

## Spring 2020 Final Exam/Assessment Schedule – Updated April 10, 2020

### How to read this chart:

- Each block contains a regular semester class day/time (Ex: MWF 9:30).
- Locate the time of your regular class within the blocks, then refer to the left edge of the chart (in orange) to determine the date of your final exam or assessment. For example, if your class meets regularly on MWF at 9:30am, your final will be Monday, May 4.
- Exceptions: Some courses have common finals, which means all sections of a given course take the final on the same day, regardless of when your section is regularly held. For example, all CHEM 1215 sections take the final on Thursday, May 7.

**Spring 2020 Final Exam/Assessment Information:** If your instructor has scheduled an online exam, it should be available by 6:00 AM Central Standard Time on the designated final exam day and remain open for 24 hours. If your instructor has scheduled another final assessment, such as a presentation, those are due to the instructor no later than 11:59 PM Central Standard Time of the designated final exam day.
