
Cum laude	3.70-3.79

Degree Abbreviations:

Additional Spring 2022 Degree Recipients

OSU spring and summer degree candidates are invited to participate in the OSU spring commencement ceremony, and their names are listed in the spring commencement book. However, because the spring commencement book goes to print shortly after April 1, it is not possible to include candidates who apply for graduation after that date. This section recognizes these degree recipients, some of whom will participate in today's ceremony.

ACADEMIC REGALIA

The robes, hats and hoods worn by faculty members and graduates as they march into the commencement hall, and even the different colors you see on them, have historical origins and significance.

During the Middle Ages, scholars at the earliest English and European universities wore wool or fur garments to stay warm in the drafty, stone buildings that were poorly heated. Most of the scholars were also monks or priests, and as such had the hair shaved from the crowns of their heads in the distinctive clerical tonsure. Most wore cloaks that included a hood that could be pulled up to keep their heads warm. The academic gowns and hoods were adapted from both secular and clerical garments of the time, and the hood was chosen by the early scholars to indicate by color, trim or binding the degree held by the wearer.

The style of academic dress most frequently worn in the United States dates back to colonial times, although it was not formally adopted until near the end of the 19th Century, when it was chosen as appropriate attire by the Intercollegiate Commission during a meeting in New York. It has remained the general standard in America since, although some variations occur at individual institutions. In the United States, black is the traditional color for academic gowns, although some institutions allow holders of doctoral degrees to wear robes in the university's colors.

The sleeves of the robes vary, depending on the degree held by the wearer. The bachelor's robe has long, pointed sleeves. The master's robe has sleeves that are oblong and closed at the ends, with slits through which the arms may be extended. The doctoral robe has a full sleeve with a velvet facing on the front and at the neck, and three velvet bars on each sleeve. The velvet may be black or of a color that symbolizes the degree held by the wearer.

The head covering most commonly used in the United States is the square, tasseled "mortarboard." Some American universities, however, use berets, and in other countries a variety of styles of head coverings is worn with academic regalia. The tassel is usually black and is worn over the left front quarter of the mortarboard. Holders of doctoral degrees may wear gold tassels.

The hood is the most distinctive feature of American academic dress, which through color and design may indicate the wearer's degree and the institution at which that degree was earned. Hoods are lined with the colors of the institution that awards the degree, and may be faced with the color designating the degree awarded. Hoods vary in length. The bachelor's hood is about three feet long, the master's slightly longer and the doctoral version is longer still and is decorated with broad color panels.

Candidates for advanced or professional degrees wear hoods symbolic of the degree. The color of the trim of the hood and the sleeve chevrons and panels of the academic gown are distinctive of the degree as follows:

<u>Degree:</u>	<u>Gown:</u>	<u>Hood:</u>
Doctor of Philosophy	Black Velvet Panels	Blue Velvet Collar and Sleeve Chevrons
Doctor of Education	Light Blue Velvet	Light Blue Collar Panels and Sleeve Chevrons
Doctor of Osteopathic Medicine	Kelly Green Velvet	Kelly Green Velvet Collar Panels and Sleeve Chevrons
Doctor of Veterinary Medicine	Steel Gray Panels	Steel Gray Collar and Sleeve Chevrons
Master of Arts	White Collar	
Master of Science	Golden Yellow Collar	

The colors of Oklahoma State University are embodied in the lining of the hood (orange and black chevron). The colors of the hoods of faculty and guests are those of the institution conferring the degree. In addition to the academic regalia described above, some students wear cords, sashes, ribbons, and other symbols of heritage or achievement in academics, service, and leadership.
