Fall 2024 Final Exam Schedule

How to read this chart:
- Each block contains a regular semester class day/time (Ex: MWF 9:30).
- Locate the time of your regular class within the blocks, then refer to the left edge and top edge of the chart (in orange) to determine when your final exam will be held. For example, if your course meets regularly on MWF at 8:30am, your final will be Monday, December 9 from 8:00-9:50am.
- Exceptions: Some courses have common final exams, which means all sections of a given course take the final at the same time, regardless of when your section is regularly held. For example, all PHYS 1114 sections take the final on Tuesday, December 10 from 12:00-1:50pm.

Fall 2024 final exam guidance for blended/hybrid courses: Instructors of blended/hybrid courses where only a portion of the class fits in the assigned classroom may consider online final exams or alternate final assessments. It is also possible to request a larger classroom to accommodate in-person finals using the Pre-Finals/Week Schedule Request form. The Registrar’s office processes finals week classroom requests after final exams have been added to the class schedule (mid-semester) on a first-come, first-served basis. Changes to final exam days/times are discouraged to avoid student final exam conflicts.

**Exam Legend /Additional Exam Information:**
* Early Evening Exams – Classes that begin after 4:00pm and before 6:00pm.
** Night Exams – Classes that begin at or after 6:00pm.
Exam Locations – With the exception of common finals, the location of the final exam is the regular meeting place of the class.
Saturday Classes – Exams for classes meeting on Saturday will be held on the Saturday morning at the end of finals week (time determined by instructor).

Final exam schedule is subject to change (check [https://registrar.okstate.edu/class_schedule_short_courses/exams.html](https://registrar.okstate.edu/class_schedule_short_courses/exams.html) close to final exam week for updates).

**Updated March 21, 2024**
